Finally, Mo Li gave Evelyn response after Evelyn was mad.

" I got the order from Mr. Hawk, to watch you without leaving you even one step away to avoid you making any trouble."

Evelyn was surprised by her words. She did not expect that was the order from Lucas.

Even though that was the order from Lucas, Evelyn felt that Mo Li's ironic words made her uncomfortable.

Besides, she was unused to be followed like this by some one.

" I don't need you to follow me. Leave me alone."

Mo Li was unhappy when she heard that since she thought that was an order.

"Who do you think you are? Giving me order?"

Evelyn frowned.

Mo Li continued, " Remember, only Mr. Hawk can give me orders!"

Evelyn glanced her when she heard that. She did not say anything and turned back to the room.

Of course, Evelyn did not want to waste her time with Mo Li. She was thinking out of sight and out of mind.

However, Mo Li did not think in that way. She found that Evelyn said nothing and she thought Evelyn was afraid of her. The scorn in Mo Li's eyes was more obvious.

Then, Evelyn stayed at home. She didn't leave her room until the dinner time.

She saw Mo Li sitting in the lobby when she just went downstairs but she ignored Mo Li and passed in front of her directly.

"Start the dinner." Evelyn walked into the dining hall and said to the steward.

The steward nodded and gave the sign to the maids to serve the dishes.

Mo Li walked to Evelyn when she saw that Evelyn had taken the seat and ready to have the dinner.

"Don't you have to wait for Mr. Hawk?"

Mo Li stared at Evelyn with her brows squeezed together.

Evelyn turned to look at her. She replied even though she was unhappy since it was about Lucas, "No need."

Mo Li did not know that she was already made Evelyn mad. She started sneering when she heard Evelyn's answer.

"Mrs. Hawk, do you think you deserve to be the wife of Mr. Hawk? Which wife would have the dinner before her husband back home?"

Evelyn frowned. She thought Mo Li's words were ridiculous.

She had the dinner first since Lucas sent her message saying that he was not coming back.

But this woman was too talky and caring too much.

"You shouldn't ask me if I deserve. You should ask your Mr. Hawk. Your Mr. Hawk would not marry me if I don't deserve, would he?"

Evelyn refuted Mo Li and made her speechless. Mo Li felt that the anger was concentrated in her chest but she could not abreact it out.

She glared at Evelyn and finally, she turned and back to the lobby.

Evelyn ignored that and had the dinner.

After a while, she finished having dinner and back to her room straightly without even giving Mo Li a glance.

Mo Li saw Evelyn disappeared in the corridor and her eyes were full of anger.

This woman did not care about Mr. Hawk at all. She just fed herself and did not even gave Mr. Hawk a call.

As Mo Li thinking in her mind, an idea came up in her mind.

She took out the phone then she called Lucas with smile on her face.

“Mister, are you coming back? It’s late now.”

Very soon, the cold voice of Lucas came through.

” Later, the business here in the company is not finished yet.”

Mo Li was obviously disappointed when she heard that, “Got it.”

Lucas did not notice that. He asked when he thought about Evelyn, “ How about Evelyn? Did she go somewhere today?”

Mo Li envied when she heard Lucas caring Evelyn.

” She did not go anywhere today. She went back her room directly after she had dinner.”

Mo Li wanted to suggest Lucas that Evelyn did not care him at all. She did not even wait him for dinner.

However, Lucas did not notice that. He hung up after he told Mo Li to protect Evelyn well.

...

In the next day, Evelyn woke up but she did not find Lucas in the room. However, the trace on the bed showed that he went back last night and left in early.

Evelyn could only sigh. It was not easy to be a CEO.

She rarely saw Lucas wake up late since she came to the Hawk family.

As she was thinking randomly, she was ready to go to the company, too.

Evelyn suddenly frowned when she saw Mo Li after she got out.

She remembered what Lucas said yesterday so she pursed her lips and said, "I'm going to the company. You can only wait outside if you are going to follow me since you are not allowed to get in the company building."

Mo Li did not like the attitude of Evelyn speaking. She glanced her and did not reply.

Evelyn did not bother to talk more. She directly went out and took a taxi to the company.

Mo Li followed her immediately driving a car.

Her behavior also caused misunderstanding of the driver of the taxi.

"Miss, it seems someone is following you. Do you need to call the police?"

Evelyn had a look at the behind and she saw Mo Li in the car. She said, "Leave it alone."

The driver did not say anything more when he heard that.

Evelyn arrived at the company in 20 minutes.

She paid the taxi and got off the car, ignored Mo Li parking the car at the side of the street and went to her office directly.

Ji Yi knew that Evelyn was arrived. Every time when she remember that her suggestion was rejected and Evelyn's was accepted by the company, she thought that she lost her face.

So she called her assistant and asked, "Go to ask Evelyn to collect all the good designs of famous designers in last ten years."

The assistant got her order and went to do the job immediately.

Evelyn was stunned when she got the job.

She was not unwilling to do the job but she did not get the time to do that.

Especially "in last ten years", that was really an astronomical figure.

" My apology, I'm afraid I can't finish that. The director may ask someone else to do that."

Evelyn refused in a polite way.

But the assistant said that the director gave the job to her specially.

Evelyn frowned instantly when she heard that," Got it. I would go to explain to the director."

After she said, she went to the director office immediately.

" Director Ji, my apology. I could not finish the job you are going to give me."

Evelyn opened the door and explained directly. That made Ji Yi frowned.

" Who taught you to get in without knocking?"

Evelyn frowned," I did knock the door."

Ji Yi looked downward," Anyway, that's not a big deal but your job would not change."

Evelyn could only continue explaining," I'm afraid that I don't get the time to do that. How about asking an assistant to do that? I got two projects to do..."

"Nora, do you think you can query about my decision after the company accepted your suggestions for a few time? Am I still the director?" Evelyn was interrupted by Ji Yi," I don't understand why Lucas would keep you in the company and even accept your suggestion."

Evelyn was stunned when she heard that.

She did not understand why that woman was asking her to do the meaningless and onerous collecting work. But now she understood.

Evelyn was speechless and she looked at Ji Yi," Firstly, I stay in the company since I'm capable. Secondly, go find the upper managers if you are not agree with the decision of the company."

Ji Yi laughed when she heard Evelyn's words.

" Capable?"

As she was saying , she looked at Evelyn with scorn in her eyes.

" Indeed, you are very capable since you married Lucas. But please don't be so aggressive. Even though others may not know, I understand you are kept in the company because of Lucas but not because of your ability."

A lour showed on Evelyn's face after Ji Yi said those.

Evelyn stared at Ji Yi and her eyes were full of anger and doubt.

That woman was not like that when they first met.

She let alone her doubt in her mind and said with a cold tone," You are right. I would deliver your words to Lucas without any correction and ask him to improve in the future."

After she said that, she ignored Ji Yi and turned to leave.

Ji Yi looked at Evelyn leaving. She was mad but meanwhile, she was afraid.

She was afraid of Evelyn telling Lucas those for real.

...

Evelyn did not back home when she left. She went to a cafe nearby and did the designing work in a quiet place.

Mo Li was watching in the car outside the cafe.

Evelyn knew that she was watching but she did not pay attention to that and just did her work.

Time went by, when she was tired and try to stretch herself, Clyde Lowell got out the room inside unexpectedly. It seemed that he just finished negotiating business.

