

Goodnight 61

Chapter 61: A deep impression

He gave the two people in he zhehan's car the middle finger!

Lin Hanxing's eyes, which could Capture one's soul even through the front windshield, were now full of mockery.

Lin Hanxing's Red lips curved into a sarcastic smile as he stepped on the accelerator again.

With the front of the car against the front of he zhehan's car, he drove it like this!

"F * ck, stop the car!"

He zhehan's legs turned to jelly, and he lost his sense of direction. He couldn't even hold the steering wheel.

In the midst of the panic, they could not tell if it was the car window or the sunroof that was opened!

On the other hand, Luo Wensu, who was sitting in the front passenger seat, had his eyes fixed on Lin Hanxing.

That woman had been smiling from the beginning to the end.

She was so beautiful that it was alluring!

It was a kind of temptation that could turn all living beings upside down, making people want to give all the best things in the world to her willingly!

Luo Wensu narrowed his eyes.

Only when the road was wide enough to accommodate two cars side by side did Lin Hanxing reverse the car, go around to he zhehan's side, and roll down the window.

.....

The front of the two cars were too horrible to look at.

second young master he, I advise you not to play if you can't afford it. It's a car this time, next time ...

Lin Hanxing's voice was cold as he reached out to the window.

"Maybe I'll take your life!"

.....

Shengshi Jing city, villa area.

The black Bugatti passed through layers of security and slowly drove into the villa's carved iron gate.

As soon as Lei Xiao entered the villa, a little sheep ball bumped into him.

“Big Uncle, save me!”

Lei Xiao’s thin lips curved up slightly, and he picked up the little sheep dumpling with one hand, letting him bury his head in his arms.

“Yuan Bao!”

A deep voice came from not far away.

The little sheep ball shivered and continued to play dead in the Thunder valiant beast’s arms.

Thunder owl carried the little sheep and walked forward steadily.

There was someone standing on the sofa in the living room.

He was 1.87 meters tall and looked like a male model.

He was wearing a navy blue shirt without a tie and a pair of pure black trousers. His impressive figure gave off a cold and arrogant feeling.

However, at this moment, his face was serious as he looked at the little person in Lei Xiao’s arms.

“Big brother,” Seeing Lei Xiao, Lei Jue’s expression finally eased a little.

“How’s mom?”

Other than the fourth son, who always stayed by his grandparents’ side, the four sons of the Lei family all had their own residences.

He would only come back during the new year or when there was an important matter.

“Acute gastroenteritis.”

It was rare for Lei Xiao to be silent for a long time. He lowered his head and glanced at his little nephew in his arms.

“Grandma said she wanted to eat ...”

Yuan Bao, whose real name was Lei Yanchen, raised his head with an aggrieved expression.

Her fluffy and cute head was naturally curled up, and her chubby face was exquisite and beautiful, like a miniature version of leijue.

“What did you eat?”

Lei Xiao glanced upstairs.

“Meat skewers, fried chicken chops, grilled cold noodles, milk tea ...”

Yuan Bao stretched out his chubby fingers and started counting.

In the end, not even ten fingers were enough!

Lei Jue’s face darkened!

not long after we came back, mother said that she had a stomachache. You know how much father dotes on his wife. He wanted to drive to the hospital immediately, but Yuan Bao only told the truth because he was frightened.

Yuan Bao snorted and buried his face in Lei Xiao's arms.

Just as he said that, a figure appeared on the second floor.

"Big brother, mom is calling you."

The one who spoke was the second son of the Lei family, Lei min.

His voice was cold and warm, and to outsiders, it seemed indifferent and distant, like the snow on a high mountain, visible but unattainable.

It was rare that when Lei Xiao went upstairs, he wanted to say something but stopped.

Lei Xiao noticed his brother's strange behavior and looked at him.

If he was not wrong, the emotion in second's eyes was ...

Sympathy?

Chapter 62: Zhong Nanyin

When Lei Xiao entered the room, he finally understood what the sympathy in his brother's eyes meant.

Zhong Nanyin was currently sitting on the bed and looking at the photos with great interest.

Lei kangnian was holding a small bowl of congee in his hands. When he saw Lei Xiao enter, he silently mouthed to him, reminding him to leave quickly.

"Ah Xiao, come, come ..."

Although Zhong Nanyin was already over fifty years old, he looked much younger than his actual age because he had been pampered by Lei kangnian all these years and had lived a rich and carefree life. If she stood with her sons, people would even believe that they were siblings.

