

## Goodnight 491

### Chapter 491: Did you hear clearly?

Ah Kang said that he had specially brought the cigarette for him to try.

It was said to be a niche foreign brand. Most people had never heard of it, but the taste was definitely good.

At that time, he was busy looking at the stock market, and his hands were inconvenient, so he didn't take it.

Just a second before Lin Hanxing came in, those people took the initiative to light a cigarette and put it to his mouth, asking him to try.

He thought about how he had almost eaten that thing ...

Lu bingde felt a lingering fear!

"You're saying that these are your brothers?"

Lin Hanxing sneered. When he opened his eyes again, he was already standing in front of those people.

There were men and women in this group. Including the one who had just spoken to Lin Hanxing, there were seven or eight people in total.

They looked at Lin Hanxing as if they had seen a ghost!

There seemed to be an icy cold air seeping out from the woman's eyes. Her aura was shocking!

"Then I'll let you see what kind of people your brothers are!"

Lin Hanxing then kicked one of the men's bags. A mobile phone rolled out of the bag and the bag was originally facing the bed.

"Tell him what you want to do!"

He slowly walked to the man who had lost two fingers and 'accidentally' stepped on it.

The intense pain came again, but this time, he didn't even have the strength to scream.

He could only take in a breath of cold air, hoping that the other party would spare him.

when he smokes that cigarette ... We ... We'll prepare to take a video ...

"What video?"

Lin Hanxing pressed the man's fingers with the sole of his shoe and asked without any expression.

"Take ... Take that kind of video!"

It seemed that she was too embarrassed to say it, and the words circled around her mouth but she still didn't say it.

However, Lu Bingde understood everything.

There were both men and women here. While he was not in his right mind, he could take some videos and put them on the internet ...

Did he still want his face?

Did the Lu family still want their face?

Lu Bingde was about to explode from anger!

Yingluo, your very existence is blocking the path of others.

He couldn't help but recall what she had said before.

She said that her very existence was in the way of others ...

But whose path was he in?

"Who asked you to harm me?"

Lu Bingde's anger was about to burn away his rationality.

This was completely different from the last time he knew someone wanted to harm him.

Last time, he only treated them as strangers, but this time, these people were his friends who were chatting with him a second ago, but in the next second, they had become bastards who had deliberately plotted to ruin his reputation!

Lin Hanxing looked at him coldly. Lu Bingde had leveled up.

He wouldn't ask why they were here to harm him, but who sent them!

"Bai Xi, tell him what this is."

Lin Hanxing turned back to the sofa and sat down lazily.

There's a new type of powder in the smoke. It's a kind of anesthetic that can separate things. After taking it, it will twist violently in response to the fast-paced music, resulting in a separation of consciousness and feelings, leading to nerve poisoning and schizophrenia!

"If you take it today, this amount is enough to make you addicted!"

Bai Xi glanced at the cigarette box and looked coldly at the man who was still in the process of being poisoned. He could clearly feel Lu Bingde trembling.

"Did you hear me clearly?"

Lin Hanxing enunciated each word, his cold voice laced with danger.

"It's easy to find out who sent them to harm you!"

"It's just a matter of a word from me!"

Her gaze fell on Lu Bingde's face, which had been drawn to the point of being laughable. Her eyes were sinister.

"But I'm not going to tell you!"

#### **Chapter 492: Treating my words as wind in one ear**

Lu Bingde raised his head and looked at Lin Hanxing with a pair of wet wolf-dog eyes.

I don't know how your aunt raised you to be so innocent and naive. Since that's the case, don't blame others for using you and hurting you!

She had helped him last time.

This time, she could coincidentally help him.

What about the next time?

What about the next time?

If he ignored her warning, he would fall for it sooner or later!

One time was enough to make his already bad reputation even worse!

"Lu Bingde, I'm not your nanny. I can't save you every time!"

If he did not even have the most basic self-awareness, Lin Hanxing would not waste too much time on him.

Lu Bingde, the person you should trust and protect the most in this world is yourself.

At that time, Lu Bingde didn't understand Lin Hanxing's intention.

So, she had already expected this to happen?

"Do you know something? That's why you said those words to remind me?"

Lu Bingde might be silly and sweet, but he was not brainless.

He thought of Lin Hanxing's repeated reminders. He was clearly hinting that the person who did this was right beside him.

"You're the one who turned a deaf ear to my words."

Dear readers! you are reading on our content copy site. Please copy and search this link "<https://tinyurl.com/39hpcn6j>" to support us

Lin Hanxing smiled and admitted it.

