

Invincible Uncle-Grandmaster - Chapter 320 – 351 Who Else?!

Chapter 320: Who Else?!

Translator: Atlas Studios Editor: Atlas Studios

“You’ve gone too far!”

Xiao Dang was unable to restrain his anger. His aura rose steadily, which instantly reached the peak of the second realm of the Great Void Stage. He raised a violent wind that blew until people could hardly open their eyes.

“Hehe, I’m not afraid of you.”

The insect cultivator grinned, revealing his sharp teeth. “Stay out of this. I want to deal with him alone.”

“Let’s end this quickly. Otherwise, it’ll be troublesome if we attract others.”

The elegant man frowned.

“Don’t worry, no problem.”

As soon as he finished speaking, the insect cultivator’s wings shook, and then it suddenly emitted a ball of dark green fog that was extremely smelly. It quickly enveloped itself and Xiao Dang, causing Xiao Dang to be unable to see what was going on inside.

Realizing that something was wrong, Xiao Dang hurriedly raised his spirit energy shield to isolate the dark green fog.

However, this fog could actually corrode spirit energy. With this, it wouldn’t be long before Xiao Dang’s spirit energy was exhausted.

“No, I have to defeat him as soon as possible!”

Gritting his teeth, Xiao Dang’s eyes were cold. He quickly spread out his spirit sense and captured the insect cultivator. At the same time, his domain pressed down on the other party from all directions!

Bang!

Accompanied by a loud bang, the fog trembled slightly, but it did not dissipate. Instead, it became even deeper, as if it was corporeal.

“Hahaha, idiot, how dare you fight the Insect Race in the poisonous miasma. You really don’t know what’s good for you.”

Seeing this, the elegant man could not help but sneer.

One had to know that the most terrifying thing about the Insect Race was not their cultivation, but their various strange abilities.

If cultivators of the same realm fought without figuring out the situation, they would be done for if they were careless and would not even have the chance to escape.

“I bet he can’t last more than five minutes.”

Another thin man asserted.

“Five minutes? You think too highly of him. Three minutes at most.”

A red-haired youth smiled.

Apart from the woman who remained silent, the other three did not seem to care about Xiao Dang at all.

As companions, they knew very well how powerful an insect cultivator was. Even if Xiao Dang was already at the peak of the second realm and was only half a step away from the third realm, it was still impossible for him to be a match for an insect cultivator.

“Hm?”

Suddenly, the thin man noticed Killing Dao not far away. His eyes narrowed as he exclaimed, “What a beautiful woman.”

When they heard this, the elegant man and the red-haired young man looked in the direction of the voice, and their eyes instantly lit up. They were extremely shocked.

“Fairy, are you friends with that fellow just now?”

The elegant man could not help but ask.

Fairy?

Qin Jue had a strange expression and couldn't help but laugh.

If they knew that Killing Dao's original body was a sword, who knew what they would think?

"No."

Killing Dao thought for a moment and shook her head slightly.

Because the words were short and Killing Dao's voice was very low, the three of them did not notice anything amiss.

"That's good."

The elegant man continued, "Since you're not friends, you should only be temporarily teaming up, right? In any case, that guy is about to die soon. Why don't you join us? I can guarantee that you'll definitely get a share of these Profound Yin Grass."

"That's right. If you join us, you'll get more benefits."

The thin man and the red-haired youth hurriedly chimed in.

"Not interested."

Killing Dao pursed her lips.

"???"

They were dumbfounded.

How could she not be interested in a level twelve spirit herb, the Profound Yin Grass?

The elegant man's expression darkened. "A wise person submits to circumstances. Fairy, you better think carefully!"

As the saying went, a drunkard had an ulterior motive. How could Killing Dao not tell what the three of them wanted to do by inviting her to join their team?

Of course, the woman on their team was also listening the entire time.

Witnessing this scene, the woman's eyes revealed dense disgust. If not for the order from her clan, she would not have formed a team with these trash.

Boom!

Right at this moment, an incomparable spirit energy hurricane spread out. Wherever it passed, even space could not withstand it, revealing cracks that almost collapsed.

Then, the dark green fog shook three times and slowly dissipated.

“Oh? So soon? Looks like I overestimated that guy.”

The red-haired youth sneered.

“Fairy, will you reconsider now?”

The elegant man looked smug.

In their opinion, as long as Xiao Dang was dead, was there a need to worry that Killing Dao would not lower her head and submit?

Hu –

Finally, the dark green fog completely disappeared, revealing the scene inside. Then, everyone was stunned.

The empty ground was covered in cracks and potholes. They crisscrossed and were horrifying. Clearly, the two had just experienced a fierce battle.

However, the outcome was completely different from what they had imagined.

“Save me...”

The insufferably arrogant insect cultivator was lying on the ground at this moment, on the verge of death. The two wings on his back had been forcefully torn off, and he was covered in blood. His aura was dispirited and dispirited, as if he would die at any moment. He no longer had the lofty appearance from before.

On the other hand, Xiao Dang was still standing straight. His aura did not decrease but increased. He was only slightly injured!

“How is this possible...”

The elegant man muttered to himself, dumbfounded.

The insect cultivator had actually lost?

“Impossible!”

The red-haired youth and the thin man looked at each other in disbelief.

Even the woman revealed a surprised expression.

Although this woman hated these trash, she still admitted that their strength was absolutely top-notch for second realm Great Void Stage cultivators.

This was especially true for that insect cultivator. According to the woman’s speculation, it would take at least two peak Great Void Stage experts to defeat him. However, Xiao Dang had done it alone.

Only Qin Jue and Killing Dao remained calm, having long seen through everything.

“Save me...”

The insect cultivator moved his body in an attempt to approach the elegant man and the others, but he was pinned to the ground by Xiao Dang with a spear and could not move.

“Who else?!”

Xiao Dang’s gaze was like a bolt of lightning as he looked at the elegant man.

Seeing this, the elegant man was shocked and subconsciously avoided his gaze, not daring to look into his eyes.

Wait!

There were four of us, so what was there to be afraid of?

Thinking of this, the elegant man took a deep breath and summoned his courage to say, “I don’t care what method you used to defeat the insect cultivator. Let him go quickly, or don’t blame us for being impolite!”

Hearing this, the insect cultivator that was nailed to the ground wanted to cry but had no tears to shed. Others might not know, but he knew very well that Xiao Dang had not launched a sneak attack at all and had instead fought him head-on, defeating him fair and square.

“Is that so...”

Xiao Dang pondered for a moment and pulled out his spear.

The insect cultivator was overjoyed. He hurriedly used his limbs and crawled towards the elegant man and the others.

“Very good.”

The elegant man nodded in satisfaction. He was about to say something when he suddenly saw Xiao Dang smile. He immediately had a bad feeling.

As expected, in the next moment, Xiao Dang raised his spear and stabbed at the insect cultivator again. However, this time, it was not his body, but his head!

“No!”

The insect cultivator emitted a frightened scream.

Pfft!

As expected, the long spear pierced through the insect cultivator’s head and gently swept away the insect cultivator’s soul!

Xiao Dang had always believed in the principle of eradicating the root of the problem, so how could he let the insect cultivator escape?

“You’re courting death!”

The elegant man was stunned and shouted angrily, “No one can save you now!”

