

Goodnight 821

Chapter 821: Don't cry, you're still a good man after giving money

"You're even trying to get me to pay for a broken flower pot?"

Perhaps it was because he had experienced the previous stormy waves, Han Boming was so angry that he laughed!

"Even if it's this broken pot, you want to calculate the money with me? twenty-six million?"

"I'll go buy you a kiln and you'll burn it, okay?"

Han Boming's smiling expression was really ferocious, and he was even forced to make a cold joke.

"Mr. Han really likes to joke."

Leaning lazily on the sofa, Lin Hanxing didn't release his aura at this time. Just by looking at his appearance, he gave people the feeling that he was weak and easy to bully, but to Han Boming, that was just a fucking illusion!

He should have remembered what happened at Fu Ruixiang!

Why would he send himself to this girl's hands for such a small profit!

Lin Hanxing smiled.

The faint dimples at the corners of her mouth were alluring, not to mention the mole at the corner of her eye.

"The broken basin that Mr. Han mentioned ..."

When he said this, Lin Hanxing's expression froze.

"It's a cultural relic that returned from France a few years ago. It's an authentic ru kiln. The auction price was 29 million ..."

He sighed as he spoke.

"That's it. I even gave Mr. Han a change of three million."

Lin Hanxing's expression was as innocent as could be.

Although she couldn't understand what they were talking about, she felt that first aunt was very powerful!

Yuan Dabao, who was sitting in his father's arms, was cheering for his first aunt in his heart!

Could she be any more shameless?

When he was young, Han Boming had followed Lei Kangnian around. What kind of scoundrels had he not seen?

Which one of them wasn't completely subdued by him?

However, he hated the one in front of him so much that his teeth were itching, but he could not do anything to her.

However, Lin xiaojiu's words seemed to make sense, and he could not even refute them!

She was crazy!

He spent tens of millions to buy a broken flower pot and not provide for it, but to actually use it to grow flowers?

Why didn't she say that it was dirt and even wanted to settle the bill with him!

"Then, can I not take this flower pot?"

Forcing a smile on his face, han boming looked at Lei kangnian with a rare pleading look.

Lei kangnian pretended not to see it.

In fact, he really wanted to say something to han boming.

Don't cry, you're still a good man after giving money!

He only felt that he was both mentally and physically exhausted, and he really couldn't cope with it.

He even regretted coming to the Lei family today.

At first, han boming had wanted to watch a good show and embarrass Lin xiaojiu in front of the Lei family. However, not only did he fail to achieve his original goal, but he had also been completely humiliated!

But ...

Han boming looked at the pot of orchids in front of him and thought of the one above who liked it ...

"Hehe, of course you can."

Lin Hanxing's laughter was not normal.

"We don't do business by force."

Lin Hanxing then gestured to the gardener.

The gardener received the order and immediately took out his tools to dig the precious orchid out of the pot.

wait!!!

Han boming's face was covered in cold sweat. Lin xiaojiu was forcing him!

"If Mr. Han can't afford it, then forget it. Anyway, I just casually placed this pot at home."

Seeing han boming's expression change, Lin Hanxing said in a neutral tone.

"In addition, this soil was also specially customized for this plain crowned Lotus cauldron. However, due to the relationship between the Lei and Han families, I will give it to Mr. Han for free."

"....."

Han Boming's face was expressionless. So, did she really want to collect money for him?

Chapter 822: Cash by card, online banking by transfer

Lin Hanxing had a faint smile on his lips and let Han Boming look at him.

The Lei family members continued to drink their tea slowly, turning a blind eye to the storm between the two.

The gardener was on standby.

Can't afford it? She actually said that he couldn't afford it in front of so many people?

Han Boming didn't know if he was thinking too much, but he felt that there was contempt in that kind of indifferent gaze.

Even Zhong Nanyin pouted as he looked at him.

It was as if she really thought that he had no money!

All these years, when had Han Boming ever been as angry as he was today?

Did the Han family look like they had no money?

As the second largest shareholder, the Lei group received dividends every year.

Even the subsidiary businesses that he was involved in, the money was coming in large amounts, okay!

"I'll buy it!"

These two words, Han Boming had never said them with such clenched teeth.

She couldn't help but make a victory sign in her heart!

"Card or cash? Bank transfer or online banking?"

Lin Hanxing didn't move at all, his long black eyelashes rippling.

"....."

Han Boming just wanted to take his White-crowned Lotus cauldron and leave this suffocating place.

He must have left the house without looking at the Chinese calendar.

Otherwise, why would he be so mentally and physically exhausted, as if he had aged decades in an instant!

