

Goodnight 181

Chapter 181: The black business car

The navigation system connected to the suburbs of Jiang city.

"Your men were focused on investigating the overseas transfer, but I found something very interesting!"

Lin Hanxing placed one hand on the car window, his eyes full of meaning.

" On the day the private detective was cremated, there was a black business car following closely behind. "

After getting the CCTV footage from the funeral parlor, Lin Hanxing was even more certain that there was something wrong with the black business car.

" Before leaving the funeral parlor, the private detective's wife put a sealed kraft paper bag in the car. That night, in the early hours of the morning, the large sum of foreign money was transferred to her account! "

Lin Hanxing's hand tapped rhythmically on the car window.

"My men found this car tonight."

It was the location of the red dot on the phone.

What she was more curious about now was what was in the sealed kraft paper bag.

It was almost one o'clock in the morning. Lei Xiao followed the navigation silently, but the closer they got to their destination, the more subtle his expression became.

Due to the development of the city, Jiang city was no longer as different as the suburbs.

Although it was far from the city center, it was not a big problem since every household had a car.

Moreover, some rich people just happened to like the fresh air in the suburbs far from the city.

Therefore, the housing industry in the suburbs had been booming in recent years.

A few of the Lei group's mid-to high-end real estate buildings were built here.

"You know this place?"

They were only five minutes away from the destination shown on the navigation system, but Lin Hanxing could clearly feel the aura of the man beside him getting weaker and weaker.

Based on her understanding of Lei Xiao, the only possibility was that he knew the location of the car.

"Yes." The Thunder valiant beast's deep voice was mixed with anger.

Lin Hanxing looked out of the window. Rows of villas stood quietly in the night. It was obvious that this was a high-end community.

But ...

It was already past one o'clock at night, so why was there still such loud music?

Rock music accompanied by cheers made Lin Hanxing mistakenly think that it was a Carnival.

A "ding" sound came from his phone. He had arrived at his destination and the navigation was over.

Lin Hanxing looked at the brightly lit two-story villa in front of him in silence. In the courtyard, the black business car that he had seen on the surveillance camera of the funeral parlor was parked there quietly.

"Where is this place?" She tilted her head and looked at Lei Xiao.

Lei Xiao didn't say anything, he just took out his Bluetooth access key and pressed it.

The carved iron door that was originally closed automatically opened from the inside.

Lin Hanxing did not say anything.

"This is the real estate I gave to my mother two years ago."

After Lei Xiao parked the car in the courtyard, he unbuckled his seat belt and got out of the car. Seeing his posture, Lin Hanxing also quickly got out of the car.

He had to stop the Thunder valiant beast before he could do anything!

"Are you sure you want to go in like this?"

Lin Hanxing reached out and held his wrist. The soft palm made the fierceness in Lei min's eyes fade.

Lin Hanxing was thinking about something else.

Even if the owner of this black business car had no direct relationship with the private detective's death, he must have had an indirect relationship with it. But at this moment, it was parked in the real estate that Lei Xiao had given to Auntie ...

She had a bad feeling in her heart, she believed that even if she didn't say it, Lei Xiao would understand.

Perhaps it was because of this that he had lost his cool for a moment.

"Whose name is written on this property ownership certificate?"

Lin Hanxing's voice was calm, but he was observing his surroundings from the corner of his eye.

"My dad." Lei min was expressionless.

In the past few years, Zhong Yifu's behavior of taking advantage of him had become more and more excessive. He was aware of it, but he chose to remain silent for the sake of his mother. However, he was not unprepared most of the time ...

Chapter 182 earrings

When Lin Hanxing heard that Lei kangnian's name was on the property ownership certificate, he immediately laughed.

After confirming this, Lin Hanxing had no more worries.

She had always lived presumptuously and did not put anyone in her eyes.

there's an open window over there. Let's go in later!

Lin Hanxing pointed at the wide open window not far away, signaling Lei Xiao with his eyes.

However, before she climbed through the window, she had something important to do.

He reached out to take off the earrings on his ears, and his fingers moved nimbly in front of Thunder valiant.

Soon, when the earring reappeared in Lei Xiao's sight, it had completely changed!

The decorative diamond was removed by Lin Hanxing, revealing a sharp tip that gleamed coldly.

This was not the first time Lei Xiao had seen Lin Hanxing wear this set of earrings, but he did not expect there to be a hidden meaning behind it.

"You're always full of surprises."

The night breeze was slightly cold, blowing the hair by Lin Hanxing's ear. Lei Xiao reached out to help her tuck it behind her ear.

