

## Goodnight 441

### Chapter 441: Who are you shouting for?

"Old man, I don't want to live anymore! This little B \* tch caused Minghao to go to jail, and now she's causing Minghao's family to be unable to live in peace. After I've dealt with this jinx, I'll immediately go see you!"

The old lady screamed and charged towards Lin Hanxing without a care.

Luo Wensu took two steps toward her out of reflex, but soon, he stopped abruptly.

Luo Wenbo saw his brother's reaction, and he sneered in his heart.

Everyone saw that Lin Hanxing did not even try to hide. His eyes were unusually calm, so calm that it made them feel uneasy.

Just as the old lady was about to reach her, the mute uncle, who had been standing silently at the side, suddenly grabbed the fierce-looking old lady at lightning speed, not giving her any chance to get close to Lin Hanxing.

The situation was reversed in an instant, and it left everyone dumbfounded.

From the beginning to the end, Lin Hanxing did not move at all. She only hugged the baby in her arms.

old Madam, I advise you not to 'make a scene as if you're in the right' in front of me. Everyone in the Lin family knows how my temper is. The clear voice was as cold as the ice in an ice cellar, making people who heard it feel cold all over.

Lin xiaojiu, let go of my mother!

Luo Minghao didn't think that Lin xiaojiu would actually dare to hit the old lady. He was so angry that he had a funny handprint on his face.

Lin Hanxing raised his head to look at him. The smile on his face was slowly disappearing.

That extremely delicate little face exuded a sense of Majesty.

"Hehe."

Lin Hanxing stood up and walked over to Shen Shu 'er without even looking at the old lady.

Shen Shu 'er felt inferior as she looked down at the red and swollen face that was indistinguishable.

"Brother Luo?"

Her voice was filled with coldness and playfulness.

She handed the child to Jiang Xibao. The next second, she kicked Shen Shu 'er's shoulder with her diamond-studded high heels.

Shen Shu 'er fell to the ground. She was in so much pain that she could not even scream.

The old lady had seen Lin Hanxing from the moment she entered the door. Lin Hanxing looked weak and easy to manipulate. She did not expect Lin Hanxing to be so scary when he suddenly became angry. Just as she was thinking about this, she heard Lin Hanxing's voice.

"My aunt is still here, who are you shouting for?"

When Lin qianlin heard Lin Hanxing's words, she finally found an outlet to vent all her grievances.

Her tears flowed down.

After kicking Shen Shu 'er, Lin Hanxing slowly turned around and looked at the old lady who was still being held by the mute uncle. His dark and deep eyes were cold, and the old lady did not even have the slightest doubt ...

She had wanted to kick him just now!

the reason I sent Luo Mingwei to the detention center was that she didn't know how to restrain herself!

His gaze went past the old lady and turned to look at his uncle, Luo Minghao.

aunt spent so much effort to stabilize the image of the Lin, he, and su families in the business world, but Luo Mingwei destroyed so many people's efforts for her own selfish reasons!

"Based on this point alone, shouldn't she be taught a lesson?"

Lin Hanxing asked coldly, as if he did not see his uncle's angry expression.

The cold voice provoked Lin youlin's already fragile nerves even more.

"Mingwei didn't want to either!"

The old lady tried to speak up for her daughter.

"What's wrong? Did someone place a knife on her neck and force her to be with the SU family?"

This sentence was like a slap to the old lady's face.

you're a B \* tch, yet you still want to build a good reputation. Old lady, there's no such thing in the world!

"Should I thank you in return?"

Luo Minghao was so angry that he laughed at Lin xiaojiu's words!

#### **Chapter 442: I can't afford it**

"I can't accept uncle's gratitude!"

Lin Hanxing looked at him coldly, the mockery in his voice was obvious.

"You call that a lesson? You're trying to kill her!"

Luo Minghao didn't expect her to be so thick-skinned that she could even counter-attack him.

“So what?”

Lin Hanxing sneered and looked at his uncle. His attitude really made Luo Minghao feel suffocated.

the Luo family played my aunt like a fool. What’s a little lesson for you? ”

“You don’t even have the reputation of the Lin family ...”

“Reputation? Uncle actually has the face to talk to me about reputation?”

Lin Hanxing went head to head with him, not willing to show weakness.

No one dared to interrupt, and they allowed the two to go back and forth.

“Furthermore, if we were to compare the gains and losses ...”

Lin Hanxing turned to look at Lin youlin and smiled, but that smile was frightening.

“The Lin family will be the biggest winner this time!”

