

## Goodnight 811

Chapter 811: What an old fox

In the past, she would be called a tea professor.

He couldn't say it openly.

How could she be compared to a real socialite like their Ming Mei!

However, the entire Lei family treated a weed as a treasure as if they were blind.

Han Boming couldn't help but criticize.

Lei Yu glanced at him and felt Han Boming's contempt for Lin Hanxing.

His eyes darkened.

On the other hand, Lin Hanxing, who was sitting in front of the tea set, was calm and composed.

"Old Lei, you don't know how amazing this girl is."

Han Boming took advantage of Lin Hanxing's boiling time and said.

For a moment, he couldn't tell whether it was a compliment or a derogatory one.

If it was an ordinary person, their first reaction would be to ask how amazing it was.

Han Boming's following words would make sense.

However, this Lei Kangnian was someone who did not play by the rules. His deafening laughter suddenly rang out in the Lei family.

Han Boming laughed so hard that he was confused.

What did he mean by 'I'm proud'?

There's a rare rumor in Jiang City today. I wonder if Lin 'er has heard about it?"

Interrupted by Lei Kangnian's smile, Han Boming's words curved around his mouth and brought up another matter.

The water was already boiling, and there was a white mist lingering around it.

Lei Jue could tell that Han Boming's words were wrong. Just as he was about to speak, his second brother, Lei Cong, stopped him.

It's rare for Jiang City to change its ways 365 days a year.

Lin Hanxing did not even look up.

Her long eyelashes were slightly closed, and there was an indescribable calmness.

"I'd like to hear what new things Mr. Han can bring today."

As he spoke, he took a small teaspoon and put the tea in the pot.

He was happy and content.

“The murderer who was taken away from the Lin family yesterday ...”

When han boming said this, he looked up at Lin Hanxing. Seeing that her expression remained unchanged, he sneered in his heart.

“Oh, I should say, little Lin, your cousin ...”

“He’s gone crazy,”

There was a moment of silence in the living room, and even Lei kangnian stopped smiling and looked at han boming.

For a time, the atmosphere was very strange.

Only Lin Hanxing was calm and composed, not even affecting the movements of his hands.

The sound of water splashing could be heard.

In an instant.

The fragrance of the tea filled the air.

The fragrance assailed his nose.

Lin Hanxing then raised his head and smiled at father Lei.

“Is that so?”

These words were directed at han boming.

At this time, han boming didn’t react for a long time, and his eyes fell on the tea set in front of Lin Hanxing.

This elegant tea fragrance made one’s lips and teeth taste sweet.

What kind of tea was it?

It’s so fragrant?

Han boming was confident that he had done a lot of research on tea tasting, and he often used this matter to mock Lei kangnian.

Even he could not figure out what Lin Hanxing was soaking in.

It was as if ants were crawling across his heart.

He didn’t want to ask, so he could only bear with it.

“It’s clear that people can’t do any bad things ...”

Lin Hanxing said as he poured the tea into a celadon bowl.

The pitter-patter of the water, the fragrance overflowing.

“Otherwise, I don’t know when retribution will come.”

With her white fingers, her every move was beautiful.

“Mr. Han, don’t you think so?”

Lin Hanxing chuckled and returned Han Boming’s provocation without batting an eyelid.

Bringing up Luo Ruyin’s matter in front of the Lei family was firstly to add to her troubles, and secondly to test if the Lin family’s actions would affect the Lei family’s attitude towards her.

If it was an ordinary wealthy family, they would have lost face long ago with such a daughter-in-law.

But unfortunately ...

The Lei family was not an ordinary family.

This was really an old fox.

He had silently come up with such a move to sow discord.

Lin Hanxing thought with a smile.

Chapter 812: It’s his family’s business to discipline his son however they want

Han Boming was choked by her words and couldn’t say a word for a long time.

Lei Jue looked at his second brother, Lei Min.

Fortunately, he didn’t say anything just now, otherwise, he might have made things worse.

Lin Hanxing didn’t care about Han Boming’s reaction when he heard what he said and quickly poured the tea.

“First aunt ...”

Yuan Bao snorted twice, his mouth full of greed.

Lin Hanxing’s hands paused.

He tilted his head and looked at Yuan Bao. Although he was still smiling, his eyes were indifferent.

Yuan Bao immediately knew where he had gone wrong.

She jumped off the sofa with her short legs and ran to Lei Kangnian with the small teacup.

“Grandpa, have some tea.”

Her little mouth was so sweet that it was as if it had been coated with honey, making people feel happy.

