

## Goodnight 371

### Chapter 371: Sensing something strange

Lin Hanxing walked down the stairs.

The lake blue long dress on her body, which reached her ankles, fluttered along with her movements. The sleeveless design of the collar, which was like a cheongsam, made her upper body look slimmer, and people who looked at her couldn't even bear to blink.

When Lin Hanxing walked in front of him, Lei Xiao subconsciously raised his hand and touched the buckle on her neck.

His rough fingers ran across the dark lines on the dress. He clearly liked Lin Hanxing's dress.

"She's been crying."

Thunder valiant beast suddenly spoke, frowning.

He could remain calm about business problems worth hundreds of billions of dollars, but he could not understand why babies would cry.

It was not known if the president trusted Lei Xiao, but the president stayed in his daughter's room with the housekeeper and doctor, leaving his granddaughter, who had changed her clothes, in front of Lei Xiao.

Before Lin Hanxing changed his clothes and came down, it was this pair of big and small eyes that were staring at each other.

"Are you hungry? Or should I change my diaper?"

Lin Hanxing said as he bent down to pick up the soft baby, as if he was going to pull off her little clothes.

Her movements were also rusty, but she was still much better than the Thunder valiant beast.

"I don't know," Thunder valiant beast pursed his thin lips.

However, when he saw Lin Hanxing holding the baby, he couldn't help but think that if he had a baby with Lin Hanxing ...

Suddenly, Lin Hanxing's expression changed.

Even the aura around him was not quite right.

Sensing this, Lei Xiao collected his thoughts and raised his head to look at her.

At this time, Lin Hanxing had just undid the baby's clothes, but she saw her gently put the baby back on the sofa. In the midst of crying, she helped the baby turn over and stared at her round butt.

Lin Hanxing's brows furrowed even more as his fingers lightly touched the baby's smooth skin. His eyes were cold.

"What's wrong?" Thunder valiant beast asked.

Lin Hanxing did not say anything. He just gently gathered the baby girl's clothes and quickly walked upstairs!

Thunder valiant followed closely behind.

She walked very quickly and pushed the door open with a bang when she arrived at the president's daughter's room.

The person in the bedroom turned around in shock.

"Does she cry often?" Lin Hanxing held the child in his arms, his eyes staring straight at the bank President.

After a long while, the branch manager finally realized that she was asking about the child.

"Yes, often." At first, he thought that it was because he was hungry or because his diapers were dirty, but he soon realized that it was not the case.

She originally wanted to hug and coax the child, but the more she hugged and coaxed the child, the more she cried.

The branch manager had originally wanted to bring his granddaughter to the hospital for a check-up after meeting with Zhong Xueqing today. However, he did not expect that Zhong Xueqing would not come. Instead, he had quarreled with his daughter. If not for President Lei and this lady in front of him ...

The consequences would be unimaginable!

Lin Hanxing lowered his head and looked at the baby girl's face, not saying a word.

The branch president's daughter, who was lying on the bed and had just been injected with an IV, gradually woke up. When she saw her daughter in Lin Hanxing's arms, her tears were about to fall.

"Who's usually in charge of taking care of children at home?"

When Lin Hanxing raised his head again, he looked at the president's daughter with a cold gaze.

It was a feeling of power without anger.

As soon as this question was asked, everyone present felt that something was wrong.

"What happened?"

The branch manager stood up from his daughter's bed and looked at Lin Hanxing in confusion.

"I'm asking you a question!" Lin Hanxing's gaze went past the president and landed on her daughter's pale face.

"Most of them are mine ... Occasionally ... My mother-in-law will bring them."

The president's daughter did not know what was going on, but she still spoke weakly.

The baby seemed to be tired from crying. His little face was red, and his little hands and feet kept scratching.

“Thunder valiant.”

Suddenly, she called his name.

“Yes.”

“Call the police.”

As soon as these words came out, everyone was shocked!

### **Chapter 372: I smashed it**

Jiang City Women’s and Children’s Hospital, radiology department

The hospital corridor was eerily quiet because of the police blockade.

Before he came, the president of the bank had called the director of the Women and Children’s Hospital.

After a simple examination in the emergency department, the director of the radiology department personally scanned the baby and gave him the green light all the way.

In the quiet atmosphere, the president’s daughter leaned into the president’s arms and sobbed.

Lin Hanxing, on the other hand, was sitting alone on a bench in the middle of the light and shadow. His eyes were closed as if he was resting.

Her eyes were bright and her teeth were white.

She had a Jade belt on her slender waist, and she looked graceful and clear.

