

Goodnight 91

Chapter 91: The past of the he family

Chen's porridge shop.

Chen's stall was a century-old congee shop in Jiang city that operated all night long.

In the private room, Lin Hanxing listened to the noise outside with his chin in his hands and a mocking look in his eyes.

Even a servant in the he family was so arrogant.

She could even argue with the delivery man in the middle of the night when she was asked to buy supper.

"This he family is really interesting!"

Lin Hanxing chuckled.

Thunder valiant lifted his head and happened to catch that smile.

He knew that it was Lin Hanxing's unique reaction when he locked onto his prey.

"If you were to use a simple sentence to describe the he family, what would it be?"

Lin Hanxing was suddenly curious as he looked at the man who was eating the porridge with a cold face.

He thought that Thunder valiant would not answer, but after a while ...

.....

"Dirty."

Concise and comprehensive was this man's style.

Lin Hanxing was stunned at first, then he laughed completely, like a thousand pear flowers blooming at the same time.

It made her usually cold face look more human.

"It is indeed very dirty!"

Speaking of which, the matters of the he family were inextricably linked to the Lin family.

Just like how Yan Beichen had mocked Lin qianlin, the current matriarch of the he family was Lin qianlin's best friend.

Everyone in the upper class of Jiang city knew about it ...

The previous matriarch of the he family, who was also the biological mother of first young master he and he Chengyu, was angered to death by this pair of best friends!

It really confirmed the saying “prevent fire, theft, and best friends.”

To be honest, even young master he’s car accident back then was a hot topic in Jiang city.

After all, the timing of the car accident was too coincidental.

Three years ago, when young master he was getting married, father he’s plane crashed.

There were no survivors from the 200-odd people on the plane.

The he Corporation had officially entered a period of separation.

The Board of Directors of he Corporation split into two groups.

One side supported he Chengyu, the other side supported he zhehan.

The car accident happened right before the outcome of the battle was decided ...

Moreover, he Chengyu was destined to win ...

This car accident had turned he Chengyu’s life into nothing.

He Chengcheng had been in a coma, while second young master he had become the president of the he group.

Those who had supported he Chengyu in the past had all been kicked out of he Corporation in the past three years.

Young master he’s name was also gradually forgotten by people.

It seemed that the he family only had one young master!

This world seemed to always be like this.

The big fish ate the small fish, and the small fish ate the shrimp.

Survival of the fittest.

It was so cruel that it was terrifying!

Lei Xiao seemed to be really hungry, as he finished the whole basket of soup dumplings and a portion of fish slice porridge.

Lin Hanxing did not even touch the vegetable porridge in front of him.

“You’re not eating?”

“I’m not hungry.” The porridge was very fragrant, but she had no appetite.

Ever since her stomach had gone bad, the mute uncle had been in charge of her daily meals.

Lei Jing’s eagle eyes were fixed on Lin Hanxing.

He reached out to take the bowl of porridge in front of her and continued to eat.

Lin Hanxing suddenly realized something ...

The Thunder valiant beast rarely ate leftovers, and would eat as much as it could.

It was like this in Mengsong, and it was still the same in Jiang city.

“Our family is different from those people.”

When she heard Lei Xiao’s voice, she was stunned.

“My parents and brothers are all very good people.”

In between the gaps, he raised his head and looked at her deeply.

When she mentioned the he family, Lin Hanxing’s tone was flat, but he could still hear the disgust in her voice.

“How good?” Lin Hanxing asked.

“So good that ...”

no matter how hard it is, as long as I think about my family being able to live the life I want, I’m happy.

His voice was deep and powerful.

But it landed heavily on Lin Hanxing’s heart ...

Chapter 92: Minutes and minutes

Lin Hanxing looked at Lei Xiao.

She knew that he was speaking from the bottom of his heart.

There was no sense of hypocrisy.

“So that’s why you took over the Lei family right after you graduated?”

Even though Lin Hanxing did not deliberately search for news about Lei Xiao after he came to Jiang city, the rumors about him still reached his ears. After all ...

Lei Xiao and the Lei family behind him were really too famous in Rivertown.

At the mention of this, Thunder owl’s expression showed a rare awkwardness.

“Actually, none of the four of us were willing to take over the Lei clan.”

In the eyes of outsiders, the Lei group was as wealthy as a country, but in the eyes of the four brothers, it was just a hot potato.

“In the end, father had no choice but to let us draw lots.”

Lin Hanxing’s eyes widened. Was he joking?

“And you caught him?”

.....

“In the end, it was third brother who caught him.”

“.....”

She had thought it was him.

“I want my younger brothers to do whatever they want with their hands clean!”

