

## Got Busted 1008

### Chapter 1008 Stimulus

Juliana Lewis looked at Timothy Greene and Hou Chaosi. This situation, no matter which one, is not a good choice.

But after weighing the pros and cons, Juliana Lewis finally chose: "I choose Sisi and give her the antidote."

Timothy Greene froze and couldn't help looking up at the landing wine.

Clearly I hope she doesn't make a choice, even if it is to give up on him.

But when she really gave up on him, Timothy Greene felt that some words were really nice to say and really heard.

This heart, like a wind knife whirring, hurts him hard to breathe.

Really, it hurts.

Wendy Johnson listened to the answer of landing wine and smiled madly: "Brother Ting Shen, did you hear it? Juliana Lewis gave up on you. She never liked you."

"Even if you like her so much, you can die for her, but for her, you are not as important as Hou Chaosi who has only known her for one year."

"In this world, it is clear that I love you the most. Why can't you look at me?"