Han Boming called his Secretary.

After saying a few words, he turned around and asked for Lin Hanxing's account number expressionlessly.

"Who knows about ah Xiao's account?"

Lin Hanxing turned to ask the rest of the Lei family, his calm eyes bright.

"....."

"....."

"....."

"....."

The four members of the Lei family were speechless for a moment and looked at her helplessly.

"I know,"

Han boming kept his expressionless face, but he felt tired.

"Then, can I trouble you to get someone to transfer the money to his account?"

"....."

.....

In the president's office of the Lei Corporation.

Yan beixiao casually placed his feet on the coffee table, his hands holding Lei Xiao's private phone as he played games on it.

Ever since his precious game account had been frozen by that torturous little B * tch Liang yuran, it had not been unsealed.

Anthony, who was standing beside the president's desk, was methodically handing important documents to Lei Xiao for him to sign.

Suddenly.

With a ding-dong, just as Yan beiming's HP was about to drop to critical levels, he was sent to hell by a sudden text.

F * ck!!!!!!

Yan beiming, who had been slacking off on the sofa, exclaimed in surprise!

Lei min signed the last sum expressionlessly, not wavering in the least even though Yan beiming had made his move.

"Ah Xiao, what have you done?"

Yan beixiao raised his phone and howled.

Thunder valiant didn't even pay attention to him, and continued to busy himself with the matter at hand.

Even Special Assistant Anthony had long gotten used to Yan beiming's madness. He rolled his eyes and continued to be expressionless.

more than 80 million Yuan has suddenly been transferred into your account!

Only when he heard this did Lei Xiao stop his work.

He raised his head.

Anthony also raised his eyebrows in surprise.

"F * ck, maybe I'm seeing things. Let me count again ..."

After he finished speaking, Yan beiming lowered his head and began to count the number of zeros that followed.

"One ... Ten ... One ... One ... One ... Ten ... Ten ... Thousand ... One million ... One ... Thousand ..."

When he confirmed it again, Yan Beichen's mouth turned into a big 'O'. It really was ten million!

Was there really no problem with such a large sum of money coming in out of nowhere?

Thunder owl looked at Anthony.

The latter understood and walked towards Yan beiming.

Almost at the same time, Lei Xiao's phone rang.

"Ah Xiao, little Hanxing's on the phone ..."

Chapter 823: Give you my little Xin Xin

Yan beiming was still immersed in the long string of numbers.

Just as he was thinking about this, Anthony took the phone.

Although BOSS Lei did not show it on his face, he was probably in a hurry to pick up the lady boss's call.

As expected.

Anthony had just walked over when he saw Thunder valiant silently knocking on the table impatiently.

Lei Xiao quickly picked up the phone.

"Are you busy?" Lin Hanxing's voice could be heard from the other end of the phone.

Lei Xiao's originally cold and hard expression instantly softened, causing Yan beixiao to sigh in his heart.

In this world, other than little Hanxing, who else could control the ability to make ah Xiao change his face in a second?

"I'm not busy,"

Anthony rolled his eyes in his mind when he heard what Thunder valiant beast said.

Since he arrived at the company in the morning, his boss had been so busy that he didn't even have time to drink a sip of water. He had just sat down not long ago.

However, as a qualified Special Assistant, Anthony's face was as calm as water, and he didn't show the madness in his heart.

"Have you received the money?"

When Lin Hanxing heard Lei Xiao's voice from the other end of the phone, his eyes turned into a pool of water and became moist.

Anyone could see the stars in it.

"....."

So the eighty million Yuan was given by Hanxing?

Yan Beichen had long since leaped over from the other end of the sofa, and was openly eavesdropping on them with his head on the president's table in a strange posture.

OMG!!!!

He had heard something incredible!

"Who did you trick this time?"

Lei Xiao stretched out his hand and pressed between his eyebrows, his thin lips curved in a strange arc.

Naninanni?

Did little cold star show his might again?

How could he miss out on such an exciting plot?

Yan beixiao wished he could plant his ears on Lei Xiao's body before stopping!

Lin Hanxing chuckled on the other end of the phone, obviously in a good mood.

Hearing that she only smiled and did not speak, Lei Xiao knew that it must be inconvenient for her to speak.

In fact ...

Lei Xiao already had an idea of who Han Xing had tricked.

they'll be holding a welcome party for han mingmei at Y. R. This afternoon.

Before he hung up the phone, Lei Xiao did not forget to tell Lin Hanxing about this.

Y·R?

On the other end of the phone, Lin Hanxing raised his eyebrows and chuckled.

