

Goodnight 361

Chapter 361: The same conduct

The closer he got, the redder Zhong Xueqing's eyes became.

Her face that was on the verge of tears had a myriad of amorous feelings, and it was hard not to be moved.

"Lightning ..."

Just as Lei kangnian walked up to her, Zhong Xueqing was about to speak.

"Who asked you to not wear a hat?"

Lei kangnian took the lead and pulled Zhong Nanyin to his front. He reached out and wiped the sweat off her forehead.

"You're going to make a fuss when you go back after getting tanned."

In his haste, Zhong Nanyin didn't have the time to hide the sadness in his eyes, and Lei kangnian saw it all.

What nonsense was she thinking about again?

Zhong Xueqing's words were stuck in her throat. She looked at Lei kangnian's gentle gaze as he looked at Zhong Nanyin, and her expression changed slightly. No matter how sincere or fake she was on the surface, she was really hurt in her heart.

Back then, if it hadn't been for a freak combination of factors, she would have been the one to marry big brother Thunder.

Otherwise, how could he have let Zhong Nanyin off so easily?

"I won't,"

Zhong Nanyin mumbled a few words and unconsciously reached out to tug at the corner of Lei kangnian's clothes.

It was an action similar to that of a little girl, but it didn't feel out of place at all.

Lei kangnian sighed and held her hand.

"Uncle Lei, we haven't seen each other for so many years. You're still so young."

Fang Mengran was very sweet-tongued, but as soon as she finished speaking, she heard Lin Hanxing's cold laughter.

"Hehe, uncle Lei?"

Fang Mengran's expression froze, and her face turned ugly.

"Mengran, call me uncle."

It wasn't as if Zhong Xueqing didn't know what her daughter was thinking. She could usually indulge her, but in this kind of situation, she couldn't let anyone find any fault with her.

Fang Mengran pursed her lips, not wanting to scream.

It was as if she was reminding herself that those little thoughts in her heart would always be little thoughts.

"Big brother Lei, I'm sorry. Mengran is overseas all year round, so I can't change the way I address her in such a short time."

Zhong Xueqing's eyes met with Lei kangnian's, her voice filled with melancholy.

"How have you been all these years?"

Lei kangnian didn't even look at her, he only protected Zhong Nanyin in his arms.

"I'll go back to the villa with Yinyin first."

Lei kangnian was talking to Lei Xiao.

Only Zhong Xueqing, who had suddenly turned pale, and Fang Mengran, who was not in the right state of mind, were left.

Lin Hanxing's expression was cold.

In her eyes, Zhong Xueqing and Fang Mengran were indeed mother and daughter, they were all the same.

The dumbfounded Yuan Bao looked here and there.

Lin Hanxing gave him a look. Yuan Bao nodded and ran off with his grandparents.

"Ms. Zhong, let me give you a friendly reminder."

"You're no longer young. You should keep your thoughts in check."

Zhong Xueqing's gaze fell on Lin Hanxing's face and she squinted.

However, before she could say anything, a sinister and ruthless gaze swept over.

Standing behind Lin Hanxing, Lei Qian looked at her expressionlessly, as if he was looking at a dead object.

"Who Do You Think You Are? What right do you have to say that about my mother?"

Fang Mengran couldn't bear to see her mother being humiliated, so she quickly shielded her mother behind her and yelled at Lin Hanxing.

Lei min wanted to step forward, but was stopped by Yan Beichen.

The expression on his face was clearly that he was waiting to watch a good show.

Lin Hanxing was sensitive enough to sense that the man's anger was about to reach its peak. He turned around and casually placed his hand on Lei Xiao's arm, caressing it twice to temporarily stabilize him.

Then, he looked at Fang Mengran sarcastically.

“Am I wrong?”

“Ms. Zhong’s expression of affection and tears in her eyes just now was so pitiful for a young girl in her twenties! But at Mrs. Zhong’s age, there’s only one word to describe it, and that’s ...”

Chapter 362-pretentious

“Pretentious!”

Lin Hanxing laughed, his voice was surprisingly melodious, but the moment he finished speaking, even Zhong Xueqing’s face turned red!

After all these years overseas, Zhong Xueqing had long gotten used to this kind of communication.

After all, foreigners really liked this.

However, he had never expected that after he returned, he would be scolded by a junior for being pretentious!

how could I have forgotten? I guess Ms. Zhong has been abroad for a long time and has forgotten what these four words mean. Why don’t I explain it to you in a more common language? ”

Lin Hanxing’s voice was as sarcastic as it could get.