"Then why didn't you tell me directly?"

Lu bingde's words were met with a sneer from Lin Hanxing.

"Why should I tell you? You're not related to me at all. Even if I told you, would you believe me?"

Lin Hanxing's words made Lu bingde speechless.

If it wasn't for the series of events that had happened, would he have believed her?

The answer was uncertain.

"Just like you said, you are not related to me. Why are you helping me?"

Lu bingde raised his head and looked at her. His eyes were filled with a never-before-seen stubbornness.

because of your grandfather.

Lin Hanxing said coldly without hiding anything.

Hearing that it was because of old master Lu, Lu bingde's expression changed.

"Hehe, it's actually because of him!"

"He must be very happy to see me being fooled right now, right?"

Her words were filled with rejection of old master Lu.

"You can think whatever you want."

She did this to fulfill aunt Mian's promise. As long as Lu bingde didn't die, everything else didn't matter.

After all, the meaning of disciplining on his behalf was too broad.

"Tell me, who is it!"

Lu bingde was left speechless by Lin Hanxing's indifferent attitude.

"If I were to tell you directly, wouldn't it be meaningless? Why don't we do this?"

Lin Hanxing supported his cheek with one hand and looked at Lu bingde indifferently.

"I'll help you clean up these people."

"You ..."

hey, don't ask me what method I used. The point is that the result is clean!

Lin Hanxing obviously didn't like Lu bingde's questions.

"You're smoking this cigarette today."

Lu bingde was stunned.

"Do you understand what I mean?" Lin Hanxing said lazily.

After a while, he nodded.

“Every four days, you have to show intense anxiety, panic, insomnia, and other symptoms in front of others! If your acting skills aren’t up to standard, I’ll get Bai Xi to bring you some medicine!”

Lin Hanxing’s voice was cold as he looked into the distance.

“At that time, even if you don’t investigate, the person who wants to harm you will give himself away!”

“You’re so sure?”

Regarding this, Lu bingde was doubtful. He really couldn’t imagine that someone around him would do such a thing to him.

“Bai Xi, give him your number.”

Lin Hanxing turned a deaf ear to Lu bingde’s suspicions and turned to Bai Xi.

### **Chapter 493: Such good luck**

I can’t save you every time. If you have any trouble, call white stream.

Bai Xi can handle small matters. If it’s serious, Bai Xi can also call me directly.

Naturally, Lin Hanxing could tell Lu bingde who was behind this.

However, the effect of that was far less shocking than the fact that he had discovered it himself!

His trust in Lu Jiashu was definitely not something that could be broken with just a few words. It was also because of this that Lin Hanxing decided to use the slowest method!

Lin Hanxing stood up and walked out of the room after he finished speaking.

However, when he passed by Lu bingde, he stopped.

“Lu bingde, you’d better be clear that such good luck won’t follow you all the time!”

Her tone was extremely light, as if it was empty.

Lu bingde’s heart skipped a beat.

If it were not for Lin Hanxing, he would have been thrown into prison.

And just now, he had even suspected her ...

Thinking of this, Lu bingde couldn’t help but feel guilty. He didn’t dare to look Lin Hanxing in the eye.

“Our bet ...”

When Lin Hanxing was about to reach the door, Lu bingde turned around and said, ”

“I’ll come again in the next two days.”

.....

When Lin Hanxing returned to the Lei family, he also went to the east of the city to buy Madam Lei's favorite Xu Ji.

The living room had been cleaned, and there was no trace of blood.

It was as if what happened to Yuan susu was just a dream.

Downstairs, the Butler called out to her.

He handed over two bowls of porridge with meat floss in it and glanced upstairs.

Yuan Bao stayed in his grandmother's room, looking sickly. He had not even eaten lunch.

Mother Lei heaved a sigh of relief when she saw Lin Hanxing return.

"SuSu's face ..."

Lin Hanxing placed the porridge on the bedside table. There was also a small portion of drunk goose on the tray, which was the most tender part of the meat.

"There will definitely be a scar."

Lin Hanxing had just sat down when Yuan Bao snuggled into her arms.

Mother Lei sighed.

"My heart is beating so fast. I feel like if I had stopped him ..."

"Mother Lei, it's not your fault."

Under those circumstances, no one would have expected such an accident to happen.

"Auntie, I'm scared!"

Yuan Bao snorted and buried his face in Lin Han's chest.

As she spoke, her eyes welled up with tears.

Lin Hanxing smiled and kissed Yuan Bao's forehead, then pulled him into his arms.

"But this time, I'm afraid Cheng Lingyun will hate me."