Han Boming took in the entire scene and was slightly shocked.

Others might not know how much the Lei family doted on Yuan Bao, but how could he not?

In front of the Lei family, that girl surnamed Lin dared to discipline Yuan Bao?

And from the looks of the Lei family, they didn't think there was anything wrong with this.

What kind of magic potion did this girl give them?

If Yuan Bao's father, the fourth young master of the Lei family, Lei Jue, could hear what Han Boming was thinking, he would definitely sneer.

It was his family's business how his sister-in-law would discipline his son.

What did it have to do with this old man Han?

Seeing Yuan Bao like this, Lin Hanxing's expression softened.

A shiny piece of candy appeared in her hand.

It looked like a glass marble, with white jasmine petals sealed inside.

Lin Hanxing threw it into the teacup.

Yuan Bao's sheep-like face immediately revealed a dog-like smile. He ran back to Lin Hanxing and snuggled into his aunt's arms, not at all unhappy with her discipline.

Han Boming picked up the teacup to cover up the corners of his mouth.

But ...

He lowered his head and looked at the amber-colored tea in his hand.

Wasn't the fragrance of this tea a little too alluring?

Just as he was about to drink, Yuan Bao suddenly let out a 'wow', arousing his curiosity.

Han Boming followed her gaze ...

A glance.

He was stunned.

The glass-like sugar cube that Lin Hanxing had thrown into the cup earlier had completely melted.

The White Jasmine slowly bloomed in the cup.

It was like a dream.

Hmph, they're just some cheap tricks.

Han Bowen thought to himself as he took a sip of the tea.

In an instant, his eyes widened!

The tea ...

He held it in his mouth and was reluctant to swallow it.

He allowed the taste to gather and spread on his taste buds.

“This tea ...”

He looked at Lin Hanxing with hesitation.

He had a vague answer in his heart, but he was not sure.

Ever since he became rich, Han Boming had only two hobbies.

One was tea.

The second was antique calligraphy and painting.

It had not changed for so many years.

It was also because of this hobby that he had fallen for Fu Ruixiang at first sight and had tried his best to get it.

He didn't expect that he would be exposed by a little girl.

Lin Hanxing did not seem to hear her and continued to sip on his tea.

He had a calm and composed look.

The happiest of them all was naturally Yuan Bao. He took advantage of his uncle's absence and snuggled into his aunt's arms, feeling as happy as he could be!

first aunt, for little grape ...

Her large eyes, which had distinct black and white, were as likable as they could be.

He tugged at Lin Hanxing's sleeve and shook it.

Little grape would definitely like that sugar ball.

Like magic, Lin Hanxing took out another four or five.

“Cough cough, Lin family's girl, this tea ...”

Seeing that Lin Hanxing was ignoring him, Han Boming coughed twice to attract her attention.

Chapter 813: It's fine if you don't hit the face, but once you do, it's shocking

Lin Hanxing slowly placed the transparent floral candy ball in Yuan Bao's hand, then looked up at him.

“Mr. Han, where do you feel uncomfortable?”

Her voice was rather cold, completely different from when she spoke to the Lei family.

Her seaweed-like hair was spread out behind her, making Lin Hanxing's eyes look even more distant and cold.

Upon hearing this, Han Boming was somewhat embarrassed.

"I want to ask what's the origin of this tea?"

Hearing this, Lin Hanxing smiled and looked at Han Boming.

"18 aged tea leaves from the Longjing Imperial front. It doesn't taste very good. I just brought it for father Lei to drink."

The moment she finished speaking, Han Boming almost dropped the teacup in his hand!

What did the Lin family's girl say?

The eighteen aged tea trees in front of the Emperor? And it was just for Lei Kangnian to drink?

Lei Xiaosi, Lei Jue, lifted his teacup and smirked as he exchanged glances with his second brother.

Although he felt that it was a little unkind.

But why did this feeling of slapping his face feel so good?

"Hehe."

Han Boming's laughter sounded a little dry.

"Lin girl, you're really good at joking."

While Han Boming was talking, father Lei sat on the side and drank his tea calmly, as if he hadn't heard anything.

Lin Hanxing glanced at Han Boming with a strange look.

"I don't like to joke with people I'm not familiar with."

"....."

Lei Jue pursed his lips tightly to prevent himself from laughing out loud. He really hoped that his big brother would see this scene.

Sister-in-law was really amazing!

"Are these really the eighteen Imperial trees?"

Han Boming first looked down at the small cup of tea in his hand, then looked up and around, and suddenly stood up!