She was using Zhong Xueqing’s words to exonerate Fang Mengran.

“White Lotus.”

When Lin Hanxing said those three words with a smile, Yan beiming, who was not far away, burst out laughing.

“Little Hanxing,” White Lotus flower “is used to describe young girls, okay?”

Fang Mengran gritted her teeth in hatred.

“Oh, is that so? That should be ...”

Lin Hanxing looked as if he had just realized something.

“Old white Lotus!”

“Shut up!” Fang Mengran screamed, her chest heaving up and down in anger.

Lei Xiao’s face was already extremely cold, waiting for her to court death.

“Miss Lin, you’ve gone too far!”

Zhong Xueqing did not take Lin Hanxing seriously at first, but no woman would like to be pointed at and ridiculed by others. It was also because of this that she looked at her with an unfriendly gaze.

I don’t care if I’m too much or not. It’s your daughter, miss Fang, who needs to be disciplined.

Fang Mengran was already burning with anger, and when she heard this, she was even more furious.

“What did I do?”

“Uncle Lei?”

When these three words came out of Lin Hanxing’s mouth, Fang Mengran felt that it was piercing to her ears.

“Your daughter doesn’t even bother to call me second aunt, but you’re very diligent in calling me uncle Lei!”

Lin Hanxing’s eyes swept over, and Fang Mengran’s heart jumped.

It was as if she had seen through his hidden thoughts.

“When we were at the teahouse, miss Fang accused mother Lei of snatching father Lei away. So many customers heard it! Don’t tell me ...”

The smile on Lin Hanxing’s face disappeared, and his expression became expressionless.

miss Fang, did you always think that father Lei should have married your mother? ”

This sentence was like tearing open Fang Mengran’s veil, making her feel inexplicably ashamed!

In fact, Fang Mengran knew very well that she shouldn’t have thought this way.

Her biological father had been very good to her before he passed away, treating her like a Pearl in his palm. But when she thought of the gap between the Fang family and the Lei family, the strong sense of difference made Fang Mengran secretly fantasize.

“Or perhaps in miss Fang’s heart, you think that the four brothers of the Lei family should be the brothers who hold you in their hands?”

Hearing Lin Hanxing’s words, Yan beiming looked at Fang Mengran in surprise.

No way, this girl had such a thought in her heart?

If that was the case, then her attitude towards Madam and father Lei earlier could be explained, but ...

Wasn’t this too absurd?

“You’re talking nonsense!” Yan Beichen’s gaze made Fang Mengran feel extremely ashamed, and she denied it!

“I was indeed spouting nonsense, but miss Fang did look like she had been exposed.”

Lin Hanxing said coldly. Even his eyes were emotionless.

Sensing that her daughter was about to lose control of her emotions, Zhong Xueqing tried to hint her to calm down.

if others knew about this, I’m afraid they would think that miss Fang’s biological father is not good to you ...

Lin Hanxing's words completely ignited the fire in Fang Mengran's heart ...

Chapter 363: The Lotus bloomed from the water

Fang Mengran was already feeling guilty towards her father. Now that Lin Hanxing had exposed her thoughts in front of Lei Xiao and the others, she was so angry that her eyes were filled with tears!

Before Fang Mengran's father died, he had been most worried about this daughter.

He even specially called her to the hospital bed and gave her a large sum of money behind Zhong Xueqing's back.

She was just afraid that she was used to being extravagant, and if she did something wrong in the future and angered Zhong Xueqing, her allowance would be deducted.

"You're talking nonsense! You're spouting nonsense!"

Guilt suddenly rushed over like a tide, drowning Fang Mengran.

After that, he charged towards Lin Hanxing like a little calf.

Lei Xiao had long been prepared. Just as Fang Mengran was about to approach, he exerted force and pushed her towards the fish pond without a trace, without any pity in his eyes.

There was even some disgust.

He had never thought that Fang Mengran would have such thoughts about the Lei family.

Fang Mengran, who was wearing high heels, slipped and rolled into the fish pond.

Zhong Xueqing was shocked. She wanted to run over and grab her daughter, but she didn't expect to be pulled into the water by the panicked Fang Mengran!

Fang Mengran was still alright, she knew how to swim since she was young.

However, her sudden dive into the water still gave her a shock. She didn't know what she had grabbed, but she was holding it tightly in the water.

Who would have known that the person she had pushed into the water was Zhong Xueqing!

