

Goodnight 981

[Chapter 981](#)

981 The crushed goblet

BOOM!

The effect of Lin Hanxing's words was no less than the explosion of an atomic bomb!

This was a direct and overbearing declaration of sovereignty!

Lei Xiao suddenly turned his head to look at her.

Not to mention that mother Lei was covering her mouth and nose with both hands, only revealing her bright eyes.

Did my daughter-in-law give ah Xiao a title in public?!

It was awesome!

As if sensing Lei Xiao's gaze, Lin Hanxing tilted her head to look at him.

Her long, black, feather-like eyelashes trembled slightly.

There was an undercurrent in his eyes, as if he wanted to swallow her whole. The lines on his deep face were tense, revealing an unfathomable King's aura.

Lin Hanxing's lips curved into a smile.

She was lazy and charming.

His eyes swept across Lei Xiao's thin lips.

Everyone could only see blue light floating in front of them.

In front of everyone, Lin Hanxing stretched out his hand and pinched Lei Xiao's chin, then lifted his head and gave him a gentle kiss!

There was a crisp slap.

"Young master ..."

Uncle Liang, who had been standing next to Shangguan shixiu, exclaimed in a low voice.

The young master had actually crushed the wine glass with his bare hands!

Fresh red blood flowed down his fingers and dripped onto the floor.

Shangguan shixiu's feminine features were expressionless, and his black jade-like eyes fell on the two people not far away.

It was as if his heart was suddenly clenched by two invisible palms!

Even her eyes were filled with sorrow.

The kiss ended.

Lin Hanxing's finger gently grazed the red stain on Lei Xiao's lips.

His actions were bold and unbridled.

There was complete silence.

The man's soul seemed to be drawn away with her movements, and he could not control himself at all.

"This girl ..."

Yue Guanqian lowered his voice and chuckled as he shook his head. He also removed his hand from his grape-like eyes.

Elder Zheng smiled but didn't say anything.

Elder Yan, on the other hand, looked at the icy blue figure, his thoughts unknown.

His gaze was unclear.

"What a joke! Did brother Lei admit it?"

Suddenly, Yuan susu, who was standing beside Yuan shaojing, shrieked.

Perhaps it was because she was unwilling to get the 'star of the ocean', or perhaps it was because she was envious of the two people who couldn't get in, but when Yuan susu realized what she had said, it was already too late.

Lin Jiaojiao pursed her lips and smiled.

Even without Luo Ruyin, there was still Yuan susu.

Just as Lei Jue was about to sneer, his second brother, Lei min, held him down.

Because of Lin Hanxing's kiss just now, Lei Xiao exuded a mesmerizing charm from his bones.

The socialites present couldn't help but be fascinated.

Lei Xiao didn't even look at that part of Yuan SuSu's body, as if she didn't exist. He raised his head and gently stroked the hairpin on her ear.

"Yes, I'm Yours."

His magnetic and deep voice made the woman's bones go numb!

She only wanted to scream crazily in her heart!!!!

Thunder valiant beast!

The one who rarely appeared in public ...

Every time it appeared, it would bring about a bloody storm!

That Lei Xiao who never brought a female companion to any events and never had any scandals!

That clean and uninteresting life of Lei Xiao that even the reporters could not help but sigh!

Which woman in Jiang city had never fantasized about him?

However, it just so happened that such a cold and emotionless man was actually saying such things to another woman in a completely indulgent and pampering tone. It was simply breaking the rules to the point of breaking her heart!

Lin Hanxing looked up at him with a smile.

the second thing, I know that everyone is very curious about my experience in the eighteen years of my disappearance. Now, I can finally use this opportunity to tell everyone generously ...

Everyone's ears perked up when they heard Lin Hanxing mention what had happened in the past 18 years.

She was really like a mystery!

What kind of fortuitous encounter had he encountered in the past 18 years?

"No comment!"

[Chapter 982](#)

982 What a good loss in silence

No one spoke.

The guests who were waiting for Lin Hanxing's long speech looked at each other and came back to their senses after a while.

No more?

It's over?

"Hahahahaha!"

Suddenly, a thunderous laughter rang out, causing everyone to shiver in fear.

"Good! Little Lin, I like your personality!"

Even though he was attending the banquet, he was still wearing his white Chinese tunic suit and laughed loudly.

Lin Hanxing looked at him.

He smiled.

When everyone saw that elder Zheng had taken a liking to the Lin family's little nine, they all started to mumble in their hearts.

