

Goodnight 421

Chapter 421: My fate

The old master looked at it with a solemn expression.

No one spoke.

Lei Xiao's Hawk-like eyes narrowed slightly, making it impossible to tell what he was thinking.

After an unknown amount of time, the old master put his palms together.

the heavenly demon is a nemesis. The Lone Star is a Lone Star. The heavenly demon's Lone Star has descended, and I am a lone nemesis to my family and friends.

A pair of intelligent eyes landed on Lei Xiao's face, and he said it word by word to him.

The Thunder valiant beast's thin lips were tight, and his face was expressionless.

In the next second, the large palm that was spread out in front of the old master was tightly held by a small white hand.

the cursed Lone Star and the killing Wolf are known as the two great destinies. Both of their fate signs are extremely vicious and they are destined to live a lonely life.

Lin Hanxing could feel the hand under his palm gradually tightening as the old master spoke.

offending the cursed Lone Star will not affect you, but it will cause your friends and family to become ferocious. If you stay with the cursed Lone Star, you will not have a good end!

"Enough!" Lin Hanxing interrupted unhappily.

The old master sighed. Amitabha.

"Master, I respect ghosts and gods, but I don't believe in fate!"

Lin Hanxing's eyes were cold, and even his eyes exuded an imposing aura.

you once helped me to read my fortune. You said that I've been too vicious in my life, that I'm alone, that it's difficult for me to get married, and that I'm afraid that I'll be alone for the rest of my life!

At that time, aunt Mian had just passed away, and she had been filled with hostility.

He was like a gloomy and fierce little beast.

"What did I tell you then?"

The aura that spread out from his bones had the power to control everything.

Even if Lin Hanxing was a woman.

The old master was stunned, and his memory seemed to have suddenly turned back to many years ago.

At that time, the corners of benefactor Lin's eyes and the tip of her brows had a maturity that did not match people of her age. Because of pain and hatred, she exuded an emotionless indifference, as if she wanted to turn the world upside down and bury her with him.

My fate is in my hands, and no one has the right to object!

His cold and hard eyes overlapped with the woman in front of him ...

After so many years, she seemed to have changed, but also seemed to have not changed at all.

He still had that rebellious look in his bones!

In his palm, Lei Xiao's tensed muscles seemed to relax a little. He turned his head to look at Lin Hanxing, who was arguing with the old monk, and the deep, cold glint in his eyes gradually subsided.

"Master, I'm certain of this person, so it can only be him!"

Lin Hanxing looked at the old master calmly and said this seriously.

"If the heavens don't follow my wishes, so what if I poke a hole in the heavens?"

"In this life, I only want to live happily!"

The shock brought by these arrogant and presumptuous words was no less than an earthquake.

For a long time, the old master didn't say anything. He just looked at the man and woman in front of him.

They were all people filled with hostility.

His eyes, however, were more penetrating than any other Buddhist cultivator.

Perhaps, he was wrong?

"Benefactor Lin, why don't you let me approve your birth characters?"

Lin Hanxing was about to refuse when the man beside her suddenly spoke.

"Alright," he said.

Lin Hanxing raised his head to look at Lei Xiao, his expression puzzled.

On the other hand, Lei Xiao's forehead was covered in thick clouds and dark mist, but it was covered by the powerful aura of a superior!

It was impossible to guess.

.....

In the meditation room.

Lin Hanxing's left and right hands moved at the same time, writing down their birth characters.

He pushed it in front of the old master.

He picked it up and looked at it carefully.

The meditation room was very quiet, so quiet that even the sound of breathing could be heard clearly.

Suddenly, the old master's expression changed.

A rare look of surprise appeared in his eyes!

Chapter 422: It's actually a predestined marriage

He raised his head and carefully looked at the faces of the two people sitting on the futon opposite him.

He went back and forth three to four times.

"It's actually like this!"

After an unknown amount of time, the old master finally spoke again, his tone deep and subtle.

The sandalwood incense in the meditation room was burning slowly, and the green smoke lingered in the air.

"The profoundness of the metaphysics of numerology lies in its variables. If I may ask, did the two of you have a relationship when you were young?" he asked.

Thunder valiant beast did not speak, but his eyes darkened.

"No, I've never."

Lin Hanxing smiled faintly. The first time she met Lei Xiao was on a cruise ship in the International waters.

When did they have a childhood relationship?

The old master gave Lei Xiao a deep look.