When Lei Xiao walked over with a cup of hot drink and saw her from afar.

Suddenly, the sixteen words used by his second brother, Lei Jing, to evaluate a certain peerless ancient beauty painting appeared in his mind.

Lin Hanxing opened his eyes when he sensed Lei Xiao’s approach.

A cup of hot bull was handed over.

“This is the only one nearby.”

Lin Hanxing held it in his hand and took a sip to warm his uncomfortable lower abdomen.

Suddenly, the president’s daughter stood up.

Even people who were not related to her could feel the anger that was enough to extinguish her.

Her mother couldn’t stop her for a while.

Lin Hanxing looked up and saw a mother and son walking over from the end of the corridor.

His mother's cheekbones were protruding, and her face was devoid of flesh. She had a mean look.

His son was wearing gold-rimmed glasses and a suit, looking very refined.

The president's daughter pounced on the old lady like a lunatic.

"I won't let you off!"

The old lady was not aware of it and her face was scratched twice. She immediately covered her face and fell to the ground, wailing!

"What are you doing!" Takashi grabbed the wrist of the president's daughter, and his face was extremely ugly!

As soon as he finished speaking, he was slapped twice in the face!

"You're crazy!"

His gold-rimmed glasses were knocked to the ground by the president's daughter.

Seeing her son being humiliated, the old lady seemed to have exploded. She quickly got up from the ground and bared her fangs and brandished her claws.

However, before she could get close, a cup of hot Minami was smashed on her face.

With a bang, the White liquid splashed everywhere.

The old lady was stunned and could not react for a long time.

Even her son, who was standing beside her and controlling her wife's hands, suffered.

"Who did it?"

Gao Zhi roared, his face red.

"I did it." A cold voice came from not far away.

It was only then that Gao Zhi realized that there were two people standing beside his mother-in-law.

The man and woman looked like a couple of models that had walked out of a magazine. In fact, they were a thousand times better looking than the ones in the magazine.

"What right do you have to hit my son!"

The old lady raised her voice and glared at Lin Hanxing.

"You're mistaken." Before she could say anything else, Lin Hanxing looked at her coldly.

The old lady was stunned.

"I'm smashing you,"

As soon as these words were spoken, the entire place fell silent.

When the police officer beside him heard that, he pursed his lips and held back his laughter.

Such a direct face-smacking was really not leaving any face for others.

“You ...”

“But since you’ve asked so sincerely, it doesn’t seem right if I don’t do anything.”

After Lin Hanxing finished speaking, he walked to Gao Zhi expressionlessly.

He had saved the wrist of the bank president’s daughter from his hands.

Lin Hanxing was dressed in Lake Blue, and Gao Zhi’s eyes were fixed on him. He didn’t notice how she easily resolved the force of his hand.

“Have you seen enough?”

Lin Hanxing’s lips curved into a smile, while Lei Xiao’s eyes turned cold.

A cold chill spread from his bones.

Gao Zhi suddenly came to his senses, but before he could react, he heard a loud slap ...

Lin Hanxing gave him a tight slap.

She didn’t even look at him after she was done. She only tilted her head and raised her eyebrows at the old lady.

“Are you satisfied?”

The sudden change caught everyone off guard. Even the president’s daughter turned to look at Lin Hanxing in a daze.

She had slapped the couple’s faces today!

### **Chapter 373: The results of the examination**

When the old lady came back to her senses, she was furious and anxious.

He took a few quick steps towards Lin Hanxing, but before he could touch her, a huge shadow had already covered her.

Lin Hanxing only felt a tight grip on his wrist, and in the next second, he was pulled into Lei Xiao’s arms.

“I dare you to touch her!”

Lei Xiao held the back of Lin Hanxing’s head with one hand. His gaze fell on the old lady’s face, causing her to shiver in fear.

how dare you talk to me like that? do you know who my son is? ”

When Lin Hanxing, who was in Lei Xiao’s arms, heard this, he could not help but chuckle.

In a place like Jiang city, there was actually someone who dared to ask Lei Xiao this question.

She was amused by the old lady's courage.

"Who is your son?"

Lin Hanxing poked his head out and could not help but want to hear her answer.

"Have you heard of the Lei Corporation? My son is the manager of the Lei Corporation!"

The old lady's words made the president and the president's daughter, who knew of Lei Xiao's identity, feel embarrassed.

This was especially true for the president's daughter. She knew that her mother-in-law was extremely vain and often talked about Gao Zhi's position in the Lei Corporation. After all, it was a great honor to be able to work in the Lei Corporation in Jiangcheng!