"This is the youngest daughter of the SU family, she just graduated from Harvard Business School ... And this is the girl from the Chen family ..."

He was talking non-stop, and there was no trace of illness on his face.

"Mom, I just came back." Lei Xiao's voice was filled with helplessness.

It would have been better if he hadn't mentioned this, but once he did, Zhong Nanyin's eyes instantly turned red.

"Who asked you to put yourself in danger? You're not going to spin the earth anymore?"

His voice was full of heartache.

it's all your fault. You insisted on giving the company to ah Xiao back then, causing our ah Xiao to be unable to find a wife!

With a change in tone, Zhong Nanyin's gun pointed at Lei kangnian.

.....

Who would have thought that the father and son of the Lei family, who had always been known for their sinister and ruthless nature, would actually be like this when they returned home?

"Mom, it's me who doesn't want to look."

Lei Xiao stretched out his hand and took the photos of Zhong Nanyin.

It was a thick stack. It was obvious that Zhong Nanyin had really put in a lot of effort.

"You don't want to?" Zhong Nanyin seemed to have thought of something. He covered his mouth with his hand and sized him up.

"Alright! Anyway, I have a guinea pig! Bring that person back, I heard that you can register overseas now, don't hide it!"

"Mom ..."

The more Lei Xiao heard, the more he felt that something was wrong. It seemed that she had believed the rumors outside.

"Mom, I don't like men."

In order to prevent her from saying more outrageous things, Lei Xiao opened his mouth in a low voice.

"I don't like men and I don't want a wife, hmm ..."

Zhong Nanyin's tears were about to fall again as he spoke.

Why is my life so hard? my second and third sons are saying that you didn't look for them, and my fourth brother brought me a guinea pig before he got married. You guys ...

Seeing that Zhong Nanyin was getting more and more agitated as he spoke, Lei Xiao had no other choice but to look at Lei kangnian.

To his surprise, the head of the family, who only listened to his wife, pretended not to receive the signal.

"Mom, I'm trying."

The Thunder valiant beast finally relented.

Almost in an instant, Zhong Nanyin's tears disappeared without a trace, and his face was full of smiles.

It could be said that he changed at will.

"Ah Xiao, you have a girlfriend?"

Hearing this, Lin Hanxing's half-smiling face suddenly appeared in Lei Xiao's mind.

The coldness in his eyes was replaced by gentleness.

Of course, Zhong Nanyin caught this point, and he was overjoyed.

She had never seen her boss change for any woman.

"I'm not her girlfriend. She doesn't like me."

Lei Xiao was helpless. Other women wanted to hold him tightly, but only Lin Hanxing did not want him at all.

Lei kangnian exchanged a look with Zhong Nanyin.

Both of them could see the surprise in each other's eyes.

Lei Xiao had won the title of the most valuable diamond Bachelor in Jiang city for seven consecutive years.

And it was rare that he never messed around, nor did he have any scandals about a relationship.

"Then we'll just take it by force, and the Overlord will force himself on us ... Oh ..."

Before Zhong Nanyin could finish his sentence, Lei kangnian fed him a mouthful of porridge.

"Yinyin, talk less and eat more porridge."

"What are you doing!" Zhong Nanyin blinked blankly and looked at her husband.

"Fill your brain."

"....."

Chapter 63: opportunity

Lin Hanxing reached out to wipe off the mist on the mirror.

Her face was reflected in the mirror.

The Thunder valiant beast's eyes suddenly appeared in his mind.

It was as deep as the ocean, as if it wanted to stir up waves and easily swallow her ...

Her long eyelashes fluttered, and when she opened her eyes again, they were clear.

She walked out of the bathroom in her bathrobe.

He poured himself a glass of hard liquor, and the ice hit the glass with a crisp sound.

Outside the floor-to-ceiling window, thousands of lights were on.

"The Lin family, ha ..."

Her eyes were full of sarcasm.

Now, this fire had already burned to its peak.

Bai Xi had been found.

Tan bide, the chess piece, could be pushed at any time.

.....

Even the he family ...

“My dear aunt and uncle, I’m back.”

Lin Hanxing’s Red lips curved up slightly as he downed the hard liquor in one go!

.....

The next day, at Jiang city’s Y.R. Equestrian Club.

The equestrian Club, which covered an area of 100 acres, was built by a private company with a huge investment and was only half an hour’s drive from the city center.

Surrounded by mountains and rivers on three sides, it integrated business negotiations, leisure entertainment, equestrian fishing, and many other things.

There was a widely circulated joke in Jiang city.