The latter remained silent.

from the looks of the two of you, one of you is a cursed Lone Star, while the other is a loner. Both of you are walking the path of lifelong loneliness.

However, it was not as simple as just reading a person's face to read their fortune.

The old master held the birth dates of the two people in his hand, his expression mysterious.

"But the strange thing is, although almsgiver Lin is alone, he is also a noble of Tianyi!"

Lin Hanxing's face remained calm even after hearing that.

"Tianyi noble and tiansha Lone Star are considered a perfect match!"

The old master sighed. The two birth dates in his hand had really opened his eyes.

"Furthermore, according to the eight characters, their fates have been intertwined for many years!"

"It definitely didn't happen recently!"

The old master was saying this to Lin Hanxing, and it had a deep and long meaning!

Lin Hanxing was stunned. He did not seem to understand what that meant!

"Many years ago?"

Lin Hanxing chuckled.

"Then, master, please help me calculate. Exactly how many years ago did we start to have a relationship?"

It was obvious that he did not believe the old master's words.

"Eighteen years ago!"

However, the old master's firm voice made Lin Hanxing's smile freeze on his face.

from the eight characters, eighteen years ago, your destinies were broken at the same time due to a sudden change. Since then, the two of you have been tied together by fate!

Eighteen years ago?

A sudden change?

"Due to the effects of the constellation life Providence, the two of you are influencing each other's fortune vault. It could be said that the Stars of Fortune turned into wealth, endless, successful, and healthy. In other words ..."

The old master looked at the man and woman in front of him, who looked like they had just walked out of a newspaper, and explained in the easiest way to understand.

"The two of you are actually destined to be married!"

To think that there could be such a wonderful marriage in this world, even the old master could not help but sigh.

"But ..."

In the end, the old master's expression was a little subtle.

"Only?" The Thunder valiant beast finally spoke, his hoarse voice sounding extremely dangerous.

"Although it's a good thing to share fortune with each other, at the same time, the tribulations in each other's lives ..."

The old master's words held some reservations.

As the saying goes, the secrets of heaven can not be revealed. He had already said a lot today.

"But you two ..."

The old master turned the Buddha beads in his hand and could not help but laugh.

they're all the type with extremely strong evil Qi. Even ghosts and gods don't dare to get close to them, let alone those evil ones!

Ever since he met his old master, Lei Xiao's cold aura finally began to fade away. He held Lin Hanxing's small hand tightly with his ten fingers. The overwhelming and powerful aura of a superior was something that even ghosts and gods had to fear!

"In addition, as I said just now, the profoundness of the metaphysics of numerology lies in its variables. Everything still depends on the creation of the two donors. Amitabha ..."

Chapter 423: Because of my little brother

The road down the mountain was still quiet.

The sun's rays scattered on the winding stone path.

Lin Hanxing seemed to be thinking about something and his mind was elsewhere.

Suddenly, Lei Xiao walked up to her and squatted down with his back facing her.

"Get on."

Lin Hanxing looked at Lei Xiao's broad shoulders, which gave people a sense of trust, and leaned against him.

Lei Xiao stood up steadily and continued to walk forward.

Lin Hanxing's thin and white legs dangled in the air, and the hem of her lake-blue satin dress fluttered in the cool mountain breeze.

"Thunder valiant beast ..."

"What?"

Lei Xiao stopped and waited for Lin Hanxing to continue.

However, she did not speak for a long time.

"He said that we had a history when we were young."

Lin Hanxing's muffled voice resounded in Lei Xiao's ears when he started to walk down the mountain again.

"Yes."

The sunlight that was as thin as a cicada's wing shone through the gaps in the dense forest and onto the two of them. Lin Hanxing and Lei Xiao were the only two people on the winding path in the shady forest, and even the sunlight seemed to have become their background.

"Did I?" Lei Jing's concise answer clearly did not satisfy her.

"Does it matter?" he asked.

He could clearly feel the strength of her chin on his neck.

Lin Hanxing did not respond for a long time.

“I don’t know ...”

After a long time, she responded in a muffled voice.

eighteen years ago, I was seven, and you were thirteen? ”

Lin Hanxing asked again.

“Yes.” The Thunder valiant beast’s breathing was even, and he didn’t feel the slightest bit of burden while carrying her.

In fact, Lei Xiao was currently thinking of how to fatten Lin Hanxing up when he returned.

“My misfortune was because of the Lin family. Your misfortune ...”

“What is it?”

