

## Goodnight 411

### Chapter 411: Even for such a thing

He had even calculated such a thing?

It didn't matter if he went to the Lin family to find Lin youlin and expose everything, or if he came here to see her first, it wouldn't affect the development of the situation. In fact, if he went to find Lin youlin first, it would be more beneficial for Lin xiaojiu!

Su zhanlong thought about how he had even threatened Lin xiaojiu by telling Lin youlin about this ...

No one knew better than him what it meant to be unable to show his face!

"I, su, am convinced of my loss!"

She was only in her twenties, but she was already so shrewd and scheming.

Not to mention a small su family, even if everyone joined forces, they would not be able to shake her at all!

Furthermore, Lin xiaojiu had the Thunder valiant beast by her side!

This was the young master of the Lei family who had single-handedly pushed the entire Lei Corporation to the International stage!

I'm just going to be so bold as to ask, miss Lin, what do you want? "

Su zhanlong's intuition told him that this matter was far from as simple as it looked.

However, the sea bridge was a key project of the government, and the resources of the entire Jiangcheng would be given priority to this project. This was completely different from the project that the group had undertaken, so there were naturally very few places that could be tampered with.

Furthermore, the Fang family was determined to win this project ...

If Lin xiaojiu didn't want them to win the bid, why did he have to go in such a big circle?

Furthermore, it would not cause any loss to these families.

But if Lin xiaojiu let them win the bid ...

Would she just watch as the Fang, he, and Lin families made so much money that their hands went soft?

Regardless of whether it was accurate or not, su zhanlong could not guess Lin xiaojiu's true intentions.

Just like how he couldn't see through this person at all.

Lin Hanxing's eyes met su zhanlong's indifferently, but he smiled and said nothing.

What did she want?

Yan beiming had asked her a similar question before.

What she wanted was actually very simple.

He just wanted to cause chaos in the Lin family!

However, other than Lei Xiao, no one else could see through Lin Hanxing's true thoughts.

I, su zhanlong, swear that no matter what miss Lin wants to do, I will do my best to stand on your side. I only hope that you can let the SU family off!

Su zhanlong's words were also said with great skill.

He clearly knew that it was the Lei family, led by Lei Xiao, who had attacked the SU clan, but he had begged Lin Hanxing instead.

Of course, he had his own thoughts about this.

Su zhanlong was testing out how much weight Lin xiaojiu had on Lei Xiao's side!

If only she wasn't that important ...

She believed that no man would be happy with the feeling of being suppressed by a woman.

"Teacher su, I don't understand what you're saying,"

Lin Hanxing smiled coldly and said without much emotion.

However, it suddenly made su zhanlong's heart beat rapidly.

Among the juniors of the prominent families in the entire Rivertown, other than Lei Xiao, they had only felt such a strong sense of intimidation ...

For the first time in his life, he actually had a deep fear of a woman!

"At this point, there's no need to be petty!"

Lin Hanxing liked smart people, but he did not like people who were too smart.

Some clever tricks were used correctly, and it would yield twice the result with half the effort.

However, if he used some of his little tricks incorrectly ...

"Mr. Su, you need to have the attitude of a beggar, am I right?"

Lin Hanxing's cold eyes were like arrows. He stared straight at su zhanlong, and the warning in his eyes was obvious.

Su zhanlong felt as if his blood was freezing in an instant, but Zhong Yifu, who was beside him, was still unaware of the situation. She stared at them blankly, as if she couldn't understand what they were talking about at all ...

## **Chapter 412: The degree of heartlessness**

After a long time, su zhanlong admitted defeat.

How could he show off in front of Lin xiaojiu with that little bit of cleverness?

Lin Hanxing raised his head and looked at Lei Xiao.

The crisis that erupted in the SU clan was single-handedly pushed forward by Lei Xiao, so the decision was naturally in his hands.

His cold face, which was like a Greek sculpture, didn't change. His cold eyes fell on su zhanlong's face.

Su zhanlong, who was exhausted, felt a chill down his spine.

"Even if we let go now, the SU clan is finished."

The cold tone that made people as silent as cicadas in winter directly sentenced concubine su to death.

It was as if all the energy in su zhanlong's body had been sucked away, and he sat paralyzed on the sofa.

If even Lei Xiao said that concubine su was finished, then concubine su really was finished.

"Su clan is finished? No, concubine su can't be finished!"

