

Invincible Uncle-Grandmaster - Chapter 291 – 300

Chapter 291: Killing His Way Up To the Heavenly Palace

Translator: Atlas Studios Editor: Atlas Studios

As previously stated, the difference between the Inner Realm and the Outer Realm was like the difference between the mortal world and the immortal world in the cultivation novels.

Apart from having many spirit qi attributes, there were also obvious changes in many other aspects.

For example, not only was Long Zhui's spirit energy unstable, but his strength had also decreased greatly.

It was not his cultivation that got reduced. Instead, it was his destructive powers.

In the Inner Realm, although Long Zhui could not be considered a top-notch expert, he could easily crush most low-level dimensions. A casual strike from him was enough to level an area of 5,000 kilometers.

However, in the God Realm, not to mention destroying an area of 5,000 kilometers with a single strike, he couldn't even destroy an area of 1000 kilometers. It was as if he had been directly weakened by ten times!

Of course, Qin Jue did not feel weakened at all.

Therefore, Qin Jue was very curious now and wondered just what realm he was at.

"Master, where are we going?"

Flying in the spatial passageway with Qin Jue on his back, Long Zhui couldn't help but ask.

Until now, Long Zhui still did not know where they were or what they were going to do.

"Heavenly Palace."

Heavenly Palace?

Long Zhui was dumbfounded. He had never heard of this place.

As if seeing through Long Zhui's confusion, Qin Jue casually explained, "I'm looking for a guy who's bored and wants to court death."

Strictly speaking, that was indeed the case.

If it weren't for that "Heavenly Emperor" sending people to kill him for no reason, Qin Jue probably wouldn't have known about the Heavenly Palace in the Outer Realm at all and wouldn't have come knocking on his door. It was true that the Heavenly Emperor was courting death.

Long Zhui : "..."

"I wonder how powerful a God King Stage expert is."

Thinking of this, Qin Jue revealed an expectant expression.

Because he had never fought a God King Stage expert before, Qin Jue was very excited, hoping that he wouldn't be disappointed this time.

Similar to the True God Stage, the God King Stage was also divided into the upper and lower realms. Although Yan Nantian had never seen the "Heavenly Emperor" before, he knew that the "Heavenly Emperor" was an upper realm God King Stage expert.

In addition, the Heavenly Palace still had two lower realm God King Stage experts and thirty-six upper realm True God Stage protectors. Actually, there were only 35 left now.

Even in the God Realm, such a force was still a top faction.

However, Qin Jue didn't care about the 35 protectors at all. In any case, he could deal with them with a single slap.

Just as Qin Jue was thinking, Long Zhui had already flown out of the spatial passageway and arrived above a continent.

Qin Jue had long learned the exact location of the Heavenly Palace from Yan Nantian, so it was naturally not difficult for him to find it.

This was an extremely vast continent that was several times larger than the White Dragon World. As far as the eye could see, there were palaces everywhere, and immortal qi circulated around them. All sorts of auspicious beasts passed through the forest, and from its appearance, this place did indeed look no different from a Heavenly Palace.

Most importantly, Qin Jue saw the familiar special symbols on many buildings. In other words, no matter what the result was, the two Heavenly Palaces were definitely related.

Since he had found the Heavenly Palace, there was no need for Qin Jue to continue letting his imagination run wild. He directly spread out his spirit sense, enveloped the entire Heavenly Palace, and began to search for his target.

“Heavenly Emperor, I am coming for you.”

...

In the depths of the Heavenly Palace, Primordial Chaos Divine Hall.

As the most sacred palace of the Heavenly Palace, the entire Primordial Chaos Divine Hall was made of crystal. Not only was it very beautiful, but it could also produce spirit qi on its own and nurture the living beings here.

At this moment, on the throne inside the Primordial Chaos Divine Hall, a handsome middle-aged man with a third eye between his brows was sitting with his eyes closed. His aura was unfathomable, mysterious, and unpredictable.

If Qin Jue were here, he would definitely recognize that the middle-aged man looked almost identical to the remnant soul Heavenly Emperor.

At this moment, the middle-aged man seemed to have sensed something as his eyes trembled and he slowly opened them.

One of his pupils was blue, and the other was golden. They were like galaxies, vast and deep.

In an instant, the entire divine hall lit up.

Boom!

The originally clear sky instantly darkened, sweeping up clouds and spinning. Accompanied by lightning and thunder, it was as if the end of the world had arrived.

“What happened?”

“I know this phenomenon! It means that the Heavenly Emperor has awakened!”

“Your Majesty Heavenly Emperor!”

“ ... ”

Countless experts of the Heavenly Palace looked over and bowed, not daring to be disrespectful in the slightest.

At the God King Stage, one did not simply have a stronger body, a more powerful spirit energy, and better divine abilities. At the same time, one would also be able to grasp laws.

If low-level cultivators carried hostility when mentioning the name or title of a God King Stage expert, they would immediately suffer a backlash.

God King Stage experts could even spy on high-level cultivators from afar and use the power of laws to severely injure or even kill them.

The reason why the “Heavenly Emperor” had awakened was precisely because he sensed that someone had called out to him in the God Realm, and the other person was filled with hostility.

Swoosh!

Space distorted, and a figure covered in darkness with wings on his back suddenly appeared in the divine hall.

“Your Majesty Heavenly Emperor, what are your orders?”

The figure’s voice sounded exceptionally ear-piercing, as if iron had struck glass, making one feel very uncomfortable.

“Someone wants to kill me.” The Heavenly Emperor said.

Hearing this, the figure was stunned and hurriedly said, "Your Majesty, please point out the location. I will go personally and eliminate this person."

"No need, he's already here."

The Celestial Thearch looked up at the horizon. "Interesting. How dare you barge into the Heavenly Palace alone."

"What?"

The figure was shocked. "I'll..."

Before he could finish his sentence, the Heavenly Emperor interrupted with a wave of his hand. "Don't worry about that for now. How's the situation in the Inner Realm?"

Over the years, countless idiots had wanted to kill him and rise to the heavens in a single step. Unfortunately, these challengers had all been killed by the Heavenly Emperor. Thus, the Heavenly Emperor did not take it to heart.

"Protector Yan has already brought three lower realm True God Stage experts into the Inner Realm. I believe it won't be long before he returns."

The figure deliberated over his words.

"Is that so?"

The Heavenly Emperor frowned. For some reason, he had an ominous feeling.

Boom!

A deafening bang suddenly sounded in the sky. It pierced through gold and cracked stone!

Like raindrops, countless spirit energy lights fell from the sky.

The Heavenly Palace Array was broken!

Hua!

The figure trembled, indicating the unrest in his heart. He wondered what realm the intruding party was at. After all, it was not easy to destroy the Heavenly Palace Array in such a short period of time.

The Heavenly Emperor's face darkened as he snorted. "You're courting death."

"Your Majesty, I'll go out and take a look."

The figure turned and left.

With his peak upper True God Stage strength, even if he wasn't a match for the other party, he could still probe the other party's strength.

Bang!

In less than half a minute, the figure flew back and hit the wall, leaving a crack on the ground.

The Heavenly Emperor looked down and discovered that not only were the bones in the figure's body shattered, but there was also a visible fist print on his chest. He was already half-dead.

The other party had severely injured an upper True God Stage expert with a single punch?

"..."

"Very good."

The Heavenly Emperor laughed in anger. He took a step forward and instantly arrived outside the divine hall.

In the distance, a young man in snow-white clothes with a dragon crest and phoenix aura was walking over from the void. He held a wine pot in his hand, and he seemed like an immortal that had descended to the mortal world, untainted by the mortal world.

"You're the Heavenly Emperor?"

The young man raised his head and took a sip of spirit wine. He scanned the other party with interest. "Heh, even your appearance is identical."

“ ... ”

Chapter 292: Instant Kill

“Do you know me?”

The Heavenly Emperor frowned slightly. However, on second thought, he realized that he was the master of the Heavenly Palace, so it was not strange for the other party to know him.

“No.”

Qin Jue shook his head.

The Heavenly Emperor :” ... ”

“I’m just here to fight back.”

“Fight back?”

The Heavenly Emperor was stunned. He suddenly had a bad feeling.

“That’s right. You specially sent people to kill me in the Inner Realm. How can I not return the “kindness” you showed me?”

Qin Jue smiled meaningfully.

“What?”

The Heavenly Emperor’s heart skipped a beat, and his expression changed drastically. “You’re from the Inner Realm?!”

The Heavenly Emperor could not help but be shocked. After all, due to the restriction of the Heavenly Dao, God King Stage experts were unable to enter the Inner Realm. On the other hand, if the living beings in the Inner Realm wanted to step into the God Realm, they would have to reach the God King Stage.

The Heavenly Emperor’s expression gradually became grave, especially since he had just witnessed the Head Protector get severely injured just now. The youth in front of him was very likely a God King Stage expert!

Wait!

The Heavenly Emperor suddenly realized that something was wrong.

“Were you the one who awakened that old thing’s remnant soul?”

“That’s right.”

Qin Jue took a sip of spirit wine and indifferently said, “It seems that you really do know the Heavenly Emperor.”

Uh... The Heavenly Emperor knew the Heavenly Emperor. This sounded a little awkward.

“Where’s Protector Yan and the others?” The Heavenly Emperor said solemnly.

“Dead.”

Qin Jue shrugged his shoulders and said matter-of-factly, “Otherwise, how could I find this place?”

“...”

As the master of the Heavenly Palace, the Heavenly Emperor knew Yan Nantian’s strength very well.

An upper True God Stage expert grasped dozens of different attribute spirit energies and was skilled in defense and assault. Protector Yan could even be ranked in the top five among the thirty-six protectors. The fact that Qin Jue could kill him further proved that he had definitely reached the God King Stage.