He didn't know if this was elder Zheng's intention ...

Or was it elder Yan's idea?

The Lin family, especially Lin youlin's family, had ugly expressions on their faces.

But very quickly.

Lin Hanxing's next words made their expressions even uglier!

"The third thing ..."

Lin Hanxing was calm and elegant as he held the wine glass. With the few geniuses of the Lei family behind him, he looked as bright as a Pearl, not to mention ...

With the previous two experiences, who knew what kind of shocking excuse she would say this time!

Everyone's eyes were fixed on Lin xiaojiu's face.

before my parents passed away, the shareholders agreed to transfer 18% of their shares to me.

He didn't expect that this matter would be brought up again.

He didn't expect this to be true!

After all, the theft of the chief lawyer's office of the Lin's group's legal team had caused a lot of commotion in Jiang city.

No matter what the rumors were ...

The chief lawyer denied it.

"Little nine!"

Lin qianlin tried her best to control her expression, but even so, it was still ferocious.

The banquet had just started and little 9th had already caught them off guard.

His back was covered in a layer of cold sweat!

"There's no evidence for this matter, so how can you talk nonsense!"

Lin youlin smiled stiffly and walked in front of Lin Hanxing. She could no longer care about the strong aura that the Lei family exuded, which made people bow down to them. She lowered her voice and spoke angrily.

"Without any evidence?"

Lin Hanxing raised an eyebrow and chuckled.

The mute uncle had appeared beside her without her knowing.

He was expressionless and holding a document in his hand. It looked like it was something extremely important.

He looked at the bag that contained the documents.

Lin youlin's eyes widened!

The others might not know what it was, but how could she not know?

"I have a document here that clearly States the ownership of the 18% shares in black and white!"

Lin Hanxing's words caused an uproar.

There was really such a document!

you stole it???? "

Lin youlin raised her hand and pointed her index finger at Lin Hanxing's face, her eyes filled with fear!

This was the stolen document that was originally kept in the safe in the Lin group's legal team office!

At that time, no matter how much effort they put in, they still couldn't find the thief!

"Aunt, be careful with your words!"

Lin Hanxing's eyes were cold, but the smile on his lips was moving.

the spokesperson of Lin's group announced to the public that nothing was lost!

She was actually waiting for her here?

Lin youlin could not believe it!

Back then, in order to prevent the situation from escalating, she had already ordered people to withdraw the case. She had also refused to admit that she had lost something back then. She just wanted to hide the matter completely!

However, she had never expected that the document ...

It was actually stolen by little 9th!

No! It was wrong!

Lin youlin's heart started to beat faster as if she had thought of something!

At that time, little 9th had yet to return to the Lin family!

So ...

[Chapter 983](#)

983 How long had she been hiding for?

Lin qianlin looked at Lin Hanxing, who was standing not too far away, and her heart felt a chill.

If she remembered correctly, it was little 9th who had been dragging on not contacting them at the beginning. It was only after this secret document about 18% of the Lin group's shares was stolen that Jiang city was instantly in an uproar, and all kinds of suspicions and speculations came one after another.

In order to shut everyone up, the Lin family frantically tried to find little 9th ...

Now that he thought about it ...

Wasn't everything happening too much of a coincidence?

Lin Hanxing handed the wine glass to the mute uncle and walked towards Lin youlin with the document in his hand. He knew that her finger was about to touch her forehead.

according to the agreement, as long as more than half of the current board members agree, I can replace my parents and return to the Lin corporation's Board of Directors ...

With a faint smile on his face, Lin Hanxing raised his hand and held Lin youlin's finger in his palm.

With a calm expression, he forcefully pressed her hand down!

"The third thing I want to say ..."

Lin Hanxing and Lin youlin looked at each other from a close distance.

Their pupils could even reflect each other's reflections!

"It means that I, Lin Hanxing, will take my parents' place ..."

"Return to the Lin clan!"

The guests who were able to attend this banquet were all smart people. Even if they pretended to be peaceful on the surface, who couldn't see the undercurrents in the dark?

Luo Minghao, who was standing not far away, squinted his narrow eyes dangerously.

This niece of his ...

How long had she been hiding?

Lin Hanxing's lips curved into a smile, and there was a murderous and bloodthirsty aura in her eyes.

He released his grip on Lin qianlin's wrist, handed the document back to the mute uncle, and took the wine glass.

He finished the champagne in one gulp!

Then, he raised his hand and pointed the empty cup to the side.

thank you, everyone. The banquet officially begins!

.....

