

Got Busted 76

Chapter 76: Stolen

Old Mr. Leach said with a sullen face, "Then go and rob it. We'll talk about all the consequences when Benson wakes up."

Nothing was as important to him as Benson's life!

Zach looked at old Mr. Leach as he said, "There is one in F City at the moment, at Yates Group."

Old Mr. Leach's face became even more gloomy.

The Leach family and the Yates family did not get along and had other grudges.

The Yates family wanted nothing more than to see something happen to Benson.

But even so, old Mr. Leach did not hesitate at all, "Then call Yates. As long as they are willing to give me the specific medicine, I can give them anything they want."

Even if they asked for all the properties of the Leach family; even if they wanted to humiliate him.

None of those mattered. He just wanted the specific medicine.

Zach said, "I'll try. I need to inject this medicine into Benson within half an hour, or it won't work."