The dim street lights seemed to give her a layer of soft light, making her porcelain-white face look even more transparent.

"One must always be on guard against unknown dangers."

Lin Hanxing would never reveal all of her secrets to others, but when she was facing Lei Xiao, for some reason, she felt very at ease.

Besides Lei Xiao's car, there were four other cars in the yard.

Lin Hanxing walked over unhurriedly and deflated the four wheels of each car one by one.

After making sure that every tire was completely deflated, she tied her long hair up with a black hair tie and inserted the modified earrings into her hair. With broken diamonds as decorations, no one could see any traces of danger at all.

"Let's go!" After Lin Hanxing finished speaking, he nimbly climbed through the window and entered the house.

Thanks to the rock-and-roll wails and howls coming from the living room, she didn't have to worry about the crisp sound of her heels hitting the ground.

He turned around and looked at Lei Xiao, who was still standing outside, urging him with his eyes.

She knew how skilled he was, and this height was nothing to him.

Lei Xiao's gaze fell on Lin Hanxing's face.

What appeared in his mind was the fair and slender waist that was exposed when she climbed through the window and entered the room.

With one hand on the window, Lei Xiao smoothly entered the room. His movements were so handsome that Lin Hanxing could not help but raise his eyebrows.

There was a strange smell in the room.

It wasn't just tobacco and alcohol, but also alcohol. Numbing.

The sound of rock-and-roll music was deafening. Lin Hanxing followed beside Lei Xiao, and neither of them deliberately concealed the sound of their footsteps.

The floor was stained with something, and it was sticky when he stepped on it with his shoes.

Lin Hanxing felt a little disgusted. He subconsciously glanced at Lei Xiao and his mood immediately became better.

Because Thunder owl's expression was even uglier than hers.

After living with Lei Xiao for a few days, it was enough for Lin Hanxing to see the extent of his love for cleanliness.

By the time they returned, he would probably be unable to escape the fate of being thrown away.

After passing through the long corridor, the situation in the living room was quickly reflected in Lin Hanxing and Lei Xiao's eyes. A few young men with dyed hair were lying haphazardly on the European-style leather sofa. The original appearance of the coffee table could no longer be seen, and tin foil needles were casually thrown on it.

Lin Hanxing tugged at Lei Chen's sleeve, indicating that the three on the left belonged to him and the four on the right belonged to him.

A few of them were obviously high from the drugs and had lost their vigilance. They didn't resist at all when someone approached them and just laughed foolishly.

Lei Xiao's movements were ruthless and precise, and Lin Hanxing was not inferior to him.

The two of them had really seen blood on their hands, so it was really easy for them to deal with these few young men.

"Here, for you."

Lin Hanxing threw the transparent tape that he had just taken at Lei Xiao.

As for his subordinates, their hands and feet were already tightly bound!

Chapter 183: Shouting until her throat was sore

Who was the owner of the black business car outside?

Lin Hanxing took out his phone, typed out the words and showed it to the few who were awake.

Lei min's face was expressionless as he reached out and pulled the tape, sealing everyone's mouth tightly. His cold and deep eyes swept across everyone, and even if they wanted to resist, they were stunned by his aura!

Yingluo, you'd better think clearly before you answer, because this is related to whether you will feel pain next!

Lei Xiao carried one in each hand and gathered them all on the sofa.

Lin Hanxing, on the other hand, looked calm and lazy. Her slender fingers were still holding her phone as she scanned everyone.

These young men looked like they wanted to cry but had no tears. However, it was obvious that they were still afraid of something, and their eyes were wandering uneasily.

"Hehe!" Lin Hanxing sneered.

She was not afraid of stubborn people!

There were many green glass beer bottles beside the coffee table.

Lin Hanxing picked up two of them, one for himself and the other for Lei Xiao.

With a loud bang, Lin Hanxing did not even give the group of young men a chance to react as she smashed the bottle of wine in her hand onto the head of the person closest to her. In an instant, the glass shattered all over the ground.

Lei Xiao looked at her, his thin lips curved into a sexy smile.

Without even looking at anything else, he mimicked her and threw the beer bottle in his hand at her!

The two men who had been hit in the head fell limply to the ground, Scarlet blood slowly dripping from their foreheads.

The others were instantly dumbfounded by this scene.

They never thought that these two people would kill each other just because of a disagreement!

Has ran ran thought it through? Not to mention that none of you will be able to escape today!

Lin Hanxing typed slowly, then paused in front of everyone for a while.