Lin Hanxing blew on the meat floss porridge and brought it to Yuan Bao's mouth, then briefly explained what had happened in the hospital to Mama Lei.

"Is she crazy? What does it have to do with you, my daughter-in-law?"

Mother Lei was immediately displeased.

If Cheng Lingyun hadn't been so flamboyant, things wouldn't have ended up like this. How could she blame her daughter-in-law?

"I think Cheng Lingyun is determined to have a child, and susu might be in trouble!"

Mother Lei had a feeling that something was about to happen.

As the two of them were talking, the servant hurriedly ran up.

"Madam, someone came to our door to burn paper money!"

The servant was a young lady, and her mouth trembled when she said this.

Lin Hanxing frowned, and Zeng boshuang covered his face.

"That old lady cried and asked ... Asked miss Lin to return her daughter!"

The servant looked up at Lin Hanxing with a troubled expression.

Was it the old lady of the Luo family?

Lin Hanxing sneered. She actually dared to cause trouble at the Lei family's Gate?

She still didn't know who was causing trouble behind the scenes. Otherwise, how would that old lady know that she was here?

Just as he was thinking, Lei Xiao's figure appeared at the bedroom door.

#### **Chapter 494: Just being a scoundrel**

Lin Hanxing raised his head and looked at Lei Xiao, silently mouthing for him to wait.

She ate the tender drunken goose meat and waited until Yuan Bao finished half the bowl of meat floss porridge before she put down the bowl and stood up.

Lin Hanxing looked at the sky outside the window and smiled coldly.

Yuan Bao tugged at her trousers worriedly.

Lin Hanxing bent down slightly and pinched his chubby cheeks.

"We'll be back soon."

.....

"In the study room just now?"

As soon as he stepped out of the villa, Lin Hanxing raised his hand, as if he was feeling the wind.

"Yes, dad called us over to talk about something."

Watching her actions, Thunder owl's deep eyes were filled with a rare curiosity.

"I'll settle my own matters and not cause trouble for the Lei family."

In Lin Hanxing's heart, this was more like her home than the cold Lin family villa.

"So what if we get into trouble?"

His father had called them up to support Hanxing.

Lin Hanxing retracted his hand and looked up at the sky.

"I'll feel bad."

Dear readers! you are reading on our content copy site. Please copy and search this link "<https://tinyurl.com/39hpcn6j>" to support us

Lin Hanxing tilted his head to look at Lei Xiao and smiled.

The deep dimples at the corner of his mouth made Lei Xiao's hands itch.

When he came back to his senses and saw her slightly widened eyes, he realized that he had actually reached out to poke her.

The two of them walked side by side, not walking very fast.

It was more like he was taking a stroll.

However, he could vaguely hear wails coming from the door with a strange rhythm.

"Directly get people to chase him away?"

Lei Xiao's idea was simple and crude. To be honest, he didn't think much of the old lady.

In fact, the Lei family did not care about their reputation.

After all, the Lei family's history of making a fortune had been criticized by countless people.

To them, reputation was not something they brought with them to life or to death. Instead, it was a burden.

Lin Hanxing could not help but laugh.

There was no further response, and in the blink of an eye, the two of them had already reached the carved door.

The guard saw master and opened the door.

Old lady Luo was sitting in front of the Lei family's house, burning the paper money in a Brazier.

The yellow and white paper money was scattered all over the Lei family's Gate. When the wind blew, it rolled up everything.

Lin Hanxing looked around.

Even though she couldn't see anyone within her sight, she firmly believed that there must be eyes watching them.

She didn't believe that the old lady, who was panting after walking for a while, would come to the Lei family with a large bag of paper money and a Brazier.

"You jinx, you won't die a good death!"

The old lady was so agitated when she saw Lin Hanxing that she wanted to kill her.

As he cursed, Lei Xiao's expression changed.

However, Lin Hanxing acted as if he did not hear anything and stretched out his hand to press down on Lei Xiao's tensed forearms.

you killed Mingwei, my poor daughter. You've turned into a malicious ghost, so you must come and take revenge on her!

The old lady's dramatic tone made Lin Hanxing laugh.

Hearing her laugh, the old lady's anger burned even more.

I'll wait for Luo Mingwei to turn into a vengeful spirit and seek revenge on me.

Lin Hanxing said this nonchalantly. To her, what ghost was scarier than a human?

"If she has the ability."

Lin Hanxing knew very well what kind of tone could make the old lady in front of her so furious.

Lin Hanxing squatted down slowly and grabbed a handful of paper money as he looked at the man's face, which was twisted with anger.

