

Got Busted 1091

Chapter 1091 Embarrassment-

Old Mr. Leach still gave Su Ran down the steps: "Miss Su must be very good at home."

Although there are steps, Su Ran is still red-faced. She nodded gently: "Fortunately, I just like to do a little housework and decompress occasionally."

Old Mr. Leach: "Yes, Ah Jin doesn't like to have servants around him. It's more suitable to do it personally like Miss Su."

Su Ran blushed and didn't say this again.

Originally, if in ordinary people, help wash dishes and show diligence, it is a good behavior.

But in Li's family, even in the Simmons family, it is too disgraceful to rush to wash dishes with servants.

Old Mr. Leach didn't say anything about it either. He stood up and said, "Miss Su seldom comes here, so she will stay a little longer. She has some fun in the back. She will take the wine with her when she is free. If she is not free, she will let the servant take you for a walk. Ajin has just returned and is also free."

At the moment, Su Ran was thin-skinned, but he felt that he could approach Li's relaxation, so he should come down with a thick face: "Then I will disturb Grandpa Li for a while."

Old Mr. Leach will stay by himself for a while after lunch, so he left after eating.