Clyde saw Evelyn as well and he was gladly surprised.

He said something to the person near him then he walked to Evelyn.

” Evelyn, what a coincidence we meet here. Do you mind?”

He greeted Evelyn politely with his handsome appearance making people feel comfortable.

Evelyn did not refuse him, besides, their companies were in a cooperation.

” Please.”

She invited him to the seat and asked the waiter to bring a cup of coffee to Clyde.

Clyde did not refuse the coffee. He glanced at the drawing board and smiled,” Are these your new designs? They are innovative.”

Evelyn smiled,” These are the first draft of the protection suit. Not finished yet, please don’t make fun of them.”

Clyde shook his head and praised Evelyn’s talent in designing and Evelyn felt embarrassed.

“By the way, I have to thank you with your in the cooperation of our companies this time. Your help allows our company share a piece of cake.”

Evelyn cannot stand his praise so she pretended being serious,” I could not agree with what you said, Mr. Lowell. I have nothing to do with the case of the cooperation of two companies. It’s all about mutual benefit and reciprocity.”

Clyde laughed and stopped tangling with these topic. He started talking about designing.

They talked with each other happily but Mo Li watching outside frowned.

Let alone not working. How dare this woman dating a man in a cafe and laugh in that way. Such a bltch! Mo Li thought.

She should let Lucas know about this, or this woman would only bring shame to Lucas.

As Mo Li was thinking, she took a few photos of Evelyn then she sent the messages to Lucas.

Evelyn did not know about those. She talked about a lot of experiences in designing with Clyde. She got a lot of benefits from the talk and she was even not get enough.

It could be said that she had not have a good talk like that for a long time.

" I didn't expect that you have such a great study in designing." Evelyn praised Clyde and her eyes were full of admiration.

Clyde was stunned for a second when he saw her sight. He laughed," I have to study since my family is doing this business or how could we compete with other companies?"

After he said, he saw that it was getting dark outside so he invited," Do you get time tonight? I would like to invite you to have a dinner together. So we could continue talking about what we have not finished just now."

That was beckoning to Evelyn.

It had been mentioned that she had not have a good talk like that for a long time.

She thought for a while then accepted his invitation.

Then they found a Chinese restaurant and continued their topic.

Mo Li followed them and kept watching. She hated Evelyn more in her mind.

Two hours later, Evelyn finished the dinner and refused Clyde driving her home. She went home by a taxi.

Mo Li followed in when Evelyn just got off the taxi.

" What? Are you happy having dinner with other men?"

Mo Li walked to Evelyn and sneered in a ironic tone.

Evelyn stopped her steps immediately when she heard that. The smile on her face disappeared.

She stared at Mo Li and squinted her eyes, "What do you mean?"

"What do I mean? Don't you understand? I warn you. As wife of Mr. Hawk, you'd better to behave well. If you do something that let down Mr. Hawk, I will not let go you!"

Mo Li looked at Evelyn from higher and threatened.

Evelyn was angry and speechless. She disliked Mo Li more.

She glared at Mo Li and tried to rebuke her but she suddenly did not want to because no matter she says, that woman would not change her attitude. It was better to save energy!

As she was thinking, she turned to back her room. But Mo Li's glad voice came through.

"Mr. Hawk, welcome back."

Evelyn could not help stopping her steps and looking that way. She saw Mo Li welcomed Lucas to the yard. That made her uncomfortable but she did not move.

But Lucas walked to her and looked at her. There was a kind of emotion in his eye, he asked, "Did you go out today?"

Evelyn collected herself but she did not notice his difference. She nodded, "Yes, I went to the company today."

Lucas frowned.

"Just the company?"

Evelyn noticed something was wrong. She looked at Lucas.

Lucas did not avoid her sight waiting for her answer.

Evelyn glanced Mo Li furtively. She found that woman was complacent. Suddenly she figured out.

” Let’s talk as we walk.”

She invited and Lucas did not refuse.

” I went to a cafe in the afternoon and I met Mr. Lowell of Lowell Group coincidentally. So I talked with him for a while then he invited me for the dinner. We talked about the cooperation between two companies this time. He told me that only one design of the protection suit could be accepted and he liked my design.”

After she said, they got into the house as well.

Lucas did not give any words to Evelyn’s explanation but he sat on the sofa and massaged his temples tiredly.

Evelyn knew that she passed. She went to Lucas, ” You must be tired.”

Lucas nodded.

” Too many things were heaped up these day when I was abroad. Sitting for a long time makes me uncomfortable.”

Evelyn saw his tired face and could not help concerning him.

” Let me do a massage for you.”

Hearing this, Lucas looked at Evelyn in surprise.

“You have learnt this?”

Evelyn didn’t think twice. “yes,” she said with a laugh.

As she said this, she took Lucas and sat down on the sofa, then stood behind him, put her hands on the temples of his head, and massaged him gently from top to bottom.

As she massaged Lucas’s nerves, which had made Lucas feel relax from the exhaustion.

Evelyn, sensing his relief, released her finger and turned to his shoulder which made him a long and comfortable sigh.

“I didn’t know you’re the professional.”

He leaned back on the sofa, closed his eyes.

Evelyn said with a smile. “yeah, I used to study it for my M... Dad.”

She had meant to say Mom, but she was quick to repeat it.

At the thought, she gasped and looked down at Lucas.

She didn’t know if the man heard what she said.

But when she saw Lucas’ eyes closed and did not ask, she thought he had not heard.

She did not know that Lucas was listening, but he was too comfortable to speak.

It was as if he had never heard her mention her mother.

Died when she was young?

Lucas closed his eyes and guessed, but there was no answer.

Because he was drowsy in Evelyn’s professional way, unable to think.

Evelyn, sensing his change, massaged for a long time before reminding him back to his room to rest.

“you stay with me.”

Lucas got up with a comfortable and soft face and made the invitation to Evelyn.

Evelyn saw his tender eyes and saw his bright pupils print her as if she was his only in his eyes.

For a moment, his words like the indescribable ripples filled in her heart which made her spellbound.

Although Lucas didn't get Evelyn's response, he knew she was shy from her reddened face.

He chuckled, without the response of her, he took her hand and started upstairs.

Mo Li stared at the back of the two of them as they left, especially the hands they held, which made her jealous.

Her eyes were red and filled with resentment.

Why? It's not the way she expected it to be.

Didn't the Master mind at all when the woman went out to dinner with another man behind him?

She thought of this, she clenched her fists, she was not reconciled at all!

How could such a wanton woman be worthy of her master?

She was beside herself with jealousy, and could not bear the thought of their sharing a bed, and doing the indescribable thing!

"Sir!"

She involuntarily called Lucas, she looked anxious.

Lucas stopped and looked at her.

"What's the matter?"

Mo Li looked at his cold eyes, they were different from tenderness for that woman, her heart grew worse.

She gave Evelyn a jealous look, took a deep breath, and calmed down. "I just heard the message from Mo Zhui. I have to report it to you."

Lucas looked grim.

"You go to the room first, Nora, and I'll come back later."

He spoke coldly to Evelyn.

Evelyn frowned.

She didn't know why she felt that this news came so coincidentally.

She looked at Mo Li, finally said nothing, she nodded and went back to the room.

As she left, Mo Li's eyes flashed with satisfaction.

She looked at Lucas with hidden admiration and smiled lightly. "shall we go to the study, Sir?"

