

## Goodnight 41

### Chapter 41: Do not move

As if a curse had been broken, Lin Hanxing snapped back to his senses and pushed Lei Xiao away.

The familiar knocking rhythm was used by the mute uncle.

If it wasn't for something very important, he wouldn't have come so early to disturb her sleep.

"Mute uncle, I'll go out immediately."

Lei Xiao was lazily leaning there.

She watched as Lin Hanxing opened the wardrobe door, breaking the rare silence.

She took out a set of clothes and seemed to be about to change out of her pajamas.

He was halfway through his hand movements ...

"Turn your face around!"

Lin Hanxing then remembered that Lei Xiao was still here, so he turned around and said in a low voice.

Lei Xiao did not comment, but he turned his face away.

Perhaps it was because the mute uncle was waiting outside the door, or perhaps it was because Lei Xiao was behind him ...

Lin Hanxing's movements were a little flustered.

.....

He couldn't hook his shirt no matter what.

"Don't move," Suddenly, a low and hoarse voice came from behind.

This was the Thunder valiant beast's first time doing such a thing.

This pair of hands had once signed contracts worth tens of millions of dollars and had dealt with opponents before, but they had never helped a little woman to button her clothes. If they were still in Jiang city, no one would believe it ...

The young master of the Lei family, who was cold and ruthless in everyone's eyes, could not be more clumsy ...

To do such a thing!

Lin Hanxing's mind went blank for a moment.

When everything was over, she walked into the bathroom without looking at him.

He slammed the door shut ...

.....

With both hands in front of the basin, Lin Hanxing looked at the familiar face in the mirror, which was currently occupied by a blush.

She felt like she was burning up.

He turned on the tap and used the sound of the water to cover up his turmoil.

Yingying has at most four days left, you must return to Jiang city to hold the fort!

It was as if a bucket of cold water had been poured on him. Lin Hanxing calmed down in an instant.

Her face, which had just been washed, was like a Gardenia petal that had been hit by dew, but her eyes gradually turned cold ...

.....

The mute uncle passed the DNA test report that had just arrived in the morning to Lin Hanxing.

It was as if he didn't see the man's clothes on the floor under the door.

Lin Hanxing returned to his usual cold self and held the DNA test report in his hand. He seemed to have thought of something and stopped in his tracks.

"Mute uncle, inform Jiang city to release the news we've prepared."

If everything he had done in song was just a foreshadowing, then ...

She would be the one to pull open the curtains of this big show!

"Let's go. I'm afraid tan bide didn't sleep all night."

.....

Lying on Lin Hanxing's bed, Lei Xiao listened to the sound of footsteps getting further and further away from the door.

There was a scent that solely belonged to her everywhere. It was an indescribable fragrance that made him unconsciously relax.

She placed her hands behind her head and accidentally touched the things that Lin Hanxing had placed beside his pillow.

The life-like silver Lotus hairpin that Lei Xiao had given Lin Hanxing ...

And a Brown Medicine bottle.

When the Thunder valiant beast's gaze fell on the bottle of medicine, it suddenly turned cold.

He reached out to take it, and when he saw that the words on it were exactly as he had thought, it was extremely shocking ...

## **Chapter 42: The fertilizer**

As soon as Lin Hanxing entered the room, tan bide stood up abruptly.

He was now afraid of Lin Hanxing, and as soon as he saw her, he could not help but shiver.

Lin Hanxing could not help but laugh when he saw tan bide's fearful expression.

"You're so scared of me?"

The rising tone at the end of the sentence seemed to have a hint of sarcasm, but the pleasant tone was like a spring breeze.

"This is what you want."

Lin Hanxing sat down and handed the DNA test report to him.

Ignoring everything else, tan bide snatched it over and roughly took out the things inside.

Lin Hanxing looked at him coldly.

Tan bide's face turned from white to green, and then from green to gray. He staggered and fell to the ground!

The test report slid across Lin Hanxing's feet.

The answer was obvious.

"That B \* tch ... I'm going to kill her ..." He said.

.....

Lin Hanxing looked on coldly.

The mute uncle quietly brought a cup of tea over and then stood in a corner.

He wanted to strangle this bastard!

Tan Xiaoxing was woken up from her sleep by a pinch.

Because of breathing difficulties, he opened his small hands and desperately pulled, gasping for breath.

"Tan bide!" Suddenly, Lin Hanxing's cold voice was heard.

Tan bide was stunned, but what came with it was a burning sensation!

The hot tea in Lin Hanxing's hand was splashed at tan bide!

With a crisp snap, the empty teacup fell to the ground and broke into two!

Tan Xiaoxing burst into tears!

When had the child who had been spoiled since young ever seen his father like this?

"I don't mind throwing you to the tea mountain to be fertilizer!"

Lin Hanxing's voice did not fluctuate much, but his bone-chilling tone still made tan bide instantly alert!

Ignoring the heat on his face, he knelt down in front of Lin Hanxing!

Lin Hanxing didn't even look at him, he just glanced at the mute uncle.

The latter walked over in silence and took tan Xiaoxing from tan bide's arms to the side.

Lin Hanxing sat back in the yellow Rosewood Chair.

"Miss Lin ... I ..."

After talking for a long time, tan bide could not even say a complete sentence.

tan bide, you'd better think it through. I won't allow you to be so presumptuous in front of me a second time!

Lin Hanxing's voice was flat.

However, it was also because of this that tan bide dared not be presumptuous anymore!

He couldn't win her!

I'll get a car to send you to the airport later. You'll return to Jiangcheng today, and my men will find you. You just need to do as they say, and don't ask anything else!

Tan bide knelt on the ground and lowered his body, trying his best to reduce his presence.

"Also, you can bring this child back, but ..."

Lin Hanxing's cold eyes made her eyes look even clearer, and the mole at the corner of her eye made her look even more charming.

"If he lives, you live. If he dies ..."

She paused.

"Bear the consequences!"

.....

After tan bide and his son were sent away, Lin Hanxing sat still for a long time.

The mute uncle looked at her with a hint of pity in his eyes.

He knew that the interaction between the father and son of the tan family had reminded Lin Hanxing of the past.

"It's a pity that this jade white moon Blue flower profound patterned teacup is here."

After a long while, Lin Hanxing finally spoke.