Seeing the confusion in Lin Hanxing’s eyes, Lei Xiao explained in a low voice.

The Lei family was truly a special existence.

Lin Hanxing was in an environment where he would be eaten up if he did not have any schemes or plots.

She could not understand such a family.

However, she was very envious.

“Clean?”

The term Thunder valiant beast was used with deep meaning.

“When my father was insistent on giving up power, the Lei clan was in a state of internal and external conflict. All these years, with my father’s methods and prestige, those forces with different motives have been firmly suppressed for so many years. As for my succession ...”

There was no warmth in the Thunder valiant beast’s cold features.

“Within the Lei clan, a storm of blood has finally begun!”

Even though Lei Xiao had only said a few words, Lin Hanxing could still imagine how dangerous it had been.

“Even now, those people are still scheming.”

“So that’s why you appeared on that cruise ship, and that’s why you set up that trap?”

Using the Golden Cicada’s shell escape plan, he caught all the parasites in one fell swoop.

So, he had to risk his life like this every time?

“The effect is very good.”

Lei Xiao didn’t answer the question directly, but his lips curved into a mature smile.

“It’s really a blessing to be your family.”

After a moment of silence, Lin Hanxing suppressed the strange feeling in his heart and said softly.

“Any minute is fine if you want to.”

Lei Xiao said nonchalantly as he took the tissue.

Lin Hanxing smiled faintly but did not say anything in the end ...

It was almost midnight when she came out of the porridge shop.

The commercial Street was still brightly lit, and people who were used to coming out for supper filled the food stalls, talking and laughing.

"I should go back ..."

"I've heard that the most ..."

The two of them spoke at the same time, but they were talking about two completely different things.

Lin Hanxing wanted to go home, but as for Lei Xiao ...

I heard that there's a good movie recently. Do you want to go and watch it? "

Thunder valiant beast attacked out of habit.

When Lin Hanxing heard this, he could not help but give him a strange look.

Thunder owl, watch a movie?

These two terms did not match at all when put together.

"Now? It's almost 12!"

"Anthony said that the midnight show will last until three in the morning."

Even though Thunder owl tried his best to make himself sound normal, the tension in his voice still revealed his emotions.

"I ..."

Before Lin Hanxing could finish his words of rejection, his eyes suddenly focused on a spot behind Lei Xiao.

Thunder valiant beast sensed it and was about to turn around.

"Don't turn back!"

Lin Hanxing rushed forward and grabbed his wrist.

"Didn't you want to watch a movie? Let's go, let's watch that one!"

Although he was talking to Lei Xiao, his eyes were fixed on the person behind him ...

Chapter 93: They are all acquaintances

A minute after the movie started, Lin Hanxing and Lei Xiao entered the venue in the dark.

Lin Hanxing specifically chose the last row.

This was an unpopular movie, and only four tickets were sold in the entire movie.

It was obvious that the other two had other intentions.

The entangled figures did not have any scruples and were impatient.

Even though the movie was playing very loudly, they could still hear the movement from the front row.

Lin Hanxing sneered.

She was a little curious about the man's identity since he could not even bear to pay for the hotel.

Thunder valiant beast's eyes quickly adapted to the dark environment.

He knew that the couple was the reason why Lin Hanxing had changed his mind.

"That's a little fast!"

Lin Hanxing said coldly.

As if to confirm her words, the man's body stiffened after the intense action.

.....

"Who's that woman?" Lei Xiao deliberately lowered his voice, making it sound sexy and charming.

In the dim theater, it was particularly mesmerizing.

my uncle's younger sister, my aunt's younger sister-in-law, Luo Mingwei.

Thunder valiant never expected her to answer him.

"I didn't expect her to come to Jiang city."

According to the information, Luo Mingwei should be having a good time in Europe. To suddenly return

...

It was probably because of him!

Lin Hanxing laughed from the bottom of his heart.

However, the first thing Luo Mingwei did when she came back was to come to the cinema in the middle of the night with a man for excitement?

Who was this man?

"You're thinking about that man's identity?"

In the dim light, the Thunder valiant beast squinted his narrow eyes and looked extremely dangerous.

Lin Hanxing tilted his head to look at him. He was sensitive enough to sense that there was something wrong with what Lei Xiao said.

Did he know that man?

"You know him?"

Lin Hanxing said calmly as he looked at the man and woman in front of him who were moving again.

"Unfortunately, I'm also an acquaintance!"

Thunder owl's cold face did not change at all. Even though the cinema was dim, he could still recognize him.

"He's my aunt's husband,"

Aunt's husband ... Wasn't that him ...

Lin Hanxing was really shocked this time!

Although the relatives who were related to the Lin family were all ambitious, they even dared to provoke those related to the Lei family ...