“Let’s attack together!”

Chapter 321: Crushing

Translator: Atlas Studios Editor: Atlas Studios

“Let’s attack together and kill him!”

The elegant man shouted angrily towards the sky. He circulated his spirit energy, took out a weapon from his storage ring, and smashed it at Xiao Dang.

Although the elegant man looked like he was very weak, his weapon was actually a huge cauldron with a rough appearance. It was six meters tall and weighed over 50,000 kilograms.

Under the activation of spirit energy, the huge cauldron emitted black light, transforming into an illusory figure that blotted out the sun as it fell!

Seeing that the giant cauldron was about to hit him, Xiao Dang did not retreat but advanced. He lightly raised his spear and stabbed the giant cauldron at an unbelievable angle.

1

Dong!

With a dull bang, the originally aggressive giant cauldron was instantly frozen in the air. Then, it suddenly flung out, aiming straight for the elegant man!

“What?”

The elegant man was shocked. Although he knew that his attack would be neutralized by Xiao Dang, he did not expect the other party to have done it so casually.

Without any time to think, the elegant man hurriedly controlled the huge cauldron again to avoid getting injured.

At the same time, the thin man and the red-haired youth’s attacks swept towards Xiao Dang. At this point, they no longer cared. They needed to kill Xiao Dang first!

Facing the attacks of three experts of the same realm, no matter how strong Xiao Dang was, he still could not resist and quickly fell into a disadvantage. For a moment, he could only bitterly endure.

“Go help.” Qin Jue stretched lazily and said indifferently.

“Yes, Master.”

Upon receiving the order, Killing Dao took a step forward and instantly arrived in front of Xiao Dang.

“Rip!”

The air was torn apart as the red-haired youth waved his sword, leaving behind afterimages. He blocked all of Xiao Dang’s escape routes from all directions with incredible might.

At this moment, five white fingers stretched out and slowly clenched.

Hu –

In an instant, the red-haired youth felt the world spin in front of him. All the sword lights flew uncontrollably towards the five fingers. By the time the red-haired youth reacted, his sword was already in the opponent’s hand!

“Who is it?!”

The red-haired youth looked up and his eyes widened in disbelief. “It’s you?”

Apart from Killing Dao, who else could it be?

“Tsk tsk, a high-level sacred artifact. Unfortunately, its quality is too poor.”

As soon as he finished speaking, Killing Dao flicked his finger, and the sword instantly shattered into pieces. Even the red-haired young man seemed to have suffered a heavy blow and was blasted flying.

“Pfft!”

Spitting out a mouthful of blood, the red-haired youth fell heavily to the ground, his bones breaking inch by inch, losing his vitality!

Instant kill!

“ ... ”

After a while, the thin man said with a trembling voice, “Is he... dead?”

Although he was unwilling to believe it, the red-haired youth was indeed dead. Even his soul had been destroyed, leaving only a corpse.

Silence...

“Coo.”

The elegant man gulped and the way he looked at Killing Dao had changed. His malicious thoughts had been replaced with fear!

Too terrifying!

“Third realm of the Great Void Stage, no, fourth realm, run!”

Without any hesitation, the elegant man bit his tongue and used a secret technique to escape!

“You think you can escape?”

Killing Dao narrowed her eyes and pointed into the air. Endless killing intent appeared and enveloped the elegant man.

Before the poor elegant man could completely activate his secret technique, he was torn to pieces by the killing intent, turning into a bloody mist that dissipated.

“No... don’t kill me. I’m the young master of the Ling Clan. If you kill me...”

The thin man’s face was pale as he shivered. Who would have thought that Killing Dao was the most ruthless out of them?

From the moment she attacked until now, she had only used two moves to kill the red-haired youth and the elegant man. It was simply inconceivable.

“Fairy Yue, save me...”

As if recalling something, the thin man suddenly turned around and attempted to seek help from the woman.

Pfft!

Killing intent flashed as the thin man slowly fell. There were no injuries on his body, but his soul had been destroyed.

At this point, all three male cultivators died.

After doing this, Killing Dao locked onto the woman not far away. She was considering whether she should kill this person too.

After all, from the beginning to the end, the woman had no intention of helping. She even revealed a disgusted expression. Killing Dao had naturally witnessed all of this.

As Killing Dao was pondering, the woman called Fairy Yue spoke first. “Senior, those weren’t my friends. We were only teammates and I didn’t want to offend you guys. I hope Senior can be magnanimous and spare my life.”

The woman said this very naturally without any hesitation. She was not an idiot who liked to act tough. When her life was on the line, why would she brace herself and court death?

Moreover, she was indeed unfamiliar with the elegant man and the others. There was no need for her to risk her life for them.

Hearing this, Killing Dao fell into a dilemma and could only look at Qin Jue until he nodded and responded, “You can leave.”

“Thank you, Senior.”

The woman bowed and secretly glanced at Qin Jue before flying up and quickly disappearing into the horizon.

The floating continent would soon close. If she didn’t take advantage of this time to gather some heavenly treasures, she would be missing out greatly.

As for the Profound Yin Grass, the woman didn’t even dare to think about it.

In the elegant man’s opinion, Killing Dao might only be at the fourth realm of the Great Void Stage.

However, the woman sensed that the aura of the Killing Dao was far beyond the fourth realm. The terrifying killing intent emitted by her every move made even her feel fear!

...

Watching the woman leave, Killing Dao shrugged his shoulders in boredom. "Too weak. That wasn't even a warm-up."

Qin Jue : "..."

Why weren't you so arrogant when you fought Yin Tianxing previously?

" ... "

At this moment, the person who was most shocked was none other than Xiao Dang.

Originally, he was prepared to give it his all and flee if he really couldn't win. He didn't expect Killing Dao to have settled it so easily.

Was this the strength of a fifth realm Great Void Stage expert?

Xiao Dang was stunned. For a moment, he didn't know if he should be glad that he had invited Qin Jue and Killing Dao to form a team or regret it.

...

"Right, let's split these Profound Yin Grass equally." Qin Jue broke the silence and suggested.

Although Qin Jue already had many cultivation resources, he couldn't give them all to Xiao Dang at this time. It would be better if he took half of them.

"Huh? No... no need. I just want two."

Xiao Dang suddenly regained his senses and shook his head.

"Take it."

Qin Jue couldn't be bothered to waste his breath. He directly picked up half of all the Profound Yin Grass and threw it to Xiao Dang.

"Thank... thank you."

Xiao Dang was immediately flattered, so much so that even his arm was trembling.

Regarding this, Qin Jue was rather speechless. Why was he so afraid? It was not like Qin Jue was going to eat him.

However, before this, Qin Jue had already expected this to happen. After all, he had already encountered similar situations many times.

In comparison, Xiao Dang was already considered normal.

Next, the four of them circled several places on the floating continent and collected a large number of heavenly treasures. During this time, several more battles occurred, but they were all easily resolved by Killing Dao.

Even when the floating continent closed and the four of them left for the spatial battleship, Xiao Dang still felt like he was dreaming.

Sweeping his gaze over the various heavenly treasures piled up in his storage ring, Xiao Dang was incomparably excited. For the first time, he felt that collecting cultivation resources was actually that simple.

