

## Goodnight 271

### Chapter 271: Don't force me

Qi He pulled out the spear that he had prepared earlier!

He loaded the gun quickly and skillfully.

He aimed the gun at Lin Hanxing!

Almost at the same time, Lin Hanxing's subordinates pulled out their guns and aimed at Qi He!

Bai Xi's heart skipped a beat.

This was the first time in her life that she was so close to death!

He would be lying if he said he wasn't nervous and scared!

Out of the corner of his eye, he caught a glimpse of Lei Xiao.

She had thought that he would be agitated by the ninth lady's threat, but unexpectedly, his eyes that were darker than the night did not look at the ninth lady. Instead, they were staring at the gun in Qi He's hand!

His face was expressionless, and no one could read his emotions.

"You think you can get out of here by killing me?"

Lin Hanxing elegantly placed the wine glass on the table. In the quiet atmosphere, her heart beat.

"You forced me to do this!"

Qi He's eyes were bloodshot, and his voice was exhausted.

"What a joke!" Lin Hanxing sneered and got down from the high chair.

When the high heels landed on the floor, Qi He's hand trembled.

"Did I force you to be blinded by greed?"

Lin Hanxing was expressionless as he closed in on him.

"Did I force you to make false accounts in an attempt to whitewash the peace?"

Her eyes were cold and murderous, making people breathless.

Every step Lin Hanxing took, Qi He took a step back. His forehead was covered in cold sweat, and he was filled with fear and guilt.

Until his back was against the wall, there was no way to retreat!

"Don't come over! If you come any closer, I'm going to shoot!"

Qi He shouted, his legs trembling.

Lin Hanxing turned a deaf ear to him. There was not a trace of fear in his eyes.

In a moment, he was right in front of Qi He.

As he looked into her beautiful eyes, Qi He felt his body turn cold, as if death had arrived.

“It’s just an excuse he made for himself when he’s about to die!”

Lin Hanxing sneered.

She had seen too many people like Qi He over the years.

The air was filled with a suffocating danger.

Bai Xi’s heart was in his throat, and he couldn’t help but shout at Lei Xiao.

“Ninth young lady is in danger!”

Lei Xiao held the wine cup in his hand, his sharp and cold facial features not moving at all.

“I believe in her.”

Hanxing never did anything she wasn’t confident in.

The moment he finished speaking, Lin Hanxing had already taken another step forward and pressed his forehead against the dangerous muzzle of the gun!

“Don’t force me!” Qi He’s fingers trembled so much that he could not even hold his gun properly.

“Shoot!”

Lin Hanxing said coldly without any fear!

Behind her, a dozen black muzzles were pointed at Qi He. The pressure of death almost caused his mental defenses to collapse.

“Since you don’t dare to, why don’t you ...”

No one saw Lin Hanxing’s hand movements clearly. All they saw was that the gun in Qi He’s hand was thrown into the air. He held his wrist and leaned against the wall, crying out in pain. Red blood spurted out from the gaps between his fingers!

Lin Hanxing took a step back without looking back.

The next second, she reached out and caught Qi He’s gun.

The Jade-white fingers and the cold spear body formed a clear contrast.

Bai Xi watched the entire process with fear and trepidation, as if he couldn’t believe his eyes.

Bai Xi suddenly recalled how impolite he had been when he first met the ninth young lady at the count of Starlight ...

Compared to the scene in front of him, letting Miss Jiu control his artery was already giving her a lot of face!

Lin Hanxing's subordinates quickly and neatly restrained Qi He, not giving him any chance to turn the tables!

On the other hand, Lin Hanxing looked at Qi He, who had completely given up on struggling.

"I'll help you!"

As soon as he finished speaking, Lin Hanxing raised his hand and pointed the gun at his temple!

### **Chapter 272: Absolute loyalty**

"Ninth young lady!" Bai Xi exclaimed.

Lin Hanxing looked at the pale-faced Qi He, smiled, and pulled the trigger.

The scene of blood splattering did not appear!

The crisp clicking sound echoed in the VIP room.

Qi He clutched the wound on his wrist and looked at Lin Hanxing in a daze.

It was impossible!

How could this be possible?

He was the one who personally put the bullets in the gun, so how could it be empty?

you like to hide it in the hidden compartment of the second drawer on the left side of your desk.

Lin Hanxing laughed, twirled the gun between his fingers, and then threw it to his subordinate.

It was only now that Qi He truly felt how terrifying Miss Jiu was!

Who would have thought that such a young girl would have such prestige that people could not help but submit to her?

She could easily see through everything, see through it but not say it, but she could play with everything in the palm of her hand without making a sound!

Such courage! Such a scheme!

How could he possibly win?

"Clean it up."

Lin Hanxing turned around and walked back to the bar counter.

There was no expression on her delicate little face. She was indifferent and distant.

From the beginning to the end, Lei Xiao had been looking at her.

Everyone in Jiang city knew that she had been missing for 18 years before returning to the Lin family.

However, no one knew what she had experienced in the past 18 years.

What had he experienced to turn the child from back then into the arrogant, cold, and scheming person he was today?

Lin Hanxing poured himself another glass of red wine.

When she looked up, she saw Lei Xiao looking at her with a deep and gentle gaze.

Her heart trembled.

Lin Hanxing's men were cleaning up the scene in an orderly manner.

Lei Xiao walked over and held her hand in silence.

Lin Hanxing quietly looked at the lines of his cold side profile, which was dazzling and attractive.

The coldness and ruthlessness in her heart slowly disappeared.

"Bai Xi," Lin Hanxing held Lei Xiao's large palm and turned to look at Bai Xi, who was still standing in the same place.

The bloodstains on the floor had already been cleaned.

It was as if nothing had happened just now.

"From now on, you will be in charge of the part that Qi He is in charge of."

Lin Hanxing and Bai Xi looked at each other.

The latter's eyes widened, as if he could not believe his ears.

"I'll help you make up for the deficit, you can do it without worry."

Lin Hanxing paused, as if giving Bai Xi some time to recover.

ninth young lady ... Bai Xi was so excited that he didn't know what to say.