Wasn't this a little too brainless?

"Really, it's quite a coincidence."

It seemed rather awkward.

"Do you want to tell your family?"

Lin Hanxing thought for a while and added.

"Why should I? Can't you tell that I'm actually quite happy?"

... Lin Hanxing's eyes swept over the handsome face that had been expressionless from the beginning to the end.

He really couldn't tell at all.

"You'll know in the future, as your aunt ..."

The Thunder valiant beast's voice came to an abrupt end, as if it didn't know how to explain it in the shortest possible time.

"I understand,"

Without waiting for Lei Xiao to speak again, Lin Hanxing patted the back of his hand.

"Which family doesn't have some troubling matters?"

"But ..."

Lin Hanxing glanced at the projection window.

"Since you don't like your Yimu's family, do you want to leave some evidence in your hands in case you need it?"

Thunder owl looked in the direction of her finger.

in the future, remember not to be stingy with the money for a hotel room, because you might have to lie quietly in someone's hard drive one day and be used as an after-meal pastime!

All the Jiang City Cinemas were equipped with infrared cameras, and ...

There was an observation window in the cinema, so the computer room was enough to see everything clearly.

“Do you want me to make a copy for you?”

Lei Xiao looked at the pair of eyes that were unusually bright in the dark cinema, and the corners of his thin lips curled up.

“Alright.”

Well, she killed people, and he handed her a knife.

This kind of life was indeed quite good.

Chapter 94 Dr. Zhong

Yujing garden.

The black Bugatti was parked downstairs.

Lei Xiao was smoking by the car.

The dim flame of the cigarette butt flickered in the night, and the cold lines were vaguely visible.

The car was air-conditioned.

Lin Hanxing was sleeping quietly in the front passenger seat.

He was even covered in Lei Xiao's suit jacket.

Suddenly, his phone vibrated.

Lei Xiao had two mobile phones, one for public use and one for private use.

The one that was ringing was the private one.

Lei Xiao glanced at the caller ID and paused when he saw the name 'Dr. Zhong'.

The next moment, he picked up the phone.

“Ray, you're my most disobedient patient.”

.....

Under the street lights, Lei Xiao's muscular figure was elongated.

At this moment, he was expressionless as he looked into the distance.

Dr. Zhong, who was on the other side of the ocean, sighed when he didn't get a response from Lei Xiao for a long time.

“That's just your fabrication ...”

Before the other party could finish, Lei Xiao had already hung up the phone.

There was complete silence.

Lei Xiao continued to smoke his cigarette.

As he exhaled the smoke, the man, who was as cold as iron, looked at Lin Hanxing ...

There was a rare look of complexity and ...

Fragile.

.....

The next morning.

Lin Hanxing was woken up by the aroma of coffee.

Her long eyelashes trembled slightly, and for a moment, she felt drowsy and dazed as if she had just woken up.

The bright sun shone through the curtains and onto the floor, adding a hazy warmth to the cold-colored room.

This was not her house!

Lin Hanxing instantly sobered up, and a bone-chilling coldness spread across his clear little face!

She walked out of the bedroom with her bare feet vigilantly and cautiously.

It was silent.

The main living room had a cool gray tone, and the design style was simple and cold.

There was also a full floor-to-ceiling glass window in the distance.

The aroma of coffee came from the kitchen.

The black and white kitchen was spotless, and the coffee machine on the counter was running automatically.

The dark-colored wooden breakfast table was large enough to seat ten people at a time.

The exquisitely designed wine cabinet was filled with a dazzling array of expensive red wine.

Lin Hanxing felt that this apartment was very familiar.

“What are you thinking about?”

Suddenly, a voice came from behind.

Lin Hanxing turned around and attacked with his well-trained fatal move on reflex!

But in the next second, the man's large palm firmly reversed control.

He used all his strength.

It was the Thunder valiant beast!

His tense nerves were instantly unlocked.

Immediately after, a strong masculine scent entered her breath.

Obviously, Thunder owl had just taken a shower after his morning run.

“This is your house?”

Lin Hanxing vaguely felt that something was wrong.

The years of bloody life had caused her to have a serious sleep disorder, but with Lei Xiao ...

She seemed to sleep particularly easily?

Lei Xiao held Lin Hanxing in his arms with one hand, opened the refrigerator with the other, and took out a bottle of clean water.

He drank very quickly, his Adam’s apple moving up and down.

“I didn’t know the password to your door, so I brought you to my house.”

Lei Xiao’s profound eyes stared at Lin Hanxing without blinking.

He was lying with a straight face.

Not only did he know the password to her house, but he had also entered it before.

“I’m going back.”