She had just slapped han mingmei's father's face in the morning, and in the afternoon, she had come to her doorstep?

He hung up the phone.

Lei Xiao looked at the phone in his hand, his face still warm.

As soon as she looked up, she met Yan beiming's envious and jealous eyes.

"What are you looking at?"

Hiding the last bit of warmth in his eyes, Thunder valiant beast returned to his cold expression.

for you, my little Xinxin ...

Yan beixiao pretended to be holding something in his hands and blew it towards Lei Xiao.

"....."

"....."

Even though she had long gotten used to Yan beiming's occasional crazy antics ...

At that moment, Lei Xiao still couldn't help but want to stuff his face into the toilet bowl!

Anthony was already rolling his eyes in his mind.

Vice President Yan was a lunatic that was passed down from generation to generation. She did not accept any refutation.

Suddenly.

Thunder Valiant's personal phone kept beeping with text messages.

It rang four to five times.

Such a high frequency made people curious.

Thunder valiant lowered his head to take a look.

His expression became subtle.

Yan beiming and Anthony looked at each other.

This expression was rare!

Yan beixiao leaned forward and peeked at his phone screen.

When he saw what was written on it, his face was filled with shock.

What was going on?

The messages were all about large-sum transfers!

Looking at the accounts, it seemed to be the batch that the Lei family had set up.

Anthony was even more curious when he saw their expressions. However, before he could say anything, a message came in.

When he saw the content ...

Chapter 824: Throwing sweet dates after a slap

Special Assistant Anthony's expression was obviously very interesting.

"Mr. Ley ..."

There was some hesitation in his voice.

Lei Xiao and Yan beiming raised their heads at the same time to look at Anthony.

"Your father asked me if there was a problem with the group's capital chain. Um ... Is the Lei Corporation going bankrupt?"

Anthony's voice became softer and softer as he said the last few words.

"....."

"....."

After a while, the president of the Lei Corporation suddenly burst into laughter.

Lei Xiao suddenly thought of the time when Hanxing gave him pocket money. The old man wanted to open his own little vault to give it to him, but he only managed to persuade him to stop.

This time ...

It seemed that not only the old man, but the brothers had also misunderstood.

Looking at Yan Beichen, who was rolling back and forth in laughter, Lei Xiao reached out and pressed between his eyebrows again.

"Anthony, send the group's profit statement to the old man."

Dad, the Lei family is really very profitable ...

.....

After hanging up the phone and confirming that he had received the money, Lin Hanxing looked at han boming.

She was all smiles.

Han boming's face instantly turned livid.

"Since Mr. Han is so forthright, I naturally won't be stingy."

After saying that, the Butler had already brought out the things that he had prepared earlier.

It was a small box of exquisite tea leaves and a small orchid.

Han boming raised his eyebrows and looked at her.

Was this considered giving him a few slaps and then giving him a sweet date?

Did he think that han boming really wanted it?

Perhaps his expression was too obvious, Lin Hanxing laughed again, but this time it was more meaningful.

I saw that Mr. Han seemed to have a unique understanding of tea, so I specially prepared the mother tree of Mount Wu Yi, Da Hong Pao.

What did she just say?

Da Hong Pao, the mother tree of Mount Wu Yi?

Han boming's contemptuous expression instantly froze on his face!

His eyes seemed to be glued to the small box of tea leaves.

The Lei family saw han boming's reaction, and only father Lei sighed in his heart.

Old han was really regressing as he lived.

He did not know if he would come back to his senses after that. From the moment he entered the room until now, his thoughts had been completely controlled by that girl. All his reactions were within her calculations.

It seemed that these years of peaceful life had made him lose the most basic vigilance.

Even Ming Mei ...

Han boming naturally didn't know what father Lei was thinking.

However, the green on his face had long been replaced by an irrepressible joy.

The mother tree of Mount Wu Yi, Da Hong Pao, was like the 18 trees in front of the Emperor. It was a good thing that could not be bought with money.

There were only six of them now, and they were three hundred and fifty years old. They could only produce five hundred grams a year.

It was definitely a rare tea species!

In 2006, it was announced that mining was banned.

It's a treasure that can only be drunk from the top!

That Lin guy even had this?

"But ..."

Lin Hanxing pretended not to see the ecstasy on Han Boming's face, and his voice was calm like a clear spring.

It was refreshing.

"It's also an old tea, so the taste must be greatly reduced."

"Just drink whatever you want."

At this time, Han Boming could no longer hear the sarcasm in Lin Hanxing's words, and his eyes were fanatical.