"Who incited you to come?"

Lin Hanxing's voice was lazy as he looked at the paper money in his hand with a playful expression.

"Luo Ruyin? Luo Wenbo?"

Speaking of which, Lin Hanxing had never considered that Luo Wensu would be involved in this.

#### **Chapter 495: Could it be that all of them are dead?**

The reason was simple. He wasn't that stupid.

Luo Wensu couldn't be bothered to do something that harmed others without benefiting himself.

Luo Ruyin, who had been hiding in the dark, had been nervously watching Lin Hanxing since he came out.

Especially when she saw Lei Xiao coming out with her.

His eyes were filled with jealousy and hatred!

It was the same last night!

Lei Xiao accompanied Lin xiaojiu outside the SU family's Villa, not even bothering to hide.

Even after Lin xiaojiu had entered, his gaze had never left her.

Especially when they heard the three gunshots, the cold and powerful aura around the Thunder valiant beast made people not dare to approach it.

He was just a toy!

Luo Ruyin was stubborn. She would never admit that a man like Lei Xiao had taken a fancy to Lin xiaojiu!

There seemed to be a voice in her mind telling her.

If she had gone to Y R with her mother ...

If he had saved young master Lei's little nephew back then ...

Then, would he be the one with boundless glory now?

The more she thought about it, the more unwilling Luo Ruyin's eyes became as she glared at Lin Hanxing.

He always felt that she was the one who had snatched away something that belonged to him!

Dear readers! you are reading on our content copy site. Please copy and search this link "<https://tinyurl.com/39hpcn6j>" to support us

In her heart, she couldn't wait to use the old lady to humiliate Lin xiaojiu. This was also the reason why Luo Ruyin had incited her to come here.

Luo Ruyin did not believe that even if her cousin had the ability to make young master Lei bring her to live with the Lei family, if the Lei family saw Lin xiaojiu in such big trouble, would they really turn a blind eye?

Thinking of this, Luo Ruyin smiled smugly.

On the other side, the fire in the brazier in front of the old lady was burning brightly.

"Is the Luo family all dead? Pushing an old lady out and making a fool of herself!"

Lin Hanxing's voice was cold, his eyes were lowered, and he was fiddling with the paper money in his hand.

All these years, old Madam had relied on the Lin family, and who didn't give her some face? when had she ever been slapped in the face like this?

Especially when it came from the mouth of a junior, it was unprecedented!

"You bitch, how dare you ..."

Old lady Luo was shocked and furious!

"If I were you, I wouldn't be so stupid as to be used by others to cause trouble for me!"

Lin Hanxing's eyes were as cold as an ancient well, and it sent chills down one's spine.

Luo Mingwei's death wasn't very honorable. Now, aunt and uncle must be eager to minimize the impact of this incident. After all, our Lin family cares about our reputation.

These words made the old lady angry again.

What did she mean by that?

The Lin family wanted face, but the Luo family didn't, right?

This little B \* tch had a wicked mouth, and the words she said at first didn't hurt at all, but in fact, they pierced through people's hearts!

"I'll tear your mouth apart!"

The old lady was about to get up and pounce on Lin Hanxing.

However, Lin Hanxing did not even try to hide. He only smiled coldly as he watched the old lady who had been sitting on the ground for a long time struggle and struggle, but she did not get up from her heavy body!

As if she felt embarrassed in front of Lin Hanxing, the old lady stopped moving and started to wail.

What kind of people lived in the villa?

They were all influential people in Jiang city, and there were many old cadres who had retired from the top.

Jiang city had spent a lot of effort to make these old leaders stay in Jiang city for the rest of their lives.

Luo Ruyin also grasped this point.

He wanted to make use of the Lei family's reputation to make the Lei family have a bad impression of Lin xiaojiu.

Lin Hanxing could already vaguely see people peeking out from the floor-to-ceiling windows of the nearby villas.

It was as if they were watching a show.

"The heavens are blind!"

"I let this woman bully an old lady like me!"

That voice, it wasn't even an exaggeration to say that it was a roar!

#### **Chapter 496: Who said that the heavens were blind?**

"Who said that the heavens are blind?"

Lin Hanxing smiled and did not feel the slightest bit of nervousness because of old lady Luo's nonsense.

"Everything that happens in the human world is seen by the heavens,"

He threw the paper money into the brazier.

Lin Hanxing's eyes turned cold as he watched the flames rise.

"Benevolence, righteousness, propriety, wisdom, trust, loyalty, filial piety, honesty, and bravery. Humans have human ethics, and heaven has its heavenly Dao."