After Lin Hanxing finished speaking, he walked around Lei Xiao’s muscular body and headed towards the living room.

Her bag was lying quietly on the coffee table, and Lin Hanxing picked it up.

Lin Hanxing was originally worried that Lei Xiao would forcefully stop her like he had done every time, but to her surprise, he just held the black coffee that he had just made and looked at her with a faint smile.

Lin Hanxing pulled the door open and took a step forward before suddenly stopping.

When he saw the door clearly ...

She turned around.

Taking advantage of the time, Thunder valiant threw out the thing in his hand.

Lin Hanxing caught it with one hand out of reflex!

“I’ve already made a copy of the video from last night.”

The USB was lying quietly in Lin Hanxing’s hand, but what she was most concerned about now was ...

Chapter 95: The password

When she opened the door, she saw her own home?

Previously, the property management had specially called her to inform her that the owner of the house opposite had gone abroad to resell it, so ...

Was it bought by Lei Xiao?

“Do you want to stay for breakfast?”

Lei Xiao was holding a mug, the rich coffee aroma filling the air.

Leaning against the partition wall, her deep black eyes were particularly attractive.

Her usual business-styled slicked-back hair was put down after the morning shower.

It added a charm to his handsome and cold face.

Lin Hanxing looked at him.

Her initial shock faded, and she was no longer in a hurry to leave.

“There are new toiletries in the bathroom.”

Having said that, Lei Xiao entered the kitchen.

Lin Hanxing walked towards the bathroom with doubts in his heart.

.....

He’s making breakfast?

When Lin Hanxing came out of the bathroom, two sets of breakfast were already quietly placed on the table.

Lin Hanxing’s eyes widened in surprise as he took a bite of the fried egg.

“I didn’t expect you to know how to cook.”

The fried egg was crispy on the outside and tender on the inside, filling the tip of the tongue with a bite.

Thunder owl glanced at her and didn’t speak.

As he ate, Lin Hanxing felt that he had a new understanding of Lei Xiao.

A man like this ...

He was in a high position, but he was clean.

He had power, but he didn’t.

He had the means but he didn’t bully others for no reason ...

“Thunder valiant, can I ask you a question?”

Suddenly, Lin Hanxing looked at Lei Xiao and spoke.

Lei min picked up his mug. He knew that she had been looking at him for a long time.

“Yes.”

“Are you still a Virgin?”

The moment Lin Hanxing said that, Lei Xiao’s movements stopped!

He didn’t move!

“I’m full.”

After a long time, a low muffled sound was heard. Lei Xiao put the mug back on the table and got up.

However, her red ears did not escape Lin Hanxing’s eyes.

you don’t have to clean up after you’re done. A servant will come.

After he left, Lin Hanxing couldn’t help but chuckle.

This Thunder valiant beast was like a treasure vault.

It was as if he could always dig out something new from it.

Especially his reaction just now ...

However, the smile on Lin Hanxing’s face slowly disappeared.

It was better for her not to come into contact with people like Lei Xiao.

Just like what she had once said.

From the moment she returned to Jiang city, she would not let anything hold her back.

Thunder valiant beast was a very good person.

It was so good that ...

She could not help but let her guard down when she was with him.

This was not a good sign for Lin Hanxing!

After changing into a formal suit, Lei Xiao came out of the cloakroom and saw Lin Hanxing in a daze with an expressionless face.

He stood still.

When Lin Hanxing wasn’t smiling, his exquisite and beautiful facial features always gave people a bone-chilling sense of alienation.

In the face of enemies and strangers, this coldness was even more intense.

And when she looked at you with those eyes, it was as if you had fallen into an ice hole, and you would never be able to turn over.

thank you for the breakfast. I’m going back now.

Lin Hanxing quickly noticed Lei Xiao.

She stood up, her voice deliberately distant.

Thunder valiant beast's eyes darkened.

However, he quickly said a string of numbers.

Lin Hanxing, who had already stood up, looked at Lei Xiao, not quite understanding what he meant.

"The door's password."

As he spoke, he came in front of her.

His big palm landed on Lin Hanxing's head and rubbed it twice.

"I'll be waiting for you to come anytime."

.....

Lin Hanxing leaned against the door and did not move for a long time.

It was only when the desktop beeped "FaceTime" that she snapped back to reality.

In an instant, Lin Hanxing returned to his usual cold and indifferent state.

He walked towards the table.

Uncle Jin's face appeared in front of Lin Hanxing's eyes.

But this time, uncle Jin's expression was a little special.

"Ninth young lady, there's something ..."

Chapter 96: Related to the Lei family

After knowing uncle Jin for so many years, Lin Hanxing's impression of him had always been that he was always smiling.