Lucas nodded and headed for the study.

Mo Li hurriedly followed up. She walked behind Lucas, unblinking at the handsome man in front of her.

It was only time that she dared to look at him so openly and express her love from the bottom of her heart.

Not for a moment, they arrived at the study, Mo Li hidden her love and reported the message.

"Mo Zhui said that the group of people seemed to lose the clue, several times to look for our trouble, some of our brothers were injured."

Lucas listened with a stern face and said, "let Mo Zhui make it up for them."

Mo Li nodded: "Mo Zhui knew how to do, sir."

Lucas nodded. "what else?"

He asked for other information, Mo Li continued to report: "although we have some losses, but Mo Zhui has found out why they are so hard to get off, it seems to be an important U disk, it is said that the U disk recorded some organization data, if leaked out, The whole underground force in Europe and America has to be shaken."

Lucas's face grew grave as he heard this.

"U disk?"

Such an important thing, no wonder those people were in hot pursuit!

It's just that they didn't have any U disk. Did Nora had it?

After all, twice, the group had come for Nora.

He guessed in his mind, but did not speak.

But he did not know, even if he did not say, Mo Li had guessed what he thought.

Because she thought of sir took Mo Zhui to go abroad previously was to find that woman.

Combined with current information, she was almost certain that the men were after that woman.

For a moment her face grew cold.

Because she thought that if those people were coming for Nora, Sir as the woman's husband, he would certainly be targeted, and then Sir will be in danger for that woman!

She looked at Lucas who were still brooding, her eyes were full of worry and resentment at Evelyn.

What Sophie had said was right, that woman was a trouble maker, and she would only bring disaster to master!

As she thought of this, she grew more and more anxious about Lucas.

"Sir," she said through clenched teeth, looking at the coldly-faced Lucas, "I have something to say. And the words were overstepped the mark."

Lucas looked back at her and motioned her to speak.

"I want to say, little madam is very dangerous, Sir, you must be careful!"

She really wanted to tell him to stay away from the woman, but she knew it would only make him angry, so she just warned him.

But even so, Lucas became angry with her.

He gave a cold look and rose from his desk.

“I have my own opinion on the matter, you needn't to care about this.”

Mo Li sensed it and wanted to explain.

But Lucas gave her no chance to speak, and went straight out of the study.

Mo Li watched him leave, her eyes were full of unwilling and the love without hiding.

She knew that her master might have been displeased by what she had said, but she did not regret it.

Because she would never allow anyone to hurt her master!

At the same time, she made up her mind that she would not let the woman drag him down, and she would try to make her disappear from him.

But before she did, she had to settle the foreign case and find the U disk!

The next morning Evelyn and Lucas got up together to wash and eat the breakfast.

During the breakfast, they chatted about work, and then Lucas left for the office.

Evelyn did not want to get into trouble by Ji Yi in the company, so she stayed at home to work.

Mo Li still stayed to protect her.

Ignoring her, Evelyn stayed in her room to do her design.

When it was noon, she just came out to eat meal.

Just as she had finished her meal and was about to return to her room, the housekeeper hurried over.

“Little madam, the don has some words to you, he wants to invite you to drink tea with him, in the bower in our back garden.”

Evelyn was stunned, she was not expecting the don to seek her.

But thinking that she had not been to see the don for a long time, she nodded.

“Please tell him, I’ll get there after changing my clothes.”

The housekeeper nodded and turned away.

Evelyn went straight to her room and changed into a proper dress before heading out into the garden.

Mo Li looked at Evelyn with the beautiful skirt like a fairy, a flash of envy crossed her eyes.

Because she never wore it like that.

Evelyn didn’t know what Mo Li was thinking, and she had become accustomed to ignoring her bad eyes.

It was not long before they reached the bower in the garden, where they found the don sitting.

Today’s old man wore a white mandarin jacket with a long gown, the whole person looked very refined and loving.

“Grandpa!”

Evelyn called him sweetly.

The old man saw her and greeted her with a smile: “my dear, come and sit down.”

Evelyn did not hesitate and sat down directly opposite him.

Mo Li stayed behind, she wanted to greet the old man, after all, he was the grandfather of master who respected, she wanted to leave a good impression on the old man.

However, the don didn't look at her but only Evelyn, and showed his kind concern.

"I heard you went abroad two days ago and had some trouble. Are you all right?"

Evelyn heard this concern, there was the warm current cross through her heart.

"How did it get to grandpa? It's all right. It's Lucas making a fuss."

She didn't want to say much, blaming Lucas to reassure the don.

The don also knew what she was thinking, and he didn't prick her. "I'm glad that you are fine." he said with a smile.

He said, as if thinking of something, the old boy teased Evelyn.

"You said Lucas was fussing, but it seems you've been going really well lately."

Evelyn, who had never thought the don had such a mischievous side, was stunned and shy.

"Grandpa, I see you didn't call me to tea at all, but to tease me."

She stamped her feet in pettish: "I won't accompany you if you say that again."

"Well, I won't."

Seeing this, the don gave in with a smile and asked about her previous injuries.

"Things had been happening at home, and I was busy with other things, so I didn't go to see you. I know you girls hate scars. If you have them, tell your grandfather, I'll ask Lucas to take you to the best beauty hospital."

Evelyn was moved to hear his concern.

“The wound has scarred, but I didn’t know it if I’ll get a scar, but I will remember grandpa’s words, if I had a scar, I’ll find grandpa to fulfill the promise. ”

“Well, remember my words, if there’s a scar, you just come to me.”

Thus, an old and a young, talked in the garden.

They boiled tea, burned incense and played chess, and Evelyn’s rueful sigh and the don’s hearty laughter could be heard throughout the garden. If Evelyn was a genius at design, she certainly wasn’t a genius at chess.

Fortunately, she was willing and eager to learn.

Although sometimes she played dirty, it’s just to amuse the don.

The don could also know her mind, and he was very cooperative.

He will play when her wanted to play, and he will teach when her wanted to learn.

It was better to be loved than loved.

Two hours later, the housekeeper came and interrupted the laughter.

“My Lord, it’s time to take the medicine.”

Evelyn was stunned.

“Grandpa’s sick?”

She looked at the don with concern.

“Don’t listen to this old guy make a fuss, I’m usually tired and nervous, the doctor told me to rest and prescribed some medicine to calm the nerves, but this guy was staring at me every day like an alarm.”

the don said crossly, but the tiredness on his face had betrayed him.

Evelyn felt guilty after seeing this.

Grandpa was ill, but they didn’t know it.

“Grandpa, the housekeeper did it for your own good, you quickly go to rest, I will accompany you another day.”

She coaxed the don with her sweet words, the don also relished what she said and nodded to agree.

Evelyn watched him leave and then got up to go back.

As a result, she turned around and found that Mo Li who should have been following behind her, had disappeared.

Evelyn pursed her lips at this.

It looked like the woman wasn't really protecting her.

She also did not put this matter in the heart, walk toward the new house without caring.

As for Mo Li's leaving, in fact she did not leave the house.

When Mo Li looked at Evelyn and the don got into the conversation and did not to end it for a while, she thought and wanted to go to Evelyn's room to find the U disk.

She just looked for several times, every corner of the room, but she did not find it.

Didn't the woman have the U disk?

She couldn't resist speculating, but quickly denied it.

