Hearing Amelia 's words, Evelyn knew that she was tending to make some trouble, she cut in on her immediately.

“That’s too much, that’s not what I meant.” She said.

Then looked at the cold-faced Sophia and said with a smile, “I just hope you can give Arlene a chance to defend herself.”

Sophia stared at Evelyn without saying anything.

Evelyn did not give in and stared back at Sophia.

The atmosphere in the living room was very tense for a while.

The daughter-in-law VS mother-in-law thing worried housekeeper Jones a lot.

She stepped forward, went behind Evelyn, persuaded her in a low voice, “Miss Evelyn, forget about this, you don’t have to piss Sophia off because of Arlene, it’s bad for your future life.”

Evelyn gave her a look, she knew the meaning of those words and felt touched.

At least she was thinking about her future.

But this was something serious. Evelyn had to clear it or those women would say bad words about her behind her back .

In that case, her future life wouldn’t be easier either.

“Stay out of this, I can’t let people say the Davis steal things.”

She patted the housekeeper Jones’ hand and motioned her to stand aside.

Housekeeper Jones had to do so.

Evelyn turned around and looked back at Sophia and said, “Since mom didn’t object, I’ll take that as a yes.”

Ignoring how dissatisfied Sophia looked, Evelyn said, " Amelia, I have a few questions to ask you, I hope you can answer them truthfully. Of course, if you want to settle this thing as everyone else, don't refuse to answer them."

After Evelyn dropped those words, Amelia had no reason to refuse to answer her questions, she had to hold her mood and said, "What do you want to ask?"

"Very simple. I just want to know if you remember where the bracelet was?"

Amelia thought Evelyn would ask some tricky questions, she didn't expect such a simple question and replied without a hesitation, "It was on the table of course."

"The dressing table or the tea table?"

Evelyn asked again.

" Dressing table."

Amelia still answered her thoughtlessly.

"Good, Arlene, did you see the bracelet on the dressing table when you went to deliver the drinks?"

Evelyn clapped her hands and asked Arlene.

Arlene shook her head and said, "No, I put the drinks on the tea table at that time and never went to the dressing table."

Hearing this, Evelyn turned around and asked fiercely, " Amelia, what else do you have to say?"

Amelia felt a rush in her heart.

She didn't expect that b!tch tricked her in this way.

She resisted panic and said, " I... I may have mistook it. That's right, I remember putting the bracelet on the tea table. OK?"

Evelyn despised that Amelia argued irrationally.

“You sure have a good memory, but it matters the innocence of Arlene. Why don’t you think it over?”

She made a pointed opening which made Amelia mad.

” Evelyn, you seem to mistake the point. We’re interrogating your maid about stealing things. How did you interrogate me instead?”

She said angrily, “I see, you’re favoring one of your own. In that case, let’s call the police! Even if the bracelet is out of fashion, it is made of diamond, and with the certificate, the value is more than one million dollars, which is enough to sue her!”

Evelyn did not expect that she would react like this. She was freeze for a moment.

Arlene was frightened to be sued and knelt on the ground begging.

“Miss Morgan, please don’t call the police. I swear I didn’t steal your bracelet. If I did, I would end up going to hell.”

Housekeeper Jones knelt and begged right away, “Miss Morgan, I know my daughter well, she wouldn’t dare to steal things, please let her go. She’s still a kid. If she goes to prison, her life will be ruined.”

Amelia didn’t have a little pity on them.

“What do you think, Evelyn?”

She looked complacently at Evelyn.

Evelyn looked at her, clenching her fist.

As she was wondering how to react next, she heard Lucas and Devin talking.

They seemed to be talking about their work. When they went into the living room and noticed the situation here, they both frowned and asked, “What happened?”

Sophia told them what had happened, and mocked Evelyn about her behavior.

” Lucas, look at your wife, who is partial to others and tried to prove that I planted the whole stealing thing!”

Lucas frowned and looked at Evelyn.

“Really?”

Evelyn closed her lips lightly and said, “No, mom misinterpreted my meaning.”

After she talked about how she handled this case, she looked at Lucas uneasily.

Devin Hawk said impatiently before Lucas could react, “It’s actually nothing and you tend to call the police and tell the world about it, how shameful that would be!”

Evelyn held her anger.

So did Sophia and Amelia.

That didn’t bother Devin, he continued, “And for the servants who steal things, we should just fire them.”

Arlene and housekeeper Jones wanted to say something for themselves but they didn’t dare to do so, they had to look at Evelyn for help.

Amelia figured what their looks meant before Evelyn.

She opened her mouth right away, “As uncle Devin said, I can let it go, so that aunt Sophia won’t be angry any more. Aunt Sophia, it’s not worth getting angry about, your own health is far more important.”

Hearing this, Sophia patted her arm and said, ” It is Amelia who cares more about me after all, unlike someone here, who tries to help a stranger.”

She gave a pointed glance at Evelyn.

Evelyn thought it was really ridiculous.

Amelia and Sophia played the good ones here, and made Evelyn a bad person who seemed to have done the wrong things.

Lucas heard their strife, looked unhappy.

Especially the irony in Evelyn's eyes, it made him more uncomfortable.

He could feel that things are not as clear as they seem.

In this way, he glanced at Arlene and housekeeper Jones kneeling on the ground, and said seriously, "Father, there is a theft in the house now, if we let him go, we are encouraging more thieves. So, I think we must take this seriously."

Devin Hawk nodded and said, "Sure, you'll handle it."

Lucas nodded.

He looked at Evelyn and said in a cold voice, "Tell me the whole story. I remember you brought Arlene and housekeeper Jones from the Davis."

Evelyn's heart bumped to the bottom suddenly.

She thought her husband was going to help Sophia and Amelia.

Amelia was stunned for a while, and she also misunderstood Lucas.

She thought that Lucas was on their side, so she was very happy.

She looked at Evelyn with a playful expression.

Lucas perceived their changes, and ignored it.

He asked the housekeeper to bring the computer and then turned on the monitored video which had been transferred before.

Although others said that there was no problem with monitor, but his intuition told him that they should have missed something.

Thus he investigated again carefully.

But when he watched it for the first time, he did not find anything useful.

But he had patience, so he went back and looked at it for the second time.

At this moment, the whole living room was quiet and all people stared at him.

Evelyn also stood behind him, seeing this, her eyes full of complexity.

She forced herself to be calm and followed him to watch the monitor screen.

Amelia was very uncomfortable when she saw the figures of Evelyn and Lucas.

“Lucas, I watched this video several times with Sophia, and I didn’t find any problem, so it must be all right.”

She wanted that Evelyn was settled with Lucas quickly. She said in a soft voice, “If you don’t believe me, don’t you believe Sophia?”

Hearing this, Evelyn looked at Lucas anxiously.

However, Lucas ignored Amelia’s words, and he just focused on the monitor screen.