As for whether Qin Jue was an upper or lower realm God King Stage expert, he still didn’t know.

However, since he was from the Inner Realm, it was basically impossible for him to be an upper realm God King Stage expert.

Thinking of this, the Heavenly Emperor heaved a sigh of relief. For a moment, he almost thought that the prophecy was about to come true.

Fortunately, the other party was an idiot. He had come to court death before becoming stronger.

As long as he killed this youth in front of him, he believed that he could change the prophecy!

Suppressing the excitement in his heart, the Heavenly Emperor sneered. “Good, very good. I will let you understand the consequences of killing the Heavenly Palace Protector!”

“ ... ”

Qin Jue was speechless. He didn't expect the Heavenly Emperor to be so shameless as to take the opportunity to bite back. If one didn't know better, they would think that Qin Jue was the one who attacked first.

“Feng and Yun, I'll leave this guy to you.”

The Heavenly Emperor said coldly, “It doesn't matter whether you capture him dead or alive.”

As soon as he finished speaking, two white-haired elders suddenly appeared on either side of Qin Jue. One of them was dressed in a white robe and had an ethereal aura, like a flowing cloud.

The other person was dressed in a black robe. Strong winds surrounded him as spirit energy rumbled, making others feel fearful.

These two old men had both reached the God King Stage and were also the two lower realm God King Stage experts of the Heavenly Palace who were only inferior to the Heavenly Emperor Stage, Old Feng and Old Yun!

In the distance, the remaining 34 protectors appeared one after another. They floated in the air and surrounded Qin Jue, waiting solemnly.

The commotion here had already alarmed the entire Heavenly Palace, so how could they not notice?

After all, a God King Stage expert barged into the Heavenly Palace alone. This should be the first time an intruder had appeared since the Heavenly Palace was established.

“Don't worry, Your Majesty.”

The black-robed elder stroked his beard and said proudly, “There's no need for Brother to do anything. I can handle this alone.”

The black-robed old man had just heard that Qin Jue came from the Inner Realm, so he was full of confidence.

If it were any other God King Stage expert, the black-robed old man might have chosen to join forces with the white-robed old man and end the battle as soon as possible.

However, the black-robed old man was completely confident that he could defeat a brat who had just broken through from the Inner Realm.

As everyone knew, the most important thing after advancing to the God King Stage was the power of laws, and it was almost impossible to completely grasp the power of laws without a few years of time.

In other words, Qin Jue most likely hadn't grasped the power of laws yet, so how could he be his match?

Unfortunately, the black-robed old man would be shocked to find out that Qin Jue didn't automatically ascend to the God Realm after advancing to the God King Stage. After all, Qin Jue had relied on brute force to pass through the realm barrier and descended to the Divine Realm.

"Alright, let's end this quickly."

The white-robed old man nodded and retreated to the side. He had the same thoughts as his younger brother and didn't put Qin Jue in his eyes at all.

"I haven't fought in years. I hope you're not too weak."

The black-robed elder moved his body slightly, emitting cracking sounds that were as deafening as thunder.

God King Stage experts were truly terrifying!

However, Qin Jue acted as if he didn't see the black-robed old man. He continued to look straight at the Heavenly Emperor and said, "Are you sure you want them to die?"

As soon as these words were spoken, the air went silent.

"Hmph, what shameless boasting!"

The black-robed old man was unable to restrain his anger. When had he ever been looked down upon like this? He immediately raised his hand and slapped, raising spirit energy that filled the sky and sweeping it towards Qin Jue.

Before this spirit energy could approach Qin Jue, it had already sealed off the space within a radius of 5,000 kilometers, creating a primordial beast that seemed to want to swallow the world.

“Alright, since you’re asking for death, I’ll fulfill your wish.”

Sighing, Qin Jue was rather helpless.

Strictly speaking, Qin Jue didn’t have any enmity with the “Heavenly Palace”. Originally, he only wanted to target the Heavenly Emperor, but now, he also had to deal with the black-robed old man.

Hu!

The violent wind blew Qin Jue’s hair and his clothes fluttered in the wind. He simply looked like a god that had descended to the mortal world, indescribably handsome.

Seeing that the spirit energy was about to land, Qin Jue lightly raised his foot and stomped.

Crack!

As if glass was shattered, the entire space changed from being three-dimensional to being two dimensional before suddenly exploding into a shocking crack.

In an instant, everyone present felt suffocated, including the Heavenly Emperor!

Crack!

With another crisp sound, more and more cracks appeared. The spirit energy that the black-robed elder sent out was directly frozen in place before shattering with a bang!

“ ... ”

Everyone fell silent.

In particular, the black-robed old man could hardly believe his eyes. He wasn't shocked that Qin Jue could easily resolve his attack with... the power of laws?

"What powerful spatial dimension laws."

The white-robed elder could not help but exclaim.

"It's your turn now."

Qin Jue didn't care what others thought and pointed at the air.

Crack!

Space froze again, but this time, Qin Jue was targeting the black-robed elder.

"Naive."

The black-robed elder sneered. He didn't believe that Qin Jue could kill him with a mere spatial law divine ability.

Sensing the spatial restraints in the surroundings, the black-robed old man was fearless. Divine light suddenly erupted from his body, and he actually forcefully tore a hole in the spatial restraints, causing him to be safe and sound.

"Hahaha, nothing much."

The black-robed old man threw his head back and laughed proudly.

Before he could finish his sentence, Qin Jue pointed at the air again.

Crack!

The black-robed elder's happy expression instantly froze on his face before a crack appeared.

"Brother, be careful!"

The white-robed old man realized that something was wrong and hurriedly warned. Unfortunately, it was already too late.

“No...”

The black-robed elder opened his mouth as the cracks on his face quickly spread to his entire body.

Swoosh!

Space shattered, as did the black-robed elder.

Chapter 293: Self-Destruction

Translator: Atlas Studios Editor: Atlas Studios

Swoosh!

Like a broken mirror, the entire void suddenly shattered. With a light sound, the black-robed old man slowly fell, but he had already been reduced to a few hundred pieces, his soul destroyed!

There was dead silence!

In the distance, the thirty plus protectors looked at each other in shock, feeling that they were dreaming.

Elder Feng was dead?

That was a God King Stage expert!

“Brother!”

The white-robed elder screamed as he rushed forward and hugged the black-robed elder’s corpse fragments. Tears fell like rain.

It had to be known that not only were the two of them brothers, but the cultivation techniques they cultivated also complemented each other. They basically never left each other’s side. The white-robed old man never expected that the black-robed old man would be instantly killed by Qin Jue!

“Impossible, impossible!”

The white-robed old man roared towards the sky with boundless anger.

He tried to circulate his spirit energy to heal the black-robed old man. However, it was useless because the black-robed old man's soul had already disappeared.

“Ahhh, I'm going to kill you!”

The white-robed old man suddenly raised his head, his eyes bloodshot as he stared fixedly at Qin Jue, seemingly having lost his mind. “Die!”

Rip!

The air was torn apart, and the white-robed old man instantly rushed towards Qin Jue with a stream of light, looking as if he could do anything.

“Come back!” The Heavenly Emperor shouted hurriedly.

With the strength Qin Jue had displayed just now, the Heavenly Emperor could tell that he was absolutely not someone the white-robed old man could match.

However, at this moment, the white-robed old man didn't care whether he was a match or not. As he rushed towards Qin Jue, the spirit energy in his body had already become incomparably violent. He actually wanted to self-destruct his divine body and die with Qin Jue!

“Run!”

The other thirty plus protectors immediately turned pale from fright when they saw this and hurriedly used their divine abilities to escape.

What did it mean for a God King Stage expert to self-destruct?

Even if the white-robed old man's target wasn't them, the shockwaves that spread out would most likely severely injure them, upper True God Stage experts.

Even half of the Heavenly Palace would be razed to the ground!

This was even under the restriction of various array formations. Otherwise, not to mention the Heavenly Palace, even the entire void would probably collapse!

Apart from Qin Jue, the Heavenly Emperor was the only one who still remained calm. However, he also raised a spirit energy barrier to resist the explosion.

No one could underestimate the self-destruction of a God King Stage expert, especially when this God King Stage expert was determined to die.

However, the Heavenly Emperor did not expect that the white-robed old man would be willing to self-destruct his divine body in order to avenge his younger brother.

“You will die with us!”

The white-robed old man seemed to have gone crazy. He no longer had the sage-like, gentle, and refined appearance from before. The spirit energy in his body had finally expanded to the limit and spurted out from every pore on his body, drawing in the spirit qi of the heavens and the earth and sweeping out in all directions.

At the same time, the white-robed old man’s divine body exploded like a star, turning into countless specks of light that enveloped Qin Jue!

Boom!

The world changed color as a terrifying energy ripple instantly submerged Qin Jue!

In an instant, the sky turned pitch-black, as if the void was hanging upside down!

Boom! Boom! Boom!

The entire Heavenly Palace shook. Hundreds of array formations were activated continuously, but they were unable to withstand this force. They shattered one after another, and all the buildings directly evaporated, including the entire Primordial Chaos Divine Hall.

In hundreds of thousands of years, this should be the first time the interior of the Heavenly Palace had suffered such a terrifying destruction.

Fortunately, the Heavenly Emperor had activated a hidden array formation in time and forcefully condensed space. This had greatly reduced the range of the explosion. Otherwise, the losses would have been even worse.

Even so, a large number of higher-ups of the Heavenly Palace were still engulfed by the explosion and died without a grave.

“What’s going on? What a terrifying destructive force. Could it be that God King Stage experts are fighting?”

A Heavenly Palace expert who was lucky enough to escape looked in the direction of the Primordial Chaos Divine Hall and said in shock.

However, there was no longer any Primordial Chaos Divine Hall there, only charred wasteland.