Lin Hanxing did not know if it was a conditioned reflex, but he could feel Lei Xiao’s muscles tensing up.

Her intuition told her.

He seemed to have asked a question he shouldn’t have.

The Thunder valiant beast walked forward in silence, its breathing becoming inaudible.

because of my brother.

But after he finished speaking, he pursed his thin lips and stopped talking.

“So, everything he said is true.”

Lin Hanxing’s voice was very soft as he buried his face into Lei Xiao’s neck, deeply sniffing the unique herb fragrance on Lei Xiao’s body.

It blended in with the taste of nature.

It seemed to have a calming effect, making her drowsy.

Feeling Lin Hanxing’s fatigue, Lei Xiao slowed down his pace to reduce the jolting.

The sound of water came from somewhere and stretched all the way.

After a while, her breathing became even.

From the eight characters, eighteen years ago, your destinies were broken at the same time due to a sudden change. Since then, the two of you have been tied together by fate!

Yingluo, you guys are actually destined to be married!

Lei Xiao’s thin lips slowly curved into a perfect arc, instantly dispelling the coldness and intimidation that seeped out of his bones.

“Hanxing, it doesn’t matter even if you can’t remember.”

There was a gentleness in his dark eyes.

There was an inconceivable happiness that made all the previous uneasiness seem so unreal ...

.....

“Do you think he’s crazy?”

When Lei Xiao carried Lin Hanxing back to the villa, he happened to hear Zhong Nanyin’s words.

Yuan shaojing really did move out of the Lei family’s Villa and was caught by the media. He actually announced in front of the Lei family’s Villa that he would marry Cheng Lingyun. He was really crazy!

When he saw Lei Xiao carrying the sleeping Lin Hanxing, Zhong Nanyin quickly covered his mouth.

Lei Xiao glanced at the television, then walked upstairs with a calm expression.

At the top of the stairs, Yuan susu had been standing there listening for a long time, her face pale.

Chapter 424: I won

“Brother Lei, this can’t be true, right?”

She raised her head and helplessly looked at Lei Xiao with tears in her eyes.

Subconsciously, Yuan susu pressed her hand against her heart, hoping to get some comfort from this cold and powerful man.

But what the Thunder valiant beast gave her was merely a cold shoulder.

The wood of the Thunder owl, hyssop, spread in the air.

“On what basis!”

Yuan susu didn’t know where her courage came from, but she stretched out her hand to block Lei Xiao’s path.

“What right do you have to treat her so well? In what way am I inferior to her?”

He was so good that she felt defeated and jealous!

Lei Jing looked at Yuan susu with an expressionless face, her aura suddenly bursting out.

Yuan susu was so scared that she shivered.

He didn’t dare to say another word.

He glanced at the woman who was still sleeping on his shoulder, and his eyes softened.

Without even looking at Yuan susu, he turned around and entered his room.

Leaving her, who did not even get a response from the beginning to the end, sobbing silently!

.....

At this time, Cheng Lingyun, who was in the hotel, didn't have time to care about Yuan susu.

Since this morning, happiness had come so quickly that she was caught off guard!

Ever since Yuan shaojing had moved out of the Lei family and announced his marriage to the media, she didn't know how other people had gotten her phone number, but all the big shots in Jiang city had called to congratulate her.

Lying on the bed, Cheng Lingyun had never felt as vain as she was now!

"Li Yanyu, in big brother Yuan's heart, you're just so-so!"

The hotel bed was covered with a four-piece red silk set, which looked like a wedding bed in Cheng Lingyun's eyes.

"In the end, I've outlived you. I've won!"

Even though her calves were still trembling, Cheng Lingyun was still happily caressing her lower abdomen.

The corners of his mouth could not hide his smug smile.

She didn't know if she already had brother Yuan in her stomach after last night ...

I just don't like people being disrespectful to Lingyun.

Miss Lin!

Cheng Lingyun squinted her eyes. It seemed that she had to get closer to the Lin family!

That woman ...

Now, it was her turn to make her suffer!

.....

In the evening.

Lin Hanxing's long eyelashes fluttered as he slowly woke up.

The White gauze curtain was gently blown by the wind, and the air was filled with the sweet fragrance of fruits.

Only then did she realize that there was an arm around her waist.

The Thunder valiant beast slept quietly.

His deep and cold eyes slightly eased the oppressive aura.

Her long and dense eyelashes were not inferior to a woman's, and she was unbelievably beautiful.