Then a light flashed over his eyes when he saw something in the screen. At the same time, she pressed the pause button.

The picture on the screen was that the maid of the main house bumped into Arlene when she went to the toilet.

Originally, there was nothing strange about it. It seemed that it was caused by haste and carelessness. But with the fast forward the video, the wrong side appeared.

His eyes fall on the waist of Arlene, it seemed that there had light reflecting in her waist.

Because the picture is very vague, Lucas constantly adjusts the mode, he made screenshots and enlarges the picture. Then the picture became clear, and his eyes are full of chills.

It was the stolen bracelet that reflected the light.

The bracelet was not stolen by Arlene, but it was put into the pocket of the Arlene by the

maid.

“What else are you going to say?”

He looked at the maid coldly and questioned her.

The maid was so frightened that she stood shivering in her place and was at a loss.

Looking at this, Amelia’s face turned pale.

She did not expect that Lucas would find the truth.

Sophia and Devin Hawk were both stunned.

Sophia looked at Amelia subconsciously, when she saw the strange look on her face. She took her hand and patted it silently, as if it were a comfort.

Amelia showed a smile on the corner of her mouth which was uglier than crying.

But Evelyn was relieved.

She looked apologetically at Lucas.

She thought the man was trying to help Amelia, but she didn’t expect that he would like to help her.

A smile raised on her face and then she glanced at Amelia, she did not say anything, and she just waited to see how to settle with them.

Lucas had not received the maid’s answer for a long time, and then he asked in a stern voice again, “What did you do when you went to the bathroom?”

The maid looked at him in horror and trembled. “Master, I didn’t do anything.”

She said nothing about the bracelet, and only emphasis that she was going to the bathroom.

Lucas was angry when he heard it.

” who gave you the courage, now I have evidence in the hand, but you still tell lies. You really refuse to be convinced until you are faced with grim reality.

The maid did not expect that they have found the evidence. She stared with incredulity and her face turned pale. Her whole body was kneeling on the ground.

“Master, please spare my life, I...”

She wanted to beg for mercy. But Lucas interrupted her before she said.

“Tell me, is it your own idea or other people order you to do that?”

Hearing this, Amelia’s heart was trembled.

She looked at the maid quickly.

The maid also looked at her to ask for help.

Amelia was shocked, and she threatened the maid with her eyes.

She must not expose her.

The maid naturally understood the meaning in her eyes. When she thought of Miss Morgan’s promise to her, she suddenly looked down.

“Master, I did it. No one directed me.”

She said everything was done by herself, which made Amelia relieved.

But Lucas frowned when he heard this.

He subconsciously thought that things would not be so simple, but now the servant confessed her guilt, thus he could not question further.

Thus his face became gloom suddenly.

But Evelyn seemed had anticipated this situation before.

She had been paid attention to the maid and Amelia all the time, so their little tricks had not escaped from her eyes.

She did not think that the follower of Amelia was such a loyal person.

Even so, she must take advantage of the things happened today to give a warning to Amelia.

“It is so called a thief in the family is difficult to guard against. Now we knew all things well, you should apologize to me first and then go to the police station to tell the truth. Otherwise there will be no ending!”

Evelyn walked toward the maid and scolded.

Hearing this, Sophia’s face turned terrible.

She thought that Evelyn’s word really satirized her previous decision.

And she asked the maid to go to the police station to surrender, Isn’t that an embarrassment to her?

“Nora, what are you saying?”

She asked discontentedly.

Seeing this, Evelyn naturally knew what she is thinking in her heart. Evelyn laughed and said, “Mom, don’t mind it, I know you have a soft heart, but she was a servant who will hurt the owner, we can’t keep such people., and we also can’t fire her easily, thus avoiding that she may hurt others in the future.”

It can be said that her words has blocked Sophia’s intention of turning big things into small ones.

Sophia felt very angry, but she could not say anything. She could only stared at Evelyn fiercely.

Lucas knew that Evelyn want to do something, after all, she had suffered a lot before.

But in principle, she can’t talk to elders with this attitude.

He looked at Evelyn with warning, and when he saw her being honest, then he announced, “Mom, this thing will be handled like what Evelyn said. I will handed the maid to the police, thus give Evelyn justice.”

Sophia could only shut up and let the maid be dragged out when she heard her son’s words.

After the maid was dragged away, Lucas scanned around and thought that today's event was caused by the birthday banquet. Then he frowned and said, "Mom, since such thing happened in our home, I don't think you want any outsiders to come in and out of the main house. As for the birthday banquet, we can hand it to the people here. In other words, Nora was a princess in her family, and she had never took charge of such things, if we handed the birthday banquet to her, she may botch it up."

Sophia did not refuse or agree.

Lucas continued, "I'll send my assistant to get a professional team and plan a perfect birthday banquet for Amelia."

Sophia has to nodded and agreed.

Amelia was so happy and said, "Thank you, Lucas."

Lucas smiled at her vaguely. Then he made excuses to leave with Evelyn.

Evelyn left with a poker face and it made her bad mood noticed easily.

She was even angrier think about what had happened.

Apparently the whole thing was planed by the people over the main house, and they aimed to put the blame on a maid.

Evelyn just couldn't bear it when she thought the people who did the bad things got way like this.

She looked up at Lucas, her eyes were full of upset.

Besides, Lucas was partial to his mother just now.

She was really mad thinking about it.

On the other hand, she could understand what Lucas did.

After all, it was Sophia who raised him up, and she herself just a woman who married to him less than a month.

If she were him, she may be partial to her own relatives.

As she was thinking, Lucas talked.

“Sorry about that.”

He did not notice Evelyn was in a bad mood, he just thought he owed her an apology.

They both knew the truth, even though they didn't say it.

Parents or wife, no matter who, will choose to protect the grace of their parents, to show their filial piety.

Evelyn was stunned when she heard his apology.

She looked at Lucas.

Lucas noticed her blank stares and said, “I know it's not your fault, but I have to deal it this way. I'll try to keep you out of trouble from people in the main house.”

Though he said that with a cold face as usual, Evelyn knew he meant it.

She closed her lips lightly, somehow, her discontent was disappeared after hearing his words.

This man was cold and numb, but it seemed only superficial.

At least his heart was not so cold.

Especially when she thought about when she was bullied several times before, Lucas seemed partial to Sophia and Amelia but he actually tried to help her instead.

“Thanks.”

She smiled and was going to leave this matter behind.

.....

Speaking of the main house instead, Devin Hawk went directly to the study after the matter was handled.

Sophia was still a little upset.

Today, she was disgraced because of that b!tch Evelyn.

Amelia noticed and said, "Don't be angry, aunt Sophia. It hurts me seeing you mad at yourself."

She comforted Sophia in a coquettish way and it took her a while to make Sophia move on.