What are you drinking for!

He would definitely make sure to worship her when he got home.

If this thing was placed in the house, people would have a lot of face!

Han Boming didn't feel that most of the resentment he had for the Lei family had dissipated.

"In addition, this small pot of plain crowned Lotus cauldron was just moved and I didn't have the time to plant it. I'll also give it to Mr. Han as an apology for my earlier raving."

"The Lotus cauldron is very delicate and will wither with the slightest carelessness. I hope Mr. Han will take good care of it."

Hearing this, Lei Jing's slender fingers paused.

He seemed to feel that there was a deeper meaning behind her words.

Chapter 825: Who is that?

Han Boming's temper turned from bad to good, and he left happily.

Mother Lei leaned her head on Lin Hanxing's shoulder unhappily.

"That old thing got lucky!"

Hearing this, Lin Hanxing smiled mysteriously, but he did not say anything.

mom, do you really think uncle han has gotten a bargain? "

Lei min reached out to stroke his nephew Yuan Bao's chubby chin, his gentle voice not carrying the usual coldness that he usually had when facing outsiders.

Instead, he smiled.

Mother Lei raised her head, not understanding what her son meant.

"Grandma, you're so stupid!"

Yuan Bao had a lollipop in his mouth and was blinking his big, beautiful eyes.

Hmph, if you say I'm stupid, then tell me, why didn't your grandfather have any benefits? "

Madam Lei perked up as she looked at her grandson.

Looking at his wife and grandson, who were so excited, father Lei chuckled and continued to drink his tea.

if Grandpa Han really got some benefits, first aunt wouldn't have given him the rest of the benefits.

Yuan Bao's face, which was like a little lamb carved from Jade, was filled with pride.

Lin Hanxing chuckled as he listened.

"Do you know what I'm supposed to do with the rest of the stuff?"

She reached out and touched Yuan Bao's little nose with her fair finger.

"Give me a sweet date after giving me a slap!"

Yuan Bao mumbled as he bit on his lollipop.

Lin Hanxing smiled.

"Dad Lei, I'm sorry."

Suddenly, Lin Hanxing raised his head and looked in the direction of father Lei. The relationship between the Han family and the Lei family was special. Han Boming was considered a brother of father Lei who had gone through life and death. The most important thing for experienced people was Brotherhood.

However, she didn't like Han Boming's sense of superiority between the lines.

She was also not used to his attitude towards mother Lei.

"He's changed."

Father Lei looked at Lin Hanxing and said those three words with an unclear meaning.

He seemed to have answered her, but at the same time, he didn't.

However, Lin Hanxing had already received the message.

"You guys are killing me!"

Mother Lei listened to their riddles for a long time, but she still didn't understand what they meant.

"As I said, the plain crown Lotus cauldron is very delicate. It will wither if you are not careful."

Lin Hanxing winked at mother Lei.

"You mean the big pot ..."

Mother Lei's eyes widened in surprise as if she had caught the key point.

the roots of the pot of flowers are already showing signs of rotting. They won't last much longer.

"Why would I?"

So that old man Han's eighty million Yuan was wasted?

cough cough cough cough cough cough ...

Father Lei and Lei Xiaosi coughed at the same time.

For some reason, he felt that the tea leaves he had left behind and the cigarette butt he had casually thrown in were the culprits.

Lin Hanxing smiled but did not say anything.

"That's why you gave him the tea leaves and the small one ..."

Mother Lei came to her senses.

"If he really likes it, he can nurture the smaller one with great care. With that pot of tea leaves, the eighty million Yuan spent is not a loss at all ..."

It was a pity that Han Boming was too utilitarian.

The purpose of buying flowers was not pure.

When the time came, if he couldn't save the big one and couldn't raise the small one, it would be a waste of effort.

However, no matter what, Lin Hanxing's business deal was a sure-win deal.

"The one above really came?"

Suddenly, father Lei looked at Lei Min.

There were some things that their family members didn't care about when they said it behind closed doors.

Lei Yu nodded.

"Because that person said to keep a low profile, he did not publicize it. Other than master and elder Yue, not many people know about this." That was why he was a little disgusted when Uncle Han suddenly asked that question.

That person?

Who is that?

Chapter 826: I like little bunnies the most

Although Lin Hanxing had his doubts, he did not say anything.

"Hanxing, the one we're talking about is elder Yan."

Father Lei spoke calmly, as if he was not talking about anything serious.

But only the heavens knew that once these four words were spread out, the impact on Jiang city would be immeasurable.

Lin Hanxing, who was smart, instantly understood when he heard those words.