Even though she didn't understand the other words, Zhong Yifu understood this sentence, and she suddenly screamed.

"Although the SU clan is finished, I can help you get out of the swamp."

Lei Xiao's words instantly ignited a flame of hope in su zhanlong's heart.

This time, concubine SU's matter had indeed blown up too much. He did not even think that he would be able to escape.

Once the commercial Crimes Investigation Division got involved, the situation would be out of control.

"Ah Xiao, help me! I can't go to jail! If you help me, I'll work like a cow or a horse to repay you!"

As he said that, su zhanlong knelt down in front of Lei Xiao with a thump.

"That will depend on how cruel you can be!"

In a rare sight, the corners of Lei Xiao's thin lips curled up into a cold smile and his tone was cold.

"What do you mean?" Su zhanlong was stunned.

if the price you have to pay for not going to jail is to bury all your relatives involved, would you still maintain your previous choice? "

Su zhanlong didn't say anything for a long time. He knelt on the ground, and large patches of cold sweat seeped out of his forehead.

The Thunder valiant beast meant ...

He was too ruthless!

If he didn't agree, then what awaited the SU family would be the fate of spending the rest of their lives in prison.

However, if he agreed ...

He had abandoned his entire family and would live a life of being hated by everyone.

And with such an important piece of information in his hands, even if he wanted to betray him one day, it would be impossible!

The Thunder valiant beast had cut off all his escape routes from the very root.

“Teacher su, you’d better think carefully.”

Lin Hanxing’s long eyelashes fluttered slightly, and he hid the mockery in his eyes.

The situation that su zhanlong was facing now was very similar to last night.

In fact, it was not difficult to guess what choice he would make.

“I know.”

Su zhanlong opened his mouth dejectedly. He couldn’t beat the two of them.

These two people seemed to have set up their own traps, but in fact, they were secretly connected in countless ways. This was a heaven-encompassing net, densely packed, covering him from head to toe, leaving him no room to struggle at all!

Lin Hanxing and Lei Xiao looked at each other, their tacit understanding was self-evident.

“In addition, I need the two of you to help me deal with a matter!”

The cold voice rang out again. Su zhanlong, who was like a stray dog, no longer had any room to bargain.

“Miss Lin, is there anything that ah Xiao can’t do?”

“In this world, only the two of you can do it!”

Lin Hanxing chuckled softly. He didn’t care what kind of emotions su zhanlong was referring to.

“What?”

right now, there are a few reporters waiting outside the Lin family’s house. What you need to do is to bring these reporters in and cause a scene with Auntie. Do you need me to teach you what to say when the time comes? ”

Su zhanlong suddenly raised his head and looked at her!

She actually ...

### **Chapter 413: It depends on my mood**

As he watched su zhanlong and Zhong Yifu leave, Lin Hanxing’s expression remained cold from the beginning to the end.

Fiddling with his phone, he dragged Lin qianlin’s number out of his blacklist.

At this moment, she must still be immersed in the joy of having a big pie fall from the sky and hit her.

He didn't even care about getting his sister-in-law out of the police station.

Sure enough, other than the phone call log that he had frantically dialed in the morning, there was no other notification.

Lin Hanxing's eyes flashed coldly.

This was good. The higher he was, the harder he would fall.

After all, there were some pies that you couldn't afford to eat just because you wanted to!

"What are you thinking about?"

Lei Xiao's deep voice rang out from beside Lin Hanxing. In the next second, she felt the warmth from his arm.

"I'm thinking, the greedier a person is, the more they don't know how to be satisfied!"

As she leaned on him, the icicles on Lin Hanxing's eyebrows seemed to melt and were tainted with some warmth.

Thunder owl didn't say anything. He just stretched out his strong palm and covered her head.

"How long does that woman want to be locked up for?"

To Lei Xiao, Luo Mingwei was just a minor character, and he didn't want to bother to remember her name.

Lin Hanxing laughed.

"If I don't suffer a little and suffer a little, how can I live up to this good show?"

He raised his head and looked at Thunder valiant beast, a rare mischievousness flashing through his eyes.

As for how long he would be locked up ...

It depends on my mood!

.....

Half an hour later.

Outside the Lin family villa.

The reporters, who had been hiding in the dark for a long time, saw a car with a familiar number plate driving over from a distance.

Behind the car, there were several seven-seater MPVs.

It seemed ...

Was he looking for trouble?

When he took a closer look, his blood started to boil!