"Amelia, you're such a good girl, if only you were Lucas' wife. I feel cursed for having Evelyn as my daughter-in-law."

Sophia couldn't help saying it again when she looked at sensible clever Amelia.

Not only Sophia, Amelia herself also wanted to be the wife of Lucas.

It was her dream all the time, but it was ruined by that b!tch Evelyn.

Amelia wondered how could grandpa Hawk be satisfied with that b!tch.

She thought unhappily but with a cute and lovely look still.

"That's not true, Aunt Sophia. God bless you."

She pretended to be angry and muttered, and made Sophia happy.

They laughed and talked for a while. Sophia thought of she hadn't gone to serve her husband since he came back. She told Amelia to go back her room and joined them for dinner.

Amelia left.

After back to her room, she couldn't hide her happiness.

Just because she thought of the promise that Lucas had made to her before.

He said he would prepare a perfect grand birthday banquet for her.

Did this mean he still liked her?

She thought, rolling on the bed excitedly.

Just then, the maid she trust came in with tea, noticing Amelia full of joy and said to her, "Miss Amelia, you seem in a good mood."

Amelia did not deny it, she needed a person to share her joy with at the moment.

So she told her maid about Lucas would give her a perfect birthday banquet.

The maid actually knew it before but she showed her surprise as she just heard the news and congratulated Amelia.

"In my point, the young master seems to like you, I have never seen the young master offer to plan a banquet for others in the family."

Hearing the compliment, Amelia couldn't stop smiling.

The maid looked at her and continued, "And you are childhood sweethearts. Though Evelyn Davis is the wife, but only for less than a month. Besides, their marriage was arranged by the family, and young master has to get along with Evelyn Davis because he doesn't want to against grandpa Hawk. Miss Amelia, if you take chance to show your feeling to young master, he would divorce Evelyn Davis."

Hearing this, Amelia was not sure about it but was excited too.

She longed for Lucas after all.

"Is that so? What is he helped me because of aunt Sophia, not about me?"

She asked uncertainly.

The maid knew what she was hesitating about, and persuaded her again: "That's not certain, miss Morgan. Many young masters in aristocratic families want to marry such an excellent lady like you. young master must desire you too, because he has few ladies around but you all these years. young master has a cool character so we can't tell his heart but you can try to ask him."

The maid said, as if she knew the fact, “As long as you show your heart to him, young master would show his back. And now your birthday is coming Miss Morgan, don’t miss the good opportunity here.”

The true was that Amelia was convinced by the maid.

“In your opinion, what should I do?”

The maid stepped forward to whisper to her right away.

Hearing the maid’s words, Amelia blushed, it made her so shy that her ears became red.

“Is that okay?”

Her was disapproval, but couldn’t help longing for it.

The maid knew her mind and comforted her by saying, “Sure, young master is a man, every man can’t stay cool in front of a beautiful woman.”

Hearing this and picturing what it would be like, Amelia overcame the uneasiness and nodded.

“Then do it. Make sure it would succeed.”

The maid nodded: “Miss Morgan, you can rest assured!”

The next two days were quiet, and then Amelia’s birthday banquet came.

The site was indeed great as promised by Lucas. The layout was quite beautiful. Looking at this, Amelia was firmly for the idea in her mind.

This day finally came.

Although she was Miss Morgan, who was only the guest in the home of the Hawk Family. But the entire Jingdu’s nobles were very enthusiastic to participate in.

The scene can be said to be very solemn, and guests gathered together.

The various luxury cars had been parked in long queues.

Evelyn wore lilac close-fitting long skirt, and her makeup looked suitable. She entered the main house following with Lucas.

However, today Lucas was still in unchanged black suit which was as before. But the black suit, which was wearing on his body, was not dull.

He was tall and straight, with the innate king temperament made others daunting.

So, attracted by his mighty, gradually Evelyn was ignored by the people. There was only Lucas in the eyes of others.

Amelia naturally also found them, but subconsciously she ignored Evelyn, and her eyes were focus on Lucas, even she didn't pay attention to what her parents beside said.

Looking at this,her mother knew the mind of her daughter.

She began to talk with Sophia with smile.

"These years it was really troublesome for you to take care of my Amelia."

Sophia replied with a smile: "No,no, Amelia is very clever all the time, so I really hope you don't blame us to take away Amelia."

"No, we really hope there is someone who loves Amelia as much as I do."

They were talking and laughing, Amelia's father and Devin Hawk were also on the side and had a business conversation.

When Evelyn followed with Lucas to come over, she saw the harmonious picture, and her eyes was complex.

Seeing this kind manner of Sophia, maybe someone would think Amelia was their daughter in-laws.

She thought with self-deprecation and turned her eyes to Amelia.

So Evelyn found Amelia's eye was filled with the love that cannot hide, obsessively looking at Lucas. Evelyn immediately was really speechless.

She's not afraid of being seen in public.

During her thinking, she heard the greeting voice of Lucas.

"Hi, Dad, mom."

After greeting to his parents, then Lucas turned to look at Morgan Family.

"How are you Mr. Morgan, Mrs. Morgan, Amelia."

It didn't know if it was because today was Amelia's birthday, he especially said to Amelia: "Happy birthday."

"Thank you, my dear Lucas."

Amelia received the blessing of Lucas, and then it was hard for her to hide the joy.

Amelia's shy expression made the two families smile and glad.

Evelyn also followed to greet.

Amelia's parents unconsciously looked at her.

Although they were the first time to come, but they had known her name before.

After all, Amelia did mention with them many times about her, who cut off their marriage with Hawk Family.

Therefore, their smile on the face converged. They were indifferent to nod at Evelyn: "Mrs Hawk."

Evelyn also did not care about their cold attitude, turned to Amelia, blessing with a smile: "Dear Amelia, happy birthday."

"Thank you."

Amelia reluctantly responded.

The scene froze suddenly.

Of course, Sophia did know the reason, so she looked at Evelyn, squinted: “Nora, today many guests are coming, can you help me greet guest?”

Evelyn could not refuse and could only nod and leave.

Lucas was to keep up with, but she was stopped by Sophia.

“Lucas, you stay here and chat with us. Your aunt and uncle haven’t seen you for a long time.”

hearing this, Evelyn subconsciously turned to look.

Lucas was dragged by his mother and stood with Amelia.

Although it did not know what Sophia said, Amelia lowered her head shyly.

And she was wearing a white shoulder tight dress, at this time standing beside Lucas, who was in a black suit, the two people as if were wearing overs pack. They were really Perfect Match.

Looking at this, Evelyn could not help but smile ironically, and then she turned into the crowd and began to greet guests.

After greeting for a while, she saw grandpa Hawk.

Then, thinking of she came over without telling grandpa Hawk. So she went over and greeted.

“Hello, grandpa.”

Grandpa Hawk was joyful to see Evelyn, so he gave a auspicious response: “Nora, you are coming. Why are you alone?”

