

Goodnight 71

Chapter 71: I am tired

"I'm tired,"

Lei Xiao let go of her chin and rested his chin on Lin Hanxing's head.

He had stayed at the old mansion until his mother had fallen asleep last night.

In the middle of the night, Yan beiming, who was in London, called. He returned to the Lei family and contacted London overnight to deal with important matters.

Up until now, he had not slept for nearly 40 hours.

"Accompany me tonight, okay?"

His voice was slightly hoarse, and no matter how one heard it, it sounded deliberately seductive.

"Let go."

Lin Hanxing's gaze fell on his Adam's apple, which moved up and down as he spoke.

The Thunder valiant beast did not move for a long time.

However, it didn't take long before he finally released her.

Lin Hanxing looked at him.

Thunder owl was also looking at her.

.....

The next second, Lin Hanxing walked around him and headed for the door.

After some time, the door was closed from the outside.

The room returned to silence.

The Thunder valiant beast's tall figure stood in place, his eyes slightly narrowed, and no one knew what he was thinking.

However, no matter how one looked at him, he seemed a little lonely.

Time passed by.

With a click, the door was pushed open from the outside again.

Lei Xiao jerked his head up, and when he saw Lin Hanxing clearly, the gloominess in his eyes was instantly swept away!

"Why are you still standing there?"

Lin Hanxing placed the things he was carrying on the table. When he turned around and saw that Lei Xiao was still standing at the same spot, he could not help but ask.

Thunder valiant walked over.

The tall figure leaned against the sofa and looked at the simple meal on the coffee table that was still steaming.

“Didn’t you say you were tired? eat something and sleep.”

Lin Hanxing said coldly as he casually tied his long hair up behind his head, a few strands of hair falling on his cheeks.

The corners of Thunder valiant beast’s lips curved up.

When he first met her, she was cold and smart.

However, the more he interacted with Lin Hanxing, the more he could feel that under Lin Hanxing’s cold exterior, there was a heart that made people want to monopolize him.

“I thought you left.”

When he said this, even Lei Xiao himself didn’t notice that there was a hint of depression hidden in his voice.

Lin Hanxing did not say anything.

Not long after, she pushed the box that Yuan Bao had given her to him.

Inside it lay the Lotus Silver hairpin.

from the moment I returned to Jiang city, I will not let anything affect me.

Obviously, he was included in this ‘anything’.

“So, I won’t accept this.”

As if he didn’t hear her, Lei Xiao quietly ate a few mouthfuls and quickly put down his chopsticks.

When he didn’t speak, his cold and stern facial features always gave people an inexplicable sense of oppression, especially when his eyes swept over the other party.

Lin Hanxing’s eyes were calm.

She was a person who had returned from hell with hatred.

He would definitely not let himself have any weakness.

Lei Xiao’s gaze was deep and dark as it fell on the box.

He reached out and opened it in front of Lin Hanxing.

His hand shape was very good.

It would definitely be a benefit for the hand controllers.

The joints of his slender fingers were distinct, as if he could easily turn the world upside down.

At that moment, Thunder valiant retrieved the silver hairpin from the box.

The silver hairpin glowed faintly under the sunlight, but it was exquisitely made and was not worth much.

It was no wonder that the curious Lin youlin had a mocking expression when she first saw it.

“Cold star ...”

Lin Hanxing’s heart trembled. When he called her name, there would always be a throbbing that no one else could replicate.

The Thunder valiant beast reached out his hand and slowly approached her.

Lin Hanxing’s eyes flickered as if he could tell what he was trying to do, and he wanted to Dodge.

But the man’s hand firmly held her!

Lin Hanxing held her breath and silently allowed Lei Xiao to put the silver hairpin back into her hair.

The lotus flower happened to be clasped behind her ear.

“I respect your decision, but ...”

Chapter 72: I disagree

“I don’t agree!”

Lei Xiao’s tone changed and his voice became deep and overbearing.

His hand was tightly clasped behind her head.

He forced Lin Hanxing to look into his eyes.

His black eyes were deep and dark, and the fine lines at the corners of his eyes had the charm of a mature man.

“So, give up on trying to draw a clear line between us!”

His rough fingers brushed across the small mole at the corner of Lin Hanxing’s eyes, and his thin lips curled up lazily.

“Thunder valiant beast, you ...”

Lin Hanxing’s delicate face was filled with anger.

How could he be so overbearing?

He looked like he was in control of the world!

Obviously, Lei Xiao was in a good mood.

He suddenly got up and, while Lin Hanxing was caught off guard, he lifted her up by the waist!

.....