The BMW galloped in the day, and the Starlight shone in the night.

They were talking about the two most popular leisure and entertainment places in the circle of the rich and powerful in Jiang city.

After riding the Ferghana horse at Y. R. During the day, he would drive straight into the count of Starlight at night to continue his fun.

It was also a covert mockery of the extravagance and debauchery of this group of powerful people.

In the VIP room.

“Mr. Ray, this is the detailed information on all the ponies in the Association.”

Special Assistant Anthony presented the document in his hand.

also, Chairman su of the SU family organization and his daughter heard that Mr. Lei is here ...

“Tell them that this is my personal time.”

Without waiting for Anthony to finish, Lei Xiao lifted his chin slightly, his dark and deep eyes giving people a sense of oppression.

“Yes, Mr. Ley.”

Anthony had already expected this answer.

He had followed the Thunder valiant beast for many years, so he understood his character.

In the Thunder valiant beast's heart, his family had always been the most important.

And today, the people who had made an appointment with Lei Xiao were second young master Lei, Lei min, and little young master Yuan Bao. Naturally, they would not allow anyone to disturb them.

Anthony left quickly.

The room returned to silence.

Thunder valiant didn't flip through the information on the pony.

Yuan Bao's birthday was in a few days, and he had promised to give him a pony.

Di di ...

The special vibration notifications kept coming from his watch.

There was a red dot on the watch.

Lei Xiao's gaze fell on the red dot, and his thin lips curled up almost inaudibly.

She was here.

Thunder owl got up and walked to the floor-to-ceiling window, where he could clearly see the entire horse track.

His strong and handsome back had the majesty of a superior that couldn't be ignored.

The yellow rosewood box that Yan beixiao had been so curious about had appeared in his palm.

He slowly opened it.

A black jade ring was lying inside.

It was exquisitely sculpted and designed, and the Dragon's body could be seen with the naked eye.

The dragon's head happened to touch the joints!

As he was reading, the door was pushed open from the outside.

"Uncle ..."

The first one to run in was naturally Yuan Bao, the sheep-like ball. He was even carrying a palm-sized White Rabbit in his arms.

Her naturally curly, soft black hair and fair, tender little face turned red from running, as she presented the rabbit to Thunder valiant beast like she was presenting a treasure.

"Second uncle bought it for Yuan Bao."

His chubby little face rubbed against Lei Xiao's suit pants.

"Big brother,"

Lei min walked over and was about to say something when his eyes were deeply attracted by the black jade ring in his hand.

“So it was big brother who spent 49 million to buy this ring?”

Chapter 64-lightning

Lei Xiao did not speak and looked at Lei min.

the reason why I went to port X was to assist in the cultural relics exhibition jointly organized by Jiangcheng Museum and port X Museum. The second reason was to buy this black jade ring from the Qianlong era for big brother.

The second son of the Lei family, Lei Qian, was the most famous antique collector, appraiser, and repairman in Jiang city.

He was also the youngest member of the National cultural relic appraisal Council.

“When I first saw the catalog, I felt that it should belong to big brother. However, there were some accidents during the auction. I didn’t expect that after so many twists and turns, this thing would still belong to you.”

In the eyes of outsiders, the Lei group represented a mountain of gold and silver, as well as countless wealth and glory.

However, in the eyes of the brothers of the Lei family, the Lei group was a hot potato.

Back then, Lei kangnian had handed the deeply rooted Lei clan to Lei Xiao, other than intentionally letting him go to train ...

There was really no other candidate!

He was afraid of being laughed at. Back then, in order to choose a successor, he even drew lots at home.

The other wealthy families were filthy and scheming against each other, and they wouldn’t rest until one of them died.

In the Lei family, this was a joke.

Whoever was called to take over the company was no different from pushing whoever to the guillotine in these children’s hearts.

.....

In the end, it was the boss, Lei Xiao, who took the burden.

Thinking of this, Lei min’s gaze towards Lei Xiao was filled with deep guilt.

From the past, no matter what happened, big brother would always be the first one to stand in front of them.

He had always been the one to bear the most bitter and tiring things.

big brother, Dr. Zhong said that you have not been to his place for a long time.

Dr. Zhong was the most famous psychologist in the world.

Lei Xiao retracted his gaze from the black jade ring and easily caught the guilt in Lei min's eyes.

"What happened back then ..."

"Lightning strike!" The Thunder valiant beast interrupted him.

I'm your elder brother. Even if I was given another chance to choose again, I would still do the same thing!

