

## Goodnight 51

### Chapter 51: Yu lanbai

Liang yuran's identity was very special.

Yan beiming had known Lei Xiao for so many years, and other than the Lei family, there were only two people he could trust.

One was himself, and the other was Liang yuran.

The three of them were friends who had gone through life and death together!

Now that Yan beiming had heard that Lei Xiao wanted Liang yuran to set up a tracking device on Lin Hanxing ...

Isn't this too overqualified?

It was as if Lei Xiao did not see Yan beiming's shocked expression as he continued to stare at Lin Hanxing.

If he could, he wanted to hide her.

He hid it in a place that only he knew.

He would cut off the line of sight of those men and also cut off her contact with the outside world.

The pair of eyes called Lin Hanxing only looked at him!

He was the only one who could be seen!

Seeing Lei Xiao's reaction, Yan beixiao stopped joking around.

.....

His gaze fell on his good friend.

The tailored suit accentuated his handsome figure.

In Yan beiming's memory, Lei Xiao's wardrobe would only have one color of clothes, and that was black.

It was the same feeling he had when he first met him, and even now!

He was the Supreme and unrivaled black!

All these years, Yan beiming had thought more than once, which woman in this world could tame Lei Xiao?

Sighing, he resigned himself to his fate and took out his phone to call Liang yuran.

Very quickly, the matter was settled.

Liang yuran was like this. As long as it was something Lei Xiao ordered him to do, he would do it unconditionally, without any doubt.

However, Lei Xiao did indeed have the ability to make people obey Him!

“Have you heard the rumors about the Lin family?”

Suddenly, Yan beixiao spoke with a serious expression.

Lei Xiao looked over, his deep and sharp eyes were bottomless.

the Lin family’s missing child for 18 years has been found.

Yan Beichen’s lips curled up again.

“You told me on the ship that she was very smart.”

Yan Beichen’s words could not be understood by others at first glance.

It was not coherent, giving people the feeling that the words before and after did not make sense.

But Lei Jing knew!

“If I didn’t think much of it back then, then now ...”

Yan Beichen held the coffee in one hand, half-leaning in front of the decorative pillar, and smiled.

Lin Hanxing knew that someone from the Lin family had his eyes on the tea mountain, so he just took it.

Lin Hanxing knew that the Lin family’s influence in Meng Song would teach her a lesson, so he hid a dagger behind his smile.

After that, the Lin family sent people from Jiang city to Mengsong, and Lin Hanxing killed them with a borrowed knife!

After that ...

The child of the Lin family from Rivertown who had been missing for 18 years had suddenly been found ...

Everything that seemed to have no connection was centered around one word!

The Lin family!

“That girl is so aggressive!”

“So what?”

If Yan beiming could understand, how could Lei Xiao not?

But he didn’t care at all.

He did not care about the Lin family.

Or rather, it was not just the Lin family. Other than his family, brothers, and her, he did not care about anything else.

Yan beixiao shrugged his shoulders.

"I just want to say that it looks like she has her eyes on the he family again!"

.....

"What did you just say?"

Yuan Xiaolei looked at the store manager and the young sales assistant who were blushing.

I'm sorry, Mrs. He. This person is new. The clothes you ordered are now ...

The store manager looked at the fitting room with a troubled expression.

The meaning was obvious.

Just then, the door of the fitting room was pushed open from the inside.

In an instant, Yuan Xiaolei's eyes widened!

It was her!

At that moment, Lin Hanxing walked out in a white, shoulder-length embroidered dress.

The small white pearl necklace on her swan-like neck made her look even more fresh and elegant, so beautiful that it was refreshing.

That kind of beauty, even the experienced and knowledgeable store manager could not describe it in words.

Yuan Xiaolei only felt her anger rushing to her head!

She had clearly ordered this dress herself!

In fact, she used to think that this white dress was very plain, but now ...

This woman actually made this dress look so exquisite and beautiful?

"If I'm not mistaken, I ordered this dress first!"

Yuan Xiaolei suddenly opened her mouth, and her voice was filled with anger.

The store manager knew that things were going to be bad, so he had to smile.

Lin Hanxing looked at Yuan Xiaolei. Just like when they were at the hospital entrance, there was no warmth in his eyes.

"But you didn't pay the deposit for this dress."

Lin Hanxing's cold words rendered the three people in front of him speechless.

Only then did the manager remember that if it was an ordinary person who came to order clothes, they would definitely have to pay a deposit, but for a regular customer like Mrs. He, who had a high status, she was allowed to do it once or twice without a deposit.

But this time, Yuan Xiaolei didn't pay the deposit!

What he had thought to be a difficult matter had suddenly become much simpler.

"Miss, there should be a first come, first served basis, right?"

