Chapter 985 Birth

Juliana Lewis said to old Mr. Leach, "It's not all drama, but part of it is true."

Old Mr. Leach said to Juliana Lewis, "Then tell me which ones are true and which ones are false. Don't lie to me about Charlie. I can stand it."

Juliana Lewis: "Zhong Wende antidote is true, and the only fake is that after three days, A Cheng's body will be completely detoxified, which is fake."

"But Grandpa can rest assured that although this antidote can't completely detoxify Acheng, it is very useful to his body and very close to the antidote. As long as more research is done, it will succeed."

Benson Leach nodded and comforted old Mr. Leach: "As long as this doesn't happen, it's not a problem for me to live for another ten years, which is much better than the previous life span of only half a year."

Old Mr. Leach looked up at the two men, and then breathed a sigh of relief: "In another ten years, I can really get rid of this Charlie."

Juliana Lewis was very depressed and shouted angrily, "Grandpa."

Old Mr. Leach asked again: "Can Beicheng not be stimulated in these three days?"