But who was the person in front of her now?

Thunder valiant beast!

The head of the four sons of the Lei family, Lei Xiao!

The entire Lei Corporation was his!

Wasn't this the same as getting a big axe in front of Lu ban's door?

Lin Hanxing shook his head and laughed. He did not even recognize Lei Xiao when he was standing in front of the man, so he must not be a particularly high-ranked manager.

"Do you know who I am?"

The Thunder valiant beast's gloomy voice resounded, bringing with it a sinister whirlwind.

The old lady was stunned and could not speak for a long time.

As if he felt that he had lost face, he actually laid down on the ground with the help of his weak legs and started rolling around and making a scene.

"Bullying people, there's no justice in this world!"

The president's daughter weakly buried her head in her mother's arms. How had she been fooled by this old lady in the past?

Takashi also felt embarrassed. Just as he was about to reach out and pull his mother up from the ground, the door of the radiation room was pushed open.

The director of the radiology department walked out with a grave expression.

"Wait for two minutes. The X-ray will be out soon."

The director of the radiology department did not seem to notice the old lady on the ground. He only looked at the president with a hesitant look in his eyes.

They had been friends for many years. When he saw that look, the president's head buzzed.

Was there really a problem?

"Who discovered it first?" The director of the radiology department took off his mask and revealed his face.

"It's me."

Lin Hanxing's calm voice interrupted.

"Little girl, you have sharp senses."

The director of the radiology department glanced at the police not far away. She had even called the police, so she obviously knew what was going on.

Lin Hanxing did not respond.

"What happened to Yingluo?"

Gao Zhi pulled the old lady up from the ground and walked to his wife's side.

He looked nervous.

However, he saw that his wife was looking at him with such a strange gaze, without the obedience she had in the past.

then, don't cry, old lady. Leave the child to the caretaker. Even the police, come with me to the office.

After he finished speaking, the director of the radiology department walked forward.

They had just reached the office door when the nurse arrived with the X-ray in her hand.

Obviously, the results of the examination were out.

"Let's take a look."

He took out the CT scan and waved it around so that everyone present could see it clearly.

When he saw it clearly, the branch manager's eyes suddenly widened and turned red.

He finally knew why that woman wanted President Lei to call the police.

This was because from the time the child was sent to the hospital until now, the results of the X-ray were out. The police's record could be used as first-hand evidence!

#### **Chapter 374: Who was it exactly?**

"Did you see clearly?"

The expression of the Department Director of the radiology department was very serious, and one could even say that he was secretly angry.

"There are needle-like metal foreign objects in the buttocks, abdominal cavity, pelvis, liver, spleen, and peritoneum!"

“There are so many organs involved, and the distribution is so wide. I think it’s necessary for the police to get involved in the investigation!”

Lin Hanxing was expressionless. It was just as she had expected.

When she had picked up the baby girl in the villa, she had noticed that there were a few red spots under the baby girl’s buttocks that were slightly inflamed after being soaked in water. With her experience of traveling with aunt Mian all those years, she had noticed that something was wrong almost instantly.

That was how he got Lei Xiao to call the police.

Just as everyone’s attention was focused on the CT scan, Lin Hanxing suddenly felt Lei Xiao nudging her.

She raised her head discreetly, only to see him looking somewhere with his eyes.

Lin Hanxing followed her gaze and looked over, his eyes narrowing slightly.

She poked Lei Xiao with her finger, looked at him, and whispered a few words.

The Thunder valiant beast didn’t move, but his eyes swept over her hand and then his lower body.

Then, he expressionlessly made a two with his finger.

Last night, she was already exhausted after doing it once, but he still felt that it was not enough!

Lin Hanxing glared at him.

Being glared at, Lei Xiao’s face was filled with an almost inaudible grievance. He turned around and went out to make a phone call.

He returned in less than half a minute.

“Within half an hour.”

He spoke in a low voice that only the two of them could hear.

Lin Hanxing did not say anything.

In fact, at this point, she could leave with Lei Xiao.

However, Lin Hanxing’s eyes turned cold when he thought about the baby girl.

She hated meddling in other people’s business.

However, it was an exception when it came to children.

The other people in the office naturally didn’t notice the small actions between the two.

“It’s you! It’s you, isn’t it!”

The bank president’s daughter recovered from her shock and rushed toward her mother-in-law in a fluster!

The mother-in-law seemed to have thought of something, and her eyes dodged her gaze. She subconsciously looked at her son, Gao Zhi.

Takashi's face was ashen, and he seemed to have thought of something.