He looked at Evelyn, frowning slightly asked.

“Lucas is with mother, so I walked around.”

Evelyn did not mention that she was sent away.

But even so, grandpa Hawk saw through it.

After all, he knew she and Sofia did not get along with each other, but he did not say it, told Evelyn stay with him, by the way, introduced her to some people.

Evelyn naturally didn't refuse; she knew many respected people with grandpa Hawk.

During this time, grandpa Hawk praised her in front of his friends, which made her very embarrassed.

Even she wanted to run away.

Fortunately, the opening of the party saved her.

She followed grandpa Hawk, stood under the stage, looking at Hawk couple and Morgan couple, as well as Amelia, together with Lucas were on stage to have a speech.

That harmonious picture, was just like a family, which made many people misunderstood under the stage.

"Lucas and Miss Morgan is really a perfect match, now two parents meet, coupled with he was so close to Miss Morgan, I'm afraid the marriage is not far away."

"I think it's the combination of Hawk Family and Morgan Family. It's really a powerful combination. I'm afraid no one in Jingdu can surpass Hawk Family in the future."

"I was envious of the few, Lucas is really life winners. he has both fame and beauty."

The voices were heard in all directions, and the face of grandpa Hawk sank suddenly, with a faint sign of anger.

Evelyn hurriedly pacified: "Grandpa don't get angry, they don't know the truth, so it's common to say that. Later they know the truth, and they will not be so."

The marriage between Nora and Lucas, was advocated and authorized by grandpa Hawk. And it didn't open to the foreign, so few people knew.

Meanwhile, in addition to grandpa Hawk, others in the Hawk Family didn't like Nora, so the truth was hidden of course.

Obviously, grandpa Hawk also thought of this, guiltily looking at her and sighed: "Nora, it wronged you."

Evelyn did not care about, changed the topic to make grandpa Hawk happy, which made him smile again.

But the smile did not last for a moment. It was restrained by himself.

It didn't know when the speech was finished. So Lucas and Amelia walked towards them.

"Hello, grandfather."

"Hi, Grandpa, Nora."

The two said in unison.

The cold eyes of grandpa Hawk scanned the two people, regardless of Amelia, he was staring at Lucas.

"You still remember Nora, I thought you have forgotten that you have a wife."

Lucas was confused by his word, so he looked at grandpa Hawk with doubt.

The old man saw the situation. He sneered and said, "Even though today is Amelia's birthday, the arousing suspicions should be avoided when they have to. When you were abroad, people didn't know about you and Nora, and I did not say anything about it. But now you are back, and people should know the identity of Nora."

After he finished that, he turned to look at Amelia who had a rigid and freezing expression on her face, "You, too. Nora is your sister in law and that is a truth that no one can change that. I hope you to speak and do things carefully in the future at Hawks family."

Amelia's face became pale and green since she heard the words. It was not looking good.

"Grandpa Hawk, I understood. I will pay more attention on that in the future."

She clenched her teeth and answered. There was a trace of anger in her eyes.

This damn old man only knew to put his finger in another's pie and took sides with Nora the b!tch.

The one who married with Lucas would be her if he did not place obstacles in the way!

She rebuked in her mind but did not speak that out.

Yody Hawk thought he had made it clear with Amelia then he turned his face to Lucas.

Lucas glanced at Evelyn and answered, "I will pay more attention on that."

Yody was satisfied and nodded then.

"This is the best."

As he was saying, he took Evelyn's hand and handed it to Lucas then said, "Nora, stay with him tonight, don't be apart."

Evelyn saw this and she did not know whether to laugh or to cry but she still nodded with smile, "Yes."

After she said that, she looked at Lucas subconsciously.

Unfortunately, Lucas did not have an expression.

Somehow, Evelyn was a little disappointed in her mind.

Yody did not notice that. He smiled when he saw the hands of two people were holding together, "All right, you guys go to greet the guests. I'm going to find Devin. Amelia will come with me and introduce your parents to me by the way."

Amelia had no reason to refuse since she heard the words of Yody. She could only leave with Yody unwillingly.

For the moment, there were only Evelyn and Lucas there.

Evelyn looked at inscrutable Lucas and pursed her lips, "Well, you can just go if you are busy. You don't have to listen to grandpa."

Lucas glanced at her.

"Hah, you really can speak very well. I never know how you would indict me to grandpa in the sly."

Evelyn frowned hardly when she heard the words.

"What you mean? Do you think that was me who sue you?"

Lucas did not express an opinion and said in a cold voice, "You must know that. The reason I was there was only because Amelia's parents are elders."

Evelyn sneered. A slight anger was also raised in her heart.

Even others could find what they were thinking. She did not believe that the man did not notice at all.

How could he speak out such a lofty excuse like this?

She pulled back her hand instantly and sneered, "I'm really sorry. It seems my existence bothered your good turn. You can just assume that I'm not existing and carry on accompanying them."

After that, she left without turning her head back.

Lucas was stupefied looking at her leaving in anger. He did not expect her to react strongly.

When he was just going to catch up, he heard some whisperings.

"Huh? What's going on just now? It was saying that young master Hawk was a couple with Miss Morgan, wasn't it? How could young master Hawk be together with this woman and they seemed parting on bad terms."

“What’s so strange about this? She must be a woman who seeks to get in relationship with richer family but she found that young master Hawk has already got Amelia, so she was just messing around.”

” You are right. It is well known that all the girls in Jingdu city dream to get marry young master Hawk.”

Their words were full of sneer that made Lucas’s motion frozen immediately.

He looked for Evelyn subconsciously, but she seemed had already walked far away. He could not see her in the crowd.

He took back his sight and felt remorseful and angry. He got to understand where the words grandpa said came from.

He also felt that his attitude to Nora was a little excessive.

When he was just going to look for Evelyn, he was stopped unexpectedly by a guest that had a partnership with Hawks family. This made him to endure the thought of leaving and kept him stay.

And all these, Evelyn did not know.

She left the banquet hall directly after she left Lucas.

She did not like this kind of occasion originally anyway and it seemed that she was not welcomed by the inside. Therefore, she went to the garden in the back with a bottle of wine. She tasted the wine while enjoying the moon light.

The wind was breezing, and the leaves were rustling. Everything seemed tranquil.

Even the slight anger in her heart was calmed down.

When she was closing her eyes and resting on the bench, a sound came through.

“I heard all those.”

The sound appeared in sudden and frightened Evelyn badly.

She turned her head subconsciously and saw it was Austin. She felt a headache as she was relieved.

Why the man was here?

Austin did not know that Evelyn was impatient in her mind. He approached her to have a look at her. There was a tender affection that could not be hidden in his eyes.

“Nora, is this what you want?”

Evelyn was stupefied by his question.