Wasn't this the SU family's car?

Just as he was thinking about this, the car quickly stopped beside the reporter's hiding spot.

The window slowly slid back into the car.

Su zhanlong and Zhong Yifu's faces were revealed.

"If you want first-hand information, get into the car behind."

Su zhanlong spoke in a deep voice, and the reporters were immediately excited.

It should be known that the people sent to guard the Lin family were basically newcomers who were the least valued by the media, such as the magazine. Because such a big thing happened to the SU family, no one would think that the SU family would be here.

However, not only did su zhanlong appear, but he also brought a group of people with him ...

What did he want to do?

Everyone had the same question in their hearts.

Professional reporters were sensitive, so they didn't even have time to think about it. They picked up the equipment and walked to the back of the business car with their people.

The moment they pulled open the car door, the reporter instantly sucked in a breath of cold air!

In the seven-seater MPVs sat burly men, each holding an iron bar as thick as an arm.

When they saw the car door open, both of them looked over with cold eyes.

The reporters were so frightened that they went up obediently and found a corner, not daring to move again.

It really took his life!

However, the confused reporters couldn't understand.

What face did this su zhanlong have to bring people to the Lin family to cause trouble?

After all, last night's video had already spread all over his WeChat moments. To put it bluntly, he, surnamed su, had slept with someone from the Lin family, but in the end, he had rewrote his testimony at the police station and said that they were selling money. This person was already very unkind!

Until now, President Lin's sister-in-law was still locked up in the police station, and her reputation was ruined.

But then again, President Lin's sister-in-law could have done anything, but she had to be a mistress. It was really despicable.

Therefore, in the eyes of the reporters, whether it was su or Lin, they were not good people!

But seeing su zhanlong's stance ...

There seemed to be something hidden!

Could it be that they were really going to catch some big news today?

As he was thinking, someone secretly opened a live online broadcast room ...

#### **Chapter 414: It was unusually lively**

The Lin family had never expected that su zhanlong, who was deeply involved in the SU family's scandal, would actually dare to appear here.

At this moment, Lin youlin had just sent the he family off not long ago. Her face was still full of smiles. When she saw su zhanlong barging in with his men, her expression instantly darkened, especially when she saw the reporters behind him!

However, before she could speak, Zhong Yifu, who was standing beside su zhanlong, walked quickly towards Lin youlin!

With a loud slap, Zhong Yifu slapped Lin youlin in front of everyone!

It all happened so suddenly that no one expected the SU family to be so unreasonable.

The reporter who had started the live broadcast room quickly pointed the camera at the two people and quickly changed the title of his live broadcast room to a sensational one!

Last night, the video of them capturing a female gangster had already hyped up the relationship between the SU and Lin families. Today, the crisis of the SU family organization had dominated all the headlines, earning enough attention from others!

However, the major media outlets didn't even get any useful gossip today.

The public's emotions had accumulated to a peak, and it was obvious that they needed an outlet to vent.

And the live broadcast room opened by this little reporter had timely satisfied the public's psychology!

In a short period of time, the livestream room was pushed to the front page by the system, instantly attracting millions of viewers.

Many people had just come in and witnessed Lin youlin being slapped by Zhong Yifu. They were satisfied to see the rich ladies who usually appeared in magazines and websites fighting like shrews in the market.

All of a sudden, gifts and gifts flew all over the live broadcast room.

Lin youlin covered her face as if she couldn't believe that Zhong Yifu would slap her in this way!

"Are you crazy?"

Zhong Yifu's grip was very strong. Lin youlin's face was still numb, and her ears were buzzing.

However, as soon as Lin youlin finished speaking, Zhong Yifu's slap was about to land again.

Seeing that the situation wasn't right, Lin youlin quickly called for the servants while dodging left and right. She had just been madly beaten up by Luo Mingwei last night, and she hadn't slept well the entire night, so her entire mind was a little empty!

Lin youlin subconsciously covered her face when she saw the reporters taking photos.

"Don't shoot! Which media company are you guys from! Don't take any pictures!"

The other Lin family members heard the commotion and came downstairs. They were confused at first, but when they heard Lin youlin's shouts, their faces changed.

"I'm hitting you, you bitch!"

Zhong Yi Fuyue's chest heaved as she glared at Lin qianlin.

The new and old grudges added together made her want to tear this woman to pieces!

"Su, you're going too far!"