Even his expression became excited!

As the saying goes, the rarer something is, the more precious it is.

One must know that the 18 Longjing Imperial front trees could only produce 200 grams a year, which was priceless!

Even if you had a lot of money, you might not be able to get into the top ranks.

The production was already low, and they had to send it up, so the rest was even less likely to be distributed to them.

Back then, he couldn't even get old tea even after begging his grandfather and grandmother.

Now, this girl from the Lin family was telling him that he was drinking the eighteen Imperial front trees that he had dreamed of drinking!

How could he not be shocked?

Just now, he had ridiculed her for drinking old tea, and now karma had come too quickly for him to guard against.

Lin Hanxing didn't even look at Han Boming. He just reached out to refill father Lei's cup of tea.

Compared to the calmness of the Lei family, Han Boming knew that he was too excited, but he really could not control himself!

These were the 18 trees in front of the Emperor!

"Mr. Han, you're too excited."

Lin Hanxing's tone was calm, but it only made Han Boming more excited.

Han Boming sat down again.

He looked at Lin Hanxing with a strange expression.

Who was she?

This was something that money couldn't get, and she actually had it?

Then, she recalled how she was able to identify Huang Tingjian's genuine work with a single glance, and the Lotus cauldron with a plain crown that she had given to elder Lu ...

What was she ...

Thinking of the White-crowned Lotus cauldron, Han Boming's excited heart calmed down a little.

This was the most important purpose of his visit today!

But ...

Han Boming held the tea in his hand and couldn't bear to continue drinking it.

With just one sip, he had finished a house in the school district in a good area of Rivertown!

Han Boming looked at Lei Kangnian with resentment in his eyes.

How much kindness did he accumulate in his previous life to be so blessed?

His four sons were all Dragons among men, and now even Lin Xiaojie could anger him to death!

Chapter 814: Probing both openly and secretly

As he thought about it, Han Boming's expression was dark and gloomy.

Even if he was unwilling, he had to endure it.

"Hehe, I was indeed too excited."

After calming down a little, Han Boming put on the sly smile of an old fox.

Lin Hanxing retracted his gaze.

"A-Qing, why did elder Zheng suddenly come to Jiang city?"

Han Boming asked Lei Jing casually as he savored the fragrance of the tea.

Lei Yu's eyes darkened and he smiled.

"Uncle Han, you know my master's temper."

"I can control where he wants to go,"

Lei Jing had obviously prepared this speech long ago and was just waiting for Han Boming to speak.

Thanks to his big brother's reminder this morning.

What happened last time was Uncle Han's fault. If elder Zheng's health was affected because of this, I wouldn't be able to pay for it even if I died a thousand times! Han Boming looked guilty, and his eyes fell on Lin Hanxing.

If not for her, elder Zheng would not have lost his temper.

Lei Yu smiled but did not say anything.

"Why did I hear that the one above is here?"

Seeing that Lei Qian didn't say anything, Han Boming was a little anxious, but he still put on a strong front.

"Uncle Han, I don't know."

At this point, if Lei Min continued to play dumb, it would not look good, so he might as well speak directly.

Even if he knew, he would not tell him.

Ah, don't blame your Uncle Han for overthinking. After all, elder Zheng and elder Yue are special. With the relationship between our families, if you have any inside information, you must tell your Uncle Han.

Han Boming began to play the emotional card.

Lin Hanxing listened quietly and finally understood why Han Boming was willing to spend 20 million to buy an uncrowned Lotus cauldron.

This flower ...

In fact, it was the one that the higher-up liked!

It was no wonder that Han Boming was willing to pull a long face today.

One was to gather information.

The second reason was for the Lotus cauldron in her hands.

“Old Han, what is the White crowned Lotus cauldron you mentioned before?”

Father Lei suddenly said.

He temporarily changed the topic.

Upon hearing this, Han Boming looked in Lin Hanxing’s direction with an ambiguous look.

“This uncrowned Lotus cauldron is the best among the orchids.”

After briefly explaining the rarity of this thing to Lei Kangnian, Han Boming became more and more excited.

do you know that the Lin family’s girl casually gave the Lu family tens of millions?!

At the end, Han Boming added this sentence.

The price of one stalk was enough to exchange for two houses with an ocean view, not to mention that Ming Mei had returned from the Lu family home and had given him four whole stalks!

It was not an exaggeration to describe it as priceless.

Han Boming originally thought that after hearing this, the Lei family would be somewhat resistant to this girl surnamed Lin. After all, who could stand having such a spendthrift daughter-in-law?