When she was not getting to reply, Austin seemed to penetrate her and said, “A young mistress that was not accepted by others and even the Hawks family. Is that what you really want?”

As Evelyn was listening, her heart was moved like a calm lake was dimpled by a little stone.

She stayed in calm constrainedly, “Mr. Wilson, please mind your mouth. I’m good here in Hawks family and this is the way I chose. I will stick on it even though I’m not accepted. As for you... You should not come to find me with any reason. I don’t know what rumors will be told if they saw us here.”

Austin was angry since he saw that Evelyn was obsessive and stick on her own way.

“Nora, why are you lying to yourself? Lucas did not care about you at all!”

Evelyn pressed her lips and did not say anything.

She knew that Lucas did not care about her. He got married with her only because he did not dare to violate his grandpa.

Austin found that she was in silent. He took a deep breath and continued to persuade, “Nora, listen to me. I ‘m different from Lucas Hawk. I love you love dearly. Those people, talking about you like that. Are you not caring even a little bit at all?”

Evelyn heard his words and found that his words were more and more inappropriate. She thought the thing would go ugly if she just let him to continue. She raised up and interrupted him instantly.

“Mr. Wilson, that is my own business. You’d better to stay away from that.”

She attempted to leave when she said that, but Austin captured her wrist.

” Nora, why are you so stubborn ? “

Evelyn frowned since she saw her wrist was grabbed by him. She threw his hand away instantly, meanwhile, her face grew cold,” Austin Wilson, are you going to make it impossible for us to be just even friends?”

Austin calmed down finally when he heard the reprimand of Evelyn.

He looked at Evelyn apologetically and murmured,” I’m sorry. I was impulsive just now.”

Evelyn pursed her lips and glanced at him. She said in a cold tone,” I hope that will not to be repeated.”

She turned to leave after she said that and left the desolate Austin alone.

Both them did not notice that there was a maid taking pictures of them by her phone in a dark corner.

When Evelyn returned to the banquet hall, the host was announcing the start of the dance.

“Miss Morgan, today is your birthday, so the opening dance belong to you. Now you can choose a handsome man in the party, then you two can begin your opening dancing. “

Hearing this, Amelia turned her eyes to Lucas subconsciously.

However, Lucas did not notice the sight, his eyes fell on Evelyn, who had just entered the door.

Just now he tried to find her around, but he failed. Now he finally saw her.

But when Evelyn noticed his sight and saw that Amelia was walking toward him, she

showed a sarcastic look to him and then walked towards another direction.

Seeing her leaving back, Lucas remind of her sight right now, thus he felt very uncomfortable.

He frowned tightly, then he walked directly towards Evelyn without looking at Amelia.

His action made Amelia, who was planning to invite him, froze violently, then Amelia's face gradually turned pale.

She looked around at her guests. It was impossible for her to return. So she had to find an

acquaintance nearby as a partner.

The man who was invited by Amelia was very happy. He accepted Amelia's invitation and then dancing with her in the dance floor.

But Amelia was absent-minded.

Her eyes focused on Lucas. When she saw Lucas stood in the front of the Evelyn, Her heart was filled with jealousy.

Evelyn did not notice her eyes. She looked frowned at Lucas, who came towards her step by step, and asked, "Why not dance with Miss Morgan?"

Hearing this, Lucas narrowed his eyes and then he bent down sharply to Evelyn.

Evelyn was shocked, thus she stepped back unconsciously, she felt a little nervous and

embarrassed.

Lucas asked before she questioned.

"Well? Are you jealous?"

Evelyn was stunned.

Jealous? The word was a real stranger to her.

And she never thought she would be jealous.

After all, as for the relationship between Lucas and her..... She was really not qualified to

be jealous.

Think of this, Evelyn suddenly felt that she should not feel angry just now.

Especially in the eyes of others, it seemed that she's a little jealous.

When she was wandering, she felt that there was a hand around her waist.

She turned her head unconsciously and saw Lucas said with smile, "Come and dance with me, Mrs. Hawk."

With Lucas's cello-like low voice, the last three words make Evelyn blushed.

She was embraced by Lucas to the dance floor before she could respond.

Hearing the sound of beautiful waltz, Evelyn woke up suddenly.

She grasped Lucas unconsciously. There were a lot of people watching them, thus her whole movement was very rigid.

Lucas noticed her nervousness, as he was dancing with her, he asked her with doubts: "Isn't this your most familiar scene? What are you nervous about?"

Hearing this, Evelyn suddenly remind that she was Nora now, not Evelyn.

For Nora, ballroom dancing was just like a regular meal.

Thinking of this, she forced herself to be relax and followed with Lucas.

At the same time, she could not help congratulating herself secretly in her heart.

Fortunately, when she was in college, she would lead the dance every year at the school anniversary party. She had learned it for a while, otherwise she would be unlucky tonight.

Maybe it's because Evelyn's intentionally followed Lucas, and their dancing styles were more and more coincident.

They snuggled close together, and their eyes only have each other, and their breath intertwined.

Lucas could not help rolling his throat when he smelled the sweetness of the girl's body.

When he thought of the sweet taste, he wished he could have further development with the girl in the front of him.

Evelyn was also a little intoxicated.

Especially the strong male hormone from Lucas made her mind short-circuited again and again, so she could only follow Lucas to spin and jump subconsciously.

It is in this way that they became the brightest couple on the dance floor.

Amelia looked at it on one side, with eyes full of jealousy.

She really wanted to go up and tear Nora's face apart.

Thus Evelyn has no way to seduce Lucas.

But she can't.

Besides this, in order to avoid being known by other people, she had to hide the enormous jealousy in her eyes.

At the end of the song, Lucas stopped with Evelyn gradually.

After this, Evelyn calm down gradually with regret in her eyes.

She was addicted in it just now.

Before she calmed down, there was a sudden strong applause around her, and she also found that many people staring at her curiously, as if to guess her identity.

She was not accustomed to such eye-catching etiquette. Then she put her distance between Lucas and her and said, "I'm a little tired. I want to have a rest."

Seeing her tired look, Lucas said, "I'll accompany you and get you something for you to eat by the way. You just eat little at night."

Hearing this, Evelyn looked at him with surprise.

However, she was taken to the food directly by Lucas before she could refuse.

Looking at the food piled up in front of her and smelling the attractive scent of the food, she had to say that she was really hungry.

Then she was no longer entangled, and enjoyed the careness of Lucas.

It was not until later that Lucas saw the acquaintances that he left to talk with them.

Amelia looked at it all the time, and her eyes were full of malice.

Now she's like a joke.

After the opening show, all other things she did was for making a show for Nora!"

She clutched her fist tightly when she thought of this.

It seemed that she reminded of something, then she took a deep breath and turned to call her little maid.

After she said a few words in the maid's ear, the maid nodded and left.

The maid came back soon, and there was an tray with a bowl of hot soup in her hand.