It was enough for them to see clearly!

Suddenly, the few of them started to struggle violently, and their taped mouths started to make muffled sounds.

Even if you scream your lungs out, no one will come to save you!

Lin Hanxing leaned against Lei Xiao's side, bent one leg and used the tip of his shoe to kick a few people's knees.

The young men were on the verge of tears.

He didn't expect such a pretty little girl to be so cruel!

Didn't she find those words very familiar?

It was all the bad stuff on TV. Was it appropriate for her to use words that teased innocent girls on them?

wuwuwu ... after reading Lin Hanxing's words on the screen, one of the men who struggled the most stomped his foot as if to attract Lin Hanxing's attention.

Lin Hanxing pointed at him, and the latter immediately signaled to the second floor with his eyes.

If he used too much force, it would look like he had gone crazy.

Lin Hanxing nudged Lei Xiao with his shoulder and raised his chin towards the second floor.

Lei Xiao's deep eyes darkened. The smell in the air, the sticky feeling under his feet, and the mess on the coffee table had already made his face extremely ugly, and even worse at this time.

He was extremely cold when he wasn't smiling, and the bloody smell on his body couldn't be concealed.

Lin Hanxing and Lei Xiao walked towards the second floor.

The second floor was much cleaner than the first floor, but the smell was just as bad. There were still leftover takeaway boxes scattered in the corner. Lin Hanxing felt like he had nowhere to go. No matter where he went, there was only one word in his heart!

Dirty!

Suddenly, the Thunder valiant beast stopped.

Lin Hanxing followed his line of sight and saw clothes scattered all over the wooden floor.

There were both men and women.

Even inside. He even had clothes.

However, these clothes were all heading towards the same door.

Obviously, that was where their answer for tonight was!

Chapter 184: know your limits

Lin Hanxing raised an eyebrow.

Lei Xiao's sharp and deep eyes seemed to be immersed in a cold pool, his expression cold and serious.

He quickly arrived at the door.

The rock music downstairs made Lei Xiao and Lin Hanxing not have to bother hiding their footsteps.

The door was pushed open from the outside.

The strong smell of the aftermath was nauseating.

The lights were off in the large room, and she could only vaguely see three naked people lying on the big bed.

She was sleeping soundly. The man snored continuously and did not know that someone had entered.

Lin Hanxing stood by the bed silently like a ghost.

With lightning speed, she stretched out her hand and twisted the necks of the two women ...

With two cracking sounds, the other party fainted.

Lin Hanxing looked at Lei Xiao, who was standing at the head of the bed. His hand was currently fiddling with the switch of the bedside lamp.

The dark yellow light flickered, but it was enough to make out the face of the man lying on the bed.

"F * ck, who ..."

Perhaps he was shocked by the bedside lamp that was turned on and off, the man cursed with sleepy eyes.

However, when he really saw the face of the person standing at the head of the bed, his originally scolding mouth instantly trembled violently.

How could the man not recognize this face?

More importantly, why would he be here?

At this moment, Lei Xiao's brows were filled with coldness and killing intent. There was no expression on his noble face, just like a bloodthirsty King!

Lin Hanxing, on the other hand, walked lazily to the door.

With a snap, the crystal lamp hanging from the ceiling lit up the entire room!

The man pulled over the thin blanket to cover his lower body in a sorry state, his entire body shaking like a quail in Lei Xiao's line of sight.

"Wait for me outside."

Ever since they entered the room, Thunder valiant beast, who had been silent the entire time, finally spoke.

It was only in front of Lin Hanxing that his voice sounded a little human.

"Be careful of your actions, don't kill him."

Lin Hanxing smiled, the two dimples at the corner of his mouth were dazzling.

It was obvious that Lei Xiao recognized the person on the bed, and this person was the owner of the black business car.

Lin Hanxing turned around and left the room.

As he closed the door, a violent scream came from inside the room.

However, the sound was hidden in the rock music and could not be heard clearly.

Lin Hanxing walked down the stairs slowly.

The young man who was tied up by the tape struggled violently, his eyes full of fear.

He watched as she walked up to the 3D surround sound system and stopped the deafening music.

For a moment, a shrill scream came from the second floor and rang in everyone's ears.

"Don't be afraid, he knows what he's doing. He won't kill anyone!"

The young men who heard this couldn't help but shiver in fear. Why were they even more afraid?

Among all the people, only Blondie, who was standing near the door of the villa, kept rolling his eyes.

Clearly, he had other thoughts.

Lin Hanxing saw this but did not say anything.