Her body was suddenly suspended in the air, and she subconsciously reached out to hold Lei Xiao's neck.

However, when she saw the smile on his lips, she knew that she had jumped into the pit he had dug.

Lei Xiao held her in his arms steadily and walked towards the inner lounge.

The lounge was decorated like a suite, and the large bed inside was particularly eye-catching.

It was for the distinguished guests to rest at any time.

"Put me down!"

The next second, as Lin Hanxing wished, Lei Xiao threw her onto the bed.

He controlled his strength very well.

He wouldn't hurt her at all.

However, Lin Hanxing was caught off guard and was shocked.

She glared at him when she came back to her senses.

"You told me to put it there."

Lei Xiao said innocently, and Lin Hanxing was speechless. Indeed ...

She was the one who told him to put it there.

"Then why didn't you listen to me when I told you to stay away?"

As soon as he finished speaking, the powerful black shadow suddenly pressed down!

Lin Hanxing lay on the bed and looked at Lei Xiao, who was very close to her, and pursed her lips.

His eyes were like the vast sea of stars.

After looking at it for a long time, it would always make people unconsciously sink into it.

Soul snatching.

"I'm not willing!"

After a long time, Lin Hanxing finally understood what Lei Xiao meant.

"Why didn't I realize before that you're such a rascal?"

Her voice was filled with sarcasm.

Hearing this, Lei Xiao laughed and shifted his center of gravity to Lin Hanxing's side.

He reached out and pulled her into his arms.

He rested his chin on Lin Hanxing's head.

“Don’t mess around. Sleep with me for two hours.”

Lei Xiao closed his eyes and said in a deep voice.

His voice was filled with unconcealed fatigue.

Lin Hanxing was being hugged by him and was forced to bury his face in his chest.

Lei Xiao only took off his suit.

His necktie was still attached to his chest, secured by a dark tie clip.

“You ...”

Lin Hanxing had just spoken when he heard the sound of even breathing from above.

He had fallen asleep.

Lin Hanxing relaxed when he realized this.

From the moment he stepped into the VIP room, Lei Xiao had taken control of everything. Even she was somewhat powerless to resist.

A few minutes later.

Lin Hanxing removed Lei Xiao’s hand from her waist and stood up carefully.

It was obvious that she wanted to leave.

But ...

When her gaze swept past the man’s exhausted face, she stopped in her tracks.

After a moment of silence, Lin Hanxing took out his phone and sent a text message to the mute uncle.

Since he was going to return to the Lin family tomorrow, he had to make some preparations in advance.

After sending the message, Lin Hanxing’s gaze returned to Lei Xiao.

Yingluo, I don’t agree!

So, give up on trying to draw a line between us!

“Lei Xiao, did I owe you something in my past life? In this lifetime, do you really have to drag me to pay it back?”

Lin Hanxing’s cold voice was mixed with a rare emotion.

Every step she took had been carefully planned.

But the only time he lost control was when he knew Lei Xiao!

He had thought that everything would change once he returned to Jiang city ...

But now it seemed ...

It turned out that leaving Mengsong was not the end, but ...

The real beginning!

Chapter 73: qualifications

Night fell.

In the Lin family's Villa.

"What is she doing back here? This is my home now!"

Luo Ruyin had just returned from outside, and was clearly drunk. Her gorgeous little face was full of bravado.

There had been no news for so many years. How did they suddenly find him?

When she thought about how her parents and uncle were discussing how to give her room to that person, she instantly exploded!

Why?

The scene of the first time he met that person appeared in his mind.

She was as beautiful as a little princess.

She lived in the best house with a big garden and a chauffeur.

"Ruyin, shut up!"

Lin qianlin and Luo Minghao's eldest son, Luo Wenbo, spoke in a low voice, his emotions unreadable.

All these years, he had been trained as the successor of the Lin family, and he had already seen results with his actions.

.....

"That was originally little 9th's room."

Lin yanshu said as he looked at his sister, Lin youlin.

The latter's expression was dark, and no one knew what he was thinking.

Actually, not only did Luo Ruyin's room originally belong to little 9th, even this villa ...

They originally belonged to eldest brother and eldest sister-in-law!

"Uncle's family is long gone. It was my mother who brought the Lin family back to life. This is my home now!"

Luo Ruyin held her breath. Besides, there were so many rooms in the villa, so why did she have to give up?

It was the same when she was young. Her mother would always tell her to leave the things she liked for that person.

The feeling of living under someone else's roof was deeply engraved in her bones.

Even though so many years had passed ...

Even though she was the little princess of the Lin family in the eyes of the entire Jiang city ...

She had never forgotten it!

"Big brother, second brother, you two help me put in a good word!"