"Just because Yingluo isn't my son, you're so cruel. I'll kill you!"

After she finished speaking, the president's daughter, who had already lost control of her emotions, picked up the letter opener from her pencil case and was about to stab the old lady!

Everyone present was shocked!

However, before he could get close, he was already closed in by a Lake Blue color!

No one saw how she did it. They only saw Lin Hanxing easily snatch the letter opener from the woman's hand with a cold face, and with a swish ...

The knife brushed past Gao Zhi's face and stabbed into the snow-white wall!

"You're crazy! Police comrades, you have all seen it. This woman wants to kill me! You guys, arrest her!"

The old lady jumped three feet high and hid behind her son. She was so scared that her hands were trembling.

"Half an hour!"

Lin Hanxing did not even look at the old lady. His gaze went past the president's daughter and landed on the president's face.

His words were directed at the president's daughter.

"If you want to know the answer, I'll give it to you in half an hour!"

but no one is allowed to leave during this half an hour. All of you are to stay here!

Lin Hanxing said as he looked at Gao Zhitong's mother.

"What did you two think of at the same time just now?"

As if they didn't expect their thoughts to be seen through, the expressions on their faces were not good.

Just as he was about to deny it, he saw the woman standing not far away laugh.

The mockery in his smile could not be more obvious.

"Don't bother to find an excuse to hide anything. I'm not interested in listening."

Lin Hanxing pulled a chair over and sat down elegantly and slowly.

"Let's wait. When the time is up, everything will be clear!"

### **Chapter 375: How interesting**

Her aura was too strong, and no one could say a word when she glanced at them.

It was only then that the president began to size up the woman in front of him.

When they first met at Y. R., The president first saw Lei Xiao, and then noticed that there was a woman beside him.

He didn't have time to think much before something happened to his daughter.

Based on her connections in Jiang city, she was certain that she had never seen this woman before.

But ...

The reason why the president could get to his current position was not only because of his family background, but also because he had good judgment!

What was the Thunder valiant beast's identity?

To be able to stand beside him without being covered by his cold aura, just based on this point ...

This woman was definitely not an ordinary person!

Lei Xiao walked to Lin Hanxing and stretched out his hand. His large palm casually landed on the back of the chair, and he supported his wife with a strong posture.

"Good! Half an hour, we can afford to wait!"

The president gave a decisive order. The expressions of her son-in-law and in-laws made her feel that things were not as simple as she had thought.

At least after the doctor finished, the shock on their faces was real.

Lin Hanxing glanced at the branch manager, then closed his eyes and stopped talking.

She was a smart person.

The president's daughter perked up to discuss the treatment plan with the doctor, but her mother-in-law avoided the president's sharp gaze. She no longer had the arrogance and trickery she had at the beginning.

Time passed by ...

A series of knocks suddenly came from outside.

Lin Hanxing raised his hand and looked at his watch.

Twenty-five minutes, five minutes earlier than expected.

"Enter." Thunder Valiant's deep voice rang out.

The door was pushed open from the outside.

When Special Assistant Anthony's face appeared in front of everyone, the first one to show shock was the son-in-law of the bank President, Gao Zhi.

She widened her eyes and looked at the president's Special Assistant, who she usually saw the most. She obviously didn't understand why he was here.

"Mr. Ray, miss Lin."

Anthony smiled as usual, but he had already done the task that Thunder valiant had given him.

After greeting him respectfully, he asked the person outside to bring him in.

A woman was brought in by Lei Xiao's men and thrown to the ground.

There was a loud bang.

Anthony walked up to Thunder valiant and handed him the investigation report with both hands.

However, Lei Xiao only glanced at Lin Hanxing, and Anthony immediately understood.

He then handed the information to Lin Hanxing.

Lin Hanxing smiled at him and took it.

"What's the meaning of this?"

The president's daughter got up and looked at her nanny, who was lying on the ground.

Her mother-in-law had brought this hairpin from her hometown. She said that it was deft, and the president's daughter usually asked her to clean the house for her mother-in-law's sake. However, she did not expect that this hairpin, which seemed to be reticent, would clean the house without any sloppiness.

At first, the president's daughter was a little reluctant to stay, but in the end, she really did have the intention to keep her as a long-term worker.

The mission was completed, and Anthony stood behind Thunder valiant.

They were ready to watch the show.

Only God knew how much of a gossip he had under his serious face.

Lin Hanxing lowered his head and flipped through the information. From time to time, he looked at Gao Zhi with a faint smile on the corner of his mouth.

