

Goodnight 251

Chapter 251: You stared at me

Lin Hanxing opened his mouth slightly.

This man's usual coldness in the Forbidden Valley no longer existed, and he wantonly released his strength.

As if he felt her constraint, Lei Xiao's lips curled up.

"Close your eyes,"

Lin Hanxing closed his eyes obediently and removed all the coldness and alienation he had when facing others.

His heart seemed to be about to jump out.

.....

After an unknown period of time, Lin Hanxing felt his mind go blank from being kissed by Lei Xiao.

It was like sitting on a hammer in an amusement park for the first time in his life, and he lost his weight.

He couldn't use any strength.

As for Lei Xiao, he finally let go of her, pressing his forehead against hers, his eyes as deep as the sea.

"As long as you give birth."

Compared to Lin Hanxing's ragged breathing, Lei Xiao was as steady as Mount Tai.

"What?" Lin Hanxing did not react.

It was as if he had forcefully taken away all her rationality.

"Give birth to monkeys."

Her long eyelashes trembled slightly, and she finally understood what he was saying.

"I'll give birth to baboons too." She replied to him angrily.

The smile at the corner of Lei Xiao's lips suddenly deepened, stirring one's soul.

"If you can give birth, I'll take care of it."

Lin Hanxing blinked and turned his head away.

Lei Xiao's voice was so out of line that it numbed one's bones.

Moreover, his forehead was still against hers, and even his warm breath was on her face.

Lei Xiao's personal phone in Lin Hanxing's hand was still vibrating.

Lei Xiao glanced at it, his expression clearly showing his impatience.

He seemed to be extremely annoyed by this information.

“I’ll help you set it up and it won’t be noisy anymore.”

Lin Hanxing reached out and touched the top of his head. His hair was hard and he would comb it into a business back when he came to work.

He looked cold and distant.

Thunder owl didn’t say anything.

Lin Hanxing was a little addicted to touching him. Seeing that he did not say anything, his actions became even more impudent.

Until Thunder owl glared at her.

“You’re staring at me!”

Don’t think I didn’t see it!

Lei Xiao still did not say anything, but his deep eyes flickered, as if he was helpless against Lin Hanxing.

“I’m leaving.”

Lin Hanxing threw his phone back to him, the expression on his delicate face disappeared, and he turned around to leave.

“Cold star!”

Lei Xiao reached out and grabbed her wrist, his eyes filled with anxiety.

Lin Hanxing, who had his back to him, laughed silently with his dimples showing.

However, before she could speak, she felt a pair of strong arms around her waist and lifted her up in the air.

He placed it on the sandalwood desk.

The two of them stared at each other.

Lin Hanxing’s slender legs were suspended in the air, swaying back and forth as he looked at Lei Xiao provocatively.

The Thunder valiant beast’s dark pupils were helpless and compromising.

He bent over slightly and placed her hand on his head, allowing Lin Hanxing to rub it randomly.

“Only you would have the guts.”

Lin Hanxing was only teasing him, but he didn’t expect Lei Xiao to spoil him so much.

If his subordinates were to see this, it would probably set off quite a storm.

Lei Xiao leaned against the desk and stood beside Lin Hanxing, allowing her to take his personal phone back.

She could not help but admit that Yan Beichen's photo was taken with great skill.

Even Lin Hanxing himself felt as if his heart had been hit by a thousand points, let alone the others!

Lin Hanxing had never told Lei Xiao about this.

Although she hated men who smoked, she loved to see his smoking posture.

Her casual movements were alluring and sexy.

It made one unable to extricate themselves from it.

Lin Hanxing thought to himself and raised his head to look at him.

But she didn't expect that Lei Xiao's gaze never left her face.

Their eyes met.

Chapter 252: Then keep it

"You still haven't told me why you're angry."

Lin Hanxing tilted her head and looked at him. Strands of hair hung down from her cheeks, making her look indescribably charming.

I don't like to take photos, and I don't like to put my photos in the public's eyes as entertainment.

When Lin Hanxing heard this, he suddenly recalled the day he saved Yuan Bao at the horse track. When the veteran reporter saw Lei Xiao, he would take the initiative to ask the people around him to turn off the recording equipment. He clearly understood Lei Xiao's temper.

In Jiang city, news about Lei Xiao could be heard everywhere.

However, his photos rarely appeared in the public eye.

"But this photo is very well taken."

Lin Hanxing's fair fingers caressed the screen as she spoke softly.

And Yan beiming obviously knew who he was, as he could only see Lei Xiao's face in the photo.

On the contrary, it gave people an indescribable sense of mystery.