It was hard to guess what she was thinking about ...

**Chapter 43: In personal name**

When Lin Hanxing came out of the house, Lei Xiao had just returned.

It happened to be the hottest season in song country, so he was covered in sweat, and even his clothes were half-soaked.

“Where did you go?”

Lin Hanxing’s voice was different from the cold tone he used when he was talking to Tan Bide. There was a rare warmth in his voice.

Thunder Owl did not say anything.

His eyes were fixed on her standing on the steps.

Lin Hanxing had picked a Green Lotus satin dress today, and the buckle around the neck was exquisite.

Her skin was smooth and her lips were slightly red.

It reminded him of her back to him in the morning, when she was panicking ...

And the redness that spread to the root of her ears.

“I bought some things.”

As soon as he finished speaking, Lei Xiao strode in front of Lin Hanxing.

The smell of his sweat entered her breath. It wasn’t unpleasant, but it even had a bit of masculine charm.

.....

While Lin Hanxing was thinking, Lei Xiao had already bent down.

He leaned over with his perspiring nose.

Before she could even react, he rubbed his face against her Jade-white nose.

Lin Hanxing’s eyes widened in shock, but before he could push him away, Lei Xiao’s lips curved upwards and he pulled away.

“You ...”

“Take it.”

Before she could finish her words, Lei Xiao had already taken off his upper body clothes and threw them to her. He then walked to the tap to take a shower.

Lin Hanxing could hear the sound of water splashing.

She lowered her head and looked at the man’s clothes that she had just subconsciously taken. They were still warm ...

“What are you thinking about?”

While Lin Hanxing was still in a daze, Lei Xiao had already returned from his bath.

She was drenched all over, and she casually grabbed the clothes that she had thrown to her just now and wiped them without any care.

“Why don’t you guess what I’m thinking right now?”

Seeing that Lin Hanxing did not say anything, Lei Xiao suddenly added.

“Then what are you thinking about?”

Lin Hanxing did not even bother to guess.

Lei Xiao’s hand that was casually drying his wet hair with his clothes paused, the trace of a smile on his thin lips was obvious.

“I’m not telling you,”

“.....”

Lin Hanxing was at a loss for words. She had forgotten that he had a frivolous side.

However, before she could say anything, a black Volkswagen that was slowly driving into the teahouse interrupted their interaction.

The black Volkswagen had a unique number plate.

Lin Hanxing knew the identity of the person in the car with just one glance.

She had been waiting for a few days.

In the end, it didn’t delay her plan.

“Miss Lin ...”

After the car stopped, the door of the passenger seat was pushed open, and a man in his thirties got out of the car, his face full of anxiety.

When he saw that Lin Hanxing was standing not far away, he heaved a sigh of relief.

“The leader heard about miss Lin’s donation and specially asked me to pick you up to give you your commendation.”

Lin Hanxing retracted the warmth he had when he was with Lei Xiao, his eyes and expression were cold.

“Let’s go,” he said.

.....

Lin Hanxing looked out of the window expressionlessly.

It was as if she didn’t see the leader’s Secretary in the front passenger seat sizing her up through the rearview mirror.

Five days ago, she donated five million Yuan in her own name to the local education development and poverty relief project in Meng Song.

Due to local geography and historical reasons, there had always been a huge shortage of funds for these infrastructure projects.

Lin Hanxing's action had undoubtedly solved the urgent problem.

But at the same time, she had two requests.

This meeting was probably to discuss this matter.

I didn't expect miss Lin to be so young. Miss Lin's ten million Yuan ... Has really helped us a lot!

Lin Hanxing's eyes stopped.

Ten million?

#### **Chapter 44: He will leave**

40 minutes later.

When Lin Hanxing was sent out in the same car, the leader's Secretary looked at her differently.

There was a hint of fear mixed in the surprise.

The reason he could climb to his current position was largely due to his sensitivity to people.

From the moment Lin Hanxing entered the building, the leader's Secretary felt that she was different from the others.

When ordinary people came to such a place, they would be more or less affected by the solemn environment inside and would become more cautious in their actions. However, Lin Hanxing had been carefree from the beginning to the end. How could she have the style of someone her age?

"Please just put me down in front."

Lin Hanxing's voice was cold and distant, causing the leader's Secretary to snap back to reality.

"I'll do what miss Lin said as soon as possible." He quickly added before Lin Hanxing got out of the car.

"Then I'll have to trouble you."

Lin Hanxing responded with a faint smile.

Anyone would agree to two reasonable requests in exchange for ten million.

But ...

.....

She had only prepared five million Yuan, and the source of the other five million Yuan ...

.....

He glanced at the pawnshop's signboard expressionlessly. There was an exquisite totem at the door that was easily overlooked.

At first glance, it looked like a '9'!

Lin Hanxing walked in, but he stopped for no reason.

"Uncle Jin,"

The waiters in the shop obviously knew Lin Hanxing. After greeting him respectfully, they all retreated to the back of the pawnshop.

"Ninth young lady, the things you asked me to prepare are ready."

Uncle Jin walked out from behind the pawnshop and handed over two items with a smile.

It looked like a scroll painting.

The square thing was a box made of high-quality yellow Rosewood, and one couldn't see inside without opening it.

"Uncle Jin, I'll be leaving soon. Please take care of the shop."

As Lin Hanxing spoke, he looked calm, but his eyes revealed a majestic aura that was not suitable for his age.

Knowing that she loved to drink tea, uncle Jin specially took out his precious tea to brew.

don't worry, ninth young lady. Uncle Jin is here for you.

Uncle Jin was different from the mute uncle. He had a smile on his face all these years, giving people a sense of intimacy.

However, uncle Jin and the mute uncle were very similar. They were loyal to Lin Hanxing and had good means.

Lin Hanxing smiled.

With uncle Jin in charge of Mengsong, she was at ease.

"Mr. Yan, you've been with me for so long, it's time for you to come in and have a seat."

Lin Hanxing said expressionlessly.

He said each word calmly, but the coldness in his voice was obvious.

Uncle Jin was surprised and raised his thick eyebrows.

He looked very fierce.

After a short three seconds of silence, a tall figure appeared at the door of the pawnshop.

"As expected, nothing can be hidden from miss Lin's eyes."