However, after waiting for a long time, there was no response from the Lei family!

Little did he know that in the eyes of the Lei family, anything that belonged to the cold star belonged to them. It was her freedom to give it to whoever she wanted to. Besides ...

In the eyes of father Lei, the head of the Lei family, a daughter-in-law was to be pampered and pampered!

Whatever his wife said or did was right!

I won’t accept any rebuttal!

Lei Kangnian had laughed at his eldest son for a long time when Han Xing gave Lei Xiao pocket money!

Therefore, the things that Han Boming could not accept were not a big deal to the Lei family!

Wife is the most important person in the world!

A man should be responsible for making money to support the family, and a wife should be responsible for being beautiful.

It was only natural!

However, when he heard that the uncrowned Lotus cauldron was an orchid, Lei Xiaosi's expression became a little strange!

Chapter 815: Such an expensive ... Ashtray

It was as if there were thorns under his butt, and he was restless.

He seemed to have thought of something and subconsciously looked at Lin Hanxing, who was still holding Yuan Bao in his arms.

Then, he turned his head toward the stairs of the villa.

The process repeated.

As if sensing Lei Jue's gaze, Lin Hanxing raised his head and looked at him indifferently.

Lei Jue didn't say a word and asked with his eyes.

Seeing his expression, Lin Hanxing couldn't help but smile.

He then nodded at Lei Jue in an almost inaudible manner.

Lei Xiaosi's entire person instantly felt terrible!

"From what Mr. Han said, it seems like you're feeling sorry for me."

Lin Hanxing said nonchalantly as he looked away from Lei Jue, who had a bitter expression on his face.

that's right. You've even sent him to the Lu family. Our old Lei ...

Han bombing immediately dug a hole for Lin Hanxing.

He looked at Lei kangnian and sighed. His half-joking tone made it seem like it was not good to take him seriously.

"Who told you there isn't?"

As he spoke, Lin Hanxing suddenly started laughing.

Just as han bombing was feeling proud, he was a little stunned when he heard Lin Hanxing's words.

The hand holding the teacup froze.

in Mr. Han's eyes, things that seem so precious might just be a pile of waste in the eyes of others.

Lin Hanxing said these words leisurely.

"Daughter-in-law, you mean our family ..."

Lei kangnian was shocked when he heard Lin Hanxing's words.

At this moment, Lei min also seemed to have thought of something. He looked towards the stairs with surprise in his eyes.

So, second brother had finally noticed ...

Lei Jue's heart finally felt better.

"It's the one that's blooming at the corner of the stairs."

Lin Hanxing said indifferently.

Han Boming, who had just sat down for a short while, suddenly stood up in shock again!

What did that Lin girl just say?

Han Boming threw the cup on the coffee table and ran to the stairs of the Lei family's house.

Soon, he came downstairs with a pot of blooming orchids.

He was so excited that his fingers were trembling!

This one at home is older than the one I gave to old Mister Lu. According to Mr. Han's calculations, this one here would probably cost over 80 million.

Lei Kangnian was petrified when he heard the price!

She raised her head and looked at her daughter-in-law in confusion.

Did she just say that this pot of grass-like thing was worth 80 million Yuan?

Every time, he would pour the remaining tea leaves into the pot ...

"What a waste of heavenly resources! What a waste of heavenly resources!"

Han Boming looked at the root of the orchid with heartache. He didn't know whose hands were full of cigarette butts there!

The fourth child of the Lei family, Lei Jue raised his hand weakly in his heart.

Out of habit, he threw his cigarette butt into the room when he went downstairs.

He only treated it as an ashtray ...

That was such an expensive ... Ashtray!

Lei Min supported his forehead with his hand. He was seriously considering what other surprises his sister-in-law could bring them. At least, from the day she returned until now, even he himself had not noticed it ...

The pot of unremarkable-looking orchids at the top of the stairs was actually the legendary plain-crowned Lotus cauldron!

Han Boming had never been so heartbroken before!

When he first found out that the old man above liked it, he went to Yunnan and offered 20 million Yuan, but no one was willing to sell him one! 20 million! That was a whole 20 million!

But now, he was being used as an ashtray in someone else's house!

Who wouldn't be heartbroken?

After hearing Han Boming's words, the Lei father and son had a rare guilty expression on their faces.

Lin Hanxing, on the other hand, had a calm expression on his face from the beginning to the end.

Chapter 816: Aren't you embarrassed to not pay?

that ... Sister-in-law, why don't you tell us what else is in the house ...