"I only have one request of you."

Lin Hanxing's tone suddenly turned cold, and the pressure that he released made it hard for people to breathe.

"Absolute loyalty."

.....

With a click, everyone had already left the VIP room.

Bai Xi was the last one to leave. The moment she turned around and closed the door, she clearly saw the man pick up miss Jiu, who had lost her cold air, and gently place her on the bar counter.

The room became quiet again.

Lin Hanxing's fair and straight legs were suspended in mid-air, looking at Lei Xiao in parallel.

Lin Hanxing's knee was stained with blood.

Taking a wet tissue from the table, Lei Xiao carefully helped her wipe it off.

He lowered his head slightly, revealing the thin and cold lines of his side profile.

“I hate the smell of blood.”

Lin Hanxing’s voice was not as cold as it was when he was talking to others. It was soft and coy, and in Lei Xiao’s ears, it sounded like he was acting coquettishly.

Thunder valiant lifted his head and glanced at her.

Her snow-white knee was red after being wiped by the wet tissue, which seemed out of place with the surrounding muscles.

The Thunder valiant beast’s finger gently brushed against it.

Just as Lin Hanxing was about to jump down from the bar, the man suddenly bent over.

He moved closer to the red piece and kissed it gently.

The Thunder valiant beast’s lips were a little dry, but they brought an unexpected warmth.

“And now?”

He looked up, his deep eyes serious.

### **Chapter 273: A different world**

Lin Hanxing’s hands were on the bar counter, and he looked down at Lei Xiao.

His heart suddenly beat faster.

When he kissed her, his expression was abstinent and sincere.

It was as if she was his only faith.

Lin Hanxing subconsciously reached out to touch Lei Xiao’s cold face.

Their foreheads touched, and their noses touched.

Just like Lei Xiao did in Meng Song, he rubbed his nose against his.

The light and elegant fragrance on her body wafted into his breath.

“Put me down,” he said.

At such a close distance, they could even touch each other’s lips.

These five simple words were enough to heat up the room.

The corners of Lei Xiao’s lips curled up slightly. His powerful palm grabbed her slender waist and put her down from the bar.

The high heels clicked on the ground.

“Come.” Lin Hanxing’s soft and slightly cold fingers slid down Lei Xiao’s arm and into his palm.

Almost at the same time, it was grabbed by Lei Xiao.

Lin Hanxing led him to the one-way transparent floor-to-ceiling glass wall in the VIP room.

When he got closer, he realized that there was something special about the glass.

On the other side of the one-way transparent glass wall that occupied nearly half of the room was an underground casino!

From here, he could clearly see every corner of the casino.

One could even clearly see the madness and greed on the faces of the gamblers.

Lin Hanxing’s expression was cold.

“She’s here,” Not long after, a faint smile appeared on her lips as she spoke.

Lei Xiao followed her gaze, his deep eyes unmoving.

“Your people have been following her for a day. Why don’t you invite her up for a seat?”

After Lin Hanxing finished speaking, he took out his phone and made a call.

He hung up after giving a few simple instructions.

“There are some things that are better said face to face.”

Lin Hanxing turned back to look at Lei Xiao with a gentle smile ...

.....

At the Lei family villa.

Heavy rain suddenly fell on Jiang city without any warning.

Xuanji’s spring Banquet, a glass of green wine and a song. [ I bow to Chen Sanyuan again. I wish for my husband to live for a thousand years. I wish for my wife to be healthy. I wish for my wife to be like the swallow on the Liang. I wish to see her again for many years. ]

With a snap, the Pearl bracelet on Cheng Lingyun’s wrist broke.

The unthreaded pearls splattered all over the floor!

“Mom, with Auntie Yanyu’s personality, she would have come back long ago if she wanted to.”

Yuan SuSu’s face was pale, and she looked very pitiful in the midst of the lightning and thunder.

“You don’t understand ... You don’t understand ...” He said.

Cheng Lingyun thought of Yuan shaojing, who had locked himself in his room after dinner, and the fear on her face was hard to hide.

For some reason, the first time he met that woman appeared in his mind.

At that ball, she was wearing a Begonia Red cheongsam, her waist was thin, and the corners of her eyes and the tip of her eyebrows had a refreshing style.

But it didn't make people feel the slightest bit dissolute.

The woman named li Yanyu was a legend.

She lost her parents in an accident when she was a teenager and was kicked out of the Li family the following year. However, she returned from the ashes in just five years. Not only did she reshuffle the power of the Li family with her own strength, but she also firmly sat on the position of the family head!

Everyone had heard of li Yanyu's vindictive and ruthless methods, but they couldn't help but admire her ability to turn stone into gold!

"Susu, you have to help me!"

Cheng Lingyun didn't know why, but when she recalled Lin Hanxing's gaze towards her, it overlapped with li Yanyu's!

"Mom, calm down!" Yuan susu cried out in pain as Cheng Lingyun clutched her wrist, causing it to turn purple.

Cheng Lingyun looked out of the window blankly.

The heavy rain washed the floor-to-ceiling windows, as if it was washing away all the sins in the world.

She had a premonition that what happened back then ...

I'm afraid I can't hide it anymore!

we must not let brother Yuan know the truth of what happened back then!

Yuan SuSu's heart jumped.

"Susu, tomorrow ..."

#### **Chapter 274: What are you hiding?**

The woman who had gone crazy from gambling was still in a state of shock and confusion when she was brought up.

He didn't seem to understand who he had offended.

The heavy door was closed behind itself, making a dull clicking sound that made people's hearts jump.

"Do you want to walk over by yourself or should I ask someone to invite you over?"

A cold voice suddenly sounded, startling the woman. She looked at the bar counter and saw two people.

The woman was sitting on a high chair, while the man was standing beside her.

The two of them looked like a perfect match. Even those celebrities on TV couldn't compare to them.

“Who are you? Did you ask someone to bring me up here?”

The woman’s eyes were still scarlet red from not having enough gambling, and she didn’t look like she had just lost her husband.

“It doesn’t matter who I am.”