Luo Minghao and Luo Wensu were still outside trying to pull some strings to get Luo Mingwei out, so only the two siblings, Luo Wenbo and Luo Ruyin, were home.

Luo Ruyin protected her mother in her arms and glared at her angrily!

hehe, how can I compare to your Lin family? in order to achieve your own goals, you took great pains to set up a beauty trap for me, su zhanlong! Now that things had developed to this stage, how would su zhanlong Dare to Care about that little bit of face anymore?

And the moment su zhanlong said this sentence, the number of people in the live broadcast room reached another leap!

No one would have thought that there would be such an inside story other than the video that caused a sensation in the entire Jiang city last night. It spread like wildfire. Even those who did not know about the live broadcast were dragged in by their friends and family!

## **Chapter 415-badly battered**

At this moment, Luo Wensu, who was visiting Luo Mingwei in the detention center, had no idea what was happening in the Lin family's Villa.

Luo Mingwei had only been locked up for a night, but she was already so Haggard that she was barely recognizable.

"Brother, save me!" As soon as she saw Luo Minghao, Luo Mingwei rushed to him and cried.

This was the first time she had spent the night in a Detention Center since she was young.

"I was wrong. I won't cause you any more trouble. Please save me!"

Luo Mingwei's eyes widened, and her body trembled. She was no longer as flirtatious as before.

Luo Minghao pursed his thin lips tightly.

This was his biological sister, how could he not feel heartache?

However, he and his son had been running around the whole day, and the result was the same.

Unless that person relented, the crime of assaulting a police officer could be a major or minor matter, and it was possible that he would be sentenced.

“Brother, I can’t take it anymore. You don’t know what kind of people are locked up here!”

“There are thieves and prostitutes. They won’t let me sleep with them and even threatened me! I’m about to have a mental breakdown!”

Luo Mingwei couldn’t stop crying and complaining.

“Aunt, calm down!”

Luo Wensu spoke when he saw his father’s embarrassed expression.

“You’re not the one who’s locked up here, how am I supposed to calm down!”

Then, Luo Mingwei rolled up her sleeves and showed them the bruises on her body.

“They were the ones who hit me!”

“I’ll die if I stay here! I’m really going to die!”

Luo Mingwei looked at her brother with wide eyes.

“Isn’t our Lin family very powerful? Is sister-in-law still angry at me for hitting her last night? I’ll apologize to her, I’m not human! You can ask sister-in-law to find someone to let me out!”

“You think I don’t want to?”

Luo Minghao slammed the table!

“You’ve caused so much trouble since you were young, and I’ve always helped you solve it!”

“But do you think it’ll be the same as before?”

“You still don’t know who you’ve offended?”

Luo Minghao was utterly disappointed in his sister!

I just slept with Zhong Yifu’s man. Who could I have offended? ”

Luo Mingwei was frightened by her brother’s sudden temper, and her eyes were filled with panic.

“Ah su and I have been running since this morning, talking until we broke our legs, but no one dared to agree! That’s because Lei Xiao has said that whoever helps our Lin family will be going against the Lei family!”

Like a bolt of lightning from a clear sky, Luo Mingwei couldn’t say a word.

The Lei family? Thunder valiant?

"This morning, the SU family group's scandal broke out. Now, su zhanlong himself is in prison. The SU family's hundred-year foundation was destroyed just like that! Who do you think has the ability to do this?"

If it wasn't for the barrier between them, Luo Minghao really wanted to give Luo Mingwei a few tight slaps to wake her up!

All this hard work was all thanks to her!

She still had the face to cry here!

No... it was like a flood pouring in. This was utter despair!

"I'm already in a terrible fix! I only hope that Lei Xiao will not focus on our Lin family. At this time, how do you want us to save you? No one even dared to accept money!"

In Rivertown, the Lei family was an absolute taboo!

You can't touch it, you can't touch it!

This was the rule that all the rich families in Jiang city had been silently abiding to!

"Lin xiaojiu! Bring Lin xiaojiu to the lightning strike's bed!"

Suddenly, Luo Mingwei seemed to have thought of something, and her eyes were burning with hope again!

Luo Wensu's expression darkened.

"Lei Xiao did mention to your sister-in-law last night that as long as little 9th went to see him today, everything could be discussed. However, since last night, she hasn't returned, not even picking up the phone!"

"Bitch!"

## **Chapter 416: Can't win her**

At the Zhong family's Villa.