The banquet started with a strange atmosphere.

Lin Hanxing changed to another glass of champagne and held it in his hand. He smiled calmly as he accepted the greetings and compliments of the old foxes. He was not shocked by the flattery or humiliation and had an inexplicable aura that made people believe in him.

It made the other Lin family members, who should have been wandering among the guests, become a laughable foil.

“What has little Jiu been through all these years?”

Zhong Wan 'er looked at Lin Hanxing, who was standing beside Lei Xiao but did not lose to him in terms of imposing manner, and couldn't help but sigh!

She was too natural when interacting with others and did not have any stage fright at all.

Even his own daughter, Jiaojiao, who had attended countless banquets, could not compare.

When Lin Jiaojiao heard this, she couldn't help but sneer in her heart.

Wait ...

After a while, all the glory and honor would leave her completely!

As she picked up the glass of champagne, she stopped smiling, and the whispers around her caught her attention.

“Really?”

Yuan susu had obviously noticed the commotion as well. Coincidentally, she had something to discuss with Lin Jiaojiao, so she walked over to her.

“Did Lin xiaojiu really say that?”

Yuan susu and Lin Jiaojiao both paused in their steps when they heard this.

After looking at each other, they walked toward the socialites who were gathered together and chatting.

exactly! I heard it with my own ears. When she told Zhao Dongyang that she knew how to read fortunes, Zhao Dongyang's face immediately changed!

The person who spoke was one of the people who had been present when Zhao Dongyang and the others had welcomed han mingmei.

“I think she's really strange!”

“Ever since she returned, the Lin family has never been peaceful!”

“Jiaojiao, don't you think so?”

Fortune-telling?

Yuan SuSu's eyes brightened. How could she bring this up in public?

It's just a thing of the three religions and Nine Schools of Thought!

“Why don't we look for her to read our fortune?”

[Chapter 984](#)

984 The price of asking me for fortune-telling is very high

“Cousin.”

Yue Guanqian was introducing Lin Hanxing to elder Yan when Lin Jiaojiao brought her people over.

Her interjection interrupted him.

Yue Guanqian and the others looked at the socialites who were rushing over with their eagle-like eyes, which made this group of people feel like they were meeting their instructor during military training. They wished they could stand at attention and walk in unison the next second!

“Is there something?”

Lin Hanxing gave Lei min, who was not far away, a look to calm down.

“Cousin, I heard that you once said that you know how to read fortunes?”

Lin Jiaojiao’s voice was neither loud nor soft.

It was just enough for people to hear her, but her expression was shy and innocent!

Mother Lei couldn’t help but shake off her husband, who secretly wanted to grab her, and came to Lin Hanxing’s side with a kind smile.

“What are you guys talking about?”

Her warm hand covered the back of Lin Hanxing’s hand, giving him silent support.

“Mama Lei, you don’t know yet, but my cousin is very good at fortune-telling! These Little Sisters all want cousin to help them calculate!” Lin Jiaojiao pursed her lips and smiled like a little white flower.

Fortune-telling?

Mother Lei turned to look at Lin Hanxing.

His eyes were filled with shock.

Elder Yue and elder Zheng looked at each other, then subconsciously looked at elder Yan. He was the one who didn’t believe in these things.

Yuan susu stood there quietly.

This kind of nonsense didn’t even sound high class, how would others look at her?

Sure enough.

Upon hearing Lin Jiaojiao’s words, the surrounding crowd began to whisper.

“My daughter-in-law ...”

The emotionless expression on mother Lei’s face filled Lin Jiaojiao and Yuan susu with anticipation.

“You’re so awesome! How do you know everything!”

Just when the others thought that mother Lei would be angry, she suddenly looked at Lin Hanxing with Starry Eyes.

“.....”

“.....”

The socialites who came with Lin Jiaojiao and Yuan susu couldn't help but be stunned.

If it were any other mother-in-law, they would have turned hostile. What Mama Lei said just now ...

It's awesome?

Lin Hanxing smiled as he gently brushed away mother Lei's hair that was wrapped around her earrings.

“The price of asking me to tell your fortune is very high.”

She didn't even look at those people and spoke lightly, attracting the attention of others.

Not a joke?

This Lin xiaojiu was really good at fortune-telling?

He couldn't have been speaking without thinking, right?

“How much is it?”

Yuan susu said coldly. Her side profile, which was covered by a large amount of concealer, looked a little strange under the light.

“I'll only calculate for four people. I'll decide on one of the spots myself.”