"No one is allowed to overstep their authority."

Lin Hanxing's voice was soft and the old lady was stunned.

Suddenly, a gust of cold wind came from somewhere and rolled up the unburnt paper money, which kept spinning on the ground.

Lin Hanxing smiled faintly.

"Old lady, people can't do things that are against their conscience."

Lin Hanxing's gaze fell on a spot not far behind her.

His steady gaze made the old lady's hair stand on end, and she turned around almost reflexively.

But there was nothing behind him!

The originally clear sky had unknowingly turned dark.

"What are you looking at?"

The old lady's voice was tense. She felt that this girl's entire body was exuding a strange aura.

"Can't you see? There's a woman who's been following you!"

Lin Hanxing deliberately lowered his voice, his eyes were filled with coldness.

"You're talking nonsense!"

The old lady trembled in fear. She turned around, but there was still nothing!

she was wearing a long red dress. She was very young and beautiful. Her black, straight hair reached her waist, but it was very strange ...

Lin Hanxing's eyes were fixed on the old lady's back, as if he was really looking at her clothes.

"Her right hand only has four fingers."

The moment she heard that there were only four fingers, the old lady's eyes suddenly widened.

"You ... You ... You're crazy ..."

Her lips trembled, and she couldn't even speak properly. She was clearly really afraid!

Lin Hanxing's lips curled into a faint smile.

"She asked me to ask you if you could return her finger to her."

Lin Hanxing used 'you' instead of 'you'.

Obviously, the frightened old lady could no longer hear any changes in her voice. She could only step back and widen her eyes!

ah ... panicked screams rang out one after another.

This made Luo Ruyin, who was hiding in the dark, feel anxious. She didn't know what had happened!

Lin Hanxing was still squatting in front of the brazier.

He threw the paper money that the old lady had originally given to Luo Mingwei into the box.

"Her hand is about to touch you."

Lin Hanxing's smile deepened as the old lady's crazy actions continued.

"You're talking nonsense!"

The old lady's hair was in a mess and she was rolling around on the ground as if she could avoid being touched by something.

No one could understand why the old lady, who was fine just now, suddenly became crazy after talking to Lin Hanxing for a while. How did she fall sick?

"Old lady, I've said it before, the heavens are watching over the matters of the human world!"

Lin Hanxing threw the last stack of paper money into the brazier and sighed.

"It's going to rain, we'll take our revenge."

Along with this sentence, a thunderclap sounded as if it was going to split the world.

Lin Hanxing looked down at the old lady of the Luo family, watching her struggle with a cold gaze.

And just as Luo Ruyin was hesitating whether to go out or not, her hair stood on end!

As if she sensed something, Luo Ruyin slowly turned her head.

That was until he saw Lei Xiao, who was supposed to be standing beside Lin Hanxing, appear behind him ...

He suddenly shivered!

#### **Chapter 497: There's another secret**

Heavy rain poured down.

Lin Hanxing stood under the eaves of the guardhouse, looking at Lei Xiao who was walking in the rain.

His entire body was drenched by the rain.

He took the black umbrella from the guard, opened it, and reached out to Lin Hanxing.

Lin Hanxing extended his hand to him with a smile and stepped under the umbrella.

Just now, Lei Xiao had already sent someone to 'send' the old lady back, but the way he did it was not very friendly.

As for Lin Hanxing, he also ordered some flower rings and paper money from the shop.

When the old Madam arrived, she would definitely cover the entire entrance of the Lin family.

"Where did you take Luo Ruyin?"

Lei Xiao's hand was as cold as ice. Lin Hanxing's small hand wrapped around it as much as possible, giving him warmth.

"She likes to stir up trouble so I sent her to a place with many people."

A cold voice without the slightest fluctuation spilled out from Lei Xiao's thin lips.

Lin Hanxing smiled and did not ask further.

Soon, the two of them returned to the villa.

Lin Hanxing sent Lei Xiao back to his room to take a bath, then turned to the kitchen and asked the servant to make a bowl of ginger soup.

Due to the rain outside, the lights were on in the house.

Lin Hanxing first went upstairs to check on mother Lei and Yuan Bao.

Dear readers! you are reading on our content copy site. Please copy and search this link "<https://tinyurl.com/39hpcn6j>" to support us

Only when he saw the two of them leaning against each other and falling asleep did he feel at ease and walked towards Lei Xiao's room.

He pushed the door open and went in, leaving his wet clothes on the floor.

"Take a bath after you're done."