Zhong Xueqing didn't know how to swim, and it was because of this that she was even more panicked than Fang Mengran!

"Help ... Uh ... Help ..."

By the pool, Yan Beichen and Lei min were also looking at the mother and daughter coldly.

As father Lei, mother Lei, and Yuan Bao were not around, they did not have to be afraid of anything.

Lin Hanxing was counting the time in his heart.

When he was about to reach the limit of the human body, he waved his hand in the dark.

Someone quickly ran out of the water and pulled the mother and daughter out of the water, but they only pulled them up and threw them on the shore.

Fang Mengran kept retching and coughing, while Zhong Xueqing was also hanging on to her last breath.

Lin Hanxing walked over and slowly squatted in front of Fang Mengran and Zhong Xueqing.

That exquisite and cold face was magnified in their eyes.

"Today's matter is just a lesson."

Lin Hanxing reached out to brush away the hair that was stuck on Zhong Xueqing's face because she had fallen into the water. Her movements were very gentle, but it gave off a sharp sense of warning, making people shiver all over.

"Ms. Zhong, don't always covet what others have!"

"After all, you may have the life to snatch some good fortune, but you may not have the life to enjoy it!"

Her fingers were slightly cold, and they slid across Zhong Xueqing's well-maintained face.

Lin Hanxing could even feel that she was trembling!

But what did this have to do with her?

The person who had brought the mother and daughter up was still standing on the shore expressionlessly, as if waiting for Lin Hanxing's instructions.

"Send the two of them out of the club."

The other party swiftly carried the mother and daughter on each side of his shoulders.

Zhong Xueqing couldn't control herself and spat out a mouthful of water.

"Without my permission, these two are not allowed to appear here in the future."

Lin Hanxing's domineering commanding tone made everyone's heart skip a beat, and some people were dumbfounded by his words!

Yan beixiao watched as the man took Zhong Xueqing and her daughter away, and his dazed eyes fell on Lin Hanxing.

"Little Hanxing, what you just said ..."

He blinked, his handsome face in disbelief.

Lin Hanxing watched as Zhong Xueqing and her daughter disappeared from his sight, then turned around and looked at him with raised brows.

"Are you the mysterious boss of this Equestrian Club?"

Chapter 364: It was indeed me

After asking, Yan beiming was the first to laugh.

He felt that he was really a little possessed.

How many years ago was this Equestrian Club established? how old was little Hanxing at that time?

Moreover, the land and the interior were the results of real gold and silver. How could she ...

The more he thought about it, the more laughable Yan Beichen felt his thoughts were.

On the other hand, Lei min, who was standing beside Yan beixiao, looked curiously at his sister-in-law, who had obviously been acknowledged by the whole family.

Since the first time they met, he had felt that there was a special aura about his sister-in-law.

It was the kind of aura that was comparable to his big brother, Lei Xiao, and belonged only to those in power.

However, compared to his big brother, he was more vicious.

Lei min's sensitive nerves told him that she must have been through a lot of trials and tribulations.

He was just like his big brother when he had just taken over the Lei group from his father.

Lin Hanxing leaned into Lei Xiao's arms, looking at Yan beiming calmly.

Gradually, Yan Beichen could no longer laugh.

This was because Lin Hanxing was looking at him as if he was looking at a 1.8-meter tall retard.

"It couldn't be ... You, right?"

Yan beiming repeated drily.

"I'm indeed the boss behind this Equestrian Club."

Lin Hanxing did not try to hide anything and spoke in a deep voice.

Yan beiming's expression was frozen, and he subconsciously looked at Lei Xiao.

However, there was no change in Lei Xiao's cold face, which seemed to be carved out of marble. He had obviously known about this long ago!

Not a joke?

Was the boss really little Hanxing?

OMG!

"My titanium alloy dog ears must be blind!"

Yan beiming was about to go crazy.

Although he already knew that little Hanxing's identity was extraordinary, the sudden exposure still caught him off guard.

“Your titanium dog ears can only make you deaf.”

Lin Hanxing couldn't help but tease her. The aura he exuded when facing Zhong Xueqing and her daughter had faded, and his eyes were filled with warmth.

Yan beixiao sneaked up to Lin Hanxing's side and held out five fingers.

tell your brother Yan, can this place earn this much every year ...

He used to come here often, and when he thought about how all this money had gone into little Hanxing's wallet ...

Forget it, I'll just take it as saving money for little Hanxing and ah Xiao's child!

Lin Hanxing smiled but did not say anything.