The first encounter at the hospital entrance had already caused Yuan Xiaolei to be depressed. Now, she was using this as an excuse to kick up a fuss.

Lin Hanxing's cold gaze swept across Yuan Xiaolei's face.

With just one look, Yuan Xiaolei's anger rose.

His eyes were too calm.

It was also because of this calmness that she didn't seem to be worthy of her attention.

She dared to look down on her?

"It's just a piece of clothing, so I'll let you have it, but ..."

"Do you know who I am?"

Yuan Xiaolei's two sentences carried a hint of threat.

Hearing this, Lin Hanxing's beautiful lips curved into a smile.

However, the smile did not reach his eyes.

"She's just the young mistress of the He group."

The moment she finished speaking, Yuan Xiaolei was so angry that her nose was about to go crooked.

The two words 'merely' and 'forget it' were filled with contempt.

People should have thought that she was arrogant and domineering, but in fact, when she said it from Lin Hanxing's mouth, not only did people not think that she was arrogant, but they even found her pleasing to the eye.

It was as if she was right, as if ...

She should have been living so vivaciously!

you ... Yuan Xiaolei was furious. She pointed her index finger at Lin Hanxing.

"Do you know who I am?"

Lin Hanxing glanced at Yuan Xiaolei's fingers, and an obvious chill gradually condensed in his eyes.

That chill wasn't hidden, and Yuan Xiaolei could feel it.

She only felt her entire arm stiffen out of control, as if it was covered in frost.

His mind was full of twists and turns, but he had no information on this person at all.

Yuan Xiaolei clearly knew all the famous socialites in Jiang city!

“Do you know what happened to the last person who pointed at me?”

Lin Hanxing’s voice was extremely calm, but it made people feel fear from the bottom of their hearts!

Yuan Xiaolei was stunned!

He didn’t know if he should continue to extend his fingers or let them go!

Yuan Xiaolei felt embarrassed and angry!

He glanced at the new sales assistant from the corner of his eyes and directed his anger at her!

“I don’t spend so much money every year to be bullied!”

As soon as Yuan Xiaolei finished speaking, she raised her hand and was about to slap the little girl’s face in an overbearing manner!

The young sales assistant’s eyes widened in shock, and she couldn’t avoid him in time ...

.....

“This young Madam he isn’t as gentle and pleasant as she’s rumored to be.”

Yan beixiao chuckled.

On the other hand, Lei Xiao’s eyes were only focused on Lin Hanxing.

however, Lin Hanxing never does anything meaningless. Today, he deliberately angered the he family’s young mistress. It seems that he wants to get involved in the he family’s mess. What good will it do for her? ”

## **Chapter 52: Remember me**

Thunder owl did not say anything.

“Lin Hanxing has already arrived in Jiang city, but he has no intention of returning to the Lin family. I thought she’d use the discussion to create momentum for herself, but now it seems that I’ve been overthinking ...”

The more Yan beiming spoke, the more he felt that he could not understand Lin Hanxing’s approach.

When you thought she would do this and that, she just didn’t follow the routine.

No one could guess what Lin Hanxing’s next move was!

“My friend in the police station told me that Meng Song contacted Jiang city for Lin Hanxing, and the DNA match with the information in the database. She didn’t even leave her phone number, so the Lin family had to go through a middleman if they wanted to find her. ”

this middleman kept going around and refused to give the Lin family any information. He said that he wanted to wait for miss to contact him.

“What do you think Lin Hanxing is thinking?”

“How many incense sticks do you have left from last time?”

The Thunder valiant beast suddenly interrupted.

“You’re addicted to using it?” Yan Beichen’s voice could not hide his teasing.

His eagle-like eyes swept across the room, and Yan beiming hurriedly begged for mercy.

.....

“Alright, I’ll get someone to send it to you before I fly to London.”

The incense stick had a special formula, and it could even knock out an elephant in a short time.

The most important thing was that it was harmless to the human body!

The first batch of ‘holy hands’ produced five in total.

Back then, Thunder valiant had used one on the ship, and he still had four left.

“You asked me what she was thinking.”

Yan beixiao was stunned for a moment, then he stopped teasing her and waited for her answer.

“She’s waiting for the right time.”

.....

The excruciating pain he had imagined did not come!

The young sales assistant looked at the hand that had just stopped in front of her eyes, and tears of fear fell.

“Let me go!” Yuan Xiaolei screamed!

Lin Hanxing’s eyes were cold.

At this moment, his fingers were pressing on the life and death acupuncture point on Yuan Xiaolei’s wrist. With just a slight movement, Yuan Xiaolei would have to suffer a heart-piercing pain.

“Does it hurt?” Lin Hanxing’s voice was soft, but his cold eyes made people’s hearts tighten.

“Call the police! I’m going to Sue you for intentional injury!”

