### Chapter 992 Addictions

There are three senior brothers in Juliana Lewis, all of whom are older. Miranda Sanchez, who started in those days, is the youngest and the only girl, so she is very favored.

However, since she was a child, she had known the Master and the Third Brother. Master said that the Second Brother was dead, so she had never met the so-called Second Brother.

Bao Jiaguo: "OK, little wine, we will listen to you."

As long as Juliana Lewis is on guard now, Benson Leach won't get sick.

Bao Jiaguo knows a lot about Benson Leach's illness, and the antidote at that time was also handed over to Master Brother to study with Master.

Juliana Lewis certainly won't be idle. Now he accuses Benson Leach of online gambling, selling company secrets and tax evasion.

Juliana Lewis needs to know if these really exist, and if so, who is doing them?

She was afraid that Li Shilong had made two preparations. It was true that they wanted Benson Leach to get sick in the police station. If she couldn't get sick, these crimes were enough.