What was worth mentioning was that there were more than a hundred cultivators that entered the floating continent, but only less than thirty people were left by the time they were done.. Fairy Yue was also among them.

Chapter 322: Void Ship

When Qin Jue and the others saw Fairy Yue, she also noticed them. Then she flew over without hesitation and bowed to Killing Dao. "Senior."

At this moment, Fairy Yue's face was pale, and her clothes were in a mess. There were a few red wounds on her body, and she had clearly just experienced a lot of battles.

However, with Fairy Yue's third realm Great Void Stage cultivation, it was not strange for her to come out alive.

"Yeah."

Killing Dao nodded slightly in response.

The atmosphere became awkward.

In the end, Xiao Dang broke the silence. "Are you returning to the void ship too?"

This was actually nonsense. The floating continent had already closed, so where else could she go if not to return to the spatial battleship? However, Fairy Yue heaved a sigh of relief and cast a grateful gaze.

“Yes.”

“In that case, let’s go together.”

As an itinerant cultivator, Xiao Dang knew very well that there were no eternal friends, only eternal benefits.

Even though they had almost “fought” because of the Profound Yin Grass, there was no conflict of interest now, so there was no need for them to act like they had deep enmity.

Moreover, the woman was clearly different from those fellows. Otherwise, her soul would have long been destroyed.

Hearing this, Fairy Yue was overjoyed. “Thank you!”

One had to know that coming out of the floating continent alive was only the first step. After that, they would have to face an ambush from hidden forces at any moment.

Although Fairy Yue was at the third realm of the Great Void Stage, she was still injured. If she was besieged or ambushed, she would most likely die.

This was also why most cultivators would choose to team up. Otherwise, it would be too dangerous.

Now that all her companions had died, Fairy Yue would be safer traveling with Qin Jue and the others.

After all, the floating continent was only a few thousand kilometers wide. The strength that Killing Dao had displayed had already attracted the attention of other experts. As long as one wasn’t an idiot, they wouldn’t come to court death.

Just like that, another woman appeared in the team.

“Um... I still don’t know your name.” On the way to the void ship, Xiao Dang couldn’t help but ask.

“Ying Yue.” The woman answered.

“Ying Yue... Fairy Yue...”

Xiao Dang was stunned for a moment as he muttered to himself. Then, as if recalling something, his eyes suddenly widened. “You’re the third miss of the Ying Clan of Ming Province?!”

“That’s right.” Ying Yue whispered.

“I see.”

Xiao Dang suddenly understood. No wonder this woman could step into the third realm of the Great Void Stage at such a young age. She was the proud descendant of the Ying Clan of Ming Province.

Coupled with the thin man calling himself the Young Master of the Ling Clan, it seemed like those fellows were all descendants of large clans.

...

Ming Province’s Ying Clan? What was that?

Qin Jue was puzzled, but he didn’t say anything. After they arrived on the void ship, he could just search through a high-level cultivator’s memories.

Not long after, the five of them passed through hundreds of kilometers and arrived near the void ship.

From afar, one could already see the huge body of the void ship. It was like a primordial beast entrenched in the void, making one feel fearful.

At the same time, more experts approached from all directions. However, the total number of people had been reduced by more than fifty percent as compared to before. Even if some of them survived, they were still missing limbs and looked incomparably miserable.

It was natural of a lot of people to die in such void adventures.

Suddenly, a light lit up at the end of Qin Jue’s field of vision!

Swoosh!

The beam of light streaked through the void like a long rainbow. Wherever it passed, it swept up gusts of wind before entering the void ship and disappearing.

“Did something pass by just now? So fast.”

“Shh, lower your voice. That’s Lord Lou Luo!”

“Lou Luo? That expert at the fifth realm of the Great Void Stage?”

Everyone gasped and shut their mouths.

One had to know that among the experts riding the void ship this time, only three were at the fifth realm of the Great Void Stage. Each of them was extremely powerful, so how could these itinerant cultivators who were around the second or third realm of the Great Void Stage dare to provoke them?

“ ... ”

“ ... ”

“Let’s go.”

Patting the jade tablet on his body, Xiao Dang passed through the barrier and landed on the void ship first. Ying Yue followed closely behind.

On the other side, Qin Jue and the other two were stopped by two fully armed Great Void Stage experts.

“Stop. Who are you? Where’s your identity jade tablet?” One of the Great Void Stage experts said solemnly.

Anyone who boarded a void ship would have an identity jade tablet that allowed them to pass through barriers at will and enter freely, but Qin Jue and the others didn’t have the jade tablet.

“Ah, I almost forgot.”

Xiao Dang slapped his head and hurriedly stepped forward. “Wardens, they are my friends. Because of an urgent matter, they also want to board this void ship.”

As he spoke, Xiao Dang took out more than ten spirit stones and said, "This is for you. I hope you can make an exception."

"I see. I understand."

The leading Great Void Stage expert accepted the spirit stones, took out three identity jade tablets, and handed them to Xiao Dang before turning to leave.

Seeing this, Ying Yue's pupils constricted. It turned out that Qin Jue and the others were not the passengers on this void ship. No wonder she had never seen them before.

Qin Jue originally wanted to pay the spirit stone to Xiao Dang, but Xiao Dang refused. "No need. Just think of it as my gift to you guys."

Qin Jue was helpless and could only give up.

After entering the void ship, Qin Jue realized that the space inside was even wider than he imagined. Not only were there mountains and rivers, but there were also all kinds of flowers and trees, making him feel very comfortable.

For such a void ship, there were usually large merchant associations and top experts holding down the fort. Therefore, it was clearly stipulated that no matter who it was, as long as they stepped onto the void ship, they were absolutely not allowed to fight.

Those who disobeyed would be killed without mercy.

In other words, no matter how severely injured the people who returned from outside were, they would be absolutely safe after passing through the barrier.

Of course, there were also some unlucky people who were killed when they were only a few thousand meters or even dozens of meters away from the ship barrier.

Facing this situation, the surrounding people acted as if they did not see it. They were calm and collected, or perhaps they were already used to it.

Under Xiao Dang's lead, Qin Jue and the other two quickly found a room that corresponded to their identity jade tablets. Their rooms happened to be close together and saved a lot of trouble.

In addition, the place where Xiao Dang lived was also very close to them, only a few hundred meters away.

As for Ying Yue, because of her special identity, she lived on the highest floor of the ship, so they could only be separated.

“By the way, where is this void ship headed?”

It was only at this moment that Qin Jue thought of this question.

“Uh, the Nine Provinces Continent.”

Xiao Dang answered casually and did not think too much about it.

“Nine Provinces Continent...”

Qin Jue pondered and immediately returned to his room, spreading out his spirit sense.

Several breaths later, Qin Jue smiled and finally found a suitable target. It was Lou Luo, who had caused a commotion outside the void ship just now.

It couldn't be helped. He was the only expert at the fifth realm of the Great Void Stage who had returned so far.

However, Qin Jue didn't use the soul searching technique. Instead, he used his spirit sense to enter Lou Luo's mind and silently read through all the memories regarding this world. He also learned about the so-called Nine Provinces Continent and the Ying Clan of Ming Province.

Unfortunately, although Lou Luo was at the fifth realm of the Great Void Stage, he knew very little about the specific situation of this world, making Qin Jue somewhat disappointed.

