

Goodnight 551

Chapter 551: Do you want to help me remove my makeup

“Mother Lei chose it?”

Lin Hanxing casually picked up a gray knitted dress and compared it to his body.

Thunder owl looked at her, but didn't say anything.

The clothes were the ones that he had picked out from each family's art album last night and had someone send them to the Lei family. However, he would not say this in front of Lin Hanxing.

Seeing his expression, Lin Hanxing immediately understood.

She casually picked out a set of home clothes, and without even avoiding the Thunder valiant beast, she directly took off her black trench coat, revealing the one-piece Hepburn dress that clung tightly to her exquisite figure.

“Do you want to see?” Lin Hanxing turned around and looked at him with raised eyebrows.

There were dark waves in Lei Xiao's eyes. His slender fingers ran across a piece of clothing and he handed it to Lin Hanxing.

“Wear this.”

With that, she turned around and left the cloakroom.

The moment the door was closed, Lei Xiao leaned against the door, his chest heaving up and down.

That set of clothes was his favorite when he was looking at the albums from various brands last night. After the clothes were delivered, he couldn't wait to let Lin Hanxing wear it, as if ...

His thin lips were tightly pursed as he smiled.

He was like a new father who was raising his daughter for the first time.

He couldn't wait to buy her everything that looked good in the world.

Soon, Lin Hanxing walked out.

Her white silk shirt had Bell-sleeved sleeves and a thin black bow tie was loosely tied under the collar. Lin Hanxing casually matched it with a black knitted hip-hugging skirt that reached her ankles, making her look slender and lovely.

It's really nice.

She looked as good as he had imagined.

Lin Hanxing saw Lei min standing there in a daze for a long time. He shot him an angry look and walked towards the dressing table.

Thunder valiant beast also followed.

Lin Hanxing unwrapped a packet of makeup removal wet wipes and handed it to Lei Xiao when he saw him staring at him.

“Do you want to help me remove my makeup?”

It was originally a joke, but Lei Xiao actually reached out and took two tickets.

Seeing that he had really taken it, Lin Hanxing looked up at him, closed his eyes, and waited.

Lei Xiao looked down at his cold star.

Her small face was as smooth as a cooked egg white, so delicate that not even the slightest pore could be seen. Her lips, which were deliberately drawn to be like flames, were full of charming attraction.

His heart skipped a beat, but he managed to control it.

Unconsciously, he leaned down and moved closer to her red lips.

Lin Hanxing’s feather-like black eyelashes trembled slightly. Even though her eyes were closed, she could clearly feel Lei Xiao’s breathing.

“I’m still wearing my mouth ...”

Sensing Lei Xiao’s intention, Lin Hanxing wanted to speak, but he was stopped by him.

The delicate lipstick had a charming fragrance, slowly flowing between the two’s breaths, and Lei Xiao’s big palm did not forget to hold the back of her head.

He had completely devoured the color of her lips.

Lin Hanxing’s eyes were filled with intoxication and his mind went blank from Lei Xiao’s kiss.

Very quickly, he felt a cold sensation on his face.

Lei Xiao carefully wiped Lin Hanxing’s face with a makeup removal wet towel. Her makeup was light other than the color of her lips, so there was nothing much she could do with it. However, Lin Hanxing’s eyes would occasionally make contact with the remaining color on Lei Xiao’s thin lips.

He pursed his lips and smiled. Lin Hanxing couldn’t help but reach out to help him wipe it with his fingertips.

“The curtains, lights, and sofa have all been changed?”

His grip was a little too strong, and Lin Hanxing felt a slight pain in his face.

However, she did not say anything. After all, to be able to invite young master Lei to help a woman remove her makeup was already a Supreme honor for many people!

“Yes.” She knew, and this discovery made Lei Xiao’s mood very good.

“Do you like it?”

Lei Xiao looked at her, his eyes filled with gentleness.

“I like it.” Lin Hanxing’s long eyelashes fluttered, and his eyes curved when he smiled.

?

Chapter 552: This is home

When he heard her say that she liked him, Lei Xiao's hands stopped moving, and his heart throbbed uncontrollably.

"What else do you want to add?"

His voice sounded a little tense with joy. He was just asking casually and did not expect Lin Hanxing to answer.

However, she tilted her head and really thought about it seriously.

plant it. Grow two pots and put them by the window.

In Lin Hanxing's dream home, green plants were a must.

Lei Xiao listened attentively and kept this request in mind. He decided to go to the garden to pick some flowers and bring them up.

Lin Hanxing got up and went to the bathroom to wash his face.

Mother Lei walked in with a bowl of red dates, white fungus, and lotus seed soup.

It seemed to be a little hot, and she pinched her earlobe after putting it down.