However, on top of his five fingers, another five fingers were stacked on top of each other.

Yan beiming's eyes widened.

“After tax.” Lin Hanxing quickly added.

Looking at Yan beiming's dumbfounded expression, Lin Hanxing's eyes curved into two crescent moons.

Then, he buried his face in Thunder Valiant's chest.

little cold star, Little star star star star star star star star ... I want to invest, I want to invest!

This was simply opening his eyes and lying down every day, waiting for the money to enter his pocket!

“Alright.” Lin Hanxing actually agreed.

Yan beiming was pleasantly surprised.

“On the 31st of February.”

February this year has already passed. Is it February next year? ”

Yan beiming began to count with his fingers, not realizing that even Lei Xiao's thin lips were curved into a deep arc.

Lei Yu patted Yan beiming's back.

“Sister-in-law means the next life!”

Yan beiming raised his head and looked at Lin Hanxing and Lei Xiao in shock.

“You guys are too bad! I don't want to play with you anymore!”

Yan beixiao shrugged his shoulders, not knowing whether to laugh or cry. He felt extremely wronged.

Lin Hanxing couldn't hold it in any longer and laughed until he fell into Lei Xiao's arms.

Lei Qian looked at Lin Hanxing and suddenly spoke.

“Sister-in-law, you're telling us so directly. Aren't you afraid that we'll leak the news?”

Chapter 365: No outsiders

After all, everyone in Jiang city thought that Lin Hanxing was just an orphan who had been missing for 18 years. She was found by the Lin family but her parents were dead. Even if she was once the Pearl of the Lin family, it was already in the past.

However, no one would have thought that ...

It was this woman, who was mentioned with a sense of pity, who was so powerful that it made people speechless!

“Will you guys?”

Lin Hanxing did not answer and asked a question instead. He looked at second young master Lei.

“Of course I won’t,”

Second young master Lei, who was indifferent and distant in the eyes of others, was smiling helplessly but warmly at the same time.

“You’re the one big brother has acknowledged.”

When Lei min said this, his eyes fell on Lei Xiao.

The deep feelings between brothers were inadvertently revealed between the lines.

“That’s the person that our Lei family is doing our best to protect.”

Lin Hanxing did not seem to expect Lei Yu to say that, and his eyes flickered.

She could feel that the relationship between the Lei brothers was particularly deep.

A family that even had to draw lots to choose a successor for the corporation ...

He would probably have to think about how to write about scheming and scheming before he could write.

moreover, big brother isn’t just a simple big brother. He saved my life before!

Not knowing what he was thinking, Lei min’s expression clearly became heavy.

Yingluo, I’m your big brother. Even if you give me another chance to choose again, I’ll still do the same thing!

This was his big brother!

He was the Big Brother who did everything he could to protect the Lei family, to protect his parents, and to protect his little brother!

If their big brother could do it, then the rest of them could too!

“The Lei family will never betray our own family!”

Lin Hanxing could feel how tight the chest of the man she was leaning against was. He seemed to be holding back his strong feelings, and even Yan beiming's playful expression turned serious.

It was all because Yan beiming knew how much Lei Xiao had sacrificed.

He was worthy of this loyalty!

Lin Hanxing slowly stretched out his hand and held Lei Xiao's large palm.

He seemed to shiver and clasped his fingers together.

"Because there are no outsiders, I have never denied my identity, right?"

Her voice was clear and soft, and it simply dissolved the heavy atmosphere.

Lin Hanxing did not know what had happened back then, but the way Lei Qian looked at Lei Xiao was clearly filled with guilt and self-blame.

It was so heavy that even the air was filled with sorrow.

Lei Yu smiled faintly.

"By the way, aren't you guys curious about Zhong Xueqing and Fang Mengran's sudden appearance?"

Yan beiming suddenly interjected.

When Lin Hanxing heard this, he glanced at Yan beiming.

With just one look, Yan beiming felt the hair on his back stand.

"Little Hanxing, did you already know that they were coming?"

"I'm not a God, how can I predict the future?"

Lin Hanxing rolled his eyes in annoyance.

Furthermore, her parents were both around. She could not possibly let the two of them meet while knowing about Zhong Xueqing's existence.

However, she seemed to have thought of something, and her expression was a little subtle.

Then, he whistled to a place not far away.

The frequency at which Lin Hanxing whistled was very strange, and it piqued the curiosity of Yan beiming and Lei Jing.

The frequency varied, and it was impossible to find the trick.