“That was terrifying. Thank God I ran fast.”

Another person heaved a sigh of relief and suggested, “I think we should flee further.”

“Good point.”

“Agreed!”

Everyone chimed in and turned to leave without hesitation. They did not even dare to use their spirit senses to probe what was going on.

This sort of might was simply not something they could participate in.

...

Crack!

The spirit energy screen shattered as the Heavenly Emperor walked out. His hands were behind his back, and the third eye between his brows had already opened. It was pure black and the pupil could not be distinguished. It was the exact opposite of the Heavenly Emperor’s remnant soul in the Divine Realm.

Even the Heavenly Emperor did not dare to take the self-destruction of a God King Stage expert head-on. Although he would not die, he would definitely be injured. If it weren’t for the fact that the target was not him, the Heavenly Emperor would definitely not have been so relaxed.

The place Qin Jue was previously at was now covered in smoke and dust that filled the sky. A large area of space had collapsed, and below it was a bottomless pit that was 10,000 meters in diameter. It almost pierced through the entire Heavenly Palace. Within the pit, there no longer seemed to be any signs of life.

“Is he dead?”

The Heavenly Emperor’s brows relaxed.

From now on, his fate would completely change!

As for the death of the two elders, the Heavenly Emperor did not care at all. They were just two insignificant pawns.

On the contrary, the Heavenly Emperor had to thank “Old Master Yun” for helping him resolve his greatest problem.

In addition, the reason why the Heavenly Emperor had activated the hidden array formation to reduce the range of the explosion was to let Qin Jue, who was at the center of the explosion, suffer more injuries. Now it seemed that this method was very successful.

“Cough cough!”

Just as the Heavenly Emperor was about to throw his head back and laugh, a cough suddenly sounded from the dust in front of him, and the smile on the Heavenly Emperor’s face froze.

“Not dead?”

The Heavenly Emperor was stunned.

After a while, the smoke and dust dissipated, and the spatial rift gradually closed. Qin Jue’s figure also appeared.

His clothes were still as white as snow, and there were no changes. Even the wine pot in his hand was unscathed.

“Is it over?” Qin Jue took a sip of spirit wine and said casually.

The Heavenly Emperor :”...”

What kind of monster was this guy?

“Hmm?”

Qin Jue raised his eyebrows and grabbed at the air. A ball of light immediately fell into his hand.

“Let go of me!”

The ball of light emitted a sharp cry filled with resentment.

On careful look, it was the white-robed old man who had just self-destructed.

However, at this moment, the white-robed old man’s divine body had been destroyed, leaving only a wisp of his remnant soul. If it weren’t for the fact that Qin Jue’s spirit sense had been constantly observing his surroundings after entering the Heavenly Palace, it would have been possible for the white-robed old man to escape.

“Let go of me!”

The white-robed elder struggled crazily. His remnant soul was faintly discernible, as if it would dissipate at any moment.

What surprised Qin Jue was that this wisp of remnant soul actually contained quite a strong spirit energy, equivalent to a Great Void Stage expert.

“Didn’t you say that we were all going to die together?” Qin Jue said with interest.

“...”

The white-robed elder opened his mouth but was speechless.

He did want Qin Jue to die with the two of them, but at the last moment, he hesitated and gave himself a chance to survive.

He originally thought that even if he couldn’t kill Qin Jue, he could still severely injure him. However, he didn’t expect Qin Jue to be unscathed!

“But don’t worry, I’ve always liked to help others. I’ll send you to accompany your younger brother now.” Qin Jue grinned and said coldly.

“Wait...”

The white-robed old man was shocked and was about to beg for mercy when he was directly crushed by Qin Jue and completely disappeared from this world.

Chapter 294: God Vanquishing Formation

Translator: Atlas Studios Editor: Atlas Studios

Pfft.

The white-robed elder’s remnant soul trembled slightly and turned into energy specks that dissipated.

At this point, the two God King Stage experts of the Heavenly Palace, who were only inferior to the Heavenly Emperor, had completely died and their souls were destroyed.

In the distance, the figures of the thirty-four protectors appeared again. Seeing this scene, they looked at each other. Then, more than half of the protectors directly used their divine abilities to escape without looking back.

What a joke. Since even Elder Yun’s self-destruction was useless, it had proved that the person who had come was at least an upper realm God King Stage expert. They weren’t planning on staying to wait for their deaths.

Although the Heavenly Emperor was also an upper realm God King Stage expert, who could guarantee that Qin Jue wouldn’t deal with them first to prevent being ambushed?

As for the protectors who did not escape, they were basically the Heavenly Emperor’s trusted aides and were absolutely confident in him.

Even so, they could not help but retreat thousands of kilometers away and use their spirit sense to observe, afraid that they would be affected.

“Good, very good.”

The Heavenly Emperor laughed in anger, looking like he wanted nothing more than to eat Qin Jue alive.

Regarding this, Qin Jue was rather speechless. Can't you say something else?

"Hmph, in that case, I can only kill you with my own hands and change the prophecy and fate!" The Heavenly Emperor gritted his teeth.

The Heavenly Emperor wanted to defy his fate!

What prophecy? What fate? They were all fake!

Unfortunately, the Heavenly Emperor had forgotten one thing. If he hadn't been afraid of the prophecy and sent experts to kill all living beings related to the prophecy, how could Qin Jue have forcefully broken through the realm barrier and killed his way to the Heavenly Palace?

In the end, he only had himself to blame.

"Is that so..."

Hearing this, Qin Jue smiled and said, "Actually, I don't have any deep enmity with you. It's just that you insist on courting death."

After a pause, he added, "Since I'm already here, I'll make the prophecy come true."

"In the meantime, let's see what you're hiding."

Without a doubt, there were definitely many secrets between the two Heavenly Emperors, and it was very likely related to the missing memories of the other Heavenly Emperor's remnant soul.

Now, the mystery was right in front of Qin Jue. As long as he defeated this "Heavenly Emperor", everything would be revealed.

"Hehe, defeat me?"

The Heavenly Emperor placed his hands behind his back and stood proudly. "I'm indeed very surprised that you survived Elder Yun's self-destruction, but you're still far from being able to kill me."

"Also, I forgot to tell you that in this Heavenly Palace, I am the Heavenly Dao and the supreme ruler!"

Boom!

Thunder rumbled and the void shook.

The huge Heavenly Palace suddenly lit up with beams of light that soared into the sky!

Runes flowed within the light, and auspicious signs appeared one after another. All types of abnormal phenomena appeared one after another, and it was as if all things in the universe were circulating in the Heavenly Palace that was filled with infinite knowledge!

In the next moment, light intertwined and gathered, condensing into an array formation that covered the entire Heavenly Palace. Everywhere one looked, there were phenomena and runes that emitted dense killing intent!

“Heavens, it’s the God Vanquishing Formation!”

A protector could not help but exclaim.

The God Vanquishing Formation was one of the three ultimate formations of the God Realm. It had to be built by a proficient grandmaster with all kinds of heavenly treasures as the foundation. Even then, it could still only be built after tens of thousands of years of nurturing.

Once it was built, even the lowest level God Vanquishing Formation could easily kill a True God Stage expert.

The high-level God Vanquishing Formation was even more impressive. Even a high-level God King Stage expert would find it difficult to deal with.

The God Vanquishing Formation in front of Qin Jue had covered the entire Heavenly Palace and there was almost no end to it. Clearly, it had already reached the high level.

Even these trusted protectors did not expect the Heavenly Emperor to silently set up the God Vanquishing Formation in the Heavenly Palace!

One had to know that in the entire God Realm, there were less than five array formation grandmasters who could set up a high-level God Vanquishing Formation. How did the Heavenly Emperor do it?

“Hahaha, the Heavenly Emperor will definitely win this time!” Another protector laughed.

The high-level God Vanquishing Formation was already capable of restricting high-level God King Stage experts. However, it had become even more powerful now that the Heavenly Emperor was personally operating it. No matter how strong Qin Jue was, how could he resist the Heavenly Emperor and the God Vanquishing Formation at the same time?

Thinking of this, the protectors retreated again. After all, the power of the God Vanquishing Formation was extremely shocking. If they didn't hide far away, they would probably be accidentally injured.

...

In the dazzling light, the Heavenly Emperor slowly rose into the sky. His figure was slightly distorted and unpredictable. He had actually directly fused with the formation.

“Everyone thinks that I only know how to fight, but they don't know that my attainments in array formations have long surpassed the Divine Realm.”

The Heavenly Emperor said faintly, “I specially prepared this array formation for you.”

Although he didn't know how Qin Jue had stepped into the upper realm God King Stage, now was not the time for him to think about this.

“Is this your trump card?”

Qin Jue was slightly disappointed.

Through his fight with the two elders, Qin Jue had already realized that the God King Stage experts were not as powerful as he imagined. Although the Heavenly Emperor was an upper realm God King Stage expert, he still wasn't Qin Jue's match.

It was just like a human would view an ant the same way he views a mouse. In the end, they would all be trampled to death.

“Don't think that you're really invincible just because you've reached the upper realm God King Stage.”

Seeing Qin Jue's disdainful expression, the Heavenly Emperor said angrily, "You will soon understand how ignorant you are!"

Before he could finish his sentence, the God Vanquishing Formation suddenly became even more dazzling. At the same time, tens of thousands of pillars of light rose, turned into blades in midair, and stabbed towards Qin Jue!

These sword blades quickly connected together, forming a huge dragon that tore through the sky.

Facing the huge sword dragon, Qin Jue curled his lips and punched without dodging.

Boom!

Strong winds swept past, and the sword dragon instantly collapsed and shattered.

However, the battle had just begun. Before the sword dragon dissipated, the space around Qin Jue had already been frozen. Immediately after, thousands of strange beasts appeared out of thin air, opening their bloody mouths to swallow Qin Jue.