"Where's my daughter-in-law?"

Madam Lei glanced at her eldest son, who was smiling with his mouth closed, and rolled her eyes.

Lei Xiao pointed to the bathroom and sent a few WeChat messages to Yan beixiao, who was still downstairs.

Very quickly, Yan Beichen ran up to her with a few pots of green plants in his arms.

As soon as he entered the house, he immediately stopped.

"What the f * ck, what happened?"

From what he could remember, whether it was the Lei family's bedroom or his own apartment, they were all decorated according to his preference to look like Leng Danfeng. As such, when Yan beixiao stepped in, his subconscious reaction was that he had entered the wrong room!

Mama Lei took the jasmine flower bud from Yan beiming's hands and placed it on the window sill.

He was even mumbling 'this is love'. ..

At that moment, Lin Hanxing, who was in the bathroom, looked at the toothbrush and towel placed opposite him.

It was a combination of pink and blue.

Yan beixiao's mother's voice could still be heard from outside the house, and it made her eyes tear up.

In Lin Hanxing's heart, this was home.

She turned on the tap and let the sound of water drown out the faint smile on her lips.

When Lin Hanxing came out of the bathroom, the first thing he smelled was the fragrance of flowers.

Lei Xiao stood in front of the window, his rough fingers fiddling with the gardenias.

As soon as Mama Lei saw her, she was all smiles.

"Daughter-in-law, I asked the kitchen to make you red dates, white fungus, and lotus seed soup. Come and drink it!"

Mother Lei held Lin Hanxing's Cool Hand and sat her down on the sofa.

Looking at her freshly washed face, mother Lei cupped her cheeks in her hands, feeling extremely envious.

"Ah, right!"

As if she had thought of something, she stood up and walked to the pink fridge beside the dressing table.

daughter-in-law, I don't know what you like to use, so I bought you some of everything.

He opened the small refrigerator and saw that it was filled with face masks.

They were neatly placed inside.

Seeing this situation, Yan beiming clicked his tongue and sighed.

He really couldn't understand why a woman would be willing to spend so much time and money on these things.

Lin Hanxing coughed twice.

This amount was more than enough for her to use for a year.

Madam Lei really treated her as her own daughter.

"Shall we go to the farm together later?"

Mother Lei squeezed back to Lin Hanxing's side, her eyes filled with pity.

She refused to mention what had happened at the Lin family's house today, nor did she mention the things that had been spreading all over the internet.

Not to mention that father Lei had already ordered his men to drive away a few waves of reporters squatting at the door.

Here, she hoped that Hanxing could be happy.

"A farm?" Lin Hanxing's eyes lit up.

The fresh fruits that the Lei family ate were sent directly from the suburban farm every day. Many years ago, mother Lei had rented a piece of land there and asked someone to help take care of it.

“Pick some vegetables and we’ll have hot pot tonight!”

?

Chapter 553: Shout out if you’re in trouble

It was only when she saw Lin Hanxing finish the entire bowl of red dates, white fungus, and lotus seeds that she happily carried the empty bowl downstairs.

On the other hand, Yan beixiao hugged a pillow and rolled on the new sofa, unwilling to leave.

“I’ll go to the study.”

Lin Hanxing raised his fair face and looked at Lei Xiao, then stood up and left.

The Thunder valiant beast’s gaze followed her until she disappeared completely.

tsk, second young master he is such an idiot.

Yan beixiao was holding his phone, his eyes fixed on a certain marketing account. It was also this person who had first started spreading false rumors about little Hanxing’s appearance being uglier than no salt’s, her Fat Brain, her weird appearance, and her hateful face.

This marketing account was set up by the he Corporation for their own entertainment company, and it was public news in the circle.

Inadvertently, she glanced at Lei Xiao, only to see his eagle-like sharp and deep eyes, as if they were soaked in a cold pool, so cold that one look at them would make one shiver.

I heard that several people in charge of the Jiangcheng Bay Bridge project have been involved in accidents of various sizes.

Yan beiming had a frivolous expression on his face, but he was sneering in his heart.

This he zhehan’s ego was really inflated!

Thunder valiant didn’t say anything, but the air was filled with obvious danger.

“Release the news of Yuan Xiaolei’s pregnancy.”

After a long time, Lei Xiao spoke.

“Alright!” Yan beixiao immediately laughed.

Young master he had been in a coma for three years. Where did the gentle, kind, and virtuous young mistress he come from ...

Hehe, this is intriguing!

“Fuck!”

Suddenly, Yan beixiao looked at his phone and could not help but curse.

Thunder valiant beast glanced at him.

“That Liang guy is back!”

Speaking of which, Yan beiming and this young master Liang had not been on good terms since they were young.