Lei min did not speak. The indifference and alienation between his cold brows when facing outsiders were replaced by deep pain.

as for Dr. Zhong, I will contact him when I need him!

There was a brief silence between the two of them.

"You've always been punctual, but you're actually five minutes late today."

Thunder valiant was the first to break the silence.

there were a lot of reporters lying in ambush. They seemed to have come with the Lin family. I didn't want Yuan Bao to be exposed to the public too much, so I delayed some time.

"You mean, the Lin family?" Lei Xiao's eyes were sharp.

Just as Lei Yu was about to speak, he suddenly realized that Yuan Bao, who was supposed to be beside the two of them, had disappeared!

However, the door of the VIP room was slightly ajar ...

.....

Lin Hanxing let the woman in his arms cry.

Last night, she had already called uncle Jin and asked him to inform the Lin family of her whereabouts.

As he had expected, the Lin family came very quickly.

"Little 9th, it's me, your aunt ..."

Lin youlin cried as she glanced at the reporters in the dark.

A few important figures of the Lin family had all arrived, and their faces were filled with tears of joy.

"You've suffered all these years outside!"

Lin qianlin raised her head and looked at Lin Hanxing.

Like! They really looked like big brother and that woman!

Her beauty was soul-stirring, and it made people jealous!

Especially those eyes!

Lin youlin shivered subconsciously.

Suddenly, a clamor came from the horse track.

Lin Hanxing had only taken a casual glance, but when he saw what had happened, his eyes instantly turned sharp!

She ...

Chapter 65: The swift horse

He shoved Lin qianlin away.

He curled his index finger to his lips and whistled loudly. Lin Hanxing's handsome action stunned everyone!

Accompanied by the clattering of horse hooves, a pitch-black Horse with a white lightning bolt on its forehead galloped from afar!

Luo Minghao held his wife who was pushed into his arms, but his eyes never left Lin Hanxing.

The first time they met after eighteen years, the feeling of being stunned and shocked ...

This man had not experienced it for a long time!

The red Riding suit accentuated her exquisite curves. Her long, curly hair was casually tied up with a Jade hairpin. Her delicate and clear skin and red lips were slightly pouted, and there was an ambiguous smile on her face. It was soul-stirring and pitiful.

Lin Hanxing pulled the horse's reins and jumped onto the horse's back!

The savage horse's hooves were suspended in the air as if it wanted to throw Lin Hanxing off the horse's back. It was extremely dangerous!

Even the reporters who were hiding in the dark broke out in cold sweat.

However, there was no fear on her delicate face. She pulled the reins hard and forced the fierce horse to turn around and run towards the horse track!

In the horse track, a small sheep ball was squatting on the ground.

She didn't know if it was because she was frightened, but she looked up and around, her big black eyes misty.

.....

At this time, the horses were free to move around on the track. Once the gate was opened, countless horses galloped out.

It was as if it wanted to trample and devour everything!

“Ya, there’s a child over there!”

The reporters who had been hiding in the dark could no longer hold back and ran out one by one.

With his profession’s sensitivity, he quickly let his companions capture the entire scene.

Lin Hanxing rode his horse to the center of the stable!

As he neared the child, he controlled the horse’s reins with one hand, and half of his body hung in the air without any protection.

“Heavens!” The reporters exclaimed in shock.

Lin Hanxing had already picked up the little sheep dumpling from the ground with one hand!

The clattering of horse hooves rang out in the surroundings almost at the same time!

“Hug me tight!”

Lin Hanxing’s voice was cold and sharp. The little sheep ball didn’t even dare to breathe. It buried its face in her arms and held her tightly.

She pulled on the horse’s reins with both hands and galloped towards where the Lin family was standing. Her long hair, which was only held in place by a Jade hairpin, was already showing signs of spreading out.

“Phew ...”

Lin Hanxing turned his head and the lightning horse stopped in front of the Lin family and the reporters.

She shook her head, and the Jade hairpin behind her head finally couldn’t bear it anymore and fell.

With a “pa” sound, it fell to the ground and broke into two pieces!

Her ink-black hair instantly poured down without any restraint.

As soft as silk, as smooth as satin!

It bloomed behind him!

Other than the horses that were still galloping on the horse track, the people who witnessed this all fell silent.

“You’re not injured?”

Lin Hanxing didn’t even look at those people. He only looked down at the child in his arms.

She was about three or four years old, and her hair was naturally curly, making people want to rub it.

The little sheep ball looked up timidly.

Lin Hanxing then realized that he had a palm-sized rabbit in his arms.