Not only that, but more and more attacks appeared from all directions, not giving Qin Jue any chance to breathe.

Seeing this, Qin Jue frowned slightly and raised his palm slightly. A palm-sized black stone immediately flew out.

The black stone grew in the wind. In a few breaths of time, it had already turned into a black mountain that covered the sky. It welcomed the many attacks and fell heavily!

Crack! Crack! Crack!

In an instant, regardless of whether it was the strange beasts or the other attacks, they all exploded inch by inch. Then, the black mountain continued to smash towards the Heavenly Emperor, unstoppable!

"The World Mountain?"

The moment he saw the black mountain peak, the Heavenly Emperor's expression changed drastically. He had originally suspected Qin Jue's

identity. After all, how could a fellow who had just ascended from the Inner Realm reach the God King Stage?

But now, the Heavenly Emperor no longer had any doubts.

Boom!

At the moment of life and death, the Heavenly Emperor did not have the time to think. He hurriedly used the God Vanquishing Formation to protect himself. With a loud bang, the Heavenly Emperor was sent flying. Only by using the formation to block the impact did he barely resolve the attack of the black mountain.

However, a hole was forcefully smashed open in the God Vanquishing Formation, and it almost collapsed uncontrollably.

“You can actually control the World Mountain!” The Heavenly Emperor stabilized his body and said in disbelief.

“World Mountain? Is this thing called World Mountain?”

Qin Jue was stunned.

But then again, this thing was really durable. It could even penetrate the attack of a God King Stage expert.

“Damn it, I clearly placed it in an extremely remote low-level dimension!”

The Heavenly Emperor looked flustered and exasperated. Others might not know, but he knew very well that he had personally thrown the World Mountain out.

Most importantly, the World Mountain was related to the other half of the prophecy!

Chapter 295: The Despairing Heavenly Emperor

The Heavenly Emperor had only revealed half of the prophecy regarding the destruction of the Heavenly Palace to the outside world.

Whether it was the thirty-six protectors or the higher-ups of the Heavenly Palace, they all only knew that if someone awakened the remnant soul in the ruins, the Heavenly Palace would face its end.

However, they did not know that the World Mountain was the key to destroying the Heavenly Palace.

This was also why the Heavenly Emperor remained calm and collected the entire time. As long as he did not see the World Mountain, he would not be afraid.

But now, everything was developing as predicted. The Heavenly Emperor finally felt a trace of fear!

“Impossible! Absolutely impossible!”

The Heavenly Emperor roared angrily. “I clearly placed it in an extremely remote low-level dimension in the Inner Realm. Why do you have it?!”

The Heavenly Emperor seemed to have gone crazy, his eyes almost splitting open. He looked as if he wanted to skin Qin Jue alive.

“Oh, did you put this thing in the Spirit Central World?”

Qin Jue was stunned for a moment before smiling. “Unfortunately, I live in the Spirit Central World.”

“ ... ”

The anger suddenly stopped, and the Heavenly Emperor was instantly stunned on the spot.

He tried his best to recall and finally recalled that he had indeed abandoned the World Mountain in a place called the Spirit Central World. He had even deliberately condensed a projection inside to allow it to rule the Spirit Central World.

In fact, the Heavenly Emperor had no interest in the Spirit Central World at all. Back then, he was just in a hurry to leave the Inner Realm.

As for why he had left the World Mountain there, the reason was very simple. The World Mountain was too large and too heavy for him to control. To him, it was basically no different from trash.

Most importantly, the World Mountain could not leave the Inner Realm, so it was safer for him to leave it in a remote low-level dimension.

However, the Heavenly Emperor never expected that not only had the World Mountain been found, but it had even been brought out of the Inner Realm!

How did the other party do it?

The Heavenly Emperor could not understand.

He had once repeatedly confirmed that the World Mountain was a chaotic sacred artifact of the Inner Realm. It was indestructible and was restricted by the rules of the Heavenly Dao. It could not leave the Inner Realm.

In addition, at that time, the Heavenly Emperor had yet to establish the “Heavenly Palace” in the Outer Realm, so he naturally did not have the so-called prophecy and did not understand the importance of the World Mountain.

After he learned of the prophecy, he had already stepped into the God King Stage and was no longer able to return to the Inner Realm. In addition, the World Mountain had been abandoned in a remote low-level dimension, so the Heavenly Emperor did not pay too much attention to it. He deliberately concealed the other half of the prophecy in order to hide the existence of the World Mountain.

Thinking of this, the Heavenly Emperor wanted to cry but had no tears to shed.

If he had known earlier, he would have deliberately hidden the World Mountain!

Although everything was developing according to the prophecy, it was still absolutely impossible for the Heavenly Emperor to lower his head!

“I don’t care how you brought the World Mountain out of the Inner Realm, I will not admit defeat no matter what!”

Taking a deep breath, the Heavenly Emperor fused with the God Vanquishing Formation again. His aura rose steadily without end, and he even caused many void phenomena to gather over.

Even the experts outside the Heavenly Palace could faintly sense the spirit energy fluctuations and could not help but look over with shocked expressions.

“No one can kill me!”

As soon as he finished speaking, the third eye between the Heavenly Emperor’s brows suddenly emitted a pitch-black divine light that was horrifying.

Qin Jue :”...”

Qin Jue felt wronged. After all, he only showed up here because the Heavenly Emperor wanted to kill him in the first place.

But why did it sound like the Heavenly Emperor was the victim here?

Qin Jue was dumbfounded.

“However, this thing is quite useful.”

Waving his hand and raising the World Mountain, Qin Jue said meaningfully, “By the way, your original appearance should be different, right?”

The Heavenly Emperor’s expression changed slightly as he snorted. “That’s right.”

Without waiting for Qin Jue to continue asking, lines of light suddenly split open on the Heavenly Emperor’s handsome face, slowly falling off like a molted shell.

After a long while, a “Heavenly Emperor” with a completely different appearance appeared in front of Qin Jue, almost identical to the birdman he saw in the cave.

The only difference was that the Heavenly Emperor had four wings on his back!

“So comfortable.”

The Heavenly Emperor groaned and smiled. “I’ve long been tired of using that old thing’s body to show others. This is my true appearance!”

Boom!

After tearing off his disguise, the Heavenly Emperor no longer held back. His spirit energy was completely released and continued to spread out, resonating

with the God Vanquishing Formation. The hole that was created by the World Mountain quickly healed until it disappeared.

At this moment, the Heavenly Emperor was in his strongest state!

Seeing this, Qin Jue couldn't be bothered to waste his breath. With a wave of his hand, the World Mountain immediately smashed towards the Heavenly Emperor with incomparable destructive power. Before it could approach, the wind pressure had already blown the Heavenly Emperor's hair and beard apart, and his clothes fluttered in the wind.

“Good timing!”

The Heavenly Emperor was fearless. His four wings flapped lightly, raising a violent wind that filled the sky. Immediately after, he activated the God Vanquishing Formation and turned it into a huge hand that held up the World Mountain!

Crack! Crack! Crack!

Accompanied by a series of loud bangs, several of the array foundations of the God Vanquishing Formation exploded in succession. Surprisingly, it still did not collapse!

“Hmm?”

Qin Jue raised his eyebrows, slightly surprised.

Since one attack wasn't enough, he would just attack again.

Therefore, the World Mountain fell heavily again!

Boom!

This time, the God Vanquishing Formation finally could not withstand the force and exploded inch by inch, collapsing thousands of kilometers.

Just as Qin Jue was about to attack, the Heavenly Emperor suddenly smiled. Then his right eye flickered with golden light, and an invisible force immediately headed straight for Qin Jue!

“What?”

Sensing that something was wrong, Qin Jue flicked his finger and created a spirit energy barrier.

Pu.

The strange thing was that the invisible force directly passed through the spirit energy barrier and entered Qin Jue's body.

In the next moment, a terrifying destructive force erupted from Qin Jue's body, instantly affecting his internal organs!

"Ah..."

Qin Jue's movements froze. The World Mountain that was about to land suddenly froze in midair.

"This is..."

Qin Jue's expression seemed uncertain.

"Hahaha, I succeeded!"

Without any time to think, the Heavenly Emperor immediately took the initiative to attack without hesitation. He wanted to take advantage of this opportunity to severely injure Qin Jue!

Swoosh!

In an instant, countless spirit energy beams landed on Qin Jue, creating layers of energy ripples!

Boom! Boom! Boom!

In a short moment, the Heavenly Emperor had launched countless attacks, completely disregarding the consumption of spirit energy. All kinds of divine abilities, magic treasures, and the power of laws "splashed" on Qin Jue as if they did not cost him anything. Clearly, he didn't plan to give Qin Jue any chance to catch his breath.

In the end, the Heavenly Emperor simply detonated the God Vanquishing Formation on Qin Jue. He didn't care whether Qin Jue was dead or alive.

Boom! Boom! Boom!

“Die!”

The Heavenly Emperor’s expression was sinister as he revealed a crazy smile.

“Enough.”

Right at this moment, five well-defined fingers suddenly stretched out from the explosion, forcefully resisting all the attacks. Under the Heavenly Emperor’s frightened gaze, the fingers grabbed the Heavenly Emperor’s neck.

“This ends here.”

The five fingers exerted strength slightly, and the Heavenly Emperor felt his entire body become weak. His legs went weak, and he almost knelt on the ground.

As for the owner of the finger, besides Qin Jue, who else could it be?

Qin Jue walked out of the explosion expressionlessly, his white clothes fluttering, and his long hair dancing. There was no trace of injury at all.

“You...”

The Heavenly Emperor gaped in disbelief. Qin Jue had clearly been hit by his Eye of Destruction, so how could he be unscathed?

For the first time, the Heavenly Emperor felt dense despair.