It was simply to the point where there was no him, no me, no him.

In the circle of the rich and powerful in Jiang city, this young master Liang was definitely a headache. He caused trouble everywhere. Back then, he killed someone in a car race late at night. The Liang family found someone to cover for him and spent a huge sum of money to temporarily calm the matter down. This young master Liang had gone abroad to hide until now.

Thinking about it, this Liang family and the he family were also close.

When young master Liang went abroad to hide, the he family also helped him.

“If there’s trouble, just shout.”

It was rare for Lei Xiao to speak to Yan beiming so patiently.

this young master Liang has a screw loose in his head. I wonder if he has learned to be smarter in the past few years abroad.

Yan beixiao said as he pointed to his head.

“Hehe, I hope he doesn’t play himself to death!”

At this moment, Yan beiming did not know that his words would come true soon!

However, this was a story for the future.

.....

Knock, knock, knock. Lin Hanxing knocked on the door of the study.

As soon as she entered, she saw father Lei holding a box of finger biscuits and chewing it weakly.

When he saw Lin Hanxing, his eyes lit up and he quickly waved for her to come over.

As soon as Lin Hanxing sat down, he pushed the box of finger biscuits in front of her and looked at her eagerly.

“Daughter-in-law, eat.”

Lin Hanxing first looked at the finger biscuits, then at father Lei.

“Yinyin doesn’t allow me to smoke.”

These words were as aggrieved as one could get.

No one would have thought that the all-powerful head of the Lei family back then would actually be a standard wife-to-be.

Seeing that Lin Hanxing did not touch the biscuit, Lei kangnian secretly pushed it towards her.

It could be seen how much they despised this thing.

Lin Hanxing finally couldn't help but laugh.

She took out all the red packets that mother Lei had given her and pushed them in front of father Lei.

He placed his index finger on his lips and shushed her.

Father Lei's eyes suddenly lit up. He looked at the money he had lost and then at his daughter-in-law!

Hot tears instantly filled her eyes!

?

Chapter 554: The sports car that caused trouble

Originally, they had agreed to go to the farm together, but in the end, only Lin Hanxing, Lei Xiao, and Yan beiming were going.

For the sake of the children's gathering tomorrow, the school had decided to end school early.

Even if the children of the other prestigious families in Jiang city were picked up by bodyguards or nannies, when they came to the Lei family, the Lei family had to be there to accompany them. This was a hard rule of the Lei family that no one could change.

Worried that there would be reporters waiting, Yan Beichen drove his car out.

"Hehehehe, little baby, we're here!"

On the way to the farm, Yan beiming was obviously very excited, and even his expression was hard to describe.

If it wasn't for the fact that he was already in his car, Lin Hanxing would have pretended not to know him.

Just as they left the city, Lei Xiao spoke.

"There's a car following us."

The cold voice did not have any fluctuations, but it was enough to make people tremble.

Yan Beichen's expression immediately turned serious. He looked back through the rearview mirror to confirm his direction.

Soon, a limited edition Pagani appeared in his field of vision.

"They're not reporters,"

Obviously, it was impossible for a reporter to drive such a flashy sports car around.

“Yes.” There was no expression on Lei Xiao’s noble face, and his cold aura was fully released.

The Pagani behind quickly sped up and overtook the car, coming to the side of the car Yan beiming was driving.

Just as Yan beiming was still trying to figure out the other party’s intentions, he saw the Pagani start to show off its skills in an S-shape next to his car.

“Are you an idiot?”

Showing off his skills in such a place was undoubtedly courting death!

Not to mention that a slight carelessness would cause an accident, this Pagani was clearly deliberately looking for trouble to stop him from driving!

Just as Yan beiming was thinking about this, he heard a loud bang!

The car suffered a violent collision and shook heavily!

In that split second, Lin Hanxing felt as if he was being pulled into Lei Xiao’s arms to protect himself. Even the back of his head, which was easily damaged, was protected by his palm.

The Thunder valiant beast’s eyes suddenly narrowed dangerously.

He hugged Lin Hanxing even tighter.

As if he hadn’t had enough fun, Pagani rushed over again!

Yan beiming’s usually frivolous face was now shrouded in a dangerous coldness.

The Pagani was obviously very proud. It slowly rolled down the window, revealing the face of the man sitting in the driver’s seat.

“Yan, I haven’t seen you in years, and you’re still driving your broken Ferrari?”

As the car owner spoke, the great Lunarian beauty in the front passenger seat leaned over and teasingly kissed him.

Yan beiming’s eyes were dark as he looked at young master Liang.

It was like a ghost that refused to leave.