Lei Xiao fell into silence, his eyes deep, and no one knew what he was thinking.

As he fell silent, the picture of Lei Xiao when he was a child that Mama Lei showed her appeared in Lin Hanxing's mind.

In the photo, the Thunder valiant beast's eyes were emotionless and cold like ice.

Yingluo didn't like to take photos, so this was probably the only one she had.

"If you don't like it, just ask Yan beixiao to delete it."

Lin Hanxing's eyes flashed with pity when he said this.

But she didn't want Lei Xiao to get angry over such a small matter.

"Do you ... Like it?"

After a long time, Thunder valiant beast said in a low voice.

Lin Hanxing nodded subconsciously. This photo was comparable to a celebrity's photo. As long as a woman saw it, it would be hard not to be tempted!

"Then let's keep it."

Seeing her nod, the haze in Lei min's eyes finally dissipated.

He couldn't find a trace of it.

His temper came and went quickly.

Lin Hanxing could clearly feel that the depression that shrouded him had disappeared.

I heard that the Lei corporation's staff cafeteria is a model that people in the industry can learn from. I wonder if I have the honor to invite President Lei to have a meal with me? " When outsiders mentioned the Lei clan's benefits, they would all clap and praise it.

This made Lin Hanxing very curious about the Lei clan.

Lei Xiao reached out and tucked her loose hair behind her ear, knowing that she must have heard from Anthony that he had not eaten.

"Alright," he said. He took off his suit jacket and casually placed it on the black leather chairman's chair.

Her lean and perfect inverted triangle figure was wrapped in a tailored narrow black shirt.

She couldn't help but look at him.

When Lei Xiao left the president's office with Lin Hanxing, his Special Assistant Anthony's expression was a little strange.

He had been with the Thunder valiant beast for many years, so he naturally had a deep understanding of his Boss's personality.

To be able to persuade Thunder valiant to dine at the staff cafeteria ...

Special Assistant Anthony narrowed his eyes.

It seemed like he had to reevaluate miss Lin's position. After all ...

It was very likely that she would be the future lady boss!

.....

The staff cafeteria of the Lei Corporation was divided into three large areas.

The General Staff dining area, the senior Department dining area, and the strategic Department dining area.

The staff could freely arrange their time for meals.

When Lei Xiao and Lin Hanxing came down, it was afternoon tea time after the peak meal time.

Because he was sitting in a separate dining partition in the decision-making Department, no one came to disturb him.

It was the best time of the afternoon.

The warm sunlight was as thin as cicada wings, pouring in from the large floor-to-ceiling windows of the staff dining room.

It covered the two of them.

have you guys seen Weibo? President Yan has publicly confessed to President Lei!

Lin Hanxing had just placed the plate in front of Lei Xiao when the sound of staff chatting could be heard from the partition ...

Chapter 253 brainless fan

The Thunder valiant beast's expression instantly darkened.

Lin Hanxing, on the other hand, pursed her lips and smiled. She held her chin with one hand and put her index finger on her lips to shush him.

Obviously, he was very interested in listening.

"Anyway, I think President Yan's love for President Lei is so deep!"

The female employee was touching up her makeup and drinking afternoon tea.

The Lei corporation's employees were free to take a 15-minute break in the afternoon.

The staff cafeteria would prepare a wide variety of afternoon tea for the staff to choose from.

"President Lei has such a weird temper, yet President Yan could stand him. I'm convinced!"

Hearing this, Lin Hanxing raised his eyebrows and looked at Lei Xiao.

He seemed to be used to it, and his expression did not change much.

"Does President Lei and President Yan really have that kind of relationship?"

"The female CEO of the Qi Corporation almost took the initiative to offer herself. It's impossible for any man to not have a reaction, right? It's not like CEO Lei is broken or something, so what else can he do other than liking men?"

The sound from the partition continued to come in. Lei min was eating expressionlessly.

He seemed to be really hungry, and he ate faster than usual.

but I think that President Lei is really perverted. He's completely treating work as his life!

"Such a man can only be seen from afar, but can not be played with! So boring!"

The moment Thunder valiant beast heard the word 'boring', his hand movements stopped.

It was fleeting.

Lin Hanxing was sensitive enough to capture this point, and his expression suddenly turned cold.

last time, the branch company made a mistake and caused our Department to work overtime. Mr. Lei rejected eight of our proposals in a row. He doesn't think that we have to do everything for the company just because he likes to work overtime, does he? "

"Hey, hey, who do you guys think will be on top of President Lei and President Yan?"

The gossiping voices were filled with malicious ridicule, making people feel very uncomfortable.