Lei Jue's eyes scanned the living room of the Lei family's Villa as if he was looking for treasure.

Hearing this, even Lei's father, Lei Kangnian, couldn't help but nod!

Lin Hanxing did not say anything, but he turned to look at second young master Lei, Lei Qian.

"Sister-in-law, are you trying to test my judgment?"

There was a helpless expression on Lei Yu's handsome face, and he pretended not to see the light smile in Lin Hanxing's eyes.

Han Boming raised his head in shock.

Who was this Lin Xiaojie?

He drank the eighteen Imperial trees and planted the plain-crowned Lotus cauldrons. These were all things that burned money!

Where did she, an orphan who had been missing for eighteen years, come from?

Lei Min looked around helplessly. He didn't know before because he didn't look carefully, but now, one look was enough to make him look surprised.

The overall structure of the family had not changed.

The changes were made in places that others would normally not notice.

"The blue sky glazed kiln of the Northern Song Dynasty?"

Lei Yu stood up abruptly. His usual indifferent and distant expression was replaced by an unconcealable surprise.

"A blue-and-white flower pattern plate from the Shunzhi period of the Qing Dynasty?"

"A white-glazed flower vase from the Dingyao kiln of the Song Dynasty?"

.....

"....."

"....."

The father and son of the Lei family sat on the sofa. The more they listened, the more stiff their expressions became.

Papa Lei thought, "that vase sounds expensive, but it's hiding his money!"

Lei Xiaosi thought, "that night, when he was drunk and broke one of the mother and son bottles, will big sis-in-law ask him to pay for it?!"

As for han boming, who was obsessed with antique calligraphy and paintings, his eyes widened in disbelief.

He looked at Lin Hanxing subconsciously.

She was sitting lazily on the sofa with a cold expression on her delicate face. Only when she was interacting with the guinea pig in her arms did there be a little warmth in her eyes.

Lin Hanxing seemed to have noticed han boming's gaze and looked up.

The moment their gazes met, she was the first to smile at him silently.

However, only the two of them knew how mocking that smile was.

Lei kangnian looked at his second son, who was looking around the house as if he had discovered a new world, and he couldn't help but feel his heart ache for Lei Xiao!

His daughter-in-law seemed to be very rich!

But his ah Xiao didn't seem to have any other good points that girls liked besides being good-looking and rich!

One day, would his daughter-in-law get tired of his ah Xiao?

"Hehe."

Being stared at by Lin Hanxing like that, han boming couldn't help but laugh dryly.

However, when his eyes swept over the pot of White-crowned Lotus cauldron in his hand, which was still blooming with elegant flower buds, a strong desire appeared in his eyes!

Lin girl, that day at the Lu family, you personally told our mingmei that if I came to look for you, you would give it to me for free!

When he heard Ming Mei say this at home, han boming didn't care at all.

He even mocked Lin Hanxing.

Now, han boming had said this shamelessly, which was no different from slapping himself several times!

"I think this pot is quite good."

Lin Hanxing raised an eyebrow.

This han boming was not polite at all. He said he would give him the plain crown Lotus cauldron worth eighty million Yuan, and he wanted her to give it to him.

“Han, are you embarrassed to not pay?”

Mother Lei, who had gone to the morning market with mother Chen, came in and said this to Han Boming!

This shameless old man even took advantage of their daughter-in-law!

Chapter 817: A cow chewing on peony

Hearing Zhong Nanyin’s voice, Han Boming only felt a headache.

Back then, he had already looked down on her.

Zhong Xueqing had good looks and a good figure, even her words were gentle and polite.

Even if the Zhong family had been unkind when the Lei family was in trouble ...

However, that was the decision of the head of the Zhong family, and he could not blame Zhong Xueqing.

It was just that Zhong Nanyin had taken advantage of him.

Even if he had a lot of dissatisfaction in his heart, in front of Lei Kangnian, Han Boming could only suppress it.

Moreover ...

The most important thing now was to settle this pot of uncrowned Lotus cauldron in front of him!

Han Boming chose to ignore what mother Lei said.

Since he had made up his mind to be thick-skinned, he might as well not give up until he achieved his goal!

“Old Lei, you say ...”

As he said that, he actually wanted to bypass Lin Hanxing and directly settle this matter!

Lin Hanxing did not get angry, he just patted Yuan Bao’s little sheep hoof.

Yuan Bao looked up with his fair and delicate little face, his big eyes darting around.

Lin Hanxing smiled.

“Grandma ...”