To be able to be called those four words, he was indeed a Big Shot!

No wonder Han Boming came to inquire about the news early in the morning.

If he could catch the eye of that person, his future would be immeasurable.

If elder Yan can stay in Jiang city for his retirement, it will be a good thing for the future development of Jiang city.

When Lin Hanxing said that, the Lei family members' expressions changed.

For her to have such foresight at this age, it was already very impressive.

However, there were too many problems involved in this.

Since Han Boming had already found out about it, he was afraid ...

Suddenly, Lin Hanxing's phone beeped.

[am I not your most beloved little fairy].jpg

Xing Xiaoxing, [No.]

[9.90RMB free delivery: Hmph, my lungs hurt from jealousy] [jealousy makes me ugly].jpg

Xing Xiaoxing, [hands up].jpg

[9.90RMB delivery: don't blame big brother for not telling you, ah Xiao's stomach is acting up] [I'm serious].jpg

Lin Hanxing's expression froze.

Ah Xiao's stomach was acting up?

Xing Xiaoxing, "is it serious?"

[9.90 yuan, free delivery: I've taken my medicine, but in order not to worry dad and mom Lei, I probably won't go back for lunch. [sigh].jpg]

Just as Yan Beichen sent the message, the phone at home rang.

"Sir, Madam, young master said he won't be back for lunch."

Soon, the Butler came over and said.

"Ah, I even asked Madam Chen to make ah Xiao's favorite dishes."

Mother Lei was disappointed.

"I'll send it over. We'll have lunch at his place."

Lin Hanxing's expression did not change. Since ah Xiao did not want his parents to know, she would not expose him.

"Really?"

Mother Lei's eyes lit up.

"I just happened to buy a lot of nice lunch boxes online. Wait for me!"

After she finished speaking, she ran upstairs.

Soon, she came back with a bunch of pink, yellow, blue, and pink lunch boxes. They were all from the cute girlish series.

"....."

"....."

"....."

Father Lei was embarrassed to criticize his wife's aesthetic judgment.

"Ah Xiao used to like little bunnies the most."

Mother Lei couldn't help but sigh, not noticing the strange looks on her husband and Sons' faces.

"Oh, right. When I was young, big brother raised a little white rabbit."

Lei Jue suddenly said.

The expression on his face was as strange as it could get.

When the others heard Lei Jue's words, they seemed to have thought of something and pursed their lips to stop themselves from laughing.

Lin Hanxing raised his head and looked at him.

His eyes were filled with curiosity.

It was obviously not a good memory for ray Jue.

"Ah Xiao likes that rabbit very much, and because he loves cleanliness, he's afraid that it'll pee in its room at night, so ..."

She couldn't help but burst out laughing.

"He thought of a way to have the best of both worlds. At night, he put the rabbit on Xiao Si's bed."

"Then rabbit peed, and Xiao si thought it was him ..."

Lei Jue looked embarrassed as he toyed with the wool roll on his head that was exactly the same as Yuan Bao's.

hahahahaha, Xiaosi cried so miserably the next morning. He was crying and shouting that it wasn't me who peed, it wasn't me!

“Mom!”

The Lei family’s living room was filled with laughter.

On the other hand, Lin Hanxing was thinking that Lei Xiao liked the little white rabbit.

No wonder his eyes lit up when he saw her in that dress!

Chapter 827: The Lei family is really great

Lei Corporation.

Lin Hanxing took the private elevator to the top floor.

She happened to run into Anthony, who had just come out of the president’s office.

When he saw Lin Hanxing approaching from afar, even Anthony’s heart started to beat wildly.

The warm afternoon sun shone through the tempered glass of the corridor.

It was as if her body was automatically covered with a layer of soft light.

The lady boss is too, too, too, too cute!

“Ah Xiao is inside?”

Lin Hanxing waved the lunchbox in his hand, it was filled with Lei Xiao’s favorite food.

“Um ...”

Anthony came back to his senses after a while and subconsciously looked at the tightly shut door of the president’s office.

“Mr. Ray’s stomach is acting up. He just took his medicine and fell asleep in the lounge.”

He lowered his voice and said.

“Was he like this before?”

If her stomach acted up, she would take some medicine and get through it at the company before going home.

Anthony nodded.

“I know.”

After Lin Hanxing finished speaking, he took out a separate lunch box and handed it to him.

“Mother Lei asked me to bring this to you.”

“You’ll definitely be too busy to eat.”

Anthony looked at the light blue lunchbox in Lin Hanxing’s hand. He would be lying if he said he was not touched.