"Maybe President Lei's is broken and can't be used, so it's the one below!"

Suddenly, Lin Hanxing stood up elegantly and picked up the glass of water on the table.

"You're not allowed to show your face, do you hear me?"

She looked down at Lei Xiao, raising her eyebrows and sneering.

As for the Thunder valiant beast, his deep eyes, which were originally covered in frost, seemed to be gradually melting.

He nodded his head.

On the other hand, Lin Hanxing held the glass and slowly walked to the other side of the partition. There were three girls sitting there, laughing like flowers.

"What a happy chat!"

Lin Hanxing's cold voice suddenly rang out, giving the three girls a shock.

They looked at each other, and there seemed to be some awkwardness and fear in their eyes.

Lin Hanxing's glistening eyes scanned the three of them, and finally fixed on the woman who was still holding a powder box in her hand.

However, she saw Lin Hanxing with two shallow dimples on his face, walking towards her.

The moment he stood still, the expression on his face suddenly disappeared, and he looked at the other party with a cold and expressionless face.

He raised the glass over her head and poured cold water on her heart!

"Ah ... You're crazy!"

The woman shrieked and stood up, attracting the attention of the people around her.

Lin Hanxing leaned against the square table, his expression lazy and cold. Under the sunlight, he looked fatally attractive.

The woman's companions glared at the beautiful woman who had appeared out of nowhere.

When she saw the other party's face clearly, her eyes were filled with amazement and complicated emotions.

"You, he ... Who's your mom?" The woman who had been drenched in the water cursed in anger!

"Me?" Lin Hanxing fiddled with the empty glass in his hand and raised an eyebrow at her.

"I'm a braindead fan of Thunder valiant!"

That pair of cold and watery eyes swept over, making the people who were being looked at feel a burst of fear.

"Which Department are you from?"

The people at the other tables didn't know what was going on, but they seemed to want to come over and persuade him.

There was a loud bang ...

Chapter 254: congratulations

The glass cup that Lin Hanxing was fiddling with just now shattered at the feet of the people who wanted to stop the fight!

"Who dares to come over?"

Lin Hanxing turned around coldly, his cold eyes sweeping across the crowd, his aura suppressing everyone.

This was what Anthony saw when he received the call and came down with his men!

The Lei family's employees, who had been intimidated, did not dare to step forward. They had only wanted to stop the fight and did not want to be involved.

Seeing that no one came forward, Lin Hanxing retracted his gaze and pulled out the wooden chair opposite the three people to sit down.

"I'll give you five minutes."

Lin Hanxing said to Anthony without turning his head.

After all, they were Lei Xiao's subordinates, so they were not stupid. They glanced at the three's badges and remembered them.

He quietly instructed the supervisor who had been called over at the last minute, and Anthony's expression was unusually serious.

Lin Hanxing did not speak again after he finished speaking. His fair fingers tapped on the table rhythmically.

It made a da da da da sound.

The air seemed to have frozen, and no one spoke.

The staff who had come to the restaurant to relax and have afternoon tea all looked at Lin Hanxing, as if trying to guess her identity.

Who was she to be able to invite President Lei's Special Assistant, Anthony?

In less than three minutes, the information on the three of them was in Lin Hanxing's hands.

She casually flipped through it a few times, then raised her head and sneered.

"I thought you were complaining because the Lei clan didn't pay you overtime! If the information in my hands is correct, the employees of the Lei Corporation have the right to choose whether to work overtime or not. In fact, the Lei Corporation pays more for overtime than any other company in the market!"

Lin Hanxing's cold eyes were fixed on the wet woman, the mockery in his expression was obvious.

since you've chosen to work overtime, and you've even received a generous reward after working overtime, I don't think your previous complaints are valid! Lin Hanxing then threw the documents in front of him in his face.

The other party seemed to be scared out of his wits. He didn't expect that a casual remark would cause such a big reaction.

"The Lei Corporation is able to have the salary and benefits it has today all because your President Lei treats work as his life. It's also the boring pervert that you're talking about that allows you to enjoy the envy of others when you show them your work. Sense!"

Lin Hanxing's eyes were full of sarcasm, but the words he said made everyone instantly understand what had happened!

The employees who had wanted to stop the fight just now all looked at the three people with condemning eyes!

"Boring?" Lin Hanxing's fingers tapped on the table more and more frequently.

A pair of black eyes fell on the other party's face, full of indifference.

"You think you're worthy of saying these two words?"

Thunder owl's private life had nothing to do with them.

They didn't deserve to know how good the Thunder valiant beast was in private!

“The Lei Corporation doesn’t need employees who are disrespectful to Lei Xiao and the Lei family, even if it’s only after a meal ...”