No matter how much Yuan Xiaolei struggled, her wrist wouldn’t move in Lin Hanxing’s palm.

However, the pain was gradually increasing.

the people of Jiang city all say that the he family's eldest young mistress is virtuous, gentle, and beautiful. She's the model of today. Meeting her today ...

Lin Hanxing suddenly chuckled.

However, it was filled with a strong sense of mockery, not hiding it at all.

"It's nothing more than this!"

His contemptuous tone made Yuan Xiaolei's scalp feel like it was about to explode.

She looked down on her?

The store manager shielded the new sales assistant behind her. Seeing the two of them go head to head with each other, she was anxious.

Yuan Xiaolei was the he family's young mistress and a regular customer in the shop.

Although the other young lady was unfamiliar, she didn't look like an ordinary person either, judging from her manner of speech and dress.

Both sides were not to be trifled with.

Yuan Xiaolei's eyes turned red from anger as she stared at Lin Hanxing.

However, the next second, Lin Hanxing flung her hand away.

Yuan Xiaolei didn't notice and fell to the ground with her bag.

"Are you angry?"

Lin Hanxing slowly walked to Yuan Xiaolei in his high heels and reached out to hook her chin with his finger.

With a little force, he made her raise her head to face him.

"You better remember me, because we will meet again very soon."

Lin Hanxing said slowly, pausing after each word.

Her entire body exuded a thunderous aura, causing people to have no choice but to submit to her.

"Young Madam he!"

With a cold laugh, Lin Hanxing bent down and moved his lips to Yuan Xiaolei's ear.

"I'll make all the nightmares you're so afraid of come true!"

## **Chapter 53: vitamin C**

Yujing garden.

The night was as cool as water, and the moon was as white as silver.

Lin Hanxing stood in front of the floor-to-ceiling window, the red wine in his wine glass rippling slightly, giving off an intoxicating aroma.

She had obviously just taken a shower.

In the reflection of the floor-to-ceiling window, Lin Hanxing's eyes were languid and charming as if they were about to come out of water.

But there was also a deep coldness.

The computer on the table in standby mode suddenly lit up, followed by the sound of a timer.

Lin Hanxing adjusted the front of his white bathrobe and clicked "confirm."

Uncle Jin's smiling face appeared.

"Ninth young lady, the people from the Lin family are getting more and more anxious."

Then, uncle Jin told Lin Hanxing about how those people had threatened him today.

Lin Hanxing sneered.

After leaving them out for so long, it was indeed time for them to be anxious.

.....

"Uncle Jin, you know what to do."

Lin Hanxing wanted this fire to burn brighter and brighter.

What she wanted was for the Lin family to have no choice but to beg her to return!

Uncle Jin's face was smiling like the Maitreya Buddha, and he hung up the video call after sighing.

The room returned to silence.

Lin Hanxing swirled the wine glass in his hand slightly, the aroma of the wine overflowing.

He drank it all in one gulp.

He casually placed the empty wine glass on the table.

In fact, Lin Hanxing did not really like to drink red wine.

It wasn't as fragrant and strong as the one the mute uncle brewed himself!

Her fingers accidentally touched something, and her gaze paused for a moment.

Brown Medicine bottle.

Even though the medicine inside had already been replaced by vitamin C by the man, Lin Hanxing still brought it back.

Yingluo ... For you.

I also have the desire to walk towards the light ...

‘The world looks down on me, and I won’t be too lonely ...’

Yingluo, do I also belong to you?

I, Thunder valiant beast, will always be worthy of your trust.

When Lin Hanxing came back to his senses and looked at the table again, he was stunned.

The White vitamin C that had been in the medicine bottle earlier was now lying quietly on the table.

She had inadvertently made a ‘owlish’ sound.

A rare smile appeared in Lin Hanxing’s eyes, but it only lasted for a moment.

She scattered the pills and walked towards the bedroom ...

.....

Lin Hanxing did not know that a black Bugatti had been parked downstairs for a long time.

Lei Xiao leaned against the car, hidden in the darkness.

He was smoking.

The red light flickered.

Yujing garden was the top high-end community in Jiang city, and a room was hard to find.

The outstanding security system, the extreme Green design, and the service experience made all the influential people in Jiang City Fight to enter.

Lei Xiao had a few properties here.

They were all located at the king of the building.

One was for him, and the rest were for his brothers.

When Lei Xiao first took over the Lei group, he even stepped into the real estate industry in addition to quelling the internal strife.

At that time, the real estate industry was in the winter period for various complicated reasons, and no one was optimistic about his sudden decision.

Who would have thought that the Lei clan’s move would completely drive up the real estate industry that was on the verge of destruction.

Yujing garden also became a milestone in the history of real estate in Jiang city.