If it wasn't Nora, why would they chase her?

Unless... That woman had something with her!

She looked a little pale at the thought.

Just then she heard the sound from the corridor.

“Little madam.”

On the porch, the maid greeted Evelyn respectfully.

Evelyn nodded and headed for the room.

In the room, Mo Li heard the footsteps got much closer, she quickly reseted things that had been turned around, after making sure it's ok, she turned down from the balcony.

Almost as soon as she jumped off the balcony, Evelyn pushed the door open and came in.

She did not find the room had been entered, she went straight to the bathroom, after a wash, dressed in leisure clothes and went to the workbench to prepare for work.

But just as she was about to take the brush off the table, her hand stopped.

Because she found that her brush was not pointed up as she had put it before she left, but down.

Evelyn narrowed her eyes and began to look around. She saw that many of her things had been moved.

Although they seemed to be in the same place. She had a habit of putting things, and she was very sensitive, if someone had moved her things, she could feel it at a glance.

And she wondered who would touch her things in this house.

Her first thought was of a domestic servant, but it was quickly overruled.

Because Lucas had told her that this room was not to be entered except by their permission.

At last Evelyn remembered Mo Li, who had disappeared in the garden.

Evelyn thought of this, and the more she thought it was possible, the more she wondered.

She couldn't understand why Mo Li was going through her things.

What was she looking for?

But she didn't have anything worth looking for.

She wondered and was a little unhappy.

This woman always found the mistake from her, and her work was also so furtive, did she want to find something from her?

She joked in her mind, but also did not go to find Mo Li to ask her why, after all, she did not have evidence.

In the garden, Mo Li was standing under the balcony, relieved when her hear nothing upstairs.

The woman did not seem to notice that anyone had entered the room.

With a little snort, she turned and went back to her room.

Next, there was nothing to do.

Evelyn stayed in her room to work on the design, and when it was time for lunch, she went downstairs to eat.

Shortly after she finished eating, her cell phone rang.

"Mrs. Davis, where are you now?"

The voice of Bessy in the telephone was full of joy.

"At home, what's the matter?"

Evelyn asked.

"Have good news, Mrs. Davis, you have to come to the company quickly."

Evelyn could only go to the office.

When she arrived at the office, she found that people in the office looked at her strangely.

“Bessy, what’s wrong?”

Evelyn could only find Bessy to know the condition.

“Mrs. Davis, you finally came, the general manager just found you and let you come to the office.”

Bessy looked at her and told her the order.

Evelyn was surprised, hurried to the general manager’s office.

“General manager, are you looking for me?”

Evelyn knocked on the door and stood in the middle of the office asking.

‘ Nora is here. Sit down.’

Freya looked up.

Evelyn sat down, puzzled by her attitude.

“General manager, what’s the matter?”

She wondered.

Freya came out of the office, laughing. “it’s not a bad thing, it’s a good thing!”

She said, spelling out the intention of the call.

“In the morning, a big customer came to the company, it is the largest communications company in China, they want to order the next season’s work clothes in our company, and they specify to ask you to give them the design, the requirements was the trend of fashion as the main elements of the design, the first batch of customized quantity is about five million.”

Evelyn was surprised to hear that number, but not surprised to think that the company is a communications company that spans the globe.

But even so, she also had some doubts: “the general manager, I am not self-deprecation, such a big company, there should be a lot of people fighting for cooperation with them, why choose our new company which is only established for a short time?”

Freya looked at her careful emotion on her face and smiled. "I knew it would be weird for you, and I was weird at first, but they said they were introduced by the Lowell group."

"The Lowell group?"

Evelyn was surprised.

"Yes, it was originally their order, but they couldn't take so much at once, so they cooperated with us."

Freya continued to explain, her words finished, her eyes was full of admiration.

"Nora, you've done the company a great service this time."

Evelyn was embarrassed by the praise.

She soon thought of something very important.

"General manager, we took this order, can we product these in time? We still have a list of protective suits."

"Rest assured, this order we can deliver after the year, not urgent."

Freya knew what she was worried about, soothed.

Evelyn breathed a sigh of relief.

She was happy to guess that Clyde had done it.

After all, it won't be a bad idea to work with him.

"Well, I see. I will design it well and try to develop it into a long-term customer."

Freya heard this with satisfaction. "you can do it, I believe you!"

After that, she returned to her job transfer.

“I have communicated with Ji Yi, and I will ask he to give you as much permission as possible, no matter what you do.”

Evelyn heard this with surprise and delight in her eyes.

she was worried and afraid of the trouble from Ji Yi.

After all, she had been haggling over everything she had done together before, and she was really afraid he would find fault with her again.

Now, with the words of the general manager, she can devote herself to her work.

“Thank you, general manager.”

She thanked.

Freya patted her on the shoulder, gave her a reassuring look and signaled Evelyn to go to work.

Evelyn nodded and turned away.

When she left the office, she did not immediately go to the office area, but took out her cell phone to contact Clyde.

Anyway, she felt obliged to thank him for thinking of their company again.

“what you say is kind, I was looking for your company for mutual benefit originally, and I also really appreciate your talent.”

Clyde responded politely, making no secret of his admiration for Evelyn.

Evelyn was happy, after all, it was an affirmation of her abilities.

“Thank you for your appreciation.”

Clyde laughed and changed his tune.

“And this evening I want to have a dinner with the person in charge of communications company, do you want to go to see them with me, also you can listen to them what have want.”

Evelyn thought it was for work and did not refuse.

“Good, it’s up to you.”

When Evelyn got off work in the evening, she texted Lucas and told him briefly about her dinner with Clyde before meeting Clyde.

After they met, they went to a high-end restaurant together.

After a while, they were led into a room by the waiter.

There were already a number of people in the box, men and women.

“Mr. Lowell, this is your girlfriend. She is so beautiful.”

The people in the box saw them, but they did not know Evelyn, mistaking her for Clyde’s girlfriend, and made fun of each other.

“Me too, the beauty and handsome men, Mrs. Lowell, you have a good taste.”

“Ha ha, when will there be good news?”

One by one, what they made Evelyn shy, but she was gent with her explanation.

“Sorry to disappoint you, but Mr. Lowell and I are just friends.”

With this, the crowd was stunned.

At this time Clyde also explained with them: “I was ashamed that I admire Mrs. Davis, I had invited her to work in our company several times, but Mrs. Davis refused, you do not rub salt in my wound, remind me of the picture of the rejection.”

When he said this, everyone burst into laughter.

“I can’t see that you will be rejected one day, which is a relief to us.”

Clyde laughed and took care of Evelyn, leading her slowly into the circle.

Within minutes Evelyn was getting to know her clients, laughing and talking about her job.

Mo Li had been following Evelyn, now she was standing downstairs to see Evelyn like a whore with different men to drink, she was disgusted about her and felt Evelyn was dirty, she had not worthy of her master.

Evelyn Davis did not know Mo Li's way of thinking.

She spoke generously to the public in the room and expressed many of her own opinions on the design industry, which attracted many people to admire her.

"Now, I understand why Mr. Lowell adores you. Miss Davis has great talent and even I want to invite you to our company."

She saw a middle-aged man's eyes flashed across the light and looked at Evelyn Davis.

Evelyn Davis did not find anything unusual about him. She smiled modestly, "Mr. Wang, you flatter me. It is all thank to Mr. Lowell."