The hostility around Lin Hanxing was increasing layer by layer. In the process of slowly releasing his power, the laziness he had when he first met Anthony disappeared and was replaced by a strong aura that no one could resist!

“Malicious teasing!”

After Lin Hanxing finished speaking, he glanced at Anthony, who understood what he meant.

“Congratulations,”

Lin Hanxing’s voice was cold and cruel.

The two sudden words made everyone unable to react for a moment.

She slowly got up.

The wooden chair made an ear-piercing sound as it moved on the ground.

“You’ve been expelled!”

Chapter 255 hand

Lin Hanxing left the chaos behind him for Anthony to deal with.

He turned around and returned to the partition.

As soon as she entered, the Thunder valiant beast’s deep gaze followed her like a shadow.

Lin Hanxing’s violent aura was completely restrained, and he sat back down opposite Lei Xiao.

“Why aren’t you eating?”

Lin Hanxing said as he looked at the food on the table. There was still as much food left on the table as when she left.

“I was waiting for you.”

The two of them didn’t take the initiative to mention what had just happened, as if nothing had happened.

Lin Hanxing laughed when he heard this, his cold eyes softening.

“Are you still leaving later?”

Lei Xiao picked up his chopsticks again and asked as he looked at Lin Hanxing, who was lying lazily on the table with her arms behind her head.

Lin Hanxing hummed in agreement, his voice nasal like a kitten.

He was no longer as majestic as he was outside.

Her fingers casually fell on the clean table. They were slender and white, and even her blood vessels could be seen clearly.

It was even more beautiful when bathed in the sunlight that was as thin as cicada wings.

Thunder Valiant's gaze followed the pair of hands and gradually moved upwards.

She could see the shadow of Lin Hanxing's long eyelashes on her fair face.

She was unbelievably beautiful.

"I'll leave after you finish eating." Lin Hanxing still had to go to the hospital.

Lei Xiao's dark eyes suddenly darkened a few degrees. He didn't say anything, but reached out and held her soft fingers.

It was a little forceful.

Lin Hanxing opened his eyes, his long eyelashes fluttering like butterfly wings.

"Actually, you didn't have to go out just now."

To be able to sit in this position, Lei Xiao had heard even more unpleasant ridicule and malicious words than before.

He was used to it.

"Ha, who are those few people? are they even worthy of you criticizing them?"

Qinshui's eyes were instantly filled with coldness, and even her voice turned cold.

in this world, only I can say that you are boring. Others ...

"No!"

Whoever was marked by her, regardless of whether it was a person or an object, she would make sure that they would never return!

The corners of Lei Xiao's thin, cold lips lifted slightly, which was a rare sight. Even though he was already restraining himself, people could still feel his joy.

Lin Hanxing leaned against his arm. Seeing him like this, his mood also became better.

The two of them did not speak again.

Holding her with one hand, the Thunder valiant beast continued to eat with the other hand holding the chopsticks.

As for Lin Hanxing, she was curled up like a cat in front of him. Her slightly curly black waist-length hair hung down casually, and her porcelain-white skin looked even more clear and gentle under the sun. There was no trace of coldness.

Perhaps it was because the sun was too comfortable, Lin Hanxing blinked a few times before closing his eyes again.

Lei Xiao didn't disturb her, but held her fingers and gently rubbed them.

He had just put down his chopsticks when Anthony came in.

"Mr. Ley, the matter has been settled."

Anthony really didn't expect that the seemingly weak miss Lin would be so domineering when she was defending her own people!

In fact, he wouldn't lose to Mr. Ley at all!

"Also, in 15 minutes ..."

Anthony wanted to remind Thunder owl that he had other plans in fifteen minutes.

The Thunder valiant beast glanced at him, causing Anthony to swallow the words he was about to say.

"Delay all the plans for this afternoon."

"I know."

Before Anthony left, he happened to see Lei Xiao's hand reaching out to block Lin Hanxing from the sun.

He had never seen such carefulness from this cold man before.

I'm Lei Xiao's die-hard fan!

The Thunder valiant beast lowered his head to look at the little girl who was sleeping in front of him like a defenseless cat, and the words kept echoing in his mind.

He liked the way she protected him.

Ever since he had taken over the Lei Corporation after graduation, this was the first time that Lei Xiao had the urge to skip work ...

Chapter 256: A reserved smile

Lin Hanxing was woken up by a phone call. It was already half an hour later.

She subconsciously wanted to take out her phone, but the strength in her hand that could not be ignored made her completely sober.

"Answer the phone." Thunder valiant beast let go of her hand and said in a low voice.