Yan beixiao casually walked in. His height was almost the same as Lei Xiao's, and he was like a tall mountain that no one could climb over.

There was still a hint of evil on his handsome face, but it did not make people feel that he was malicious.

On the contrary, such a handsome face that was thousands of times more delicate than a woman's really made the woman reluctant to look away.

But even if he was such a man, standing next to Lei Xiao ...

However, he was still inferior!

Ever since he walked in and sat down, Yan beiming's eyes never left Lin Hanxing.

The Lotus-core green satin dress made her extremely beautiful face look even colder.

Lin Hanxing always gave off an indescribable sense of oppression when he was silent and not smiling.

This was something that Yan beiming had not noticed when he was on the ship.

"Mr. Yan, you've been observing me for a long time. What do you have to say?"

Lin Hanxing looked straight at him, his clear eyes causing the smile on Yan beiming's face to gradually fade.

"What do I have to say to you? However, aren't you curious about the origin of the other five million?"

Lin Hanxing looked at Yan beiming, not saying a word.

However, it was this gaze that made Yan beiming re-evaluate this woman.

It did not seem so absurd for Thunder valiant beast to be captivated by such a woman.

"I would like to ask miss Lin for a favor."

Yan Beichen suddenly put on a pleading expression, and with that face, it was hard to refuse.

However, Lin Hanxing continued to stare at him coldly.

"He'll leave."

Without waiting for Yan beiming to finish his sentence, Lin Hanxing picked up the teacup and took a sip.

Yan beiming's actions paused.

Lin Hanxing had already answered before he could finish his sentence?

"What did you just say?"

Thinking that he had misheard, Yan beiming asked again.

"I said, he will leave."

Lin Hanxing did as he wished and said it again.

This time, it was Yan beiming who was silent.

“To be honest, I suddenly feel that you two are a perfect match!”

This feeling was very subtle, and Yan beiming had never felt it before.

In the past, he had once wondered what kind of person was worthy of his brother.

Yan beiming had thought of many types of girls, but he had never considered someone like Lin Hanxing.

But it was her that attracted all of Lei Xiao’s attention.

Lin Hanxing’s gaze fell into the distance when he heard this.

“Mr. Yan, are you thirsty?”

After a long time, Lin Hanxing poured a cup of tea for Yan beixiao and pushed it in front of him.

She did not mention that Yan beiming was not thirsty. After following Lin Hanxing all the way, he was really feeling a little tired now.

He picked up the teacup and took a sip.

The rich taste of tea instantly spread on the tip of his tongue, lingering on his taste buds.

Good tea.

“The tea here is not free for people to drink.”

Lin Hanxing’s words made Yan beixiao feel like he was in a dilemma.

Lin Hanxing laughed when he saw his reaction.

She pushed the box that uncle Jin had given her in front of Yan beiming.

The box made of premium yellow Rosewood was exquisitely made, and one could tell at a glance that it was not cheap.

“Tomorrow, give this to him.”

It was easy to imagine who the ‘he’ in his words was.

Yan beiming looked at Lin Hanxing.

Suddenly, he could understand why the Thunder valiant beast kept delaying and was unwilling to leave ...

.....

It was already evening when Lin Hanxing returned to the teahouse.

After a quick shower, she walked out of the bathroom and sat by the bed, deep in thought.

The water droplets at the ends of her hair dripped onto the ground.

The room was very quiet.

She subconsciously reached out to take the lifelike Lotus Silver hairpin from the pillow, but her fingertips accidentally touched the brown Medicine bottle.

Lin Hanxing paused.

Ever since that year, she had had some sleep problems.

As soon as she closed her eyes, the memories of the past, mixed with blood, seemed to want to swallow her.

Unknowingly, more than ten years had passed.

Lin Hanxing held the brown Medicine bottle in his hand and twisted the cap open expressionlessly.

The bottle contained the medicine that the doctor had specially prescribed for her.

On one hand, it had the effect of calming one's mind, and on the other hand, it could help one sleep.

However, it had very serious side effects, so Lin Hanxing rarely ate it even when he was suffering from insomnia.

He poured out the White pills into his palm one by one.

Lin Hanxing was expressionless from the beginning to the end.

However, she quickly realized that something was amiss.

She lowered her head and looked at the pills, deep in thought ...

#### **Chapter 45: Are you tempted?**

The light sour-sweet taste was different from the bitter taste in the past.

Lin Hanxing was silent for a moment, then he took a pill and put it in his mouth.

With a crack, the pill was crushed ...

Lin Hanxing narrowed his eyes.

The medicine had been changed!

The taste was more like that of vitamin C.

He thought of the trip that Thunder owl had taken in the morning ...

Lin Hanxing's lips curved into an almost imperceptible smile.

However, he seemed to have thought of something, and his smile disappeared in a flash, replaced by a little loneliness ...

.....

When Lin Hanxing came out of the house, the mute uncle was in the courtyard dealing with the mountain fungi he had just picked.

“Where is he?” It went without saying who this ‘he’ was referring to.

The mute uncle pointed in the direction of the study.

.....

Lin Hanxing nodded and walked over.

Although he had temporarily settled down in Meng Song these few years, Lin Hanxing had never mistreated himself.

Even if he had only settled down for a few years, he had built his place well.

Whether it was this teahouse or the bamboo house that he had lived in before, they were both surrounded by mountains and water, the scenery was beautiful.

Unfortunately, in a short time ...

He probably wouldn’t be able to return.

Lin Hanxing’s expression was calm as he pushed open the door to the study.

The afterglow of the setting sun.

Because of Lin Hanxing’s preference for the study, he had made a special request when he commissioned the design.

At this moment, the warm orange sunset shone through the entire bay window.

It also fell on the man.

Lin Hanxing closed the door silently and blocked out all the noise outside.

At this moment, Lei Xiao was sitting by the bay window, sleeping with his eyes closed.

He stretched and bent his long legs.

He had only read half of the long and short Sutra in his hand, and it was now held upside down on his flat lower abdomen.

His slender fingers were still pressed on the book.

The window was pushed open.

The light-colored muslin curtains fluttered in the wind, making Lei Xiao’s figure appear indistinct.

Lin Hanxing stood by the door and watched quietly for a while before he finally walked over quietly.