Clyde heard these words and refuted a smile.

They just talked and laughed and finished their meal. Without enjoying enough, they finally decided to clubhouse to play.

"I don't care. Just have fun."

Clyde did not object. After all, he was accompanying his customers.

However, he was worried about Evelyn Davis.

"Miss Davis, do you want to come?"

Evelyn Davis was about to say that she would not go because she still had a job to do.

But, before the words were spoken, the customers beside them started laughing.

“How can Miss Davis not come while Mr. Lowell come?”

“Yes, Miss Davis. We don’t hang out much. Come and play with us and talk about business later.”

That middle-aged man invited her.

Evelyn Davis wanted to refuse, but was given no chance to.

This meal arranged by Clyde was a matchmaking for herself. She could not bail on them halfway.

Just as she was about to agree, Clyde walked up to her and whispered, “If you don’t want to come, you may go. It’s okay.”

Evelyn Davis shook her head and smiled, “No, I’ll go with you. I can’t spoil everyone’s interest.”

Clyde nodded, “Well, then you can go back after playing for a while. These people are very good at it. I don’t know how long they will play. You’re a girl. Don’t spend time with them.”

Evelyn Davis listened to his reminder. Her appreciation for Clyde grew higher.

The crowd then found an adult club.

After entering their cubicle, just like Clyde said before, they were really good at it. It was very open too.

She saw the well-dressed man shouldered by a woman.

Evelyn Davis was shocked. She looked at Clyde.

Clyde was amused by her consternation. He took a sip of wine and explained to her.

“You just need to get used to it. This is very common in this industry.”

Evelyn Davis still could not accept that, but Clyde understood.

“You can just treat them as if they were trading normally. As long as we can take care of ourselves, we’ll be okay.”

He could see that Evelyn Davis had never experienced this kind of thing before. Considering her talent, he could not help but to tell her the dirty side of this circle, which was a reminder to her.

Although Evelyn Davis could accept this hardly, she could still remember what he said and avoid going out to talk about business and getting into trouble.

Mr. Wang raised his glass.

“Mr. Lowell, Miss Davis, what are you two talking about?”

Mr. Wang intentionally sat down near Evelyn Davis. At the same time, he grasped her inner thigh.

Evelyn Davis frowned and subconsciously moved aside.

Clyde also found the anomaly. When Mr. Wang was approaching Evelyn Davis again, he stretched out his long arm and held the glass up to respect him.

“Mr. Wang, I have not had much drink with you. It is rare for Mr. Wang to have such free time. So, let’s have a good toast.”

Clyde gave Evelyn Davis a look and let her get up to change position.

Evelyn Davis read it and looked grateful.

Just as she was about to get up, Mr. Wang suddenly put his hand on Evelyn Davis’ leg and pressed her down.

“Go, go. Who wants to drink with a man?”

He looked at Evelyn Davis and smiled, “Miss Davis, I was very interested with the design you said just now. Let’s talk about it.”

After he said that, his fingers began to rub on Evelyn Davis’ legs.

Evelyn Davis noticed that his face suddenly changed. She immediately sank down, brushed his hand away and stood up.

“Mr. Wang, please respect yourself.”

She said in a cold voice which made the smile on Mr. Wang's face instantly solidified.

As soon as she said that, other people on the cubicle looked over.

The atmosphere froze.

She saw that Mr. Wang's face was pulled down.

"Miss Davis, what do you mean by that?"

He looked at Evelyn Davis unpleasantly.

Evelyn Davis was very angry. She wanted to scold this man but she kept reminding herself that she should not offend him.

Seeing this, Clyde hurriedly stepped forward and said, "Mr. Wang, Miss Davis is new to all of this. Please, don't get her wrong."

When Evelyn Davis heard this, she knew that Mr. Wang saw her as nothing but an object. She immediately became sick.

She even wanted to leave.

But, she did not do it. If she left like this, she would burden Clyde.

She stood behind Clyde in silence. She listened to him speak for herself. She was very grateful.

"It was also my fault. I didn't make it clear to you at the beginning. I will punished myself with three cups of these."

Clyde said while pouring himself three glasses of wine and finishing it immediately.

Mr. Wang saw this and knew that Clyde was protecting Evelyn Davis tonight. In order not to affect their harmony, he put it down temporarily.

"Okay. I don't care about Miss Davis anymore. Be sure to make clear that Miss Davis comes to play next time. Otherwise, there'll be another misunderstanding."

He reversed the right and the wrong and gave Evelyn Davis a lesson.

Evelyn Davis was speechless and a rage rose to her heart.

If it wasn't for the cooperation between the two families, she really wanted to pour the wine to him.

In order to avoid her anger, she went to the bathroom.

As soon as she came out of the cubicle, she couldn't help but spit out.

She really greatly widened her horizon tonight.

She thought and walked to the bathroom.

After a few minutes later, she rearranged her mood and came out, but was blocked by Mo Li.

"Get out of the way!" she frowned and said coldly.

Mo Li did not step away.

Evelyn Davis looked at her coldly.

"What do you want to do?" she said while suppressing her anger.

She looked at Evelyn Davis in disgust and scolded, "Evelyn Davis, how dare you ask me what I want to do? Who do you think you are?"

"Who do you think I am?" Evelyn Davis frowned.

Mo Li was stunned by her indifference.

"Oh, I've never seen a woman as shameless as you. You're a married woman but you act like a slut. You drink and laugh with a bunch of men. How can you explain to your husband?"

Mo Li mercilessly stared at Evelyn Davis. She looked at her as if she was about to devour her.

Evelyn Davis' mood was all over the place too.

She was angry because of what happened in the cubicle. Now, she was humiliated by Mo Li. She immediately fought back.

“Are you blind, or are you pretending not to see other women in that group?”

Mo Li darkened her face.

Before she could open her mouth, Evelyn Davis said again, “and which eye do you see that I did something sorry to Lucas Hawk?”

“Both eyes!” Mo Li choked and said, “You don't go back after work. Instead, you go out eating and drinking with some men. It's why you are sorry to sir. ”

Evelyn Davis was angry, but she laughed at this.

“Miss Mo, do you know that there is a word called social intercourse?” she said while licking her dry lips.

Mo Li frowned and stared at Evelyn Davis with twinkling eyes.

She knew it. She just could not stand this woman.

Evelyn Davis saw the situation and guessed her mind. Her eyes flashed cold.

“What's more, your sir know I come here. I'm so strange that who give you the power to manage me and even scold me?”

Mo Li choked. She could only stare at Evelyn Davis angrily.

Evelyn Davis looked at it and hissed coldly.

“I think the one who doesn't know their place is not me. It's you, Miss Mo.”

She said with a cold look and continued, “To be clear, you're just a subordinate of Lucas Hawk, who has been arranged to protect me. Since you have played such a role, please shut up. If you're not willing or you can't stand me, you can ask Lucas Hawk to transfer you.”

Mo Li was stimulated by her words. Her chest fluctuated but she could not refute.

She took a long time to take a deep breath and sneered, "You just rely on my sir to value you. After a long time, he will know you are a restless person. Do you think sir will still care about you?"

As if she had thought of something, she went on, "I almost forgot that you only shared his last name after marriage. I don't know how long it will last. I think you know in your heart that his family members don't like you that much. So, don't be arrogant in front of me."

When Evelyn Davis heard this, her heart sank.