The thin lips under his tall nose were tightly pursed, and he did not relax even in his sleep.

I'm going through this because of the Lin family. You ...

What was the reason for this?

Yingluo did it because of my brother.

Lin Hanxing couldn't help but think of the conversation he had before he fell asleep.

Yingluo, you're the one big brother has set his eyes on.

Qianqian is someone that our Lei family will do our best to protect.

Moreover, big brother is not just big brother, he saved my life before!

Now that Lin Hanxing thought about it, Lei min's obviously serious expression seemed to be unusual.

So, the answer she was looking for had something to do with Lei min?

He hid his thoughts.

Lin Hanxing was not in a hurry to find an answer. After all, she had other things to deal with.

Looking at Lei Xiao's thin lips that did not relax even in his sleep, she slowly raised her fair fingers and placed them on his lips.

His thin lips, which were originally tensed, slowly relaxed.

The next second, it opened its mouth and bit her fingertip.

Caught off guard, Lin Hanxing suddenly realized that the man had already woken up!

Chapter 425: Have some confidence in ah Xiao

Thunder owl's eyelashes trembled, his eyes still filled with joy from his successful joke.

"Childish." Lin Hanxing said unhappily. He pulled his hand back and walked towards the bathroom.

When she came out again, she had already taken a quick shower and changed her clothes.

On the table, a cup of hot red sugar ginger tea had obviously just been delivered.

"Mom asked someone to cook it."

While Lin Hanxing was not paying attention, Lei Xiao mixed the clothes he had just changed out of with hers.

Lin Hanxing pretended not to see it.

She walked to the window with the cup of red sugar ginger tea and looked down at the courtyard.

Other than the two of them and Yuan susu, the rest of the people were dragged into the courtyard by Zhong Nanyin to prepare the ingredients for tonight's BBQ.

Lin Hanxing took a sip, and the warmth spread.

It made her heart feel warm.

Liang yuran, you pervert! How could you cut your chicken wings like this? have you ever thought about the dignity of a chicken? ”

Yan beixiao roared. He really couldn't stand Liang yuran's OCD!

Everything had to be aligned with edges and corners, and he didn't even let go of the chicken wings to be grilled tonight?

The size of each piece seemed to have been measured, and it was so neat that it made people shudder.

“Shut up!” Liang yuran's face was expressionless as he swept a glance over.

Yan beiming immediately became well-behaved.

“Our daughter-in-law is a vegetarian, so you should order more dishes!”

Zhong Nanyin mumbled to Lei kangnian in a bad mood, obviously disdaining his clumsiness.

She did not know when Lei Xiao had appeared behind her, but his chin was on top of Lin Hanxing's head.

There was a nice-smelling shower gel fragrance on her body.

“When will first aunt wake up? Big Uncle is always hogging big aunt, Yuan Bao is not happy!”

Yuan Bao complained as he held a small cluster of grapes and spat them out.

haha, you want to snatch something from your uncle? Yuan Dabao, you should give up on that idea!

This was Lei Xiao's nephew.

If it was another person who tried to steal little Hanxing's attention from the Thunder valiant beast, he would be doomed!

“Hmph, I'm still the one first aunt likes most!”

Yuan Bao was tenaciously trying to make his presence known!

“Who do you like the most?”

Upstairs, Lei Xiao's voice, which had just woken up, was still mixed with a low and hoarse voice.

Lin Hanxing did not even bother to answer and rolled his eyes.

However, Lei Xiao was not willing to let her go, and stubbornly demanded an answer from her.

“Thunder valiant beast!”

Lin Hanxing turned around and glared at him, annoyed by his pestering.

But in the next second, there was a smacking sound, and Lei Xiao sneaked a kiss on her lips.

“When do you guys think first uncle will marry first aunt?”

Yuan Bao rested his chin on his hands and sighed.

He felt that he was really a four-and-a-half-year-old child with a mind full of worries!

“Al, when will our ah Xiao marry his daughter-in-law?”

“Can you guys have some confidence in ah Xiao!”

Yan beiming could not stand it anymore and wanted to help his brother regain some face.

Zhong Nanyin and Yuan Bao looked at each other, then spread their hands at Yan Beichen in unison.

“Not at all!”

Lin Hanxing couldn’t hold it in and chuckled.

He pretended not to see Lei Xiao’s face that was as black as the bottom of a pot.

“What’s wrong with our ah Xiao?”