As she spoke, Luo Ruyin felt aggrieved, and tears fell.

Luo Wenbo didn't say anything. As for Luo Wensu, his eyes were fixed in the distance, and it was clear that he didn't listen.

At this moment, all he could think about was that woman from that night ...

"Mom ..."

After all, Luo Wenbo cared about his sister. Just as he was about to speak, his father, Luo Minghao's cold eyes swept over.

"This time, little 9th's return has made me very uneasy."

Suddenly, Lin youlin spoke.

Everyone's eyes fell on her.

"I keep feeling ..."

He had this feeling ever since he couldn't contact her after the DNA results matched.

The feeling was so strong that Lin qianlin couldn't ignore it.

"So, the rumor about the 18% of shares was true?"

Luo Wenbo looked at his mother. From what he could remember, he had never seen her so uneasy.

As soon as he finished speaking, the juniors could clearly feel the change in the expressions of their elders.

If Luo Wenbo had some doubts about the shares before, he was now certain ...

The shares were real!

"If little 9th has the ability, she's fully qualified to join the Lin group's Board of Directors!"

Lin yanshu's words were meant for Lin youlin and Luo Wensu.

"Shut up!" Lin youlin felt an inexplicable anger rising in her heart.

The hall was silent.

Only Luo Ruyin's crying could be heard from time to time.

Ruyin, you don't have to move anymore. Tidy up the other guest room. Tomorrow ... When little 9th comes, let her stay there!

Lin youlin squinted her eyes, as if she had thought of something.

Hearing this, Luo Ruyin's tears immediately turned into laughter.

"No matter what happened in the past, we are the Masters of this place now!"

Where was the logic in asking the host to make room for the guest in the master bedroom?

Moreover, she didn't believe that a little girl could cause any waves.

From the beginning to the end, Luo Minghao didn't make a sound.

He recalled the red color ...

He was a little ...

He was looking forward to it!

Chapter 74: The pony

When Lei Jing woke up, the sky was already dark.

There was still a dazed look in his eyes that he had just woken up, but it disappeared in a flash and was quickly replaced by coldness and wisdom.

She sat up in the dark. The seat beside her was cold. It was obvious that the person in her arms had left long ago.

But very quickly, Thunder valiant beast felt something different from before.

He reached out and turned on the bedside lamp.

The room was filled with warm light.

On the bedside table, his necktie cufflinks and watch were neatly arranged.

The tie that was originally tied around his neck was also folded at the side.

A few buttons of Lei Xiao's shirt were unbuttoned, and his muscular chest was faintly visible.

He chuckled.

There was no one else like Han Xing, who had a hard mouth but a soft heart to the extreme.

He walked out of the lounge.

There was a paper bag on the coffee table with a brand new Black shirt that had been ironed.

.....

Lei Xiao unbuttoned his shirt with one hand, revealing his large pectoral muscles.

A red dot on the watch on his other hand was constantly flashing.

The red light indicated that Lin Hanxing was still in the equestrian Club.

His phone suddenly rang.

Lei Xiao buttoned his cufflinks and picked up the phone unhurriedly.

It was Yan beiming.

the matter has been settled. It's just that this time, Golden Horn's actions were too underhanded.

Yan beiming's voice carried a rare hint of anger.

Lei Xiao's deep eyes were gradually enveloped by a cold scoff. Clearly, he was also angered.

the three battlefronts of the Golden Horn sea have been monopolized by one person since ten years ago. Now, it's time to change the banker!

On the other end of the phone, Yan beiming laughed coldly.

Indeed, ten years was enough to make people forget themselves ...

.....

Lin Hanxing was in the stable.

The mute uncle was as quiet as usual, like an invisible person.

On the other hand, Lin Hanxing's cold and mocking smile grew wider.

for a businessman, risk and profit co-exist. No wonder second young master he would take the risk.

Her voice was cold and mocking.

His hand gently stroked the fierce horse with a White Lightning on its forehead.

"Tell uncle Jin to keep an eye on him."

The mute uncle nodded when he heard that. He seemed to have sensed something and looked out of the stable.

Not long after, Lei Xiao walked in from outside.

"Mute uncle, you can leave first."

Lin Hanxing didn't seem to expect that Lei Xiao would find him.

The mute uncle left quietly.

Lei Xiao walked towards Lin Hanxing.

although Qifeng is a fierce horse that is hard to tame, his son is very gentle and very suitable for Yuan Bao.

Before he could get close, Lin Hanxing took two steps back to increase the distance between them.

Hearing this, Lei Xiao looked at her with a playful expression.

“How did you know?”