When Gao Zhi first saw Anthony, he was confused, as if he had seen him before.

When she heard him call that man Mr. Lei, she felt a chill down her spine. When Lin Hanxing's eyes swept over her, she clenched her fists.

It was a subconscious defensive action.

"Your family is really interesting!"

Lin Hanxing slammed the documents in his hand shut, his expression was very thought-provoking.

### **Chapter 376: Everyone has secrets**

Upon hearing this, Gao Zhi's heart skipped a beat.

"I don't need to introduce her, do I?"

Lin Hanxing was still sitting on the wooden chair, and her fair finger pointed at the woman who had been thrown to the ground with her head lowered.

How could the nanny not recognize him?

“What if I ask you to guess how old she is?”

Lin Hanxing turned to look at the president, and what he said stunned everyone.

Guess how old the nanny is?

Wasn't this question a little too ridiculous?

For a moment, no one spoke. Lin Hanxing did not feel embarrassed. His fair little face was calm, and it was confusing.

I asked him before and he said 36.

The president's daughter had an inexplicable sense of respect for Lin Hanxing. She calmed herself down and spoke.

“What if I tell you that she's only twenty-four this year?”

She was even younger than her.

As soon as she said that, everyone except Gao Zhi and his mother widened their eyes in shock when they saw the woman lying on the ground.

24?

How was that possible?

As if sensing the shocked expressions of the people around her, the woman on the ground lowered her head even more.

Yellow hair, thin wrinkles at the corners of his eyes, and rough skin on his hands. He didn't look like he was 24!

“What's going on?”

Even the experienced Branch Manager could not recover from the shock.

He couldn't think of any direct connection between her mentioning the nanny's age and Yingying being pricked by needles.

“I'm afraid you'll have to ask your good in-laws about this.”

Over the years, Lin Hanxing had received countless missions and naturally had seen all kinds of human relationships.

However, none of them were more interesting than this.

“I don't understand what you're saying!” The old lady wanted to make a scene again to quibble.

“I'm his wife!”

However, the woman who was kneeling on the ground could no longer stand the years of hiding. She pointed her rough fingers at Gao Zhi, scaring the old lady so much that she stepped forward and held her down.

“What nonsense are you talking about!”

The glass of water in the president’s daughter’s hand fell to the ground.

The president’s face instantly turned ashen, but she quickly reacted and looked at the embarrassed doctor. The latter quickly made an excuse and went out!

“I’m not talking nonsense! I’m Gao Zhi’s wife!”

The nanny’s eyes were filled with tears. Her eyes were filled with unwillingness as she glared at the president’s daughter!

“What kind of wife are you without a marriage certificate?”

Old Mrs. Han was so anxious that she let it slip!

“Oh, we didn’t get our marriage certificate.” Lin Hanxing smiled coldly.

The old lady flew into a rage when she heard those words. She was about to start cursing at Lin Hanxing.

However, under Lei Xiao’s cold gaze, she deflated like a punctured balloon.

The president’s daughter’s chest heaved up and down violently. She felt dizzy and dark. How could she have been blind to fall for such a thing back then? she was even played in the palm of their family!

this woman is indeed Gao Zhi’s child bride in the countryside. However, they just held a banquet and didn’t get a marriage certificate.

The information in Lin Hanxing’s hands showed that many people in Gao Zhi’s hometown knew about this, so it was easy to find out.

I thought you were pitiful and brought you here to do some work. What nonsense are you spouting? I’ll tear your mouth apart!

The old lady stepped forward and grabbed the housekeeper’s hair.

Lin Hanxing ignored him and turned to look at Anthony.

“Bring the person here.”

Anthony sighed, then remembered that Thunder owl was here, and hurriedly looked over.

After seeing that there was no trace of displeasure on Thunder valiant beast’s face, he finally relaxed.

After a while, the door was pushed open from the outside.

When the president’s daughter saw it clearly, she almost fainted from anger!

**Chapter 377: Playing mind games**

A crying boy of a few years old was led in. When he saw the woman kneeling on the ground and the adults standing next to her, he kept calling out for his mother, father, and grandmother.

The child's words were immature, what else was there to quibble about?

"Takashi, you bastard!" The president's daughter had a mental breakdown, but she didn't cry. She just stared at her husband's face.

There were many people who pursued her in University, and Gao Zhi could be said to be the worst one. However, at that time, it was as if she had been bewitched, and she only fell for this one!

Everyone said that this man had his eyes on his family's power, but later on, Gao Zhi refused to accept the path his mother had arranged for him and entered the Lei Corporation with his own abilities.

