

Got Busted 1069

Chapter 1069 Invitations-

Su Ran quickly called the servant: "Where do you want to take that dress?"

Yes, the servant is holding the star sea that Juliana Lewis wore yesterday. Just thinking about this skirt, 60 million yuan.

Su Ran still suffers from meat pain.

The servant carefully took the skirt and said, "Send it to a professional laundry to wash it, then nurse it, and then send it to Lijia. Do you have any orders?"

Su Ran looked at the skirt and wanted to try it on, but looking at the servant holding it, it was wrinkled a lot.

Thinking again, this dress was still worn on Juliana Lewis last night, and she was a little clean, so she gave up.

Su Ran changed his mind and said, "In this way, when the clothes are washed, you can take them back and I will send them personally."

In this way, she has a reason to go to the old house, so that she can meet Li Relaxation, right?

Thinking of this, Su Ran is very happy and looking forward to it. He can't wait to become a fairy. This dress is clean in an instant.

Don't worry, she ran a few more beauty salons in the past two days to dress herself more beautifully, and then inquired about Li's relaxation preferences.
