

## **Got Busted 1097**

### Chapter 1097 Greeting-

Juliana Lewis was going to invite Jiang Tiantian to dinner, but she had something to do, so she didn't join her.

Juliana Lewis, together with Su Hanyin, sent Jiang Tiantian home first, and then went to the restaurant for dinner.

Juliana Lewis asked Su Hanyin, "Why did you go when you withdrew one million yuan?"

Su Han turned to look at the landing wine: "Sister, how do you know this?"

Juliana Lewis: "Su Ran told me, otherwise I would be fine. Why did I come to pick you up from school? I am not a kindergarten child."

Su Hanyin: ...

Su Hanyin said: "Well, Tiantian is going to an internship in a research institute in the past two days, but that research institute is short of money, so I invested a little."

Say that finish, Su Hanyin said to Juliana Lewis: "Sister, don't tell Tiantian about this, or she will ignore me."

I didn't pay much attention to him. If I knew that he actually went to invest in the research institute where she worked as an intern, I would even ignore him.

seems to have not yet

called micro-science and technology research. There are quite a lot of research projects, and

Lewis thought over it and said, "I haven't heard

"It was only recently opened. Although there are many projects, the specifications are small, but several of them are talents imported from abroad. Because they are new research institutes, they