As Lin Hanxing spoke, he casually picked up the remote control and turned on the TV hanging on the wall.

On the television, the surveillance footage from the funeral parlor that day was being played on loop.

This woman was the wife of the private detective that Jiang Xibao hired to investigate the old case!

“But can you walk out of here alive ...” He said.

Lin Hanxing swirled the wine in his glass, the aroma of the wine wafting in the air, but his voice was cold and cruel.

“That’ll depend on you!”

“I don’t understand what you’re talking about.” The private detective’s wife was still trying to deny it.

Thunder valiant beast had lost his patience.

The man he had sent to follow her today had walked over silently under his eye signal. He pressed the private detective’s wife down on the seat, making her scream in fear and start to struggle.

But how could her strength compare to a man who had received professional training?

Lin Hanxing turned to look at him, his extremely handsome face split into two by the light.

There was a cold and vicious aura in the silent silence.

“I’ll give you one more chance. Are you going to tell me or not?”

The Thunder valiant beast’s narrow eyes were slightly squinted, its cold killing intent was not concealed at all, making people feel fear.

“I don’t know anything ... Hmmm ...”

Before she could finish her sentence, a piece of paper was pressed on her face, and at the same time, the water that she had prepared earlier fell.

The speed and ferocity of Lei Xiao’s men were not inferior to Lin Hanxing’s.

Their movements were extremely fast, and their cooperation was extremely tacit.

Some controlled the private detective’s wife and stopped her from moving, some focused on sticking the paper, and some were in charge of spraying water.

One, two, three of them were stuck to the woman’s body. The woman’s struggle was obviously more intense!

With a crash, three pieces of paper were torn from the woman’s face.

The violent struggle turned into a desperate attempt to breathe. Her chestnut-colored hair stuck to her pale face, and she looked extremely pathetic.

“Don’t you think it’s not worth it to risk your life for someone else’s Secret?”

Lin Hanxing’s voice rang out in the silent space.

Like a club, he woke up the private detective’s wife.

Just as Lei Xiao’s men were about to cover her face with the paper, the private detective’s wife screamed.

“I said, I’ll tell you everything you want to know!”

She never wanted to experience the feeling of near death again!

A layer of wet paper stuck to her face, and she could barely breathe with her mouth. But when two or three pieces of paper covered her face at the same time, she never wanted to experience that damp, stuffy, suffocating, and panicked feeling again!

“What’s in that sealed leather bag?”

Lin Hanxing said.

Obviously, one of them was playing the bad guy while the other was playing the good guy.

The private detective’s wife’s expression changed as she mumbled.

I don’t know ... he subconsciously wanted to say these four words, but he saw Lei Xiao coldly make a hand gesture.

He was so frightened that he shivered!

### **Chapter 275: Really scared**

“You’d better think it through before you answer my question. After all, the person beside me doesn’t have a good temper.”

Lin Hanxing smiled and took a sip of red wine.

“I really don’t know. I don’t have the guts to open it!”

Since things had come to this, she would tell the truth even if it meant that she had to save her life!

“You don’t have the guts?” Lin Hanxing repeated his words with deep meaning.

“One day, when my husband came back, he locked himself in the study room and only came out after midnight. Then, he gave me that thing. He only told me that I can’t peek inside, or I’ll lose my life!”

Seeing that she had loosened her mouth, Lei Xiao signaled his men to let her go with his eyes.

The private detective’s wife, who had regained her freedom, lay sprawled out on the chair as if she had lost her bones.

I thought he was just joking, but I didn't expect that ...

They had been husband and wife for so many years. It would be a lie to say that they had no feelings for each other.

However, compared to money and life, what were feelings?

"Get your people to continue posting!"

The private detective's wife shivered in fear. The two of them looked glamorous, but one of them stuffed the other ruthlessly!

"What are you doing! I've told you everything I know!"

However, Lei Xiao did not listen to her explanation. Since Lin Hanxing said he was willing, he would not be polite.

"I've told you, you'd better think it through before you answer my question!"

Lin Hanxing finished the wine in his glass in one gulp, then raised his hand to look at his watch, counting the time.

When the paper on the woman's face was removed again, wailing and crying followed.

your husband specifically told you not to peek, which proves that you have done such a thing before.

Lin Hanxing's voice was flat and it was frightening.

Even Lei Xiao's subordinates, who had followed him for many years, were a little scared when they heard this.

"Once you're addicted to prying into other people's secrets, how could you let go of the things you've got in your hands?"

The private detective's wife felt as if she had been struck by lightning. She had never expected this woman to find a loophole in her words!

"It's related to the accident that happened to the Zhong family!"

Lin Hanxing sneered. She had indeed seen it.

"Continue,"

"What kind of family is the Zhong family, and what kind of family are we? what can we find out even if we investigate? It's just what happened back then, but ..."

The private detective's wife was really scared. She didn't hesitate for too long before she continued.

"My husband seems to have found out who gave him the money back then!"

"Who is it?"

Lei Xiao said in a deep voice.

The private detective's wife still seemed to have a hint of fear in her eyes, and her pupils kept moving back and forth.

he didn't tell me. It wasn't written in the document.

"Since he didn't tell you, how did you know?"

"I guessed it!"

Now that things had come to this, she had no other choice but to confess.

Seeing that Lei Xiao was about to raise his hand again, the woman's expression became anxious.

"I really was just guessing! My husband said that if he wants to make a huge profit this time, he'll stop and take me back to my hometown. I've known him for 15 years, and I know him better than anyone else. If he wasn't confident, he wouldn't have said these things!"

but the next day, when the police called me, I was so shocked that my first reaction was fear!

"I'm really scared!"

The private detective's wife's fingers were still trembling when she recalled that day.

One could guess with one's toes that he had been silenced!

then, one night, someone called me and said that they would give me a sum of money, but they wanted to take the document away. Otherwise, I would have to disappear from Jiangcheng. How could I have the courage to disagree? "

Lin Hanxing didn't say anything and tapped the table with his fingers.

"You seem to be hiding something!"