Yuan Bao had sneaked out of the VIP room when his uncle was not paying attention, but the rabbit in his arms had also sneaked away by accident ...

Only then did he enter the horse track.

Yuan Bao pouted in fear, and tears began to well up in his eyes.

Lin Hanxing's body stiffened when he saw the child's tears.

She had no experience in coaxing children.

He subconsciously reached out his hand, but inadvertently revealed a thin diamond bracelet on his wrist.

Yuan Bao sniffled and hiccuped.

When she saw the bracelet, she cried out and jumped into Lin Hanxing's arms.

"First aunt ..."

The Lin family and the reporters widened their eyes in shock. First aunt?

Lin Hanxing was also stunned, but before he could say anything, a deep male voice came from afar.

"Yuan Bao!"

Chapter 66: First aunt

Everyone's gaze subconsciously turned towards the source of the voice.

The man walked out from the light.

His strong and tall figure gave people an invisible pressure, and his whole body exuded a strong aura.

His cold features, which seemed to be carved in marble, were handsome and extraordinary, like a sculpture from America and Europe.

It was unforgettable even if one just looked at it from afar.

However, his eyes were cold and emotionless, as if they had been soaked in a cold pool.

The group of reporters suddenly exclaimed, followed by whispers.

It was obvious that some of them had recognized the man.

Lin youlin was still a little confused, but her husband, Luo Minghao, secretly gave her a little push.

"It's the Thunder valiant beast!"

When the name exploded in Lin youlin's ears, she felt vexed.

He was upset that he didn't bring his daughter with him today.

His gloomy eyes swept over Lin Hanxing, who was still sitting on the horse. To be noticed by the Lei family ...

.....

But soon, Lin youlin smiled.

Seeing Lei Xiao walk over, he was about to greet him.

“Lei Xian ...”

However, Lei Jing walked past Lin youlin expressionlessly without even looking at her.

He even directly ignored her outstretched hand.

The situation was so awkward that it was out of control.

Sitting on the horse’s back, Lin Hanxing was still hugging the sobbing Yuan Bao in his arms, but his eyes were locked with Lei Xiao, who was approaching from afar.

She had recognized his voice the moment he opened his mouth.

“Yuan Bao,” The Thunder valiant beast didn’t care about the chaos behind him.

His voice was low and hoarse.

Yuan Bao snorted and only then did he remember that he had sneaked out.

Her big eyes, which were like two little walnuts, looked at her uncle pitifully as she was still in Lin Hanxing’s arms.

“Uncle ...”

The moment this child spoke, the reporters then recalled that the Lei family’s four young masters did indeed have a son who rarely appeared in public.

The more experienced reporters sighed and motioned for their colleagues to turn off the camera equipment.

There was no need to waste equipment if they filmed things that could not be broadcasted.

In this world, there was a type of person that one could never offend.

However, there were still a few newbies who were extremely excited, thinking that they had gotten some big news.

He didn’t notice the sympathetic gazes of others at all.

Lei Xiaotong did not reply. He gestured to his Special Assistant, Anthony, and the latter had already surrounded the reporters with his men.

“Lei Qian, carry Yuan Bao Down.”

There was a rare solemnness in his voice.

Lei Jing, who followed closely behind, knew that this was the first sign of her big brother’s anger.

He took a few steps forward and carried Yuan Bao Down from the horse.

At the same time, he took a few more glances at Lin Hanxing.

Not knowing if it was Lei min's imagination, he felt that the relationship between big brother and this woman ...

There was an unusual magnetic field.

"Auntie, help ..."

Yuan Bao knew that he had made his uncle angry, so he quickly turned to Lin Hanxing, who was on the horse, for help.

But before he could finish his words, he was glanced at by Lei Xiao.

She was so frightened that she quickly shut her mouth and buried her face in her second uncle's neck.

Lin Hanxing did not say anything.

He didn't expect that the little sheep dumpling he saved by accident was actually Thunder Valiant's nephew.

"That ..."

Lin Hanxing broke the silence.

But before she could finish her words, Lei Xiao suddenly bent down and picked up the Jade hairpin that she had dropped on the ground.

The green jade water source was very abundant, and it was obviously a rare top-grade.

It was quite a pity that it had been broken into two.

His gaze fell on the Jade hairpin, his thoughts unknown.

Lin Hanxing's lips moved slightly, not knowing what to say for a moment.

In the next second, Thunder valiant charged at her ...

Chapter 67 little nine

Lin Hanxing was shocked.

"Come down."