Young master Liang gave Yan beiming the middle finger as he kissed him, looking extremely disdainful. He obviously did not know that there was someone else in the back seat.

Yan Beichen was about to say something when his eyes inadvertently swept across Lei Xiao in the back seat through the rearview mirror.

His heart skipped a beat.

The look in his eyes changed!

That familiar savagery and bloodthirstiness gradually gathered, and even his pupils were dyed black.

Lin Hanxing, who was in Lei Xiao's arms, was naturally the first to feel the change in him. His entire aura had changed.

It was strong, but there was also a sense of evilness!

"Stop the car."

Suddenly, the Thunder valiant beast opened its mouth.

The voice was unusually calm, but it was precisely because of this calmness that Lin Hanxing could sense something strange.

"Ah Xiao, calm down!"

Yan beiming wanted to say something, but when his eyes met Lei Xiao's in the rearview mirror, he quickly lost his cool.

He really couldn't Hold the Thunder valiant beast like this!

He slowly parked the car by the side of the road.

Lei Xiao gently placed Lin Hanxing on the leather seat, then carefully and patiently fastened the safety belt on the back seat.

"Be good, it'll be done soon."

?

Chapter 555: A different Thunder valiant beast

As he spoke, Lei Xiao gently kissed the corner of Lin Hanxing's lips.

A wild and masculine aura instantly surrounded her. Lin Hanxing frowned slightly, and she couldn't describe the feeling.

Lei Xiao hooked his tie with his long fingers, pulled it off, and threw it aside.

He exchanged places with Yan beiming and sat in the driver's seat!

He glanced at Yan beiming, signaling him to get in the car!

Yan beiming's legs trembled, and he sat beside Lin Hanxing almost reflexively!

The moment he closed the door, Lei Xiao stepped on the accelerator and the Ferrari shot out like an arrow from a bow!

Before Yan Beichen could even sit properly, half of his face was pressed against the car window and deformed!

"It's over, it's over, ah Xiao is going crazy!"

After putting on his seat belt with much difficulty, Yan beiming's legs could not help but tremble.

Lin Hanxing did not say anything for a moment. He only looked at Lei Xiao's eyes through the rearview mirror, which were filled with malice and cruelty.

It was not enough to fasten the seat belt. Yan beiming's hands gripped the car roof handle tightly.

In just a few seconds, the speed of the Ferrari soared to 350 kilometers per hour, and the whole Ferrari was as fast as lightning on the suburban trail.

"His movements are very skilled."

Lin Hanxing suddenly recalled the wild race on the ramp of Red Bay that night. Lei Xiao, who was sitting in the front passenger seat, calmly reminded her of the things she needed to pay attention to ... Some of the things that she had overlooked before seemed to be connected in this instant.

"Hehe, how can I not be skilled?"

Yan beiming could not help but laugh, his expression clearly nervous.

"These roads were left behind by ah Xiao when he was playing!"

Yan beiming felt a headache coming on. Back then, Lei Xiao was famous in the wild competition world for not caring about his life. The red Bay ramp was a dangerous area, but in the end, he could even close his eyes and get there at the fastest speed with the sound of the wind!

No one would dare to play like him!

If it wasn't for Lei Xiao taking over the Lei group and withdrawing from the industry, these outstanding players in the wild competition would probably not even be able to make it!

"What are you afraid of?"

Lin Hanxing turned his head to look at Yan beiming, the nervousness and fear in his expression obvious.

Looking at the scenery outside the window that was rapidly moving away, Yan beiming's heart was about to jump into his throat.

"Ah Xiao is a little sensitive to malicious actions ..."

"Yan beiming ..."

Without turning his head, Lei min's cold and gloomy voice rang out.

Yan beiming immediately pursed his lips, not willing to say another word!

Soon, the Pagani that had disappeared from his field of vision because of the parking reappeared in his sight. Lei Xiao stepped on the gas pedal directly, and with a loud bang, Lei Xiao slammed the front of the car into the back of the Pagani's car!

At this time, young master Liang was kissing a beautiful woman in the Pagani, and his mouth was bleeding because he was caught off guard!

"I'll ** you **!"

Young master Liang looked at the black Ferrari behind through the rearview mirror and spat out blood.

Just as he was about to reverse the car, the car behind him crashed into him again!

The beautiful woman in the front passenger seat could not help but cover her ears and scream!

“Shut up!”

Young master Liang swung his hand and slapped!

The noise made him feel annoyed and flustered, and even his hands on the steering wheel were trembling!

“In front ... In front ... In front ...”

The beautiful woman in the front passenger seat covered the side of her face and pointed forward. Young master Liang looked over impatiently, but he saw a thick Banyan Tree approaching him. With his speed, there was no way he could avoid it!