Chapter 323: Nine Provinces Continent

Translator: Atlas Studios Editor: Atlas Studios

“Seven Realms...”

Retracting his spirit sense, Qin Jue pondered.

Because Lou Luo's strength was limited, Qin Jue still could not figure out the exact situation of this world.

However, this was normal. After all, the fifth realm of the Great Void Stage was still far from reaching the peak.

Of course, Qin Jue still gained some benefits. At least he already knew his current position.

This was a void known as the Seven Realms. There were a total of seven continents, and each continent was not far from each other. One could cross through the void with a void ship.

The Nine Provinces Continent was one of these continents, and it was also the headquarters of the Ying Clan of the Ming Province.

The so-called Ying Clan of the Ming Province was actually a top faction in one of the provinces of the Nine Provinces Continent. They occupied a province alone and had a deep foundation. Even the other continents had a branch of the Ying Clan. They could be said to be famous.

According to Lou Luo's memories, the patriarch of the Ying Clan seemed to be an expert at the tenth realm of the Great Void Stage. He had always treaded carefully and never took risks.

No wonder Ying Yue had always been so calm. She had inherited their personality.

Fortunately, the Nine Provinces Continent had a Half God Stage expert holding down the fort. Perhaps Qin Jue could learn the exact situation of this world from this expert.

Thinking of this, Qin Jue couldn't help but sigh.

"Sigh, it seems like I can only wait until we reach the Nine Provinces Continent."

After making up his mind, Qin Jue took out a pot of spirit wine and drank it by himself.

"Uh, Master, I want to drink it too."

Yun Xi crawled out of Qin Jue's arms and stared straight at the wine pot, unable to take her eyes off it.

Qin Jue : "..."

" ..."

Not long after, the other two fifth realm Great Void Stage experts also returned to the void ship.

At the same time, the void ship finally started moving. It directly opened a spatial passageway and flew towards the Nine Provinces Continent.

If any cultivators who left did not return in time, they could only blame their bad luck.

After all, who knew if they were already dead?

Swoosh!

As the spatial passageway gradually formed, the void ship immediately turned into a stream of light and disappeared.

These spatial passageways were basically built by those large merchant associations and were specially used to transport cultivators who traveled through the void. In addition, they were also used to transport some very important cultivation resources.

With the current speed of the void ship, it would probably take them three days to arrive at the Nine Provinces Continent, and this was even when the ship did not stop midway.

Therefore, in order to be faster, Qin Jue used his spirit energy to help from behind.

Boom!

Like a cannonball that had just been fired, the void ship that was already pretty fast seemed to be grabbed by an invisible hand and thrown out fiercely!

Rumble!

In an instant, the entire void ship shook.

“What’s going on?”

“What happened?”

“Could it be that a void beast is attacking the ship?”

“...”

Countless experts were alarmed and rushed out of the room, shocked, including the three fifth realm Great Void Stage experts.

“What’s going on?”

Lou Luo frowned slightly, slightly nervous.

One had to know that they were now in the spatial passageway. The existence that could forcefully tear open the spatial passageway and attack the ship had very likely already reached the sixth realm of the Great Void Stage!

Most importantly, once the spatial passageway was torn apart, it would become extremely dangerous. The ship would be bombarded with turbulence, hurricanes, and even spatial distortion. If one were to unfortunately fall out, one would almost certainly die.

“Um... I don’t think I see anything?” Another fifth realm Great Void Stage expert said in surprise.

“Indeed, there’s nothing.” The last person chimed in.

Hearing this, Lou Luo immediately spread out his spirit sense. Indeed, he did not see anything. Not only that, but the spatial passageway was also abnormally calm without any fluctuations.

“How could this be...”

Before everyone could react, an automatic notification sound from the inside of the void ship suddenly sounded. “Ding dong, the Thunder Dragon reminds you that we have arrived at the Nine Provinces Continent. Please disembark one after another.”

“???”

They had already arrived at the Nine Provinces Continent?

Are you kidding me?

Even a spatial jump wouldn't be that fast, right?

Moreover, the Thunder Dragon could only be considered a commercial ship. When was it capable of activating a spatial jump?

“Ding dong, the Thunder Dragon reminds you that we have arrived at the Nine Provinces Continent. Please disembark.”

It was only when the prompt sounded for the second time and dazzling sunlight shone down that everyone confirmed that the Thunder Dragon had really arrived in the Nine Provinces Continent.

“ ... ”

...

“What? We're already in the Nine Provinces Continent?”

Xiao Dang widened his eyes in disbelief, thinking that he had misheard.

Without any time to think, Xiao Dang hurriedly rushed to the place where Qin Jue and the others lived. “Brother... Brother Qin, we're here.”

After hesitating for a long time, Xiao Dang still decided to not address Qin Jue as “senior”, because he felt that it was a little two-faced.

Creak.

The door opened. Qin Jue held a wine pot in his hand and smiled. “In that case, let's go.”

Seeing that Qin Jue wasn't surprised at all, Xiao Dang was somewhat dumbfounded. He couldn't help but say, “But we were supposed to arrive after three days...”

“Why do you care? Wouldn't it be better if we arrived earlier?” Qin Jue took a sip of spirit wine and said indifferently.

“Uh...”

Xiao Dang was stunned and speechless.

Because the void ship had already arrived in the Nine Provinces Continent, everyone could only go down in advance. During this time, all the cultivators were discussing this matter, feeling puzzled.

Even the Thunder Dragon's pilot thought he was dreaming.

In the stream of people, Qin Jue, Shi Tian, and Xiao Dang disembarked one after another.

What was worth mentioning was that the void ship had landed outside a city. From afar, the city looked exceptionally prosperous. From time to time, high-level cultivators would enter and leave. No matter their cultivation, they all walked on foot and did not dare to fly.

That's right. This was the holy city of the Nine Provinces Continent's Ming Province, which was also the Ying Clan's headquarters.

Before the cultivators could approach the city, they could already sense many powerful auras soaring into the sky. The three insufferably arrogant fifth realm Great Void Stage experts also lowered their stance one after another, afraid that they would be noticed by those powerful auras.

Just as everyone was sighing with emotion, an air-transportation spirit artifact suddenly rose for the first time in the holy city and arrived outside the void ship.

"Welcome, Third Miss!"

An old man stood at the front of the air-transportation spirit artifact and bowed.

In the next moment, a white figure flew out of the Thunder Dragon and lightly landed on the air-transportation spirit artifact. Then, the air-transportation spirit artifact changed directions and returned to the holy city.

From beginning to end, Ying Yue didn't even look at Qin Jue and the others.

Qin Jue didn't care about this. Since Ying Yue was the third miss of the Ying Clan of Ming Province, she naturally wouldn't put them in her eyes when she came to her territory.

Xiao Dang clearly understood this as well, so he turned and asked,

“Brother Qin, are you going to the holy city?”

“Not interested.”

Qin Jue shrugged his shoulders. He was planning to find that Half God Stage expert.

“We still have other things to do, so we won’t trouble Brother Xiao.”

Hearing this, Xiao Dang could only nod. “Alright then, farewell.”

“Yeah.”