Yan beiming was rendered speechless by these two, but he was still trying to find a topic to talk about!

“It’s too stuffy!” This was said by Yuan Bao.

“You don’t know what’s good for you!” This was what Zhong Nanyin said.

“You don’t know how to chat!” Yuan Bao continued to stab him.

“You’re still stupid with your mouth!” Zhong Nanyin also joined in the fun.

“Other than that face that attracts people, his personality is really hard to describe in a few words!”

Even Yan beiming had joined in the crusade.

Liang yuran raised his head and met Lei Xiao’s eyes. Expressionlessly, he lit a candle for Yan beixiao in his heart.

Hehe, idiot!

Chapter 426: Arrived as promised

Night fell and the lights were lit.

The villa’s courtyard was bustling with activity.

The charcoal under the barbeque was burning brightly. Yan beiming was like a little BBQ expert, constantly putting the vegetables and meat skewers that had been skewered in the evening on the barbeque rack. The oil dripped down the meat skewers, and the charcoal fire instantly made a crackling sound.

I’m telling you guys, BBQ must be delicious. If I, Yan beiming, want to claim second place, no one in Jiang city would dare to claim first place!

Yan Beichen was only wearing his shirt, his sleeves rolled up to his elbows, looking very decent!

“Don’t talk nonsense,” Liang yuran impatiently kicked him from behind.

In his opinion, Yan beiming was still capable of everything, but his mouth was too talkative.

“I’m so hungry!”

Yuan Bao widened his eyes and looked at him pitifully.

“Hungry, hungry, hungry, you only know how to be hungry! You can starve for 20 hours a day! Look at how fat you’ve gotten, Yuan Dabao!”

Yan beixiao snorted at first, then threw the skewers of meat and shrimp into his plate with a proud look on his face.

Although his words were vicious, he could not bear to let his Yuan Dabao starve.

Lei Xiao looked at Yan beiming with an ambiguous expression, causing the hair on his back to stand on end.

Lin Hanxing did not care about the undercurrent between the two of them. He reached out and handed the meat skewers to them. Suddenly, he felt something and stopped. He looked up!

He saw a ghostly shadow standing behind a window.

When he saw Lin Hanxing looking over, he closed the curtains with a Whoosh!

this Yuan susu is really interesting. She’s making it seem like the whole world has wronged her. Even her own mother doesn’t care about her. Why would she go on a hunger strike? ” Yan beiming said unhappily. He hated this kind of sneaky woman the most.

Lin Hanxing did not say anything and took a bite of the vegetable skewer.

The moment he ate, his eyes lit up.

She really did not expect that Yan beiming was not as simple as he had said.

Even though it was barbecued, the vegetables in his mouth still retained their original fresh and sweet taste. The crisp taste of the cabbage mixed with the smooth tenderness of the winter mushrooms made his appetite very good.

“Delicious?” Seeing her eyes light up, Lei Xiao said.

Lin Hanxing nodded, and in the next second, Lei Xiao took the half-eaten winter mushroom from her hand and ate it.

Yan beixiao, who was holding a Barbecue Clip, knocked on the plate.

“There are still children here. Can you two be more mindful of your image? We have to leave a way out for the single dogs!”

He glanced at Liang yuran.

Even if there was no chance, she had to create an opportunity to mock him!

Yuan Bao's mouth was full of oil. He looked at his uncle Liang and barked twice, not giving him face.

Liang yuran's face darkened at a speed visible to the naked eye.

Suddenly, she stood up and wrapped one arm around Yan beiming's shoulder, pulling him to a corner to talk about life alone.

After a while, Yan beiming's miserable shrieks could be heard from the corner.

Lin Hanxing glanced at his watch from time to time, as if he was waiting for someone.

Lei Xiao picked a few sticks of her favorite winter mushrooms and put them on the plate.

the other party just left the hospital ten minutes ago. Eat something to fill your stomach. It's not that fast.

Seeing through what she was thinking, Lei Xiao said in a deep voice.

Hearing this, Lin Hanxing felt at ease and continued eating, while admiring Yan beiming's miserable state.

About half an hour later, the bell at the villa's entrance rang.

The villa's butler came out from the dark and opened the door.

The person outside the door still had a strong smell of disinfectant on him.

Lin Hanxing knew that the person he was waiting for had arrived!

Chapter 427: You're very punctual

In the guest room of the villa.

The fragrance of the tea gradually spread in the air.

"I'm here to return the favor."