He was going to pick a pony for Yuan Bao’s birthday present?

“There’s information about all the ponies in the Association on the coffee table in the VIP room.”

As if it was on guard against the Thunder valiant beast’s approach, the fierce horse called Qi Feng by Lin Hanxing began to neigh.

Lin Hanxing patted Qifeng, and it soon became obedient again.

Only his eyes were still fixed on the Thunder valiant beast.

“You didn’t bring little white with you to Jiang city?”

Looking at the fierce horse, Lei Xiao missed the Falcon in Mengsong.

Lin Hanxing seemed to have a natural affinity with animals.

Lin Hanxing glanced at Lei Xiao but did not say anything.

“This is for you,”

As if he had thought of something, Lin Hanxing passed the things he had asked the mute uncle to prepare to Lei Xiao.

Lei Xiao’s brows rose slightly, and he took it.

“This is the highest level access card in this Equestrian Club. You can send someone to take the pony away at any time.”

After a pause, she added.

“However, you must bring this card with you.”

Lei Xiao held the dark authority card between two fingers, but his eyes never left Lin Hanxing’s face.

“I have a question to ask you.”

Suddenly, Lin Hanxing’s eyes met his.

The moment he asked the question, Thunder Valiant’s expression turned subtle ...

Chapter 75: The bracelet

“Did you set up a tracking device on me?”

Lin Hanxing’s cold eyes flashed with a cold light.

Even though it was just a blink of an eye, she still easily caught the subtle change in the Thunder valiant beast's expression.

His face instantly darkened.

Without another word, he turned around and walked out of the stable.

He actually dared!

However, Lin Hanxing had only taken a few steps out of the stable when he heard the clatter of hooves behind him.

Before he could turn around, Lin Hanxing's entire body was suspended in the air!

Just like how she had saved Yuan Bao back then, Lin Hanxing was now in Lei Xiao's arms, sitting sideways on the horse's back!

"You have such a bad temper. Who else would want you other than me?"

"Thunder valiant beast ..."

Lin Hanxing looked up angrily, but when he saw the smile on his lips, the anger in his heart dissipated a lot.

Controlling the horse with one hand, the Thunder valiant beast held her in his arms with one hand.

.....

I was there when you provoked Yuan Xiaolei on purpose in the mall.

Lin Hanxing stopped in his tracks.

The horse under him stopped in place and began to eat the grass.

She didn't expect the Thunder valiant beast to find her at that time.

"I didn't expect that your first target after returning to Jiang city would be the he family."

Lei Xiao's low and hoarse voice rang in Lin Hanxing's ears.

His hand went past her waist and covered Lin Hanxing's thin wrist. There was something else mixed in his deep eyes.

What the Thunder valiant beast had covered happened to be the diamond bracelet.

my parents and he Chengyu's mother had an old relationship, so from the beginning ...

Lin Hanxing's voice had a rare hint of warmth.

my first target when I return to Jiang city is the he family.

However, her tone suddenly turned cold.

"I didn't expect that there are only demons dancing in the he clan now!"

Lei Xiao stroked her white wrist with his fingertips and didn't speak for a long time.

He didn't care about the he family.

"If you need any help in the future, you can go to the count of Starlight!"

After a long time, Thunder valiant leaned close to her ear and said this.

He couldn't be by her side all the time. There would always be accidents.

Lin Hanxing had already thought that there was a hidden agenda in the count of Starlight.

He also thought that the place was related to Thunder valiant beast.

After all, it was impossible for an ordinary person to cause a power outage so suddenly.

Just as he was thinking, he heard a very subtle clicking sound.

In the blink of an eye, his wrist loosened a lot.

Lin Hanxing lowered her head and saw that Lei Xiao had undid the diamond bracelet on her wrist.

"Look, this is how you untie the bracelet."

The Thunder valiant beast demonstrated again.

It turned out that the joint of the diamond bracelet was so well-made and hidden. No wonder Lin Hanxing did not understand it before.

"In the future, if you don't want me to locate you, then take off this bracelet."

Seeing that she had learned it, Lei Xiao added.

It was also an answer to Lin Hanxing's previous question.

Lin Hanxing glanced at him but did not mention it again.

"You're going back to the Lin family tomorrow?"

Lei Xiao re-fastened the diamond bracelet on her wrist.

On her fair wrist, the white diamond shone with a gentle light, and the design of the wild jasmine flower petals added to the beauty.

"Yes, we'll go back tomorrow. Otherwise ..." He said.

Perhaps even Lin Hanxing did not realize that she had never thought of hiding anything from Lei Xiao.

"Those people should really be anxious!"

The Thunder valiant beast's eyes darkened.

