Benson Leach was distressed and wanted to blame Juliana Lewis for not risking her body and drawing so much blood to save him.

However, such blame is wrong.

Benson Leach was full of complicated thoughts, which finally turned into deep love. He took Lu Jiu's hand, put it on his lips and kissed it lightly. He only shouted with deep affection: "Jiu Jiu, my Mrs. Li."

At this time, Benson Leach wanted to say a lot. He wouldn't say that he would never live up to Juliana Lewis in his life, and he would be kind to her. He wouldn't blame her for not caring for her body in order to save him at this time.

Because, without this, he would have lived up to Juliana Lewis in his life.