### **Chapter 276: Related to the Zhong family**

The private detective's wife felt like she was about to vomit blood.

How could this girl's eyes be so sharp?

She looked at Lin Hanxing with fear and apprehension.

Looking at her, she was as good looking as the celebrities and models in the newspapers ...

Why was he even more ruthless than those loan sharks?

Lin Hanxing had no intention of urging her.

She tapped the table rhythmically with her fingertips. She knew that the most important part was coming up.

"You're very smart, but most smart people only have two outcomes."

Lin Hanxing's soft voice sounded in the room. It seemed like he was talking to the private detective's wife, but it also didn't seem like it.

"You either live as a human and become a butcher, or you'll be ruthlessly stepped on and be slaughtered."

Upon hearing this, the private detective's wife obviously cowered.

"How can you be so sure that the other party will really let you go after giving you money?"

Lin Hanxing took his time, slowly giving the other party psychological hints.

"You've felt what happened today. If someone wanted to kill you, it would be an easy thing to do ..."

Lin Hanxing's voice slowed down, which was a rare sight, as if he wanted the private detective's wife to hear clearly.

"Do you want to live in fear every day?"

I'm still going to say the same thing. Don't you think it's not worth it to risk your life for someone else's Secret? "

The private detective's wife wiped her face with her hand. She seemed to have been persuaded.

"I don't want to die,"

This was definitely the truth.

"No one wants to die, it's all up to you."

Lin Hanxing changed into a lazy posture and leaned against Lei Xiao.

"Tell me what you know, and I can save your life."

After she finished speaking, she smiled again.

after all, it's so much money. Wouldn't it be very painful if you don't have the life to spend it? "

The private detective's wife's expression immediately changed at the mention of money.

"It's not that I don't want to tell you, but I'm afraid you won't believe me if I tell you!"

The clamshell-like mouth finally opened a crack, and his expression seemed to be a little concerned.

"If you don't tell us, how do we know if we should believe it or not?"

Upon hearing this, the private detective's wife struggled for a moment, but in the end, she spoke.

"I think that the accident back then had something to do with the Zhong family!"

After he finished speaking, he was afraid that the other party would not understand, so he added another sentence.

"I mean, it's the Zhong family who wanted to harm Madam Lei."

As soon as he finished speaking, Lin Hanxing could clearly feel the change in Lei Xiao's aura.

Even Lin Hanxing's expression changed when he heard this.

"What evidence do you have?"

sister, stop joking. If I really had evidence, would I still be alive? "

This time, it was the private detective's wife who laughed.

if I really have evidence, I might as well look for Madam Lei. With the Lei corporation's reputation, I wouldn't have ended up in such a miserable state! She sighed with emotion.

Lin Hanxing glanced at the young master of the Lei family and saw that he was frowning.

"Then what makes you think so?"

The smile on the private detective's wife's face gradually faded and she fell silent.

Lin Hanxing did not rush her and waited for her to think it through.

"Can you really save my life?"

The private detective's wife took a deep breath and looked straight into Lin Hanxing's eyes.

This was the first time she had expressed such a strong desire since she was brought here.

"Naturally, it's true."

Lin Hanxing said indifferently. If she did not even have this bit of ability, she would not be able to continue living.

"Do you know who was the one who came to get the item that day?"

### **Chapter 277 shelter from the rain**

The private detective's wife shuddered and spoke mysteriously.

Lin Hanxing could tell that she was trying to keep him in suspense, so he gave her a half-smile.

"The one who came to get the things that day was the madam of the SU family."

Mrs. Su?

Lin Hanxing and Lei Xiao looked at each other. She was talking about Zhong Yifu?

"Think about it, who was the biggest beneficiary of that incident?"

The private detective's wife started to talk non-stop.

when a person is in danger, they will subconsciously protect themselves. This is an instinctive reaction. What kind of deep feelings do you think it takes for a person to disregard their own life and death to protect the people around them? "

The private detective's wife sneered, her tone filled with ridicule.

Lin Hanxing did not say anything, but his brain was working quickly.

To be honest, she didn't believe that Zhong Yifu had any deep feelings for Madam Lei.

Otherwise, he wouldn't have gone too far in his actions over the years.

One must know that a person's character was buried deep in their bones and blood from birth.

This was the most natural thing.

Of course, this could not rule out the possibility that Zhong Yifu's personality had changed and she had become greedy after the major incident.

"Other than your speculations, what other evidence do you have?"

Lei Xiao said in a low voice, and the private detective's wife was stunned.

"Safety belt ..."

After a long time, she hesitated, but in the end, she still said these three words.

"My husband used some tricks to get a few investigation files from back then. I glanced at them ..."

"Please continue."

"The chauffeur was driving in the front, and Madam Lei and Madam su were sitting in the back."

The private detective's wife tried her best to recall the contents of the document she had read.

but later, according to the investigation file, the seat belt on Mrs. SU's back seat was torn from the root and the safety buckle was put together. The private detective's wife looked up and met Lin Hanxing's eyes.

does this mean that Zhong Yifu was wearing her seatbelt when she got into the accident? "

"Yes, back then, who would have the thought to put on the seat belt first when they got into the back seat?"

so, you're saying that Zhong Yifu knew that she would get into a car accident and prepared for it? "

Lin Hanxing quickly caught the main point in the private detective's wife's words.

"Yes, yes, yes! That's how I feel!"

Seeing that Lin Hanxing had understood, the other party was obviously very happy.

"I also feel that the car accident back then shouldn't have been so serious ..."

Lei Xiao's hand suddenly fell on Lin Hanxing's back.

Lin Hanxing understood his meaning almost instantly.

Regarding the private detective's wife's point, Lei Xiao clearly agreed.

At that time, if only the car that Mrs. Lei was in and the car that Jiang Xibao's father was driving had collided, the damage would not have been as serious as what happened later. But if there was anyone to blame, it was ...

A van that had run a red light cut in!

"But these are just my guesses. I can't produce any evidence!"

After the private detective's wife finished speaking, the VIP room fell into a dead silence.

"I'm done. Can I leave now?"