"Why aren't Grandpa and Grandma back yet?"

Fang Mengran leaned on Zhong Xueqing's shoulder, her eyes still red.

She hadn't drunk the ginger soup that the servant had brought her. It was obvious that she hadn't recovered from the shock.

Zhong Xueqing carefully combed her daughter's hair with a comb, a cold smile on her face.

She didn't believe that Zhong Nanyin would dare to lay a hand on his own father.

Let's make a fuss. It's best to turn the world upside down so that I can help her vent her anger!

Just as he was thinking about it, a commotion came from downstairs!

"I'm back!" Zhong Xueqing's eyes brightened as she turned around and walked down the stairs.

However, just as he came down the stairs, he was shocked by the scene in front of him!

Old Mr. Zhong pulled Mrs. Zhong's hair into the villa like a mad man. The muscles on his face twitched in anger and the veins on his neck were obvious.

With a bang, Mrs. Zhong was thrown onto the carpet.

A heavy sack was thrown over as well.

dad ... Zhong Xueqing opened her mouth subconsciously, not knowing what had happened.

However, when old master Zhong raised his head to look at her, Zhong Xueqing was truly shocked.

His ashen face and bloodshot eyes were terrifying!

Fang Mengran, who was following closely behind Zhong Xueqing, was also so frightened that she didn't dare to move. Didn't she say that she would go to Y R to find trouble with second aunt to help them vent their anger? How did he become like this when he came back?

"Beat him up! Beat him up ruthlessly!"

Old master Zhong sat on the sofa, panting heavily as he ordered his men.

Without any hesitation, the people who went to Y. R with old master Zhong today started punching and kicking The Gunny Sack and Mrs. Zhong!

"You have to believe me! I've never done anything to let you down!"

Mrs. Zhong screamed again and again, rolling on the ground in pain, tears pouring out.

Old master Zhong turned a deaf ear to her words, his gaze falling on Zhong Xueqing.

Zhong Xueqing was so frightened that she did not dare to move.

"Your mother did something wrong to me. Tell me, what should I do?"

After a long time, a deep and slow voice, like a venomous snake sticking out its tongue, coiled around Zhong Xueqing.

She didn't dare to think about what was in the sack, even though she kept hearing muffled groans from inside.

Fang Mengran squeezed into her mother's arms in fear.

"Xueqing, save me!"

Mrs. Zhong crawled towards her daughter, her face still covered in blood. Zhong Xueqing retreated in panic.

Old master Zhong glanced at him with a gloomy look.

A crisp sound was followed by a scream, and Mrs. Zhong's wrist was broken by someone!

“From today onwards, announce to the public that Madam is seriously ill and is not suitable to meet with guests, and reject all invitations!”

As old Zhong spoke, he recalled the lake-blue figure in his mind.

He squinted his eyes and looked at Zhong Xueqing.

“You can’t win against her!”

A sentence with an unknown meaning suddenly interjected, and Zhong Xueqing was unable to react for a long time.

“Don’t try to get into that girl’s good books.”

Old Zhong was a man who had experienced the ups and downs of the business world. The financial storm back then did not crush him, but a young girl had ruthlessly trampled his self-esteem under her feet!

“That girl, she eats people without spitting out the bones!”

Even old master Zhong’s legs couldn’t help but tremble when he recalled everything that happened today.

As long as she wanted to, even the sky in Jiang city would change for her!

Only then did Zhong Xueqing realize that the girl old master Zhong was talking about ...

It was her!

The woman who had made him suffer today!

So, it was all because of her that things turned out this way?

Did she really have such great ability?

#### **Chapter 417: The whole city was in heat**

When Lin Hanxing and Lei Xiao returned to the villa, Yan beixiao was sitting on the sofa, engrossed in his phone.

He was excited to see Lin Hanxing.

little Hanxing, quickly turn on your phone. The entire Rivertown is watching your Lin family’s show!

Lin Hanxing laughed. It was as he had expected.

Lei Xiao had already handed her the mobile phone with the screen turned on. In the video, Lin youlin clearly did not know that her embarrassing appearance in her son’s arms had been seen clearly by everyone in Jiangcheng.

Did you know? su zhanlong said that the Lin family set up a honey trap for him to achieve their own goals!

"I know," Lin Hanxing's eyes swept across the screen coldly as he spoke.

Yan beiming's expression froze, as if he suddenly thought of something.

"It's not su who went to the Lin family to cause trouble, it's you ..."