However, in between the screams upstairs, he turned around and looked at the antique blue and white porcelain vase with a casual expression.

Taking advantage of this time, Blondie broke free from the wide tape that bound his hands and jumped up, running towards the villa's door as if he was escaping.

Just as his hand was about to reach the door handle and the Blondie's face was filled with joy, a dagger with a cold glint suddenly pierced through the side of his face as if it had eyes and pierced through the villa's door!

The room was silent. The young man who was still tied up widened his eyes.

The woman didn't even turn her head. By the time they realized it, the knife had already flown away!

"If you want to live, then come back obediently."

Lin Hanxing's bone-chilling voice was heard. He turned his head and looked at Blondie who was sitting on the floor.

His face had been cut by a dagger and was bleeding.

At this time, the sound of a door opening came from the second floor ...

Chapter 185:

A sense of danger filled the air.

When Lei min appeared at the top of the stairs with an expressionless face, the first thing anyone would see was the person he was dragging with one hand.

Thump thump ... Thump thump ...

With every step he took, the unconscious person moved up and down the stairs like a puppet.

It made a dull sound.

If witnessing this scene in the middle of the night was enough to scare half of one's life away ...

Then the cold and oppressive feeling exuded from the Thunder valiant beast's body directly made people breathe!

The young men's eyes widened one by one. Was this what the woman had just said about having a sense of propriety?

Lei Xiao casually threw that person into the crowd. The blood on the back of his hand had already dried and turned black.

"Who is this person?"

"A distant nephew of Zhong Yifu's husband."

Because of Zhong Yifu's relationship with the Lei family, her husband was able to achieve great things.

All these years, all of his relatives had come to Jiang city to settle down.

Now that he knew the man's identity, Lin Hanxing could understand how Lei Xiao's face had instantly darkened when he saw the man.

However, the driver of the black business car was actually a distant cousin of uncle Lei Xiao?

This answer was really thought-provoking!

As for the thing in the sealed kraft paper bag ...

Lin Hanxing's eyes swept across the row of people in front of him as he thought about it. Other than those who had fainted, the latter were all trembling.

Suddenly, Lin Hanxing took out his phone.

He made a call.

Hello, I want to call the police. Someone broke into a private house and caused a scene!

She spoke coldly, but it frightened the group of young men opposite her.

The two of them had beaten them up so badly, how would they dare to call the police?

They would not be able to bear the consequences!

Lin Hanxing gave the address to the operator on the other end of the phone as he pulled out the exquisite dagger from the wooden door!

After hanging up the phone, Lin Hanxing kicked Blondie.

The other party was so frightened that he quickly ran back to the sofa and squatted down with his hands on his head.

“What are you still doing? Go wash your hands and wait for the police. The Chas are coming.”

Lin Hanxing laughed and pulled the gloomy-looking Lei Xiao to the washroom.

at least we know who the black MPV’s user is. In order to not alert the enemy, we will not ask anything else for now, but ...

Lin Hanxing’s tone suddenly changed, and his eyes turned cold.

“It’s hard to guard against a thief. You gave this villa to Auntie, so it can only belong to the Lei family! Since your aunt’s hand is so long, why don’t you take this opportunity to teach her a lesson!”

Zhong Yifu was indeed too greedy!

No matter how she stole the right to use this property from her aunt, no matter how she ate it ...

Even if she couldn’t spit out everything, Lin Hanxing would skin her alive!

“So that’s why you asked whose name this property is under?”

Lei Xiao raised his head to look at her. From the moment they entered the villa, she had already planned everything.

No matter who the other party was, Hanxing could be flexible and teach them a lesson.

“It’s all thanks to them that they’re able to cause all this trouble ...”

She didn’t even need to decorate much. Anyone with eyes could understand the things on the table outside.

Suddenly, Thunder owl’s wet hand reached out to her.

Lin Hanxing did not move.

His hand went over the back of her neck and pulled Lin Hanxing into his arms.

With his chin on the top of her head, Lei Xiao slightly restrained the fierceness in his eyes when facing others, but there was an inexplicable sense of obedience!

“I won’t force you to acknowledge me, nor will I force you to stay by my side, but Hanxing, you have to know ...”

Lei Xiao’s voice was deep and drunk, causing Lin Hanxing to lose his focus for a moment.

“The seat beside me will only be reserved for you in this lifetime!”

Chapter 186 the unparalleled subject

Lin Hanxing did not say anything, his long, dark eyelashes brushed across Lei Xiao’s throat.

It caused a numbing chain reaction.