It was rare to see him so hesitant to speak.

uncle Jin, there's no need to be so hesitant between us. Let's just talk.

a young lady came looking for you the day before yesterday. She hopes that you can help her find out the truth. After much consideration, I told her to return to Jiang city and wait for the news.

If it was only because of this, uncle Jin would not have such an expression.

"And then?"

Lin Hanxing casually picked up a pen and twirled it between his fingers.

Her fingers were very flexible.

The speed at which he wrote was also very fast, but uncle Jin knew that this was Lin Hanxing's subconscious reaction when he was thinking.

"What that young lady said is related to the Lei family!"

Lin Hanxing stopped moving.

"Oh? Is it related to the Lei family?"

"To be exact, it's related to Madam Lei."

.....

Madam Lei?

There was only one person in the Lei family who could be called Madam Lei!

That was Lei Xiao's mother, Zhong Nanyin!

What kind of old Affairs could be related to Madam Lei?

Yingluo, my parents and brothers are all good people.

Unconsciously, Lei Xiao's expression when he said those words appeared in Lin Hanxing's mind.

"That's why I'm hesitating. Ninth young lady, the Lei family is different!"

The reason why the Lei family's name could spread all over the world was not just because of their wealth.

It was also because of his means of taking revenge.

Anyone who dared to provoke the Lei family would be hunted down by the Lei family even if they had to pay a painful price.

They wouldn't rest until one of them died!

Unless it was absolutely necessary, no one was willing to provoke them.

uncle Jin, there's no need to hesitate. Inform that young lady to come see me at the teahouse.

Lin Hanxing and uncle Jin both knew where the teahouse was.

"Ninth young lady, won't you reconsider?"

Uncle Jin seemed to be hesitating.

Lin Hanxing chuckled silently as he looked at the person on the other end of the screen.

"Uncle Jin, aren't you saying this to me because you want me to accept it?"

It was impossible that uncle Jin didn't know how hard it was to gnaw on the Lei family.

However, uncle Jin still told him about it.

What he was trying to say was already very obvious.

Lin Hanxing believed that uncle Jin would not harm him.

Therefore, even if this matter was related to the Lei family, it was definitely beneficial to her.

“You little girl ...”

Uncle Jin was stunned for a moment, but he soon returned to his usual smiling appearance.

“I’ll contact her immediately.”

.....

In the private room of the Cloudwater Pavilion teahouse.

The drifting cloud Pavilion was the teahouse that the dignitaries of Jiang city liked to visit.

Not only was there tea, music, chess, Mahjong, and other activities available, but the most important thing was that the service was surprisingly good.

It was also very private.

The early stages of many important business negotiations were facilitated here.

At this moment, Lin Hanxing was in the private room with the best view in the drifting cloud Pavilion.

The tea maker was boiling water.

He could not help but look in Lin Hanxing’s direction.

Her wine-red Sleeveless Long Dress accentuated her snow-white skin and she leaned back on the sofa lazily, looking charming.

It was as if a hibiscus was not as beautiful as a Beauty’s makeup, and the water temple was dazzling with the fragrance of pearls and Jade.

His expression was so cold that no one dared to be rash.

The tea master couldn’t help but sigh in his heart.

Just the pair of high heels with Jimmy Choo’s straps on her feet was enough to pay for a month of his salary.

Knock, knock, knock ...

There was a knock on the door.

Lin Hanxing, who had been looking out of the window, looked away.

you go out first. I’ll ring the service bell if there’s anything.

The cold voice rang out. The tea master was stunned for a moment before he realized that he was talking about himself.

Soon, the tea maker left.

“What are you doing at the door? I’ve been waiting for you for a long time!”

Chapter 97: The car involved in the accident

The room was filled with the fragrance of tea.

Lin Hanxing deliberately ignored the other party’s obvious sizing up and continued to slowly brew the tea.

Every move was beautiful.

“You’re the ninth young lady?”

Jiang Xibao’s eyes were full of doubt.

Why did she look even younger than him?

It was rumored that the ninth young lady was an all-powerful figure at the border.

With a flip of his hand, he was like clouds and rain.

How could it be the one in front of him ...

Jiang Xibao looked at Lin Hanxing and felt that if she were to change her clothes, people would believe that she was a high school student.

“Before we get to the main topic, there’s something I hope you can understand.”

Lin Hanxing pushed the boiled tea in front of Jiang Xibao.

The amber liquid in the White glaze cup rippled.

.....

“It doesn’t matter if I accept it or not, but if I hear any rumors about me ...”

In an instant, Jiang Xibao felt as though all the blood in his body had frozen up when he met Lin Hanxing’s eyes.

The warning in his cold voice was deeply engraved in her mind.