The closer she got, the clearer she could see him.

The large clusters of wild jasmine outside the window were in full bloom, and the elegant and sweet smell slowly drifted into the study.

Lin Hanxing suddenly remembered how she looked when she woke up in Lei Xiao's arms this morning.

Her gaze involuntarily swept to his hand.

Men and women were naturally different.

Lei Xiao's arm muscles were strong, and the veins on the back of his hand were frightening.

But it was this pair of hands that had held her tightly in his arms this morning ...

Lin Hanxing restrained the wild thoughts in her mind, but in the next second, before she could react, she felt the world spinning around her ...

"Have you seen enough?"

After a muffled sound, Lin Hanxing had already fallen into Lei Xiao's arms.

As for Lei Xiao, he didn't even open his eyes, only the corners of his thin lips curved up ...

It showed that he was in a good mood.

you ... Lin Hanxing was caught off guard. Just as he was about to struggle, he was controlled by Lei Xiao.

"Don't move."

The Thunder valiant beast opened his eyes, and his deep pupils were gradually shrouded by something.

There was a brief silence between the two of them.

Lei Xiao rested his chin on Lin Hanxing's head.

Lin Hanxing wanted to resist, but he thought of something and his eyes flickered. In the end, he stopped.

Lei Xiao felt the change in her, and his thin lips curled up.

"Are you sleepy?"

His voice was deep and hoarse, and it was extremely pleasant to hear.

However, it was hard to hide the strength and overbearing nature of the Thunder valiant beast.

Lin Hanxing thought about it and shook his head.

Lei Xiao did not say anything, but held her even tighter.

She looked like she had just taken a shower. There was a nice scent on her body, and he couldn't help but want to smell it a few more times.

Just as he was thinking, his body had already leaned over.

"The one surnamed Lei!"

Lin Hanxing instinctively wanted to Dodge, but Lei Xiao was faster.

"I've never heard you call my name ..."

Lin Hanxing could feel his pores trembling.

didn't you investigate me before? of course you know my name. I want to hear you call me by my name.

Then, she looked at him.

In the end, Lin Hanxing was still a little angry at Lei Xiao's words, and even his usually cold face was stained with a little anger.

She tilted her head and wanted to glare at him fiercely, but she didn't expect that Lei Xiao was also looking up.

The distance between the two was extremely close, and at this time, even breathing could not be avoided.

Both of them paused for two seconds.

Lin Hanxing looked at Lei Xiao with wide eyes, and subconsciously leaned back to increase the distance between them.

"You ..."

"Call me by my name ..."

Lei Xiao's voice was coaxing, but his eyes were fixed on Lin Hanxing.

Her slightly curly long hair was scattered on the windowsill. Perhaps she didn't even realize how attractive her slightly bewildered and lost expression was.

Lin Hanxing pursed his lips and looked away from Lei Xiao.

It was like a contest between two people, and once he called out his name, he was the one who compromised first.

Even someone as stubborn as Lin Hanxing could not say it!

"Be good, call me ..."

The Thunder valiant beast waited patiently.

Her eyes narrowed slightly, and her thick eyelashes drooped down, making one's heart flutter.

"If you don't, don't regret it."

As he spoke, Lei Xiao bent down as if he wanted to bury Lin Hanxing in his arms.

"Thunder valiant beast, you bastard!"

In his panic, Lin Hanxing's voice was as thin as a thread.

The Thunder valiant beast paused.

He lowered his head to look at her.

There was unconcealable panic on her delicate and pretty little face, which was completely different from the calmness and alienation she used to have when facing others.

Just based on this ...

That was enough to make Lei Xiao's heart soften.

Lin Hanxing's heart started to beat erratically the moment he said the name.

Suddenly, Lei Xiao covered Lin Hanxing's clear eyes with his hands.

The strong emotional fluctuations on his cold face could not be hidden!

Her voice was soft and small, and it immediately entered his heart.

Lei Xiao actually felt that when these two words came out of her mouth, it seemed to be his Supreme glory.

He did not want Lin Hanxing to see his ecstatic expression, so he subconsciously covered her eyes.

"Hanxing, you're ..."

Are you even a little tempted?

If Lei Xiao was still in Jiang city, he would definitely not ask such a question. Just like how his relatives in Jiang city would not dare to recognize him if they saw him in Meng Song.

Lin Hanxing's heart was beating wildly as he waited for Lei Xiao to continue, but he did not speak for a long time.

Very quickly, he reached out and pulled her up.

"What's the matter?" he asked.

Lin Hanxing had not yet recovered from the fact that the two of them had almost gotten into a fight a second ago when Lei Xiao's voice rang in his ears.

Lin Hanxing's heart slowly calmed down as he recalled the time and place.

"The mute uncle has a jar of good wine that has been buried for ten years. Tonight, I'll treat you to a drink."

Lei Xiao looked at her deeply.

"Alright," he said.

.....

Night fell.

Under the green Miscanthus tree in front of the Dai family's bamboo house, a jar of wine that had just been dug out was placed on the stone table.

"Mute uncle has only brewed two jars of this wine."

Lin Hanxing watched as Lei Xiao opened the mud seal with a bang, and the fragrance of the wine wafted into his nose.

"I didn't tell the mute uncle. I stole his wine and let me drink it ..."

The faint yellow light fell on Lei Xiao's face, dividing his facial features into light and dark.

"You like me that much?"

Lei Xiao's voice was filled with ridicule, but the look in his eyes when he looked at her was serious.

"It's a thank you gift."

As long as he kept a safe distance, Lin Hanxing would always be able to regain the calmness he was so proud of when facing him.

"A thank you gift?"

"Then, the five million and ..."

Lin Hanxing paused for a moment, then took out the brown Medicine bottle and placed it on the stone table.

Thunder owl's gaze fell on it, but he didn't say anything.

"You were the one who exchanged the medicine inside,"

Lin Hanxing's voice was clear and cold, but in Lei Xiao's ears, it carried an indescribable heaviness.

I thought that your first reaction would be to get angry when you found out that I acted on my own initiative.

That was what Thunder valiant beast really thought.

Lin Hanxing laughed, and that action made the wine in her hand tremble.

"It's not like I can't differentiate between good and bad."