With a loud bang, young master Liang crashed into the car with his car!

Thick smoke billowed out from the front of the car.

The Ferrari that was following closely behind also stopped.

The driver’s door opened, and the expressionless Lei Xiao got out of the car and walked towards Pagani!

?

Chapter 556: Shattering it with a punch

At this moment, Lei Xiao was only wearing a black shirt and a gray suit Vest, and his suit pants wrapped around his strong long legs.

His entire body was exuding the aura of a fatal ruler!

Young master Liang, whose forehead was bleeding due to the collision, fell in the driver’s seat. The red blood dripped into his eyes, and his whole body was in so much pain that he wanted to cry. He vaguely saw someone approaching.

Lei Xiao was indeed approaching, his thin lips still holding a cold smile.

Behind him, Lin Hanxing had just unbuckled his seat belt and gotten out of the car.

Lei Xiao’s back was straight and carried a cruel aura of death. In the blink of an eye, he came to the door of the Pagani driver’s seat.

Through the glass with the film, they could only see young master Liang’s blurry figure.

ah Xiao ... Yan beiming had just opened his mouth when Lei Xiao made his move!

With a bang, he broke the Pagani car window with a punch!

The glass flew and even scratched Lei Xiao’s cold face!

The expressionless Lei Xiao reached his hand in and unlocked the car door.

He didn't say a word during the whole process, but his cruel and vicious appearance was enough to make people shiver in fear!

Yan beiming looked at Lin Hanxing worriedly.

He was afraid that little Hanxing would be resistant to ah Xiao's sudden exposure.

However, he realized that he couldn't read the little cold star's expression.

Her delicate little face was too calm, so calm that it was as if the bloody scene in front of her didn't exist.

On the other side, Lei Xiao had already dragged young master Liang out of the driver's seat like he was dragging a dead dog.

He looked down from above.

His thin lips curved into a faint smile, and the blood from the cut on his cheek had dried up.

Young master Liang's entire body was in intense pain.

"Do you ... Know ... Who I am?"

Fei Li opened his eyes, but they were covered in blood and he could not see clearly.

"Ha."

The only response he got was a cold sneer.

"Wait ... For me ... Alright Ah"

Before young master Liang could finish his words, Lei Xiao's foot had already crushed his shoulder blade. The severe pain made him scream in shock, but he still couldn't resist Lei Xiao's slow foot.

"You'll never get better!"

The Thunder valiant beast finally opened its mouth. However, its voice was filled with cruelty!

If the Thunder valiant beast was like a decent businessman on a normal day, then the Thunder valiant beast right now was like the Emperor of the night, wantonly releasing his dark side.

Seeing this situation, Yan beiming quickly called Liang yuran!

However, he did not notice that Lin Hanxing, who was standing beside him, was already walking in the direction of Lei Xiao.

Before Lin Hanxing could get close, she could already smell the strong smell of blood.

The man under Lei Xiao's foot was struggling, half dead. He no longer had the arrogance he had when he opened the window to provoke Yan beiming!

"Ah Xiao ..."

Lin Hanxing called him softly.

Thunder valiant beast's body trembled, and he subconsciously wanted to turn his face away.

Lin Hanxing did not tell him to do so. He did not even look at the thing on the ground and walked in front of him.

Thunder valiant beast pursed his thin lips.

Being stared at by Han Xing's clear eyes, it was as if all the darkness in his heart was exposed to the sun.

Anger and malice intertwined in the Thunder valiant beast's heart, as if it had accumulated the power to destroy everything.

"Save ... Save ..."

Young master Liang's hands trembled as he held onto Lin Hanxing's shoes. His body's instinctive reaction made him place all his hopes on her.

Seeing the blood on his hands staining Lin Hanxing's shoes, the temperature in Lei Qian's eyes dropped by a few degrees!

"Save you?"

Lin Hanxing smiled faintly.

As soon as she finished speaking, Yan beixiao, who was on the phone with Liang yuran, suddenly widened his eyes!

?

Chapter 557: Are you worthy?

"Are you worthy?"

Lin Hanxing's eyes were filled with brutal anger as he spoke in an extremely cold voice!

Just as Lei Xiao was still stepping on the man's shoulder blades, she aimed a kick at young master Liang's kneecaps with precise force. With two crisp clacking sounds, Yan beixiao was so shocked that he almost dropped his phone!

Lin Hanxing was extremely glad that mother Lei was not in the car today.

If anything were to happen to mother Lei, she would not let this man off so easily!

F * ck, Liang yuran, bring your men here. Ah Xiao and Han Xing crippled Liang this time!

Yan beixiao didn't know what Liang yuran said on the other end of the phone, but he sighed.