"Hanxing, no matter what, you have to remember what I said ..."

His strong and tall body trapped the petite Lin Hanxing in his shadow.

"I, Thunder valiant, will always be worthy of your trust."

Chapter 76: It was her

The next day, in the Lin family villa.

The Lin family was very lively today.

It was said that the Lin family's child, who had been missing for eighteen years, was finally coming back today.

Early in the morning, the Lin family welcomed many relatives and reporters.

Luo Ruyin, who was used to sleeping and waking up late, was pulled up early in the morning with an impatient look on her face.

we don't even know where she's been kidnapped to. What's there to welcome if she's clean or not? "

Luo Wenbo heard his little sister's mumbling and frowned slightly, but he didn't say anything.

She swept her gaze over him. Her younger brother, Luo Wensu, was standing in the corner and talking to the second young master of the he family, he zhehan, with a strange expression.

On the other hand, her uncle's only daughter, Lin Jiaojiao, was quietly accompanying her parents.

In fact, from the day he knew little 9th was coming back ...

The worry in Luo Wenbo's heart never subsided.

He had an extremely bad memory of his cousin who had disappeared from the Lin family for 18 years!

It was also because of that memory that he had ...

.....

There was an inexplicable fear.

However, eighteen years ago ...

She was only seven years old.

"Your parents have put in a lot of effort, this lineup ..."

He zhehan no longer had the cowardice he had that night. His straight suit made him look tall and handsome.

Today, he was completely here to join in the fun.

"If you can break up with that person, then do it as soon as possible. Her appetite is getting bigger and bigger."

Luo Wensu said in a low voice, a dark glint flashing across his eyes.

“You think I don’t want to?”

He zhehan snorted coldly. He had long been tired of playing with her.

she knows too much. We’re already in the same boat!

Luo Wensu and he zhehan didn’t speak for a long time.

“Your brother ...”

he’s just a piece of trash who can still breathe. Calling him a vegetable is already an honor!

He zhehan didn’t care about that person at all.

Perhaps she had been suppressed too much in the past, but when she mentioned that person, there was still a hint of disgust in her voice.

Luo Wensu fell silent.

“That woman from that night ...”

He zhehan gritted his teeth at the mention of it. The most important thing was ...

Yuan Xiaolei told me a few days ago that a woman was intentionally causing trouble for her ...

As soon as he finished speaking, Luo Wensu became impatient, clearly not interested in listening.

“I’m not done yet, don’t be impatient.”

Originally, he zhehan’s attitude was the same as his, but when Yuan Xiaolei finished speaking, the situation changed.

“Do you know who provoked her?”

Luo Wensu looked at him, waiting for an answer.

“A woman!”

“Don’t keep me in suspense, say it all in one go!”

“A very beautiful woman, a woman who drives a white Maserati Ghibli ...”

“A woman ... With a mole under the corner of her eye!”

The more he zhehan spoke, the more subtle Luo Wensu’s expression became.

When he heard the last word, a mole under the eye, his eyes widened.

“You said it was her?”

That woman who was so beautiful that she could take one’s soul away and make one unable to forget her!

“There are so many beautiful women in the world, but they drive a white Maserati and have a mole under the corner of their eyes ...”

He zhehan gritted his teeth!

“Who else could it be besides her?”

What was even more infuriating was that he, he zhehan, was considered a respected figure in Jiang city, but he was being played around by a woman!

After he came back that night, he had someone investigate her identity.

However, so many days had passed, and there was still no news at all!

Where did that woman come from? Identity information? He didn't find anything!

“Have you ever thought of looking for her through that car?”

Luo Wensu glanced at he zhehan, who looked confused.

“You mean to say ...”

her car was hit like that. It's impossible not to send it to a 4S shop.

He zhehan smacked his forehead. That's right!

How could he have forgotten about this!

As they were talking, there was a commotion in the courtyard ...

Chapter 77 shock

There seemed to be a series of exclamations?

Luo Wensu thought that his cousin who had been missing for eighteen years had returned, and was not interested in it at all.

He zhehan, on the other hand, looked amused.

He had come early in the morning to join in the fun, but now that he was back, how could he miss it?

let's go. Let's take a look at your little cousin who has turned the Lin family into a mess in just a few days. What does she look like? ”

As soon as he finished speaking, he actually pulled Luo Wensu out forcefully, regardless of whether he was willing or not.

The moment he stepped out, he zhehan's eyes suddenly widened!

Clearly, he was not the only one in such a state.

Even the pampered and proud Luo Ruyin's eyes widened in shock.

He saw a steady stream of luxury cars driving in front of the fountain in the villa's courtyard.