Lin Hanxing pursed his lips and picked up the phone.

She didn't know what the person on the other end of the phone said, but her eyes turned cold.

okay, I know. I'll be right there.

As soon as he finished speaking, Lei Xiao pushed a cup of warm water to Lin Hanxing's hand.

Lin Hanxing naturally took two sips.

The two of them were very familiar with each other, like an old couple.

I didn't drive here from the Lu family. I'll borrow your car.

Lei Xiao looked at her without moving, his gaze deep.

Lin Hanxing then remembered that she had not told him about Lu Bingde.

He simply picked out the main points and explained the whole story to Lei Xiao.

"So, old man Lu wants you to discipline Lu Bingde?"

The Thunder valiant beast's voice was low, but it was clearly displeased.

"Yes, I promised aunt Mian."

Lin Hanxing knew that Lei Xiao was not happy.

Others were always unable to distinguish between joy and anger from this man, but in Lin Hanxing's eyes, Lei Xiao's emotions were so simple and clear.

Lei Xiao handed her the car keys.

Lu Bingde's identity is glamorous on the surface, but he has been gradually excluded from the mainstream circle in the past two years.

The mainstream circle that Lei Xiao was talking about was actually a small group among the three generations of the influential people in Jiang city.

in the eyes of others, there's only one successor in the Lu family.

"That's his cousin, Lu Jiashu."

Lin Hanxing held the car keys in his hand.

Thinking of the man who had a gentle smile and gave off a warm spring breeze, the corners of her mouth curled up into a faint mocking smile.

"What's your impression of Lu Bingde?"

Lin Hanxing was suddenly curious about what kind of person young master Lu was in Lei Xiao's eyes.

"Stupid."

Thunder owl looked at her and gave his own evaluation.

Lin Hanxing raised his eyebrows. Lei Xiao was obviously still brooding over the wild competition that night, and the coldness between his brows increased.

"If Lu Bingde is really a hopeless case, then I'll just focus on keeping him alive."

Lin Hanxing didn't have so much good intentions to waste on other people. If it wasn't for aunt Mian, she wouldn't even want to get involved in this matter.

One could say that she was cold-blooded or indifferent.

It was obvious that Lin Hanxing did not care.

She only wanted to focus her limited feelings on someone who was worth it.

Jiang city's nobles are really getting worse with each generation.

Lin Hanxing sneered.

Excessive wealth and power would always breed idiots.

"Do you still have to work overtime today?"

As if he had thought of something, Lin Hanxing looked at Lei Xiao.

Thunder owl wanted to say yes, but when the words reached his mouth, he shook his head.

"Then I'll pick you up when I'm done."

Thunder owl's cold expression was slightly startled, then he laughed.

It seemed that he and Hanxing often took the wrong script.

She would often catch him off guard and do things that only men would do, while he enjoyed being protected by her.

At first, Lin Hanxing was a little confused when he saw him smile.

However, seeing that his mood had improved, she felt that it did not matter.

"I'll be leaving then."

Lin Hanxing took two steps towards the door and turned around slowly as if he felt something.

She saw that Lei Xiao was still standing by the table and looking at her, his gaze deep and gentle.

With a thought, Lin Hanxing, who had already left the partition, suddenly turned around and walked back to him. Before Lei Xiao could react, Lin Hanxing stood on his tiptoes and kissed him on the lips.

"You're really leaving this time. Wait for me to pick you up."

Lin Hanxing laughed as he left, leaving behind Lei Xiao, who was standing in his original spot, stroking the corner of his lips.

His smile was reserved.

Chapter 257: I don't understand

At the Affiliated Hospital of Jiangcheng Medical University.

In the huge VIP Ward, a nurse wearing a mask was preparing to change Lu bingde's medicine.

Master Lu, who was deep in his thoughts, did not notice the uneasiness and nervousness in the nurse's eyes, nor did he notice the flirtatious arrogance from the night of the Wild competition.

The nurse had just drawn the medicine into the syringe when she heard a bang at the door.

The originally tightly shut door was pushed open from the outside.

Lin Hanxing's expressionless and cold face appeared, followed by two burly Men in Black.

"Guard this place and don't let anyone in!"

With a simple order, the ward was sealed.

When Lu Bingde heard the commotion at the door, he thought that someone had come to see him. His expression was one of joy at first.

When he saw that it was Lin Hanxing, his face turned green, red, and white. It was a wonderful sight!

"What do you want to do?" The night of the Wild competition was still fresh in young master Lu's memory.

Lin Hanxing glanced at him coldly, then his eyes fell on the nurse who was changing the medicine.