As soon as she finished speaking, Lin youlin’s crying stopped as she carefully thought over Lin Hanxing’s words.

Soon, Lin youlin’s eyes were red and swollen as she looked at Lin Hanxing.

That’s right!

Although the Lin family had lost some face this time, compared to the Jiangcheng Bay Bridge, this little face was nothing.

it’s just an unstable factor that will cause the bomb to explode sooner or later. If Luo Mingwei had been more careful, how would she have ended up in jail? ” Lin Hanxing’s nonchalance almost made the old Madam faint.

What’s more, when he mentioned Ming Wei, this jinx’s eyes looked straight at him, clearly implying something.

Lin Hanxing seemed to have felt the fluctuations in the old lady’s emotions, and he slowly and silently said four words to her.

The old Madam understood!

It was precisely because he understood that he was even more furious!

It was because those four words were ‘shameless’!

This jinx was still holding a grudge against her for what she had said to her parents back then and was deliberately making fun of her!

“You ...”

The more the old Madam thought about it, the angrier she got. She almost couldn’t breathe!

to put it bluntly, Luo Mingwei only has herself to blame. She can’t blame anyone else!

Lin Hanxing had already beautified this plan that she had carefully planned a few times. Not only did she get herself out of this mess, but she had also dragged the Luo family down with her.

although I didn't return last night, I did something that was extremely good for the Lin family!

As soon as he finished speaking, everyone's eyes immediately turned to him.

His eyes were burning, clearly wanting to hear what 'great news' was!

"Aunt, let's talk about this in detail later."

Lin Hanxing's tone was reserved. It was obvious that this matter was related to trade secrets, otherwise, he would not be so cautious!

Auntie, don't worry. I, Lin xiaojiu, am a member of the Lin family. Everything I do will only be for the Lin family's benefit!

Lin youlin looked at her in a daze.

All these years, she had tried her best to please the Luo family, but she did not expect that in the end, her niece, who she regarded as an enemy, would actually help her behind her back. This feeling ...

It was too subtle, so subtle that she even forgot her sadness for a moment.

"As for this child ..."

Lin Hanxing's eyes fell on the baby who was crying in Jiang Xibao's arms again.

He walked over, picked her up, and walked towards Lin youlin.

"Aunt, everything is up to you to decide!"

As he spoke, he handed the baby into Lin youlin's arms.

aunt, you have to remember that no matter what, I, Lin xiaojiu, will always be on your side!

#### **Chapter 443: Lin Hanxing's test**

Lei Corporation.

Yan Beichen had just arrived at the president's office.

Lei Xiao was smoking in front of the floor-to-ceiling window, the air circulation and purification system operating quietly.

help me make arrangements for the detention center.

Even without turning his head, Lei Xiao could tell from the sound of his footsteps that it was Yan beiming.

"Luo Mingwei?"

Yan beiming perked up when he heard this.

Lei Xiao put out the cigarette between his slender fingers into the ashtray, his deep eyes filled with bone-chilling coldness.

“She wanted to push her hatred towards the SU family to the extreme.”

The low voice made one’s heart tremble.

the kind that goes to find su zhanlong and perish together as soon as he comes out. Is that okay? ”

As soon as he heard Lei Xiao speak, Yan beiming knew what he was up to.

He laughed in a cynical manner.

It was rare that the Thunder valiant beast knew how to deal with a woman. It had to be said that little Hanxing’s charm was too great!

.....

Lin family villa.

“Ninth young lady ...”

Jiang Xibao looked at Lin Hanxing and hesitated.

“You want to ask me why I gave that child to aunt?”

Lin Hanxing was sitting on the sofa lazily, her long hair was like seaweed scattered on both sides of her body.

The sunlight poured in from the floor-to-ceiling window and fell on her.

It seemed to be coated with a soft Halo, making people reluctant to look away.

Jiang Xibao nodded.

Lin Hanxing looked at her chubby face, as if he wanted to test her.

“Why don’t you guess why I did this?”

Lin Hanxing casually fiddled with the Hinako beside his pillow, his expression full of playfulness.

“Test ...”

Inexplicably, these two words appeared in Jiang Xibao’s mind.

“Test what?”

Lin Hanxing smiled, and the corners of his eyes formed a crescent moon.

“To test the Lin family?”

Jiang Xibao’s tone was raised with some uncertainty.

you saw everything that happened today from start to finish. If you were my aunt, would you forgive that man? ”

Lin Hanxing did not give her an answer but asked her another question.

Without thinking, Jiang Xibao shook his head vigorously.