Lin Hanxing slowly extended four fingers towards Yuan susu.

It was slender and fair.

He couldn't help but attract attention.

“Cousin, are you telling the truth?”

Lin Jiaojiao didn't think that she would actually agree to it in front of elder Yue and the others.

“I'll pay two hundred thousand!”

Suddenly, the guests laughed. They asked for 200000 Yuan as if they were having fun.

The socialites didn't expect that someone would really bid, so they all turned their heads to look.

“I'll pay 500000!”

“One million!”

With someone taking the lead, the entire scene instantly became lively.

“No problem?”

Yan beixiao asked in a low voice, mainly because the atmosphere was too heated.

“I believe in her.”

Lei Xiao was holding the wine glass, but his trousers were suddenly pulled.

Looking down, he saw Yuan Bao looking up at him, fiddling with the chain that he had put on his neck.

Finally, Lin Hanxing's first question was ...

It had been 'bought' by someone for two million!

Perhaps it was too fresh, the scene just now was a little out of control.

Lin Hanxing smiled as he walked past Lin Jiaojiao and headed towards the person who had called out the price!

[Chapter 985](#)

985 I'll pay 50 million for an answer

Everyone's eyes followed Lin Hanxing's movements and finally settled on the lady who had won the first question at the high price of two million.

"I hope that you'll make me feel that the two million is worth it."

The one who spoke was Mrs. Feng, and she spoke in her usual arrogant tone.

To her, money was just a number, but the pleasure of winning the first place was what she pursued the most!

"I want to ask ..."

"Shhh ..."

Before Mrs. Feng could speak, Lin Hanxing had already shushed her, signaling her to keep quiet.

He didn't even listen to her.

All the guests craned their necks to look at them, as if they were really curious. Was this Lin xiaojiu really good at fortune-telling, or was he just trying to be mysterious to please the crowd?

The smile on Lin Hanxing's face disappeared.

He looked at Madam Feng with an expressionless face.

His eyes were like an abyss, giving people an inexplicable feeling of dizziness and darkness!

"If you want to ask if your husband has another woman outside ..."

Just as everyone was waiting in anticipation, Lin Hanxing suddenly spoke coldly.

Mrs. Feng's pupils suddenly narrowed, and her high and mighty aura was instantly replaced by shock!

Lin Hanxing raised his hand without even looking.

Everyone followed her line of sight and saw a woman being pointed at by her white fingertips.

"You can go ask her."

Everyone was in an uproar.

"It's you indeed!"

Mrs. Feng's expression changed and she was about to rush over, but before she could raise her hand, she was caught by Lin Hanxing.

"You're going to face a Great Tribulation in the near future."

She glanced at Mrs. Feng's nails and said coldly, "

"For the sake of the two million Yuan, I advise you to go to the hospital for a medical examination."

Lin Hanxing let go of her hand.

He left the noise behind.

"Next!"

"Two million!"

As soon as Lin Hanxing turned around, someone called out a price.

However, this time, there was less teasing and more seriousness, and even a sense of urgency.

When the price was raised to 4.5 million by a socialite next to Lin Jiaojiao, Lin Hanxing suddenly reached out and tapped her.

This was the second person chosen!

"I'm actually a little nervous!"

As soon as Yan beixiao finished speaking, Liang yuran could not help but roll his eyes in his heart.

His eyes fell on Jiang Xibao, who was standing with the mute uncle.

The light purple dress made her look more like a white tangyuan, and it made people want to reach out and pinch her.

"I want to ask for a marriage ..."

"I also don't know which of the three the child in your womb belongs to."

"F * ck!"

As soon as he finished speaking, the other party's face was already a mixture of green and white.

The guests were in an uproar again.

It was simply a climax!

Even Lin Jiaojiao couldn't help but look at her friend in shock!

"You ..."

but if you want to solve the question that has been buried deep in your heart for a long time about your father, I suggest you go to the peony courtyard three streets North of your home to find the answer.

The other party, who had originally wanted to pounce over, was shocked when he heard this!

“Third!”

Lin Hanxing paced back and forth elegantly, his eyes scanning the crowd.

This time, no one spoke.

They seemed to have been frightened by her words!

“I’ll give you 50 million for one of your answers!”

Suddenly, a man’s indifferent and magnetic voice rang out from the corner.

Everyone looked in the direction of the voice.

It was Shangguan shixiu!

His face was paler than when he came, and the blood on his slender fingers had dried up, but he still looked a little terrifying!