The president of the bank said. He was no longer as Swift and decisive as he was during the day. His eyebrows were full of fatigue.

Lin Hanxing smiled and leaned back on the sofa, not saying a word.

On the table, under the celadon teapot, the candle was burning slowly, making the good tea boil and emit its fragrance.

It was only now that the bank President could truly take a good look at her.

The comfortable white cotton and linen silk dress was made in an ancient style, and the sleeves were even embroidered with green bamboo.

Lin Hanxing's movements were like a landscape painting, vivid and lifelike.

Her skin was as white as snow, and she was charming.

Just like the past, she could easily stir up a storm without wasting a single soldier.

But that expression ...

It was so cold that even he didn't dare to act rashly.

"You're very punctual."

Lin Hanxing reached out and poured a cup of tea for the bank President.

The amber-colored tea was still steaming.

"I naturally keep my word."

In fact, even if Lei Xiao did not ask for the favor, she would also do everything within her power to repay the favor.

Even though ...

The bank president's eyes returned to Lin Hanxing's face.

She didn't know how she knew so much.

Lin Hanxing seemed to have noticed her gaze and looked back at her indifferently.

That cold gaze instantly caused the bank President to shiver.

"You're afraid of me?" Lin Hanxing laughed.

The bank President didn't say anything. He picked up the cup of tea in front of him to cover up his loss of composure.

It was an inexplicable fear.

It was as if a woman's sixth sense was telling him to never become her enemy.

"I don't know how to address you,"

The president of the bank started a conversation.

"Lin." Lin Hanxing pretended that he did not know that she was avoiding him.

"Miss Lin, what do you want me to do for you?"

The bank President didn't want to say too much on certain occasions, so he went straight to the point.

Lin Hanxing glanced at her but did not say anything.

He just picked up the teacup and took a sip.

"Today, it was originally Zhong Xueqing who wanted to look for you first."

As soon as he said that, the bank president's eyes instantly narrowed.

Indeed, if not for the appearance of Lei Xiao and this miss Lin, it was indeed Zhong Xueqing who had asked to meet her first.

However, for some reason, Zhong Xueqing did not appear.

He hadn't even called her yet.

"Why do you think she's looking for you?"

Lin Hanxing held the teacup in his hand, her snow-white skin exposed on her wrist. The broken diamond bracelet that looked like jasmine petals glistened under the light.

The bank President did not say anything.

In fact, she was very clear that Zhong Xueqing had come to find her for the additional loan for the Jiangcheng sea bridge project.

Furthermore, the amount would definitely not be small!

However, how did this miss Lin know?

the cross-sea bridge project this time, no matter which company it is, is a fat piece of meat.

Lin Hanxing leaned back on the sofa lazily, his clear eyes filled with indifference.

"If there's anything you want to say, please speak your mind, miss Lin!"

It was rare for the bank President to feel a little nervous.

It was an indescribable feeling.

However, her instincts told her that what this miss Lin was going to say next would probably surprise her.

"The president is a smart man. I've already said this much, what else do you not understand?"

Lin Hanxing placed the celadon teacup on the table unhurriedly.

A click.

"I want you to delay the Fang, he, and Lin families' request for additional loans!"

Chapter 428: A favor has to be returned

What?

The delaying party, the he and Lin families' request for additional loans?

The bank President was stunned.

When he heard her say that her surname was Lin, the bank President had already made a request for her to ask for an exorbitant price.

She had already calculated the maximum amount of the additional loan that could be adjusted.

However, the bank President had never expected that miss Lin would delay the additional loan.

“Do you know what you just said means?”

The bank President hesitated for a moment before he spoke.

Lin Hanxing smiled but did not say anything. He tapped his fingers on the table rhythmically, making a knocking sound.

there was a scandal at the SU family organization today. I heard from Zhong Xueqing that she has already roped in the Lin family to participate in the cross-sea bridge project.

The president of the bank asked tentatively.

“You don’t have to test my identity.”

Lin Hanxing’s words made the bank president’s heart skip a beat.

She had said that there was no need to deliberately test her identity. Then ...

“I am indeed a member of the Lin family.”

Lin Hanxing admitted to it openly and did not even try to hide anything.

However, the more generous she was, the more gloomy the bank president’s heart was.

What was the meaning of this?

you should know that these are all large credit companies, not to mention that the cross-sea bridge is a major project. It’s impossible to suspend the bank loan. Even I don’t have that power!

