Chapter 1271 Angry-

Juliana Lewis took Sebastian Yates to the basement: "Don't worry, I didn't ask you to collect the body."

Sebastian Yates looked at the long steps. "But I think you asked me to kill you."

Juliana Lewis rolled his eyes to Sebastian Yates. "Then you go up."

Sebastian Yates quickly said, "Master is in the upper class. When Master says east, I dare not go west. Moreover, it is dangerous. I must protect myself in front of Master."

Sebastian Yates hurried ahead, looking like he wanted to escort him.

Juliana Lewis: ...

It's not Hou Chaosi's favorite type to play around and wear more flowers than peacocks.

There is no hope in this life.

Sebastian Yates walked ahead and saw the equipment in the basement at a glance. Suddenly, his eyes lit up. "Master father, is this a secret we know?"

It's no secret.

Juliana Lewis smiled shyly: "It's so late, I don't know."

Benson Leach grabbed her hand: "Let's go, I don't know if you are hungry."

He spoke helplessly and angrily, and deeply spoiled.

Juliana Lewis followed him upstairs. It was already dark outside. He washed his hands. It was already over seven forty.

Benson Leach has put all the packed meals on the table. The table has not been thrown away, so the workers should keep it for dinner first.

Benson Leach sent Juliana Lewis a message and called again, knowing that she must have found the basement and forgot to eat, so she came and brought food.

Juliana Lewis told Benson Leach that he had brought Zach Harding and Sebastian Yates, so he packed their portions.

Benson Leach asked them, "Well, have you found anything?"

Juliana Lewis: "The data is similar to hallucinogen O. As for others, they are all failures, but they are no different."

Zach Harding: "I can see that Uncle Su's talent."

Hou Chaosi quickly replied to Juliana Lewis.

"Hou Chaosi: No, I swear to God, after Timothy Greene left that day, we didn't contact again, really, more true than Pearl."

At this point, Hou Chaosi really didn't tell lies.

Her relationship with Timothy Greene is just very strange.

Clearly, after eating, drinking and living together for a few days, they also had two relationships.

However, after Timothy Greene left, they didn't contact each other by telephone, or even their friends.

Hou Chaosi didn't ask others, and Timothy Greene didn't ask Hou Chaosi from others' mouths.

It's like, two people are just strangers who met once.

Although this feeling is not good, Hou Chaosi feels quite good again. As long as it goes on like this, she won't like Timothy Greene and can forget him.

Juliana Lewis felt that Hou Chaosi's reaction was a bit big.

Benson Leach looked down at her with sour taste. "This is not clear."

"Jiujiu, you care too much about him and ask several questions for him in the evening."

Juliana Lewis took Benson Leach's arm and looked at him with a smile. "If I didn't ask you, I would know. That would be even more terrible, right?"

Benson Leach: ...

It seems to be such a truth?

Juliana Lewis said with a smile: "Just because I don't know, I usually don't pay attention to him at all. If it weren't for this matter, I wouldn't pay attention."

Benson Leach looked down at her. "I think there seems to be some truth in what you said."

Juliana Lewis hummed and raised his eyebrows. "It is very reasonable, okay?"

Benson Leach: "Really?"

Juliana Lewis nodded positively, then stood on tiptoe and kissed Benson Leach on the chin like a dragonfly.

Mu Guozhong did not deny it. He nodded lightly: "Yes, I sealed the laboratory."

Now, Juliana Lewis was surprised, which was never expected.

"After my parents died, you sealed it?" Juliana Lewis asked him.

Mu Guojian said: "Yes, hallucinogen O is what I took from it, just one bottle."

"Of course, I can't let others find this place, or I will be found soon."

Juliana Lewis stared at Mu Guozhong, as if he wanted to know if what he said was true.

Juliana Lewis looked at him and asked, "Are you sure you took hallucinogen O from the lab?"

Mu Guozhong looked at her doubtfully and asked, "Isn't it?"

Juliana Lewis said faintly, "Who knows?"

Mu Guozhong: "I think your body is a little worse than before. Did you refine serum antibodies for Benson Leach?"

Mu Guozhong only felt that Juliana Lewis asked too many questions today. He frowned: "I went in by myself because I have a good friendship with Guorong, and I bought some materials in the research room."

"So, only I know about that laboratory."