With a flash of golden light, Qin Jue, Shi Tian, and Killing Dao disappeared from their original spots, leaving no traces of aura.

“How powerful!”

Xiao Dang exclaimed in surprise. It was only at this moment that he realized that Qin Jue wasn’t as simple as he imagined!

Chapter 324: Blue Essence City

Translator: Atlas Studios Editor: Atlas Studios

Seven Realms, Nine Provinces Continent, Blue Province.

Sparkling rain continued to fall, wetting the surrounding environment as it slid down the leaves and poured on the ground.

As far as the eye could see, the mountains and rivers seemed connected, looking like a beautiful painting.

In the rain, three figures silently appeared, breaking the silence.

“Wow, so beautiful!”

Killing Dao’s eyes lit up as she praised.

As a “divine artifact” that had stayed in the Yin World for hundreds of thousands of years, Killing Dao was now filled with curiosity towards anything in the outside world. She was simply like a child and was extremely happy.

Unfortunately, that rough voice of hers really ruined her beauty.

“Uh... By the way, Master, what are we doing here?”

Killing Dao turned to look at Qin Jue.

“Ahem, I’m trying to think of a way to return to the Inner Realm first.”

Qin Jue put his hands behind his back and indifferently said, “The strongest expert of this continent is in the city ahead. From there, we might be able to learn more about this world.”

Hearing this, Killing Dao looked in the direction of the voice and indeed saw a huge city. It was vast and boundless, even more prosperous than the holy city of the Ming Province. The cultivators who came and went were all walking as well. They even deliberately restrained their auras and lowered their stances.

Above the city gate were two words: Blue Essence.

All the living beings of the Seven Realms, regardless of which continent they were on, knew that there was a Half God Stage expert holding down the fort in Blue Essence City!

“Oh.”

Killing Dao nodded to indicate she understood.

Just as Qin Jue and the others were about to enter the city, a luxurious battleship carrying various weapons suddenly flew over from a distance at an incomparably fast speed and arrived in an instant.

“Hmm?”

Qin Jue raised his eyebrows. He seemed to have seen the pattern on that battleship somewhere before?

Wait!

The Ying Clan of Ming Province!

Qin Jue was sure that he hadn’t seen wrongly. The pattern on that battleship was almost identical to the one on the Ying Clan’s air-transportation spirit artifact!

In other words, this battleship was from the Ying Clan!

He wondered what was going on.

Why was the Ying Clan's battleship here?

Was the Ying Clan declaring war on Blue Essence City?

Are you kidding me?

Unless Patriarch Ying had already stepped into the Half God Stage.

Although Half God Stage experts were not True God Stage experts, they had at least come into contact with the God Stage. With a single move, they could cause the stars to collapse, and they were far from being comparable to Great Void Stage experts.

Just as Qin Jue was puzzled, the battleship suddenly stopped. More than ten figures flew out and landed outside Blue Essence City.

The person in the lead was a dignified middle-aged man with a deep and lofty appearance. His brows were somewhat similar to Ying Yue's, and his aura was deep, like a lofty mountain that was unshakeable. Just by standing there, the rain automatically separated and could not approach him at all. He had shockingly reached the tenth realm of the Great Void Stage.

Presumably, this middle-aged man was the current patriarch of the Ying Clan, Ying Yue's father, Ying Shan!

Indeed, he was the same as described in Lou Luo's memories. Even without doing anything, he gave off a calm and heavy feeling.

"Eh? That person's aura is similar to Ying Yue's."

After sensing the commotion here, Killing Dao was rather surprised.

She had been paying attention to other things before, so she did not notice the pattern on the Ying Clan's air-transportation spirit artifact. Now, upon seeing the figure, she could not help but be somewhat surprised.

Qin Jue : "..."

Nonsense. They were father and daughter, and the cultivation techniques they cultivated were all the same. How could their auras not be similar?

...

...

“Blue Essence City, long time no see.”

Ying Shan looked up at the tall city in front of him with a complicated expression.

He remembered that the last time he had come here was because of the Seven Realms War. Unexpectedly, hundreds of years had passed in the blink of an eye. Even with the cultivation of Ying Shan, he couldn't help but sigh with emotion.

“Patriarch, there's news from the clan that the Third Miss has returned.” A ruddy old man in a black robe stepped forward and said respectfully.

“That girl has been out for so long. It's about time she came back.”

After a pause, Ying Shan asked, “Is everything alright?”

“Everything is fine, but...”

The old man hesitated.

“Speak.”

“Yes, the three young masters of the Ling, Mo, and Yan Clans all died in this void training. So did the genius insect cultivator of the Insect Clan.”

The old man smiled bitterly.

“Hehe, I thought something big had happened. It's better for those three pieces of trash to die sooner so that they won't burden the clan. If it weren't for the alliance, would they be worthy of forming a team with my daughter?”

Ying Shan said indifferently, “As for the Insect Race, why do I care if their genius dies?”

“...”

The old man opened his mouth, speechless.

Although the talent of those three young masters was not bad, they were extremely profligate. They caused trouble everywhere, causing their cultivation to stagnate and be stuck at the second realm of the Great Void Stage.

At this rate, sooner or later, they would provoke an existence they shouldn't have provoked and bring disaster to their clan.

At that time, as the Alliance Master, the patriarch of the Ying Clan will even have to lend a hand.

In a way, it was indeed a good thing that the three of them were dead now. However, he did not know what the patriarchs of those three clans would think.

As for the Insect Race, they were not within the scope of the alliance at all. Let alone a genius, even if all of them died, Ying Shan would not even spare them a glance.

“However, it's somewhat inappropriate for my third daughter to be the only one to return alive from this void training. Hmm... how about this? Notify the Ling Clan, the Mo Clan, and the Yan Clan and tell them we'll give some cultivation resources to them as compensation. If they are still unsatisfied, tell them to come and find me.”

After pondering for a moment, Ying Shan ordered.

“Yes!”

Upon receiving the order, the old man immediately activated his secret technique and began to contact the clans.

At this moment, another battleship appeared on the horizon, but the pattern on it was completely different from the Ying Clan's. Immediately after, more than a dozen figures flew out and landed not far from Ying Shan and the others, beginning a confrontation.

“Hahaha, Patriarch Ying, how have you been?”

The person who spoke was a long-haired man with a feminine appearance and facial features that resembled a woman's. He was very similar to Killing Dao. The difference was that he was not as beautiful as Killing Dao.

Furthermore, Killing Dao was a genuine woman. On the other hand, the feminine man looked more like a defective product of a failed surgery.

"Damn transvestite, stay away from me." Ying Shan said impolitely.

"..."

The feminine man was suddenly speechless.

"Yingshan, don't think that I'm really afraid of you." Taking a deep breath, the feminine man said coldly.

Because of the special cultivation technique, Zhu Huang looked neither male nor female. Therefore, he hated people calling him a transvestite the most in his life. If it weren't for the fact that he was outside Blue Essence City, he would have probably been unable to resist fighting Ying Shan long ago.

"Hehe, damned transvestite, is there any room for negotiation between the two of us?"

Ying Shan had never liked to take the initiative to cause trouble. However, if trouble came knocking on his door, Ying Shan would absolutely not be afraid, especially when he knew the strength of the other party..

For example, he knew how strong Zhu Huang was.