“Now, we should talk about you, Jiang Xibao!”

Lin Hanxing’s words were spoken in a calm manner, but it was like a bolt of lightning striking Jiang Xibao.

“I ...”

Jiang Xibao’s lips trembled and he could not say anything for a long time.

Lin Hanxing was also very patient. He leaned lazily on the sofa, his eyes filled with an indescribable charm and pressure.

Her age was not right.

Lin Hanxing looked at the fair and chubby girl in front of him, who looked like a freshly-made bun, and he had his own thoughts.

The fact that Jiang Xibao was able to find her proved that what she wanted to say was not simple.

Moreover, Madam Lei was involved in this.

When uncle Jin used the word “truth,” it must have been many years ago.

All the clues put together were enough for Lin Hanxing to come to a conclusion.

Jiang Xibao was here on behalf of someone else.

And it was very likely that they were her family.

“I’m here on behalf of my mother.”

In the next second, Jiang Xibao seemed to have finally found his voice. He lowered his eyes and said, ”

“She passed away half a month ago.”

Lin Hanxing seemed to be casually fiddling with the diamond bracelet on his wrist, and there was no fluctuation in his eyes.

“Before she passed away, she told me something ...”

It was because of this that Jiang Xibao was determined to find out the truth.

my father almost killed ... Madam Lei ...

Jiang Xibao’s words made the whole matter complicated.

Lin Hanxing’s hand stopped.

Jiang Xibao explained.

Lin Hanxing had heard about this before.

Back then, Madam Lei had been involved in a fatal car accident before she had married into the Lei family.

It was said that if the driver had not made the timely judgment and risked his life to save her, Madam Lei would not have lived until now.

The car accident had caused two deaths.

The driver of the car involved in the accident was Madam Lei’s chauffeur.

After the car accident, Madam Lei, who was the second miss of the Zhong family at the time, completely disappeared from the public eye.

Unknown.

Until she married Lei kangnian.

“My father is the owner of the car that caused the accident.”

Jiang Xibao had been lacking the role of a father in her life since she could remember. To be honest, she was really used to it.

“But ...”

Jiang Xibao wanted to say something but stopped. Soon, he took out a paper bag from his bag.

The paper bag was obviously old, it was already crunchy and yellow.

It was bulging.

Lin Hanxing looked at Jiang Xibao and took it.

A few thick stacks of old coins!

From the looks of it, there should be around 50000 to 60000.

According to the year the old currency was issued ...

The spending power of 50000 to 60000 Yuan back then was comparable to the hundreds of thousands of Yuan today.

However, Jiang Xibao’s family had not touched the money.

The most important problem was the source of the money!

“There’s a note inside.”

Jiang Xibao said.

Lin Hanxing took out the note, and when he saw the words on it, his expression changed ...

Chapter 98: confusing

The handwriting on the note was obviously written by a different hand.

It was crooked, and other than what was written, nothing else could be distinguished.

Xuxu did as she was told.

Five simple words in exchange for two lives.

Lin Hanxing had already understood Jiang Xibao’s intention from the money and the note.

“You even got someone else to investigate this matter.”

Lin Hanxing’s cold voice somewhat soothed Jiang Xibao’s nervousness.

This was a statement, not a question.

Jiang Xibao’s fingers trembled slightly and there was an obvious fear in his eyes.

yes, I've assigned a private detective to investigate this matter before I went to find miss Jiu.

Lin Hanxing held the note in his hand, his beautiful eyes slightly cold and thoughtful.

"But the private detective died four days ago."

Jiang Xibao subconsciously shivered.

.....

That day, he had sent her a text message, saying that he wanted to meet.

However, just as he arrived, he heard a loud bang.

The detective she had hired had fallen from a high place and died in front of her.

"How about you? You're not threatened?"

Since those people had already found a private detective, then ...

How could Jiang Xibao be spared?

Jiang Xibao looked a little embarrassed and hesitated.

"He came to find me, but ..."

However?

Jiang Xibao chuckled, but she suddenly reached out and pressed the corner of the marble table.

There was a loud slap ...

Lin Hanxing watched as Jiang Xibao broke the corner of the marble table like he was breaking a biscuit!

I've been stronger than others since I was young. Those people are probably still lying in the hospital.

This wasn't just great strength.

Lin Hanxing's delicate little face showed a slight surprise.

It was gone in a flash.

then, I heard about miss Jiu. I decided to pack my bags and go to Mengsong immediately.

Jiang Xibao was still pinching the corner of the table with a funny look in his hand.

"You know what happened after that."

Lin Hanxing did not say anything but his eyes fell on Jiang Xibao.

The latter only felt that the look in her eyes made her heart tremble, and then she remembered something.