She wasn't that pretentious.

you've already started to take medicine at this stage, which means that you have a serious sleep disorder.

Sleep disorder?

Lin Hanxing's expression was calm when he heard Lei Xiao's words after much deliberation.

He didn't use mental problems to describe her, so she should thank him.

"How did you know?"

Lin Hanxing took a sip of the wine. The strong wine was much stronger than ordinary fruit wine.

"Because I've used it before."

Lei Xiao's deep voice rang out, and Lin Hanxing's hand stopped moving ...

#### **Chapter 46: First time with lime**

He turned his head to look at Lei Xiao.

Lin Hanxing could not tell if he was telling the truth.

But her intuition made her choose to believe it.

"Who doesn't have a past?"

As soon as he finished speaking, he picked up the wine in front of him and drank it all in one go.

The amber-colored liquor slid down the corner of his mouth, down the perfect curve of his jaw, and down his Adam's apple.

The warm yellow light in the courtyard shone on Lei Xiao.

For the first time, Lin Hanxing interpreted this man from a new perspective.

When they first met, he gave people a cold and oppressive feeling.

With supreme authority, others had no choice but to bow their heads.

When they had met again, he had deliberately set her up to pull her into a trap that had nothing to do with her.

From then on, the relationship between the two of them grew deeper.

Lin Hanxing's long eyelashes fluttered. It turned out that she had so many memories with Lei Xiao.

.....

The Thunder valiant beast's gaze fell upon the green awn tree in the courtyard.

I still remember you warning me ...

"What?" Lin Hanxing paused.

She had warned him so many times, but which time was he referring to?

"Tell me, everything in this yard belongs to you. Without your permission, don't steal your mangoes."

Lei Xiao's faint smile reminded Lin Hanxing.

"At that time, I was thinking that since I was also in this courtyard, then in your heart ..."

His deep eyes were like the vast universe, and they fell on Lin Hanxing's face without blinking.

"Do I also belong to you?"

There was complete silence.

Lin Hanxing and Lei Xiao looked at each other.

“No matter what you think, Lin Hanxing, you just have to remember what I’m saying now ...”

“I, Thunder valiant, will always be worthy of your trust.”

The moment he finished speaking, an invisible flower seemed to bloom in Lin Hanxing’s heart.

It was a state of mind that could not be described by any word in the vast sea of words.

All these years, it was rare for her mind to go blank.

He couldn’t say anything.

The air was filled with the faint fragrance of flowers and fruits.

Lei Xiao picked a wild jasmine, and the tender white flower looked unremarkable in his fingertips.

He raised his hand slightly and the flower went to Lin Hanxing’s ear and disappeared into his hair.

Lin Hanxing was good-looking.

There were thousands of beautiful women in the world, but Lin Hanxing had a unique beauty.

Even the mole under her eyes had a special charm to it.

Her indifference when facing others would make men involuntarily look only at her.

At the thought of this, Lei Xiao’s gaze on Lin Hanxing grew heavier.

“I really want to trap you in my hands for the rest of your life, and only I can take care of you.”

Lei Xiao caressed her ear with his fingers, his voice low and dangerous.

The possessiveness in his eyes seemed to be on the verge of losing control.

Lin Hanxing looked at him deeply.

With a clatter, a green lemon fell from the tree and hit the stone table.

It was the season for green niggers to be served.

The lime sold in the Meng Song market was very fragrant, sour with a hint of sweetness, which was different from the ones sold in other places.

Thunder owl’s expression seemed to be a little strange.

Even though it was subtle, Lin Hanxing still caught it.

Her calm eyes gradually softened, as if she was counting the time in her heart.

“Thunder valiant beast ...”

Lin Hanxing’s clear and soft voice rang in Lei Xiao’s ears. When their eyes met, the latter could clearly see the faint loneliness in her eyes.

“Take a nap.”

Lei Xiao squinted his eyes slightly, his good-looking eyes seemed to be filled with disbelief.

“When I wake up, you’re still you, and I’ll also ...”

Lin Hanxing’s voice paused, as if he was enduring something.

“It’s still me,”

The wine cup in Lei Xiao’s hand fell to the ground with a thud ...

.....

Thunder valiant beast closed his eyes and fell into a deep sleep.

Just like how he had used the incense to knock Lin Hanxing out, she had also used some other methods to knock him out.

The surroundings were very quiet.

Lin Hanxing did not know how long he had been sitting there.

The mute uncle appeared without a sound.

He knocked on the table three times to signal that it was time to leave.

“Mute uncle, give me five more minutes.”

Lin Hanxing had already stood up, but when he passed by the Thunder valiant beast, he eventually stopped.

When the mute uncle heard this, he glanced at her and left first in the end.

Lin Hanxing, on the other hand, slowly sat down beside Lei Xiao.

After a long time, she reached out and placed his head on her shoulder.

The man’s breath reeked of alcohol.

It sprayed on Lin Hanxing’s neck and it felt itchy and numb.

She did not speak, but her gaze fell on the green awn tree.

The green glow that was wrapped around the branches by the red lines had rotted away and was now dangling between the branches and leaves.

Lin Hanxing could even imagine Lei Xiao’s clumsy appearance as he stood there and wrapped himself around her in circles.

He laughed softly.

The laughter was especially hollow in the silence.

He took out the lifelike Silver Lotus hairpin.

There was an obvious hesitation in Lin Hanxing's actions, but the hesitation was too brief.

She quickly abandoned it.

Thunder valiant beast.

Let's part ways here ...

.....

After everything had calmed down.

A tall figure suddenly appeared in the courtyard.

A moment later, he arrived at the stone table.

"He's gone." Yan beiming kicked Lei Xiao, who was leaning against the stone table, without any hesitation.

The man, who was supposed to be unconscious, slowly opened his eyes.

His deep eyes were clear.

Where was he not clear-headed?

Lei Xiao looked in the direction where Lin Hanxing had left, his face expressionless.

Even Yan Beichen could not guess what he was thinking.

"I thought that with your personality, you would tie her to your side even if you had to die."

Yan beixiao looked at him and could not help but ask.

"She has to do what she wants to do."

Lei Xiao was silent for a moment. Just as Yan beiming thought that he would not respond to him, he heard this.

At this moment, Lei Xiao had already retracted his gaze and turned to play with the lime that had fallen on the stone table.