Lin Hanxing shouted in the direction of the bathroom. He bent down to pick up the wet clothes and threw them into the laundry basket.

The servant quickly served the ginger soup.

Lin Hanxing looked at the steaming hot ginger soup, thought for a while, and knocked on the bathroom door.

"Come in."

A low and hoarse voice came from inside.

Lin Hanxing pushed the door open and walked in.

The floor after the shower was very wet, and Lei Xiao was in the innermost bathtub, listening to her and soaking.

"I've asked someone to cook some ginger soup. Drink it while it's hot."

Lin Hanxing walked to the bathtub and handed him the ginger soup.

Lei Xiao looked at the brown water that still had a ginger smell, and there was a subtle disgust in his eyes.

Lin Hanxing did not notice because her eyes were attracted by the strong body in the bathtub.

Thunder owl did not avoid her at all and presented her in its entirety.

Her figure was so good that Lin Hanxing almost whistled.

"I don't like it."

Lin Hanxing was stunned when he heard those words. He only realized later that he was talking about the ginger soup.

"You're not a child, why are you picking your mouth!"

Lin Hanxing sat on the edge of the bathtub and looked at Lei Xiao's eyes that were looking up at her.

His eyes were dark, like those of a little wolf dog.

The waterproof mirror television on the wall was turned on, and the news was being played casually.

Lei Xiao reached out and took the ginger soup from Lin Hanxing, allowing her to fiddle with his freshly washed hair.

"Who is the woman in the red dress you were talking about?"

Lin Hanxing's hand paused for a moment, then he continued.

"Bai Yu."

It was a simple word, but it covered a person's life.

"Bai Xi's older sister."

Lin Hanxing then added.

Lei Xiao naturally knew who Bai Xi was, but judging from the situation today, there seemed to be something more to it.

"Drink it."

Seeing Lei Xiao holding the ginger soup in his hand with no intention of drinking it, Lin Hanxing ruffled his hair.

"Don't mess around,"

Thunder owl's short words were filled with helplessness.

"Don't try to fool me, drink ..."

Before she could finish her words, Lei Xiao had already reached out his hand to her, pressing her neck and coming towards him.

She gently raised her head and easily kissed that mesmerizing mouth.

Just as Lei Xiao was about to take advantage of Lin Hanxing's distraction to secretly pour away the ginger soup ...

Lin Hanxing's hand was still holding onto the thing hidden under the water!

"I dare you to try!"

#### **Chapter 498: But I like you**

The two of them did not move.

Lei min raised his head to look at her, his weakness in her hands, his already dark eyes becoming even deeper.

His Adam's apple bobbed up and down, and his cold facial features, which had been favored by God, were tense and enduring.

"I don't like it."

These four words again, with an unspeakable grievance.

The Thunder valiant beast's world could be said to be complicated, but it could also be said to be simple.

In front of Lin Hanxing, his emotions could not be more direct. If he liked it, he liked it. If he hated it, he hated it.

"There are many things that you don't like!"

Lin Hanxing remained unmoved.

There was a cold in the autumn rain. He had worn so little when he went out just now and was even caught in the rain. His hands were cold. What if he caught a cold?

"But I like you."

Lei Xiao's hand that was still on her neck sneakily touched Lin Hanxing's earlobe.

The White pearls on it trembled as he fiddled with them.

Lin Hanxing's hand trembled, and Lei Xiao's muffled groan was heard.

"But I like it, Hanxing."

Lei min raised his head, and water droplets dripped down from the tip of his hair to his chest. His tightened abdominal muscles were all hidden in the water.

Her heart was like a roller coaster, up and down because of this man.

A warm feeling spread on her fair cheeks, especially when she was being stared at by his deep eyes.

"I won't care if you catch a cold."

Lei Xiao's eyes brightened when he heard Lin Hanxing's threat.

He tilted the hand holding the ginger soup, allowing the brown liquid to flow down the ground into the sewer.

Lin Hanxing's expression was helpless. He didn't know how he was seduced by his masculine charm and then gave up on his principles.

The bathroom was silent.

Only the mirror-like waterproof television on the wall was playing the news.

Only then did Lin Hanxing remember that his hand was still holding onto the thing in the water.

He coughed twice and wanted to move away.

The next second, the Thunder valiant beast suddenly held her hand down.

He looked straight ahead with a serious expression.

"Thunder valiant beast ..."

"Don't move!"

Lin Hanxing stared at the man's perfect side profile. Who was the one moving around?

And he kept moving around?

"Can't you be a little more shameless?"