Was she going to have to pay for this table?

"I've accepted it, but ..."

Before Jiang Xibao could feel happy, he heard the 'but' after Lin Hanxing's words!

"Before you came to find me, you should know that the price for me to take action is not cheap."

Jiang Xibao's expression froze.

Indeed, she had no money and was very poor.

Lin Hanxing looked at Jiang Xibao and handed her the empty white glazed teacup.

"Crush it,"

Jiang Xibao crushed the teacup in his hand as if it was a conditioned reflex.

Lin Hanxing was obviously very satisfied with her 'ability'.

I'm not a philanthropist, but I'm not that aggressive either. If you don't have money, you can use another method ...

Lin Hanxing slowed down his tone as if he was trying to lure his prey into the trap.

"What method?"

Jiang Xibao looked at her in confusion.

"I'll help you find out the truth. As for you, sell you to me for ten years!"

"What?"

Jiang Xibao suddenly stood up in surprise.

What did he mean by selling it to her for ten years?

"Don't worry, I'm just asking you to help me fight!"

Lin Hanxing gave a rare smile.

Jiang Xibao was stunned.

if you follow me, I can guarantee your safety and give you a fixed salary every month. Don't you think it's a good deal? "

"It's a good deal, but ..."

Jiang Xibao was still immersed in her smile. He only felt that she was really beautiful ...

"You already said it's worth it, what's there to say?"

Jiang Xibao felt that something was wrong, but he could not tell what exactly it was.

"I ... I agree."

Jiang Xibao only reacted when he arrived at the door.

Had she been seduced by the ninth young lady's beauty and sold herself just now?

Chapter 99: scheme

The smile on Lin Hanxing's face gradually disappeared after Jiang Xibao had left.

He closed his eyes and leaned back on the sofa.

Her long eyelashes hid the darkness in her eyes.

It was obvious that there was a mastermind behind the car accident.

Now, he had a certain amount of power.

Otherwise, it would be impossible to know that someone was re-investigating the past in such a short period of time.

And directly caused the private detective to fall to his death!

Jiang Xibao was in danger.

In the first ambush, the opponent was caught off guard, and she was lucky enough to escape.

But who could guarantee that she would be able to escape a second or third time?

But now, since she had taken a fancy to Jiang Xibao's ability ...

Lin Hanxing's eyes were cold.

There was a bloodthirsty aura in the air.

.....

She took out her phone and dialed a number.

"Hello, mute uncle ..."

.....

When Lin Hanxing came out of the private room, the manager of the drifting cloud Pavilion was already waiting outside.

He stepped forward respectfully when he saw her.

"Ninth young lady, the mute uncle has already made the arrangements."

Lin Hanxing nodded and walked out.

The manager followed behind her.

"Remember, when Madam Lei comes, look at my hand signal."

Lin Hanxing stood still.

"Will that work? Don't let her sons know about this!"

she's stupid but rich. She'll be happy if we win one or two rounds for her. Besides, you know that she never tells her husband and son about this kind of thing, so don't worry!

"Are you sure? I don't want to get into trouble! But why isn't Mrs. He here yet ..."

The sound of the Mahjong machine shuffling could be heard.

Lin Hanxing's lips suddenly curved into a cold smile as he listened.

He had heard that these ladies would set up traps to pick on the weak, but Madam Lei ...

"Get me a few people."

Lin Hanxing ordered the manager coldly and the latter quickly left to make the arrangements.

Lin Hanxing pretended to casually glance around the private room. He clearly remembered the faces of the few people in the room.

She took two steps forward, but when she saw the person in front of her, she smiled in her heart.

"Mom, I think ..."

Yuan Xiaolei was holding her mother-in-law's arm as they chatted and laughed. When she glanced over from the corner of her eyes, her voice suddenly stopped!

"What are you doing here?"

A sharp voice came from Yuan Xiaolei's mouth.

Mother he frowned. She had never seen her daughter-in-law lose her composure like this.

Although she was unhappy, she did not show it on her face and sized Lin Hanxing up without a trace.

Her beauty was indescribably invasive.

Even though she shouldn't be compared to the young, mother he still felt uncomfortable.

"Young mistress he, how have you been?"

Lin Hanxing's words were cold.

Yuan Xiaolei gritted her teeth in anger and whispered into mother he's ear.

Soon, mother he looked at Lin Hanxing with a darkened expression.

miss Lin has just returned to Jiang city. What a show of force!

Mother he's voice was full of sarcasm. She had heard Lin youlin complaining to her last night, but she didn't expect to see the real person today!

"One heard that Gugu and he Furen are besties and had always wanted to see you. One did not expect that one's wish would be fulfilled today. "But if you're talking about this style ..." Lin Hanxing chuckled, but it sounded like an unspeakable mockery to the ears.