Men who cheated on others were the most unforgivable!

This was because this kind of thing could be addictive to men. After the first time, there would definitely be a second time.

It was only a matter of time!

but I'm guessing that not only will aunty forgive that man, she will even allow old Madam and Shen Shu 'er to stay in the Lin family!

Perhaps Lin Hanxing's voice was too firm, but Jiang Xibao was speechless for a long time.

She couldn't believe it!

Even though he believed that the ninth young lady had become Jiang Xibao's religion.

"Ninth young lady, why do you think so?"

Jiang Xibao did not understand.

you were right. I was indeed testing the Lin family.

Lin Hanxing leaned back on the sofa, one hand supporting her cheek, and said in a cold voice.

if aunt forgives that man and allows old Madam and Shen Shu 'er to stay in the Lin family, that means that man definitely has something he can use against aunt!

and the value of those secrets is definitely beyond what I can afford!

"For this reason, she would rather let these thorns in her eyes remain in front of her than fall out with that man!"

Lin Hanxing smiled coldly. If that was the case, then it would be interesting.

Jiang Xibao followed Lin Hanxing's words and thought about it again. He felt that it was terrifying.

"By the way, I've made some progress on the matter you entrusted me with."

Lin Hanxing looked at Jiang Xibao and the latter's eyes lit up.

"What is the truth? What's the truth behind that car accident?"

She urgently sought an answer.

"I'm still sending my men to look for some evidence, but you know that too much time has passed ..."

Perhaps Jiang Xibao was too excited, but Lin Hanxing finally sighed.

"I can only tell you that this matter is related to the Zhong family."

**Chapter 444: Luo Mingwei's resentment**

In the detention center.

Luo Mingwei was curled up in a corner. She had a low fever since last night.

Fear, uneasiness, and anger and resentment made her originally beautiful face wither and become Haggard.

The person next to him had just come in today and was packing up.

Suddenly, a piece of newspaper floated to Luo Mingwei's feet.

Luo Mingwei, who was mentally unstable, glanced at it, and her eyes suddenly widened.

He stood up abruptly and reached out to grab the newspaper in his hand.

No matter how you looked at her face without any makeup, she looked old and had a neurotic look that made people stay away from her.

Xuanji urged Mr. And Mrs. Su to work together to overcome the difficulties!

The huge title was impossible to ignore.

Luo Mingwei's hands trembled slightly as she held the newspaper. She looked like an old woman.

The more he read the content, the more he trembled. His eyes were bloodshot as he stared at the attached photo!

It looked like a horror movie.

"Impossible!"

Luo Mingwei clenched the newspaper tightly, making the sound of falling leaves in the autumn wind.

"Impossible!" She roared loudly, scaring the newcomer.

"This is fake! This is definitely fake!"

The veins on Luo Mingwei's forehead were bulging, making her look extremely terrifying.

In the newspaper, su zhanlong confessed to Zhong Yifu about all kinds of love affairs in the past and thanked his wife for not leaving him.

Luo Mingwei's ears buzzed, and she was on the verge of losing her mind.

When they were together, the sweet words that su zhanlong said to her seemed to still ring in her ears. But in the blink of an eye, this man personally pushed her into the detention center when she needed him the most!

Su zhanlong! Su zhanlong!

Good, very good!

When she got out, she would definitely get an explanation for herself!

The fragile newspaper was torn into pieces and scattered on the ground ...

.....

Lin youlin asked the servant to call Lin Hanxing to the study.

This was slightly earlier than Lin Hanxing had expected.

Because of what had happened in the morning, the entire villa seemed to have been sucked out of its essence, and it was very quiet.

Lin Hanxing walked forward in the quiet corridor, and he could vaguely hear the sound of a baby crying.

“You’re so noisy!”

Luo Ruyin roared from the corridor and slammed the door.

Even someone as stupid as her could understand the entire situation from her eldest and second brothers’ words. Right now, she wished she could skin Shen Shu’er and that child alive and expose their corpses in the wilderness!

He didn’t know what method the other party used, but the baby’s cries stopped abruptly.

Lin Hanxing sneered and continued to walk towards the study.

The seemingly unbreakable relationship within the Lin family was slowly falling apart, and the other trump cards in her hands ...

Thump thump thump.

Lin Hanxing knocked on the door unhurriedly, and soon, Lin qianlin’s voice could be heard.

“Enter.” It was low and depressing.

Lin Hanxing pushed the door open and entered.

Lin qianlin lifted her head and looked at her with hopeful eyes.

little Jiu, sit. Aunt has something to discuss with you.