"To the point that I guess that Liang can't move anywhere else except for his third leg!"

The faint tone made Liang yuran silent for a long time.

He immediately hung up the phone after saying that!

After Lin Hanxing crippled the other party's knees, he did not even look at the man who had fainted from the pain. He only reached out to hold Lei Xiao's hand, which was cut by the glass shards on the car window. It was soft and warm.

"This kind of trash is not worth it for you to harm yourself!"

She raised her head and looked into Lei Xiao's deep eyes.

It was obvious that his eyes were deeper than usual, as if they were going to swallow everything.

Thunder owl didn't say anything, his thin lips tightly pursed.

He only lowered his head and looked at Lin Hanxing.

There was not a trace of fear or cowardice on her porcelain-white face. Her long, black, feather-like eyelashes fluttered slightly. When she saw him looking at her, she smiled slightly, but it had a demonic power that instantly melted the chill in the depths of Lei Xiao's heart.

He was particularly sensitive to malicious actions, the reason being ...

"I'll call someone to deal with it, and also get someone to send medicine."

Lin Hanxing had just taken out his phone and dialed Bai Xi's number when Lei Xiao suddenly half-squatted in front of her.

The moment the call connected, she was speechless for a long time.

She saw that Lei Xiao was silently taking out a black handkerchief, reaching out to carefully wipe off the blood that was left on the tip of her shoes after the man had held it. His proud and three-dimensional facial features were tightly tensed.

"Hello? Hello? Ninth young lady?"

On the other end of the phone, Bai Xi was confused.

"Something happened here. Buy some disinfectant and hemostatic medicine and send some people over."

Lin Hanxing hung up the phone and sent her his location.

Lei Xiao's palm was still covered in dried blood, and so was his face, but such a man's focused gaze only stopped on the blood on the tip of her shoes that was not easy to wipe off.

Her heart was filled with sourness.

"I don't want this pair of shoes anymore. Don't wipe them."

Lin Hanxing grabbed Lei Xiao's hand and tried to pull him up.

Thunder valiant lifted his head to look at her.

His gaze then fell on the small white hand that was stained with his blood.

He had dirtied her.

Such a discovery caused the darkness in Thunder valiant beast's heart to be gradually replaced by fear.

Would he, who had dirtied her, be abandoned by Hanxing like these shoes?

Lin Hanxing reached out and fiddled with the hair on his forehead, carefully and seriously picking out the glass shards that had been splashed on Lei Xiao's hair.

"Put away your ridiculous thoughts."

Lin Hanxing bent over and moved closer to Lei Xiao, planting a kiss on his forehead that was as soft as a feather.

"Now, what you need to do is to treat your wound!"

.....

Liang yuran and Bai Xi arrived at almost the same time.

Bai Xi quickly searched for Lin Hanxing's figure in the crowd. After making sure that she was safe and sound, he finally heaved a sigh of relief.

Carrying the hemostatic and disinfectant, he came in front of her, but the moment he saw Lei Xiao, he was stunned.

?

Chapter 558: Unbelievably obedient

Lei Xiao sat in the passenger seat of Yan beiming's car, quietly allowing Lin Hanxing to slowly roll up his sleeve.

It revealed his bloodied and sturdy forearms.

In Bai Xi's eyes, this man was the bloody and mysterious boss behind the scenes of the count of Starlight. He was also the high and mighty President of the Lei group, feared and respected by everyone. No matter who he was, she couldn't help but feel afraid.

Bai Xi could never forget the fear she felt when she first saw the Thunder valiant beast!

However, she had never thought that this man would be so unbelievably obedient in front of miss Jiu.

As if sensing Bai Xi's gaze, Lei Xiao raised his head.

His eyes instantly turned cold!

A kind of sinister coldness spread from Lei Jing's eyes, causing Bai Xi to let the boundless fear spread through his limbs and bones.

Bai Xi shivered and quickly looked away.

She took back what she had just said. This man was simply the King of Hell!

"Give me the thing."

Lin Hanxing extended his hand towards Bai Xi. Her attention was completely focused on Lei Xiao's injuries, so she naturally did not notice what had happened between Lei Xiao and Bai Xi!

Bai Xi quickly handed the medicine to Lin Hanxing.

The Thunder valiant beast was still looking at her coldly, as if it was warning her.

"Um ... Ninth young lady, I'll go over there and take a look!"

Bai Xi felt that it was difficult for him to even speak. He stammered out these words and turned around to walk towards young master Liang.

In her opinion, the only person in the world who could control young master Lei was their ninth miss!

"You've scared her again,"

Lin Hanxing said helplessly as he unwrapped the disinfectant.

Thunder owl did not comment and did not say anything.