The drivers stopped their cars in an orderly manner, one after another!

Maserati, Porsche, Ferrari, Lamborghini, and other sports cars dazzled the eyes.

Some sharp-eyed reporters could even tell that several of them were limited editions worldwide.

.....

Even if one had the money, it would be difficult to order and buy it.

One of them was the one that Luo Ruyin had taken a fancy to but couldn't buy.

"Mom, what's going on?"

She turned around and pulled Lin youlin, who was also shocked, and her tone was mixed with a little greed.

Lin youlin did not say anything, but Luo Minghao's eyes were deep.

The luxury cars stopped in an absolutely neat manner.

Whether it was from the front or the side, they were all in a line.

It was obvious that the drivers were well-trained.

While everyone was still in shock, they saw an old man with a cold expression slowly walking over from behind.

He walked very slowly.

His gaze was like a biting cold wind, causing people to feel bone-piercing when they looked at him from afar.

Very quickly, the old man arrived in front of the carriage.

He reached out and made a special gesture, and the doors of the luxury cars opened in unison.

The driver, who also had a cold face, got out of the car silently and stood behind the old man.

All of this happened in silence and so quickly that most people didn't even have time to react.

"What's going on?"

He zhehan asked Luo Wensu, who was beside him.

Luo Wensu didn't say anything. He obviously didn't understand.

Just as Lin youlin was hesitating whether to step forward, she saw the old man's sharp eyes sweep across her from the crowd ...

He immediately felt a sense of danger!

"Just who are you people?"

Lin youlin suppressed her fear and said in a deep voice.

The old man and the people behind him didn't seem to hear him and didn't respond.

The relatives of the Lin family whispered to each other. As for the reporters, they quickly picked up the equipment in their hands to take pictures, not letting go of any scene.

Just as everyone was at a loss, the old man and his men bowed in unison toward the door.

“They are my people.”

As the cold voice rang out, a flash of red appeared in everyone’s eyes!

Her red, sleeveless pomegranate dress fluttered around her body, and her steps were light and agile.

Her chiffon was well-behaved and clung to her graceful curves. Her irregular wavy skirt was like a waterfall, following her every step ...

It stirred the hearts of people!

Her skin was as white as snow, her lips were as red as cinnabar, tender and beautiful like peonies, and her eyes were enchanting and charming.

As if to prove her words, the old man and his men walked silently behind her. They were well-trained and silent.

No one could see how much ridicule was hidden in the eyes hidden under the sunglasses.

Everyone only felt that she was smiling.

It was like a spring breeze.

However, her fair fingers took off her sunglasses, revealing a pair of beautiful cold eyes, and ...

There was a small mole under the corner of her eye.

“Aunt, I’m back!”

Chapter 78: The source is unknown

This face!

He zhehan felt as if he had been struck by lightning. He would never forget this face even if he was a ghost!

“It’s her!” The voice said through gritted teeth!

Perhaps he was too excited, he zhehan didn’t notice the dazed look in the eyes of the man next to him.

At this moment, Luo Ruyin also recovered from her shock.

Her pair of Phoenix eyes stared at the other party, and a flame was burning in her heart.

It was her!

She recognized her almost at a glance!

The one who had been pampered and doted on by his first uncle and aunt since he was young ...

The cousin who had enjoyed a life of luxury and treated gold as a toy since she was young ...

He really came back!

"Little nine!" Lin qianlin was the first to recover from her shock.

He quickly put on a smile and walked towards Lin Hanxing.

.....

"All of these are yours?"

However, when he passed by the dozen cars, he could not hide the shock in his eyes.

Lin youlin couldn't help but recall the past ...

No matter how much she investigated, her people could not find out little 9th's background ...

In the eighteen years that he had been missing, this child ...

What kind of encounter did he have?

Lin Hanxing's expression was cold and indifferent, but his eyes looked over Lin qianlin's shoulder to he zhehan, who was not far away.

Perhaps the anger on his face was so obvious that it couldn't be ignored.

The two of them looked at each other in the air. There seemed to be sparks of anger colliding, but they disappeared in Lin Hanxing's cold eyes.

Suddenly, Lin Hanxing's lips curved into a mocking smile.

It disappeared in a flash, and only he zhehan could see it.

He zhehan's head heated up immediately and he wanted to rush out!

If it wasn't for a strong force pressing on his shoulder the next second!

He turned around and saw that it was Luo Wensu's older brother, Luo Wenbo!

today is a good day for our Lin family. We can't let any accidents happen!

Although he was talking to he zhehan, Luo Wenbo's eyes never left Lin Hanxing's face.