His attitude was more attentive than before, and his eyes were more trusting.

Lin Hanxing looked at her, and Lin youlin met her eyes that looked so much like her brother’s and sister-in-law’s. The guilt that had been hidden in her heart all these years gradually surged out, and she subconsciously looked away, not looking at her niece.

However, before Lin youlin could speak, Lin Hanxing had already spoken.

Auntie, I’ve said it before. No matter what, I, Lin xiaojiu, will always stand by your side.

Lin Hanxing’s voice was cold, but it made Lin youlin’s eyes burn again!

“I’ve decided to let them stay.”

No one knew better than Lin youlin how difficult it was for her to say this!

## Chapter 445: As long as you are happy

Lin Hanxing did not say anything.

Even though she had already expected this result, she didn't show it on her face.

As expected, no one here could escape from what happened back then ...

Lin youlin's heart was filled with apprehension, and she couldn't tell what her niece was thinking.

She knew that her decision had hurt her niece's desire to protect her. However, Luo Minghao had threatened her with what had happened in the past. If they really fought to the death ...

Resentment was like tenacious weeds, growing wildly in Lin youlin's heart.

Over the years, they had long become a community of shared interests.

If one rose, one rose; if one fell, one fell.

She couldn't bear the price of losing it!

"As long as you're happy."

Lin Hanxing's long eyelashes covered the mockery in his eyes as he spoke indifferently.

Seeing her niece like this, Lin youlin thought that she was angry.

"Little 9th, you have to know that I have no choice."

"Aunt, you must have something else to tell me, right?"

Lin Hanxing raised his head and looked at Lin youlin expressionlessly. His posture was calm and elegant.

His eyes were dark and cold, as if he could see through everything.

Lin youlin's fingers trembled slightly as she smiled bitterly in her heart. She felt that her niece's aura was too strong.

"The matter with Mingwei ..."

Lin qianlin repeated Lei Xiao's words to Lin Hanxing, hinting at something.

Minghao hopes that Mingwei can come out as soon as possible. No one will pursue what happened before. After all, she caused such a big mess this time. Once she's released, she'll be sent overseas immediately and never come back!

I'm always thinking for my aunt, but my aunt wants to sell me in exchange for Luo Mingwei.

Lin Hanxing's voice was soft, but it was full of mockery.

"How can this be considered as selling you out, Lei Xiao ... Young master Lei, he ..."

Lin youlin seemed to want to defend herself, but her voice stopped abruptly when Lin Hanxing reached out his hand.

His eyes darted around, not daring to look at her.

Lin Hanxing played with the lady's signature pen with diamonds embedded in it in his hand, the way he spun the pen was dazzling.

"Alright, I promise you."

Just as Lin youlin was prepared to get angry, she heard someone say, "

Lin youlin's eyes widened as she thought she had heard wrong!

"What did you just say?"

"I said, I agree to auntie's request."

Since Luo Minghao wanted Luo Mingwei to come out, she would fulfill his wish!

But she couldn't guarantee what would happen after she came out!

A cold glint flashed in Lin Hanxing's eyes.

"Little Jiu ..."

After solving the most difficult problem in one go, Lin youlin reached out excitedly to hold Lin Hanxing's hand.

However, just as he was about to touch her, Lin Hanxing stopped.

Lin youlin laughed in embarrassment when she missed.

today, I'll go look for Lei Xiao. As for when Luo Mingwei will be released, I can't guarantee it.

"Good, good!"

Lin youlin didn't dare to question it, this was already the best result.

"Also ..."

Lin youlin changed the topic and looked at Lin Hanxing with a curious look.

"Previously, you said that you did something that was extremely good for the Lin family even though you didn't return for a night. What was it?"

Lin Hanxing sneered in his heart.

Was he that eager to test her?

"Auntie, don't you want to participate in the Jiangcheng Bay Bridge project? The SU family's crisis is a good opportunity for the Lin family to take advantage of."

Lin youlin didn't reply.

Naturally, he didn't tell Lin Hanxing that the he family had already been here.

"But ..."

Lin Hanxing looked at Lin youlin.

"The money that can be taken out to invest is a big problem!"

Lin qianlin's face fell. The lack of funds was indeed a big problem!

"So ..."

#### **Chapter 446: Don't treat stupidity as fun**

I've helped you pull strings with Mr. Yuan shaojing, but whether you can seize the opportunity or not will depend on your ability, aunt! Lin Hanxing said calmly. Since he dared to use Yuan shaojing as an excuse, he had naturally given him a heads up.