The next second, Lin Hanxing shushed him with a smile.

Yan beixiao could not help but give her 10086 likes in his heart. Even if little Hanxing was not in the Lin family, she could still turn these people upside down with just a few words and actions!

"What nonsense are you talking about? What beauty trap?"

Lin youlin's weak voice came through the phone.

"Lin, stop pretending!" Zhong Yifu laughed coldly, as if she was ready to fight to the death.

back then, in order to let your best friend take the position, you advised her to get on the bus first and make up for it later. Then, every night, you called young master he's mother to harass her. Your best friend told me all these things in person after dinner as a joke!

The moment Zhong Yifu said this, the popularity in the live-stream room exploded.

Those who didn't know about this history asked in the chat channel, and the others quickly explained.

The he family's past and young master he's car accident were brought up again. The topic was diverted, and the mysterious disappearance of young master he, who had been lying in the hospital for three years and had long been forgotten, was also brought up!

Lin Hanxing looked on coldly, his long eyelashes casting a shadow on his face.

But very quickly, she turned her gaze to Lei Xiao's handsome face.

The black hair in front of his forehead naturally drooped down and covered the depths of his eyes, no one could guess what he was thinking.

The Thunder valiant beast's eyes, nose, and lips ...

Lin Hanxing suddenly felt that even if he just watched Lei Xiao do nothing, it would still be better than fighting with these people.

As if he felt something, Thunder valiant lifted his head.

He looked at Lin Hanxing.

His strong palm was still holding the phone tightly, and his sleeve was rolled up to his elbow, revealing his tense forearms.

His eyes were as beautiful as Obsidian.

Lin Hanxing smiled at him, his ivory white skin glistening under the sunlight.

She leaned back on the sofa lazily.

Her fingers inched toward him.

On the other end of the live broadcast room, there was still a heated argument, as if they were trying to dig out all the bad debts from the past.

Yan beiming was watching the fun.

No one had noticed the little exchange between Lin Hanxing and Lei Xiao.

The Thunder valiant beast's slender fingers moved slightly.

In the next second, she was grabbed by a soft and fair hand.

There were rough and thin calluses on Lei Xiao's knuckles, which Lin Hanxing touched back and forth.

The two of them didn't bother about the live broadcast anymore.

His pupils grew deeper and deeper, like a dense fog forest hiding Danger in the Dark night.

He held her tightly.

Her perfect lips curved into a faint smile, but it was more alluring than any scenery Lin Hanxing had ever seen.

Lin Hanxing's breathing stagnated. He would rather Lei Xiao still had that cold look on his face.

At the very least, she wouldn't want to do unspeakable things.

#### **Chapter 418: The eternal light**

"I want to go somewhere."

Lin Hanxing smiled faintly, but there was a deep tide hidden in his eyes.

"I'll go with you."

Lei Xiao did not ask her where she was going, because no matter where she went, he would accompany her.

"Alright," he said.

.....

The path up the mountain was a winding stone path.

Both sides of the road were filled with trees. The ancient trees reached the sky and seemed to completely cover the sun and moon.

Only in the gaps between the dense leaves, there was a thin ray of sunlight shining on the ground.

The rarely seen path was quiet, with only the chirping of birds.

He didn't know how long he had walked like this.

At the end of the road, a temple could be vaguely seen.

It wasn't as big as it was in Meng Song. If it wasn't for someone leading the way, he wouldn't have found it.

Someone was waiting at the entrance of the temple.

After handing Lin Hanxing two lanterns, he turned around and left.

"Help me hold it."

After passing one of the lamps to Lei Xiao, Lin Hanxing slowly walked in.

Very quickly, a monk walked over.

When he saw that it was Lin Hanxing, he put his hands together and saluted. Then, he led the two of them to the main hall.

master is still taking a nap. Do we need to wake him up? "

The monk's voice was deep and slow.

"No need for now."

After Lin Hanxing finished speaking, the originally locked door of the main hall was opened by the monk with a key.

The moment it was opened, nearly 10000 eternal lights inside flickered in one direction with the flowing wind.

The scene was shocking!

The monk bowed and left.

Lin Hanxing took off his shoes and entered the room, followed by Lei Xiao in silence.

He seemed to have suddenly understood what was inside the lantern-like object in his and Lin Hanxing's hands.

Lin Hanxing slowly knelt down in front of the Golden Buddha statue in the middle of the hall.