"Alright! Ying Shan, remember what you said. Don't regret it."

Suppressing the anger in his heart, Zhu Huang waved his hand. "Let's go!"

As soon as he finished speaking, Zhu Huang directly led his subordinates into Blue Essence City.

Ying Shan sneered and also entered Blue Essence City with many Ying Clan experts.

In the distance, witnessing this scene, Qin Jue faintly said, "Let's go in too."

Chapter 325: The Tragic Zhu Huang

Splash splash.

The rain continued to fall in the disharmonious atmosphere.

Although the Ying Shan and Zhu Huang had already entered the city one after another, the enmity between them could still be felt.

Qin Jue wondered what they were doing here.

Shrugging his shoulders, Qin Jue instantly crossed a thousand meters and entered Blue Essence City with Killing Dao and Shi Tian without attracting any attention.

“Mm? There seems to be a restriction in this city.”

Killing Dao frowned and revealed a puzzled expression.

In fact, similar cities basically had all kinds of restrictions. They could limit a cultivator’s strength to the greatest extent and reduce their destructive powers.

Otherwise, any Great Sage Stage expert would have been able to easily destroy this place.

However, up until now, no one had dared to fight in Blue Essence City.

...

“Hey, did you see that just now? That seems to be the pavilion master of the Black Fiend Pavilion, Zhu Huang.”

In a roadside tavern, a cultivator whispered with a surprised expression.

“That’s right, there’s also the patriarch of the Ying Clan, Ying Shan! Aren’t they arch-enemies? Why are they here?”

Another cultivator chimed in.

To these itinerant cultivators, the pavilion master of the Black Fiend Pavilion and the patriarch of the Ying Clan of the Ming Province were almost legendary

existences. It was usually difficult for them to even meet them, but now, they had appeared at the same time. It was simply inconceivable.

One had to know that some time ago, there was even news of the battle between the Black Fiend Pavilion and the Ying Clan.

“Oh? Don’t you guys know?” At this moment, the man who had been sitting in the middle drinking suddenly spoke.

“What’s wrong?”

The other two immediately looked at the man with anticipation.

Seeing this, the man took a sip of wine and pretended to be profound. “Heh, I almost forgot. You two just returned from outside the city. It’s normal for you not to know what’s going on.”

“Old Liao, stop keeping us in suspense.” The two of them urged.

“Alright, alright, alright. Actually, it’s nothing. You should know about the war between the Black Fiend Pavilion and the Ying Clan, right?” The man said meaningfully.

“Yeah, I’m well aware.”

The two of them nodded repeatedly. “The Black Fiend Pavilion wanted to expand its influence and extended its land into the Ming Province. In the end, it was counterattacked by the Ying Clan and suffered heavy losses. It was said that an expert at the sixth realm of the Great Void Stage died, so the two of them fought.”

“That’s right.” The man smiled and said, “In the beginning, it was only because the Black Fiend Pavilion crossed the border that it caused a regional conflict. But up until now, neither side has any intention of stopping, and the scale of attack is getting bigger and bigger. Among them, the Black Fiend Pavilion has even joined forces with the forces of the Ji Province and the Yuan Province to launch an encirclement against the Ying Clan!”

“And the Ying Clan is not to be outdone. They formed an alliance with the clans of Huan Province and Li Province to resist the Black Fiend Pavilion!”

“What?”

The two of them were shocked. “If this continues, won’t it affect more factions and turn into a war between the Nine Provinces?”

Throughout the history of the Nine Provinces, it was not that there had never been a war between the Nine Provinces. Because of the battles that happened between the provinces, many inheritances were severed, and living beings were plunged into misery and suffering.

It was only when the current City Lord of Blue Essence City broke through his shackles and stepped into the Half God Stage, sweeping through all enemies that the Nine Provinces Continent gradually stabilized.

“Otherwise, why do you think the pavilion master of the Black Fiend Pavilion and the patriarch of the Ying Clan would appear here?”

The man rolled his eyes and said tirelessly, “The City Lord was worried that if they continued to fight, it would become a war between the Nine Provinces, so he called the two of them over to negotiate and shake hands.”

“I see.”

If anyone else wanted to invite the two of them to negotiate, Zhu Huang and Ying Shan probably wouldn’t even care, let alone make peace.

However, who was the City Lord of Blue Essence City? A Half God Stage expert!

Even Zhu Huang and Ying Shan had no choice but to lower their heads and come forward.

“Hu, fortunately, the City Lord has made a move. Otherwise, once it becomes a war between the Nine Provinces, it would be bad for us itinerant cultivators.”

“Yeah, the City Lord is indeed worthy of being the guardian deity of our Nine Provinces Continent.”

“ ... ”

“ ... ”

After listening to the man’s explanation, Qin Jue pondered.

No wonder Ying Shan would appear here. He was here to negotiate.

However, Qin Jue had no interest in this. He only wanted to quickly search the memories of that Half God Stage expert and see if he could find out anything useful about this world.

Boom!

Suddenly, a flame lit up in the distance and soared into the sky. Even though they were tens of thousands of meters away, they could still sense dense spirit energy fluctuations.

“What’s going on?”

“What happened?”

“Heavens, there’s actually someone who dares to fight in Blue Essence City.”

Everyone looked up and saw two spirit energies confronting each other in the air. The explosion just now was caused by these two spirit energies.

As for the controllers of the two spirit energies, they were naturally Zhu Huang and Ying Shan.

“Damned transvestite, are you crazy? Do you know what you’re doing?!”

Ying Shan was unable to restrain his anger. He had never imagined that Zhu Huang would actually dare to attack him in Blue Essence City.

If not for Ying Shan’s fast reaction, he might have really been ambushed.

“Hmph, Ying Shan, stop calling me a ‘damned transvestite’! Otherwise, even if I have to risk angering City Lord Shen, I’ll make you pay the price!” Zhu Huang’s eyes burned as he said coldly.

Ying Shan: “???”

Just because of that?

Ying Shan was simply baffled.

No matter what, Zhu Huang was still an expert at the tenth realm of the Great Void Stage. Ying Shan didn’t understand how he could be so weak-willed.

Ying Shan was speechless.

“Oh? You want me to pay the price even if it means angering the City Lord? Go ahead and do it. I want to see how you plan on doing it.”

Accompanied by a light laugh, a child who looked to be only eight or nine years old suddenly appeared in the air. His entire body was faintly discernible as if he did not exist, but the green halo behind him was exceptionally dazzling and incomparably holy.

“City... City Lord Shen...”

The originally insufferably arrogant Zhu Huang’s face instantly crumbled. His face was as pale as paper and he was trembling slightly.

“How dare you fight in Blue Essence City? Zhu Huang, how dare you!”

The child who was referred to as City Lord Shen glanced at him and smiled.

Who would have thought that the incomparably mighty City Lord of the Blue Essence City, who presided over the continent of the Nine Provinces, would be a seven or eight-year-old child?

“I... I...”

Zhu Huang opened his mouth in shock.

“Get lost!”

City Lord Shen slapped out with his palm, and Zhu Huang immediately fell from the sky as if he had suffered a heavy blow!

Boom!

The ground shook. Despite being blocked by many restrictions, a hundred-meter-wide pit was still smashed open on the ground!