Chapter 296: The Truth

Translator: Atlas Studios Editor: Atlas Studios

“What happened?”

“I don’t know, but I think it’s from the Heavenly Palace.”

“Heavenly Palace? Could it be that someone is fighting the Heavenly Emperor?”

“Hiss!”

“ ... ”

In the vast void, the experts from all sides had grave expressions as they discussed animatedly, full of doubts about the energy ripples that spread out.

The battle between Qin Jue and the Heavenly Emperor had long alarmed the other nearby factions, attracting countless experts to watch and tremble.

It couldn't be helped. The shockwaves from the battle between the two of them were too terrifying. A few unlucky tenth realm Great Void Stage experts were seriously injured and almost died after being brushed by the energy flow.

And this was even when these experts were so far away. If even they were injured, then just terrifying was the center?

It was likely that even an ordinary True God Stage expert would not be able to withstand the impact in the center.

Because these forces were basically all vassals of the Heavenly Palace, they were at a loss as to whether to advance or retreat.

Suddenly, someone exclaimed, "It's the Heavenly Palace protectors!"

Hearing this, everyone looked in the direction of the voice and saw more than ten figures with deep auras but slightly panicked figures flying over from afar. They were the Heavenly Palace protectors who had chosen to flee.

Behind them were a large number of members of the Heavenly Palace, and there was even no lack of True God Stage experts. Such a lineup could be considered luxurious even in the God Realm.

However, no matter how one looked at it, they looked somewhat miserable.

Seeing this, an upper True God Stage expert hurriedly cupped his fists and said, "Protectors, what's wrong?"

This person was the strongest person among the three vassal forces of the Heavenly Palace. His prestige was extremely high, and even the Heavenly Palace's protectors had to be polite to him. It was most suitable for him to ask.

As soon as these words were spoken, everyone immediately held their breaths and waited for an answer.

"His Majesty the Heavenly Emperor is fighting an upper realm God King Stage expert."

The Heavenly Palace Protector said in a deep voice.

“What? an upper realm God King Stage?”

Everyone’s expressions changed drastically.

Although there was only a difference of one level between an upper realm True God Stage and an upper realm God King Stage, the distance between the two was not inferior to heaven and earth.

No wonder so many experts of the Heavenly Palace had escaped. Once they were swept into the battle of an upper realm God King Stage expert, even an upper realm True God Stage expert would die if they were careless.

“Can His Majesty the Heavenly Emperor win?”

The upper realm True God Stage expert couldn’t help but ask.

“How should I know?”

The Heavenly Palace protector shook his head and said meaningfully, “Perhaps the prophecy will really come true...”

“...”

...

At the same time, no buildings could be seen in the middle of the vast Heavenly Palace. There were potholes and cracks everywhere, and it was filled with desolation. The shattered space had yet to completely heal, and it was almost impossible to find a place that was unaffected.

As his field of vision narrowed, Qin Jue released his fingers, and the Heavenly Emperor immediately collapsed. The four wings on his back had been broken at some point, and blood flowed everywhere. His aura was also dispirited and he no longer had the noble appearance from before.

“Impossible... Impossible...”

The Heavenly Emperor muttered to himself, his eyes revealing dense despair.

He never expected that his Eye of Destruction would not cause any harm to Qin Jue.

One had to know that the Eye of Destruction could ignore any defense and directly attack the enemy's internal organs. Even a divine body would find it difficult to withstand it.

Unless... the other party had already cultivated his body to the point where his body was perfect and flawless.

Although he was very unwilling to believe it, it now seemed that Qin Jue had very likely reached or even surpassed this level.

"I still can't change my fate."

Taking a deep breath, the Heavenly Emperor finally accepted the truth and smiled bitterly. "Kill me. The Heavenly Emperor True Essence is yours."

"Heavenly Emperor True Essence? What is that?"

Qin Jue frowned.

"Aren't you here for the Heavenly Emperor True Essence?"

The Heavenly Emperor was stunned and realized that something was wrong.

"Of course not."

Qin Jue shrugged his shoulders and said, "I just want to resolve the trouble and stop you from sending more people to the Inner Realm to kill me."

The Heavenly Emperor : "..."

Originally, he thought that Qin Jue was just saying it casually. He didn't expect it to be true!

"Impossible! Didn't that old thing tell you?" The Heavenly Emperor said indignantly.

He was unwilling to admit that the only reason Qin Jue was here was because he was courting death.

"You mean the remnant soul of the Heavenly Emperor? He lost his memories." Qin Jue answered truthfully.

The Heavenly Emperor : "..."

Lost his memories?

The Heavenly Emperor couldn't believe it.

How could this be?!

He started wondering if he was responsible for making the prophecy come true.

Just as the Heavenly Emperor was about to cry, Qin Jue directly placed his hand on his head and began to search his soul.

At this moment, not only was the spirit energy in the Heavenly Emperor's body sealed, but even his bones had been shattered. He could only watch helplessly as Qin Jue used the soul searching technique without any ability to resist.

"You!"

The Heavenly Emperor was shocked and was about to speak when a tearing pain came from his soul. Then, his head tilted and he fainted.

Thump.

After a long while, Qin Jue threw away the Heavenly Emperor and suddenly understood. All the mysteries were finally solved.

It turned out that this Outer Realm Heavenly Emperor was actually that Inner Realm Heavenly Emperor's disciple!

No, his real name was Feng Xi.

He started calling himself the Heavenly Emperor because he wanted to replace his master.

This was also why the divine ability Feng Xi grasped was extremely similar to the Heavenly Emperor's, because the two of them were master and disciple.

What was worth mentioning was that the name Feng Xi was also given by the original Heavenly Emperor. It was no exaggeration to say that the Heavenly Emperor treated Feng Xi like his own child and even wanted to nurture him to be the successor of the Heavenly Palace.

However, things did not go according to plan. Living under the shadow of the Heavenly Emperor, Feng Xi's personality had unknowingly become distorted. From his initial worship and jealousy of his master, he ended up wanting to replace his master!

Therefore, while the Heavenly Emperor was breaking through to the God King Stage, Feng Xi actually did not hesitate to collude with several Heavenly Palace experts to launch a sneak attack!

Originally, with the Heavenly Emperor's cultivation, even if he was injured, he could still easily kill Feng Xi and the others. However, at the last moment, the Heavenly Emperor's heart softened, and he was killed by Feng Xi and his True Essence was taken away.

The so-called True Essence was the remnant spirit energy left behind when the Heavenly Emperor died. Feng Xi also relied on this True Essence to be reborn and advance to the God King Stage.

Originally, Feng Xi wanted to completely destroy the Heavenly Palace, but the Heavenly Emperor's remnant soul used its last bit of strength to make the Heavenly Palace escape into the void and disappear. Helpless, Feng Xi could only give up.

In order to replace the Heavenly Emperor, Feng Xi disguised himself as the Heavenly Emperor and created a new Heavenly Palace in the God Realm. He was invincible.

It was also at this moment that a mysterious expert arrived. After leaving behind a prophecy of the destruction of the Heavenly Palace, he left gracefully.

How could Feng Xi, who had a guilty conscience, not be afraid? Therefore, he had been secretly paying attention to the Inner Realm.

The appearance of the "Divine Realm" immediately made Feng Xi anxious. However, after stepping into the God King Stage, he could no longer enter the Inner Realm to destroy the Divine Realm. He also couldn't send someone to destroy it as a True God Stage expert would also not be able to destroy the Divine Realm. In the end, he could only target the person who had awakened the remnant soul.

As for why Feng Xi was able to immediately find out that someone had awakened the Heavenly Emperor's remnant soul, it was naturally because the Heavenly Emperor True Essence in his body allowed him to feel it.

In short, this was the story of a wicked and power-thirsty disciple who killed his master.

After learning all this, Qin Jue's expression was slightly complicated.. He didn't expect the Heavenly Emperor's experience to be so tragic. He wondered if he should help the Heavenly Emperor recover this lost memory?

Chapter 297: Master And Disciple Meet

Translator: Atlas Studios Editor: Atlas Studios

"Argh!"

Feng Xi groggily woke up and felt a splitting headache. He was about to stand up when he realized that something was pressing on his body, making him unable to move. His butt was especially numb and he had almost lost all sensations there.

Fortunately, he could still see his surroundings clearly. He quickly realized that the thing pressing down on him was the World Mountain, and he was lying on a white dragon.

In front of him, Qin Jue was standing on the White Dragon's head, his hands behind his back, his long hair fluttering like an immortal.

"Where are you taking me?" Enduring the intense pain, Feng Xi gritted his teeth and asked.

"Inner Realm." Qin Jue took a sip of spirit wine and answered without looking back.

Originally, Qin Jue planned to directly kill Feng Xi after searching his soul. However, after thinking about it, he decided to bring him to the Inner Realm Divine Realm and let the Heavenly Emperor's remnant soul deal with him. He believed that this time, the Heavenly Emperor wouldn't be soft-hearted.

As for the Heavenly Palace, it had already been shattered into pieces by Qin Jue's slap, leaving nothing behind.

He was not interested in the God Realm, so he naturally would not stay for long.

“What?”

Feng Xi was shocked and instantly realized that something was wrong.
“You’re taking me to see that old thing?”

“Obviously?”

Qin Jue said with interest, “You’re his disciple, after all.”

“Bullshit! I’m not his disciple!”

Feng Xi shouted angrily, “Let go of me!”

Seeing that Qin Jue was ignoring him, Feng Xi struggled with all his might. His three eyes immediately emitted a dazzling light as he attempted to move the World Mountain.

However, in the next moment, Feng Xi grunted as if he had suffered a heavy blow. Blood flowed from his three eyes, and the third eye between his brows closed, losing its luster.

“You destroyed my ocular technique!”