However, it was obvious that Lin Hanxing was conversing with someone.

This was because after she whistled, a loud and clear whistle followed.

They exchanged information.

The whistle did not last for long. After a pause of about a minute, the other person whistled again. Lin Hanxing's expression changed slightly. It was obvious that he already knew the answer.

"I know why they are here!"

Chapter 366: The president of the bank

Lei min and Yan Beichen were still studying Lin Hanxing's whistle when they heard this. They were stunned.

On the contrary, Lei Xiao accepted his wife's ability faster than anyone else.

"Why?" Yan beiming looked at Lin Hanxing.

the president of River city's xxx bank brought his daughter and granddaughter here for a vacation.

"What?" Yan beiming still did not understand.

Jiang city's xxx bank is a regular partnership between the he and su families. It provides loans to these two families all year round.

Thunder Valiant's deep voice suddenly interjected.

Yan Beichen's expression froze for a moment, then he immediately understood the key point.

The family affairs of the president of Jiang city's xxx bank could not be finished even after three days and three nights.

This President was born into a red family. Because she was an only daughter, she had developed a Swift and decisive character from a young age. After working, she also smoothly sat in the leadership position and did not suffer much in her life.

However, her only miscalculation was her daughter.

A year ago, the bank president's daughter had married her college classmate despite her objection.

His husband's words now made him a complete Phoenix.

A few months ago, the president was promoted to grandmother.

It was supposed to be a happy event, but those who were close to her found that not only was there no joy on her face, but she was often angry. When the people around him asked, they immediately understood.

Her daughter's mother-in-law was here.

There were already differences in their lifestyles, and coupled with their incompatible living habits, a small quarrel every three days and a big quarrel every five days was already a common occurrence.

A woman who had just given birth was extremely sensitive and suspicious, and even her own mother was worried.

In fact, the main problem was that ...

He had a girl.

Two days ago, someone found out that the president's daughter had brought her child back home. The president, who had never taken a break, had taken a rare leave of absence and brought his daughter to Y. R. After all, it was not only a Equestrian Club but also a holiday resort.

"It seems like Zhong Xueqing has come at the wrong time."

Lin Hanxing's lips curled up slightly, and Yan beixiao's eyes made his hair stand on end.

"Yan beiming, you and second young master Lei should return to the villa first."

if you need anything, contact the villa's butler. He's on standby 24/7.

With that, Lin Hanxing turned around and raised his eyebrows to meet Lei Xiao's eyes.

The two of them didn't need to say anything more, but they already understood each other's intentions.

"Let's go and meet this branch president!"

Perhaps, there might be some unexpected gains.

.....

The entire Equestrian Club covered an area of 100 acres.

There was a shuttle bus going through the club so that the guests could enjoy every corner of the club.

When Lin Hanxing and Lei Xiao saw the bank President, they were still some distance away.

However, even from a distance, Lin Hanxing could still feel the intensity of the mother and daughter's argument.

It was said that children were the enemies of their parents in their previous lives. If this was the case for this mother and daughter, Lin Hanxing really felt that this saying was true.

Sensing that someone was approaching, the branch manager took a deep breath and turned around with a sullen expression.

His expression instantly froze.

Even his anger had dissipated a lot.

Was this the president of the Lei group, Lei Xiao?

According to rumors, he was a man who did not get close to women, to the point that people suspected he was GAY.

But who was the woman beside him?

The branch manager tried to figure it out, but before she could say anything, her daughter behind her had already thrown the teapot in front of her on the ground. With a loud bang, the baby who had just fallen asleep was jolted awake and started crying.

The scene was a little chaotic.

Chapter 367: suicide

“Gao Zhi’s family hates me, and so do you. Do you also want me to die before you’re happy?”

As if she had not heard the baby’s cry, the branch president’s daughter’s voice was so sharp that it broke. She did not show any mercy to her mother in front of outsiders.

Her usual elegance was nowhere to be seen. Her exposed wrists were withered and her eyes were gloomy.

“Back then, I didn’t allow you to get married. I didn’t allow you to get married, but you were the one who insisted on marrying that Gao Zhi! I’ve raised you for so many years, but you’ve never even drunk a cup of water that you poured for yourself. Yet, you’re so submissive to your mother-in-law and let her bully you. You don’t even have the ability to fight back!”

The president was so angry at his daughter that he couldn’t even care less about the angry shouts of the outsiders!