“Why did you suddenly ...”

Lin Hanxing was not used to Lei Xiao’s power and overbearing attitude.

“I’m a little touched to hear that you’re so protective of the Lei family.”

Lei Xiao held her head with one hand, his usual cold and indifferent thin lips suffused with gentleness and love.

“Didn’t you take my money and ask me to support you?”

Lin Hanxing’s gaze fell into the distance, his voice calm and gentle.

“I’m a person with a strong sense of territory, and I can’t let anyone who belongs to me touch me.”

without my permission, no one is allowed to bully anyone within my territory.

The Thunder valiant beast silently curled his thin lips.

Hanxing, I’m willing to let you monopolize the territory that belongs to you.

I’m your most loyal subject.

“I’ll give my dad a call.”

Lin Hanxing could clearly feel that his mood had improved.

“Let’s not talk about the black business car for now.”

To prevent alerting the enemy.

“I know,”

.....

At the Lei family villa.

Lei kangnian’s years of vigilance had awakened him when his phone first vibrated.

He glanced at Zhong Nanyin, who was sleeping soundly beside him, then got up, walked to the balcony, and picked up the phone.

If it was not something important, ah Xiao would not disturb his sleep at this time.

After listening to a few words, Lei kangnian’s firm and fierce aura was enough to make people feel cold.

“We’ll do as you say.”

After that, he hung up.

Lei kangnian left the bedroom quietly.

He ordered the servants on night duty to pass down the order that no one from the Zhong family, including those related to the Zhong family, was to be allowed in during this period of time.

In the past two years, Zhong Yifu had become more and more arrogant because of Yinyin. It was time for her to suffer!

.....

Police ... The police soon arrived and took them to the police station.

It was already two o'clock in the morning, but the police station was unusually lively.

Due to Lei Xiao's special status, the higher-ups had already received the news and he and Lin Hanxing were invited to a private room.

There was no expression on Lei Xiao's noble face. He looked coldly at the hoodlums squatting in a row outside.

As for the distant nephew of the SU family, he was half-dead at this time.

Lei Xiao controlled his strength very well.

It looked very serious, but in fact, there was no more serious injury other than the loss of his limbs.

Very quickly, a wave of ghostly wails and wolf howls sounded.

Lin Hanxing raised his eyebrows. He didn't expect Zhong Yifu to be dragged along by the SU family.

Obviously, she was very unwilling.

Her face without makeup was a little loose, and her high cheekbones made her look even more mean.

"Who was the busybody who called the police for trespassing? That's my house, I told him to live there!"

Zhong Yifu was filled with anger.

Anyone who was woken up by the wails of ghosts and howls of wolves in the middle of the night and then forcefully dragged out of bed to this damned place would be like this.

"Your house?"

A cold voice suddenly sounded. Zhong Yifu looked as if she had seen a ghost, and she turned to look at the source of the voice.

Lei Xiao walked out from his room alone. The ferocity between his brows was enough to make people shiver. His entire body exuded a cold aura, but Lin Hanxing, who was walking beside him, neutralized his coldness.

Why is it them again?

Zhong Yifu felt a sudden surge of anger!

However, Lin Hanxing suddenly smiled and waved at her.

That posture, no matter how one looked at it, was deliberately provocative.

"I'm sorry, I was the one who called the police!"

Lin Hanxing's smile deepened when he saw Zhong Yifu's face contorted in anger.

"Yimu, shouldn't you explain what your house is?"

Chapter 187: paying

"This is our Lei family's business, what does it have to do with you!"

Zhong Yifu glared at Lin Hanxing, her face ashen. She felt that Lin Hanxing was an eyesore.

"Our Lei family? Yimu is afraid that she has not figured out her identity?"

Lin Hanxing's smile was filled with sarcasm. So, all these years, Zhong Yifu had been treating herself as a member of the Lei family?

No wonder he was so calm when he squandered and hogged.

"I don't want to talk nonsense with you. Ah Xiao, withdraw the case!"

Perhaps it was because of her anger, but Zhong Yifu's tone when she spoke to Lei Xiao was like when she was talking to Zhong Nanyin.

Lei Xiao's gaze swept over Zhong Yifu.

Zhong Yifu's heart almost stopped beating when she saw him.

She suddenly remembered that Lei Xiao wasn't Zhong Nanyin, so he wasn't that polite to her.

ah Xiao, today's matter is just a misunderstanding. Close the case and we'll settle it privately!

When Zhong Yifu said this, her eyes wandered, and there was a sense of guilt in them.