Lin Hanxing and Lei Xiao did not speak, but the private detective's wife broke the silence with some apprehension.

"I'll get someone to send you down. Don't worry, since I promised to protect your life, there will definitely be no accidents."

Lin Hanxing said calmly.

The private detective's wife felt completely relieved after hearing this.

She did not know why.

Although the man standing next to this woman was equally terrifying, he was subconsciously sure that the one who could decide life and death was her sitting on the high chair ...

It was purely intuition.

The private detective's wife's hand had just touched the door handle when she suddenly turned around as if she had thought of something.

"By the way, when Mrs. Su came to get her things, there was someone else sitting in the back seat."

At that time, she had only casually glanced behind her.

However, the person sitting in the back row almost reflexively covered his face.

"I didn't think much of it at first, but after thinking about it ..."

"I keep feeling that Madam su is personally making this trip for that person."

The private detective's wife smiled and left.

The VIP room fell into silence again.

"As expected, the matter back then wasn't that simple."

Lin Hanxing sighed and turned to look at Lei Xiao.

Zhong Yifu was definitely not the mastermind.

Not to mention that she was only a teenager back then.

It was impossible for a child like her to afford the 50000 to 60000 old dollars.

Not to mention that his own father was also involved.

But Zhong Yifu definitely knew the truth about what happened back then, and she was still in contact with that person.

Who was the person sitting in the back seat?

“I’ll send you back to the Lin family first.”

Lei Xiao’s face was gloomy and his two straight brows were tightly knitted together. From afar, he looked like a river.

Hearing this, Lin Hanxing raised his hand and looked at his watch.

The whole process had been going on for nearly three hours.

“Thunder valiant.”

She called out to him.

Her white fingertips landed on his tightly furrowed brows.

Gently and patiently, she helped him to smooth out the slightly rough space between his eyebrows.

“Yuan Bao said that Mama Lei likes Xu’s and Guo’s from the east of the city. It’s still early, let’s go there.”

She knew that this man had always put his family first.

This was a minefield that no one could touch.

Lei Xiao’s thin lips were slightly pursed out of habit, and the light and shadow divided his well-defined face into light and dark.

But no matter which part it was, it was like the beloved of the creator, making people involuntarily fall head over heels for it.

“Alright,” he said. Looking at Lin Hanxing, Lei Xiao’s tightly knitted brows finally relaxed a little.

When the two of them came out of the underground bar, they realized that it was raining outside.

Lei Xiao and Lin Hanxing stood side by side under the roof.

At some point, a thin mist had appeared, and the rain was misty.

Lei Xiao gestured with his eyes for his men to get the umbrella.

Lin Hanxing, on the other hand, looked up at the rain falling from the roof.

As if she had thought of something, the corners of her mouth curled up into a warm smile.

Thunder owl looked at her.

Her black and white eyes were clear and clean, her long and curly eyelashes were so dense that they couldn’t be combed open, and her porcelain white skin was like tender tofu, making people involuntarily want to pinch it.

“What are you thinking about?” He asked.

Lin Hanxing turned to look at him, the smile on his face still on.

He reached out his hand and let the rain wash his palm.

Perhaps he was influenced by Lin Hanxing, Lei Xiao hesitated for a moment, then mimicked her and stretched out his hand.

“I miss aunt Mian.”

Lin Hanxing’s voice was very soft, like the fog outside.

This was the second time today that Thunder valiant beast had heard her mention this name.

It was obvious that this person had a deep influence on Hanxing.

Yingluo, you’ve only met uncle Jin and the mute uncle. If it was a few years ago, I actually still have someone by my side.

Lei Xiao suddenly recalled Lin Hanxing’s words.

Her attitude made Lei Xiao curious about a stranger.

### **Chapter 278 aunt Mian**

“We lived in the mountains the year aunt Mian picked me up.”

Lin Hanxing’s long eyelashes trembled slightly. The memories made her delicate little face lose its coldness and appear particularly soft.

there’s no water or electricity there, no roads, and few people. They work at sunrise and rest at sunset.

This was a lifestyle that had been abandoned by modern civilization.

“Every morning, aunt Mian would take me into the mountains. She would teach me how to identify the various medicinal herbs growing in the corners. She would tell me which ones were edible, which ones were poisonous, which ones were hallucinatory, and which ones were fatal,”

This was what aunt Mian had taught him.

“When we return from the mountain, she will stay in the room with me to copy the Buddhist scriptures.”

“Aunt Mian always said that I’m too vicious and murderous, and I don’t know how to restrain myself. She’s afraid of giving birth to evil creatures.”

“So the first thing she taught me was to calm my heart.”

At that time, Lin Hanxing was dominated by hatred, paranoia, and fear. He was always on the edge of danger.

what Yuan susu did at your house today was taught to me by aunt Mian more than ten years ago.

Aunt Mian's handwriting was really beautiful.

She could write different characters with both hands.

She could use regular script, cursive script, and so on, but Lin Hanxing's favorite was still the Cihua character she wrote.

It was written on the paper as if it was printed.

As for Yuan susu, she was just a toddler learning how to walk. She had stolen a few superficial things and was so proud of herself, thinking that she had learned the essence of the technique.

"There's a huge Dragon Eye tree in our yard. In the afternoon, aunt Mian will teach me how to play chess under it."

The subordinate who went to get the umbrella returned, but Lei Xiao did not interrupt Lin Hanxing.

When she mentioned her aunt Mian, Han Xing had a different kind of energy from before.

There was no coldness that kept people a thousand miles away, no pressure that made people breathless.

It was the kind of anger that should be present at this age.

I only found out later that this was the second thing she taught me-planning.

When others did things, they would take it one step at a time.

Aunt Mian had taught her to first understand the overall situation, then learn how to take a look at three things at once, and at the same time figure out the enemy's tactics.

there are often animal traps placed by the villagers on the mountain. Every time aunt Mian brought me up the mountain, she would ask me to find medicinal herbs to treat them before setting them free. But if there's really no way to treat them, she would leave them behind for the villagers to take away.

this is the third thing she taught you. Be kind and do what you can, but at the same time, you must leave a way out for others.