The Thunder valiant beast’s gaze had been fixed on a certain spot, his pupils pitch-black, and no one knew what he was thinking.

The White smoke swirled and dispersed as he breathed.

His Adam's apple moved up and down.

If others were to look at it, they would only find it extremely sexy.

Suddenly, the lights in the room that Thunder valiant beast was looking at went off.

He picked up his phone and dialed a number.

Very quickly, the other party picked up the phone.

"You can start now."

#### **Chapter 54: Found you**

15 minutes later.

The Thunder valiant beast pushed the door open. The fingerprint lock had already been deciphered by the system.

But other than him, no one else dared to step into the door without permission.

The fragrance in the room had almost dissipated.

Lei min entered the bedroom.

Lin Hanxing was lying on the bed, sleeping in the most insecure posture in psychology.

The White bathrobe had been replaced by pajamas.

It was a light yellow two-piece set with a top and a bottom, a pair of thin suspenders and shorts.

The moonlight was like water, pouring in from the floor-to-ceiling window.

The gauze curtain fluttered in the wind.

Lei Xiao stood by the bed, looking down at her.

The dark shadows fell in dense clusters and completely covered Lin Hanxing.

Leaning over, Thunder valiant leaned close to her ear and spoke in a low voice.

.....

"I've found you,"

He pressed his thin lips against Lin Hanxing's ear.

With a snap, the wall lamp was turned on by Lei Xiao.

The soft yellow light was faint, and it seemed to plate a layer of crystal luster on her white skin.

Thunder owl's cold and expressionless face when facing others also seemed to relax a bit.

It was as if the dust had finally settled.

The little girl who seemed to disappear in the blink of an eye was now lying there quietly.

After staring at her for a while, he was finally willing to let go of her for a short while.

He took off his suit jacket and casually placed it on the back of the sofa.

Lei Xiao walked to the dressing table in silence and found the hairdryer.

She reached out and picked Lin Hanxing up from the bed and sat him in her arms, her head leaning against his neck.

Lei Xiao seriously helped Lin Hanxing dry his hair.

Lin Hanxing's body was small and weak.

Lei Xiao held her in his arms with one hand and used the other to help her dry her hair with the hairdryer.

It was easy to get flustered, but he arranged everything in good order.

Lin Hanxing's face was buried in his neck, and his lips would brush past him from time to time.

because you don't want to be tied down by feelings, you didn't plan to let me enter your life from the beginning, right? "

His Adam's apple moved up and down.

"But Hanxing, this is no longer up to you!"

Her black hair was like ink, like Royal Silk, and at this moment, it gently brushed over Lei Xiao's fingertips.

"The woman that I, Lei Xiao, have decided to pamper is destined to be above everyone else!"

He would indulge her in everything, and he didn't even mind her climbing over his head, just like a father to his mother.

Lin Hanxing obviously would not give Lei Xiao any answer.

Lei Xiao's eyes were deep and profound. In the next second, he stretched out his hands and lifted Lin Hanxing, who was lying limply on his body, and gently placed him back on the big bed.

With one hand on her side, he kissed her gently between her eyebrows.

It was very light and would not leave any traces.

"I'll spare you this time, but sooner or later ..."

The Thunder valiant beast's voice was deep and rough. Even though he tried his best to calm himself down, he still lost control.

"I'm going to get it back from you with interest!"

**Chapter 55: theft**

The next day, a theft case ignited the morning of Jiang city.

It was the chief lawyer's office of Lin's group's legal team.

However, the strange thing was that in the face of the sudden interview, the chief lawyer of Lin's group showed an uncharacteristic panic expression. He said that nothing was lost, but the registration information on the police side was not so.

He had lost a document from 18 years ago!

Actually, it was just a document. It wouldn't cause any trouble in Jiang city.

However, that afternoon, a piece of news spread like wildfire.

The missing document was related to the child who had gone missing eighteen years ago.

It turned out that before the Lin couple passed away, when the child was one month old, the shareholders had agreed to transfer 9% of the Lin family's shares to the child for a total of 18%. The contents of the lost document ...

It was the problem of the 18% shares!

The moment this news spread, Jiang city was in an uproar.

Considering the fact that the Lin family had found the child eighteen years ago but had not brought him back ...

The crowd looked at the Lin family with a different expression.

The Lin family had announced to the public that they had been unable to contact this child. Now, it seemed that it was either because they couldn't contact him or because of the issue with the shares that they didn't want to bring him back ...

.....

The answer was really thought-provoking ...

.....

"Find it! Even if you have to dig three feet into the ground, you have to find her!"

Lin youlin's face was dark. The Jade bracelet on her wrist had been broken into pieces by her intense movements just now and was lying on the ground.

"You're all a bunch of trash!"

Lin youlin sat down on the sofa, not even looking at her brother, who had an awkward expression on his face.