Liang yuran subconsciously looked at Lei Xiao.

There was no emotion on his cold side profile, but his whole body was occupied by coldness.

“You said that you would protect me. Do you still mean what you said?”

[Chapter 986](#)

986 No matter what the answer is

The atmosphere suddenly became strange.

The guests who were a little confused by the situation in front of them had already shifted their gazes between Shangguan shixiu, Lei Xiao, and Lin Hanxing countless times. What was going on?

However, Shangguan shixiu had made it clear from the very beginning that he had come for Lin xiaojiu.

So, between the two of them ...

Lin Hanxing stood there quietly, her elegant swan-like neck giving people a beautiful enjoyment. Her earrings made of fine blue diamonds were hooked along her ears, making her porcelain-like face look like a fairy.

His black jade-like hair covered half of Shangguan shixiu’s eyes.

It was hard to see the fragility in his eyes.

His trusted aide, uncle Liang, was making a phone call not far away. His expression was clearly a little anxious.

After hanging up, he walked back to Shangguan shixiu and said in a low voice, ”

Old master personally called young master to urge him to fly to country G.

I can't drag this on any longer.

Shangguan shixiu got up. Perhaps because he was too thin, the narrow silver-gray suit made his sick face look even more feminine.

He walked towards Lin Hanxing.

He was expressionless.

His eyes only fell on her, as if he didn't care about anyone else!

But before he could get close, Thunder valiant stood in front of him.

Their gazes collided in the air, and it seemed as if the smell of gunpowder could be smelled.

"Young master ..."

The private jet was already on the runway. Time was of the essence and they could not delay any longer.

Uncle Liang frowned.

He only felt that the girl was a femme fatale!

Shangguan shixiu knew this, so he looked over Lei Xiao's shoulder at Lin Hanxing.

"Little Jiu, no matter what your answer is ..."

His voice was as beautiful and gentle as the finest Jade. The women present could not help but feel motherly love in their hearts. They even wanted to go forward and hug this man who looked so pitiful!

Even if ...

I've heard of the fact that he killed people like flies!

"And I will protect you!"

In front of all the important guests, Shangguan shixiu didn't hide his feelings for Lin Hanxing at all.

"Young master, we really can't wait any longer!"

Uncle Liang urged in a low voice.

Shangguan shixiu walked toward the door of the villa.

When he passed by the Thunder valiant beast.

She bumped into his shoulder, intentionally or unintentionally.

He didn't even stop.

Until his figure disappeared from everyone's sight.

Lin Jiaojiao clenched her small hands. She couldn't understand. She was clearly using this opportunity to make others look down on Lin xiaojiu, but why ... Did it seem like a stage was created for her?

Lin Hanxing stood on the spot and slightly lowered his long eyelashes.

There was no emotion in his eyes.

Just now ...

The answer was already in his mouth.

He didn't know if Shangguan shixiu had seen through this, so he had taken the initiative to speak.

Zhan Nanheng, who was standing beside Yuan shaojing, looked at Lin Hanxing.

His eyes were very deep.

What was he thinking?

"Cousin ..."

Lin Jiaojiao tried her best to break the silence that Shangguan shixiu brought.

He looked at Thunder valiant beast subconsciously.

However, Lei Xiao's eyes were only fixed on Lin Hanxing.

Realizing this, Lin Jiaojiao was a little unwilling.

He subconsciously turned the ring.

Inside the crystal wall, there seemed to be a pink liquid flowing, waiting for someone to break it.

"Didn't you say that there was a fourth person?"

Lin Jiaojiao's lips curved into a harmless smile. She walked to Lin Hanxing's side and was about to reach out to hold her wrist when Lin Hanxing turned around and left without any expression on his face.

For a moment, the scene seemed a little awkward.

The orchestra was still playing a soft and cheerful tune.

Lin Hanxing's every step was like stepping on a happy spot, stepping on people's hearts.

Very quickly.

She stood in front of a person.

And that person was ...

[Chapter 987](#)

987 She was the last person

Mother he's heart skipped a beat.

Obviously, he did not expect Lin Hanxing to walk up to him.

Even he zhehan, who had just walked over to mother he, was nervous.

Everyone's gazes turned to him.

It landed on the three of them!

Lin Hanxing's posture was elegant as he looked into mother he's eyes, exuding an air of nobility.

Looking into this pair of eyes that seemed to be able to easily see through the secrets in your heart ...

Mrs. He felt a cold air spreading from her feet to her whole body.

"Mrs. He, you're the last one."