Just as he finished speaking, someone pushed the door open and entered.

It was the head lawyer of the Lei group's legal team.

"This is the real estate certificate of this villa. This certificate confirms that I am the legal owner of this villa. I reserve the right to pursue legal responsibility."

Lei Xiao had even invited a lawyer?

One must know that the head lawyer of the Lei corporation's legal team was the number one gold-class lawyer in the country.

He had actually invited him over to discuss such a small matter? Was he crazy?

"I'll call your mom!"

Zhong Yifu was so angry that she almost fainted. She felt as if her face had been stepped on and crushed by someone!

He took out his phone with trembling hands and dialed the number, not caring what time it was.

... no matter how many times she called, she couldn't get through?

Seeing her expression, the SU family was instantly indignant!

"You said that my son would help you do things and you would give him a big house to live in ... Return my son to me!"

The old woman standing in front of them suddenly grabbed Zhong Yifu's hair!

Like a Shrew, she grabbed a large handful of them and fell to the ground, rolling around and crying!

Lin Hanxing's eyes suddenly turned cold. He narrowed his eyes and looked at Zhong Yifu, who was gasping.

what's the fuss about? don't you know This Is the Police station? "

The police officer on night duty had a headache from the noise and growled in a low voice.

"Lei Xiao can withdraw the case."

Suddenly, Lin Hanxing's cold voice interjected.

Zhong Yifu, who had never suffered such a loss since they got married, raised her head and looked at Lin Hanxing with hatred.

She could have said it earlier!

"But it depends on Yimu's attitude."

The smile on Lin Hanxing's face slowly disappeared, until he became expressionless.

I think Auntie likes this villa very much. Why don't we get the lawyer to calculate the current price and ask Auntie to buy it? "

Zhong Yifu widened her eyes. Buy it?

With a hand gesture from Lei Xiao, the lawyer actually began to seriously calculate the current price of the villa.

"The total is 37 million."

"Aunt will pay, and we'll drop the case. Isn't this a fair deal?"

When Zhong Yifu heard this, her thoughts started to run wild. It wasn't like she couldn't buy it. In the end, she could just ask the Lei family to pay for her. As she thought of this, she subconsciously wanted to speak.

"Think carefully before you answer. The Lei family won't pay for you!"

Lei Jing glanced at Zhong Yifu coldly and saw through her thoughts.

"What did you just say? Do you want me to pay for it myself?"

Zhong Yifu's eyes widened in shock. She had forgotten how many years it had been since they had not spent a single cent!

Whether it was food, clothes, or accommodation, the Lei family would settle the bill for her.

Lei Xiao's next sentence made Zhong Yifu completely lose her mind!

Chapter 188: face

"Not just today, but every day in the future."

Lei Xiao stared at Zhong Yifu with his eagle-like sharp black eyes and spoke coldly and decisively.

I've already given the order. From now on, the SU family, including Auntie, will no longer have the right to sign on and not pay for any of the stores under the Lei Corporation.

Lei Xiao's words not only made Zhong Yifu's rationality collapse, but even the SU family, who were used to enjoying life, could not accept it.

Not to mention how much Lei Jing's uncle had benefited from the Lei clan, even his relatives had learned to enjoy themselves.

Now that their backer, Jin Shan, had turned against them, who could stand it?

"Zhong Nanyin told you to do this?"

Zhong Yifu was so angry that her face was trembling. She glanced at Lin Hanxing and suddenly started to attack.

"It's definitely you, you little B * tch, who's causing trouble."

As she spoke, she pounced towards Lin Hanxing, as if she was going to scratch her face.

Lin Hanxing laughed. He was so angry that he did not dare to direct his anger at Lei Xiao. Leaking onto his own body?

Did he really think she was a pushover?

Just as Zhong Yifu was so angry that she thought she could teach Lin Hanxing a lesson ...

However, Lin Hanxing raised his eyebrows and made a feint with his feet. He quickly appeared behind Zhong Yifu.

Even the police officers who had received special training couldn't help but praise her for her beautiful skills.

Lin Hanxing reached out and pressed the back of Zhong Yifu's head against the hard table.

A loud bang was heard!

Zhong Yifu's body fell limply to the ground, and a sharp pain came from her head.

The police station was quiet.

Even the SU family, who had been making a lot of noise just now, were dumbfounded and kept quiet.

“I ... I’m going to Sue you!”

Zhong Yifu, who did not get any advantage from Lin Hanxing but was embarrassed instead, roared angrily, and the veins on her neck popped.

it doesn’t matter. You can Sue and let the whole Jiang city know what happened!