Lei Xiao said in a low, magnetic, and sexy voice.

Lin Hanxing looked up at her, his long fan-like eyelashes fluttering.

From her big, clear eyes, Lei Xiao could even see his own reflection.

There was already a difference in height between the two.

Lin Hanxing had a good posture. He stood elegantly with his back straight, which made his neck look even whiter and longer.

From the Thunder valiant beast's point of view, even her caved-in collarbones were so beautiful.

In his eyes, she was small and dainty, and should be protected by others.

"The rain is about to stop."

The rain came and went quickly. While the two of them were talking, the rain had already become much lighter.

Lei Xiao placed the black umbrella on the umbrella rack at the entrance and reached out to grab Lin Hanxing's wrist.

He slowly opened his fingers and slipped them between her soft and thin fingers, their ten fingers intertwined.

"Didn't you say we were going to the east of the city?"

Lei Xiao, whose heart had been clouded by the haze of the car accident that year, finally regained his usual calmness.

"Yes." When Lei Xiao saw the dimples on Lin Hanxing's lips, he unconsciously relaxed his lips.

Yingluo is not the most beautiful on a rainy day, but the roof you use to shelter yourself from the rain.

In the past, he had felt that this sentence was extremely inexplicable, but at this moment, he could finally understand the meaning within it ...

.....

Lin family villa.

The rain stopped, and Lu Jiashu took his leave.

After dinner, old master Lu sent someone to prepare a gift as an apology for his rude behavior today.

Lu Jiashu took the initiative to take on this matter.

"Mr. Lu ..."

Hearing the movement behind him, Lu Jiashu's eyes flashed with ridicule, but he put on a gentle smile and turned around.

The one who chased after her was Luo Ruyin, a lighter in hand.

The smell of paint thinners wafted into his nose.

"You've forgotten something."

The rain had just stopped, but the moon had already come out, illuminating Luo Ruyin's face with a spring light.

"Thank you," he said. Lu Jiashu took it with a smile.

She didn't know if it was intentional or not, but his fingertips brushed past her fingers.

This caused Luo Ruyin's face to turn red.

Mr. Lu, Lin xiaojiu was really too impudent. I thought that it would be fine if she treated me and my aunt like this at home, but I didn't expect that outside ... I apologize to you on behalf of my cousin!

"You and your aunt?"

Luo Ruyin's expression was gloomy, clearly having a stomach full of anger to vent.

there's a cafe nearby. How about I treat miss Luo to a drink? "

Lu Jiashu said this with grace.

Hearing this, Luo Ruyin's heart swayed, and she somewhat forgot about North, South, East, and West ...

.....

As expected, the Xu Ji and Guo Ji of the eastern part of the city were century-old veterans.

When Lei Xiao arrived, Xu Ji's drunken goose was sold out, and even Guo Ji only had two squab left.

This was also because of the heavy rain earlier.

Otherwise, nothing would be left at this time.

Lin Hanxing quickly ordered his men to pack it up.

Just as the shop assistant was packing up, she received a text message on her phone.

Lin Hanxing glanced at it, his eyes full of mockery.

Lin Hanxing returned to the car with the squab.

Lei Xiao was on the phone.

He frowned and was about to hang up when he saw Lin Hanxing come up and look at him, so he turned on the loudspeaker.

"Brother Lei, I feel terrible."

Yuan SuSu's soft sneer spread to every corner of the carriage through the loudspeaker.

The soft female voice sounded more like a temptation.

"Hehe ..."

Lin Hanxing really admired Yuan SuSu's perseverance.

If it were her, after what had happened in the day, she would never have the face to make this call again.

The other end of the phone fell silent.

It was just that his breathing sounded heavy.

With a click, the phone was hung up.

Lin Hanxing did not take this incident to heart.

don't forget to send this squab to Madam Lei later. Also, about the car accident and Zhong Yifu ...

Lin Hanxing thought for a while and decided to speak.

“I won’t mention it to mom before I have concrete evidence.”

Without waiting for Lin Hanxing to finish, Lei Xiao had already continued the conversation.

“Send me back to the Lin family.”

Lin Hanxing fastened his seat belt and the smell of squab filled the car.

“I don’t like her.”

After a short silence, Thunder valiant suddenly spoke.

Lin Hanxing turned to look at him and did not understand what he was saying.

Lei Xiao looked straight ahead, his hands steadily controlling the steering wheel, giving people a sense of stability.

Lin Hanxing laughed.

Of course, she knew that Lei Xiao didn’t like Yuan susu.

The phone that rang just now was Lei Xiao’s work phone.

Even his phone number was only for work. If someone were to say that Lei Xiao was interested in Yuan susu, she would be the first to not believe it.

But ...

She liked the way he explained clumsily.

From Lin Hanxing’s angle, he could see the small wound she had left on the man’s lower lip.

It had already formed a scab and felt hard to the touch.

He looked out of the window and glanced to the side.

“Stop the car ...”

## **Chapter 279: Lu Jiashu**

Lei Xiao stopped the car by the roadside.

She followed Lin Hanxing’s line of sight and saw two people sitting in the French window of the high-end coffee shop.

you used ‘stupid’ to describe Lu bingde today. Then, what do you know about Lu Jiashu? ”

Leaning back on the leather seat, Lin Hanxing tilted his head to look at Lei Xiao.

She was obviously very curious about the answer to this question.

Through the floor-to-ceiling window, Lu Jiashu still looked gentle and elegant, and his smile was very gentlemanly.

On the other hand, Luo Ruyin, who was sitting opposite him, seemed to be saying something with a ferocious expression.

Of course, this ferocity was not directed at the man opposite her.

my social circle is different from his, but to be able to stand firm in that circle and become the center of attention in just a few years, he is definitely not as simple as he looks.

The man's deep voice rang in his ears and Lin Hanxing laughed.

"Can you guess what they're talking about?"