He put his hands together and looked very sincere.

Her slightly curly long hair was like seaweed that scattered on both sides of her body as she moved. Her long eyelashes cast a long shadow on her fair skin, and the light of the eternal lamp flickered as if it had a life of its own.

The man who didn't believe in ghosts and gods eventually walked behind her and covered her like a mountain of shadows.

Lei Xiao clearly remembered that day in Mengsong, the viciousness that surrounded her little body was so intense.

It was as if as long as he let go and let Hanxing go, something would happen!

"There are 9997 eternal lamps here. I've specially found them for my parents."

Lin Hanxing's cold voice rang in his ears.

I once swore that when I truly return to Jiang city, I will offer the last two goblets that symbolize my parents 'constant company to this place.

There were 9999 eternal lamps, and each one of them symbolized her return to Jiang city.

As if in response to her, the eternal light flickered, reflecting the pair of cold and self-restrained eyes, making them even more cold.

It was only then that Thunder valiant beast knew.

It turned out that back in Mengsong, she had brought him to see the two eternal lamps ...

There were only two eternal lamps in the entire Hall ...

They were actually representing her parents.

eighteen years ago, the Lin group was on the verge of bankruptcy. Outsiders said it was because of my father's mistake!

An almost cold voice sounded in the hall.

Lin Hanxing raised her head and looked at the Buddha statue. The orange candlelight illuminated her delicate and beautiful face, making it look even more profound.

in the eyes of those people, Lin youlin was a loyal person who had to save the Lin Corporation on the verge of bankruptcy by herself when she was suffering from the pain of losing her loved ones. But no one knew that it was my dear aunt and outsiders who set up a trap for my parents!

"No one knows either. Eighteen years ago, it was this aunt who sold me, who was only seven years old, to a human trafficker!"

With a cruel smile on his face, Lin Hanxing slowly turned on the palace lantern beside him, revealing the eternal flame inside!

#### **Chapter 419: How can I not hate**

Yingluo-what if I tell you that I wasn't abducted back then?

Lei Xiao couldn't help but recall Han Xing's words that were enough to set off a tempestuous storm.

The oil had just been added to the lamp in the morning, and the lamp base was burning hot, and the lamp core was making a crackling sound.

Lin youlin thought I didn't know anything, so she used my cousin Luo Wenbo's hand to send a drink mixed with sleeping pills to my mouth and told me to drink it!

Lin Hanxing's porcelain-white fingertips landed on the base of the eternal flame lamp, and a burning pain instantly assaulted him.

However, Lin Hanxing's expression did not change at all.

I pretended to drink it and fainted. Only then did I hear the truth from my good aunt!

If Yingluo's big brother and sister-in-law didn't die, how could it be my turn?

Qianqian and the others have occupied the Lin group for so long, and they're not even willing to share the profits with me, so what right do I have to let them have an easy time?

It's good that Yingluo died! It's good that he died! They should have died long ago!

At that time, Lin youlin thought that her niece had been drugged. She no longer hid the darkness in the depths of her heart and told Lin Hanxing everything.

His nagging, as if he wanted to vent his anger, made the seven-year-old Lin Hanxing's body turn cold!

Especially when Lin youlin's rough hands touched her face over and over again, and over and over again, she poured out the negative emotions hidden in the darkest corner of her heart to her. That was the most terrifying!

The young Lin Hanxing could not understand why her aunt hated her parents so much, but she knew very well that she was about to be sold by her aunt, and it would not even be seven days after her parents' death!

"Ah Xiao, Did you know? Those people are not human traffickers!"

Lin Hanxing sneered. He stood up and slowly placed the eternal flame lamp on the base, then turned to look at him.

they are a bunch of desperadoes. Each of them has a human life on their shoulders. It's impossible for Lin youlin not to know what it means to hand a seven-year-old child into the hands of these people!

The Thunder valiant beast's cold face was as tense as an ice sculpture, and the two big fists hanging naturally by his sides were clenched tightly.

His joints made a cracking sound!

Although he had already guessed it, when he actually heard it from Lin Hanxing, he felt like his chest was about to explode.

Back then, Lin youlin did not want her to live anymore!

Not only did he not want her to live, but he also wanted her to suffer the cruelest torture in the world!

"These are my family! My family who wants to kill me all the time!"

Her lake-blue dress glowed a different color under the light of the everlasting lamp, but it did not melt Lin Hanxing's cold eyes.