Lin Hanxing casually found a chair and sat down, holding the other stack of documents that the lawyer had just brought out in his hands.

my face is worthless anyway. I just don’t know how the SU family’s face ...

With one hand on his temple and a cold smile on his face, Lin Hanxing opened and closed his mouth. The SU family’s faces turned green and white.

“How much is it worth?”

With a loud crash, Lin Hanxing threw the things he had taken from the lawyer at them.

The printed accounts were scattered like snowflakes.

“What su family? this is your Lei family’s business. What does it have to do with us?”

When the SU family heard that they were going to be sued, they mumbled and wanted to quickly shirk responsibility.

“All these years, does anyone from the SU family dare to Pat your chest and say that you have not benefited from the Lei family at all?”

In the past six months, the amount of money that the SU family had signed under the Lei family’s name was enough to buy a few of these villas.

Now that something had happened, the SU family and Lei family were clearly divided. When it came to spending money, they were a happy family.

“You want to Sue her?”

The Thunder valiant beast’s expression was grave and stern, and his cold eyes narrowed sharply.

Zhong Yifu shuddered. She was more afraid of Lei Xiao than Lei kangnian in the entire Lei family.

“Then you’d better go back and find out who’s in the Lei group’s legal team.”

The Lei group’s legal team gathered the top legal teams at home and abroad, and the annual commission of these lawyers alone was frighteningly high.

There was a saying in the lawyer industry ...

He would rather offend the government than the Lei family.

All the cases that were related to the Lei Corporation were, without exception, a crushing defeat.

How classic were the cases handled by the Lei family’s legal team?

Every one of them could be used as a model for in-service learning!

Chapter 189 making a scene

Going to court with the Lei corporation's legal team was like hitting a rock with an egg!

Zhong Yifu couldn't believe it. She had said that she wanted to Sue this woman, but Lei Xiao had actually hired the Lei corporation's lawyers to deal with her?

"The list on the ground is part of the payment that the Lei family has made for the SU family this year!"

Lin Hanxing and Lei Xiao cooperated very well.

Even though the two of them were scowling at each other, just standing there, Thunder valiant gave off a sense of despair that left no room for negotiation.

He could only place his hopes on Lin Hanxing.

"If Yimu is not willing to pay for this villa ..."

"Then, I'll have to ask the SU family to give the Lei family back all the benefits they've taken over the years!"

Lin Han's Black eyes flashed with a hint of coldness in his soft voice.

To put it bluntly, they had to pay for it today even if they didn't want to!

Even if Zhong Yifu managed to escape, the SU family would not be able to!

Lin Hanxing's indifferent eyes swept over the SU family who were still wailing just now. At this time, each of their faces showed calculative and timid expressions.

Ever since the SU family had married Zhong Yifu, they had received countless benefits from the Lei family.

The way he ate was as unsightly as it could get.

However, it was easy to eat something, but it was harder to get them to spit it out than to ascend to heaven!

The SU family exchanged glances with each other. In the end, they all looked at Zhong Yifu.

"You guys are just a bunch of uncouth people ..."

When she realized what the SU family meant, Zhong Yifu's face turned pale.

What was she like when she first married into the SU family?

What was the SU family like now?

Wasn't it all because of her that he was able to enter the top ten of Jiang city's prestigious families?

Now, after hearing a few words from this little B * tch, she turned her back on her. Their money was money, but hers was not?

"I'm going to kill you all!"

Zhong Yifu couldn't care less about her image and started to argue with the SU family.

All these years, Zhong Yifu had been pampered, and her skills were obviously not as good as the SU family's, not to mention that there were still people who sided with her.

The scene was chaotic.

"To these people, money is their life!"

Lin Hanxing sneered and said to Lei Xiao.

With the SU family's behavior, if it wasn't for the fact that they had a little connection with the Lei family, they would have been in trouble long ago!

Seeing that the situation was about to get out of control, the police separated the two groups of people with batons.

Zhong Yifu's hair was a mess, and her clothes were torn. There were also two scratch marks on her cheeks.

Lin Hanxing couldn't help but think of her arrogant attitude when he first met her at the green vine Garden.

Where could he find any now?

"What are you guys doing!"

The face of the SU family's head, su zhanlong, who had arrived late, was livid!

The smart people of the SU family quickly ran to his side and muttered, explaining the ins and outs of the matter clearly.