When she was still around, there was a moment when he almost couldn't control himself and wanted to break the situation ...

But in the end, he still chose to let her leave.

"Oh, right. This is for you."

As if he had thought of something, Yan beixiao took out something and placed it in front of Lei Xiao.

Who knows if it was intentional or not, he placed it beside the Lotus Silver hairpin.

The box was made of premium yellow Rosewood and was exquisitely made.

she wanted me to give it to you tomorrow, but it seems that there's no need.

Yan beixiao stared at the box curiously. This thing had been with him for a long time, and he really wanted to know what was inside.

Lei Xiao's slender fingers landed on it.

An unknown amount of time passed.

He slowly opened the box ...

## **Chapter 47: Jiang city**

Yan beiming stared at her without blinking.

Perhaps his gaze was too fervent, but Lei Xiao's expression darkened and his brows furrowed.

With a snap, the yellow rosewood box that was originally slightly open was closed again!

"Hey, you ..."

The answer was right in front of him, but he could only see it but not eat it. This made Yan beiming almost scratch his ears and cheeks.

However, when he saw Lei Xiao's eyes, he quickly swallowed his words.

get ready to leave in half an hour.

Thunder owl's expression was as cold and fierce as before, filled with the strong oppression of a superior.

However, only he knew.

After all, there was something different about him ...

.....

Three days later, Jiang city.

Jiang city was one of the most important economic hubs in country Z. The lifelines of several big family businesses in country Z were also entrenched in this land. The complicated relationships were difficult to explain in a few words.

.....

In the past few days, two pieces of news in Jiang city had caught the attention of many.

The first thing was the news that the eldest son of the Lei family had returned to Jiang city after being ambushed!

In Jiang city, if there was a family that could not be provoked or talked about, it would be the Lei family.

Jiang city was surrounded by the sea. Back then, the Lei family had started their business with the shipping industry and earned their first bucket of gold. Others were envious and followed suit.

However, the Lei family was the only one who could hold on and laugh in the end!

And the one who pushed the Lei family to the top was the Father of the current four sons of the Lei family, Lei kangnian!

However, even though the Lei family had a complicated background of smuggling and gray areas, the environment and various factors had changed over the years. Lei kangnian had gradually led the Lei family to clear their name, but this ...

It didn't mean that the Lei family, which had once dominated the world, was completely clean.

The elders who had followed the Lei family to conquer the world back then were now scattered in various important positions in the Lei group.

As the days passed by peacefully, some people's minds also became lively.

The attack on the Lei family's eldest son this time made people's imagination run wild.

The second matter was related to an old piece of news from eighteen years ago.

18 years ago, there was an extremely sensational case that shocked the entire Jiang city!

The seven-year-old daughter of the president of Lin's group had been abducted by human traffickers in Jiang city and had not been heard from since.

Eighteen years ago, the social environment was not like it was now. It would not be an exaggeration to say that Lu buhuan did not close his door.

Even the term "human trafficker" was created later.

In such an environment, the sudden loss of a child, especially after the Lin group had suffered heavy losses, caused all the people in Jiang city to place their sympathetic gazes on the Lin group.

This child had been lost for eighteen years.

There was no news!

Occasionally, some people would recall that if this child was still alive, he would be 25 years old this year.

However, 18 years later, someone in Jiang city started spreading rumors that there was news of the Lin family's child!

Immediately after, this matter spread like wildfire across the entire Jiang city in a short period of time.

The old news from 18 years ago, which had been gradually forgotten by people, resurfaced.

During the crisis of the Lin family that year, the CEO and his wife passed away one after another, and their only daughter was kidnapped by human traffickers. One by one, these crimes returned to the public's vision.

As they lamented the old news, people couldn't help but praise the other two members of the Lin family, who had suffered a lot but still had to take over the Lin enterprise that was on the verge of bankruptcy because of their brother and sister-in-law's mistakes.

For a time, the entire city was in a storm ...

.....

Lin family.

"What did you just say?"

In the study room, Lin youlin and Lin yanshu looked at each other and stood up abruptly.

Standing in front of them was the police officer who was in charge of investigating the old case eighteen years ago.

"The DNA comparison results are out. We can confirm that the child has been found!"

## **Chapter 48: Oleander (1)**

The next day, at the Affiliated Hospital of Jiangcheng Medical University.

It was silent outside the special VIP Ward.

Because it only served the rich and powerful all year round, the environment here was completely different from the public Ward.

All the facilities were fully equipped, and there was even a separate garden for the people who lived here to rest.

The sun was shining brightly outside.

The door of one of the wards was pulled open from the inside.

Chanelle's perfume spread out, and it was sweet.

It was unspeakably tempting.

The woman looked down at her phone, her red lips smiling. She was wearing Dior's latest summer dress, which revealed her figure.

She made a call, ignoring the various sophisticated instruments in the ward.

He closed the door behind him and walked out of the ward.

The corridor was very long.

However, the clicking sound of the woman's exclusive high heels on the floor and the flirtatious laughter echoed.

.....

However, that laughter, when it reached the door ...

It stopped abruptly!

A pure white Maserati Ghibli had just stopped.

The streamlined design of the car was extremely dazzling under the sun. Compared to the red BMW next to it, the quality of the car was very different.

Yuan Xiaolei was very unhappy.

Because that red BMW was hers.

It was also because of this unhappiness that she really wanted to see who the owner of the Maserati was!

The answer was revealed very quickly.

The Maserati's door opened, and the first to land was a pair of ReneCaovilla's new high heels. Her white jade-like toes were like jasmine petals bathed in the sun.

Then, Yuan Xiaolei finally saw the car owner's face!

When she saw it clearly, even though she was a woman, Yuan Xiaolei's breathing also stopped.

This woman was too dazzling!

The light blue off-shoulder water-sleeved shirt matched with black wide-legged pants elongated his entire figure, and his straight waist showed his temperament!

Her slightly curly long hair was as soft as seaweed.

Her palm-sized face was fair and clear, so tender that water could be squeezed out.

Her delicate facial features were pleasing to the eye, and the small mole under the corner of her eye made her every move more flirtatious.

So jealous!

When Yuan Xiaolei realized what she was thinking, she even forgot that she was still on the phone.