"Do you need some public relations?" Lin yanshu hesitated for a moment before speaking.

it's too late. The public relations are adding fuel to the fire now. It'll only fuel the rumors.

It was Lin youlin's husband, Luo Minghao.

Lin yanshu's eyes were a little gloomy as he looked at his brother-in-law, not saying a word.

"The most important thing now is to find this girl and bring her back to the Lin family!"

Luo Minghao just came back from the golf course, looking elegant and casual.

Lin youlin's sharp eyes softened as she looked at her husband.

the middleman refused to give us any information about her. Our people have been searching for her, but no matter how we dig, we can't find her!

If they could find it, it wouldn't have ended up like this!

"Is there no other way?"

Lin youlin placed a hand on her forehead and looked into the distance ...

.....

Lin Hanxing was sitting leisurely in the coffee shop.

From the looks of it, he seemed to be waiting for someone.

"Sorry, sorry, I'm late!"

The young nurse, Rong Shiyu, ran over in small steps and smiled.

A pair of doe-like eyes, clean and clear.

Lin Hanxing smiled and pushed the juice that had been prepared for breakfast in front of Rong Shiyu.

"Miss Jiu, I didn't expect you to call me."

When he said this, Rong Shiyu's eyes were full of surprise and admiration.

"Tonight, I need you to go with me to a place."

"Is it about Mr. He?"

"Yes and no."

Lin Hanxing picked up the coffee cup. In Rong Shiyu's eyes, it was like a slow-motion replay, elegant and beautiful.

But she did not understand what he meant.

part of the reason is for he Chengyu. The other part is for myself.

Lin Hanxing explained patiently, which was rare.

"Then ... Where are we going tonight?"

"The count of Starlight."

Rong Shiyu took a sip of fruit juice in a daze.

The next second, he started coughing!

The count of Starlight?

That was the top nightclub in Jiang city!

## **Chapter 56: Second young master he**

The count of Starlight.

The count of Starlight was the most famous entertainment place in Jiang city.

It could be said that everyone in Jiang city knew about it.

The count of Starlight implemented a membership system, and the sky-high membership fee had become a symbol of power and nobility, causing people to rush like ducks.

For a period of time, all the young masters in Rivertown were proud to have the membership card of the count of Starlight.

"I'm the head waiter. Please follow me."

Even the experienced foreman had a subtle expression when he saw the two people in front of him.

They had seen a lot of people who brought their wives here, but this was the first time they had seen these two little girls.

One of them was so nervous that her face was red.

As for the other one ...

Over the years, the manager had seen all kinds of beautiful women, but none of them could compare to the woman in front of him.

However, the indifference and alienation that seeped out from her bones always made people's hearts tremble.

The head waiter thought to himself, but he didn't notice the two figures around the corner.

.....

"Amy, are these two new?"

The manager's heart skipped a beat as he smelled alcohol. Before he could say anything, the young man had already appeared in front of Lin Hanxing.

He zhehan's eyes lit up.

This woman was simply of the highest quality!

second master he, I was just about to send this Black Gold Member to the private room.

As soon as she said this, he zhehan's frivolous expression disappeared. Even the man behind him looked up.

As everyone knew, the count of Starlight's membership system was extremely clear.

Ordinary cards were silver, medium cards were gold, advanced cards were Platinum, and to be able to reach Black Gold ...

It was not something that could be solved with money.

He zhehan only had a Platinum Card.

"Second master he? Is he the second young master of the he family who fell into a coma three years ago after big brother's car accident?"

Lin Hanxing's voice was casual, but it made the atmosphere tense!

Rong Shiyu lowered his head.

When he zhehan approached her, she was afraid that she would be recognized and cause trouble for he Chengyu, so she didn't even dare to look up.

He didn't expect miss Jiu to mention it directly.

rumor has it that the second young master of the he family had to sacrifice his life to support the he family when they were in danger. But in my opinion, these three years have confirmed one thing ... Lin Hanxing smiled slightly, the mole under his eyes was stained with mockery.

He zhehan stared at Lin Hanxing.

Luo Wensu saw that something was wrong and hurriedly stepped forward to hold down his Iron Fist, which had blue veins popping out.

"Second master he's business ability is inferior to your big brother's!"

"This young lady has such a big tone!"

Luo Wensu sneered.

However, in the next second, that pair of eyes filled with mockery swept over him.

I forgot that the second young master of the he family suffered so much in the face of danger to support the he family's crisis. It has the same effect as the Lin family back then, don't you think? "

Lin qianlin and Luo Minghao's son, Luo Wensu, was taken aback at first, but then he narrowed his eyes dangerously and stared at her!

"Who are you?"

Luo Wensu looked at her deeply.

This unbelievably beautiful face made him feel an inexplicable sense of danger!