But she saw Thunder valiant stretched out his hand towards her.

Lin Hanxing did not speak for a while, his eyes fell on the palm.

The palm lines were clear and deep, bathing in the sunlight, giving people the feeling that this pair of hands could overturn the secular world.

She knew that their interaction had already attracted the attention of the people over there.

If he didn't respond, people would think that he had embarrassed Thunder valiant beast.

Lin Hanxing extended his hand to him.

The moment his hand was wrapped by the warm palm, Lin Hanxing felt his entire body being pulled by a great force, and his center of gravity shifted towards Lei Xiao.

In the next second, he had already gotten off the horse.

He crashed into the Thunder valiant beast's arms!

From an outsider's point of view, it looked like she had taken the initiative to throw herself into his arms.

However, no one knew better than Lin Hanxing that this man was the one who had pulled her into his arms!

.....

"You better restrain yourself!"

Lin Hanxing said in a low voice, using the angle where no one could see him while he was in Lei Xiao's arms.

On the contrary, Lei min gave a muffled laugh and pulled away from him.

"Little Jiu, are you alright?"

Lin youlin was able to become the president of the Lin group, and she had some tricks up her sleeve.

Ignoring the embarrassment of being slapped in the face by Lei Xiao, he quickly walked over.

They seemed to be intimate, but in reality, they were pulling the distance between Lin Hanxing and Lei Xiao.

Lei Xiao's eyes were sharp and his cold aura suddenly rose. However, when he saw Lin Hanxing's warning look, he immediately retracted his aura.

"Little Jiu?" Lei Xiao's voice was low and deep. Even Lin youlin, who was a young woman, felt her heart skip a beat when she heard that.

Mr. Ley, I forgot to introduce you. This is the child of my late brother. I'm sure you've heard of the news that has been spreading like wildfire ... Lin youlin saw that he was interested in talking and quickly spoke up.

Lei Xiao glanced at Lin youlin.

With just one glance, it made this woman, who had seen many big scenes, feel a chill.

No one spoke, and the situation became awkward again.

Even the most insensitive person could tell that the Lei family was not interested in the Lin family at all.

However, the Lin family still had to stick their warm faces to the cold butt of others.

If it wasn't being cheap, what was it?

“Thunder valiant.” As if he did not know Lin Hanxing, Lei Xiao extended his hand towards her.

His natural attitude would only make people think that he was doing this for her to save his nephew.

Seeing that Lei Xiao’s acting was extremely convincing, Lin Hanxing felt relieved.

“Lin Hanxing,” As she spoke, she reached out her hand. However, her expression changed slightly when she was held.

He was actually rubbing her palm with his finger expressionlessly?

That numbing feeling was the same as every time he got close to her.

miss Lin saved Yuan Bao. I, Lei, am eternally grateful!

Lei Xiao did not even look at Lin youlin, who was standing beside Lin Hanxing with a changed expression. His eyes were fixed on her face.

These words were extremely thought-provoking.

Even the reporters at the side perked up their ears.

One must know that all the influential people in Jiang city wanted to have all sorts of connections with the Lei family.

Especially since the Lei family had four sons.

The rich and powerful people were almost desperate to send their daughters to them.

“Mr. Ley, you must be joking. It’s no big deal.”

Lin Hanxing tried to pull his hand back after he finished speaking.

But in the end ...

He didn’t move at all!

There was still a faint smile on her face, but upon closer inspection, there was a strange look in her eyes.

The time the two of them shook hands ...

Wasn’t it a little too long?

“I hope miss Lin doesn’t mind Yuan Bao’s innocent words.”

A rare smile appeared on the Thunder valiant beast’s cold face, causing the bystanders to be dumbfounded.

This man could actually smile?

Chapter 68: I owe you a favor

In the eyes of the reporters, this was simply a miracle.

Lei Xiao was actually a person who rarely appeared in the public eye.

Every time it appeared, it would bring about a storm of blood.

The reporters would often share gossip and private information with each other during private gatherings.

However, when the Thunder valiant beast was mentioned, everyone remained silent out of respect and fear.

To be fair, the four sons of the Lei family were all Dragons among men.

The four sons of the Lei family were on the list of Jiang city's Diamond-ranked Bachelors selected by heavyweight magazines every year.

As for Thunder valiant beast, he had been at the top of the list since the first episode.

He never brought a female companion to any events and had never been involved in any scandals.

The photos that were secretly taken by the reporters were either taken alone or with family.

It seemed that other than work and the Lei family, there was nothing else in Lei Xiao's life.