Lin Hanxing held his hand and poured disinfectant on a large area of the wound.

A sharp pain could be clearly felt, but Thunder valiant never showed any expression.

It was as if these injuries were not on his body.

On the other side, Yan beiming looked at the unconscious young master Liang. If not, why would he say that he would not die if he did not seek death?

"What do we do?"

Yan beiming looked at Liang yuran. Who would have thought that he would meet this person on a farm?

She had just said at the Ray family that she hoped he would not play her to death ...

Hahaha, this person was struck by lightning until he was only left with one breath!

This was F * cking fate!

Liang yuran looked at young master Liang's face and sneered.

"I'm already crippled, what else can I do?"

Bai Xi walked over from the side and glanced at young master Liang's corpse on the ground. His glass-like eyes were filled with killing intent!

Tsk, ts, little cold star's subordinate's temper was really similar to hers!

Yan beiming added in his heart.

"If it were up to me, we should just find a place with no one around and burn it down, ending everything once and for all!"

Bai Xi laughed coldly and kicked the corpse-like young master Liang with the tip of his foot.

He didn't know if it was because he felt the killing intent, but young master Liang slowly opened his eyes.

The first one he saw was Liang yuran!

"You B * tch's ... Worn-out ... Goods ..."

Yan beixiao's expression immediately turned cold. Liang yuran, on the other hand, was completely calm. He raised his leg and stomped on young master Liang's mouth.

"....."

"....."

Yan beiming and Bai Xi looked at him.

"It's too noisy,"

Liang yuran replied with a polite smile.

"....."

"....."

"Bai Xi, get someone to strip him naked and hang him in front of the Liang family's door!"

Suddenly, Lin Hanxing's cold voice rang out. It was an absolute order.

Bai Xi, Yan beiming, and Liang yuran's gazes all turned towards Lin Hanxing. She was looking down at the wound on Lei Xiao's palm, thinking of something. She slowly raised her head, her eyes filled with a hint of fierceness ...

As sharp as a blade!

?

Chapter 559: She was a protective person

Yan beixiao subconsciously swallowed his saliva.

The little cold star was obviously angry!

Other people were all angry for the sake of a beauty, but when it came to her and ah Xiao, it was completely reversed!

At this moment, Yan beiming felt incomparable sympathy for young master Liang, who had fainted again on the ground.

Although the two of them had never been on good terms before, he was really too miserable this time!

He had just returned to the country and had not yet understood the current situation in Jiangcheng, and he had provoked the King of Hell, who he absolutely could not afford to provoke. And he had provoked two of them, and these two were both Masters who were protective of their own!

It would be fine if he killed young master Liang directly, but he was tortured to the point of being half-dead and still wanted to hang his clothes on the Liang family's door. This was a slap in the face and he didn't even leave a trace of mercy ...

He really F * cking liked it!

"Received!"

Bai Xi glanced at young master Liang, who was lying on the ground. His dark eyes made Yan beiming's heart skip a beat.

Liang yuran, on the other hand, was thinking about something.

"Wait a moment." Suddenly, Lin Hanxing spoke again.

Her calm eyes fell on Liang yuran, as deep as the ocean.

It was hard to grasp.

As if sensing Lin Hanxing's gaze, Liang yuran raised his head and met his eyes.

Yan beiming and Bai Xi looked at Lin Hanxing, then at Liang yuran, not knowing what they were talking about.

The Thunder valiant beast's eyes were half-closed.

Hanxing knew.

Even if he didn't tell her anything about yuran, it was obvious that she had noticed something.

"I think it's better to leave this matter to you, Liang yuran."

Yan Beichen raised his eyebrows.

Did little Hanxing know?

On the other hand, Liang yuran smiled calmly.

There was a tacit understanding between the two of them.

Bai Xi couldn't figure it out, but she would listen to whatever Lin Hanxing said.

He would definitely not suffer if he followed miss Jiu!

Young master Liang, who was on his last breath, was dragged away by Liang yuran's men. As for Bai Xi, he called for people to start cleaning up the scene.

"Do you have any objections to my arrangement?"

After bandaging the wound on his large palm, Lin Hanxing dipped a cotton swab in disinfectant and gently wiped the scar on Lei Xiao's cheek.

"How did you guess it?"

Liang yuran was an illegitimate child not recognized by the Liang family.

“Your eyes.”

Lin Hanxing said calmly.

She had seen all kinds of people over the years.

People’s mouths could lie, but their eyes couldn’t.

As she spoke, she moved closer to the wound on his cheek and lightly exhaled.

“Does it hurt?”

Lin Hanxing looked at Lei Xiao seriously. Mother Lei would definitely be worried if she saw this.

Thunder valiant beast shook his head.