To be honest, he was really glad that he had joined the Lei clan the moment he stepped out of society.

After following Lei Xiao for so many years, he had seen all sorts of wealthy families, but only the Lei family was different.

It was also because of this difference that he was able to stand tall.

The Lei family was really great.

.....

In the lounge.

Lin Hanxing pushed the door open and entered.

He quietly placed the lunch box on the coffee table.

There was a microwave in the lounge, so even if the food was cold, they could just heat it up.

Lin Hanxing placed it down and walked towards the bed.

Lei Xiao was lying on the bed in the lounge, not even covering himself with a blanket. He was curled up on his side to rest.

Perhaps it was because of his stomach ache, but he didn't look too good.

Even his forehead was covered in a thin layer of sweat.

Lin Hanxing squatted by the bed, his heart aching.

She silently raised her hand to wipe the sweat off his forehead, but before she could touch him, he had already grabbed her wrist with his big palm!

His eyes, which were originally closed, shot out a biting cold!

But ...

He blinked.

When he saw the innocent pink rabbit by the bed, he felt like he was in a dream.

Today's sun was too bright, and it made people feel lazy.

Wearing the pink hooded rabbit-eared sweatshirt that Lei Xiao had bought, Lin Hanxing looked soft and cute, and could be easily bullied.

Lin Hanxing only felt that the palm of his hand was cold and sweaty.

Clearly, he was still not feeling well.

As soon as she finished speaking, Lei Xiao had already pulled her onto the bed.

He held her in his arms.

Lin Hanxing was stunned at first, but then he smiled and reached out to hug him.

Thunder owl buried his face in the soft Teddy velvet.

“Does it still hurt?”

Lin Hanxing ran her fingers through his hair and caressed it.

He didn’t say anything.

The only thing that appeared in his mind was the scene when he opened his eyes.

She looked at herself, her long eyelashes fluttering.

Her eyes were so beautiful.

She was so charming that water could come out of her.

Even the small mole at the corner of her eye was the finishing touch.

“What are you doing here?”

Lei Xiao hugged Lin Hanxing even tighter. He turned around and switched their positions, making her lie on his chest.

“I missed you.”

“I want to know if our ah Xiao has had a hard time, and if he has been eating well ...”

He did not mention a word about Yan beiming’s Secret.

With his chin resting on his chest, Lin Hanxing looked at Lei Xiao, who still had his eyes closed.

His eyelashes were very long.

She didn’t lose to women at all.

At this moment, it hit his face, casting a dark shadow.

Even though he tried his best to maintain his expressionless face, the curve of his mouth easily revealed his good mood.

Chapter 828: The effect of lip balm

If it had a tail, it would be wagging it loudly.

Lin Hanxing pursed his lips and buried his face in his chest, laughing secretly.

“My stomach hurts.” When Lei Xiao said this, his cold voice was tinged with an almost inaudible grievance.

However, as if he was afraid that she would be worried, he added.

“I’ve taken my medicine.”

Hearing this, Lin Hanxing placed his hand on his stomach and rubbed it gently.

As he massaged, he told Lei Xiao about what happened in the morning.

It was as if he was telling a story, slowly and patiently.

After a while, he heard the sound of thunder owl's even breathing from above.

It seemed like the medicine was taking effect.

With a slight movement, the man's eyebrows furrowed.

"Go to sleep, I'm here with you."

Lin Hanxing whispered into Lei Xiao's ear.

Slowly, the "River" word finally calmed down, and his breathing became even again.

But ...

Lin Hanxing looked at Lei Xiao's long legs, which were wrapped around her as if he was afraid that she would run away, with a helpless look in his eyes.

She was only short of hanging the 'won't run' sign on her body!

He raised his head and looked at Lei Xiao.

That cold and abstinent face was currently immersed in the lazy afternoon sun, as if it was plated with a layer of Halo.

"Ah Xiao, are you asleep?"

Lin Hanxing asked.

There was no movement from the Thunder valiant beast.

She carefully reached out and touched his thin lips.

Just now, she had noticed that there was a crack on Lei min's dry lips, and it was even more obvious when he spoke.

Lin Hanxing carefully shifted his position and took out the lip balm he had put in his pocket.

The pink rabbit-eared guard suit made her skin look even fairer.

He was being held in the arms of Thunder valiant beast like a child.

She wanted to apply the lip balm directly on his lips, but she suddenly thought of something, and a sly glint flashed across her eyes.

She slowly applied the lipstick on her lips.

A thick layer of it was applied.

Then, he used his elbow to support his body and leaned on the Thunder valiant beast.