Feng Xi was filled with grief and indignation as he shouted hysterically, “Kill me if you have the guts!”

“...”

Qin Jue couldn’t be bothered to continue talking nonsense with Feng Xi. He directly used his spirit energy to seal Feng Xi’s mouth and make him quieten down.

Not long after, Long Zhui passed through the spatial passageway and arrived at the place where the connection was.

Seeing this, Feng Xi hurriedly widened his eyes. He wanted to see how Qin Jue would enter the Inner Realm!

As everyone knew, after advancing to the God King Stage, one would no longer be able to descend to a dimension like the Inner Realm. No matter how strong Qin Jue was, he still couldn't go through the realm barrier.

Thinking like this, Feng Xi saw an unforgettable scene.

Qin Jue slowly raised his arm and punched at the void in front of him.

Crack!

With a loud bang, the realm barrier shattered like glass and continued to spread out. Qin Jue had really created a hole between the two worlds!

Feng Xi: "???"

Was I dreaming?

What kind of monster was this guy?

Before Feng Xi could react, the white dragon had already passed through the crack.

Feng Xi had never expected that he would one day return to the Inner Realm.

As soon as he entered the Inner Realm, an intense repulsive force came from all directions. How could Feng Xi, who was already severely injured, withstand this force? He immediately spat out a mouthful of blood and almost fainted.

Just as Feng Xi thought that he was dead for sure, a layer of golden light suddenly enveloped his body. Then, the surrounding repulsive force instantly disappeared, as if it had never existed.

" ... "

Feng Xi could no longer use words to describe the shock in his heart. Qin Jue could even resolve the repulsive force of the Heavenly Dao. Just what realm was Qin Jue at?

Could there be a higher realm than the God King Stage?

Feng Xi originally thought that he had already stepped into the peak and no longer had to worry about failure. Now, he realized how insignificant he was.

He was extremely regretful now. Why did he have to listen to the prophecy and provoke this godlike existence?

Boom! Boom! Boom!

The entire void shook as if it was resisting Qin Jue. Several visible pillars of light fell one after another, illuminating an area of 50,000 kilometers as they shot towards Qin Jue.

“Silence!”

Frowning, Qin Jue waved his hand impatiently.

Bang!

Before the pillar of light could approach Qin Jue, it was scattered by the vast golden light. Even the void was lit up in a dazzling golden light.

Then, the void did indeed become silent.

“...”

Witnessing this scene, Feng Xi fell silent. Had even the Heavenly Dao rules surrendered?

On the other hand, Qin Jue was also somewhat surprised. He looked at his hands with a complicated expression and remembered the question he had thought about countless times. Just how strong was he?

“Forget it, forget it. I can’t figure it out anyway.”

Taking a sip of spirit wine, Qin Jue raised his hand and opened a spatial gate that led straight to the Divine Realm. Then, riding on Long Zhui, he arrived at the Divine Realm.

Because the Divine Realm only opened once every 300 years and was currently in a closed state, the entire continent was enveloped by a thick fog.

Don’t underestimate this layer of fog. This was the Heavenly Palace’s Great Protective Formation. It could absorb spirit qi on its own to replenish energy. Even an upper realm True God Stage expert would find it difficult to break through.

Furthermore, once this formation was attacked, the whole Divine Realm would quickly escape into the void and disappear.

However, to Qin Jue, the so-called palace protective formation was useless. Not to mention Qin Jue, even a lower realm God King Stage expert could easily destroy it if they entered the Inner Realm.

After tearing open the fog, Qin Jue let Long Zhui stay outside while he entered the Divine Realm with Feng Xi.

“No...”

Feng Xi opened his mouth and pleaded. He no longer looked insufferably arrogant.

“Oh? I didn’t expect you to be so afraid of your master.”

Qin Jue said with interest, “Don’t worry, he’s only a remnant soul now.”

As he spoke, Qin Jue crossed thousands of kilometers and threw Feng Xi on the Divine Seal Altar.

Thump.

“No!”

Feng Xi struggled to stand up, but unfortunately, he was firmly pressed down by the World Mountain. Apart from his eyes, he could not move any part of his body. He looked a little pitiful.

Sensing the commotion, the Divine Seal Altar shook slightly and lit up. Then, an illusory figure gradually condensed, revealing a blank expression.

It was the Heavenly Emperor who had been awakened by Qin Jue.

Because after being awakened by Qin Jue, the Heavenly Emperor had been trying to repair his soul, so he didn’t fall asleep again and his strength had clearly increased greatly.

“Heavenly Emperor, I’m here again.”

Qin Jue smiled.

“It’s you!”

The Heavenly Emperor was slightly stunned. Qin Jue had used a soul searching technique on him not long ago, so how could he forget?

“You’re here to see me?”

The Heavenly Emperor was as happy as a child.

“...”

Qin Jue opened his mouth, not knowing how to answer for a moment.

How could Qin Jue not sigh with emotion when the once peerless Heavenly Emperor in the Invincible World had become like this?

One had to know that in Feng Xi’s memories, the Heavenly Emperor was a wise and mighty peerless genius who had dominated an era. Now, he was like a lonely old man who would become happy just because someone had come to visit him.

All of this only happened because he had been betrayed by his disciple, who he regarded as his own.

Qin Jue was rather hesitant. Should he really let the Heavenly Emperor recover his memories and experience the pain from before?

After thinking for a moment, Qin Jue finally made a decision. “That’s right. Since I’m already here, I’ll help you recover your memories.”

“Recover my memories?”

The Heavenly Emperor’s eyes lit up as he asked impatiently, “Are you sure?”

“Yes!”

Chapter 298: The Revival of the Heavenly Emperor

Translator: Atlas Studios Editor: Atlas Studios

After a moment of thought, Qin Jue finally decided to help the Heavenly Emperor recover his memories.

The reason was very simple. Even though the Heavenly Emperor only had a wisp of his remnant soul left, he was working hard to repair it. No one could guarantee that he wouldn't suddenly awaken the missing memories and return to his peak in the future.

At that time, the Heavenly Emperor would probably wish for nothing more than to crush Feng Xi's bones and send him to the eighteenth level of hell.

Rather than that, it was better to help the Heavenly Emperor recover his memories now and then hand Feng Xi to him to deal with.

"Hahaha, that's great!"

The Heavenly Emperor threw his head back and laughed hysterically.

During this time, he had almost used all kinds of methods to repair his soul, but the result was useless. Just as his head was aching, Qin Jue suddenly came over to help him recover his memories. It could be imagined how happy the Heavenly Emperor was.

As one of the people who had been "destroyed" by Qin Jue, the Heavenly Emperor knew very well how powerful Qin Jue was. He even suspected that Qin Jue was even more powerful than him when he was alive, so he didn't doubt Qin Jue's words at all.

"By the way, who is he?"

Only at this moment did the Heavenly Emperor notice Feng Xi, who was being suppressed by the World Mountain.

Seeing the Heavenly Emperor look over, Feng Xi was instantly frightened until his face turned pale. If not for the fact that he was being suppressed by the World Mountain, he would have long found a hole to crawl into.

It was hard to imagine that someone who dared to commit murder and betrayal would be so afraid of the Heavenly Emperor.

Qin Jue clearly remembered the scene he saw when he searched his soul. Perhaps it was because Feng Xi felt ashamed to see the Heavenly Emperor?

"Don't you find him familiar?"

Qin Jue smiled.

“Familiar? Did we know each other before?”

The Heavenly Emperor’s figure flashed as he arrived in front of Feng Xi and observed carefully. “Now that you mention it, it does seem like I’ve seen him somewhere before. However...”

Before he could finish his sentence, the Heavenly Emperor suddenly seemed to have suffered a heavy blow, revealing a painful expression.

The Heavenly Emperor was already used to such situations. Every time he recalled some familiar scenes, he would feel a splitting headache.

Until now, he had yet to remember what the important thing that he needed to do was.

Hearing this, Feng Xi heaved a sigh of relief. The Heavenly Emperor had indeed forgotten about him.

But on second thought, didn’t this indirectly prove that Qin Jue really didn’t know anything before?

If he hadn’t listened to the prophecy and sent people to kill Qin Jue, how could he have been attacked and captured here?

In an instant, Feng Xi wanted to cry but had no tears to shed.

He suddenly blamed that expert who told him the prophecy. He wanted to find him and get his revenge!

Unfortunately, Feng Xi no longer had the chance to start over.

Sighing, Qin Jue couldn’t be bothered to explain. He flicked his finger, and the memories he obtained from Feng Xi immediately turned into specks of light that fused into the space between the Heavenly Emperor’s eyebrows.

“Argh!”

The Heavenly Emperor grunted and revealed a painful expression again. Before he could react, countless scenes suddenly flashed in front of his eyes, forming a river of memories that filled his mind.

Witnessing this scene, the Heavenly Emperor became more and more shocked.

Although these were all Feng Xi's memories, there were many memories related to him, including memories of him taking Feng Xi in as his disciple and treating him as his own. In the end, he was ambushed by Feng Xi when he was trying to break through to the God King Stage and lost his life.

Although only his remnant soul was left, the Heavenly Emperor was still not weaker than a lower realm True God Stage expert. He quickly finished absorbing all his memories and fell into a daze.

After a long while, the Heavenly Emperor turned to look at Qin Jue. His voice was trembling and filled with vicissitudes. "That Heavenly Emperor... was that me?"

"Who else could it be?" Qin Jue asked.

"..."

The Heavenly Emperor was stunned and speechless.

Right at this moment, divine light suddenly lit up on the Heavenly Emperor's body and spread out. It instantly caused the entire Divine Realm to resonate and tremble.

"Ah!"

In the next moment, the third eye between the Heavenly Emperor's brows slowly opened. He roared towards the sky and his voice echoed for thousands of kilometers, piercing through gold and splitting stone!