"You're changing the medicine?" Lin Hanxing raised an eyebrow, but his tone was calm.

Seeing that Lin Hanxing had no intention of responding to him, Lu Bingde was a little angry.

"Yes." The nurse's fingers trembled slightly. She quickly lowered her head and aimed the needle at the mouth of the sealing tape under the infusion bag.

"Have you thought about the consequences of your actions?"

Lin Hanxing did not stop her immediately, but her voice still stopped the nurse's actions.

"Who asked you to come? get out!" Lu Bingde was clearly not in the right state yet. He only shouted at Lin Hanxing impatiently.

"Shut up!"

Lin Hanxing was displeased. This time, his cold eyes looked directly at Lu Bingde.

The latter's heart skipped a beat. He was greatly shocked, and the words that were on the tip of his tongue disappeared without a trace.

This girl looked so much younger than him, like a high school student. How could she be so terrifying!

"I'll ask you again, have you thought about the consequences of doing this?"

The black shirt completely exposed Lin Hanxing's strong and cold side. She had not even used one-tenth of her usual aura, but it was enough to make the girl opposite her tremble in fear.

Lu Bingde felt that something was wrong.

He looked at the nurse with suspicion.

Didn't you come to change your medicine?

Why did it seem like he wanted his life?

"I don't understand what you're saying!" The young nurse was stubborn and wanted to deny it.

"You don't understand?"

Lin Hanxing carefully read these three words, and a thought-provoking smile appeared on his face.

However, that smile was fleeting and quickly disappeared from her face. What replaced it was a movement that was as fast as lightning!

The nurse's vision blurred, and the syringe in her hand was already in Lin Hanxing's hand!

Her movements were so fast that Lu Bingde, who was lying on the bed, was dumbfounded!

However, he had seen Lin Hanxing's ability on the night of the Wild competition, so he was not as surprised as the nurse.

Lin Hanxing held the syringe in his hand, his cold eyes slowly sweeping over the nurse's face.

Her high heels clattered against the marble floor.

Lin Hanxing approached her step by step, and the nurse backed off step by step, forming a tug-of-war.

Just as Lu Bingde was trying to guess what Lin Hanxing was up to, Lin Hanxing had already given him the answer with his actions!

However, she suddenly raised her hand, which was playing with the syringe dangerously, and jabbed it in the direction of the nurse's artery!

"Ah!" The young nurse was so frightened that she subconsciously blocked it with her hands.

Lu Bingde didn't react in time.

Why did he suddenly want to kill her?

However, his body was more honest than his brain. Almost subconsciously, he shivered.

If she killed the nurse, the next one ...

It wouldn't be his turn, right?

So, it wasn't enough for her to find someone to break her own hands, and now she wanted to take his life?

Chapter 258: Whose path are you blocking?

"I'll give you one last chance. Tell him what's inside."

Lin Hanxing didn't even care about the nurse's subconscious resistance. He raised his chin slightly at Lu Bingde.

The sharp needle was pressed against the other party's carotid artery. She was neither angry nor smiling. She was as calm as she could be.

However, it was precisely this Lin Hanxing that made people even more fearful and apprehensive.

"I don't know ... Ah ..."

The young nurse's eyes were filled with tears. She could clearly feel the pain of the needle piercing through her skin!

I'll talk, I'll talk. There's an immune suppression agent in here. It's used to inhibit wound healing!

Lu Bingde, who had been keeping himself out of the situation, blinked his eyes blankly when he heard this, as if he didn't understand.

"Continue!" Lin Hanxing was impatient and exerted more force.

I really don't know anything. Someone gave me this and asked me to add it to his medicine. He said he could give me 100,000 Yuan. I'm just obsessed with money, really ... I'm telling the truth ...

The young nurse cried her eyes out and told him everything she knew.

Hearing this, Lu Bingde's eyes widened.

It seemed that he only understood after the nurse explained it so clearly!

Lin Hanxing pulled out the needle that had sunk into the nurse's skin expressionlessly.

The nurse would remember what it meant to have a close brush with death.

"Do you need me to teach you what you should and shouldn't say after we get out?"

Lin Hanxing glanced at her.

The nurse shook her head furiously and ran towards the door of the ward under her cold gaze.

The two men in Black at the door did not stop the nurse from leaving.

Instead, he closed the door from the outside.

Lin Hanxing raised his hand to look at the liquid in the syringe, and his lips curved into a sinister smile.

She was well aware of Lei Xiao's ruthlessness. It would take at least three to five months for Lu Bingde's wound to fully recover. In addition to the medicine that would inhibit the healing of the wound, it would take at least half a year for him to fully recover!