There was once a busybody who offered a huge reward for the studio to follow him for an entire month.

After the incident, even the reporter who was following them couldn't help but sigh.

.....

He had been in the industry for so many years, but he had never seen someone with such a clean and boring life!

Even the dog at home was a male, let alone a bed partner.

"Mr. Ley, can you ..."

Lin youlin's face was full of smiles, but her eyes swept over Lin Hanxing's hand that was still holding Lei Xiao's.

He was even more upset that he didn't bring his daughter along, and Lin Hanxing had the advantage.

"I'm talking to her."

The smile on Lei Xiao's face instantly disappeared, and the fierce aura between his brows became cold.

The speed at which he changed his attitude was comparable to the speed of flipping through a book, and Lin youlin could not hold back the smile on her face.

This was in line with the rumors.

In the rumors, Lei Xiao was an unpredictable person with an eccentric temperament.

If he could be said to be pleasant to people one second, he might be able to kill people invisibly the next.

Lin Hanxing looked at Lei Xiao.

At this moment, the man in front of her exuded a cold and arrogant air from his bones.

The eyes of the people around him were all filled with fear.

“Mr. Ley, you’re being too serious.”

Lin Hanxing said slowly.

His palm was wide and warm, with a thin layer of calluses.

At this moment, the thin cocoon brushed past her palm.

Lei Xiao’s gaze was deep and profound, and it could even be said to be impudent as it swept across Lin Hanxing’s face.

“I owe you a favor for this.”

Everyone was shocked.

A woman who had been kidnapped for 18 years, who had just returned to Jiang city to acknowledge her family, was actually able to get Lei Xiao’s favor by chance. He even personally promised her a favor. In the eyes of others, this was ...

It was as if a big pie had fallen from the sky and smashed into her head!

Lin youlin’s eyes were filled with depression.

How could there be such a coincidence?

Why did it have to be this niece who saved fourth young master Lei’s son?

Just as he was thinking this, he saw Lei Xiao finally let go of Lin Hanxing’s hand.

His expressionless face gave people an illusion.

It was as if he had held her hand for such a long time just to thank her out of courtesy.

“Miss Lin, if you need my help in the future ...”

Lei Xiao spoke very slowly, but his voice made Lin youlin’s heart beat faster.

“Just say it.”

.....

In the VIP room.

The Thunder valiant beast and Yuan Bao sat facing each other.

“Lei Qian, give Lei Jue a call.”

Yuan Bao was about to cry.

Lei min looked at his brother but did not take out his phone. His intuition told him that his brother had more to say.

uncle, be good. Don't call me!

Lei Xiao's Black eyes were deep and he was not angry.

"Sure, but ..."

Chapter 69-all the best

Lin Hanxing looked at Lin youlin, who was about to faint from crying, and his cold eyes did not show any emotion.

Lin youlin's words were filled with a sense of urgency to bring him back to the Lin family to acknowledge his ancestors.

However, he didn't know how much of it was true, or how much it was for the shares and to shut everyone up.

"Auntie, your makeup is smudged."

Lin youlin, who was crying her heart out, froze when she heard her cold words.

Lin youlin looked up at Lin Hanxing and felt an inexplicable sense of fear when she was glanced at by those eyes that looked like her brother and sister-in-law.

Lin Hanxing smiled faintly and stretched out his hand to put some distance between them.

little Jiu, are you still blaming aunt? I've been sending people to look for you all these years ...

Lin youlin could no longer say the words she had prepared when she was stared at by those cold eyes.

Lin Hanxing reached out and stroked the horse with a White Lightning on its forehead.

It was as if he didn't see that his uncle Luo Minghao was looking at him with deep eyes.

"First aunt ..."

The deadlock between them was broken by this soft voice.

.....

The little sheep ball ran over from a distance, holding something in its hands.

When they arrived, everyone was stunned.

His little head was tied with a big bow with a red ribbon.

It was stupid and cute!

She reached out and handed the box to Lin Hanxing.

"Apology gift ... Open ..."

Tear down what?

Yuan Bao tilted his head, unable to recall.

“Dismantle the ingots!”

Lin Hanxing was amused by Yuan Bao and reached out to take the box.

She opened it with a snap, but her smile froze on her lips.

A lifelike lotus flower bloomed at the top of the silver hairpin, and each petal seemed to have a life of its own.

That was in Mengsong ...

She gave it to Lei Xiao before she left!

Lin youlin was furious. She wanted to bring Lin Hanxing back to the Lin family, but she did not expect fourth young master Lei's son to come out and mess things up again!

