

## **Got Busted 98**

### Chapter 98: Jealousy

In the living room, old Mr. Leach watched the two come in holding hands and Benson had a smile on his face.

This made old Mr. Leach very relieved.

Benson had never smiled much because of his illness, and even though he sometimes put on a smile, it was not from his heart.

Now even his eyes were smiling and he allowed Juliana to hold his hand, which meant a good thing.

Old Mr. Leach also saw Benson's thin lips, which had been pale, were now red, glossy, and slightly swollen.

As a man that had gone through it all, he knew what it was all about.

So, he looked at Juliana with a smile on his face.

Juliana blushed instantly. She hurriedly let go of Benson's hand and sat down next to Grandma.

Old Mr. Leach smiled even more happily, then glared at Benson and whispered, "We have guests here. Take it easy."

Grandma watched the interaction between the two and was happy for Juliana.

The newlyweds were close to each other so that they would have a good relationship.