Yuan Bao slid down from Lin Hanxing’s knees and pounced into the arms of mother Lei, who was about to defend Lin Hanxing.

Mother Lei was taken aback.

She subconsciously looked in the direction of her precious wife.

However, Lin Hanxing blinked at her with a smile in his eyes.

“Mother Lei, come and have some tea.”

Lin Hanxing’s voice resounded in the hall, and he subconsciously diverted Han Boming’s topic.

It made him miss the best opportunity to pursue victory!

Mother Lei immediately handed the food in her hands to Mother Chen and pulled Yuan Bao to sit beside Lin Hanxing.

Lin Hanxing handed him a cup of tea almost at the same time he sat down.

The teacup was obviously bigger than the others’.

It was just nice.

It was neither hot nor cold.

It was just nice to quench his thirst.

Mother Lei immediately downed a huge glass.

A cow chewing on a peony!

A cow chewing on peony!

Han Boming immediately cursed in his heart, feeling heartache!

These were the 18 trees in front of the Emperor!

Did she, Zhong Nanyin, think that she could go to Jingyang Ridge to fight the Tiger after drinking three big bowls?

This gurgling sound was all about money!

Lei Jue chuckled.

Sister-in-law really knew how to add fuel to the fire.

Looking at old man Han’s pair of eyes, he was so envious that he was about to spew fire.

If Lei Jue was still worried that Lin Hanxing would be at a disadvantage, he was not worried at all now.

Not only was he not worried.

He still wanted to see how this old man from the Han family would suffer!

Lin Hanxing took the cup of tea when he saw that Mother Lei was almost done.

When he handed it over again, the tea had been changed to a relatively warm one, just enough to warm his hands.

“I can’t make the decision for this girl’s things.”

Father Lei had a determined smile on his face. After he asked Lin Hanxing with a calm look, he finally spoke.

“Old han, why don’t you go and beg her yourself?”

These words more or less carried the air of a Bandit when he was young.

When han boming heard the word ‘beg’, his brow bone twitched.

Who was Lin Hanxing?

Did she still need him to beg her?

Since he had already opened his mouth, if she had any sense, she should have immediately agreed.

Why would they need to make the situation so awkward?

Thinking of this, han boming was annoyed. Just as he was about to exert his aura, he looked up and was instantly stunned.

Lin Hanxing was looking at him.

His indifferent and distant eyes made it impossible to tell whether he was happy or angry.

For a moment, han boming couldn’t understand what she meant.

Suddenly, Lin Hanxing laughed.

It was brilliant.

Even at han boming’s age, he still couldn’t come back to his senses for a long time.

I have long heard that the Lei and han families of Jiang city are old friends. Now that I see it, it is indeed true.

Lin Hanxing glanced at han boming.

“Mr. Han really doesn’t treat himself as an outsider.”

Chapter 818: You have a good plan, I have a bridge ladder

Upon hearing this, han boming’s expression froze.

At first glance, there was nothing wrong with these words, but if one carefully thought about it ...

There was clearly sarcasm in his words!

Just as he was about to flare up, Lin Hanxing’s smile disappeared. He raised his hand and gently caressed the pot of orchid leaves from the plain-crowned Lotus pot on the coffee table.

It was as cold as water.

Han boming swallowed the reprimand he was about to say!

Let’s not even talk about the way Zhong Nanyin was staring at him like a tiger watching its prey.

It was as if as long as he said anything bad about this girl surnamed Lin, he would be in trouble!

Only the heavens knew that Lei kangnian had pampered Zhong Nanyin so much all these years!

Furthermore, there were the four sons of the Lei family!

Han boming secretly took a deep breath.

Even if it was for this pot of plain crowned Lotus cauldron worth eighty million Yuan, he would endure it!

But ...

Han boming looked at Lin Hanxing and sneered in his heart.

Even if that girl surnamed Lin looked down on him and squeezed him, she still had to obediently give that thing to him!

Not giving?

Hehe, he had already lost all his face anyway.

Then she might as well turn him upside down until she agreed!

“Lin girl, you’ve said it yourself, so you should keep your word, right?”

“Don’t tell me, I still want our Ming Mei to come and confront you?”

As he thought about it, han boming calmed down and smiled like an old fox who was determined to win.

I, Lin xiaojiu, naturally mean what I say.

Lin Hanxing’s voice was cold. His fair hand moved away from the petal and looked at han boming.

Mother Lei’s expression changed. She was afraid that she would be at a disadvantage.

On the other hand, father Lei, who was still drinking tea, glanced at his wife and told her to calm down.