The Maserati's owner didn't even look at her as he walked over with a bouquet of flowers in his arms.

A faint yet natural fragrance entered Yuan Xiaolei's nose.

It was different from the sweet perfume on her body, which made the flame of jealousy in his heart burn more and more fiercely.

"You're blocking the way."

When the cold and emotionless voice rang in Yuan Xiaolei's ears, she subconsciously raised her head and looked at her.

In the next second, even Yuan Xiaolei herself was caught off guard as she shuddered.

Then, his body moved faster than his brain and moved away from the door.

The clicking sound of her high heels on the floor grew further and further away, but the chill in Yuan Xiaolei's heart didn't decrease in the slightest!

That woman's eyes ...

It was so cold and terrifying!

Who was she?

.....

Lin Hanxing walked slowly and elegantly along the special VIP corridor.

At the end of the corridor, there was a young nurse who looked over anxiously. When she saw her, she took two steps forward.

But soon, she stood there in a daze.

She had seen miss Jiu's beauty when she went to Mengsong, but now that she had met her again in Jiangcheng, the nurse could not help but feel her face burn.

She walked over from afar.

The empty corridor was like a runway show for her.

"We meet again," Lin Hanxing held the bouquet in his hand and smiled.

## **Chapter 49: Oleander (2)**

"Did you see her?" The young nurse Rong Shiyu's eyes were as clean and bright as a deer's.

Lin Hanxing did not say anything, but he recalled the moment when they brushed past each other.

"Guard the door."

Lin Hanxing pushed the door open and entered the room.

The special VIP Ward was maintained at a constant temperature all year round. It was like an apartment inside, and other than not being able to cook, it had all the necessary facilities.

Lin Hanxing glanced at the man who was lying on the bed with an unhealthy pale face because he had not gone out for a long time.

Then, she walked quietly towards the bedside table.

Mr. He, you don't look as bad as I thought.

He took out the flowers that the previous owner had bought from the vase and threw them into the trash can.

Lin Hanxing impassively placed the large bouquet of oleander in his arms and held the flowers with his hands.

It was as if he didn't know that the flower was poisonous.

This was the first scene he Chengcheng saw when he opened his eyes.

When he saw Lin Hanxing's face clearly, his pupils dilated for a moment, as if he was thinking about something.

.....

I didn't expect the rumored 'ninth young lady' to be so young.

He Chengyu's voice was abnormally hoarse, like sandpaper.

Lin Hanxing did not seem to hear him. He fiddled with the pistil with his hand, a smile with an unknown meaning on his lips.

"Excuse me, please help me open the window."

There was still the smell of a woman's sweet perfume in the room, which made people feel uncomfortable.

Lin Hanxing didn't comment. He walked to the window and opened it.

In an instant, fresh air gushed in.

"Jiang city is completely different from what I remember."

In the silence of the room, Lin Hanxing's sudden voice was particularly clear.

He Chengyu didn't say anything. His eyes fell on the flowers in the vase.

"What flower is this?"

His handsome face had a light scar from the accident many years ago. Although it was not obvious, it still destroyed the beauty.

"Oleander, a flower that symbolizes revenge."

Lin Hanxing turned around from the window.

The sunlight poured into the ward from behind her, as if she was covered in a Halo.

"This is for you."

The wind blew her slightly curled long hair, and in the eyes of others, she was unbelievably beautiful.

He Chengyu's whole body was shrouded in coldness, his dark eyes bursting with intense hatred.

"Young master he should be hated."

Lin Hanxing chuckled, as if he was discussing the fine weather outside.

“How do you need me to cooperate with you?”

Suppressing his hatred, he Chengyu quickly regained his calm.

Lin Hanxing looked at him deeply.

“We’ll wait,”

Lin Hanxing quickly gave he Chengyu an answer.

“Wait?” Obviously, he Chengyu was not satisfied with this answer.

do you think that everything is the same as it was three years ago? ” he asked.

He Chengcheng’s eyes were dark and there was a trace of pain.

Not to mention three years, in the boundary of Jiang city, half a year’s time was enough for the stars to move.

“So, you can only wait.”

“How long will it take?”

He Chengyu looked at Lin Hanxing without blinking, the desire in his eyes could not be hidden.

However, this time, Lin Hanxing smiled coldly.

“Very soon!”

.....

Lei Corporation.

The Lei group was located in the most prosperous business center in Rivertown. Two specially designed tempered steel buildings towered into the clouds. Under the sun, they gave off a special cold and intimidating feeling. It was daunting.

At this moment, the atmosphere in the conference room was tense.

Lei Xiao was dressed in a dark-colored suit as he sat on the main seat in the conference hall. His three-dimensional face had a cold and stern outline. His eagle-like sharp gaze slowly scanned the surroundings, and the Lei clan’s higher-ups did not dare to even breathe loudly.

During his disappearance and return, an important executive in the group had mysteriously disappeared.

This executive had followed Lei Kang for many years, and he had become more and more arrogant in the past two years. There were even rumors that this person had frequently contacted the Lei family’s rival companies in the past six months, and his petty tricks were frequent.

He thought of the Thunder valiant beast’s return from danger and the disappearance of this person ...

**Chapter 50 chill**

The higher-ups shivered in their hearts and didn't dare to think deeper.

Back then, Lei kangnian insisted on giving up his power.

The Lei family had four sons, and everyone was guessing which of Lei Kang's sons would take over the complicated Lei group.

After all, in the eyes of outsiders, the Lei family was rich and beautiful ...

However, only those who were involved in it would understand how much danger and killing intent was hidden in it!

The relationships within the Lei Corporation were complicated.

In the management, there were also many old men who had fought alongside Lei kangnian to build the Empire.

Lei kangnian was able to suppress everyone with his extraordinary skills.

However, if it was someone else ...

In that kind of environment back then, this was something that he didn't even dare to think about!

The slightest mistake would result in a storm of blood!

In the end, Lei kangnian appointed his eldest son, Lei Xiao, to take over his position.

At that time, everyone's impression of Lei Xiao was that he was just a quiet young graduate.

.....

Lei kangnian's decision had stirred up many people's thoughts.

The Lei Corporation had also fallen into its first internal crisis since its establishment!

No one would have thought that ...

It just had to be this quiet little kid ...