All of this made the president's daughter feel that he was different from those who only knew how to cling to the rich and powerful!

He didn't expect that!

An even bigger pit was waiting for her!

The more he thought about it, the gloomier his eyes became. Even the way he looked at the little boy was filled with anger.

Why should her Yueyue be in the hospital while the child was still alive and kicking?

"I know what you're thinking, but keep those thoughts in your mind."

When Lin Hanxing's cold voice rang out again, the branch president's daughter could not help but shiver.

Just now, why did she have such a terrifying thought in her mind? she even wanted to ...

you have anger and resentment in your heart, but you hurt someone else's daughter for your son. Do you think that man will come back to you like this? " Lin Hanxing turned to look at the nanny.

His voice was so calm that no criticism could be heard, but every word was heart-wrenching.

"But I gave birth to a son for him."

The nanny raised her head and stared at Lin Hanxing.

When he saw her face clearly, he couldn't help but lower his head in inferiority.

"If you and your son are really that important to him, he wouldn't have put in a good word for you!"

From the beginning to the end, Gao Zhi didn't say a word. He just stood there, his eyes turning quickly.

He was shocked when he met Lin Hanxing's piercing eyes.

"Gao Zhi, Gao Zhi! What did our family do to you that you have to play with us like this!"

The branch manager was so angry that his entire body was trembling.

Seeing that the matter had been exposed, the old lady simply pulled a long face.

hehe, we have nothing to do with her. My son doesn't need to get divorced. Call the police to take her away. You can either continue your relationship with my son or divorce him!

The old lady glanced at the branch president's daughter.

"A woman who has been married once is not worth anything. You have to think clearly!"

"My son didn't take advantage of your family, he entered the Lei clan with his own abilities!"

Special Assistant Anthony was amused when he heard this. Did this have to do with the Lei family?

At this moment, the president was so angry that his teeth were itching. If Gao Zhi had followed her arrangements and gotten a secure job, she could still threaten him. However, he had entered the Lei Corporation, and this was not something she could interfere with.

She subconsciously looked at Lei Xiao, but she did not have any hope after hearing about the cold-blooded deeds of the Lei family's eldest son.

"Sure, but you'll owe her a favor,"

Suddenly, the Thunder valiant beast's cold eyes met the branch leader's and he spoke in a deep voice.

The branch manager was stunned for a moment before he finally understood. This was actually Lei Xiao asking for a favor on behalf of the woman in front of him?

One had to know that as the president of a bank, there were too many things he could do.

But when he thought of his daughter, he nodded in the end!

"You're fired!"

Lei Xiao turned to Gao Zhi and said expressionlessly!

### **Chapter 378: I am Thunder valiant**

He was standing behind Lin Hanxing, his eyes sharp and deep, and the coldness between his brows made it hard for people to breathe!

The Thunder valiant beast's voice was flat, just like his emotionless expression.

For a moment, regardless of whether they knew his identity or not, they were all shocked!

"What right do you have to fire my son? Who Do You Think You Are!"

The old lady, who was the only one not involved in the situation, spoke in a sharp voice. Her raised tone made people feel extremely uncomfortable.

Anthony's brows furrowed. Which family's sick old lady dared to slander Mr. Ray?

Lin Hanxing laughed when he heard the old lady's words.

The two dimples at the corners of her lips formed exquisite ripples.

“She asked what you were.”

Lin Hanxing ‘kindly’ repeated the old lady’s words in front of Lei Xiao.

Lei Xiao looked at her, his eyes revealing a helpless indulgence.

Anthony felt that the only people in the world who dared to speak to Mr. Ray in such a manner ...

Other than the Lei family, there was only miss Lin!

“I’m Thunder valiant.”

Lei Xiao’s gaze indifferently passed the old lady and finally landed on Gao Zhi’s face.

The moment he heard these two words, it was as if he had heard a talisman that urged him to his death. His facial features tensed up and his expression cracked!

“What’s a Thunder valiant beast ... Wu ...”

Before the old lady could finish her sentence, her son covered her mouth.

No one knew their son better than their mother.

Her son’s hands were shaking like screening chaff, which made the old lady feel a little weak in her heart.

Takashi finally understood what that inexplicable sense of familiarity was!

That was Anthony, the special Assistant of the Lei corporation’s President!

President Lei’s most capable assistant!

In the entire Corporation, the only thing Anthony listened to was ...

President Lei!

He was the famous leader of the four young masters of the Lei family, the youngest helmsman of the Lei group, Lei Xiao!