Half a year's time was enough for many things to happen.

The room returned to silence.

Lin Hanxing threw the injection in his hand into the trash can, then looked back at Lu Bingde.

At this moment, Lu Bingde, who was sitting on the hospital bed, had yet to recover from the fact that someone had plotted against him. His eyes were blank.

"Did you hear that clearly?" Lin Hanxing leaned against the floor-to-ceiling window and looked at him.

Lu Bingde blinked and didn't say anything.

“Why? do you want to harm me?”

At this moment, he was not as arrogant and dissolute as he was in the wild competition. Instead, he was like a child.

Lin Hanxing’s expression didn’t change at all when he heard Lu bingde’s question.

“Your very existence is blocking the path of others.”

The sunlight poured in through the floor-to-ceiling window and enveloped Lin Hanxing, giving her a faint glow.

Her voice was very cold, without the slightest bit of the warmth she had when facing the Thunder valiant beast.

“Whose path am I in?”

If it wasn’t for Lu bingde’s blank expression, Lin Hanxing would have thought that he was playing dumb.

She really couldn’t understand how the Lu family had managed to raise young master Lu into a silly and sweet person.

Lin Hanxing also suddenly realized how difficult the mission elder Lu had given him was.

Lu bingde looked at Lin Hanxing subconsciously.

However, when he saw her staring at him silently, he suddenly shivered.

He felt that Lin Hanxing’s appearance was even scarier than someone trying to harm him!

Perhaps Lin Hanxing noticed Lu bingde’s strange look, so he raised his eyebrows lazily, which made Lu bingde shiver in fear.

“What are you thinking about?”

Lin Hanxing thought for a while and asked.

“There are always unruly people who want to harm me!”

Lu bingde answered without thinking.

“.....”

Chapter 259: Silly road, white and sweet

Lin Hanxing took a deep breath, he did not know if it was too late to kill him now.

Perhaps it was because of her strong killing intent, Lu bingde’s eyes were guarded as he carefully moved his hands that were in heavy casts.

Lin Hanxing calmed down a little and took a step forward.

“Don’t come any closer, I’ll scream if you come any closer!”

“.....”

She was going to kill him now!

Immediately! Immediately! Don't stop anyone!

As expected, Lin Hanxing did not step forward again. There was even a warm smile on her delicate face.

Lu Bingde was stunned.

Lin Hanxing casually opened the fruit basket beside him and took out a green apple that gave off a strong fruity fragrance.

The tender white hand and the green apple looked really tempting.

The next second, a crack was heard!

The green apple that was originally in Lin Hanxing's hand was split into two by her brute force!

“What did you just say?”

The smile on Lin Hanxing's face disappeared the moment the Apple was split open, and he looked at Lu Bingde with a dark expression.

“I didn't hear you clearly, say it again!”

Lu Bingde was flabbergasted, and he swallowed the words that were on the tip of his tongue!

The atmosphere in the ward was in a stalemate, but there was a commotion outside the door.

Lin Hanxing's expression turned cold, and his eyes darkened.

Lu Bingde saw the changes on her face and wanted to cry but had no tears.

In her heart, she was also cursing Yan Beichen's eighteen generations of ancestors.

If he hadn't brought her to the wild competition that day, he wouldn't have flirted with her!

If he didn't tease her, his titanium dog paws wouldn't have been broken.

If he had not teased her, his life would not be in danger now!

Just as Lu Bingde was thinking about this, a special whistle suddenly sounded in the ward.

When he looked over, he saw Lin Hanxing, who was leaning lazily on the side, blowing on the wind.

Lu Bingde's head was in a mess, and he couldn't tell how long the whistle was. In any case, the door was pushed open from the outside.

After receiving the order, the big man in Black standing guard outside the door let the people outside in.

Lu Jiashu's figure suddenly appeared.

“Miss Lin, what are you doing?”

Seeing Lin Hanxing in the ward, Lu Jiashu's expression was very subtle.

I'm not happy that your Lu family brought me over just like that. I'm going to break his legs!

"....."

Lu Jiashu, who was usually gentle and refined, was silent, which was rare.

When Lu Bingde heard that, he almost burst into tears!

"Miss Lin, you're such a Joker."

After laughing dryly, Lu Jiashu's gaze fell on Lu Bingde's face.

this month's dividends have been transferred to your account. In addition, the money I borrowed from you before has also been returned.

Lu Jiashu helped Lu Bingde adjust the angle of his head, his voice warm and gentle.