"I ..."

He wanted to say that he didn't need it, but the words were forced back by Lin Hanxing's gaze.

How could her aura be so strong?

"Tonight, the person you've been longing to see will appear."

The moment Lin Hanxing spoke, mother he's eyes widened and her fingers trembled uncontrollably.

With a click, he took a step back.

The sound of high heels was crisp.

If it wasn't for his son, he might have fallen.

The people around them all moved aside. They were all sly old foxes in the political and business world, so how could they not see the undercurrent between the two?

And those words ...

No matter how he listened, he felt like he was hinting at something.

Just as everyone was prepared for Lin Hanxing's long speech, they saw Lin Hanxing chuckling. Under the illumination of the crystal Light above his head, his smile seemed particularly cold.

No one noticed.

Bai Xi, who had been standing beside Yan beiming, had disappeared without a trace.

No one noticed.

The mute uncle, who was originally by Lin Hanxing's side, also disappeared.

Everyone's attention was on mother he.

The mute uncle had returned.

In a corner where no one could see, he nodded at Lin Hanxing.

"Cousin, that's it?"

Lin Jiaojiao was surprised. At least the few people from before still had a few words to say.

Why was it only one sentence when it came to the he family?

However, Lin Hanxing ignored her and turned to look elsewhere.

“Tonight, I’ve specially invited a friend to my dinner party.”

Lin Hanxing said as soon as he received the signal. His calm and composed attitude was intoxicating.

“Aunt, you won’t blame me for not telling you in advance, right?”

Lin qianlin laughed coldly to herself.

She had already said what she wanted to say, so how could she blame her?

Could he really throw Lin xiaojiu out?

“Of course I won’t!”

Lin youlin had perfectly demonstrated what it meant to put on a fake smile.

“That’s good.”

Lin Hanxing was still holding a glass of champagne in his hand. He swirled it slightly as he spoke, his expression unreadable.

However, the Lei family members who were familiar with her could see a hint of mockery on her face.

So, the friend she had specially invited ...

Who was it?

Lei Xiao shot a glance at Liang yuran.

Everything was carried out in an orderly manner without a sound. Only mother he’s heart was beating so fast that she couldn’t come back to her senses for a long time. She felt extremely flustered.

His heart was beating so fast that it was about to jump out of his chest!

An unknown fear made Mrs. He’s scalp go numb.

People would have an inexplicable sense of danger.

He zhehan was still fantasizing about Lin Hanxing’s back when his wrist was suddenly grabbed by his mother.

The force was too great.

Even the nails that had just been done dug into the flesh between he zhehan’s wrists.

He zhehan was in pain.

He turned his head and looked at his mother in confusion.

However, he was shocked by her expression as if she had seen a ghost.

In her memory, when had mother he ever lost her composure in public like this?

“Mom, what’s wrong with you?”

He zhehan lowered his voice and tried to pull his hand out of her palm.

However, just as he finished speaking ...

The door of the villa was pushed open from the outside!

[Chapter 988](#)

988 The whole place was shocked

As the status of the guests who had come for Lin xiaojiu was too high, everyone naturally had their own thoughts.

If even an uninvited guest could be so prominent, then if he was specially invited ...

As they thought about this, they craned their necks and looked towards the door.

It didn't matter what he saw, but the expression on his face instantly turned as if he had seen a ghost!

The Lin family was filled with anger, so they didn't care about Lin Hanxing's friends, especially Lin youlin, who sneered with her back to the door and didn't even bother to look.

But ...

When the entire place quieted down at the speed of light, everyone looked at the door as if they had seen a ghost. Even Lin youlin and the Lin family members felt that something was not right.

Following the direction that the group of people was looking at, he also turned around.

The next second, Lin youlin gasped.

His eyes widened!

She finally knew why those people had such a reaction as if they had seen a ghost!

Wasn't this person a ghost?!

He was the young master of the he family!

He Chengyu, who fell into a deep coma after a car accident three years ago when they were newlyweds!

They all said that he was in a vegetative state!

His sudden disappearance from the hospital had caused a huge uproar in Jiang city!

But now, not only did he appear!

And he even became a friend that Lin xiaojiu specially invited?

What kind of godly operation was this?

The one who was truly shocked was second young master he, he zhehan!

He even forgot to pull his hand back from his mother's palm. He even forgot to hide the shock and hatred on his face!

Big brother?

He zhehan's life had been so good these past few years that he almost forgot how it felt to have someone who was too outstanding to beat him!