The more she spent time with this man, the more she discovered the coquettish side of him that was hidden under his expressionless face.

Thunder owl pretended not to hear him.

He moved closer to her and continued to read the news expressionlessly.

Half an hour later ...

"Thunder valiant beast!" Lin Hanxing's hand was so sore that it didn't feel like it belonged to him.

And that man had yet to ...

"The water's cold, you're almost done!"

She really regretted coming in and provoking him, and when she heard this, Lei Xiao turned his head to look at her.

Her thick eyelashes were wet from the mist, and she did not speak, making Lin Hanxing feel guilty.

"Last time!"

“.....”

After an hour ...

“This is the last few times!”

Lin Hanxing couldn't take it anymore. The water was completely cold, could this man have any idea?

The news on TV was even showing the weather forecast!

it's like I'm addicted to you the moment I touch you. What can I do? ”

Thunder valiant beast said in a muffled voice.

Lin Hanxing did not expect Lei Xiao to say that. Just as he was about to speak, Yuan Bao's voice came from outside the door.

“Uncle, Auntie, let's eat ...”

Lin Hanxing suddenly remembered that he did not lock the door when he entered the bathroom.

As he thought of this, he unconsciously exerted more force.

The Thunder valiant beast grunted, this time it was really over.

“Lei Xiao, the next time I believe in your nonsense, I'll take on your surname!”

Lin Hanxing stood up and walked out of the bathroom in a Huff.

He didn't forget to wash his hands before he left.

After a long time.

The Thunder valiant beast lowered its head to look at the water.

He opened his mouth and said to that thing in a muffled voice ...

“Good luck.”

## **Chapter 499: You, papinson**

Yan beiming braved the rain to come and eat.

“Little cold star, you're papinson?”

Biting on his chopsticks, Yan beiming watched as Lin Hanxing trembled as he picked up the food, his eyes constantly looking at her and Lei Xiao.

Yuan Bao burst out laughing.

Then, he covered his mouth with both hands and blinked innocently.

Lei Chen gave Yan Beichen a sharp look with an expressionless face, then picked up a piece of Southern milk winter melon and put it in Lin Hanxing's bowl.

Lin Hanxing glared at him.

He pushed the vegetables back into Lei Xiao's bowl in a fit of pique.

She also ruthlessly crushed his foot twice.

Hanxing ... as if sensing something, Lei Jing stopped talking.

However, before Lin Hanxing could understand, Lei kangnian could not help but cough.

"Daughter-in-law, you're stepping on my husband."

What Lei kangnian was too embarrassed to say, Zhong Nanyin said it for him.

Her eyes were pitiful.

Lin Hanxing quickly raised his leg, but in a moment of panic, his knee hit the table again, making a loud thud.

Yan beixiao held his bowl and watched the show with a piece of winter bamboo shoot in his mouth.

"Does it hurt?" Lei Xiao placed his hand on her knee and rubbed it over and over again.

Lin Hanxing buried his face behind him. It was so red that it looked like it was going to drip blood.

He only felt that he was too ashamed to face anyone.

Lei Yu smiled without saying a word. He picked up a piece of steamed meat for his nephew Yuan Bao and watched the show quietly.

"Little Hanxing, you're much more popular now."

You can't say that.

She still treated everyone other than the Lei family with the cold, distant, and Noble air of a Queen.

However, in the Lei family, and even in front of the Lei family ...

It was alive, with flesh and blood.

Even Lei Xiao had restrained a lot of his hostility.

Yan beiming liked their change.

The appearance of the little cold star had made up for the missing part of his good brother's soul.

But ...

"Little Yanzi, I'm really grateful to you!"

Lin Hanxing's smile made Yan beixiao go into a frenzy!

"Who the hell are you calling little Yanzi!"

"I'm calling you, Yanzi!"

... little cold star, you're ruthless!

After the meal, the servants served the washed fruits.

Yan beixiao was called upstairs by a look from Lei Xiao.

"In the past, I even suspected little Yanzi and ah Xiao. Tsk tsk!"

Mother Lei watched the two of them go upstairs and complained to Lin Hanxing in a low voice.

Lin Hanxing followed mother Lei's line of sight and looked over. As expected, they looked like a loving couple ... Like brothers!

Yan Beichen sneezed a few times in succession.

Who was it? Who's talking bad about yours truly behind my back?

He sneakily turned around, but he didn't find anything.

The door to the study closed.

"I'm so annoyed just by smelling your manly scent!"

Yan beixiao sat on the leather chair, his legs on the desk, as casual as he could be.