"Miss."

She took the thing in the front of Amelia and called softly.

Looking at the hot soup, Amelia felt that she was bound to win.

Amelia drank it quickly and then she went upstairs. Before she left, she said, "You must tell Lucas go upstairs. Do you understand?"

"Miss, Trust me, I am sure that I will complete the task."

The maid nodded and made promise to Amelia.

When she saw Amelia disappeared in the corridor, she immediately turned to find Lucas.

"Master, Miss Morgan is looking for you. Please be sure to go over."

Hearing this, Lucas frowned and asked, "What did she say?"

The maid answered, "It seems to be related to the mistress. I can't explain clearly. Master, you should ask Miss. Morgan in person."

Hearing that it was related to Nora, Lucas went upstairs even though he still had some confusion.

When he arrived at Amelia's room, he stood outside and knocked at the door.

Soon Amelia opened the door.

The admiration in her eyes could not be hidden when she saw handsome Lucas was

standing outside.

"Lucas, you are here, please come in."

Lucas looked at her and then he glanced at the room behind her. He did not move.

"What do you want to talk about Nora?"

Amelia knew that she could not make him to do that when she heard the words. So she took out her phone and found the picture and passed it to Lucas.

" This is a picture took by a maid by accident in the garden and I found that. I'm afraid of that she will talk the bosh about this, so I intercepted it to ask you what to do with this."

In the picture, Evelyn and Austin were holding each other's hand.

Under the moon and in front of flowers, it looked a sense of r0mantic.

Their posture was vaguer because of the angle of photographing. Their relationship seemed unusual.

Lucas had his face gloomy as he was looking at the photo.

Amelia was paying attention to his expression. She was glad in her mind when she found that Lucas was angry. She continued instigating," Lucas, I did not want to show you the picture since I was afraid of hurting the relationship between you and Nora. But I can't endure that. I don't want you to be fooled by her."

She suddenly changed the meaning of her words. It was seemed that she was worrying about him in all respects.

Lucas's expression was gloomy, and he did not say anything.

He was just holding his phone. The force he used to hold the phone betrayed him of his mood.

Especially when he looked at the picture on the phone, it was upsetting him badly.

He deleted the pictures.

Amelia watched that and tried to say something subconsciously.

But Lucas warned her before she was speaking out.

" I will deal with this. I don't you to spread out any information about this. You'd better to keep it only in your mind."

It was not his fault to warn strictly.

He understood clearly that if this was known by his parents, there would be another fight in the family.

Amelia got a little of his idea and a light of promising was twinkling in her eyes.

“Lucas, don’t be worried. I will never talk nonsense about it.”

Lucas nodded and passed back the phone,” Pardon me if there is nothing else.”

Amelia went to grabbed and stopped him immediately.

“Is there anything else?”

Lucas glanced at the hand she grabbed him and frowned.

“Lucas, today is my birthday. Can you chat with me for a while in the room?”

Amelia pretended to be pitiful and said.

However, Lucas was not moved by that. He pulled back his hand and said with a deep voice,” There are guests waiting for me downstairs. People will say that Hawks family was ill-mannered if I’m disappeared as a host.”

He tried to leave again after he said that.

Amelia was impatient when she saw that he was still leaving.

” But...But I think I’m ill maybe. Yes, I’m ill. Can you stay with me and look after me, Lucas?”

It seemed like that she found a good excuse. She laid on the door and said with a weak voice.

Lucas heard that and stopped his steps subconsciously. He turned his head and looked at her.

There was an irregular flush on Amelia's cheek, and it seemed she was not lying. He turned back to Amelia and worried, "Do you need a doctor?"

Amelia chuckled to herself when she saw that he was back. She pretended to be giddy and she fell to Lucas like she was unable to stand still since she was giddy.

Lucas held her subconsciously. He felt that Amelia's body was abnormally hot, and he frowned.

"Amelia, are you having a fever?"

Amelia leaned in Lucas's arms and she was taking in the smell of his body greedily.

She wanted to stay like this for the whole life.

But she did not forget her plan since she was maintaining her sanity.

"I don't have a clue, either. I just feel sick and hot."

She answered Lucas weakly, meanwhile, she did not forget to pull the cloth on her body.

She was wearing an off shoulder dress originally. The cloth covered on her chest was pulled down a lot by her pull and half of her breasts were exposed.

They were alluring under the bright white light.

But she did not stop her motion.

She not only pulled her own cloth but also pulled Lucas's.

Lucas frowned and grabbed her hand immediately. He berated, "Stop it, Amelia!"

Amelia seemed losing her consciousness. Her breath was getting rapid as she was looking at Lucas just in front of her face.

She did not replied Lucas. She got close daringly and tried to kiss Lucas.

Lucas eluded spontaneously then he pushed her away angrily.

"Are you muddleheaded by the fever? Do you understand what you are doing now?"

"I don't. Lucas, I feel very sick. Help me please."

Amelia nearly fell on the floor by the push. She came to stand constrainedly and then she threw herself again with her dim eyes to Lucas immediately. And she even rubbed her breasts on Lucas ceaselessly.

Lucas saw the situation and tried to push her away again, but he was tangled by Amelia tightly. He could not push her away no matter how he tried.

He thought the woman was having a fever, but now he had a clue.

"Amelia, are you drugged?"

Although he had no actual experience in certain matter, but at least he had seen some things related to it before.

It was obvious that Amelia was trapped by someone.

"I don't know, Lucas. I feel hot. Maybe I'm really drugged."

She said that and struggled in his arms boldly since the drug.

When her hands were free, she started tearing Lucas's suit and pretended comprehending, "I will not blame on you if you help me. I will not tell Sophia and Nora, either. Lucas, please help me. I feel really bad."

After she said that, she got close and tried to give her kiss again.

Lucas looked at the approaching person and the pungent smell of combination of perfume and cosmetics was all around his nose. Somehow, he remembered Nora.

That woman used the makeup, too. But he never had smelled such a smell of the compound. There was only sweet fragrance only belonged to her, clean and fresh making people comfortable.

As he was losing in thought, the smell was getting stronger and stronger. Amelia was nearly kissing on Lucas.

A sense of disgust flashed in his eyes. He moved his head abruptly and Amelia's kiss fell on the collar.

"Lucas."

Amelia yelled injuredly.

She wanted to attack again but her hands were grabbed by Lucas and then Lucas pulled her away hard.

Amelia did not give up and struggled with Lucas's hands.

Evelyn appeared in the corridor when they were pulling and pushing each other.

The maid of main house told her that Lucas was looking for her just now and asked her to go upstairs.

She did not expect that she would observe such a hot scene like this.

And the maid behind her was surprised designedly when she saw this scene," Young master, mistress, you..."

Even though the maid did not finish her words, Lucas understood that she must misunderstanding something.