Eighteen years had passed, and some of his memories were already blurry.

However, there were some memories that you thought you had forgotten, but in reality, they were just deposited in some part of the brain, waiting for the opportunity to reappear.

"Aunt, uncle, little uncle, little aunt, such a big welcome, I feel very ashamed!"

Lin Hanxing's gaze swept over the relatives of the Lin family and the reporters, and his indifferent expression made it difficult to guess his emotions.

little Jiu, for the past eighteen years ...

Tears welled up in Lin qianlin's eyes.

"Cousin, where did you get kidnapped to? These things can't be of unknown origin, right?"

Suddenly, a slightly acrid voice rang out.

It broke the peace that was deliberately maintained before.

Luo Ruyin was leaning against the decorative Roman Pillar in the courtyard, and Lin Jiaojiao was standing beside her with an awkward expression.

Lin Hanxing did not respond, but the mute uncle behind her raised his eyebrows.

Clearly, he was enraged!

"I thought that when I came back, my family would first ask if I had been well all these years ..."

When he said this, Lin Hanxing seemed to be smiling, but there was no sadness in his eyes.

Luo Wensu's eyes were fixed on Lin Hanxing's face.

Perhaps he had never thought that she was the little cousin who had been lost for eighteen years.

I wanted you to pick one as a gift, but it seems like I shouldn't let these things of unknown origin dirty your hands. These words were neither cold nor warm, but it made Luo Ruyin's expression instantly change.

She had never expected that she would give her one!

And it just so happened that there was one that she especially liked!

Lin Hanxing stood in place, his black hair flowing behind him like a waterfall. When he did not speak, smile, or move, he was like a painting of Jiangnan ink, making people reluctant to look away.

Suddenly, a mocking laugh came from behind him ...

Chapter 79: A joke

Lin Hanxing did not turn around, but he could recognize the person just by hearing the voice.

"You really don't suffer any losses!"

Accompanied by laughter, Yan beiming, who had left Jiang city for a few days, returned to the public's sight.

He was dressed in a white shirt and had one hand on his suit jacket. He looked like he had just gotten off the plane.

"Madam Lin is getting younger and younger."

Yan beixiao walked to Lin Hanxing's side and saw Lin youlin's handsome face, and a smile appeared on his face.

His frivolous appearance didn't make people feel repulsed, but instead, he looked suave and confident.

"Young master Yan?"

The Lin family had never expected him to come.

Who in Jiang city did not know that Yan beiming and young master Lei were friends who had gone through life and death together?

With young master Lei alone, he, Yan beiming, could do whatever he wanted in Jiang city!

"Oh, second young master he is here too?"

Yan beiming waved at he zhehan, who was not far away, his face filled with anger.

.....

the Lin and he families are really close.

Yan beixiao glanced at Lin Hanxing, unsure if he was being sincere or just pretending.

Lin Hanxing looked back at him coldly.

Yan beixiao chuckled. He felt a chill run down his spine when she looked at him like that.

"Young master Yan, you sure love to joke."

Lin youlin smiled awkwardly.

"Madam Lin, I don't dare to joke with you. If you're unhappy and find a good friend to be my stepmother, my father won't be able to take it at his age!" As soon as Yan beixiao said this, the reporters who knew what was going on could not help but burst out laughing.

Not only did the Lin family's expressions change, but even he zhehan's expression changed greatly!

Speaking of which, this was also an old story in Jiang city.

Lin Hanxin pursed her lips slightly. She obviously knew the inside story.

However, after Yan Beichen had attracted all the attention, her small action did not attract anyone's attention.

"Yan beiming, you motherf * cking ..."

Before he zhehan could finish his sentence, Yan beiming's expression changed.

She slowly pointed her index finger at he zhehan, and there was an obvious danger in her eyes.

When he zhehan saw this, he swallowed the words he was about to say.

"Second young master he is really flexible!"

Suddenly, a cold voice with obvious ridicule sounded in everyone's ears.

Lin Hanxing's beautiful eyes swept across the crowd.

Each of them had a different expression on their faces, clearly having their own thoughts.

"I'm here today to deliver something to our little cold star!"

As soon as Yan beixiao got off the plane, he was called by Lei Xiao to the Lin family.

Only then did he know that today was the day that Lin Hanxing would return to the Lin family!

At this moment, Yan beiming was desperate to know what Lin Hanxing had done while he was away.

As soon as Yan Beichen said this, everyone's eyes fell on her, each with their own thoughts.

Luo Ruyin was the first to react and sneered at Lin Hanxing.

"Don't tell me you're a kept woman?"