“What’s wrong? Was the service of the count of Starlight only so-so? To let the guest be harassed in the corridor?”

Lin Hanxing’s voice suddenly became lazy.

That attitude clearly illustrated one thing.

She couldn’t be bothered with these two people.

The head waiter suddenly came back to his senses and looked at Lin Hanxing with a little more fear in his eyes.

“Two young ladies, please follow me.”

“Stop! You haven’t even made it clear who allowed you to leave?”

Second young master he was completely infuriated by Lin Hanxing’s words that he was inferior to first young master he. He reached out his hand and tried to grab her shoulder!

However, the next second ...

## **Chapter 57: Wait and see**

No one saw what Lin Hanxing did, but he zhehan knelt on one knee on the ground!

The veins on his forehead were bulging and his face was flushed red. He was clearly enduring the pain.

“You should be glad that your hand didn’t fall on my shoulder!”

In an instant, Lin Hanxing’s lazy expression changed.

Fu Shuang’s eyes were filled with maliciousness. Her gaze passed over he zhehan, who was still struggling to hold on, and fixed on Luo Wensu’s face.

Although he was speaking to he zhehan, Luo Wensu fully accepted the chill!

Everyone was silent.

Rong Shiyu only felt his heart in his throat.

His palms were covered in cold sweat.

The head waiter was hesitating whether to call the security Department over.

“Please take us to the private room.”

Lin Hanxing said coldly as the frost in his eyes disappeared.

It was as if she wasn’t the one who could kill with her eyes.

.....

“Um ... Okay ...”

The head waiter was at a loss for words for a while before he hurriedly answered.

According to the internal system, Black Gold members had the highest level of authority.

“Just you wait!”

After the intense pain, he zhehan could finally speak.

Lin Hanxing could not help but sneer when he heard this. His eyes were filled with disdain.

“Let’s wait and see!”

.....

In the count of Starlight’s vip room on the top floor.

On the multi-picture television wall, the various scenes inside the nightclub were displayed in all directions.

Lei Xiao’s deep gaze fell on the screen, and his thin, cold lips curled up slightly.

The Earl of Starlight gave out a total of five Black Gold membership cards, and each of them was clear where they went.

He did not expect that one of the cards would end up in Lin Hanxing’s hands.

He fiddled with the black velvet box beside his hand. He had Liang yuran rush to make it overnight.

“Pass down my orders.”

Lei Xiao pressed the call from the higher-ups, his voice full of oppression.

“This miss with the black gold membership card, from now on, see her as if you’re seeing me. Do you understand?”

After today, Lin Hanxing would enjoy the highest level of authority outside of the membership system for the count of Starlight!

The significance of this was beyond the imagination of ordinary people!

“Hanxing, I’ve said it before ...”

No matter what you want to do, I will accompany you!

Even if ...

You don’t know I’m here!

.....

In the private room.

The leader wanted to say something but stopped.

The second young master of the he family was a regular here, and she knew his personality better than anyone else.

The two girls were still here, so he didn't dare to move. But once he left the door ...

Everything was hard to say!

"I'm here to find someone."

Lin Hanxing's expression was calm, and there was not much fluctuation in the words he said.

It was as if everything he had just experienced was an illusion.

"Aren't all those who come here looking for someone?"

The head waiter smiled meaningfully.

I'm looking for your subordinate. Her real name is Bai Xi, and she hasn't appeared in the arena yet.

The head waiter's expression suddenly became vigilant.

"Don't worry, I'm not here to cause trouble. Please tell her that if she's willing, she can come and see me!" He said.

"What did he say?"

She always felt that the little girl in front of her who looked much younger than her gave off an indescribable pressure.

However, it didn't make people feel like a fox exploiting a Tiger's might.

The supervisor didn't even know the other party's identity, but he unconsciously wanted to do things for her.

"We have a common enemy."

As soon as Lin Hanxing finished speaking, the head waiter's headset had already made a sound.

It was unknown what she had heard, but her expression changed drastically, and she looked at Lin Hanxing with a serious and respectful gaze ...

## **Chapter 58: White stream**

When the head waiter left, his attitude was obviously much more respectful than before.

It wasn't like a Foreman to a customer, but like a subordinate to the master.

"Are you scared?"

Lin Hanxing retracted his cold aura, leaned lazily on the sofa, and looked at Rong Shiyu.

Rong Shiyu nodded subconsciously, then shook his head in embarrassment.

Lin Hanxing smiled slightly, obviously amused by her.

“Ninth young lady wanted me to come because ...”

In fact, until now, Rong Shiyu still did not quite understand why Lin Hanxing had called her here.

As soon as he finished speaking, the door of the private room was pushed open from the outside.

The black silk shirt was deliberately worn to show off her shoulders, and she matched it with extremely short hot pants, revealing her straight and white legs.

