Chapter 1151 Concealing-

"Miss Li likes the cakes here very much?"

The person who said this sentence is Timothy Greene.

And the person standing next to him is Li Baiqing. She smiled a little: "Well, how many people in S City don't like this pastry?"

She said to Timothy Greene: "I have been abroad for many years, but I haven't eaten it. I don't know if there has been any change."

Timothy Greene: "Maybe."

Juliana Lewis looked at them both, slightly speechless.

When you talk about people during the day, you really see people.

Juliana Lewis looked up at Hou Chaosi sitting opposite. The smile on her face was still there, but it was slightly stiff, which inevitably revealed some sadness.

Hou Chaosi felt Juliana Lewis's eyes and said with a smile: "Sister Wine, we will come here to eat next time."

She just saw Timothy Greene's circle of friends. He photographed the blue sky without copywriting.

Li Baiqing looked up at Timothy Greene sitting opposite him. He didn't see him for several years. He became more mature, and his charm was more charming.

She likes Mr. Gu for many years.

Timothy Greene also looked up at Li Baiqing: "Miss Li should know that I have a childhood sweetheart, and I like her very much since I was a child."

Li Baiqing nodded lightly: "I know, but for so long, I think Mr. Gu will not love only one person forever, and people's hearts will change."

Timothy Greene does not deny this possibility. He just said to Li Baiqing: "I don't know in the future, but I like her now, and I plan to like her all my life."

Li Baiqing said: "It doesn't matter, she is dead, I can accept it for the time being."

Timothy Greene looked at Li Baiqing in surprise.

Li Baiqing looked at him: "Does Mr. Gu have anything to say?"

Timothy Greene: "If I get married, I won't do anything intimate with you, I will only give you corresponding respect."

Timothy Greene said this sentence euphemistically, but he could understand it all.

That is, Timothy Greene will respect her as a guest, but will not make intimate moves with her, including the bridal chamber.

Juliana Lewis, right next door, heard Zach Harding's words, pulled his mouth and shouted downstairs, "Zach Harding, you are evoking in broad daylight."

Zach Harding locked Juliana Lewis in their position and immediately came up.

Timothy Greene heard Juliana Lewis's voice, in the booth behind him, and the look on his face was wonderful.

Juliana Lewis: ...

Because Timothy Greene is next door, Juliana Lewis and Hou Chaosi didn't talk, so they ate cakes quietly.

Now, because of Zach Harding's shout, they exposed their position.

Zach Harding went upstairs, came to Juliana Lewis's booth, and then sat beside Hou Chaosi.

Hou Chaosi also looked at him speechless and embarrassed: "Brother, why are you here, and what are you shouting? Is the mobile phone a decoration?"

Timothy Greene came to his senses and looked up at Li Baiqing. He finally refused: "Miss Li is very good, but I don't consider marriage yet. I still have people in my heart and can't harm another person."

He stood up and said, "Sorry, Miss Li."

Timothy Greene was a little flustered, and it made him uncomfortable to think that what he had just said would put pressure and burden on Juliana Lewis.

There is Hou Chaosi.

He proposed to her not long ago, and although she refused, it was only a long time before he went on a blind date again.

What would she think of his original proposal?

Timothy Greene's heart is very chaotic, so this time he resolutely refused Li Baiqing.

Li Baiqing was disappointed, but she still smiled gracefully: "Mr. Gu doesn't have to rush to send a good person card. Today is the first time to meet. We can become friends first."

She smiled: "It will be a matter of the future, and I just think you are a good marriage partner for Mr. Gu, not because I like it, but I am also urged by my grandfather to marry."

He said: "It is Li Baiqing, the sister-in-law of Xiaojiu."

Yang Laotou: "Then look at it again. It may be a coincidence."

It's Li's family again. It's an inextricable fate.

Juliana Lewis left with Zach Harding, or sent Hou Chaosi home first.

Then, he followed Zach Harding to the research institute. The original medical team was disbanded. Later, he did research with Sebastian Yates.

"Father Master." When Sebastian Yates saw Juliana Lewis, he also wanted a bear hug.