He had his face gloomy suddenly and glanced at Nora stunned there then he berated," What are you yelling here. Don't you know your mistress is ill? Go call the doctor immediately!"

The maid was frightened by the scolding and looked subconsciously at Amelia.

Amelia noticed her sight and nodded without leaving any trace. Then the maid turned to call other people.

With her departure, Evelyn also responded and found that Amelia was different.

“What’s wrong ?”

“She was drugged by someone.”

Lucas frowned to respond. Evelyn looked at Amelia in surprise.

Saw Amelia’s brilliant went away.

Her hair was messy so was her clothes.

She was totally in a bad mood.

But she looked her in a rather frightening way, as if she had wanted to eat her like a hungry wolf.

Evelyn thought of this, his eyes flashed a different color, and looked at Amelia again.

Amelia was conscious of the changes in her eyes and guessed that her plan must have been seen through by the woman.

In order not to be exposed, she preemptively sneered: “Nora, what kind of eyes do you have? My Lucas and I are innocent, but you, how can you still have the face to appear? You just met other men in the back garden, pulling and pushing. How are you ashamed to blame my Lucas and me.”

Evelyn was stunned by her sudden misfortune. When she responded, she almost laughed at her

This woman was a real villain to tell first.

“Sister Amelia is really supernatural. You have suffered so much you still know what I’m going to do.”

After she had finished, her face was full of irony, and she continued, “I’m afraid that Sister Amelia is staring at me all the time, right?” Otherwise, how can you know everything I do?

Lucas listened to Evelyn’s refusal to deny the thing happened in the garden. His eyes were cold. He said, “So what Amelia said was true? “

Evelyn stunned after heard what he said. Then bowed her head: "Yes, it's true, but it's just an occasional encounter."

She said, explaining what happened in the garden briefly.

"I arrived the garden first then the one followed. It was the reminiscence between friends. As for pulling and pushing, it was too dark. I stepped on the stone carelessly, and he pulled me one. That's all."

Lucas looked at her suspiciously.

Evelyn knew he didn't believe it. She shrugged and said, "I think the back garden should also be monitored. If you don't believe it, you are always welcome to watch it."

Lucas looked at her open-minded appearance, and his suspicion almost disappeared.

Amelia also felt it and said anxiously, "Nora, don't make a fuss about it. Who doesn't know how indulgent you were before Lucas come back? Now you can really dress up in front of Lucas."

Evelyn heard this and looked at her with cold eyes.

Amelia was so upset that she said, "Why do you Look at me? Am I not telling the truth?"

"Truth or not, we know it well, but I still admire you. You are in such a bad condition but you still have the mind to worry about others. It seemed that you are not anxious for yourself."

Evelyn said with a fake smile and her eyes were dark.

Amelia looked at it and felt uneasy.

Before she could open her mouth, she heard Evelyn said "I'm surprised that you as the main character of this birthday party but you were given medicine. I'm afraid that someone would plot against you... But where's the man who plotted against you yet?"

After that, she looked at Lucas meaningfully.

Lucas was not a dull man. Of course, he heard the implication of Evelyn's words, and for a time the whole face went dark.

This woman wasn't saying that he had done something to Amelia but that Amelia had done everything and deceived him to come up in an attempt to do something to him.

Looking at Lucas's sinking face, Amelia knew what he must have guessed.

She wanted to open her mouth to explain, but she could not explain. She felt that she couldn't say anything right. She was angry and anxious.

"Nora, is was you right? You have always hated me . This must have been done by you. How could you be so vicious as to do such a dirty thing to me!"

She was angry and scolded Evelyn, and at the same time she pulled all the thing to Evelyn.

The reason why she did this was to dispel Lucas's suspicion and to let Evelyn couldn't expose her.

Evelyn heard her magnificent accusation and laughed, laughing very happily.

Lucas frowned when he heard her laughter.

Amelia was very upset.

"What are you laughing at?"

"I laugh at your stupidity!"

Evelyn put away the smile on her face and sneered sarcastically: "If I remember correctly, I have not connected with you once today. How do I prescribe medicine to you?"

Amelia's words choked and her eyes were in a hurry, especially Lucas's eyes, which made her subconsciously retort, "It's also possible that you bought the servant of the main house, you..."

She wanted to continue slandering, but Evelyn could not bear to interrupt her.

“Enough! Do you know what you had said? Everyone know that the servant on this side of the main house is carefully chosen by mother. Who can buy them? Sister Amelia you have to tell the truth and according to the evidence!”

Amelia was completely panicked.

She subconsciously looked at Lucas and saw that his face was indifferent.

Before she could explain anything, Lucas was like seeing something dirty. He threw her aside and stepped aside.

“Lucas?”

Amelia staggered for a few steps, and finally stood firm. She looked at him incredulously. Her eyes full of grievances.

However, Lucas was not moved at all. He said in a cold voice, “The doctor will be here soon. You’d better stay here.”

After that, he did not take a look at Amelia, but turned around and holding Evelyn strode away.

Evelyn was staggered by him for a while. Fortunately, after adjustment, she could barely keep up with him and not be dragged away.

“Lucas, where are you taking me?”

She looked at the figure in front of her and could not help asking.

Just then, the voices of Mrs. Hawk and Mr. and Mrs. Morgan were ringing in her ears.

“Lucas, where are you going?”

“By the way, I just heard something upstairs. What happened?”

Lucas glanced at them and snorted, “Nothing.”

After that, he took Evelyn left again.

Evelyn was dragged by him. She could not break away at all. She could only bow her head to several elders and hurry to follow him.

Lucas grabbed Evelyn and went directly out of the main house to return to their new house.

When they entered the living room, Lucas let go of Evelyn.

The low pressure around him made Evelyn feel his displeasure obviously.

She watched Lucas carefully, and was about to say something to break the stiff situation the man turned around and startled her.

“Nora, did I warn you to stay away from the other men? What did you do?”

Evelyn did not expect that she had already explained clearly but the man was still haggle over the thing that happened in the garden.

At that time, she felt that the man was extremely stingy.

However, thinking that she was in the wrong, she did not tire of explaining again.

“I’ve said everything I need to say. I’m sure it’s true. If you still don’t believe it, you can check the monitor. Moreover, on such a big occasion, everyone is free to walk around, and I can’t stop others from acting.

At the end of the conversation, she said straightforwardly: “Anyway, I have a good conscience in this matter. If you find out that I have half a lie, I can leave it to you to deal with it.”

Lucas Hawk squinted at her and saw that she spoke with assurance, as if he believed it. He snorted, “You’d better remember what you said today.”

After that, he turned upstairs to take a shower leaving Evelyn alone.

He was obsessively tidy but he was held by Amelia and felt that he was wearing a perfume and fat powder all over his body.

Evelyn watched him leave, but did not think much about it. She followed him upstairs.

She heard the sound of water coming from the bathroom as soon as she entered the room.