A gorgeous woman with smokey makeup appeared in his sight.

“Woman, I’m going to charge you double.”

The smile in her Phoenix eyes was soul-stirring.

.....

However, as soon as she got close to Lin Hanxing, her eyes revealed a fierce look, and her fair fingers were about to attack her throat.

Rong Shiyu stood up in shock!

However, Lin Hanxing’s body flickered slightly and easily resolved the danger!

By the time Bai Xi wanted to counterattack, the other party had already grabbed the artery of his neck. A slight movement would cause a heart-piercing pain!

“Who are you?”

Without her charm, Bai Xi was as fierce as a little beast.

“Didn’t you go through so much trouble to enter the Starlight count just to take revenge on those people? now ...”

Lin Hanxing’s voice was cold, but it made Bai Xi’s heart jump.

“I can give you a shortcut.”

As soon as he finished speaking, the surroundings fell silent.

“How do I know that you’re not giving me a dead end?”

Bai Xi returned to the seductive look she had when she first entered the room.

She was very tactful and knew that she couldn’t gain any advantage from this person in terms of skills.

After that, Bai Xi sat down and leaned against the coffee table.

He took out a cigarette, lit it up, and took two deep puffs.

“You have no other choice!”

Hearing this, Bai Xi looked at her.

She could hear the threat in her words, and she also knew that she couldn't win against her.

Bai Xi had always been a good judge of character.

The woman in front of him was so beautiful that even people of the same sex would be jealous of her ...

There was a kind of sinister feeling that made people feel cold to the bone!

She regretted her rash actions just now.

"What do you want me to do?"

Bai Xi took two more puffs of his cigarette to dispel the chill in his heart after meeting her eyes. He finally dared to speak.

Lin Hanxing smiled.

He pushed a photo in front of her.

Bai Xi had lowered his head inadvertently, but when he saw the content of the photo, his expression changed slightly ...

.....

Half an hour later.

Lin Hanxing came out of the private room alone.

Ten minutes ago, she had already asked Bai Xi to send Rong Shiyu off through the back door.

With the impatient and reckless personality of the second young master of the he family, he would definitely take revenge after suffering such a big loss.

She did not move because she was still within the Count's territory.

Everyone in Jiang city knew about it.

If anyone dared to cause trouble here, only death would await them.

The count of Starlight was one of the most influential people in Jiang city.

Lin Hanxing walked out with a calm expression.

The corridor was empty, without a single person in sight.

Suddenly, the crystal Light above his head, which was as bright as day, suddenly went out.

His surroundings fell into darkness!

A power outage?

However, almost at the same time, Lin Hanxing's hair stood on end on reflex!

A gust of wind was approaching him at an extreme speed!

In the next second, Lin Hanxing's attack was easily broken down by his opponent.

With a thump, his back was pressed against the wall!

“Ha ...”

The man’s chuckling exploded in her ears. Lin Hanxing was slightly stunned, and her beautiful eyes suddenly widened in the dark ...

## **Chapter 59 punishment**

The deep wood fragrance entered his nose, stirring his heart!

This was the unique smell that belonged to that man!

Lin Hanxing knew this better than anyone else.

Furthermore, that voice ...

It was rare for her mind to go blank, and she allowed the man in the dark to imprison her!

“What, you’re not resisting anymore?”

Thunder valiant beast deliberately lowered his voice. He did not see any danger, but only seduction.

Lin Hanxing did not speak and held his breath.

In the dark, the man’s warm and strong hand slowly slid down her arm.

It reached Lin Hanxing’s palm and their fingers were tightly clenched!

He pressed her against the wall with a lot of force, so much so that she couldn’t resist!

The next second, his thin lips pressed against hers!

“You said you missed me, huh?”

.....

The last word “hmm” was raised by Thunder valiant, and his voice had a hint of hoarseness that could not be concealed.

Lin Hanxing held his breath and shook his head stubbornly.

She seemed to have yet to recover from the shock of his sudden appearance, but her mind was filled with the scene of the two of them parting.

The smell of the wild jasmine and the green glow mixed together and made Lin Hanxing’s body heat up.

Moreover, in the dark, his senses were a hundred times more sensitive than usual!

Thunder valiant beast chuckled.

“Even if you don’t miss me, I’ve always missed you ...” He said.

His low and hoarse voice was filled with temptation that made women’s hearts palpitate.

“Thunder valiant beast, let me go!”

Lin Hanxing’s voice trembled so much that he didn’t even notice it.

“I won’t.”

In a daze, Lin Hanxing felt Lei Xiao’s hand slide to her wrist.

The next second, an ice-cold item was put on with a click!

“What the hell is that?”

It was as if he had succeeded in pulling a prank on a child.