"Ah Xiao, how can I not hate you?"

It was a kind of hatred that seeped into the bone!

There was no time that he did not want to ruthlessly tear everyone who was currently living in the Lin family villa to pieces!

Lin Hanxing's tone was complicated and heavy, but he still had a self-deprecating smile on his face!

The Thunder valiant beast suddenly strode towards her, his strong and powerful hand grabbing her slender wrist ...

In an instant, the lake-blue satin dress bloomed like a gorgeous flower in the air, and Lin Hanxing's petite figure was immediately held tightly in Lei Xiao's arms!

With his large palm tightly clasped behind her head, Lei Xiao's breathing became heavy from his suppressed anger.

"I'll help you."

His melodious voice rang in Lin Hanxing's ears, carrying a man's unique stubbornness!

"Your hatred is my hatred. Whatever you want to do, Hanxing, I'll help you!"

Thunder owl's deep eyes fell on the bright eternal flame.

His powerful voice passed through the trembling of his chest to her, firm and powerful.

#### **Chapter 420: The cursed Lone Star**

Lin Hanxing buried his face in Lei Xiaoyue's chest, the fragrance of hyssop made people hold their breath.

The hatred and hostility that had been flowing in her limbs and bones gradually disappeared.

This man seemed to be the coldest, but he had the softest heart.

Imperceptibly, with his strongest strength, he was repairing her heart, which was occupied by hatred and was riddled with holes.

"I know what you're trying to do,"

"Let me do it."

Lei Xiao's large palm was still on the back of her head, burning her nerves with a heart-stirring temperature.

However, there was still some apprehension in his voice.

Hanxing had once told him not to manage the Lin family's Affairs.

"I know that nothing I do can escape your eyes."

Lin Hanxing chuckled.

He did not show any displeasure at Lei Xiao's words.

"But it's indeed inappropriate for you to show up!"

Even a fool would know that the SU family group's current state was the result of the Lei family group and Lei Xiao's actions, not to mention that Luo Mingwei was still detained in the detention center. With these alone, how would the Fang and Lin families dare to rope him in?

The Thunder valiant beast was naturally aware of this, but his brows were tightly knitted, clearly unhappy.

"I want to help you."

She would be happy if she hacked the Lin family into a thousand pieces, but Lei Xiao would not hesitate either.

"I know," I know all about it.

"Actually, you're already helping me."

This morning, there was another piece of news that was released along with the SU clan's crisis.

The Lei group was interested in participating in the Jiangcheng sea bridge project!

In Jiang city, there was no other group that had the qualifications to be compared to the Lei family.

This would naturally make the Fang, he, and Lin families feel a sense of urgency, and they would need a large amount of capital to support them!

"I've said it before, I prefer to make people sad now!"

He would slowly torture his opponents, making them feel the taste of suffering bit by bit. When their minds were on the verge of a mental breakdown ...

Give him another fatal blow!

Wasn't this kind of game more fun?

"Those who owe my parents and me, I will find them one by one and let them carefully taste the pain I have suffered in the past! The life where I couldn't sleep at night ..."

Lin Hanxing squinted his eyes, and a cold light flashed in his eyes.

"I want them to experience this feeling day and night for the rest of their lives!"

Lei Xiao took in all of her expressions, hiding the danger in his deep eyes, and held her even tighter.

He would not let go of any of those who had hurt Hanxing!

.....

When he came out of the hall, the old master was already waiting at the door.

He was dressed in a gray and patched Kasaya, which had lost its ostentatiousness and made people feel like he was an otherworldly expert.

"Benefactor Lin, long time no see."

After saying "Amitabha," the old master spoke kindly.

His gaze, however, fell on Thunder valiant beast's face.

"The heavenly cursed Lone Star can not be stopped. I am the bane of my six relatives, and my parents have died."

The old master muttered as he shook his head.

Lin Hanxing did not hear it clearly, but Lei Xiao heard it clearly. His expression suddenly turned cold and dangerous as he stared at the old master.

"Almsgiver, do you mind if I read your palm?"

The old master said this to Lei Xiao.

The Thunder valiant beast was silent for a long time, and just like that, he looked at the old master. The two of them seemed to be in the middle of a contest.

Lin Hanxing felt the subtle tension between the two and was about to speak, but Lei Xiao had already reached out his hand to the other!

His strong and powerful palm was spread out, and thin palm lines ran through it.