Hearing Lin Hanxing’s words, han boming was overjoyed.

“Then I’ll thank ...”

“Mr. Han, don’t be in a hurry to thank me.”

Lin Hanxing interrupted han boming lazily, and the latter’s expression suddenly changed.

Was Lin xiaojiu toying with him?

After saying that, Lin Hanxing whispered into mother Lei’s ear.

Mother Lei’s eyes, which were initially unhappy, lit up.

Soon, mother Lei called for the Butler to follow Lin Hanxing’s instructions.

Everyone’s eyes fell on the two of them, not knowing what kind of riddle the mother and son were talking about.

Han boming stared at Lin Hanxing’s face.

He tried to find some clues from it.

However, no matter how he looked, he could not see any flowers on her already smooth and delicate face.

When the Butler reappeared, he had a gardener with him.

The gardener was holding tools and empty flower pots in his hands.

“Let’s start.”

Lin Hanxing’s cold eyes did not even look at him as he spoke indifferently.

Start?

Han boming’s smile froze on his face. What start?

What was she trying to do?

A bad thought immediately flashed through his mind.

While he was hesitating, he saw that the gardener had already taken out his tools and was about to lay his hands on the pot of uncrowned Lotus cauldron!

“Stop!”

Han boming suddenly got up and shouted at the gardener.

Caught off guard, the gardener’s hand trembled in fear, almost destroying the bud in the middle.

Han boming’s heart trembled when he saw this!

He even had the heart to eat people!

“Lin girl, what’s the meaning of this?”

Han boming couldn’t care less about his manners and pointed his finger at her nose.

Lei Xiaosi and Lei Jue were immediately unhappy.

The person that his big brother had been protecting so dearly, why should she be angered by this rotten old man?

Just as she was about to make things difficult for him, Lin Hanxing spoke up in a neutral tone.

“I’m just following Mr. Han’s instructions to fulfill my promise, right?”

A pair of beautiful eyes fell on han boming’s face.

What did this mean?

Chapter 819: Little fox versus old fox

Lin Hanxing said with a faint smile.

She was born extremely beautiful, and when she smiled, it was even more captivating.

First aunt is so pretty ...

Yuan Bao, who was originally holding a big red apple and was about to stuff it into his mouth, suddenly did not hold it ...

The Apple rolled on the ground.

The Butler stooped down to pick up the Apple and put it back on the coffee table.

“Is this how you keep your promise?”

Looking at the calm Lin Hanxing in front of him, han boming’s voice suddenly rose a few pitches!

Lin Hanxing raised his eyebrows.

Han boming and han mingmei were indeed father and daughter. Even their expressions when they were angry were so similar.

“I am indeed fulfilling my promise.”

Lin Hanxing repeated clearly with an attitude that would infuriate people to death.

He wasn’t being fussy with her words!

“Didn’t miss han make it clear to you?”

Lin Hanxing pretended to be surprised, but his eyes were calm. It was obvious that the surprise was just an expression on his face.

“What?”

Han boming felt that there was something wrong with this.

“My exact words were ‘if you like it, ask Mr. Han to come find me, and I’ll give him one for free .’”

Lin Hanxing looked innocent as he said this.

She was as cunning as a little fox.

Han boming was dumbfounded, and the fingers pointing at her trembled.

Father Lei held his teacup to cover his smile.

As her daughter-in-law, he would not let her suffer any losses.

“I’ll fulfill my promise and give Mr. Han the best one in this pot of uncrowned Lotus. What’s wrong with that?”

Lin Hanxing asked han boming in return.

Han boming, who couldn’t react for a while, was stunned.

Seeing that he was not saying anything, Lin Hanxing shot the gardener a cold look.

The gardener, who had been frightened by han boming just now, had now regained his calm and continued to attack.

stop, stop, stop!!!

At this time, han boming didn't care about his face and hurriedly stopped him loudly!

For a moment, the atmosphere became strange.

Han boming's eyes were fixed on Lin Hanxing.

A pot of uncrowned Lotus growing so well, whether it was the structure of the pot or the shape of the bud, it could be called the best of the best!

One point more would be full, one point less would be empty!

It could be seen that the person who matched it had put a lot of thought into it!

If such a high-quality pot was to be divided into pots, let's not talk about whether the one dug out would be able to achieve the visual effect of this pot. If the roots were damaged, there was no way to save it!

"What's wrong? Mr. Han doesn't want it anymore?"

Lin Hanxing's voice was soft and gentle when he heard that.