"I also know that hallucinogens are not good things, so when I got them, I sealed the laboratory and no one went in."

At that time, Su Guochang had not yet lived in the Simmons family's old house.

It was Su Guorong who found a house for them near the old house, just renting a house, but didn't mean to buy a house for them.

Su Guorong understands that fighting Mien rises to rice hatred, and he is saving the poor instead of saving the poor.

What's more, there is such a basement in the old house, and it is even more impossible for them to come in and live.

Su Guochang was later Su Guorong and his wife died, Miranda Sanchez's sister and brother became orphans without father and mother, and Su Guochang became a guardian, naturally living in the Simmons family's old house.

Juliana Lewis sorted out these times, thinking about the credibility of what Mu Guozhong said.

Mu Guozhong still felt confused. He asked Juliana Lewis, "Is something wrong?"

"Ah, bitch!"

Juliana Lewis was thinking about things when he suddenly heard a cry.

She looked up and saw a figure with its head facing her car, and then bumped into it like a bull.

Touch porcelain?

As soon as this idea came out, the figure had rushed to the front of the car.

Juliana Lewis turned the wheel quickly, and a beautiful drift passed the figure firmly.

The figure, sitting down on the ground, screamed like a pig, obviously where he was injured.

But the man, however, quickly got up from the ground and once again rushed to Juliana Lewis's car like a bull.

In this way, it is completely like being killed in Juliana Lewis's car.

Juliana Lewis glanced at the man in the rearview mirror, only to see that it was a woman with messy hair and cheap clothes.

Juliana Lewis looked down at Benson Leach. "What didn't happen, why should I say, so I asked you, who is it, which woman?"

Benson Leach: "There is really no woman. I don't mess with anyone but you."

"So you are provoking men?"

Benson Leach: ...

Benson Leach choked and then held Juliana Lewis in his arms. "Little wives are so cute when they are jealous."

Juliana Lewis's temper suddenly disappeared, but she still bulged her cheeks and snorted angrily.

"Good wine, I won't provoke anyone but you."

Benson Leach coaxed the landing wine in a good voice.

Juliana Lewis snorted: "Who knows, after all, I am old now and can't have a baby..."

Benson Leach directly kissed Juliana Lewis's lips, and kissed her hard. She almost couldn't breathe when she kissed her. This was soft and leaned against Benson Leach's arms, lifting her eyes and staring at him.

"Don't talk about it in the future." Benson Leach looked at the landing wine, and his sharp eyes were a little fierce.

The security guard did not dare to say much, but took off his hat, then put it aside angrily, and then put up a middle finger at Mrs. Gu in a corner where she couldn't see it.

If it weren't for the final salary, he really wanted to vomit her hundred-year-old phlegm.

When who is rare?

Juliana Lewis looked at all this indifferently.

Mrs. Gu frowned at Juliana Lewis. "What are you doing here?"

As for Juliana Lewis, Mrs. Gu really got to that kind of place, and she didn't want to pretend.

It wasn't that she didn't want to keep her lady's attitude, but that Juliana Lewis was a little weird, as if everyone had nothing to hide from her.

Juliana Lewis looked in the direction of the living room. "Isn't Mrs. Gu going to invite me in?"

Mrs. Gu frowned. Of course, she didn't want to.

She hates Juliana Lewis very much, indescribably, as much as she hates Miranda Sanchez.

Juliana Lewis smiled. "I'm going back to my old house for dinner in the evening."

She smiled and asked, "Does Mrs. Gu think the Simmons family and Aaron family don't have to go back and forth?"

Mrs. Gu looked up at the landing wine and thought she was really good-looking, but it was a little stabbing, and even she spoke with thorns like that.

Mrs. Gu can only say: "How come, it's just that you and Su Hanyin didn't grow up in Su's parents since childhood, so they don't feel so familiar."

Juliana Lewis said, "That's right. In order to get familiar with you, I will come several times more in the future and see Mrs. Gu more."

Mrs. Gu choked again: "You are so busy..."

Juliana Lewis interrupted her: "It is right to come to see the elders. You should take time out when you are busy."

"Now my parents are dead, and his personal connections should be inherited by me as a younger generation. Otherwise, my family will lead and no one will help in the future. This huge Sanchez Group will gradually decline."
