Juliana looked up at him, "Are you sure about that?"

Zach, "Do you know why he had an attack?"

Juliana shook her head. She didn't know that.

Zach looked at her, "Benson is even more repulsed by women during an attack and the presence of women will irritate him even more and only make him worse."

Juliana frowned. What kind of weird disease was that?

Zach withdrew his gaze and continued walking up the stairs as he said, "If you want to get killed, go somewhere else, but don't try to go up there and hurt him."

The bodyguards gave way to Zach and then kept guarding the stairway.

Juliana did not go back up but looked to old Mr. Leach.

Juliana did not answer but went straight upstairs.
