Chapter 1221 Impact-

Three people go shopping and talk casually.

Women, the eternal topic is clothes, bags and cosmetics. Even if they are old, there will be no generation gap.

Especially Xia Yunzhu, a lady, can talk.

Xia Yunzhu occasionally asks Juliana Lewis how he is doing with Benson Leach these days, and then he won't call himself a mother.

Juliana Lewis can see that Xia Yunzhu has a good temper this time.

Xia Yunzhu was looking at a suit and asked Juliana Lewis, "Xiaojiu, what do you think of this suit? Will Beicheng like it?"

Juliana Lewis looked at the suits. They were all very nice.

In fact, men's suits are just like that, almost a style, but the patterns will be different.

Juliana Lewis: "This suit is very nice. Of course, Beicheng will like it if he is sincere."

looked at Juliana Lewis again, then asked the clerk to pack the suit, and saw a small women's suit next to it. Looking at the style pattern, it was obviously a

Xia Yunzhu changed a bag: "Auntie believes in you, but what should be clarified should be clarified. Don't believe that those who are clear are self-clear. Those who believe in you don't have to explain such words."

Juliana Lewis: "Well, thanks aunt."

Li Baiqing said to Juliana Lewis: "When my aunt heard this, she didn't sleep well, and she was fidgeting. She wanted to ask you, and she was afraid that you would misunderstand. She was so embarrassed, but she felt uncomfortable."

Juliana Lewis smiled: "I know, don't worry, this is not a big deal, it is all handled by Beicheng."

After shopping in the mall, the three people ate again before going home.

Benson Leach came home and saw the shopping bags on the sofa. He raised his eyebrows and said, "Did you go shopping today?"

Juliana Lewis: "Yeah."

Benson Leach sat over and put Juliana Lewis in his arms. "Is this using your own small treasury?"

Juliana Lewis looked up at him. "No."

Benson Leach raised his eyebrows: "The truth is not like that. Why should we clarify and worry about it?"

Juliana Lewis: "These gifts, send them back to her?"

Benson Leach: "This is what she should do. No, what she will buy for you in the future, just keep it, don't think about me."

He won't be embarrassed.

I won't accept Xia Yunzhu because Juliana Lewis received her gift.

For Benson Leach, Xia Yunzhu should spend this money. Whether he wants it or not is one thing, and whether she should spend it or not is another matter.

Juliana Lewis gave a cry.

Benson Leach asked her, "Why did you ask Li Baiqing out?"

Juliana Lewis: "Oh, I just thought about it all of a sudden, and then I didn't wonder why she had plastic surgery, so I asked out."

Benson Leach looked at her strangely: "Mrs. Li, you are not afraid of being beaten."

Juliana Lewis smiled and raised his eyebrows: "That few people have beaten me."

Juliana Lewis hugged Benson Leach and looked up at him: "Ah Cheng, are you uncomfortable?"

"Hmm?" Benson Leach wondered for a moment, then smiled and said, "No, to me, she is a stranger. My mother died in the rain of that year."

For this Xia Yunzhu now, he really doesn't have any affection.

Like strangers, they don't even hate.

Juliana Lewis looked up and kissed him on the chin. "So, does Ah Cheng want to be a father?"

Benson Leach looked down at her and said, "It doesn't matter, it's optional, it's best not to have children, it's dangerous to have children, and I'm not sure if I can fulfill my responsibilities as a father."

Juliana Lewis directly pushed Benson Leach down and let him lie on the sofa.

Benson Leach's eyes turned red instantly. Looking at her eyes, she said, "Are you sure?"

"Certainly."

Juliana Lewis leaned over and kissed Benson Leach.

Juliana Lewis listened to Benson Leach's words and smiled with curved eyebrows: "Well, Mr. Li is right."

Benson Leach picked up his clothes, patted them again, and put them away again.

Looking at two sets of clothes, one big and one small together, looking at him in a good mood.

Benson Leach said: "She is opportunistic."

Juliana Lewis: "Well, you are the wife slave, so you can start from me."

When Juliana Lewis saw Xia Yunzhu buy a lady's suit, she knew that Benson Leach would not throw it away or even wear it if she disliked it again.

Because he likes to wear lovers' clothes with her.

Moreover, he is also superstitious, and the things of lovers can't be divided, otherwise the meaning is not good.

Su Han introduced her and asked her, "What's wrong with my sister? Am I wrong?"

Juliana Lewis nodded: "You are definitely wrong. Sweets are different from ordinary girls. She is very enterprising. She is not the kind who wants to fall in love and romance."

"Sweets is excellent. She is only a sophomore now, but she is already qualified to enter the graduate school. What about you?"

Juliana Lewis looked up and asked Su Hanyin, "What kind of man do you think she would want with such sweetness?"

Su Hanyin touched his own face again, and suddenly he was confused.

Yes, Jiang Tiantian is excellent. Many scholarships are for her, and many international competitions have won championships.

And she entered the graduate school at a young age because she liked it.

It is precisely because Jiang Tiantian is different from other women that Su Hanyin took a fancy to her at a glance and liked her.

Juliana Lewis looked at Su Hanyin with an odd face: "Is it?"

Su Hanyin nodded: "Yes, most people don't know that this person exists. Only seriously ill people and people who need medical treatment know such a person."

Juliana Lewis: "Oh."

Then she is really low-key.

Juliana Lewis: "I..."

Su Han interrupted Juliana Lewis's words to himself: "Forget it, sister, you are so healthy, you certainly don't know who the leisurely doctor is. It's useless for me to ask you."

Juliana Lewis: ...

Su Hanyin: "Although you don't know my sister, you can help me find him."

Juliana Lewis looked at the account that exposed this matter, without any cover, and it can be seen that Su Ran is in a state of mutual connection.

They obviously know each other and have a good relationship.

That account was not deliberately exposed, or it was mentioned in the comments, and then the details were stripped out.

As a result, there were special marketing numbers and water troops, and they began to pick up more, and even saw photos of Su Guorong moving in the middle of the night, as well as some monitoring.

Juliana Lewis said: "Su Ran, they are very low-key now, and they are afraid of provoking me, and then they will attack the company at this time, so they will not clearly do anything to me."

"At least for now, I won't do anything secretly, I will only talk about it."

Juliana Lewis said, Su Guorong immediately called.

Su Ran thought that she was driven out of the Simmons family. Although she didn't like that place very much, she lived for so long, and now she is worth more than 100 million yuan.

Think about it, Su Ran is unwilling, but also very unconvinced.

Why can Juliana Lewis kick her out easily?

Mingming, she has lived there for more than twenty years, and that is her home.

Why do you rob things and property with her, who has lived in Su's family for more than 20 years?

Su Ran was unwilling to press down and replied angrily: "I know, just don't provoke her. Really, what's there?"

"It is said that it is a generation, but everyone is dead. Who knows, maybe it is a real illegitimate daughter."

"Su Ran: I think so too. Unfortunately, there is no way to prove that people are dead. Now they are all dead. Who knows, are they illegitimate daughters or children?"

"Isn't Juliana Lewis her father alive? Start with him?"

Su Ran hesitated when he saw this.

"Su Ran: My dad won't let me target Juliana Lewis, let me endure and let Juliana Lewis. There is no need to conflict at this time."

After this message was sent out, Su Ran was very upset and finally chose to withdraw.

But all her friends saw it.

"However, you didn't have such a character before. Whoever bullied you bullied you back. Now you are made like this by a suspicious surrogate. It really makes me change your opinion. I despise you."