“I didn’t ask you to stop, I just wanted you to delay!”

Naturally, Lin Hanxing understood what she was saying.

So from the beginning, she had only said that it was a delay.

“How long will it be delayed?”

The bank President asked.

“Until the day you have no choice but to loan money.”

Lin Hanxing laughed and said in a deep voice.

“With your status, my request isn’t difficult to fulfill, is it?”

Lending money was both easy and difficult. It all depended on the attitude of the higher-ups.

Hence, Zhong Xueqing had to first look for the bank President to mediate.

It was just that he didn’t expect an accident to happen midway and it was delayed.

Lin Hanxing took advantage of the time difference and seized the opportunity.

The bank President didn’t say anything for a long time. He looked at the woman sitting in front of him, who even he, as a woman, couldn’t help but be jealous of.

She said that she was a member of the Lin family, but ...

Everything she had done had left her scratching her head.

What was the purpose of doing this?

To let the Fang, he, and Lin families have a taste of anxiety?

However, the loan would still be put down in the end, wouldn't it? It was only a matter of time!

What else could it be other than making them anxious?

The president of the bank only felt that it was childish.

He wanted to talk to her, but he didn't know how to say it.

"Alright, I promise you."

After a long time, the bank President only said these few words.

Lin Hanxing laughed. This answer was within her expectations.

Putting aside the fact that she owed her a favor, the most important thing was that the favor she asked of her would not affect her life and work in any way!

"I know what you were thinking about just now."

Lin Hanxing picked up the celadon teacup again after getting a satisfactory answer.

"How about this, I'll invite you to watch a good show these few days?"

Lin Hanxing's voice was cold, and the smile on his lips gave off a profound feeling.

The business world was full of uncertainties. A project that could earn a lot of money one second could make people jump off a building to pay for it the next second. It was also because of this that Lin Hanxing preferred to stir up trouble quietly.

"You ..."

The bank President seemed to have thought of something and his eyes widened.

Chapter 429: The Lin family's little nine

Some time ago, something big happened in the Lin family.

Lin qianlin had brought back her niece, who had been missing for eighteen years.

Because of the bizarre story, it suddenly exploded in the headlines of all major media in Jiang city.

Online fortune-telling programs had even made a few separate programs about this matter. It was not known how they had found out about Lin xiaojiu's birth characters, but they had criticized her fate as useless.

The other wealthy families in Jiang city, who were still in a wait-and-see state, couldn't help but sigh.

He had heard that a master who had studied numerology had deliberately brought the birth characters of the Lin family's little ninth after watching this episode by accident. The next day, when they were having tea with others, he only said one sentence.

Xuanji's Lin family flourished and declined because of this daughter.

The others hurriedly asked, but when they asked again, the other party refused to say a word.

He only shook his head, afraid that he would reveal the secrets of heaven.

At that time, even though the bank President didn't like to gossip, he couldn't help but be hotly discussed by the people around him.

"You're the Lin family's little ninth?"

Lin Hanxing smiled faintly when he heard this.

There was no affirmation or denial.

However, the bank President already had an answer in his heart.

Her intuition told her not to ask in detail and not to pursue her identity too much.

But ...

The bank President felt a little cold.

She had a feeling that the sky in Jiang city was about to change!

.....

Lin family villa.

Lin youlin put an ice pack on her face.

It was only later that she found out that the SU family's visit today was even live-streamed on the Internet.

When Lin youlin found out about this, she almost fainted!

Didn't that mean that everyone in Jiang city had witnessed her being slapped by that B * tch, Zhong Yifu?

The atmosphere in the living room was very tense.

Luo Ruyin accompanied her biological mother, her eyes drifting. No one knew what she was thinking.

"You were the one who asked Mingwei to get close to su zhanlong?"

Luo Minghao's voice was very low, and Lin youlin exploded as soon as he finished speaking!

"Why do you believe that su guy's story? I didn't know they were together until I got to the police station!" Lin qianlin's stomach was full of grievances. She grabbed a pillow and threw it at Luo Minghao.

Luo Wenbo and Luo Wensu didn't speak.

In fact, the two of them were also skeptical about this matter.

This was because Lin qianlin had used this tactic against her business rivals before.

However, he had never touched his own family.

"The he family's matter has been dug up again."

Luo Wenbo interrupted at the right time. Lin youlin's screams gave him a headache.

don't you guys feel that ever since Lin xiaojiu returned, our Lin family has been in constant trouble? "

Luo Wenbo's face was filled with bad luck when he thought of Lin xiaojiu!