“Pfft!”

Zhu Huang spat out a mouthful of blood as his aura plummeted. He was dispirited.

“Coo.”

Seeing this, Ying Shan subconsciously gulped.

Too terrifying!

Half God Stage experts were so terrifying!

“What are you waiting for? Do you want me to send you down too?”

Retracting his palm, Zhu Huang looked at Ying Shan.

“Ah! No need, no need. I can do it myself.”

Without any time to think, Ying Shan hurriedly used the fastest speed in his life to land on the ground, causing even City Lord Shen to be unable to help but exclaim in surprise.

“Get up. I know you’re fine.” City Lord Shen said indifferently.

Hearing this, Zhu Huang gritted his teeth and endured the intense pain as he crawled out of the huge pit.

“If there’s a next time, I’ll kill you without mercy.”

“Thank you, City Lord Shen, for sparing my life.”

Wiping the blood from the corner of his mouth, Zhu Huang did not feel humiliated. Instead, he heaved a sigh of relief.

As soon as these words were spoken, it meant that he wouldn’t continue to pursue the matter. Otherwise, Zhu Huang would really not know what to do.

He couldn’t just die before the negotiation began, right?

Chapter 326: Reconciliation

In Blue Essence City.

As City Lord Shen made his move, both Zhu Huang and Ying Shan became well-behaved at this moment. They lowered their heads and did not even dare to breathe loudly.

Although the two of them were both experts at the tenth realm of the Great Void Stage and were only a step away from the Half God Stage, it was still extremely difficult to break through. In fact, it might be impossible for them.

On the other hand, City Lord Shen had already stepped into the Half God Stage for thousands of years. He was also a top presence even in the Seven Realms. City Lord Shen could easily kill the two of them if he wanted to.

“Hmph, come in with me.”

As soon as he finished speaking, City Lord Shen didn't say anything else and turned around to enter the nearby City Lord Residence.

“Yes.”

Ying Shan and Zhu Huang looked at each other and hurriedly followed. As for their subordinates, they could only stay outside for the time being.

Under City Lord Shen's lead, the two of them quickly arrived at a dense forest. The spirit qi inside was ethereal, and the flowers were fragrant. There was even water flowing past. Auspicious beasts passed through, and it was like a paradise.

After walking for an unknown period of time, a building finally appeared in front of him.

What surprised Ying Shan and Zhu Huang was that these buildings were actually built with wood. They looked exceptionally plain. It was hard to imagine that a Half God Stage expert would actually live in such a place.

“Have a seat.” City Lord Shen said indifferently.

The two of them were stunned. Only then did they realize that two wooden blocks had appeared behind them at some point in time. They hurriedly sat down obediently, afraid that they would accidentally anger the other party.

“When do the two of you plan on stopping?”

City Lord Shen put his hands behind his back and went straight to the point.

“ ... ”

Hearing this, Ying Shan was the first to break the silence. “City Lord, the Black Fiend Pavilion has been continuously expanding their forces in recent years, causing the lives of the people in the Hua Province to be plunged into misery and suffering. Countless cultivators have complained and it’s even been affecting our Ming Province. They’re really going too far!”

After a pause, Ying Shan continued, “Because of the continuous attacks of the Black Fiend Pavilion, our Ying Clan has suffered heavy losses. However, since the City Lord is willing to mediate, as long as the Black Fiend Pavilion is willing to compensate us for all our losses, our Ying Clan will cease hostilities.”

Hearing this, Zhu Huang was furious. If not for City Lord Shen being beside him, he probably would not have been able to restrain himself and directly attack again.

“Pavilion Master Zhu, is that true?”

City Lord Shen’s expression was normal as he looked at Zhu Huang.

“That’s right, what he said was true. I admit it!”

Gritting his teeth, Zhu Huang nodded and said, “But the Ying Clan was clearly prepared. They set up an ambush at the border and killed all the sneak attack troops of our Black Fiend Pavilion, including a sixth realm Great Void Stage expert!”

“In comparison, the Ying Clan didn’t suffer any losses at all. Why should we compensate them?”

In fact, Zhu Huang had only ordered the attack on Ming Province to test the waters.

In the end, he did not expect the Ying Clan to react so strongly and directly kill all the surprise attack troops he had sent.

Zhu Huang, who had received the news, was very angry. He immediately mobilized his forces and declared a large-scale war on the Ying Clan. The Ying Clan was not to be outdone and began to fight the Black Fiend Pavilion.

As the war grew bigger and bigger, it quickly grew out of control. Even if Zhu Huang wanted to stop, he couldn’t.

In a way, City Lord Shen stepping forward to mediate was actually what Zhu Huang wanted to see, but Zhu Huang absolutely could not tolerate the Black Fiend Pavilion compensating the Ying Clan.

“Hehe, you damned transvestite. How could I not be on guard when you’re my “neighbor”? If you want to blame someone, blame yourself for being too stupid.” Ying Shan sneered.

“Bullshit! Also, stop calling me a damned transvestite!”

Zhu Huang was unable to restrain his anger. He looked as if he wanted to eat Ying Shan alive.

“Shut up. Both of you.”

Seeing this, City Lord Shen frowned and raised his hand to lightly pressure. The two of them immediately shut their mouths tactfully.

“I asked you two to negotiate, not to argue.”

City Lord Shen said in a deep voice, “Do you know that the war between the two of you has already involved six provinces? If this continues, are you planning to drag Qing Province in as well?”

“I wouldn’t dare!”

The two of them hurriedly shook their heads.

“Hmph, I have no interest in why you guys are fighting. From now on, you two have to stop fighting. Otherwise...”

City Lord Shen grinned and said coldly, “I’ll uproot the Black Fiend Pavilion and the Ying Clan!”

“Yes!”

The two of them were shocked and could only agree.

Zhu Huang was rather satisfied with this result. At least he didn’t have to compensate the Ying Clan.

“The negotiation is over. Go back.”

City Lord Shen waved his hand impatiently.

“???”

It ended just like that?

Zhu Huang and Ying Shan looked at each other helplessly.

“Hmm?”

Not long after the two of them left, City Lord Shen suddenly sensed something and suddenly spread out his spirit sense, but he did not discover anything.

“Strange, I think something swept through here just now.”

City Lord Shen’s expression was grave and rather puzzled. “Could it be a hallucination?”

“ ... ”

At the same time, on the second floor of a tavern thousands of meters away from the City Lord Residence, Qin Jue retracted his spirit sense and revealed a disappointed expression.

Unfortunately, even this Half God Stage City Lord Shen had never left the Seven Realms. He only knew that there was a place called the Central Star Domain outside the Seven Realms, but he did not know the exact information.

In addition, Qin Jue was surprised to learn why City Lord Shen looked like a child.

It turned out that because the cultivation technique would cause the original body to grow inversely every once in a while, City Lord Shen would often switch between a child and an adult, almost reaching the state of eternal life.

Qin Jue had never seen such a cultivation technique before, so he deliberately took note of it. Perhaps he could use it in the future.

“Central Star Domain...”

Qin Jue muttered to himself and fell into deep thought.

Although he didn't know where the Central Star Domain was, as long as Qin Jue was willing, there was no place he couldn't go.

"Master, what's this? It's so delicious."