In just a few short years, he had settled the internal problems and calmed the hearts of the people with his Swift and ruthless means!

Now, no one dared to question Lei kangnian's decision.

Over the years, Lei Xiao had expanded the Lei group's operations by several times, and their industrial chain had spread all over the world.

Some people even used such a phrase to describe the Lei group led by Lei Xiao.

The world's economic center was wherever the Lei Corporation was!

there will be some personnel changes in the board of directors and senior management.

Thunder owl's voice was deep and cold, his words carrying absolute authority.

The board of directors and senior management present didn't dare to say anything, afraid that they would be implicated.

They trembled in fear during a high-level meeting ...

.....

"It's Mr. Yan."

At the end of the meeting, Lei Xiao's Special Assistant, Anthony, handed the phone to him.

Lei min connected the Bluetooth headset expressionlessly and walked into the president's office.

"Speak," he said. Flipping through the documents that Anthony handed over, Thunder valiant spoke coldly.

Behind the real leather president's chair, the design of the semi-circular floor-to-ceiling windows gave the person who stepped into the president's Room a sense of control.

He was high and mighty.

"Guess who I just saw?"

Thunder valiant seemed to be used to such a meaningless opening.

He took the pen from Anthony and signed his name at the end of the document.

"The air routes to the three gold markets in Hong Kong, London, and Zurich have been confirmed. I want you to make a trip to London and work with the CEO there to ensure that the whole thing is foolproof!"

The Thunder valiant beast's voice was low and his eyes were cold.

"I see. Ask Anthony to book a flight for me tonight."

When it came to important matters, Yan Beichen had never hesitated.

"Okay, I'm hanging up if there's nothing else."

After saying that, he was about to disconnect the Bluetooth Earphone.

"Lin Hanxing! It's Lin Hanxing!"

Knowing Lei Xiao's character, Yan beixiao did not dare to keep him in suspense any longer, and quickly said the main point!

Three days ago, after returning from the northern Song, Lei Xiao had activated the dark net to search for Lin Hanxing's news.

But it was like a stone sinking into the ocean.

When he found out that even the Lei family could not find Lin Hanxing on the dark web, Yan beiming could not help but feel curious about him.

She was simply a mystery!

However, Yan beiming had never expected that he would run into her by chance today, despite how big Jiang city was!

The Thunder valiant beast suddenly stopped!

Anthony had followed Thunder valiant for many years, but this was the first time he had seen him like this. He was shocked.

she drives a white Maserati. Do you know how many men's souls are hanging over her? "

Even for Yan beixiao, when he saw Lin Hanxing for the first time, he only had one word in his heart!

It's a great calamity!

And it was the kind that would kill!

"Where are you?" Lei Xiao got up and walked to the floor-to-ceiling window.

In the reflection of the floor-to-ceiling window, his eagle-like sharp eyes landed on the heavy traffic under his feet.

Yan beixiao gave her an address.

"Cancel all the meetings in the afternoon."

After giving Anthony a brief explanation, he took the car keys and left quickly ...

.....

In the ZZ mall.

tz was a large shopping mall under the Lei Corporation that targeted high-end consumers. The shopping mall covered all the major luxury goods at home and abroad, as well as Lei corporation's own brand. It could be considered a shopping paradise.

At this time, the leader sent directly by the group Headquarters was leading a group of people for an inspection.

The leader, who had a haughty look on his face, inadvertently glanced at the man who had just come in through the revolving door. His expression changed drastically!

He left everyone behind and ran towards the other party.

The Thunder valiant beast sensed someone approaching and looked up at the other party.

When he saw the other party's face clearly, he frowned and waved his hand.

It instantly caused the other party to stop in his tracks.

"Yan Beichen, where is she?"

Lei Xiao put on his Bluetooth Earphone and walked toward the elevator.

The people who had been left behind by the higher-ups also caught up to them.

They were all panting and scratching their heads.

The higher-ups broke out in a cold sweat. They had never expected the president to come in person.

But it seemed like a private matter.

After hesitating for a moment, the higher-ups followed him from a distance.

The people behind him followed closely.

Yan beiming was on the third floor.

The moment he saw Lei Xiao, he almost spat out the coffee in his mouth.

It took him 20 minutes to get there, even though it was a 45-minute drive. Did he fly here?

“Here, your sweetheart.”

Yan Beichen stretched out his hand and pointed to a place not far away. A beautiful figure could be vaguely seen through the floor-to-ceiling window.

Lei Xiao’s eyes were deep as he immediately recognized Lin Hanxing.

She didn’t know what the sales lady was saying to her, but she reached out and tucked her hair behind her ears.

It was like a slow-motion replay, which made Lei Xiao’s pupils deepen.

She was so dazzling that she attracted all the men’s eyes!

Lei Xiao’s heart was filled with unconcealable hostility.

Yan beiming could only feel the air around Lei Xiao, who was standing beside him, getting colder and colder, as if he had been soaked in a cold pool of water.

“The killing intent in your eyes is getting stronger.”

Yan beiming’s expression was exaggerated as he tried to remind her.

After standing there for a long time, Lei Xiao reached out and beckoned to the higher-ups not far away.

The people behind the higher-ups watched as their leader, who had always been high and mighty in front of them, ran over.

No one knew what Lei Xiao said, but the higher-ups nodded and bowed.

yes, yes, yes. As long as that young lady takes a fancy to it, No... As long as she takes a few more glances at it, I’ll immediately get someone to wrap it up and send it to the president’s residence!

Yan beiming’s expression was extremely rich when he heard this.

He only thought that Lei Xiao had gone crazy.

She wanted to wrap it up for Lin Hanxing after looking at it a few more times?

If she had her eyes on gold, he would have dug a gold mine for her, right?

Furthermore, if he bought it, then he bought it, but he didn't dare to give it to someone else. His head was really kicked by a donkey!

Of course, Yan beiming would never dare to say these words to Lei Xiao.

"Huo Shui! You're indeed a source of trouble!"

Yan beixiao mumbled softly, but in the next second, Lei Xiao's cold gaze forced him to swallow his words!

"Call Liang yuran and ask him to find a way to set up a GPS tracker on her."

He would never lose control of her again!

Yan beiming was shocked. He wanted to invite Liang yuran?