If she felt that the woman was hostile to her before, she knew why she could not bear to see her everywhere.

"Miss Mo reminds that although I am not liked by everyone in my family, I am still the wife of Lucas Hawk."

She raised her chin proudly and stared at Mo Li, "I hope that Miss Mo can recognize this matter well. As long as Lucas Hawk does not divorce me, his wife will still be me."

When Mo Li heard this, her eyes were full of envy.

Evelyn Davis saw it but pretended she did not see it.

"I don't care what you think. You'd better steer clear of me while I'm still with Lucas Hawk. I did not argue with you before. It was because of Lucas, but it doesn't mean that I have no temper!"

She finished, snorted and passed her by.

Mo Li looked back before her leaving. Her face was filled with anger but she was not in place to be angry.

"This slut, we'll see!"

She left.

Evelyn Davis did now know that she had left and returned to the cubicle.

At this time, the atmosphere in the room had been restored as before. The people just glanced at her and back with their business.

Evelyn Davis knew that it was all because of Clyde Lowell. She sat down beside him and said gratefully, "I've caused you trouble. I knew that I shouldn't have come tonight."

Clyde Lowell knew that she was embarrassed. He comforted her, "This kind of thing is very normal. It's okay. Don't think about it. They know that you're not from that circle. They won't talk about cooperation like that in the future. These people are slack. They talk different topic with different people."

He was right.

After Mr. Wang made such a scene, when all the people behind talked to Evelyn Davis, they recovered their solemnity at the dinner table.

As a result, the follow-up venue was harmonious. They drank a lot of wine.

At the end of the meeting, everyone was almost drunk and Evelyn Davis was also slightly drunk.

Clyde Lowell helped her stopped drinking. Otherwise, she would have been drink in that cubicle for a long time.

Clyde Lowell settled everyone back to the hotel. He went back to the cubicle to send Evelyn Davis back.

"You've also had a lot of wine. You go back first. I'll take the taxi."

Evelyn Davis didn't forget that she was in a dangerous period. She let Clyde Lowell deliver her.

He helped her stop drinking and deliver her outside. She felt she was so burdensome.

Clyde Lowell did not know what she was thinking. He thought that she might do not want to cause misunderstanding between her and Lucas Hawk. So, he did not insist.

"Okay. Send me message when you get home so I can rest assured."

Evelyn Davis nodded.

In less than one hour, she had returned home.

She had just got out of the car when another car came up behind her.

She saw Lucas Hawk got off the car.

“Lucas.” she called out.

At this time, the alcohol she drank began to take effect, making her whole head dizzy.

When Lucas Hawk smelled Evelyn Davis, she was reeked with wine. He frowned.

He held her hand, “Did you drink?”

She obviously drank a little too much.

She acted childishly in front of Lucas Hawk.

As soon as she tried to walk, her steps drifted and her whole body fell towards him.

Fortunately, Lucas Hawk put his arms around her waists and let her rest in his arms.

Evelyn Davis was confused. She took a deep breath when she smelled a familiar fragrance of Lucas Hawk.

“What perfume do you use? How is it smell better than mine?”

Lucas Hawk looked at her innocent appearance and could not help laughing.

“Come on. Let’s get inside.”

He let go of Evelyn Davis, but who knew that she would not let go.

“I’m dizzy. I don’t want to go. Can you hold me up?”

She dawdled on his chest.

Lucas Hawk had never seen this kind of Evelyn Davis before. He was surprised.

“Okay, I’ll take you back.”

He then picked her up.

She was satisfied and very happy. She did something she dared not do at usual times.

Lucas Hawk felt something on his face.

When Mo Li saw them, her eyes was filled with nothing but jealousy.

After returning to the room, Evelyn Davis was sober.

She was embarrassed to think that she had just let Lucas Hawk hold her.

But, she was more upset.

How could she do such a thing to Lucas Hawk? Wasn’t she determined to leave?

Besides, this man would never be short of admirers. He would not need her that much.

Evelyn Davis, stop thinking!

“Let me down.”

She hid her hidden thoughts and struggled to get down to the ground.

Lucas Hawk put her down carefully so that she did not fall.

“I’m going to take a shower.”

After Evelyn Davis got on her feet, she did not know how to face Lucas Hawk. She left coldly and went straight to the bathroom.

Lucas Hawk looked at her disappearing back and frowned slightly.

He could obviously feel her mood change, which was different from that just now. She seemed a little unhappy.

He thought for a while and called Mo Li.

“Sir, would you like to see me?”

Mo Li got a call from Lucas Hawk and hurriedly came out of her room with joy on her face.

Lucas Hawk asked, “What happened to Evelyn Davis today?”

After Mo Li knew that he called her to ask about Evelyn Davis, her face now sank down.

“What can happen to her?”

When he heard her tone, he frowned.

“Pay attention to your tone. She is the lady of the house.”

He warned in a deep voice. Mo Li’s face was black for a moment.

“Oh, lady of the house? She’s suing now?” she asked while looking at Lucas Hawk stubbornly.

“Sir, even if you scold me, I don’t think I’m wrong.”

Lucas Hawk frowned again.

Obviously, something had happened between them without him knowing.

“What happened?” he asked in a cold voice and Mo Li answered simply.

“Sir, I just can’t stand her. She’s too close with men outside.” she said while looking aggrieved, “and I didn’t say much, I just reminded her with a few words, but she complained.”

Lucas Hawk tightened his lips. He made his thought visible.

Mo Li looked at him like this. She then felt uneasy.

She clenched her teeth and went on, "I'm doing this of your sake, Sir. If you think I'm doing something wrong, I'll take the punishments."

Lucas Hawk looked at her. With eyes full of helplessness, he pinched his eyebrow.

"You can go back and take a rest."

Mo Li really did it for him. If he argued, it would hurt Mo Li's heart.

She listened and smiled, "Well, you too have a rest."

She turned around and left. The smile on the corner of her mouth could not be concealed.

Because Lucas Hawk did not blame her, she felt that Evelyn Davis was not as important as she thought before.

She could not help feeling happy.

Lucas Hawk saw that happy jump. He shook his head and turned to his study.

However, Evelyn Davis did not know what they were talking about just now.

Originally, she went to take a bath, only to find that she forgot to bring her clothes with her. She came out of the bathroom and heard their conversation.

At the beginning, she had a vague expectation that Lucas Hawk would scold Mo Li.

After all, she was his wife but in the end, he looked like he did not care.

This made her unable to say what she felt. How sad, how disappointed, and how much she mocked herself.

It was true that she and Lucas Hawk had no feelings towards each other. So, how could he scold his subordinates for her? Their concern was obviously not simple, at least not the common relationship between superior and subordinate.

The light in her eyes darkened when she thought about it.

She forced herself to endure the pain she felt inside. Her lips tightened.

After she finished, Lucas Hawk had not yet come back.

She chose not to care and lay down to rest.

\*\*\*

The next day, she was not sure whether the pain in her heart woke up her just after dawn.

Lucas Hawk was sleeping next to her.

Even after a whole night, his handsome face was not affected by his messy hair.

Evelyn Davis looked at him for several times then calmed down her mind.

She felt upset. Her pink cheeks turned red.

She shut down the feeling in her heart. She got up and washed. At the same time, she constantly warned herself in the heart to not fall again.

Evelyn Davis went to the company without eating her breakfast. She would not let her mind wander.