If Yan beiming was here, he would definitely make a fuss about something that did not seem like something Lei Xiao would do.

“It’s something that no one can take off except me.”

Due to the power outage, he could hear the complaints of customers and the sound of messy footsteps in the distance.

Compared to the noise on the other side, this side was unbelievably quiet.

“Hanxing, this is your punishment ...”

Lei Xiao’s thin lips returned to her ears, speaking in a low and hoarse voice, with ambiguous ripples.

The fragrance of the wild jasmine was almost non-existent.

“We’ll meet again next time!”

Lin Hanxing felt as if he had whispered something into her ear, and before she could say anything ...

The tall figure that was originally pressed against her suddenly left!

She subconsciously reached out to grab it.

The lights suddenly turned bright!

.....

Lin Hanxing leaned against the wall, her breathing a little messy.

If it wasn’t for the numbing sensation on her lips that was too hard to ignore, she would have thought that everything just now was a dream.

Lin Hanxing glanced at his wrist as if he had thought of something.

What did Lei Xiao put on her just now?

## **Chapter 60:**

A diamond bracelet came into her sight.

The thin chain was embedded with diamond carved wild jasmine petals, each of which was so exquisite that they were lifelike.

The diamond bracelet reflected a gorgeous luster under the soft light of the crystal lamp.

It's something that no one can take off except me.

Lin Hanxing tried to remove the bracelet but the answer was obvious.

The air seemed to be filled with the faint scent of wild jasmine ...

When did the Thunder valiant beast find him?

Lin Hanxing leaned against the wall and did not move for a while.

He reached out and touched his ear. A wild jasmine flower lay quietly in his palm.

— 'I'll see you next time!

Lin Hanxing's long and thick eyelashes trembled slightly, and the corners of his lips curled up into an almost inaudible smile.

When would the next time be?

.....

.....

After Lin Hanxing left the count of Starlight, she noticed that a car was following her.

She glanced at the rearview mirror expressionlessly, and with a sarcastic smile on her lips, she turned the steering wheel and drove toward the mountain road.

There were fewer and fewer cars on the road.

This mountain road led to the ten thousand Buddha Temple at the top of the mountain.

It was also one of the famous scenic spots in Jiang city. However, the ten thousand Buddha Temple was only open during the day, so there was almost no one on the mountain road at night.

Perhaps he thought that she was afraid, so the high beam lights of the car behind him were up.

He was deliberately provoking Lin Hanxing!

Luo Wensu, who was sitting in the front passenger seat, frowned. He clearly didn't agree with he zhehan's behavior.

Luo Wensu's intuition told him that he zhehan couldn't win against that woman!

Just as he was thinking about it, he heard a sharp sound of the steering wheel. The White Maserati Ghibli in front of him had actually turned around on the only spacious area on the mountain road!

"F \* ck!" He zhehan slammed on the brakes!

He was so scared that his back broke out in a cold sweat, and he even sobered up from the alcohol he had drunk that night!

The mountain road was built around the mountain, and its geographical location was really steep. There was no other obstacle except for the protective fence next to it.

If they were to accidentally charge out, there would only be one result ...

The car was destroyed and people died!

“Is this woman crazy? Playing with your life?”

He had followed her all the way here with the intention of scaring her and bringing her to the hotel for a night of fun after she had given in.

But who would have thought that this woman would actually play such a trick?

“Wensu, what do you think this slut is trying to do?”

He zhehan gripped the steering wheel tightly. Cold sweat broke out on his forehead and his heart was pounding.

“Reverse gear!” Luo Wensu seemed to have thought of something and suddenly spoke.

“Ah?” He zhehan was confused. He obviously didn’t understand what she meant!

But the next second, a bright high beam shone through the front windshield and he zhehan subconsciously closed his eyes.

The sound of the engine revving could be heard from the Maserati in front of him!

Compared to the panic on he zhehan’s side, Lin Hanxing’s side was relaxed.

The diamond bracelet on her wrist shook slightly, but it was not as beautiful as the teasing smile on her lips that slowly spread.

The sound of stepping on the accelerator was getting louder and louder.

The two cars were now facing each other!

“Second young master he, I wish you a good time!”

Lin Hanxing said softly, but the Maserati rushed towards the front of the other car as if it was flying!

With a bang, he zhehan, who hadn’t had time to put on the reverse gear, felt the car shake violently and his eyes widened in horror!

He subconsciously looked at his good friend beside him, only to see that his face was also ashen!

“F \* ck! F \* ck! F \* ck!” After three consecutive vulgarities, he zhehan’s hands trembled in fear as he tried to switch gears!

Lin Hanxing suddenly turned off the high beam lights.

With the distance between the two cars, they could clearly see the situation in each other’s car!

However, Lin Hanxing smiled and slowly ...