“I’ve been strong all my life, but because of you, I’ve lost all my face. I can’t even lift my head in front of my relatives and friends, but you only think about that Gao Zhi every day. Can you face me and your father?”

The teapot that had been thrown on the ground was like a fuse that ignited all the conflicts between the mother and daughter.

“If you really want to die, there’s a man-made lake over there. Jump into it quickly and die a clean death, so that your father and I won’t be dragged down by your husband’s family at our age!”

The president was so angry that he didn’t know what to say. He didn’t notice that his daughter’s face had turned pale in an instant!

“You want me to die?”

Lin Hanxing’s expression changed slightly when he heard this. He was sensitive enough to sense something from these four words. However, before he could react, he saw the president’s daughter sneer, carry her crying daughter in the cradle, and run towards the man-made lake.

Everything had happened so suddenly that the branch manager had not yet reacted.

His expression was dull!

Meanwhile, Lin Hanxing’s lips were tensed and his whole body was like an arrow that had left the bow!

“Thunder valiant, my child!”

She could guarantee that she would be able to save one of them immediately, but she could not guarantee that the child would be safe!

With these words, the Thunder valiant beast made its move!

The time difference between the three consecutive thuds of him falling into the water was definitely no more than two seconds.

It was only then that the bank President let out a scream and stumbled towards the man-made lake.

The staff ran out when they heard the strange noise and arranged for the rescue in an orderly manner.

However, before they could enter the water, they heard two splashing sounds and someone came out of the artificial lake!

Lin Hanxing came out of the water almost at the same time as Lei Xiao.

Lei min was expressionless as he carried the child in his arms. After making sure that Lin Hanxing had come out of the water with him, he swam towards the shore.

Lin Hanxing carried the president's daughter in his arms.

Although he had only been in the water for a short time, he had lost consciousness because he had been seeking death.

After handing the child over to the staff, Lei Xiao propped himself up with one hand on the shore and suddenly stood up.

Lin Hanxing swam over skillfully, his delicate little face cold and frosty, as if he was holding back his anger. After soaking in the water, his black hair stuck to his body, and even his long eyelashes seemed to be covered with water vapor, each and every one of them distinct.

The president of the bank rushed over and cried while holding his daughter and granddaughter in shock.

Lin Hanxing panted slightly as he supported himself with one hand against the artificial lake.

The water droplets slowly slid down her face.

Before Lin Hanxing could get out of the water, a pair of strong arms that were still dripping with water lifted her up from the water.

With a crash, Lin Hanxing fell into Lei Xiao's arms.

The Starry Gray dress she was wearing was completely soaked by the water and stuck to her exquisite and graceful figure. Her neckline and shoulders revealed large areas of her white snow-white skin. Fortunately, her long hair covered it, so she was not exposed!

As if he sensed the gazes of others, Lei Xiao's cold and ruthless eyes swept over everyone, his warning obvious.

The bystanders were so scared that they didn't even dare to breathe.

Lei Xiao took the large white bath towel from the female staff and carefully wrapped it around Lin Hanxing!

Chapter 368: I'll fulfill your wish

He hugged her in front of his chest.

Water droplets flowed down Thunder owl's cold and straight nose and spread to his tightened thin lips.

His eyes were pitch-black and bottomless.

Even though he didn't say anything, anyone with eyes could feel the hidden anger in his bones.

No one dared to speak.

Even his breathing was deliberately slowed down.

Lin Hanxing's eyes fell on the president's daughter, who was slowly waking up. The corners of his eyes and the tip of his brows were dyed with coldness.

"You want me to die! Who needs you to save me! I'm going to die!"

The president's daughter had a mental breakdown, crying and screaming.

The president held his granddaughter in one hand and his daughter in the other. He could take care of one side but not the other.

For a time, he was in a terrible fix.

"Do you want to die?"

Suddenly, a cold female voice interjected.

It was as if ice water had been poured over their hearts.

"Alright, I'll fulfill your wish!"

As he said this, Lin Hanxing, who was originally in Lei Xiao's arms, suddenly came to the front of the branch president and her daughter.

Her fair and delicate hand grabbed Wan Li and pulled the branch president's daughter out of his arms. He ignored her struggle and forcefully pulled her back to the man-made lake!

Lin Hanxing was rarely this angry.

There were only a few conditions that could touch her reverse scale.

But the child was definitely one of them!

The branch manager carried his granddaughter and wanted to chase after her, but he was stopped by Lei Xiao, who was still drenched.

"President Lei, what are you doing?"

