

## **Got Busted 45**

### Chapter 45: Recognition

Sebastian's buttocks hurt from the fall, but he was afraid that he would disgrace his master if he was seen.

Sebastian called out in anger, "Security, throw Juliana out and beat her up. She's not allowed to enter Moonshine Club in the future, and if any nightclub or bar in F City dares to receive her, just wait for death!"

Many people around were gloating.

Juliana was a famous bully in Moonshine Club. Not many people could win over the men or the places she liked. She fought hard and was protected by the Lewis family.

So they could do nothing about her. A lot of people loathed her and wanted to see her in trouble. Now that she was going to be thrown out, they felt good in their hearts.

Juliana watched the security guards come up soon but she didn't move and just looked down at Sebastian who was cursing, "Seb, seven o'clock, white t-shirt, jeans, got something to do."

Sebastian, who was still cursing, looked at Juliana in shock when he heard this and then his eyes widened!

White t-shirt, jeans!