In the ears of the Lei family, it was an indescribably pleasant sound.

However, when han boming heard it, it burned a raging fire in his heart!

"We can't split!"

These words were squeezed out of han boming's clenched teeth!

"What did Mr. Han say? I didn't hear you clearly."

Lin Hanxing rubbed his ears and asked again.

Lei Jing and Lei Jue looked at each other and saw the same smile in each other's eyes, but they did not show it on their faces.

That sly old fox wanted to scheme against their sister-in-law ...

Hehe.

I said we can't share!!!

"But how can I give it to Mr. Han if we don't share?"

Lin Hanxing's delicate little face had an expression that said 'I don't know what to do'.

In han boming's eyes, it really made him furious!

"Surnamed han, it's all for nothing anyway, why are you so calculative!"

Mother Lei interjected at the right time and shot a look at the gardener, who was about to attack again!

“I’ll buy it!”

Han Boming was so anxious that his forehead was covered in sweat!

Chapter 820: There’s no room for discussion when I’m tricking you

Upon hearing Han Boming’s words, a glimmer of light flashed in Lin Hanxing’s eyes.

“Mr. Han just said you’re buying?”

She tapped her fingers lightly, her voice emotionless as she sat there as steady as Mount Tai.

There was an indescribable aura that spread from Lin Hanxing’s bones.

It was really not something to be underestimated.

Lei Yu looked at the small movements of Lin Hanxing’s fingers and thought that he had the same habit as his big brother.

“I’ll buy it!”

It was still the same sound of gritting teeth.

If Han Boming still didn’t know that he had fallen into this girl’s trap, then he would have lived in vain all these years!

But ...

His eyes were fixed on the pot of uncrowned Lotus cauldron in front of him with an evil look.

He couldn’t accept this!

He was really not willing to let this pot of top-grade food slip away from his hands!

Upon hearing this, mother Lei tried her best not to burst out laughing.

Who would’ve thought that one day, they would see Han Li suffer such a loss?

However, mother Lei didn’t know that ever since Han Boming came to the Lei family this morning, her precious daughter-in-law hadn’t even let Han Boming find a place to hide his face!

The face-smacking came too quickly, like a tornado!

Unable to leave the storm and unable to escape!

“Since Mr. Han is so forthright, I’ll give you the lowest price for the sake of your parents.”

Lin Hanxing’s attitude naturally changed since he was here for business.

Han Boming didn’t say anything.

Until now, he still didn’t know what was wrong with him, why he had to have this pot!

He slowly sat down and took a sip of tea to calm himself down.

“Fixed price, 86 million!”

As soon as Lin Hanxing said that, Han Boming spurted out the tea from his mouth and coughed repeatedly!

Lei Jue quickly picked up his fat and stupid son and held him in his arms.

They were afraid that they would be affected.

cough, cough, cough, cough, cough. How much did you say just now? ”

Han Boming coughed so hard that his eyes turned red, and he just looked at Lin Hanxing.

It was as if he had never thought that she would dare to demand such an exorbitant price in front of Lei Kangnian and Zhong Nanyin!

Was she crazy?

“86 million!”

Lin Hanxing repeated leisurely. Obviously, Han Boming did not hear wrong.

“Lin family’s little girl, you’re not being honest!”

Han Boming tried his best to calm down the anger in his chest. His brain was now buzzing in pain, as if a mouse had entered it!

“The Lei family is still here, and you’re still trying to extort money from me!”

After that, Han Boming looked at the surrounding Lei family members with resentment.

“Mr. Han, I don’t understand what you’re saying. You’re the one who said you wanted to buy it. I’ll only offer a low price, not a high one.”

Lin Hanxing smiled, and something seemed to flash across his clear eyes.

“Only low and not high? Are you trying to fool an idiot?”

Han Boming decided to take a gamble for his wallet!

you once said that the market price of this pot was over 80 million Yuan. At least one of them was given to me by you. Even if it’s 20 million Yuan, it should be 60 million Yuan. Where did 86 million Yuan come from? ”

There were also zeros and zeros!

If he didn’t want it too much, Han Boming would have left immediately!

Hearing this, Lin Hanxing could not help but chuckle again.

“Mr. Han also said that this is the original price of the plant, but don’t forget that this pot also costs money!”

Lin Hanxing pointed at the flower pot innocently.

The members of the Lei family raised their teacups in unison to hide their smiles.

I'm just tricking you, so what can you do to me?

Basin ... Basin?

Looking in the direction of her finger, the veins on Han Boming's forehead throbbed!