But now, that fear was back!

At the same time, young master he chengchen wasn't as calm as he looked on the surface.

He had to use all his strength to stop the monstrous hatred.

Rong Shiyu seemed to have noticed the emotional fluctuations of the man beside him and tugged at his sleeve without a trace.

"Miss Lin."

He Chengcheng walked calmly in front of Lin Hanxing under everyone's shocked gazes and spoke respectfully.

The hatred he felt when he first saw her was already very easy to control.

The light scars on his cold face had become even more charming after years of tempering.

Young master he said this.

With a loud bang, there was a huge reaction from the crowd, and they became restless.

Lin Hanxing said with a smile.

However, her gaze fell on the oleander that he had specially pinned on the front of the handkerchief in the chest pocket of his suit.

Looking at it alone, it was a little abrupt.

However, when matched with young master he Chengyu's face, there was an indescribable harmony.

The Oriole with the oleander was a flower that symbolized revenge.

"Young master he."

Lin Hanxing tore off the last layer of peaceful disguise and revealed he Chengyu's identity with these two simple words.

"I hope you're well,"

Lin Hanxing raised his wine glass at him and smiled.

Yingluo, tonight, the person you've been longing to see will appear.

Mother he felt as if all the blood in her body was about to freeze.

He kept thinking about it!

Wasn't he Chengyu, who had disappeared for a long time, the person she was most worried about?

This Lin xiaojiu ...

Seeing he Chengyu's gaze sweep over, mother he had goosebumps all over.

They felt as if the evil ghost from hell was pouncing on them as if it was going to eat them!

"Look at my memory ..."

Lin Hanxing suddenly spoke and turned to look at mother he and he zhehan, who were still standing in the same place.

"Young master he has returned safely. Mrs. He and second young master he should be very happy."

Her beautiful eyes were full of smiles, but it made mother he and he zhehan feel a chill from the soles of their feet for no reason!

[Chapter 989](#)

989 To eat people, you have to chew even the bones

"Mrs. He, am I right?"

Right! Right, my ass!

Mother he had never felt like this in her entire life. She felt like she was being roasted over a fire.

Behind Lin Hanxing, he Chengyu's cold eyes fell on her, and she felt a chill run down her spine!

"Of course I'm happy!"

He tried his best to put on a smile that he thought was kind.

However, he didn't know that in the eyes of others, it was as stiff as it could be.

But no one would be stupid enough to expose this!

They could finally see that this Lin xiaojiu was truly beautiful but ruthless!

He just didn't know if young master he's disappearance had anything to do with Lin xiaojiu.

It would be better if there wasn't ...

If she did, then she was too terrifying!

"This is really a win-win situation!"

Lin Hanxing's smile, along with the mole at the corner of her eye, made her look extremely flirtatious.

The people watching were dumbfounded.

Lin qianlin was on the verge of exploding!

If she still didn't understand by now that Lin xiaojiu had deliberately dug a hole for the he family to jump into, she would have lived in vain!

Was he Chengyu trying to use this opportunity to regain his power?

Don't even think about it!

Lin Hanxing did not care what the people around him were thinking and waved at the waiter with the champagne tray.

Soon, the waiter came over.

He Chengyu automatically took a glass of champagne and held it in his hand.

As for Lin Hanxing, he placed his hand on the mouth of a cup, picked it up, and handed it to he zhehan.

He zhehan obviously didn't expect this.

She stood there in a daze, looking at the glass of wine. She didn't dare to reach out to take it.

"What's wrong? Can't you drink the Lin family's wine?"

Lin Hanxing raised his eyebrows and looked at him.

If he didn't hear the sarcasm in his words, he would really be a fool.

"Miss Lin, you're such a Joker!"

He zhehan laughed coldly and took the glass of wine from her hand impulsively. His eyes were deliberately provocative, provoking his brother, who in his eyes couldn't cause any trouble even if he 'came back from the dead'!

"Big brother, since you've woken up, why don't you go home?"

He zhehan and he Chengyu looked at each other, their eyes full of hostility.

"Don't you know how worried mom and I are for you?"

"Is that so?"

He Chengyu's eyes were calm and he just looked at the other person.

In an instant, he zhehan only felt that the feeling of being suppressed came back!

'Damn it!'

He was already a good-for-nothing, and now he was showing off in front of him after Lin xiaojiu had joined him?

But mother he was staring at the glass of wine.