Seeing this, Qin Jue frowned and hurriedly retreated. He could feel the Heavenly Emperor's aura rising rapidly. What was going on?

Not only that, but as the Divine Realm resonated, large amounts of spirit qi surged into the Heavenly Emperor's body without end. In the end, even the void's spirit qi was absorbed and poured onto the Heavenly Emperor.

"This... this is..."

Feng Xi was dumbfounded. For some reason, a familiar feeling suddenly rose in his heart, making him incomparably afraid.

After an unknown period of time, the Divine Realm finally calmed down, and the void's spirit qi gradually calmed down.

The Heavenly Emperor was bathed in divine light and hung on the horizon like a sun. Immediately after, the Heavenly Emperor stretched out his five fingers and grabbed at Feng Xi.

Buzz!

Feng Xi's entire body shook as he said in disbelief, "How is this possible?"

Just now, the Heavenly Emperor True Essence that he had refined for hundreds of thousands of years had actually been activated!

If it weren't for Qin Jue sealing Feng Xi's spirit energy, the Heavenly Emperor True Essence would have already left under the Heavenly Emperor's command.

On the other side, Qin Jue also realized this and immediately waved his hand to remove the seal on Feng Xi's body.

Pu.

With a light sound, a ball of light that contained boundless power flew out from between Feng Xi's brows and landed in the Heavenly Emperor's palm.

"No! Give it back. It's mine!"

Feng Xi, whose seal had been deactivated, struggled to push open the World Mountain, wanting to snatch the Heavenly Emperor True Essence. In the end, before he could do anything, he heavily landed on the Divine Seal Altar. His aura fell in a straight line, and he fell out of the upper realm God King Stage. When he raised his head, he had already turned into a white-haired old man!

One had to know that the reason why Feng Xi was able to advance to the God King Stage and become a famous super expert in the God Realm was largely because of the Heavenly Emperor True Essence.

After refining the Heavenly Emperor True Essence, not only had Feng Xi's cultivation increased greatly, but he had also been reborn.

Now that the Heavenly Emperor had taken away the Heavenly Emperor True Essence, it was equivalent to returning Feng Xi to his original state. Fortunately, Feng Xi's talent was also extraordinary. Otherwise, he might have directly fallen out of the God King Stage.

Even so, Feng Xi still fell to the level of a lower realm God King Stage and suffered heavy injuries.

“No...”

Blood sprayed from Feng Xi’s mouth and nose, and he was dispirited, as if he would die at any moment.

In the sky, the Heavenly Emperor looked at the ball of light in his hand with a slightly blank expression before swallowing it without hesitation!

In an instant, wind and clouds surged, and abnormal phenomena appeared frequently. With the Heavenly Emperor at the center, it quickly enveloped the entire Divine Realm.

Then, a magical scene appeared.

The originally dilapidated Divine Realm gradually grew all kinds of flowers and plants, full of vitality.

Then, the ground cracked, and spirit springs sprayed out from inside. In less than ten minutes, the Divine Realm had turned from a ruin into a paradise. Wherever one looked, there was no longer any dilapidated appearance.

At the same time, the remnant souls of the dozens of sleeping ancient True God Stage experts awakened one after another and floated around the Divine Seal Altar, faintly discernible.

These True God Stage experts’ remnant souls were all members of the Heavenly Palace. They had been killed by Feng Xi, who had obtained the Heavenly Emperor True Essence. At this moment, they all started worshiping the Heavenly Emperor like devout believers.

A moment later, the light was extinguished, and the phenomenon dissipated. The Heavenly Emperor lightly landed on the Divine Seal Altar. There was no longer any confusion in his eyes. Instead, they were deep, vast, and filled with boundless dignity.

Most importantly, the Heavenly Emperor had reached the upper realm True God Stage!

“Feng Xi, do you know your crimes?”

The Heavenly Emperor looked down at Feng Xi and said coldly, as if he was talking to a dead man.

Chapter 299: Reconstructing the Heavenly Palace

“Feng Xi, do you know your crimes?”

The Heavenly Emperor’s tone was cold and emotionless.

After absorbing the true essence, the Heavenly Emperor’s remnant soul had already been restored. Not only had he regained his memories, but his strength had also increased greatly.

One had to know that even when he was alive, the Heavenly Emperor was only an upper realm True God Stage expert. It was just that he had mistakenly thought of himself as a God King Stage expert.

Even though the Heavenly Emperor already had the strength to break through to the God King Stage before his death, it was already inconceivable for him to be able to directly recover his previous cultivation when he was alive after being dead for so long.

Moreover, the Heavenly Emperor did not even have a physical body yet.

“Old thing, just kill me already!”

Seeing that there was no hope, Feng Xi gritted his teeth and closed his eyes, looking fearless.

“Hahaha, old thing?”

The Heavenly Emperor was in no hurry to kill Feng Xi. Instead, he teased, “No matter how I look at it, aren’t you the older one here?”

“ ... ”

Indeed, Feng Xi was already injured and had lost the True Essence of the Heavenly Emperor. He had fallen out of the upper realm God King Stage and had suffered heavy losses. He now looked like an old man on the verge of death, as if he would die at any moment.

On the other hand, the Heavenly Emperor had sharp brows, bright eyes, and a dignified aura. He was extremely charming. In the ancient times, countless female cultivators had been charmed by him. He might even look even younger after finishing constructing his body.

“Hmph! If you want to kill or torture me, do as you wish. Why humiliate me like this?!” Feng Xi said angrily.

Under normal circumstances, even if he lost the Heavenly Emperor True Essence and fell out of his realm, Feng Xi should still be able to defeat the Heavenly Emperor.

After all, Feng Xi had cultivated for hundreds of thousands of years more than the Heavenly Emperor.

However, at this moment, not only was Feng Xi severely injured, but his bones had also been shattered. Even his ocular technique had been crippled. Any Great Void Stage expert could easily kill him, let alone the Heavenly Emperor.

“Hehe, that would be too easy on you.”

The Heavenly Emperor narrowed his eyes and said coldly, “Hundreds of thousands of years ago, because I was too soft-hearted, I made a huge mistake and caused the destruction of the Heavenly Palace. I didn’t expect that after hundreds of thousands of years, you would still be unrepentant.”

“Fengxi, this is the last time I’ll be calling your name. You disappoint me.”

Hearing this, Feng Xi was stunned for a moment before he felt as if he was struck by lightning. His head buzzed, and two streams of tears unknowingly fell from the corner of his eyes!

“This time, I won’t show mercy.”

The Heavenly Emperor was expressionless, without any pity.

Hundreds of thousands of years ago, the Heavenly Emperor had accepted Feng Xi as his disciple and treated him as his own. He had given him all the best things, but in the end, he had been betrayed.

Now that he had narrowly escaped death and regained his memories, how could the Heavenly Emperor be soft-hearted again?

“Senior, can you leave this guy to me?”

The Heavenly Emperor turned around and bowed to Qin Jue. His greeting had already changed.

Although he didn't know how Qin Jue had captured Feng Xi here, if it weren't for Qin Jue, the Heavenly Emperor believed that it would have been impossible for him to recover his memories easily, let alone take revenge on Feng Xi.

“Do whatever you want.”

Qin Jue shrugged his shoulders indifferently.

“Thank you, Senior.”

After obtaining permission, the Heavenly Emperor immediately raised his palm without hesitation and condensed his spirit energy.

“Master, I was wrong!”

Suddenly, Feng Xi knelt down with a plop and hugged the Heavenly Emperor's thigh as he cried. This should be the first time Feng Xi had called the Heavenly Emperor master since the Heavenly Emperor had died.

Perhaps it was because he was touched by the Heavenly Emperor's words, or perhaps he felt that the Heavenly Emperor would really not show mercy, Feng Xi actually begged bitterly. He no longer had the fearless appearance from before.

Unfortunately...

The Heavenly Emperor took a deep breath and said indifferently, “It's too late.”

In the next moment, the spirit energy between the Heavenly Emperor's palm suddenly emitted a terrifying destructive aura that heavily hit Feng Xi's head!

Crack!

As expected, blood instantly flowed from Feng Xi's seven orifices as he fell down. If not for the fact that the body of a lower realm God King Stage expert was indestructible, this palm would probably have torn him into pieces.

Of course, the Heavenly Emperor would not let Feng Xi die so easily. He opened his palm and a ball of spirit energy appeared, imprisoning Feng Xi's soul.

"What are you going to do to me?"

Feng Xi's face was filled with fear as he attempted to break through the spirit energy shackles. However, how could he succeed in such a state?

"I told you that killing you would be letting you off too lightly. I'll lock you in the Soul Devouring Tower and burn you with my divine flame for ten thousand years until your soul burns out." The Heavenly Emperor said faintly.

"What?!"

Feng Xi was shocked. "Old thing, you're too vicious!"

Others might not know about the Soul Devouring Tower, but Feng Xi knew it very well.

That was a place the Heavenly Palace specially used to torture the souls of its enemies. It was not inferior to the eighteen layers of hell. Moreover, he had to withstand the burning of the divine flames for ten thousand years. It was simply a living hell!

The Heavenly Emperor did not think much of this. He clenched his fist and directly put away Feng Xi's soul, preparing to slowly torture it in the future.

After doing this, the Heavenly Emperor bowed to Qin Jue again with an extremely sincere attitude. "Senior, thank you for your help. Otherwise, I'm afraid it would be very difficult for me to take revenge in this lifetime."

Before he could finish speaking, the Heavenly Emperor suddenly realized that something was wrong. He was already dead. Could this still be considered as his lifetime?

"No need, it was nothing." Qin Jue stretched lazily and said casually.