Lei Xiao turned off the engine, his deep gaze sweeping past her small face.

she's a lunatic. On the first day she came back, she threatened to kill me and called me an idiot. She put a snake on my bed, and today, she even made her people splash paint on me. She's just a B \* tch who's kept as a mistress ...

With a cracking sound, the Thunder valiant beast's joints made a muffled sound.

The mute uncle had already sent her a message, so Lin Hanxing naturally knew that Lu Jiashu had gone to the Lin family on behalf of elder Lu.

With Lu Jiashu's means, it was a piece of cake to hook up with Luo Ruyin.

On the other hand, the fact that Lei Xiao could lip-read was a fresh experience for Lin Hanxing.

Back then, she had also learned from uncle Jin, but Lin Hanxing, who was very quick at picking up other things, had no talent at all in this.

"Getting angry with this kind of person will only lower your status."

Lin Hanxing said lazily, obviously not paying attention to what Luo Ruyin had said.

In fact, in her opinion, it was normal for Luo Ruyin to speak ill of her.

If he didn't speak ill of her and instead tried to please her, that would be scarier.

As he spoke, he reached out to hold Thunder valiant beast's hand.

"I'm more interested in this Lu Jiashu!"

The moment Lin Hanxing opened his mouth, he knew that he had said the wrong thing. Lei Xiao's eagle-like fierce gaze landed on her face in the next second.

When this man kept a straight face and didn't speak, he always gave off a cold and oppressive feeling, making people involuntarily feel intimidated.

"I'm not interested in his place, but this place!"

Lin Hanxing reached out to the little Thunder valiant beast and then nodded his head.

"You know Lu bingde ..."

Lin Hanxing told Lei Xiao the main points of what happened in Lu bingde's ward.

I didn't expect that elder Lu, who has been so smart all his life, would raise such a silly and sweet girl. I'm afraid that when he's sold, he'll still have to count the money for his cousin's family! He had given almost all of his assets to someone else, not to mention other things ...

Lu Bingde's account only had a total of 2.5 million Yuan, and this was the amount that Lu Jiashu had just transferred to him in the name of dividends.

In other words, Lu Bingde didn't have any liquid capital at all.

If elder Tian Lu collapsed, this naive girl would have to rely on her second aunt's family to live.

If they were unhappy, they could kick him away and Lu Bingde could only eat and wait for death!

As he spoke, Lin Hanxing's gaze fell on Lu Jiashu.

Lu Jiashu's style of doing things was like that of a gentleman. When Luo Ruyin got excited, he would remind her to drink some water to moisten her throat. Very quickly, Luo Ruyin's eyes were filled with infatuation as she looked at that man.

"I didn't expect her style of doing things to be so radical. I'm sorry to have wronged you."

Lu Jiashu smiled warmly. When Luo Ruyin heard this, she only felt that her heart had suffered a heavy blow.

He seemed to have found a soulmate.

brother Lu, do you have any way to teach her a lesson? "

Luo Ruyin's eyes were very bright, full of trust and admiration, even though this was only their first meeting.

Lu Jiashu didn't say anything. He just smiled.

Luo Ruyin also felt that her sudden question was a bit too abrupt.

"I'm going to the washroom." Afraid of the awkwardness, she stood up and greeted him before walking towards the washroom.

Almost at the same time Luo Ruyin turned around, the smile on Lu Jiashu's face suddenly disappeared, as if his face had changed. He pulled out a wet tissue from the table expressionlessly and wiped his fingers one by one.

Then, he showed a disgusted look.

In the car, Lin Hanxing and Lei Xiao clearly saw this scene.

"Let's go," he said.

Seeing Lu Jiashu's expression, Lin Hanxing only felt bored.

She knew that he had gone to the Lin family for her.

She was afraid that her appearance in the ward this afternoon had given Lu Jiashu a premonition of danger, so he had taken action.

“If you were Lu Bingde ...”

Lin Hanxing looked out of the car window at the passing scenery, his eyes filled with boredom.

“I’m the one who helped manage most of the liquid funds under my younger brothers’ names.”

“Lu Bingde’s situation doesn’t exist in our family.”

The Lei family was really a clear stream among the wealthy families in Rivertown.

Lin Hanxing thought about the few hours she had spent at the Lei family’s house and the thought of going back to the Lin family’s house. Lin Hanxing suddenly felt bored.

Very quickly, Lei Xiao’s car stopped near the Lin residence.

The carved gate that Lin Hanxing had sent people to tear down today had not been installed yet.

The place in the dark night was empty, and it seemed to be laughing at him.

Lei Xiao turned off the car engine and intertwined his fingers with hers.

This man, who was used to being arrogant and cold outside, was now pursing his lips tightly. He did not say anything, nor did he let go.

Lin Hanxing thought of something and tried to pull his hand away, and as expected ...

Just as he exerted his strength, the Thunder valiant beast had already grabbed him again.

“What are you thinking about?”

The car was dark and blurry with the lights off, but Lin Hanxing’s voice was particularly elegant.

“I want to get married.”

The expression on Thunder Valiant’s face couldn’t be seen clearly, but the warmth in his voice could be felt.

Almost at the same time, there was a click as the door was locked.

Lin Hanxing laughed.

She suddenly recalled how he had driven her to the Civil Affairs Bureau without saying a word, scaring her so much that she had run away.

there are so many people who want to marry you. Everyone on Weibo is saying that your husband wants to give birth to your children ...

Without waiting for her to finish, Lei min’s grip on her hand tightened.

“They’re not you.”

Lei Xiao tilted his head to look at her, his eyes serious.

The smile on Lin Hanxing’s face froze. His seriousness was obvious.

Aunt Yingluo, I suddenly realized something.

Yingluo, it seems like uncle likes you more!

Yuan Bao's soft voice echoed in his ears.

Did he like her that much?

Realizing this, Lin Hanxing's heart began to beat wildly.

She had never thought that she would ever get married.

However, now that she thought about it carefully, if she really wanted to get married ...

Besides Lei Xiao, Lin Hanxing could not accept any other possibility!

Just as he was thinking, a huge black shadow descended from the sky. The Thunder valiant beast's huge body was already pressing down on him.