"Madam he's glory in Jiang city back then, if you were ranked second, no one would dare to claim first!"

Not long after the first wife died of anger, mother he married into the he family despite the rumors.

It was really full of style.

However, Lin Hanxing's words made mother he's head hurt.

you ... Yuan Xiaolei wanted to stand up for her mother-in-law, but she saw Lin Hanxing's gaze go over her shoulder and look behind her!

Just as he turned around, he saw Zhong Nanyin.

"Mom, Madam Lei is here."

Upon hearing this, mother he's eyes lit up ...

She had not forgotten the main purpose of her visit today!

Chapter 100: Really good looking

This was Lin Hanxing's first time meeting Lei Xiao's mother.

Even though he was middle-aged, it was obvious that he was pampered at home.

She took good care of herself and had a good temperament. If she stood next to Lei Xiao, people would believe her even if she said she was his sister.

In comparison, mother he was at a disadvantage.

"Why are you here?" When Zhong Nanyin saw mother he, he obviously didn't like this person.

His tone was a little impatient.

Lin Hanxing realized that Madam Lei was really easy to understand. Her emotions were written all over her face.

"Mrs. Chen was having a stomach ache and looked for me to save the day. Do you think I wanted to come?"

Mother he's face was full of smiles, but she wasn't trying to please him. Instead, she looked shrewd and calculative.

Zhong Nanyin rolled his eyes at mother he and walked towards the private room he had reserved.

She had just learned how to play Mahjong recently and was very addicted to it.

However, when he passed by Lin Hanxing, even he felt that he had stopped for no reason.

He looked at Lin Hanxing.

.....

This girl was so pretty, if only ah Xiao was here.

When Madam Lei stopped beside Lin Hanxing, Yuan Xiaolei's heart tightened.

If this little B * tch were to have an intimate relationship with the Lei family ...

Fortunately, Zhong Nanyin quickly realized that he had lost his composure. He smiled kindly at Lin Hanxing and entered the private room.

Mother he couldn't care less about Lin Hanxing and followed behind Zhong Nanyin.

On the other hand, the twisted expression in Yuan Xiaolei's eyes was obvious.

don't think that you can turn from a Sparrow into a Phoenix. The Lei family is not something a B * tch like you can reach!

"Young Madam he."

Only the two of them were left in the corridor. Lin Hanxing no longer concealed his aura.

A pair of eyes as cold as the stars landed on Yuan Xiaolei's face.

"Do you still remember what I said last time?"

Lin Hanxing's lips curved into a smile, her high heels clicking loudly on the floor.

Soon, she arrived in front of Yuan Xiaolei.

His long and cold fingers hooked her chin, slightly exerting force and frivolously.

"Would you believe me if I said that my appearance today was premeditated?"

.....

Lin Hanxing's eyes were filled with mockery as he watched Yuan Xiaolei's back as she ran away.

She was just trying to scare her.

But ...

Lin Hanxing looked at the tightly shut door of the private room, deep in thought.

After a long time, she took out her phone and dialed Lei Xiao's number.

.....

Lei Corporation, International Conference hall.

At this moment, a high-level meeting was being held.

The higher-ups sat upright and still, facing Lei Xiao, who was sitting in the middle of the pure black leather seat, they were as silent as cicadas in winter.

Even though many of the people present were much older than Lei Xiao.

Thunder Valiant's Special Assistant, Anthony, stood at the side.

Suddenly, Anthony felt his phone vibrate.

That was Thunder Valiant's personal phone.

Before the meeting, Lei Xiao would hand the phone over to Anthony for safekeeping.

Looking down at the caller ID, Anthony's hand, which was about to hang up, stopped.

He hesitated.

He still walked to Thunder valiant beast's side and spoke in a low voice.

"We will adjourn for ten minutes."

Lei Xiao's handsome face was expressionless. He took the phone from Anthony and left the meeting room.

"Cold star ..."

If someone appeared at this moment, they would be shocked by the smile on the Thunder valiant beast's face.

"Someone schemed against Auntie and wanted her to be the victim."

Lin Hanxing's cold voice came through the receiver, and Lei Xiao's face immediately darkened.

"Who is it?"

"If I remember correctly, one is the wife of the director of the Wang Group, and the other is the wife of the director of the Qian group."

there's also the he family's mother and daughter-in-law.

Lei Xiao reacted quickly. It must be Mahjong or chess cards.

"Don't worry, I'm here. I won't let Auntie suffer."

Thunder owl didn't speak for a long time.

She didn't feel that the content of those words was very moving.

"Yes, I believe you."