"The person Shangguan shixiu is looking for is Hanxing!"

The Thunder valiant beast's expression was very cold, and even the words he said were emotionless.

Yan beixiao's heart skipped a beat.

At that time, he had suspected that Shangguan shixiu was looking for little Hanxing, but he didn't expect it to be true.

"Then what are you going to do? Little Hanxing doesn't know about this yet, does he?"

If ah Xiao were to be compared to Shangguan shixiu ...

He still had to stand on ah Xiao's side decisively!

Their ah Xiao was so awesome!

Handsome face, rich, and good skills!

Oh, but Shangguan shixiu didn't seem to be bad either!

Lei Xiao didn't say anything. His fingers tapped on the table rhythmically, as if he was in deep thought.

"Yan Beichen, if you were a woman, Shangguan shixiu and I ..."

"Stop, stop, stop! I'm carrying a F \* cking stick!"

Can you not make such an assumption?

He would be very embarrassed!

“Besides, Lei Xiao, the important thing is not how I choose, but how little Hanxing will choose!”

### **Chapter 500: She never said she liked it**

Yan Beichen’s expression was unusually serious.

“You know this better than anyone else, don’t you?”

Lei Xiao’s face was dark and cold, and a cold aura seeped out from his bones, causing the entire study room to be filled with a low pressure.

Seeing him like this, Yan beiming could not help but have a headache.

Love beginners were always so worried.

What a headache.

“She didn’t say she liked it.”

After a long time, Yan Beichen heard this sentence from Lei Xiao.

Dumbfounded.

He and Lei Xiao had known each other for so many years. They had risked their lives to do many things, but when had Lei Xiao not killed decisively, and everyone avoided him like the plague? He had even blocked a bullet for him without even blinking ...

Why did ah Xiao have so many concerns when it came to love?

“So?” With little Hanxing’s personality, if he didn’t like her, why would he shake like a papinson?

“I’m worried that she’ll regret it.”

Yan beiming’s mind went blank for a moment.

“You should worry about yourself. You’re already 31. I’m afraid you’ll be impotent!”

Thunder valiant looked at him but did not say anything.

“Alright, let’s change our train of thought!”

Yan beixiao swept the documents on the desk to the side with a “pa” sound and looked at Lei Xiao seriously.

Shangguan shixiu hasn’t met little Hanxing yet. Once they meet, with his personality, will he let go? ”

The low pressure that was already filling the entire study room instantly became even thicker!

“What’s more, with our little cold star’s beauty and figure, do you think any man would not be tempted? Do you know how many men had their eyes on little Hanxing that night at the black market competition?”

Yan beixiao’s mouth was dry from all the talking, and he wished he could sawed off this wooden head and replace it with a new one!

“Don’t tell me you’re still bothered by those things?”

After hesitating for a while, Yan beiming tried to speak.

Lei Xiao still did not speak, but his gaze fell on the family photo on the desk.

His phone suddenly rang.

It was Thunder Valiant’s private phone.

Yan beixiao’s sharp eyes caught the caller ID.

It was Dr. Zhong.

Lei Xiao didn’t even pick up and hung up the phone.

you hung up Dr. Zhong’s call again. How many times has this month happened? ”

Yan beiming felt a headache coming on.

“Ah Xiao, can you listen to my advice?”

Sometimes, the Thunder valiant beast’s stubbornness was terrifying.

“You’ve done too much for this family over the years. You should live for yourself!”

This was also what his parents wanted to see!

.....

Downstairs.

Lin Hanxing, Lei Cong, and mother Lei were playing Monopoly with Yuan Bao.

Even though Yuan Bao looked fine, Lin Hanxing realized that he would always look in the direction where Yuan susu had gotten into trouble.

Lei Jing, who had also noticed this, looked at her.

There was worry in his eyes.

Lei Jue had gone to America at the last minute and would only be back the day after tomorrow at the earliest. It would be great if Dr. Zhong was here.

Lei Yu thought.

Just as he was thinking, the internal telephone rang.

Father Lei, who was watching the news, picked up the call. His expression changed slightly when he heard something.

“Send him in.”

The people playing Monopoly only heard this, but they didn’t care.

Not long after, the doorbell rang.

The servant went to open the door.

Lin Hanxing got up and went to the kitchen to get the snacks that Yuan Bao wanted to eat.

When he came out, he met someone.

The other party was dressed in the most standard British-style clothing. He politely handed the umbrella to the servant to put on a disposable umbrella cover. He took off his hat and was about to greet father Lei when he saw Lin Hanxing.

The next second, he was actually walking towards her!