She planned to keep herself busy with work.

When she arrived at the company, she began to work.

Her main task today was to sign a contract with the communication company.

She was going to draw up the contract first.

Not long after she began to work, Lucas Hawk woke up.

He subconsciously turned his head. He did not see Evelyn Davis beside him. He did not care much. He just thought she got up first.

In less than half an hour, he took care of himself and went downstairs.

“Good morning, Sir.”

Mo Li saw him in the living room and greeted him with a smile.

He nodded, "Morning."

He walked to the dining room but he did not see Evelyn Davis. He frowned.

"Where is Evelyn Davis?"

Jealousy flashed in Mo Li's face.

She did not like Lucas Hawk to always look for that woman every time he came.

However, she did not say anything. The housekeeper walked over respectfully.

"Young master, the young lady went to the company early this morning."

Lucas Hawk frowned when he heard that.

He was guessing whether Evelyn Davis went this early because she really had something to do or she was wronged at home.

When he was thinking about it, Mo Li approached him happily.

At last, that woman did something clever.

"Sir, since the young lady left first, I'll go the company with you today."

He looked up to her and said, "No. You'd better protect the lady."

Smile on Mo Li's face suddenly froze.

She did not want to protect the mean woman. But, she did not dare to disobey his order.

She could only bear the unhappiness in her heart and nodded, "I know."

Evelyn Davis did not know these things.

After several deliberation in the company, she finally worked out the contract.

“General Manager, look, this is the contract I made according to the requirements of the communication company.”

She made the contract and send it to Freya Lee as soon as possible.

Freya Lee took it over and looked at it peacefully.

“All good. All aspects are clearly marked. You can sign the contract.” Freya Lee finished reading the contract and handed it back.

“I’ll go to the Lowell Group now.”

Evelyn Davis left for the appointment.

When she was about to leave her office, Clyde Lowell called her.

“President Lowell?”

“Miss Davis, I’m afraid the contract have to be delayed.”

That words just now made the smile on Evelyn Davis’s face froze.

When Evelyn Davis was back to reality, she asked quickly.

“Mr. Lowell, why is it delayed? What happened?”

Clyde Lowell did not conceal it, either. He truthfully said: “Someone of the communication company temporarily changed his idea.”

Evelyn Davis frowned.

“How come this? Didn’t we have a deal last night?”

“I’m not sure. I plan to communicate with their person in charge now to see what’s wrong. You can wait for me at the company.”

Clyde Lowell said his thoughts, but Evelyn Davis did not want to wait alone.

“I want to go with you. Even if the other party has any other conditions, we can discuss directly.”

She suggested. Clyde Lowell was silent for a while and agreed.

“Ok. Then we will meet at the communications company later.”

After Evelyn Davis said yes, she hung up and walked towards the elevator.

She didn't know that Chloe Field came out from the corner of the corridor after she left.

“Does the cooperation change?”

Chloe Field thought about what she had just heard. There was a scheme through her mind.

She knew that the company also valued the cooperation with the communication company. If she could grasp the opportunity, she would kick Nora Davis out from the company.

Of course, she did not have this ability, so she watched Evelyn Davis disappear into the elevator. She took out her mobile phone to call Amelia Morgan.

“Amelia, how are you doing?”

As soon as the phone was connected, she cared Amelia Morgan first.

However, Amelia Morgan seemed to be in a distressed mood, and said tiredly, “What's up?”

Chloe Field explained her intention directly.

“Recently, the company has a cooperation with the Lowell Group. Now it seems that the cooperation has changed a little. Nora Davis will go to talk with the market leader of Lowell Group. I want to say that if we operate together, there may be a chance to kick Nora Davis out of the company. We can avenge for you. “

Amelia Morgan heard the words and she felt a little spirited.

“Is it reliable?”

She inquired again.

“Yes. Now Nora Davis will go to meet Clyde Lowell.”

After Amelia Morgan heard, she smiled.

“Okay, I see. You wait for my news.”

After she spoke, she hung up the phone.

Chloe Field looked at the phone that was hung up. Her eyes were full of gloom.

She glanced at where Evelyn Davis went away again, and turned to leave with sneering.

However, after she turned around and left, it was not a long time that the place where she just stood walked out a person.

It was Mo Li who was sent by Lucas Hawk to protect Evelyn Davis.

She squinted and stared at Chloe Field’s direction of departure, thinking of what Chloe Field said just now. She blinked as if she thought of something, but she didn’t say anything, just turned and left.

After all, she also wanted Nora Davis to be in trouble. How could she help her?

She snorted, and left the branch company. She would catch up Evelyn Davis. She needed to follow Mr. Hawk’s order which was that she needed to protect Evelyn Davis.

Only she knew whether she really protected Evelyn Davis or not.

...

At the same time, Amelia Morgan who hung up the phone thought of many schemes and played with her mobile phone.

“Nora Davis. Clyde Lowell ...”

She whispered, suddenly, an idea popped into her mind. Then a malicious smile appeared in her face.

She picked up her phone and dialed a number.

“Wei Yang, are you free? I want to talk to you.”

She said with smile, but Wei Yang joked on the phone: “Amelia, there is a saying: one never goes to the temple for no reason. You never call me, but every time you call me that means you have something to trouble me.”

Amelia Morgan laughed and responded: “I am afraid that I will disturb your two-person world with Mr. Lowell. If I look for you when you are dating, will you chat with me?”

Yes, the person Amelia Morgan called was Clyde Lowell’s fiancée.

Liu Weiyang was joked by Amelia Morgan, and finally she couldn’t resist, said: “Well, why are you looking for me today?”

Amelia Morgan said seriously now.

“Morgan Group wants to cooperate with Lowell Group. You know, I’m not very familiar with Clyde Lowell, so I plan to ask you to be a middleman. Can you accompany me to Lowell Group?”

Liu Weiyang listened and looked hesitant.

“I have to call him and ask if he is free.”

After Amelia Morgan heard, she was a little surprised.

“Wei Yang, really? You have to call your fiancée to make an appointment in advance.”

Liu Weiyang heard the surprise in her words and sighed helplessly.

“I don’t know what Lowell is busy doing recently. Every time I go to find him, I can’t find him. Every time I call him, he has no time to chat with me, so I can’t promise you that we can meet him.”

Amelia Morgan squinted, thinking of the plan. She thought it was good.

“So I help to create an opportunity for you to meet him.”

“What?”

Liu Weiyang did not understand for a moment.

“I’ll discuss the cooperation with Lowell. He can’t refuse to see me, so...”

Amelia Morgan explained. Liu Weiyang thought it was not bad, and then she agreed.

“Okay, then you wait for me for half an hour. I’ll dress up.”

Amelia Morgan answered and let Liu Weiyang take her time.

However, Evelyn Davis did not know all about these things.

She hurried to Lowell Group and saw Clyde Lowell.

“Do they have any new requirements? I just finished the contract, or should we make another one?”

She was thinking about the reason why the other party changed along the way. She couldn’t think of any reasons except the other party wanted to drive down her company’s costs.

“No. If we take the initiative to surrender part of the profits, we will lose control of the negotiation, which is a taboo in the business field.”

Clyde Lowell shook his head to veto Evelyn Davis’ idea while teaching her how to negotiate.

Evelyn Davis felt that he was right. She was thinking something.