Lin Hanxing lowered his head and looked at him.

Her slightly curly long hair fell on Lei Xiao's Black shirt as she moved, as if they were about to merge into one.

Her thin and white fingers traced along the space between his eyebrows.

It was slow and gentle.

"Don't move around."

Lin Hanxing leaned over and covered his dry and cracked lips with his.

She carefully and evenly applied the lipstick.

The transparent lipstick was moist.

It quickly softened the stubborn dead skin.

Lin Hanxing's long, black, feather-like eyelashes trembled slightly, and his small mouth on his lips curved slightly.

He was obviously very satisfied with his masterpiece.

He licked it.

"Ah Xiao, ah Xiao ..."

Her voice was so soft that it made one's heart feel like it was stepping on clouds.

She couldn't help but chuckle.

"Remember to get up for dinner later."

.....

The Thunder valiant beast did not sleep for long.

When she opened her eyes, only half an hour had passed.

She was covered with a thin blanket.

But the little rabbit that was originally in his arms had disappeared.

If it wasn't for the faint fragrance of her body in the air, Lei Xiao would have thought it was a traceless dream.

"You're awake?"

Lin Hanxing's voice rang out.

Before the Thunder valiant beast could react, the little rabbit had already run back into his arms and kissed him on the lips.

"Does your stomach still hurt?"

She asked.

Thunder valiant beast shook his head subconsciously.

I've warmed up the food. Madam Chen made all your favorite dishes.

Lin Hanxing's eyes were bright.

He didn't know if it was because he had slept, but his complexion looked much better.

It was no longer that dark and uncomfortable white.

"I think I dreamed that you kissed me secretly."

Lei Xiao pressed his forehead between her brows, his hoarse voice telling her that he had just woken up.

Chapter 829: If they don't know their place

Her hair was in a mess.

His face, which was used to being cold, was warm and beautiful at this time.

Lin Hanxing's heart trembled along with Lei Xiao's.

"It's not a dream!"

Lin Hanxing kissed him again after he finished speaking.

"Do you need to steal a kiss?"

Just and honorable!

Lei Xiao was a little dazed by her sudden kiss, then his eyes that had just woken up curved slightly, revealing the mature fine lines at the corners of his eyes.

Lin Hanxing smiled and grabbed his wrist. He knelt on the bed with one leg and tried to pull Lei Qian up.

"Why are you ... So ... Heavy ..."

Her little face was flushed red.

Lei Xiao suddenly stood up and carried Lin Hanxing in his arms. The sudden lift made her cry out in pain, then he wrapped his arms around the man's neck.

Her two thin legs drooped.

As the Thunder valiant beast walked back and forth ...

The lunchbox on the table was bought online by Mama Lei, and it was filled with the aura of a young girl.

"Why is it so light?"

Hugging her was so effortless that it made Lei Xiao a little unhappy.

"Because I left all the money for the meal to ah Xiao as pocket money."

As he spoke, Lin Hanxing reached out and poked the corner of his mouth.

In fact, because of mother Lei, she had already eaten a lot. Every time she ate at the Lei family, she would eat until she was full and needed Lei Xiao to rub her stomach for half an hour before she could recover.

“Father thought that the Lei Corporation was going bankrupt.”

Lin Hanxing burst out laughing.

It was indeed father Lei’s style.

“My parents, ah Zhen, ah Sheng, and ah Jue all transferred me a large sum of money.”

Lei Xiao lowered his head to look at her, his eyes full of grievance.

Lin Hanxing wrapped his arms around his neck and laughed as he lay on his collarbone.

No wonder everyone looked at her weirdly at that time.

Why are all members of the Lei family so cute!

“I’ll explain to mom and dad Lei when we get back. Our ah Xiao is really rich.”

Lin Hanxing quickly smoothened his hair.

In front of the coffee table, Lei Xiao finally let go of her.

Lei Xiao sat on the side of the coffee table while Lin Hanxing sprawled across from him, the pink rabbit-eared hoodie covering him.

Her palm-sized face rested on her arm, and she blinked her eyes at him.

“Who will be going this afternoon?”

Since he had nothing to do, Lin Hanxing began to probe the situation. After all, han mingmei, the ‘number one beauty of Jiang city’, would definitely try her best to dress herself up this afternoon. Knowing one’s enemy was the only way to win.

Thunder valiant lifted his head to look at her, and thought for a moment.

He mentioned a few names.

Although he didn’t ask specifically, these people were all good friends of han mingmei, so they should be going.

“You’re not allowed to be picky.”