Lin youlin was stunned. She stood up excitedly as if she couldn't believe it!

Who was Yuan shaojing?

The richest man in country G!

To be able to have the opportunity to connect with him, what this meant was self-evident!

She couldn't believe that this huge pie had fallen on her head just like that, and it was little 9th who had done it!

"Little Jiu, you ..."

Lin qianlin was so excited she didn't know what to say.

To the Lin family, this was a great thing!

yesterday, Mr. Yuan announced his marriage to the public. Aunt can also take the opportunity to get closer to the future wife. This is a good thing for aunt and the Lin family!

In Lin Hanxing's eyes, Cheng Lingyun would definitely be on good terms with Lin youlin.

This was because Cheng Lingyun would never let go of any opportunity to show off in front of her.

She would wait for the day Cheng Lingyun came to the Lin family ...

Lin Hanxing smiled faintly. His porcelain skin was so fair that it was indescribably moving.

However, no one knew that an inescapable net had already been laid out, waiting for the prey to fall into the pit ...

.....

After leaving the study, Lin Hanxing went straight to the garage.

Just as he reached the door, he heard the sound of someone stepping on the accelerator.

Lin Hanxing stood still and looked at Luo Wenbo, who was reversing the car out of the garage, and pointing the front of the car at her.

He was the one who had stepped on the accelerator.

Luo Wenbo, who was in the driver's seat, was like a mad bull, his eyes fixed on Lin Hanxing through the front windshield.

It was as if he wanted to see fear on her face!

Lin Hanxing was expressionless as he looked at Luo Wenbo through the window.

Today, she was wearing A blue, round-necked, and slim-fit knitted sweater, a black, tight-fitting A-line dress, and a pair of seven-inch Gucci diamond-studded high heels. Lin Hanxing's entire aura was lifted!

Suddenly, facing Luo Wenbo, Lin Hanxing's lips slowly curved into a mocking smile.

It was as if she was deliberately provoking him!

The next second, the sports car charged towards Lin Hanxing like a runaway horse!

Luo Wenbo gripped the steering wheel tightly. He didn't believe that she wouldn't Dodge!

However, Lin Hanxing did not Dodge at all!

The closer he got, the paler Luo Wenbo's face became, and cold sweat poured down his forehead!

Was she really not going to Dodge?

Lin Hanxing looked at him with a smile. There was no change in his expression.

In a split second, Luo Wenbo turned the steering wheel to the right.

With a bang, the front of the car hit a big tree next to it. The front engine was deformed, and thick smoke billowed out!

Lin Hanxing slowly walked to the car with elegant steps.

Dong Dong Dong, he bent his finger and knocked on the window.

After an unknown amount of time, the car window slowly sank into the car.

It revealed Luo Wenbo's face after the disaster.

"Is it fun?"

Lin Hanxing didn't seem to notice the veins on Luo Wenbo's hands, which were gripping the steering wheel tightly.

His tone was soft and cold.

Luowen Boyue's Xiongnu was violently moving up and down.

Her calmness made him look even more pathetic!

"I'll kindly give cousin a piece of advice ..."

The commotion had already attracted the servants, but when they saw Lin Hanxing, no one dared to come forward.

She only vaguely knew that the person in the car was the eldest young master.

"Don't take stupidity for fun."

Lin Hanxing's voice was full of sarcasm, and Luo Wenbo's head was about to explode.

She actually mocked him!

She actually dared to mock him!

The Scarlet blood was like a winding curve, slowly dripping down from her forehead.

Anger and pain finally made the young master of the Luo family taste the price of being impulsive.

Fainting, one after another!

#### **Chapter 447: What are you doing?**

Lin Hanxing smiled faintly, not even looking at Luo Wenbo, who had fainted on the steering wheel.

"What are you still doing? Call the ambulance!"

These words were meant for the servants standing not far away.

The servants seemed to have woken up from a dream and hurriedly called for an ambulance.

On the other hand, Lin Hanxing walked into the garage leisurely, picked the car that he liked the most today, and drove it out.

When he passed by Luo Wenbo, he was being carried out of the car that had an accident and placed on the side of the road.

He put on his sunglasses.

Lin Hanxing stepped on the accelerator and sped away ...

.....

He drove the car directly into the Lei corporation's underground parking lot.

Earlier, when Lin Hanxing drove over, Lei Xiao had specially instructed Anthony to mark out a parking space beside his exclusive parking space for Lin Hanxing's car.

After swiping the access card, she took the president's elevator to the top floor.