Lin xiaojiu was the one who had brought it over, so she was afraid that there would be some problems!

as the saying goes, 'when brothers work together, their benefits can cut through gold'. Today, in front of so many guests, I, Lin Hanxing, might as well make the decision. I hope that after the two of you drink this cup of wine, no matter what past disputes you have in the past ...

"We'll write it off!"

Lin Hanxing's cold voice was clearly heard by everyone.

The meaning of his words ...

At first glance, there was no problem, but if one looked into it carefully ...

What kind of past was this?

Was the car accident that young master he got into three years ago, when the he Corporation was at the heart of the storm, considered a part of the past?

“How can I not give you face, miss Lin?”

He Chengyu’s voice was low, and he didn’t look down at all.

He was even more attractive than second young master he, who was standing in front of him.

He Chengyu raised his head and drank the champagne in his hand.

Even he zhehan’s rejection was blocked!

The wine glass was empty.

Everyone’s eyes fell on he zhehan’s face again.

Mother he was about to refuse on her son’s behalf.

However, she didn’t expect he zhehan, who had been holding back his anger, to finish it all in one gulp!

Lin Hanxing watched as the wine disappeared into his mouth ...

He smiled meaningfully!

Eating people was to chew even the bones!

[Chapter 990](#)

990 My gift to young master he

“Straightforward!”

Lin Hanxing clapped his hands lightly, making a clear and pleasant sound.

“Xi Bao.”

As soon as he finished speaking, Jiang Xibao had already quietly appeared beside Lin Hanxing.

He handed the kraft paper bag to her.

“Since the two of you are giving me so much face, I naturally won’t be stingy.”

As Lin Hanxing spoke, he handed Xi Bao’s hand to he Chengyu.

He Chengyu was stunned at first.

Miss Jiu had not mentioned this to him before he came.

But out of complete trust in her, he Chengyu quickly took it.

“What is this?”

Mother he’s expression suddenly became nervous as she stared at the thing in young master he’s hand!

Her voice attracted everyone’s attention.

Obviously, the others also wanted to know what was in the kraft paper bag!

This is my gift to young master he.

Lin Hanxing said as he looked at mother he.

“What gift?”

Mother he continued to ask, causing the people around to frown.

As long as they wanted to save face, they would definitely not chase after people like this to ask what they had given.

It was too impolite!

The two of them were still looking at each other, but the smile on Lin Hanxing’s face was disappearing at a speed that everyone could see with their naked eyes.

There was a strong aura that swept over.

It actually added a heroic spirit to that little face that was so beautiful that people couldn’t bear to look away!

It was a heroic spirit that made people fear him!

10% of the he group’s shares!

As mother he wished, Lin Hanxing spoke very slowly.

Each word and sentence seemed to be for everyone to hear clearly, cold and intimidating!

what did you just say???? ”

Mother he suddenly raised her voice.

It was like a sudden clap of thunder, making people want to cover their ears!

I said that I gave young master he 10% of the he group’s shares!

Lin Hanxing ‘patiently’ repeated himself.

This time, not only did mother he, he zhehan’s expression change, but even he Chengyu himself was shocked!

When did miss Jiu start buying the he corporation’s shares?

He opened the kraft paper bag in his hand.

He scanned through them in two rows.

It really was the transfer letter for 10% of the he group's shares!

He Chengyu had never thought that miss Jiu's first move would be so shocking. Did she know what this meant?

The guests were whispering to each other.

They had all heard the argument just now, and the way they looked at Lin Hanxing changed!

That was 10% of the group's shares!

It wasn't like the cabbage on the roadside that could be weighed with a few cents.

This was all spent with real money!

Not to mention, apart from the shareholders, the loose shares in the hands of others were not something that could be bought easily.

This Lin xiaojiu had casually given 10% of the shares to young master he. This was a major reshuffling of the he corporation's Board of Directors 'shares!

The most important question was ...

How did she know this young master he?

And why did young master he 'disappear' in the hospital?

When did she start buying the he corporation's shares?

Although it was only 10%, when the major shareholders 'shares remained unchanged, it would actually take a lot of time and effort to buy it with loose shares.

In other words, Lin xiaojiu had definitely prepared for this a long time ago!

How could she have such an ability?

Or perhaps, it was young master Lei ...

No!

Just by looking at Lin xiaojiu's imposing manner tonight, coupled with the rumors about her in Jiang city, the guests naturally had their own thoughts.

When she said that young master Lei was helping her, they were really a little uncertain!

"You ..."

He zhehan only felt that there was a lump of anger in his chest.

He couldn't go up or down!