It was only now that Gao Zhi felt his legs go soft.

Not to mention firing him, if Lei Xiao was unhappy, he could just move his fingers and a group of people would make him disappear.

This was a noble that he, Gao Zhi, could not afford to offend even if he died!

“President Lei ...”

Gao Zhi still wanted to say something, but Lei Xiao reached out to stop him.

The life and death of these people had nothing to do with him. He was just trying to help his wife pave the way and clear the obstacles.

“Old lady, don’t always think of taking advantage of your seniority.”

Lin Hanxing's voice was clear and soft as he smoothed out the folds of her dress. His movements were so elegant that people could not bear to look away.

"In this world, there must always be a cycle of cause and effect, and retribution."

Lin Hanxing did not care about the old lady's reaction and turned to look at the president.

The president was holding his heartbroken daughter in his arms, her anger making her look slightly ferocious.

I've already fulfilled my promise. This is all the answers you want.

She stood in front of the Thunder valiant beast, her clear eyes seemed to be able to see through everything.

also, I'm staying in building Y. RB34 tonight. Please find time to meet me!

The president was grateful and quickly agreed.

If it wasn't for her, he didn't know how long his family would have been deceived, not to mention that Lei Xiao personally wanted to return the favor. She was not a fool, there must be something that needed her, just based on today's matter ...

She would definitely do her best to help if it was within her power!

.....

Lin family.

At this moment, the entire Lin family was in a state of low pressure.

Lin Hanxing did not come back last night!

Lin youlin had been calling all night, but she couldn't get through. She couldn't even get through during the day!

His sister-in-law was still in the police station.

After knowing what happened, Luo Minghao quarreled with her with a gloomy face, then went to find someone through his connections.

However, the answer they got was the same!

No bail!

What was even more terrifying was that they had been caught last night. The video had already spread all over his WeChat moments!

### **Chapter 379: If you're done singing, I'll go on stage**

He didn't even add any mosaic!

Lin youlin had been receiving countless calls since the morning.

He wanted to see the Lin family make a fool of themselves!

However, before she could get angry, the crisis of the SU family was like a blow to her head, and Lin youlin couldn't breathe!

She knew that this must be the work of Lei Xiao!

The SU family had been backed by the Lei group because of Zhong Yifu, and it was not the first time they had problems.

Even after last night's incident, if Lei Xiao did not speak, no one in Jiang city would dare to attack lady su!

Only the Thunder valiant beast!

It was also because of this that Lin youlin felt that her sister-in-law had been caught last night. Adultery was not as simple as it seemed!

Other people didn't know about the relationship between Zhong Yifu and the Lei family. She knew that Zhong Yifu's nephew was standing up for his aunt.

If their relationship was really that good, would Lei Xiao have stopped all financial aid from the SU family?

Lin youlin could not understand what was the purpose of Lei Xiao's actions!

Just as she was feeling vexed, mother he, second young master he, and he zhehan came to the door. Su Ling 'er, who had come to find Luo Ruyin, came with them!

When she saw mother he and he zhehan, Lin youlin quickly invited them to the study.

Towards Su Ling 'er, his attitude was neither warm nor cold.

He only told her that Luo Ruyin was upstairs and left.

Su Ling 'er still didn't know what had happened last night. Although she felt that Lin qianlin's attitude towards her was not as good as before, she didn't take it seriously. She walked towards Luo Ruyin's room on the second floor.

He pushed the door open and realized that the situation inside had changed completely!

He was dumbfounded by what he saw.

And the scene inside the half-opened cloakroom shocked Su Ling 'er even more.

However, he didn't realize that someone was watching all of this from a dark corner.

After sending a text message, he waited quietly in a corner.

Not long after, he received a reply. The mute uncle quietly hid his figure.

"What are you doing?"

When she heard the servant say that Su Ling 'er was here, Luo Ruyin knew that things were bad.

She didn't tell anyone that she was forced to change rooms by Lin xiaojiu because she was embarrassed. She didn't expect Su Ling 'er to come in by accident!

If Lin xiaojiu were to find out ...

Thinking of this, Luo Ruyin's heart was filled with frustration!

"What did you just say?"

Su Ling 'er's eyes widened. This was that woman's room?

Luo Ruyin briefly explained the matter to her.

Su Ling 'er looked at the half-closed cloakroom and took two steps forward.

"These are all hers?"

It wasn't that Su Ling 'er didn't have a cloakroom. On the contrary, she was like most women, buying clothes, jewelry, bags, shoes, and she couldn't stop. But after pushing open Lin Hanxing's cloakroom ...