The branch manager was shocked. Just now, his anger had pushed away his rationality and he had even forgotten that Thunder valiant beast was still here.

Now that things had turned out like this, she only felt that she had no face.

Lei Xiao turned a deaf ear, and the staff around him who received the order also stood still.

At that moment, everyone watched as Lin Hanxing brought the president's daughter to the man-made lake and pressed her body down again!

The president's daughter had not yet recovered from the shock of falling into the water the last time, and her hands and feet were weak and cold.

His entire body was under Lin Hanxing's control, and his eyes were filled with fear and panic.

However, before she could react, Lin Hanxing kicked her in the knee and she knelt down!

you ... the president's daughter only had time to say this one word before her entire upper body was forcefully pressed back into the artificial lake. Water immediately gushed into her mouth and nose!

"What are you doing!" The branch president was shocked!

The Thunder valiant beast in front of her was like a majestic mountain. No matter how hard she tried to break through the blockade, she could not find the key point!

The staff members around him stood in the distance and remained silent.

Lin Hanxing was expressionless as he counted the time in his heart.

He took into account the president's daughter's weak physical condition and pulled her out of the water within the limits of the human body.

However, it only gave her time to catch her breath. Before long, the president's daughter was pushed into the water again.

Over and over again, back and forth!

Obviously, she wanted to struggle, but Lin Hanxing's strength did not give her the chance to do so!

He could only be forced to drown!

This happened a few times in a row until the last bit of strength in her body was exhausted. Lin Hanxing pulled her out of the water with a cold face, but she still held her tightly in her fair palm. As the branch president's daughter fell to the ground, she also squatted down!

"Look at what you look like now!"

Lin Hanxing grabbed her long hair and pushed the president's daughter into the water again.

But this time, he didn't push her into the water. He only used the clear reflection of the artificial lake to let her see herself clearly!

The ripples on the surface of the lake gradually receded. It was so clear that one could see the bottom. Of course, one could also clearly see the human face on it.

When the president's daughter saw her face, her eyes widened!

Chapter 369: This is who you are

She couldn't believe that the disheveled-looking woman in the reflection of the lake was actually herself!

She had not yet lost the weight that she had gained from childbirth, and her face was full of the pestering and Shrew that she despised the most in the past. She did not look like a socialite at all!

She couldn't remember how long it had been since she last put on makeup. Even her clothes had been changed into cheap street goods under her mother-in-law's brainwashing.

Because of this, her mother had a big fight with her.

"No, this isn't me!" As her rationality slowly returned, the branch president's daughter subconsciously wanted to cover her face!

"Did you see clearly?"

Lin Hanxing's cold voice was flat as his reflection fell into the water.

It was like an exquisite face that could be painstakingly created by a craftsman in the past. When compared with the president's daughter, it made the president's daughter subconsciously want to step back, as if she was avoiding looking at herself!

Lin Hanxing then pulled her up from the ground and forced her to look into his eyes!

Then, he slapped the other party's face!

you're immersed in the fantasy of trivial life, and even your parents are worried about you. You want them to bear the pain of seeing their children die at their age. You're unfilial!

Another slap!

you wanted to die, and in your anger, you didn't even let your daughter go. You gave birth to her, but she didn't belong to you. You have no compassion for other people's lives, and that's unkind!

Another slap!

"You want to die, but have you ever thought about what kind of rumors your parents will have to suffer? Have you ever thought about how much trouble your actions will bring to others? your way of doing things is ridiculous and funny, making people laugh at you is great injustice!"

Lin Hanxing's voice was calm and intimidating.

Even though her entire body was drenched, even though the hem of her skirt was still dripping with water, it could not hide her powerful aura.

It made people respect him from the bottom of their hearts!

The surroundings were silent. No one spoke, and even the sound of breathing had slowed to a point where it could not be heard.

Even the branch president, who was being held back by the Thunder valiant beast, stopped struggling and stared at the two people not far away.

“This is who you are!”

his thoughts are childish and comical, and his actions are absurd and laughable!

The sonorous and powerful voice made the president’s daughter feel even more embarrassed than the slap on her face just now.

However, the woman with the swollen face in front of her only stared at Lin Hanxing in a daze, her eyes gradually turning red.

Her mind was filled with her reflection in the man-made lake, all the grievances she had suffered after her mother-in-law came, and all the willfulness she had when she insisted on marrying despite everyone’s opposition!

The more he thought about it, the more the negative emotions hidden in his heart showed signs of gushing out.