Lin Hanxing was relieved.

He didn’t know that at this moment, Lei Xiao’s heart was boiling.

“I’m a very protective person.”

“Even the Lei family’s pets can not be touched by others!”

She hated idiots who didn’t know their place the most. Today, this young master Liang was really unlucky!

“Luckily, mother Lei wasn’t in the car today!”

No one knew better than Lei Xiao how protective Han Xing was of her.”

“What if mother Lei was in the car today?”

Yan beixiao leaned over and happened to hear this sentence, so he could not help but ask.

Lin Hanxing looked at him coldly.

With just one look, Yan beiming felt a chill run down his spine.

“Doesn’t he like car racing? Then I’ll send young master Liang to the netherworld to have a good time!”

Lin Hanxing smiled faintly.

Her beautiful eyes were filled with a bone-chilling cold light, causing one to shiver.

From then on, Yan beiming became firm in his belief that he would rather offend a villain than a woman.

After all, the conflict between men could be resolved by fighting and killing.

However, women could really remember your ancestors without even batting an eyelid.

Wuwuwuwu, little Hanxing was really scared!

But he loved it!

Chapter 560: Can't you tell?

In the Lin family's study.

The Furious Luo Minghao kicked Luo Wenbo as soon as he entered the room!

"This is the good idea you came up with!"

His eyes were dark as he looked at his son, who was lying on the ground in pain, not daring to move.

Lin yanshu looked at his brother-in-law, not daring to persuade him.

The news spread like wildfire in Jiang city. Now, everyone knew that there was something wrong with the Lin group's crisis and the Lin couple's death!

Lin youlin mumbled as she sat in front of the table.

"How would little 9th know!"

"Can't you tell? She's back for revenge!"

Luo Minghao roared!

that's impossible. If she wanted to take revenge on me, why would she help me contact Yuan shaojing to contact X group? "

Lin youlin retorted.

"Yuan shaojing? X group?"

Luo Minghao's expression was dark. Obviously, he had never heard Lin youlin mention this before!

Lin qianlin's eyes flickered, knowing that she had let the cat out of the bag.

"What's going on? Speak!"

Lin youlin briefly explained the situation, and Luo Minghao's face became uglier as he listened.

"She's setting you up!"

Luo Minghao had already determined that Lin xiaojiu was up to no good, so he naturally didn't think that she introduced him out of kindness.

our Lin family can't participate in this project anymore. Quickly call Zhong Xueqing!

Luo Minghao's intuition made him feel uneasy.

It had been many years since he had felt this way.

Lin youlin didn't know what to do. Just as she was about to call Zhong Xueqing, she didn't expect her to call first.

He quickly picked it up.

The study was very quiet, and everyone's eyes were on Lin youlin's face.

They were all waiting for her to finish the call.

It was unknown what Zhong Xueqing said on the other end of the phone, but Lin youlin's expression changed.

"I know."

He hung up the phone.

"What did she say?" Luo Minghao asked.

Even her brother, Lin yanshu, and her sister-in-law, Zhong Wan 'er, were staring at her.

there's a problem with the bank and they're temporarily delaying the additional loans. I don't know where Zhong Xueqing heard that I contacted Yuan shaojing and wanted me to contact him to discuss a cooperation. She also said ...

"What else did you say?" Luo Minghao asked!

she also said that the Jiangcheng Bay Bridge project will be a joint bid under the name of our three companies. She's determined to win!

Lin youlin sat in the leather chair, her face pale.

"Withdraw! Tell her that our Lin family is backing out!"

Luo Minghao couldn't let this matter drag on any longer.

Lin qianlin lifted her head to look at him.

two days ago, the Zhong family and the he family signed a written joint investment agreement, and I took most of the money ...

Lin youlin did not discuss this with Luo Minghao because of Shen Shu 'er.

It could be said that she had done everything behind his back.

"You ..."

His anger was burning his mind. He never thought that he would be the last one to find out about it!

"Sis, you said that this project would definitely make money!"

Lin yanshu's expression became nervous.

"Sister-in-law, you can't trick us!"

Zhong Wan 'er also understood something, and she was afraid that her family's money would be affected.

"Brother-in-law, are you being too sensitive about little 9th?"

Lin yanshu looked at Luo Minghao. His expression was really scary.

little 9th didn't come back to us on his own initiative. Besides, this project is the focus of Jiang city's support this year. No matter how capable little 9th is, he can't possibly change the decision of the higher-ups, right? "

The more Lin yanshu spoke, the more he felt that this was the case.

Luo Minghao's gloomy eyes slowly looked around and landed on everyone's face in the room.

"It's best that I'm overthinking it. Don't forget, back then ..."