Juliana Lewis lifted his foot directly: "Come here and kick it."

Sebastian Yates broke his face and said, "Master's father is really eccentric. Obviously, little monkeys can be hugged."

Juliana Lewis raised his eyebrows: "If you go to be a transsexual, you are a beautiful girl, and I will give you a hug."

Juliana Lewis said: "You pay more attention to the incident and let me know if there is any progress."

Zach Harding was worried and asked, "Will Brother Cheng be all right?"

Sebastian Yates looked at the landing wine anxiously: "I am worried about the safety of Master and Father."

Zach Harding doesn't know where the antibodies to neurotoxins come from, but he does.

The ten milliliters of detoxification antibody was almost pumped out of Juliana Lewis's blood before it was exchanged.

If those people are such toxins, then Juliana Lewis will either watch them die, or she will continue to draw blood and refine detoxification antibodies.

But, neither.

Zach Harding didn't understand and asked, "Why?"

Juliana Lewis gave Sebastian Yates a look.

Sebastian Yates didn't tell the truth, but said, "Don't forget, Master's father can detoxify. If anyone who wants to do things knows that it is Master's father, will she be safe?"

Juliana Lewis told Zach Harding about looking for her again.

Benson Leach also frowned deeply after listening. He asked her, "You want to take care of it?"

Juliana Lewis: "If it's for me, I don't care. This kind of thing is too poisonous."

Benson Leach put Juliana Lewis's hand in it and looked at it carefully. "You have lost weight."

She used to have a good figure, but she was by no means skinny. Her little hands were soft and her skeleton was small.

But now, she is thin, holding her hand, with some bones and blue veins.

All this is for him.

After that big blood draw, her body was much weaker than before. Even if she was mending her body, she could not make it back overnight.

It will take at least a year.

Juliana Lewis took Benson Leach's hand: "It's good to be thin. How many women suffer in order to lose weight."

Chapter 1158 Commitment-

Timothy Greene looked at Hou Chaosi on TV. She spoke for a lipstick advertisement, with ruddy lips, which were very clear under the camera, and even the lip lines were so tempting.

He couldn't help thinking of the accident.

Her lips were soft, soft, and she smelled good.

This is his first woman, so beautiful taste and feeling, always lingering.

It's just ...

Mrs. Gu said a lot. As a result, Timothy Greene only stared at Hou Chaosi on TV. She turned off the TV in anger: "Timothy Greene!"

Timothy Greene looked up and looked at him faintly. "Are you finished?"

Mrs. Gu was angry, and she wanted to ask him if he had listened to her.

But looking at Timothy Greene's attitude, it really makes people angry.

Mrs. Gu: "I haven't finished yet. You didn't listen to what I said just now."

Timothy Greene stood up irritably: "It's up to you."

Timothy Greene smiled. He's still there. He's still Timothy Greene's.

Timothy Greene, who only loves Manman and keeps their promise as a child all his life!

The next day.

Mrs. Gu watched Timothy Greene go downstairs, looked at his hand, and nervously stepped forward:
"Ting Shen, what happened to your hand? Does it hurt? What happened to you, how did you hurt your hand?"

Timothy Greene just said gently, "Nothing."

Mrs. Gu: "There is no medicine bandaging, how can it be fine?"

Mrs. Gu hurriedly called the servant to bring the medicine box, and then chanted: "You say you are how old people, and you have hurt your hand so carelessly."

Mrs. Gu grabbed Timothy Greene's arm: "Wait a minute, you and Qingqing... ah!"

Mrs. Gu still didn't finish her words, and then Timothy Greene tore open her hand and pushed it away.

By such a push, Mrs. Gu was pushed directly and fell on the sofa, which was a solid wood sofa. Although there were cushions, she still hit it.

"Timothy Greene, stop!"

In the stairs to see this scene of Gu father, can't help but yell.

Timothy Greene stopped and turned to look at Mrs. Gu, who had fallen on the sofa. She was covering the back of her head and her face was pale. It was obvious that she had hit her badly.

This time, Timothy Greene has a chagrin on his face, which should not be.

He never hits people easily, which is his accomplishment.
