

## Got Busted 42

Chapter 42: Stay with me

Juliana covered her head with a pillow and pretended she didn't hear it, but Benson's voice came in like a magic sound.

Benson coaxed her with a lowered voice, "Let me in first, then punish me, hmm?"

Juliana heard his last word and the blush that had faded rose to her cheeks again.

Just because when he kissed her in the car, he made such a sound, low, husky, and very titillating...

Juliana felt her face burn again, then quickly went straight into the bathroom, and closed the door with a bang, shutting the sound from outside completely.

Benson: ...

It seemed that she was not going to open the door.

They had just gotten married and he got shut out!

Old Mr. Leach vaguely heard the noise, looked up to the second floor, and asked with concern, "What's going on?"

Benson stood up straight, hands in his pockets, replied calmly, "Nothing. I let Jill sleep first. I have to work in the study, so I can't stay with her tonight."

Old Mr. Leach said with a frown, "You're just married. Don't leave Jill alone. Grandpa won't allow you to hurt her."