Because of what happened last time, Qin Jue had a good impression of the Heavenly Emperor. Otherwise, with Qin Jue's personality, he absolutely wouldn't have interfered and brought Feng Xi here.

After weighing his words, the Heavenly Emperor continued, "By the way, Senior, I plan to rebuild the Heavenly Palace. What do you think?"

Now that the Heavenly Emperor had revived, he had avenged himself. Although he didn't have a physical body, in the entire Inner Realm, besides Qin Jue, there was no one who could match him. If the Heavenly Palace was rebuilt, it would definitely cause a huge impact on the entire void.

However, Qin Jue was somewhat speechless.

He couldn't understand why he had to do with all of this. Why did the Heavenly Emperor need to ask for his permission?

Just as Qin Jue didn't know whether to laugh or to cry, he frowned as if recalling something. He looked around and said, "Are you going to rebuild the Heavenly Palace here?"

The Heavenly Emperor was stunned and hurriedly answered, "Yes."

This was originally the ruins of the former Heavenly Palace. After its transformation, aside from lacking living beings, it was no weaker than the White Dragon World in any aspect. In fact, it even surpassed it.

"Can you save a spot for me?" Qin Jue asked.

"???"

The Celestial Thearch was dumbfounded, but he still nodded. "No problem."

"Hahaha, thank you. I still have something to do. I'll leave first. Goodbye."

After saying this, Qin Jue flew up and quickly disappeared from sight, leaving the even more dumbfounded Heavenly Emperor behind.

Leaving just like that?

Didn't he have anything else to say?

Without waiting for the Heavenly Emperor to react, the World Mountain on the Divine Seal Altar suddenly rose and flew in the direction Qin Jue had just left.

The Heavenly Emperor :”...”

...

In fact, the reason why Qin Jue was in such a hurry to leave was because he didn't want to participate in such a matter at all. He couldn't even be bothered with the internal affairs of the Xuanyi Mountain Sect, so why would he care about the Heavenly Palace?

“Hu, I still prefer to drink wine.”

Taking out a pot of spirit wine, Qin Jue opened it and said happily.

Right at this moment, violent sounds of battle suddenly sounded from ahead, and layers of energy ripples swept out.

Qin Jue raised his eyes and looked over, his face slightly gloomy.

Chapter 300: Leave the rest to me

Boom!

In the void, two powerful spirit energies suddenly collided, creating layers of ripples that spread out.

Wherever the spirit energies passed, countless meteors shattered and turned into nothingness.

At this moment, Long Zhui was fighting a late-phase Great Sage Stage human expert. Relying on his physical strength and the White Dragon Race's martial technique, Long Zhui was actually not at a disadvantage at all.

However, there was still a difference in the two's strengths. For a moment, no one could do anything to the other.

In the distance, another Great Sage Stage expert crossed his arms in front of his chest and sneered, “Brother Zhou, didn't you say that you would be able to

defeat this fellow in ten moves? You've already used almost a hundred moves, right?"

"Hmph! Stop talking nonsense. He's an adult white dragon. How can it be so easy?"

The man known as Brother Zhou said coldly. He had almost pushed his spirit energy to the limit, but unfortunately, he was still unable to defeat Long Zhui.

This person's name was Zhou Jing. Because he happened to pass by this area and sensed the spirit qi fluctuations coming from the Divine Realm, he came to take a look with his friend.

Unexpectedly, he discovered a lone white dragon!

It had to be known that in the eyes of human cultivators, the white dragon was the top-notch "cultivation sacred artifact".

Whether it was bones, flesh, or other things, they were all priceless treasures.

Most importantly, this white dragon was only at the early-phase of the Great Sage Stage. It was simply a god-sent opportunity. How could Zhou Jing and his friends let it go?

As long as they refined this white dragon, perhaps the two of them could advance to the Great Void Stage in their lifetime!

However, what Zhou Jing did not expect was that a mere early-phase Great Sage Stage expert could actually fight him to such an extent. It even made Zhou Jing feel more and more exhausted.

No matter what, he was still a late-phase Great Sage Stage expert. How could he lose to an early-phase Great Sage Stage expert?

Thinking like this, runes suddenly appeared between Zhou Jing's brows, and his aura soared!

Bang!

With a dull bang, Long Zhui was suddenly sent flying. Caught off guard, he was almost severely injured by Zhou Jing. Fortunately, his defense was timely and he was barely uninjured.

“Oh, you even used your secret technique?”

Another person raised his eyebrows in surprise.

As Zhou Jing’s friend, Jin Peng knew Zhou Jing’s strength very well. Even among the late-phase Great Sage Stage experts, he was considered one of the best.

Since the other party could force Zhou Jing to use a secret technique, the white dragon was clearly not that simple.

“Brother Zhou, don’t waste any more time. It’ll be troublesome if there are other White Dragon Race experts nearby. Let’s join forces and end the battle quickly!”

After making up his mind, Jin Peng immediately flew towards the battle. Before he could approach, a spirit energy aura that was not inferior to Zhou Jing’s erupted from his body. It was faintly accompanied by dense blood qi and revealed killing intent.

Hearing this, Zhou Jing frowned slightly and nodded. “Alright, let’s end this quickly!”

It was indeed as Jin Peng had said. If there were other White Dragon Race experts nearby, it would be troublesome. Now was not the time to forcefully show off.

Facing the attacks of two late-phase Great Sage Stage experts, Long Zhui’s expression was extremely gloomy and bitter.

Even if he was a white dragon with extremely powerful physical defense, it was still impossible for him to fight two experts whose levels were higher than his at the same time.

“I hope Master can come out soon.”

Gritting his teeth, Long Zhui could only brace himself and rush forward.

Right at this moment, Long Zhui’s body suddenly froze. He was instantly frozen in place and could not move.

He wondered what was going on.

Long Zhui was shocked. Could it be that the two humans opposite him had a spatial divine ability?

What a joke!

Before Long Zhui could figure it out, a familiar voice suddenly sounded in his ear. "Leave the rest to me."

Long Zhui's eyes widened as he was overjoyed.

In the next moment, Qin Jue silently appeared in front of Long Zhui. With a wine pot in his hand, he looked like an immortal that had walked out of a painting.

Looking at this scene, Long Zhui could not help but reveal a worshipful expression.

"Mm? Another one? What should we do?"

Zhou Jing was stunned and slightly panicked.

It couldn't be helped. Qin Jue's temperament was too extraordinary. One look and one could tell that he wasn't an ordinary person.

If this fight took place in a low-level dimension, a Great Sage Stage expert like Zhou Jing might be more confident and arrogant.

However, this void was the most powerful area in the Inner Realm. Who knew how many Great Void Stage experts were around? How could they dare to act presumptuously?

"Don't worry, it's also a human."

Jin Peng's eyes flickered as he pondered about something.

Zhou Jing was stunned. Only then did he notice that Qin Jue was not from the White Dragon Race, but a human!

"Who are you? Why are you snatching our prey?"

After pondering for a moment, Jin Peng said, "No matter what, the rules are first come, first served."

In Jin Peng's opinion, Qin Jue should have the same motives as them, wanting to refine Long Zhui.

After all, even Great Void Stage experts would covet a Great Sage Stage white dragon. If it weren't for the fact that they couldn't see Qin Jue's cultivation clearly, Jin Peng would have been directly attacked.

"Prey?"

Qin Jue's expression was strange. It seemed to be a bitter smile, but also a mocking one.

Seeing that Qin Jue didn't answer, Jin Peng suggested, "As the saying goes, whoever sees it gets a share. Since you're unwilling to let go, the two of us can take a step back and allow you to split it equally with us. How about it?"

"That's right. We can split it equally." Zhou Jing hurriedly chimed in.

Sighing, Qin Jue couldn't be bothered to waste his breath on these two ants. He raised his hand and slapped them.

"Don't think that we're really afraid of you!"

However, Jin Peng quickly realized that something was wrong, because when Qin Jue's palm fell, the entire void trembled as if it couldn't help but cry!

"No!"

Rumble!

As the fist wind blew, Jin Peng and Zhou Jing both scattered like sand, their souls destroyed.

After doing this, Qin Jue took a sip of spirit wine and turned around. "Let's go."

Strictly speaking, Qin Jue could relate to what Jin Peng and Zhou Jing were doing. After all, Qin Jue often caught some fiend beasts to eat, just not to cultivate and become stronger.

But that didn't mean he could forgive them. If Qin Jue had come out a little later, Long Zhui would have been in danger.

"..."

After following Qin Jue for so long, Long Zhui was already used to Qin Jue's style of doing things. Thus, he wasn't surprised. However, every time he saw Qin Jue attack, Long Zhui would still be shocked.

It was simply too terrifying!

In Long Zhui's impression, no one had ever been able to fight Qin Jue for more than three minutes. Most of them were instantly killed, including True God Stage experts and even God King Stage experts!

...

After leaving the Divine Realm, Qin Jue casually opened a spatial gate and rode Long Zhui back to the Spirit Central World.

As for the White Dragon Race, the matter had already been resolved. There was no need for him to go there alone.

Originally, because of Qin Jue, the Martial Sacred Hall had already lost a Half God Stage expert and its Hall Master had been severely injured. Now, their faction had weakened greatly. They would no longer dare to fight the White Dragon Race head-on.

However, after what happened with the Heavenly Palace divine envoy, the White Dragon Race had also lost a Half God Stage expert and their patriarch was also severely injured. The strength of the two sides had basically been balanced. This balance would probably be maintained until Long Xiaoyu grew stronger.

Although Qin Jue had a good relationship with the White Dragon Race, he still felt that it was best not to let them become the masters of this void given how much they hated humans. Otherwise, all humans would probably suffer as well.

Fortunately, the Heavenly Emperor was about to rebuild the Heavenly Palace.. By then, the battle between the two should be broken, but that would have nothing to do with Qin Jue.