He sealed his lips with a kiss, not giving Lin Hanxing any chance to catch his breath.

The boiling hot temperature spread from his lips and teeth, and the small wound that had formed a scab looked rough and sexy.

He easily pried open her teeth and his soft tongue swept across her.

He pinched Lin Hanxing's chin and forced her to bear the wildness that came from her bones ...

### **Chapter 280: What's wrong with you?**

Lei Xiao had a mature aura that only belonged to men.

The smell made Lin Hanxing dizzy.

In the dark carriage, Lei Xiao stared at her snow-white and delicate face like a Wolf from beginning to end.

The extremely aggressive aura was too strong.

Lin Hanxing did not know where to put his hands.

"Tonight ..."

Before he could say 'come back to Yujing garden with me', a strong light came from the opposite side.

The light was so strong that it almost illuminated the carriage like it was daytime.

Lin Hanxing could clearly see the man's expression at that moment.

Lei Xiao's deep eyes were filled with overbearingness and deep affection, completely different from his fierce actions that seemed to want to eat her!

"Someone's here." Lin Hanxing almost lost himself in his eyes.

“Yes.” Lei Xiao was no better than her.

The sound of farewell came from outside.

It was Lu Jiashu and Luo Ruyin.

Even if he knew that the isolation film of Lei Xiao’s car was a special grade, from the outside, he would definitely not be able to see inside ...

However, Lin Hanxing was still nervous.

Her long eyelashes trembled slightly, but she saw Luo Ruyin, who was standing at the entrance of the villa watching Lu Jiashu’s car leave, and her gaze kept sweeping over in their direction!

“I’m going back ...”

The high beam lights that illuminated the carriage as if it was daytime were extinguished.

The surroundings of the two of them returned to darkness.

“Yes, I know.” Lei Xiao’s muffled voice came from beside her ear.

He did not move again.

Lin Hanxing rested his chin on the top of his head.

“Next time, we’ll go back to Yujing garden.”

Suddenly, the Thunder valiant beast spoke again.

Lin Hanxing, who realized the meaning behind his words, first trembled subconsciously, but after some time, he finally nodded.

Lei Xiao’s lips curved into a deep arc in a corner that she could not see.

When the situation below calmed down, he released Hanxing.

He reached out to help her tidy up her messy clothes and patiently smoothed her long hair.

“Go on.”

Lin Hanxing alighted from the car and the smell of mud after the rain hit her face, waking her up slightly.

He turned around and looked at Thunder valiant beast.

He was also looking at her, just like how he looked at Lin Hanxing when he left.

There was a profound look in his eyes. There was reluctance, but more of it was longing.

It was like a flower planted by lightning, blooming wantonly in her heart, causing her heart to beat like a drum, out of control.

“I’m leaving.”

Lin Hanxing even forgot how she walked back. She could only feel a deep gaze following her.

“Hehe, shameless.”

The smell of paint thinner entered Lin Hanxing’s nose.

Along with the mocking voice, Luo Ruyin, who was hiding in the dark, walked out with her arms crossed.

Lin Hanxing’s eyes turned cold.

“You were in that car!” Luo Ruyin raised her head arrogantly, as if she was a little princess.

Lin Hanxing was in a good mood and could not be bothered to argue with her.

He didn’t even look at Luo Ruyin, wanting to bypass her and continue walking forward.

“Stop!”

Luo Ruyin, on the other hand, was unwilling to let her off. Clearly, she wasn’t prepared to let her off just like that.

look at you, you look so empty without a man. Lin xiaojiu, what’s there to be proud of? ”

Luo Ruyin’s eyes were fixed on Lin Hanxing’s lips, which had obviously been kissed. Her voice was strange and mixed with some unknown jealousy, but Lin Hanxing could hear this!

she’s just a B \* tch who can be F \* cked with money. That young master Lei isn’t afraid of getting sick!

Luo Ruyin couldn’t help but think back. If she had followed her mother to the horse track that day, if she had been the one to save the Lei family’s young master, if ...

So now, could she be the one accompanying that man?

Lin Hanxing did not want to argue with her, but his eyes narrowed dangerously when he heard her words.

“Can you repeat that?” Lin Hanxing’s voice was soft and gentle in the night.

Her soft voice didn’t seem to be deliberately acting coquettish, but more like a charm that was integrated into her bones and blood.

“I advise you to keep a low profile. When young master Lei is tired of playing with you and throws you away like garbage, I’m afraid you won’t even have time to cry!” Luo Ruyin sneered. It was clear that she had suffered losses at Lin Hanxing’s hands time and time again, and had not learned to be smart.

“When the time comes, I want you to kneel down and lick my feet. I want everyone to know ... Ah ...”

Before Luo Ruyin could finish her sentence, the expressionless Lin Hanxing suddenly grabbed her long hair and pushed her against the wall in a strange and painful position, making a loud thud!

you met Lu Jiashu today with this strange smell? ”

Lin Hanxing’s lips curled into a cruel smile. He didn’t want to argue with Luo Ruyin, but she just liked to take advantage of him!

Hearing this, Luo Ruyin thought of that gentle and refined man and started to struggle violently!

“Release me! Let go of me, Lin xiaojiu!”

Luo Ruyin’s scalp ached violently, and she finally remembered what it felt like to be dominated by fear!

“Luo Ruyin, what’s wrong with you? you’ve provoked me again and again, huh?”

Although Lin Hanxing was thin, he had the strength to subdue even men, not to mention Luo Ruyin, who had been pampered since childhood.

“Do you really think I won’t do anything to you?”

As soon as he finished speaking, a silver light flashed on Lin Hanxing’s fingertip, and a blade could be seen.

Almost instantly, it cut off two thin shoulder straps of the beach dress Luo Ruyin was wearing.

The thin fabric hung down in a straight line to her feet and was spread out in a pile.

ah ... Luo Ruyin only felt a burst of coldness assault her entire body.

Under her beach dress, she was wearing nothing except for the moon-shaped bra and her little \*\*\*!

Under the moonlight, it was all white!