Lin Hanxing noted down the name in his heart and prepared to get someone to investigate it later. At the same time, he used his hand to stop Lei Xiao from picking out the dishes he did not like.

Lei Xiao and Lin Hanxing looked at each other.

He blinked.

Oh right, there's another monkey. His real name is Yuan hou, the young master of the yuan family. He has a good relationship with Yan beiming. If he knows what's good for him, you can give him some face.

Thunder valiant beast thought for a moment, then picked up this monkey and raised his mouth.

"Since he's little Yanzi's friend, I won't make things difficult for him."

The circle of Jiang city's rich kids wasn't big or small, and they would usually see each other all the time.

As long as the other party did not go overboard, Lin Hanxing would naturally not pursue the matter.

But ...

If they didn't know what was good for them ...

Hehe.

Lin Hanxing's beautiful eyes flashed with a cold light.

She was not the kind of person with a good temper and was used to doing whatever she wanted. She wanted to see who could win.

Moreover ...

And it was in her turf, Y R.!

why do you think they chose Y. R. Out of all the places? "

Lin Hanxing clicked his tongue.

There was a faint blush on her fair face.

Chapter 830: I'm warning you because I see you as a brother

Yan beixiao drove his Ferrari to the door of the billiard room.

This billiard room was opened by the yuan family's eldest young master, nicknamed monkey, when he had just come of age for his brothers to play with.

He didn't expect that after so many years, he had managed to build up the scale.

Today, this pool room had become the publicly acknowledged gathering place for the rich in Jiang city.

Yan beixiao walked in.

His face was no longer as funny as it was when he was with the Lei family, and instead, it gave off a cold and stern look.

From time to time, someone would greet him.

Yan beixiao either smiled back or ignored her.

With a bang, the door to the private room was pushed open.

As he walked in, he casually picked up a pool cue from the side, his casual movements handsome.

With a crisp sound, Yan beiming had already sent the White ball into the pool.

He didn't even blink.

"Oh, our master Yan is here."

Houzi smiled as he picked up the cue and walked to Yan beiming's side. The two of them were obviously on good terms.

"You want to see me so much?"

He was supposed to welcome Han Mingmei at Y. R. In the afternoon, but Yan beixiao had called to say that he wanted to meet her.

This piqued monkey's curiosity.

What was it that could not be said over the phone but had to be talked about face to face?

Yan beixiao bent down slightly from the pool table and aimed at a ball. His entire face looked slightly cold.

With a thump, the ball entered the hole!

"Good shot!"

Monkey said as he added powder to his club and whistled.

"I heard that young master Lei's girlfriend will be there this afternoon? Is that true?"

As monkey spoke, he raised his eyebrows and asked for more.

"I've come to find you for this matter,"

Yan beiming finally spoke, his voice clearly serious.

Monkey's hand movements paused. Hearing that tone, he raised his head and glanced at him.

"For this matter?"

He could not understand what Yan beiming meant by this.

"This afternoon, if they 'cause a ruckus', you must not get involved."

Yan beixiao said as he pushed the ball that Houzi had his eyes on into the hole, his movements smooth and handsome.

"You've heard?"

The monkey laughed evilly, his handsome face showing a subtle gloating expression.

"I see you as a brother, that's why I'm here to warn you."

Yan Beichen's voice was very unyielding.

“From your tone, it seems that young master Lei will be furious for the sake of a woman!”

The previous ball had been snatched by Yan beiming, so houzi simply changed his aim to another one. However, before he could shoot, it was snatched again.

“Why don’t you F * cking try snatching another one?”

As monkey spoke, he kicked him. He was not really angry.

“Listen to me, little Hanxing isn’t someone you can afford to offend.”

Yan beiming’s sister was not worthy of those Rascals ‘jeering’.

Upon hearing this, monkey raised his eyebrows.

Little cold star?

“With young master Lei around, what are you so nervous about?”

However, Yan beiming’s attitude had made houzi curious about this woman.

it’s really that Lin xiaojiu? ”

If he remembered correctly, Lin xiaojiu’s name was Lin Hanxing, right?

“Monkey, we’ve known each other for so many years. Have I ever cheated you?”

“Yes, last year in Macau, you F * cking made me lose my pants ...”

“.....”

Suddenly speaking of this, Yan beiming’s serious expression cracked.

“Fuck! I’m f * cking serious with you!”

“I’m not talking to you in a frivolous way.”

The monkey casually fiddled with his hair that had been dyed red. Seeing that Yan beiming was really angry, he clicked his tongue.

“Is it really that serious?”

The monkey opened its mouth and rubbed its chin.