Lin Hanxing greeted Anthony and went straight into the president's office.

The Thunder valiant beast was not there.

Lin Hanxing walked to his president's chair and sat down. The ergonomic chair fit his back perfectly and was very comfortable to sit in.

He turned the leather chair to the floor-to-ceiling window.

The Lei Corporation was located in the most prosperous commercial area of Rivertown. The specially designed tempered building towered into the clouds. From the outside, it looked cold and majestic, intimidating at the sight of it. However, from the inside, the effect was completely different.

It was the feeling of superiority that one felt when looking down on all living beings!

It was not difficult for Lin Hanxing to imagine how Lei Xiao would look like when he stood in front of the floor-to-ceiling window and looked down at the world.

The sound of the door opening came from behind.

Lin Hanxing turned his leather chair and smiled at Lei Xiao, who was walking in from outside.

Anthony followed behind him with a file in his hand.

When he told Lei Xiao that miss Lin was waiting for his news in the president's office, Anthony clearly felt the warmth of winter turning into spring.

Originally, there had been a mistake in the meeting, and miss Lin had really saved his life.

Seeing Lei Xiao walk over, Lin Hanxing originally wanted to give up his seat.

But the man pressed her back down.

"Mr. Ray, the documents."

He stood up and took the document from Anthony. After reading it carefully, he signed his name.

Under Lei Xiao's gaze, Anthony did not dare to stay any longer and quickly left the president's office.

The door was closed from the outside with a click.

Lei Xiao leaned against the office desk and reached out to pull Lin Hanxing and his chair in front of him.

"What are you doing here?"

Lei Xiao's sense of alienation and indifference from the Forbidden Valley faded, and his cold face could not hide the joy.

my good aunt asked me to come and persuade you to let Luo Mingwei go.

Lin Hanxing reached out and pulled his tie, causing Lei Xiao to lean closer to her unconsciously.

"Hehe."

A cold smile was revealed from Lei Qianqian's thin lips.

"What do you think?"

It didn't matter to him whether Luo Mingwei let him go or not. It was all up to Lin Hanxing.

"Let go, why not!"

Lin Hanxing raised an eyebrow, his tone casual.

She didn't care about Luo Mingwei at all, and it didn't matter to her whether she let her go or not.

Moreover, he had already achieved his goal.

"However, the game will only be more fun if the resentment in her heart accumulates to the extreme, right?"

Thunder owl didn't say anything.

Her thick eyelashes hid all the emotions in her eyes.

Lin Hanxing had a strange premonition about his reaction.

She covered both sides of the Thunder valiant beast's face with her hands and forced him to look at her.

"What did you do?"

She naughtily pinched his chubby cheeks, and his facial features were deformed and laughable.

With a bang, the door to the president's office was suddenly pushed open from the outside!

#### **Chapter 448: Get out**

Lei Xiao picked up the ashtray on the table and threw it at the door!

A loud bang was heard, followed by the sound of the wine cabinet's glass shattering. The atmosphere in the president's Room took a turn for the worse!

"Get out!" An angry and sinister voice resounded, and the Thunder valiant beast's body instantly exuded a cold aura.

Shangguan Yilu, who had barged in angrily, was so frightened that she stood rooted to the ground!

When the glass shards of the wine cabinet burst open, they cut the delicate skin on her forehead, and a trace of blood appeared.

Lin Hanxing looked at Shangguan Yilu with a blank expression.

Naturally, she would remember her.

Back in the wild competition at the black market, it was this girl who had risked her life to snatch the car key.

However, Lin Hanxing had also taught her a lesson!

"Why are you ... So fierce ..."

Shangguan Yilu still spoke in a sweet and sweet tone, with a strong nasal voice.

Lei Xiao turned a deaf ear and looked at her with a pair of ruthless eyes.

“When did the security of my Lei Corporation become useless?”

This question was directed at his Special Assistant, Anthony.

Anthony broke out in a cold sweat.

When he received a call from downstairs saying that someone had barged in, he was already upstairs. The girl’s bodyguards blocked him immediately. When he finally rushed over, something had happened!

“I’m sorry, Mr. Ley!”

“I don’t want you to be sorry!”

The Thunder valiant beast was truly enraged!

Shangguan Yilu was so frightened by his words that she shivered, and tears immediately rolled down her face.

She had a deep impression of this man ever since the last wild competition.

That cold face that seemed to have been deliberately favored by God would often be missed by him.