I already told you that you don't have to report to me every time. You're my brother. How can I not believe you? "

... Lin Hanxing couldn't help but roll his eyes in his heart when he saw Lu Bingde's silly and sweet smile.

However, his expression was still cold and indifferent.

The two of them exchanged a few simple words, mostly with Lu Bingde speaking enthusiastically and Lu Jiashu listening warmly.

From time to time, the corners of his mouth would curl up into a gentle smile.

Lu Bingde continued to speak as if he had been affirmed.

Lin Hanxing ate an Apple as he observed the way the two cousins interacted with each other.

Even though Lu Jiashu hid it very well, she could still easily catch the impatience in his eyes.

After about five minutes, Lu Jiashu glanced at his watch and then looked up at Lin Hanxing.

I have something to do, so I'll be leaving first. Do you need me to send miss Lin off? "

"Do I know you very well?"

"....."

Chapter 260: Are they different?

This was the second time Lin Hanxing had embarrassed Lu Jiashu.

"How are you going to tell my cousin ..."

Lu Bingde wanted to defend his cousin, but Lin Hanxing glared at him coldly. The words he hadn't said died in his stomach!

However, Lu Jiashu was stunned at first, then he smiled warmly.

“Miss Lin is indeed different from the rest.”

After saying this, Lu Jiashu didn't pester her anymore. He turned around and left the ward.

Lu Bingde, on the other hand, was reluctant to see his cousin leave, like a dog that was alone.

Lin Hanxing squinted as he watched Lu Jiashu leave.

To be able to remain calm even after being embarrassed twice ...

Either he was really well-bred, or ...

Lin Hanxing's long eyelashes fluttered. After an unknown amount of time, Lin Hanxing's deep eyes fell back on Lu Bingde.

Yingluo, I'm not happy that your Lu family brought me over just like that. I'm going to break his legs!

Being stared at by such a pair of eyes, Lu Bingde suddenly recalled what she had said just now.

Lu Bingde carefully shifted his butt and stared at Lin Hanxing with vigilance.

“Are you afraid of me?” Lin Hanxing crossed his arms and leaned to the side.

Lu Bingde didn't say anything, but Lin Hanxing sat on the single sofa leisurely.

Her right leg was elegantly stacked on top of her left leg, making her look like a queen.

“I'm telling you, the grudges between us are between us, don't drag my cousin into it! Otherwise, I won't let you go even if I have to risk my life!”

Lu Bingde mustered his courage and spoke, but his voice became as soft as a mosquito's buzz under Lin Hanxing's gaze.

Lin Hanxing didn't expect that although this young master Lu was a little stupid, his heart wasn't bad.

“You have a good relationship with your cousin?”

Lin Hanxing placed his fair fingers on his temple, looking lazy.

“None of your business ...

With a bang, Lin Hanxing picked up a fruit from the fruit basket and threw it at Lu Bingde's cast.

“What?”

“Good, good, good, very good!”

Tears welled up in Lu Bingde's eyes from the pain, and he almost knelt on the ground.

The whistle sounded in the ward again, but this time it lasted longer.

Lu Bingde looked at Lin Hanxing and realized that she seemed to be giving orders to the people outside the door with a whistle.

After Lin Hanxing finished blowing, he closed his eyes and ignored him.

However, after the pain in Lu Bingde's hand subsided, he couldn't stand the silence in the ward.

"Hey, who did you learn this from? Please teach me!"

Seeing that Lin Hanxing was ignoring him, Lu Bingde sneaked up to him.

He was really curious about the skill she had just shown!

"I'll give you money. I have a lot of money!"

Lin Hanxing was annoyed by his noise. He opened his eyes and looked at him coldly.

On the other hand, Lu Bingde chuckled, and his butt naturally moved back a few steps to create a safe distance.

"Is that your money or the Lu family's money?"

Lin Hanxing asked.

Perhaps it was the first time someone had asked him this question. Lu Bingde lowered his head and didn't say anything.

Lin Hanxing closed his eyes again when he did not say anything.

"Are they different?" Not long after, he heard Lu Bingde mumble.

"If it's your own money, you can confidently repeat what I said. But if it's the Lu family's money, how long do you want to squander it on young master Lu's face?"

Lu Bingde was about to retort.

"What if the Lu family is defeated one day?"

The words that were about to come out of Lu Bingde's mouth instantly stopped and he no longer said anything.

Time passed by, and about ten minutes later, there was a knock on the door.

The Man in Black handed the stack of papers to Lin Hanxing respectfully, then turned around and retreated to the door.

Lin Hanxing carefully read the information in his hands, looking up at Lu Bingde from time to time.

How was this person a silly and sweet person? He was clearly an idiot!