She knew that Lucas Hawk was washing in it, and without disturbing him, she went directly to the dressing room to change clothes.

However, when she was ready to take off her dress, the zipper on her back could not be reached.

She worked hard for a long time but it still didn't work.

At this time, Lucas Hawk had washed and wiped his hair and came out of the bathroom.

He heard the movement in the dressing room and went over unconsciously.

Evelyn was half-inclined trying to reach the zipper.

But didn't know that her posture was very attractive.

Especially the scenery in front of the chest, in the mirror all at a glance.

As Lucas Hawk watched, he could not help thinking of her warm feeling and a heat flow rose from the lower abdomen.

"What are you doing?"

He asked hoarsely.

Evelyn answered without thinking: "Didn't you see it? Take off clothes."

She didn't know she revealed too much and tried to clip the zipper several times, but she still passed the zipper.

"Lucas Hawk, can you help me pull down the zipper? I can't reach it."

She had to turn to the man behind her.

He was standing there anyway.

Lucas Hawk stared at the woman in front of him and said, "Do you want me to help you?"

Evelyn did not tell out the meaning of his words and urged again, "Yes, hurry up."

Lucas Hawk smiled.

He didn't refuse, but went behind her and stood.

Evelyn also took back her hand and tied her hair around her neck so as not to obstruct the zipper.

But she didn't know, her action made the se.xy clavicle look more attractive.

Lucas Hawk watched, and the darkness deepened in his eyes.

Under the tip of the nose, if there was a body aroma with a light alcohol, made him become more addicted.

Especially when he thought that he was almost calculated by the woman Amelia. He felt it was dirty and this was the time to wash his eyes now.

Evelyn did not know what he was thinking, but she soon realized that something was wrong.

Because she found someone's hands were beginning to ...

"Lucas Hawk, you..."

She subconsciously wanted to yell, but before she had finished, a whirl of hot thin lips pressed directly over her.

Lucas Hawk took hegemonic measures and gave her no chance to resist.

Evelyn was also unable to resist his aggression and plunder, so she could only let him do it.

After a kiss, they both gasped for breath. Lucas Hawk even knocked his chin in Evelyn's neck and took a deep breath.

“Sure enough, you are more fragrant.”

Evelyn was stunned by his unconscious words.

Before she could recover, there was a crisp numbness in her neck, which made her whole person tremble and paralyzed in Lucas Hawk’s arms.

When Lucas Hawk saw this, he gave a light laugh, and immediately picked up her and went to the bedroom.

Long night, the room was full of love.

...

The next day, Evelyn woke up with backache and soreness, and there was still no Lucas Hawk beside her.

She didn’t care. She got out of bed and washed. She planned to go to the company.

After all, she was busy making clothes and Amelia’s birthday party. She had not been to the company for a long time, and did not know if there were any new trends there.

Just as she was finished, she planned to go out. She ran into Amelia without exception.

Amelia did not expect to meet Evelyn either.

She stared at her with a fierce look as if her eyes were poisonous.

Yesterday, if it hadn’t been for this woman to expose her plan, her Lucas would not have resented her, and even her plan might have succeeded.

Evelyn was conscious of her sight, but she didn’t want to pay attention to it.

There was nothing to say about the fact that the woman was able to give herself medication for that dirty idea.

She ignored Amelia and headed for the gate.

However, Amelia was not willing to let her go so easily.

See her stride forward, blocked in front of Evelyn.

“Nora, are you very proud now?”

Evelyn was puzzled when she was asked, but on a second she understood that what she said was what happened last night.

At the moment, she returned with her arms around her chest: “Yes, it’s really very proud. What’s it called, lifting a stone and throwing it at your feet, or no corrosion to the chicken rice?”

Amelia was furious when she heard this.

But before she had a fit, Evelyn continued to say ironically, “I really appreciate Sister Amelia’s help last night, which made my feelings with Lucas more profound, but I was tired and I just got up now.”

No wonder she was so exciting. The clay man also had tempers. She’s too bullying. If she did not fight back, it would not be like Nora’s character.

Amelia did not expect that this woman would be so shameless to tell her that kind of thing magnificently.

At that time, her heart was filled with anger and jealousy.

“You bitch, Lucas disdained touching you. You must have seduced Lucas !”

While she was saying, as if she had lost her reason. She rushed at Evelyn and tried to hit her.

How could Evelyn let Amelia beat her? Of course, she avoided it.

Amelia beat the empty, unstably staggered for several times.

Evelyn looked at her. Her eyes flashed, and her lips caught up a wibe of mischief.

She stretched out one foot and tripped her directly.

“Oh, Sister Amelia, why are you so careless and fall down again? Aren’t you going to slander me to push you again?”

After she had done her bad deeds, she looked afraid and stepped back several times, pretending to be frightened and screaming.

Amelia saw her movements, and then listened to her words, her face was as black as the bottom of the pot.

She choked back the words she wanted to say.

” Nora !”

She raved furiously.

Evelyn stood beside her and coolly said, “Don’t shout so loudly. I can hear you.”

Amelia looked at her calm and leisurely appearance and said fiercely, “Damn it, don’t be too proud. I can’t deal with you. Some people can do it!”

At the moment, she returned with her arms around her chest: “Yes, it’s really very proud. What’s it called, lifting a stone and throwing it at your feet, or no corrosion to the chicken rice?”

Amelia was furious when she heard this.

But before she had a fit, Evelyn continued to say ironically, “I really appreciate Sister Amelia’s help last night, which made my feelings with Lucas more profound, but I was tired and I just got up now.”

No wonder she was so exciting. The clay man also had tempers. She’s too bullying. If she did not fight back, it would not be like Nora’s character.

Amelia did not expect that this woman would be so shameless to tell her that kind of thing magnificently.

At that time, her heart was filled with anger and jealousy.

“You bitch, Lucas disdained touching you. You must have seduced Lucas !”

While she was saying, as if she had lost her reason. She rushed at Evelyn and tried to hit her.

How could Evelyn let Amelia beat her? Of course, she avoided it.

Amelia beat the empty, unstably staggered for several times.

Evelyn looked at her. Her eyes flashed, and her lips caught up a wiper of mischief.

She stretched out one foot and tripped her directly.

“Oh, Sister Amelia, why are you so careless and fall down again? Aren’t you going to slander me to push you again?”

After she had done her bad deeds, she looked afraid and stepped back several times, pretending to be frightened and screaming.

Amelia saw her movements, and then listened to her words, her face was as black as the bottom of the pot.

She choked back the words she wanted to say.

” Nora !”

She raved furiously.

Evelyn stood beside her and coolly said, “Don’t shout so loudly. I can hear you.”

Amelia looked at her calm and leisurely appearance and said fiercely, “Damn it, don’t be too proud. I can’t deal with you. Some people can do it!”A