It was not until these two days that she accidentally found out from her brother’s assistant that the man was actually the president of the Lei group. He was also the rumored first young master of the Lei family, the head of the four young masters of the Lei family. Her thoughts suddenly became active.

And for some reason, her brother’s attitude suddenly changed, and he wanted to send her back. Later, Shangguan Yilu found out that her brother had only made this decision after seeing Lei Xiao, and she was even more certain that this man was still petty about what had happened that night!

Only then did he bring his men and charge up in the name of his brother!

Shangguan Yilu had never expected that things would turn out like this as soon as she entered the room.

And he even saw that extremely terrifying woman from that night!

Lin Hanxing looked at Shangguan Yilu’s Red face from afar. With the wound on his forehead, he looked as pitiful as he could be. Unfortunately, Lei Xiao was a taciturn man who did not understand the mood, and was still seriously angry.

When she thought of this, other than smiling, she didn’t feel any anger at all.

After shooting a look at the bitter-looking Anthony, Lin Hanxing walked over to Lei Xiao’s side and stretched out his hand to cover his clenched fist.

The muscles in her arm trembled as she moved, then slowly began to relax.

Lin Hanxing looked at her coldly, and his cold eyes made Shangguan Yilu feel as if she had traveled back to the night of the Wild game.

"I just ..."

Shangguan Yilu tried to maintain her momentum, but uncle Liang was still recovering from his injury, and she was really nervous.

He regretted coming here today even more.

Lei Jing dialed Shangguan shixiu's number expressionlessly.

The call went through quickly.

"Shangguan shixiu, I give you twenty minutes to get to the Lei clan and give me an explanation!"

His malicious eyes fell on Shangguan Yilu.

"Otherwise, I'll take your sister's life!"

.....

Twenty minutes later.

Lin Hanxing stood in the elevator, which was made of tempered glass.

Lei Xiao made an excuse that he wanted to drink the coffee in the shop downstairs and asked her to buy it, but it was obvious that he had the intention to send her away.

Anthony stood beside her with a bitter face.

Why did Mr. Lei ask him to hold miss Lin back for 20 minutes ...

#### **Chapter 449: It was her**

When they went downstairs, they happened to be in time for the elevator's major maintenance, so the two could only take the sightseeing elevator down.

At the same time, the sightseeing elevator next to him was slowly rising.

Shangguan shixiu and his assistant were inside.

His black shirt made his handsome face look even paler. Occasionally, he would cover his mouth with a handkerchief, accompanied by a light cough.

The black jade-like hair on her forehead covered her eyes, and she was obviously not feeling well.

"Mr. Shangguan!"

The assistant looked at him worriedly, afraid that something would happen.

Since last night, Shangguan shixiu had a fever.

When he received Lei Xiao's call just now, he was still in the middle of an injection. After hearing this, he immediately pulled out the needle, changed his clothes, and called the driver to the Lei Corporation.

He recalled the blood that had splattered on the floor from the back of Shangguan shixiu's hand ...

The assistant couldn't help but be shocked.

After following Shangguan shixiu for so long, he really felt that he was a man who was cruel to others, but even more cruel to himself.

He was not as weak and harmless as he looked!

However, some people looked down on Shangguan shixiu after seeing his easily bullied appearance.

Until now, in the assistant's mind, the only person who could compete with Shangguan shixiu and not be at a disadvantage was ...

Only Thunder valiant alone!

"I'm fine," she said.

The assistant didn't dare to say another word when he heard the cold words.

Mr. Shangguan would not get angry easily, but this time, he was obviously very angry because of miss.

No one would have thought that miss Shangguan would be so willful and impulsive to come to the Lei family.

Wasn't this a provocation?

At the thought of this, the assistant felt a little guilty. If Mr. Shangguan knew that she was the one who told the Miss that the man was Lei Xiao's ...

The assistant shuddered and didn't dare to think further.

The elevator moved slowly.

The elevator that was going up and the elevator that was going down met in mid-air.

"Stop!"

Suddenly, the assistant heard Shangguan shixiu's commanding tone.

At first, the assistant didn't react, but when Shangguan shixiu started to press the emergency stop button with all his might, the assistant was a little frightened!

The Shangguan shixiu in her memory ...

Calm, gloomy, terrifying ...

Where would he have such an anxious look?

Because he had pressed the emergency stop button, the sightseeing elevator stopped in mid-air. Shangguan shixiu looked at the other elevator that was going down, and at this time, it became more and more like a dot in his vision!

It was her!

It was her!

He would not be mistaken!

It was her!