Only then did she know that there was always someone better!

This was heaven for women!

"Yes." No matter how unwilling she was, Luo Ruyin still nodded.

"Heavens!" Su Ling 'er couldn't help but reach out to take a piece of clothing from the closet and walk to the fitting mirror.

She had long fancied this piece at the counter, but it was out of stock after ordering for several months. She didn't expect to see it here!

Some of them were even pre-sales money, which could be seen here!

put it down. If her two dogs see it, they'll break your hand!

Luo Ruyin was a little flustered and hurriedly closed the door from the inside.

"Where did this woman get the money from?"

After Su Ling 'er finished speaking, she thought about it and instantly understood.

"It must be brother Hua Lei's money!"

His voice was filled with jealousy and unwillingness!

As if she had thought of something, Su Ling 'er's eyes turned and looked at Luo Ruyin!

"Ruyin ..."

### **Chapter 380: If it was yours**

At this moment, Luo Ruyin's gaze fell on the special mirror cabinet that contained jewelry.

Inside were all the latest jewelry styles of this year, arranged by color from light to dark. From the first level down, they were diamonds, jadeite, agate, pearls, Amber coral, and so on. It could be said that it had everything!

There were some that even she couldn't buy, not to mention the rows of unopened clothes, bags, and shoes on the coat rack.

"Tell me, how good would it be if these things were yours!"

Sensing the infatuation in Luo Ruyin's eyes, Su Ling 'er seized the opportunity.

"Don't talk nonsense!" These days, she had never gotten the upper hand in her confrontation with Lin xiaojiu. Just based on this point alone, she would not take the initiative to provoke her for no reason!

"I'm not talking nonsense! Without brother Lei, what is Lin xiaojiu?"

Su Ling 'er's voice could not hide her jealousy. Thinking of Lei Xiao, her heart itched.

"That's enough. Don't think that I don't know what you're thinking!"

Luo Ruyin pursed her lips. She couldn't bear to part with the jewelry and clothes in front of her. She was very annoyed.

"I'm not willing, but I'm also feeling indignant for you!"

Su Ling 'er said as she took off her clothes and put on the clothes she loved so much!

this room originally belonged to you, but Lin xiaojiu forcefully snatched it away from you. How can you not be angry?"

As she spoke, Su Ling 'er kept looking at the mirror, as if she didn't feel Luo Ruyin's silence.

The more she looked at the clothes, the more satisfied she was.

However, in Luo Ruyin's eyes, this set of clothes had exposed Su Ling 'er's short legs.

However, because of her woman's selfishness, she was not prepared to remind her at all.

"Whether I'm angry or not is my business!"

"Aiya, why don't you understand what I mean!"

Su Ling 'er turned around and placed her hand on the jewelry mirror cabinet. Unfortunately, she didn't have the key and couldn't take out the jewelry to try on.

"What do you mean by that?"

Luo Ruyin glanced at her.

"There's so many clothes here, how could Lin little nine remember all of them? Other than the jewelry, you can't take it out without the key, and the shoe size isn't too suitable. Aren't you free to pick and wear whatever you want?"

Su Ling 'er turned around to look at her, her thoughts obvious in her eyes.

"I don't think that's good ..."

Luo Ruyin looked at the things in the large fitting room. It would be a lie to say that she wasn't tempted.

But she was even more afraid of Lin xiaojiu!

"What's wrong with that? Think about it, weren't you complaining to me that you didn't have enough clothes? Bags are out of date? Now that there's such a big room for you to use, only an idiot would not use it!"

Su Ling 'er pouted and seduced Luo Ruyin step by step.

She knew her best friend too well.

He had a lot of thoughts, but he didn't have the courage to implement them.

She had to get someone to push her from behind!

She didn't mind being the one who gave her a push.

Now, Su Ling 'er couldn't wait for someone to make that woman uncomfortable!

"Who would know if you put it back secretly after you're done wearing it?"

Su Ling 'er knew that Luo Ruyin's heart was moved, so she added more fuel to the fire.

alright, that's enough. Your su family is in such big trouble. Why are you still in the mood to come and find me? "

After Su Ling 'er heard this, she paused.

"What's wrong with the SU family?" She had gone to the seaside in Lin province to relax these few days and had just returned.

"You really don't know?"

Luo Ruyin looked at her with a subtle expression.

"Last night, your aunt brought people to catch them. Treachery! Arrest your uncle and my aunt!"

When she said this, Luo Ruyin felt ashamed!

"Ah?"

Su Ling 'er's eyes widened in shock!