The more he heard, the uglier su zhanlong's expression became.

hubby ... when Zhong Yifu saw her husband, she couldn't help but burst into tears.

From a distance, Lei Xiao looked at the other indifferently.

"Ah Xiao, we're all a family, why do you have to make it so ugly?"

Su zhanlong put on an ingratiating smile on his face. Don't blame him for being so humble to Lei Xiao, who was much younger than him. After all, most people in Rivertown didn't even have the chance to be humble to him!

"We'll pay for it, I'll sign the check immediately!"

Compared to Zhong Yifu and the SU family, su zhanlong was obviously much more straightforward.

Lin Hanxing looked at su zhanlong.

It was no wonder that his elegant appearance and unique temperament attracted a woman like Luo Mingwei.

He just didn't know what would happen after Zhong Yifu found out about this ...

Perhaps he sensed that someone was looking at him. Su zhanlong raised his head and keenly captured it ...

Chapter 190: The Lin family's little nine

The first thing that entered su zhanlong's eyes was a beautiful face.

That pair of eyes was so charming that it seemed like water could come out of them. It made one's heart itch. Not to mention the mole under the corner of her eye, it was so beautiful that it was unique!

At this time, she was sitting lazily, with a provocative look in her eyes.

The Lin family's little nine!

Almost at the same time, su zhanlong connected this little girl with these four words!

The demoness that his niece, Su Ling 'er, had mentioned, and the little B * tch that Zhong Yifu had mentioned!

Hearing that su zhanlong wanted to sign a check, the SU family members were obviously relieved.

However, Zhong Yifu's heart ached when she thought about how she had lost more than 30 million Yuan just like that!

The most important problem was that she had thrown this distant nephew of the SU family here because she knew how much he had ruined things. She didn't feel bad for him, but this distant nephew had lived in the villa for so many days. How could he still live there?

She tugged at su zhanlong's clothes. Why did her family have to pay for this?

Su zhanlong was expressionless. He pushed Zhong Yifu's hand away and took out the checkbook. With the help of the Lei corporation's lawyer, he wrote a check for nearly 38 million Yuan.

"Ah Xiao, can we withdraw the case now?"

Lin Hanxing didn't say anything. It was a pity that there was a smart person in the SU family. Otherwise, it would be very lively tonight.

Lei Xiao didn't even touch the check, so he obviously didn't care about it.

He signaled the lawyer with his eyes, and the latter quickly received the message and communicated with the police.

As for Lin Hanxing, he twirled the pen in his hand in a fancy manner. He looked at Zhong Yifu's aggrieved expression as she buried herself in su zhanlong's arms, but he didn't notice the disgust that flashed in her husband's eyes.

The SU family was really interesting.

"Hanxing, it's time to go."

Thunder owl's voice was low as he reached out to her.

The lawyer seemed to have settled the matter. The police walked directly to the group of people squatting in the corner and pushed them to the back.

The SU family was obviously confused by this sudden scene.

Even su zhanlong could not maintain the smile on his face.

From the looks of it, the police didn't intend to release him and wanted to detain him?

"Mr. Su, I forgot to tell you that your distant nephew was brought here not only for trespassing, but also for drug abuse. So, even if the Lei family were to withdraw the case, he wouldn't be able to leave!"

Lin Hanxing had planned everything from the very beginning.

The so-called withdrawal of the case was just a means to make the SU family pay.

Realizing that they had been tricked, the SU family members behind su zhanlong were indignant and were about to step forward and surround Lin Hanxing!

"There's an old Chinese saying, 'pay for a lesson'. I think Mr. Su should have heard of it."

Sensing su zhanlong's gloomy gaze on him, Lin Hanxing smiled indifferently.

"Since you've learned your lesson and spent your money, you should remember it in your heart, otherwise ..."

Lin Hanxing looked at su zhanlong.

"The next lesson might not be something that can be bought with money!"

There seemed to be anger burning in the air.

Lin Hanxing, who had lit the fire, still had a strong sense of ridicule in his eyes. He did not even bother to hide it.

Lei Xiao was a man of few words, and Lin Hanxing was almost always in control of the situation.

However, his existence was like a threat that could not be ignored, making people not dare to act rashly.

Perhaps no one could have imagined that Lei Xiao would actually view the Lin family's little ninth in such a different light!

But ...

Su zhanlong looked at Lin Hanxing gloomily. If this face was placed in ancient times, it really had the qualifications to be called a femme fatale.

"Oh, right ..."

Just as Lei Xiao and Lin Hanxing reached the door, she seemed to have thought of something and suddenly turned around ...