Shangguan shixiu's heart was filled with ecstasy. His slender fingers were still on the emergency button. When he found that the elevator was not moving, he realized that he had made a big mistake!

He pressed the button again, and the elevator resumed its operation. Then, he pressed the next floor.

When they reached the next floor, the moment the door opened, Shangguan shixiu left his assistant and rushed out.

He had to find her!

The other sightseeing elevators were still in operation, but Shangguan shixiu couldn't wait any longer!

He ran towards the emergency exit!

His heavy breathing, accompanied by his quick steps, made Shangguan shixiu's already uncomfortable symptoms more serious.

There was only one thought in her mind.

He had to find her!

Beads of sweat rolled down his forehead, but Shangguan shixiu couldn't hide the joy on his face.

It made his face, which was usually gloomy and icy, seem so vivid.

He didn't know how long he had been running like this, but he saw light.

He had finally reached the first level!

Full of anticipation, he walked to the sightseeing elevator. The elevator going down was on the second floor and would soon reach him!

Even the air around them seemed to feel the tension coming from Shangguan shixiu.

It was followed by a ding.

The elevator reached the first floor, and the door slowly opened ...

#### **Chapter 450: Like a dream**

It was empty!

The inside of the sightseeing elevator was empty!

Shangguan shixiu couldn't believe his eyes. His expression frightened the Lei family's staff who were waiting for the elevator.

For a moment, he had a feeling that he didn't know what to do.

In particular, this man's pale and feminine but handsome face was covered in a thin layer of sweat, making one's heart surge with maternal love.

She pulled out a tissue and handed it to him.

The female employee deliberately made her expression look less deliberate.

He even regretted not putting on his favorite perfume before he left.

"Get lost," he said.

When the cold word rang in her ears, the smile on the female employee's face froze.

He suspected that he had heard wrong.

"I told you to get lost!"

Shangguan shixiu didn't even look at him. His face, which would make a woman involuntarily feel motherly love, was expressionless, but his sinister voice made people unconsciously afraid.

"You're crazy!" The female employee threw the tissue on the ground and hurriedly walked into the elevator.

The elevator door closed again.

Shangguan shixiu stood there quietly, while his assistant ran over from the other side, panting.

He didn't expect Shangguan shixiu to run so fast!

In the blink of an eye, he had disappeared!

"Mr. Shangguan ..." He said.

What was he looking for?

The assistant looked left and right, but did not find anything special.

The black jade-like hair on his forehead covered all of Shangguan shixiu's emotions. He just stood there, not saying a word.

An unknown amount of time passed ...

"Go up!"

.....

Lin Hanxing, who had just left the Lei Corporation, suddenly stopped and turned around.

The Lei corporation's logo looked so solemn under the cold Steel building.

"Miss Lin, what's wrong?"

Anthony, who was standing next to her, was curious about her sudden turn.

Lin Hanxing couldn't describe what he was feeling.

She smiled faintly and did not reply to him. Instead, she walked towards the coffee shop that Lei Xiao had mentioned.

Anthony was also cursing madly in his heart. What kind of method did he have to use to make miss Lin stay outside for more than 20 minutes?

It really took his old life!

.....

In the president's office of the Lei Corporation.

There were also two glasses of whiskey with ice.

This was the second time this month that Lei Xiao and Shangguan shixiu had met.

However, unlike the previous half-friendship, Shangguan Yilu's sweet sobs did not stop.

Thunder owl did not say anything.

Shangguan shixiu's body showed signs of fatigue after the intense exercise, but he still held on.

However, the beautiful figure from earlier kept flashing through his mind.

It was like a dream.

"I'll be sending it back to my country in green tomorrow." When the cold and emotionless voice came out of Shangguan shixiu's mouth, Shangguan Yilu raised her head in disbelief and widened her eyes. brother should be on my side, right?

"Immediately."

The Thunder valiant beast's voice was equally ruthless, cold and his eyes sharp.

The attitude he was expressing was also very obvious ...

There was no room for negotiation!

"Brother, I don't want to go back!"

Shangguan Yilu did not expect that she would be so stingy to break into Lei Xiao's office.

Shangguan shixiu looked at Shangguan Yilu.

There was no expression on his handsome face, and Shangguan Yilu's heart was filled with fear.

In the past, in front of her older brother, as long as she did not go overboard, he would agree to anything.

However, if he crossed the line ...

alright, after we leave the Lei Corporation, I'll personally send her to the airport to return to Country M!

Shangguan shixiu personally agreed!

Thunder valiant beast's cold expression looked much better.

"Also, there's something I need your help with!"