As soon as he finished speaking, the mute uncle, who was standing behind Lin Hanxing, made a gesture.

He saw his subordinates standing behind him rush towards Luo Ruyin at top speed.

His hands were nimble and agile!

He was about to reach her.

"Everyone stop!" He heard Lin Hanxing say calmly.

Everything happened in an instant, and Luo Ruyin was so scared that her face turned pale.

"What should be said and what shouldn't be said ..."

Lin Hanxing glanced at Luo Ruyin's pale face, as if he did not see Lin youlin's gloomy eyes.

"You must think carefully before you speak!"

Although it was not the first time Yan beiming had seen Lin Hanxing like this, it was definitely his first time seeing him up close!

"After all, life ..."

"Only once!"

Lin Hanxing's voice was calm, but it strangely struck everyone's heart ...

Chapter 80: A thank you gift

There was complete silence.

It had been a long time since Luo Ruyin had been humiliated like this. After a brief moment of fear, she was furious.

However, when she met that pair of beautiful eyes that were as cold as ice, her body's instinctive reaction was that her knees went soft.

The next moment, her older brother Luo Wenbo stood in front of her.

"Cousin, Ruyin is still young and insensible. Don't bother with her."

As soon as she finished speaking, she heard a sneer from Yan beiming's side.

"It's true that heroes don't care about their origins and make a scene regardless of their age."

If they could not tell that this was a sarcastic remark, then the Lin family would have lived in vain for so many years.

Luo Ruyin's face turned red and blue as she glared at Lin Hanxing.

She would remember all the embarrassment and ridicule she had suffered today on her, and sooner or later ...

She wanted to get back at her with interest!

Yan beiming had wanted to say something sarcastic, but he heard the man's deep voice through the Bluetooth Earphone.

Yingluo has played enough?

.....

He hurriedly put on a serious face, not daring to delay for even a moment.

Yan beixiao stretched out his hand and snapped his fingers, and a group of people appeared in an orderly manner.

yesterday, miss Lin helped out and saved Yuan Bao. Mr. Lei is very grateful. Today, he asked me to send you a gift of thanks.

Mr. Lei, who was able to invite Yan beiming to make a trip and was so generous ...

Besides young master Lei, who else could it be?

Many of the people present did not know what had happened at the horse farm yesterday.

However, those who knew the truth were whispering, and the news of yesterday's incident quickly spread.

Lin Hanxing watched as the people Yan beiming had called over came in one batch after another, all of them carrying things in their hands.

Whether it was clothes, jewelry, or ...

Very quickly, Lin Hanxing noticed that something was wrong.

She seemed to have seen all those clothes and shoes before on the day when she deliberately provoked Yuan Xiaolei!

don't reject him. He's very rich, so you have to help him spend as much as you can!

Yan beixiao smiled cheekily and lowered his voice.

"Why should I spend his money?"

Lin Hanxing said in a neutral tone.

"These things would be useless if they were left with him. It took me so long to buy them, and I finally took the chance to ..."

Before Yan beixiao could finish his sentence, his expression suddenly turned strange.

In the eyes of others, he looked like he was in pain.

"I was wrong, alright? I just F * cking came back, don't give me any trouble!"

He turned his head and whispered, but it was enough for Lin Hanxing to see that he was wearing a Bluetooth headset.

"Give it to me,"

Lin Hanxing extended his hand to Yan beiming.

The corners of Yan Beichen's lips stiffened, but when he met her beautiful eyes, he compromised.

"Little Hanxing wants to talk to you."

After giving some instructions to the person on the other end of the phone, he took off the Bluetooth headset and put it in Lin Hanxing's hand.

Lin Hanxing put on his Bluetooth headset.

Her long hair fell down to cover the traces.

Yan beixiao perked up his ears to listen, obviously very curious.

They waited for a long time, but Lin Hanxing did not speak.

In fact, Lin Hanxing did not know what to say.

On the other end of the phone, Lei Xiao seemed to have felt her struggle.

After handing the signed document to Special Assistant Anthony, he signaled the latter to leave with his eyes.

"You've been ... Listening?"

After a long time, Lin Hanxing finally spoke.

A muffled laugh came from Thunder Valiant's side.

yes, it's not convenient for me to appear in this kind of occasion.

"These things ..."

Lin Hanxing looked at the endless stream of things being sent in. Did he just empty the entire mall?

little Hanxing, don't doubt it. If you wanted gold back then, he could have bought you a mine!

Yan beiming cut in at the right time to mock Lei Xiao.

"You ... Don't like it?"

On the other end of the phone, Lei Xiao's voice sounded hesitant.

Other than his family, he had never bought anything for a woman before ...