“So you mean, they are deliberately sounding out us to see if we can adjust the price again.”

Clyde Lowell nodded: “It is not denied that this is possible. We will know the specific thing develops after we meet them. Now we must do two-handed preparations.”

He said and he let Evelyn Davis come to his desk: “Although we don’t take the initiative to concede, we also need a reserve price. I reduced the original

asking price by one percent. If they really want to adjust price, can you adjust the price after a negotiation and making concessions? “

Evelyn Davis nodded: “One percent. The general manager should agree. I’ll tell her.”

After that, she pulled out her cell phone and contacted Freya Lee.

Freya Lee didn’t expect that what had already been discussed would change, and she immediately became worried.

“What happened?”

She was concerned about the inquiry. Evelyn Davis did not conceal and she gave a clear explanation.

Freya Lee knew that the other party was not targeting her company, so she was relieved.

“Since Lowell Group can do it, we are just like him. We must take over this business.”

Evelyn Davis nodded. She immediately developed a new cooperation letter with Clyde Lowell.

After a long while, they were ready to go to the communications company when the new cooperation book was ready.

They took the elevator down and the driver had already parked the car at the gate.

Clyde Lowell Gentlemanly opened the door for Evelyn Davis.

“Thanks.”

Evelyn Davis thanked him and was ready to get on the car. Unexpectedly, this scene was seen by Amelia Morgan and Liu Weiyang.

“Weiyang, who’s that woman?”

Amelia Morgan pretended not to recognize Evelyn Davis and asked in amazement.

Liu Weiyang was jealous and lost her mind in an instant, just ran over.

“Damn, how dare you seduce my man?”

She rushed to Clyde Lowell without looking at him and drag Evelyn Davis out of the car.

Evelyn Davis was stunned while she was dragged out of the car. Until she was pinched on arm for a few times, did she reacted by pain.

“Let me go!”

She took a cold breath and scolded.

Clyde Lowell also reacted at this time, his face became cold.

“Liu Weiyang, what are you doing?”

Seeing Clyde Lowell scolding herself because of Evelyn Davis, Liu Weiyang immediately became angry.

“what I do, of course is to pack this shameless b!tch.”

She said with grievances on her face.

“I think you really have no time to accompany me, it turns out that you have a mistress!”

Looking at her teary eyes, Clyde Lowell was a little crazy.

Evelyn Davis was also speechless, just when she was going to explain, a strange voice sounded again.

“Isn’t this Nora Davis ? oh, seducing others restlessly again?”

Amelia Morgan came out behind Liu Weiyang, “Nora Davis, are you so lonely? It’s really a flap on Lucas’s face.”

Evelyn Davis saw her and her eyes flashed with surprise.

Because she had not seen Amelia Morgan for a long time.

She looked at Amelia Morgan, although Amelia Morgan painted delicate makeup, the tiredness in her eyes was

still discovered by Evelyn Davis.

And she had an illusion. She thought their appearance were too coincident, especially Liu Weiyang.

Could it be Amelia Morgan never gave up and want to fight again?

Just as she thought about it, Liu Weiyang's face darkened after listening to Amelia Morgan.

Because she had heard many rumors of Nora Davis, and she was very clear about them.

“Oh, it turns out that you are Nora Davis, It's been a long time since I heard that I was not as famous as I was at first sight, If it's the same as rumors, shameless, cheap. “

She said, as if looking at garbage, humiliating Evelyn Davis.

“No wonder Lucas Hawk doesn't like you, you are just a shameless slut, maybe has slept with many men.....”

Hearing this words, Evelyn Davis immediately sank her face.

Clyde Lowell did not look well either.

“shut up!”

He looked sharply at Liu Weiyang and his eyes were full of chill.” What are you talking about here? Apologize to Miss Davis! “.

Liu Weiyang opened her eyes unbelievably.

“Why did you ask me to apologize to her?”

She said and her eyes followed by the anger that could not be disguised, then she was about to hit Evelyn Davis.

“Bitch, you must have confused Clyde! “.

She said and she was going to hit her with hands raised.

Evelyn Davis was angry because of her words. At this time, seeing her action, Evelyn Davis’s face became dark. She accurately grabbed Liu Weiyang’ s hand and flapped on her face.

“In the face of Mr. Lowell, I don’t want to haggle over with you. But obviously you regard my tolerance as a presumptuous capital. Who gave you the face?”

Liu Weiyang was directly confused, covering her face and looking at Evelyn Davis.

Amelia Morgan was also startled and she did not expect that Evelyn Davis actually hit Liu Weiyang.

Clyde Lowell didn’t look well either because of Liu Weiyang.

After all, Liu Weiyang behaved rudely to Evelyn first. Evelyn Davis had tolerated it once for him.

“You dare to hit me! Nora Davis, such a b!tch you are.”

Then Liu Weiyang flew towards Evelyn Davis but was pushed away.

“Now I know why Mr. Clyde would rather work than accompany you. Look at you now, you can’t tell the good or bad, even the public thing or private thing. No wonder Mr. Clyde does not like you.”

Liu Weiyang trembled with anger when she heard this.

“Nora Davis.”

She gnashed her teeth and roared, but also looking at Clyde Lowell.

“Clyde, Are you just watching this b!tch bully me? “

When she heard that, Evelyn Davis reacted.

She was so angry that she hit Liu Weiyang, It was only when she heard Liu Weiyang's words that she remembered that her fiancée was still by her side.

She looked uneasily at Clyde Lowell for fear that it would affect the two families.

Fortunately, his words made her relaxed.

"Sorry, I didn't see that Miss Davis bullied you."

Liu Weiyang's face suddenly became ferocious, her eyes, which were full of hatred, were staring at Evelyn Davis.

Evelyn Davis was startled and immediately pretended not to see it and asked Clyde Lowell, "Do we still go to the communications company? Or are you going to stay for personal matter?"

Her eyes swept away at Liu Weiyang when she said.

"No, let's go as planned."

Clyde Lowell answered without thinking.

Evelyn Davis nodded and immediately went straight into the car regardless of Liu Weiyang.

Then Clyde Lowell was going to get on the car.

"Clyde Lowell."

Liu Weiyang wanted to stop them but late. She could only watch them go farther and farther, and finally disappear into the field of vision.

"Damn it, Nora Davis. We'll see!"

She stared at the direction in which they disappeared and stamped her feet and roared.

Amelia Morgan stood behind her, looking at her angry look, she strangely aroused her mouth.

Evelyn Davis didn't know all about that.

At this time, she sat on the car with cold face.

Clyde Lowell looked at her and apologized, "Sorry, you were involved in."

Evelyn Davis was stunned and reacted to the fact that he was talking about what had just happened, "It's okay, I didn't suffer a loss just now, as far as I am concerned, I should apologize for I hit your fiancée."

Clyde Lowell shook his head and said, " No, you don't have to apologize, as I just said, she asked for it."

He seemed to have thought of something when he said. He warned her, " I'm afraid Liu Weiyang will trouble you in the future. You have to be careful."

"Yes, I know."

Evelyn Davis responded with careless, In her view, Liu Weiyang's temper was in fact very straight.

She showed her expression on her face. Compared with Nora Davis and Amelia Morgan, she was simply a small role.

Moreover, she speculated that it was probably Amelia Morgan provoked her contradictions. When she had a chance to make it clear in the future, there would be nothing wrong with her.