“Mister Lei is the one who compensated you for the broken Jade hairpin, right?”

As she spoke, Lin youlin looked at the box in Lin Hanxing's hand.

When he saw clearly that it was a worthless silver hairpin, a mocking look flashed through his eyes.

Lin Hanxing lowered his head and looked at Yuan Bao.

Yuan Bao looked at her adorably.

The next second, Lin Hanxing reached out and picked him up.

“Uncle said that he's waiting for you in the VIP room.”

Yuan Bao whispered in her ear.

Other than Lin Hanxing, no one else could hear him.

Lin Hanxing did not say anything but looked at Lin youlin.

aunt, go back first. I still have some things to deal with here. I will return to the Lin family tomorrow. If you have anything to say, we can talk about it then! Her voice was cold and calm, giving people an irresistible authority.

Then, without waiting for Lin youlin's reaction, he turned and left.

Lin youlin only came back to her senses after a long while. She clenched her fists tightly as she watched Lin Hanxing walk further and further away ...

.....

Before they could reach the VIP room, Yuan Bao had already slipped out of Lin Hanxing's arms.

“Big Uncle, good luck!”

He clenched his little chubby fist and made a 'good luck' gesture at the tightly shut door of the VIP room ...

He ran away!

“.....”

Soon, Lin Hanxing arrived at the door of the VIP room.

After a moment of silence, she knocked on the door.

There was no response for a long time.

After waiting for a while, Lin Hanxing reached out and pressed the doorknob.

The door opened.

A pleasant and familiar light wood fragrance wafted into her breath along with the wind.

It made Lin Hanxing feel like he was still in Meng Song.

Even if it was only for a moment ...

However, it still softened the sharp and thick thorns that she had cast when she saw the Lin family.

The next second, she saw him ...

Chapter 70: The eyes

Lei Xiao was smoking in front of the floor-to-ceiling window.

The black shirt was tailored to his body, perfectly showing off his inverted triangle figure.

His broad shoulders and strong back gave people an infinite sense of security.

At this moment, he was still holding a cigarette between his slender fingers.

Hearing the movement at the door, the man turned around.

“Come here.”

Lin Hanxing heard him say.

For some reason, Lin Hanxing had the urge to turn around and run.

However, running away was never her style.

Even if the other party was the Thunder valiant beast, it would be the same!

She paused for two seconds before walking towards him.

Just as he was two steps away from Lei Xiao, a strong force pulled Lin Hanxing back!

When she came back to her senses, her back was already against the floor-to-ceiling window!

.....

The huge difference in strength between men and women was evident at this time.

Lei Xiao looked down at her.

Her slightly curly long hair had been messily pulled by him just now and scattered on her cheeks.

Her porcelain-white cheekbones were slightly pink, her nose was delicate, and her black and big eyes were looking at him without the slightest fear!

The room was silent.

Suddenly, Thunder owl covered her eyes with his palm.

There was still the smell of tobacco on his fingers.

The sudden darkness made Lin Hanxing a little uncomfortable.

But very quickly, she heard the man curse.

He was full of manliness.

“What’s wrong?” Lin Hanxing asked, trying to pull Lei Xiao’s palm away.

Lei Xiao looked at Lin Hanxing, whose eyes were covered by him, and his thin lips curved into a smile. He deliberately moved closer to her ear.

“What do you think?”

Seeing her like this, Lei Xiao’s mood was obviously better.

The Thunder valiant beast bowed.

“Are you going back to the Lin family?”

The red mole behind her ear was delicate and beautiful.

Lin Hanxing was trapped in Lei Xiao’s arms with his tall body, and the distance between them and his eyes made her passive.

“Yes, I’ll go back tomorrow.”

“Then tonight ...”

“You’ll accompany me?”

As he spoke, he removed his hand from her eyes.

Lin Hanxing’s vision suddenly recovered, but he had fallen into an even deeper abyss.

His eyes were like quicksand ...

It was suffocating!

“Young master Lei’s time is worth as much as gold. I don’t dare to waste it.”

Lin Hanxing forced himself to look away.

She clearly realized that Lei Xiao was even more powerful after returning to Jiang city.

However, before she could look away, his fingers pinched her chin and forced her to look up.

“I beg you to waste it.”

Although he said ‘please’, his eyes were full of control of the scene.

“Thunder valiant beast ...”

Lin Hanxing was finally a little annoyed after being controlled by him.

He let out a muffled laugh and slowly opened his mouth ...