I ... she wanted to say something, but the words at the tip of her tongue turned into whimpers, and she couldn’t control herself in an instant.

Lin Hanxing released the president’s daughter.

Her body fell limply to the ground, and she couldn’t even stand.

With a wailing sound, her cries resounded through the clouds.

It was as if he wanted to vent all the sadness he had been feeling these days.

The branch president, whose heart was already in his throat, felt a thump as if a huge rock had been lifted off his chest.

In the past few days, she had not cried, laughed, eaten, or drank anything. No one knew what she was thinking.

It’s good that she can cry. If she can vent it out, she won’t go to the extreme anymore!

Just as she was thinking about this, she saw her daughter’s emotional voice suddenly stop, she pulled on Lin Hanxing’s skirt and fainted!

She turned pale with fright and ran over in a hurry.

There was a shadow that was even faster than her, and it was running towards Lin Hanxing!

Chapter 370: Do not move

Lin Hanxing’s clothes were already sticking to her delicate figure when she fell into the water. When the president’s daughter grabbed the hem of her dress, the perfect white curve of her neckline was even more looming. Although she reached out to cover it reflexively, it could not be compared to the speed at which the bath towel wrapped her again!

Lei Xiao’s nearly 1.9-meter tall body firmly enveloped Lin Hanxing in his shadow.

“Don’t move,” His deep voice contained suppressed anger.

Before Lin Hanxing could regain his senses, Lei Xiao had already squatted down, his eyes sweeping over the hem of her skirt that was being tightly held by the branch president’s daughter.

The president was worried about her daughter’s condition, but with Lei Xiao’s status, even she did not dare to act rashly. The man’s cold expression was terrifying!

Just as she was thinking about this, she suddenly heard a Chila sound.

The branch manager watched as Lei Xiao tore the skirt that his daughter was holding with his bare hands!

Dumbfounded!

Lin Hanxing closed her eyes, feeling a headache coming on. If she had known what would happen today, she would never have worn this dress.

She had ordered it less than half a month ago, and this was the first time she was wearing it.

It was almost rudely destroyed by the Thunder valiant beast.

“It’s done,” It was obvious that the man did not feel apologetic for destroying her dress.

He maintained his half-squatting position and looked up at Lin Hanxing.

He was like a little wolfdog waiting for its reward.

Lin Hanxing held back the heartache of his new dress being ruined and reached out to rub Lei Xiao’s head.

“Mr. Lei ... Why don’t this young lady come back with me to change her clothes?”

The president hurriedly arranged for someone to send his daughter and granddaughter back. After some hesitation, he turned around and spoke to the man who seemed extremely cold to outsiders. After all, this lady was only ... Because of her daughter and granddaughter ...

Just as Lei Xiao was about to refuse, he was interrupted by Lin Hanxing.

“Then I’ll have to trouble you.”

Thunder owl’s deep expression paused, and he looked at her.

Lin Hanxing’s eyes were fixed on the baby who had been crying since a while ago, deep in thought ...

.....

The villa where the president lived was not far from the Lei family’s Villa.

Lin Hanxing took advantage of the president’s private butler to invite the doctor over and ordered the news to be blocked.

No one else would know what had happened at the man-made lake.

The reason why Y.R. Was able to become an entertainment venue comparable to the count of Starlight in Rivertown was because of its unique environment and the extreme confidentiality.

There was once a celebrity who would spend a huge sum of money here on every date to avoid their relationship being exposed. No matter how the paparazzi tried to sneak a photo of first-hand information, they couldn't find a way.

The media had once commented on Y R's employees like this.

All of them seemed to have received professional anti-reconnaissance training.

Even with a huge sum of money, it could not shake his loyalty to the mysterious boss behind the scenes.

After changing his clothes, Lin Hanxing came out of his room.

Lei Xiao was already waiting downstairs.

The baby's cries did not stop. He changed out of his wet clothes and wrapped himself in a thin blanket.

Her little hand struggled and seemed to reach out to Lei Xiao.

Lin Hanxing stood in the corner and did not move. He looked at the big and small pair downstairs.

But the cold-looking Thunder valiant beast suddenly leaned closer to the baby.

Then, he reached out his long fingers and poked the child's face.

His deep eyes were filled with curiosity.

Lin Hanxing could not help but chuckle.

Even though the sound was very soft, it was still caught by the sensitive man.

The moment he raised his head, he accurately captured Lin Hanxing's position.

The moment their eyes met, he seemed to know that she had seen his actions just now, and he pursed his thin lips.