"Right! It was her! She's a jinx!"

Hearing her big brother's condemnation of Lin xiaojiu, Luo Ruyin hurriedly chimed in!

"Enough!" Luo Wensu shouted angrily, and his gloomy eyes swept across everyone in front of him.

"Is this the time to argue about such things? Don't you understand the principle of "one rises and one falls, one falls"?"

Luo Wensu looked at his elder brother and said in a deep voice.

"Even a rabbit knows not to eat the grass by its burrow, but aunt has caused trouble without considering our cooperative relationship. This time, we should let aunt calm down in there for a few days! Have a taste of your own medicine!"

That was his aunt. If she had not gone too far this time, Luo Wensu would not have acted this way!

after all that we've said, su, don't you think that your attitude towards Lin xiaojiu is a little strange? "

Suddenly, Luo Wenbo spoke in a strange tone.

Chapter 430: What do you mean?

"What do you mean by that?"

Luo Wensu's face darkened as he looked at his brother.

"You don't know what I mean?"

Luo Wenbo laughed in a bad mood, and his attitude made Luo Wensu's forehead throb.

you said that I'm weird towards Lin xiaojiu. It's better to say that big brother's attitude towards me has been weird recently!

He did not know when it started ...

If not, it was a normal willful rejection of a company decision.

If not, they would be mocking and ridiculing each other in normal communication.

Big brother seemed to have changed into a different person and was always going against her.

After Luo Wensu had endured it a few times, he finally exploded!

we're talking about your attitude towards Lin xiaojiu right now. Don't take the opportunity to change the topic to me!

Luo Wenbo stood up angrily, pointing at his brother's nose as if he had been stabbed in his sore spot.

alright, tell me. What's my attitude towards Lin xiaojiu? "

Luo Wensu sneered.

"You've been peeking at her every day, do you admit it? The problem could be solved by sending her to Thunder owl, but you want her to stay in the detention center? I think you're clearly disloyal to Lin xiaojiu!"

Luo Wenbo felt that he had caught his younger brother's weakness, and he was very proud of himself!

"Ah su, tell me, what do you mean by this?"

Lin qianlin's heart sank when she heard this. She turned to look at her son.

Luo Wensu's face was dark as he looked at his big brother.

do you all think that sending Lin xiaojiu to Thunder valiant beast will solve the problem? "

Luo Wensu looked around and was disappointed when he saw his brother and sister's expressions.

"You mean to say ..."

Luo Minghao suddenly interrupted.

"Have you ever thought that sending her to the Thunder valiant beast is blocking our own path!"

As soon as he said this, the others' expressions suddenly became subtle.

Lin xiaojiu doesn't have anything to rely on, but she's already so presumptuous and smart. If she has Lei Xiao as her backing, do you think she'll be so stupid as to let the Lin family do whatever we want? "

"It's not like you guys don't know how awkward our Lin family's position is!"

Luo Wensu's gloomy eyes shone with shrewdness, which stunned the listeners.

"Furthermore, su zhanlong just caused a huge ruckus today. If we turn around and send Lin xiaojiu to Lei Xiao, wouldn't that prove that mom is good at using her beauty to trick others? What will happen to the Lin family's reputation then?"

Lin youlin's eyes widened. If Luo Wensu hadn't told her, she wouldn't have thought of this.

As for Luo Minghao, he looked at his second son with praise.

Luo Wenbo took in the expressions of the two people, and his heart seemed to be blocked by something.

Zhenzhen, you should really learn from your brother. If you weren't born a few days earlier, I think it would be more appropriate for him to manage the Lin group!

Lin xiaojiu's words echoed in Luo Wenbo's ears.

It was like Pandora's Box that could never be closed once it was opened.

Ever since he was young, everyone would always see his younger brother first.

He had to study hard until two or three O'clock in the morning before he could barely compare with him, who played all day.

Even though his parents had promised him that he would take over the Lin group, every time others looked at his brother with pity in their eyes, an unknown fire would rise in his heart!

Until Lin xiaojiu's words, it was as if he had torn apart the veil that he had been suppressing all this time!

He was really jealous of his little brother!

"Ha, whatever you say is right!"

Luo Wenbo suddenly got up, kicked the coffee table, and then went upstairs.

Luo Wensu stared at his brother's back for a long time, not knowing what he was thinking!