Beside him, Yun Xi picked up a piece of food and interrupted Qin Jue's thoughts.

"I don't know either."

Qin Jue smiled bitterly.

After all, this wasn't the Inner Realm. Many strange spirit herbs were very unique. In order to not attract attention, Qin Jue had only casually ordered a few dishes. He didn't expect them to be surprisingly delicious.

Unfortunately, although Qin Jue had already acted very low-key, his appearance was too good. No matter where he went, he was like a fire in the night, extremely dazzling.

This was especially true for Killing Dao. When she didn't speak, she was like a fairy from the nine heavens that had descended to the mortal world. She was full of heroic spirit, and it was difficult for her not to attract attention.

"Looks like I have to get her a mask to wear in the future."

As a transmigrator, Qin Jue understood how beauty could easily lead to trouble. Although Qin Jue wasn't afraid of being targeted by the "bad guys", he found it annoying to deal with them.

He did not want to be like those main characters who were targeted everywhere because of a woman.

Fortunately, Killing Dao was sufficiently powerful and did not need him to worry too much.

"Look, the pavilion master of the Black Fiend Pavilion and the patriarch of the Ying Clan have come out!" A cultivator sitting by the window on the second floor exclaimed.

Qin Jue looked in the direction of the voice and indeed saw Zhu Huang and Ying Shan.

“The negotiations ended so quickly?”

“I wonder what happened.”

“Tch, with the City Lord stepping forward, we must have already reached a compromise.”

“ ... ”

A reconciliation.

Qin Jue smiled.. It did not seem that they had reconciled.

Chapter 327: Pill Void Fiends

Translator: Atlas Studios Editor: Atlas Studios

The sky was gloomy, and rain poured down, drenching the street.

Ying Shan and Zhu Huang led their respective subordinates as they walked in Blue Essence City. Their bodies were not tainted by any rain, and their expressions were gloomy, as if they were thinking about something.

“Patriarch, what was the result?”

The old man who was in charge of reporting to Ying Yue hesitated for a moment and transmitted his voice.

“What other result did you expect? A truce, of course.”

Ying Shan said helplessly, “City Lord Shen only wants to end the war and doesn’t care about the reason.”

“I see.”

The old man was indignant. “Are we really going to stop just like that?”

“Of course.”

Ying Shan rolled his eyes. “If this continues, City Lord Shen will uproot both of our factions.”

“What?”

The old man was stunned and couldn't help but shudder.

Since he had said this, it meant that City Lord Shen had already made up his mind. If the battle continued, City Lord Shen would definitely not show mercy.

At that time, the Black Fiend Pavilion and the Ying Clan would definitely be uprooted.

On the other side, Zhu Huang also had a similar conversation with his subordinate, but he had a strange smile on his face.

...

In the restaurant, Qin Jue retracted his gaze. He had a meaningful expression, but he didn't say anything. He didn't know Ying Shan personally, so why should he interfere?

"Let's leave this place after we finish eating." Qin Jue said indifferently.

"Oh."

Killing Dao shrugged her shoulders indifferently. In any case, it didn't matter where she went.

After all, she had stayed in the Yin World for hundreds of thousands of years without leaving. In comparison, this was nothing.

"..."

Shi Tian was silent. He opened his mouth but did not say a word.

As if seeing through Shi Tian's inner thoughts, Qin Jue consoled, "Don't worry. No matter what, I will bring you back to the Spirit Central World."

"Yeah."

Shi Tian nodded slightly, still looking miserable.

This time, Qin Jue didn't console him again. He wasn't a life mentor, so it was impossible for him to get Shi Tian to pretend that nothing had happened. He only needed to protect Shi Tian and successfully bring him back to the Spirit Central World.

As for what Shi Tian was thinking, Qin Jue could only comfort him casually, but he couldn't stop him from his thoughts.

In next to no time, the three of them and Yun Xi were full and left Blue Essence City.

Before they could go far, a deafening bang suddenly sounded from above. Then, the battleship that belonged to the Ying Clan fell from the sky in flames.

Before the battleship fell, dozens of figures flew out, all of them Ying Clan experts.

There were also some who did not escape and unfortunately died inside.

“Who was it?!”

Ying Shan roared towards the sky as his aura rose steadily, instantly reaching the peak of the tenth realm of the Great Void Stage!

He never expected that after only relaxing for a few breaths, his battleship would suddenly be attacked. Several unlucky guards died on the spot, dying without a complete corpse. The battleship had also completely lost control and could not be used.

It had to be known that this battleship was one of the most powerful battleships of the Ying Clan. It could be imagined how furious Ying Shan was now.

“Hahaha, Patriarch Ying, have you forgotten about me so quickly?”

Space distorted as Zhu Huang's figure slowly appeared. “I told you I would make you regret it.”

Around him, even more experts of the Black Fiend Pavilion appeared. All of them had deep auras and had reached the fifth realm of the Great Void Stage or above. Clearly, they did not have good intentions.

“You did that? you damned transvestite!”

Ying Shan was stunned. “How dare you disobey City Lord Shen's orders!”

“Patriarch Ying, you have to be careful with your words.”

Zhu Huang's eyes narrowed as he sneered, "City Lord Shen only asked us to stop fighting. He didn't say that we can't kill you."

"As long as I kill you, the Ying Clan will be done for. Why would we need to start a war?"

"You!"

Ying Shan was speechless.

Indeed, it was as Zhu Huang had said. City Lord Shen had only asked them to stop waging wars and had not stopped them from killing each other.

In other words, as long as the scale of the war was reduced, why would City Lord Shen care about their lives?

Even if the Ying Clan was destroyed tomorrow, City Lord Shen probably wouldn't take a second look.

After figuring this out, Ying Shan calmed down. "You think you can kill me with just you and these rotten fish?"

"Hehe, Patriarch Ying, do you really think you're invincible?" Zhu Huang said sinisterly.

Ying Shan didn't care about this at all. "If I remember correctly, your injuries shouldn't have healed yet, right?"

As soon as these words were spoken, Zhu Huang's expression instantly became incomparably ugly.

Although City Lord Shen's slap just now seemed fine, it was actually extremely heavy. If not for Zhu Huang's powerful body, he would have been severely injured.

Even so, he was still severely injured and it would be difficult for him to recover in a short period of time.

Now, let alone killing Ying Shan, it was questionable whether he could even win.

"That's right. We can't kill you with just the few of us, but what if we include them?" Zhu Huang gritted his teeth.

“What?”

Ying Shan was slightly shocked. He was about to spread out his spirit sense when two loud laughs sounded. “Patriarch Ying, long time no see.”

As soon as he finished speaking, two white-haired old men with sage-like auras suddenly appeared. Their entire bodies were suffused with blood qi, and they were mysterious and unfathomable. They directly split into different directions and cut off all of Ying Shan’s retreating routes.

“Pill Void Fiends? Why are the two of you here?”

Ying Shan was shocked.

The two Pill Void Fiends were also known as the Pill Fiend and the Void Fiend.

They were the two most powerful and most notorious itinerant cultivators of the Seven Realms.

Because the cultivation technique they cultivated absorbed the blood of the human body to refine medicinal pills, they were known as “fiends”.

However, because of their cultivation technique, the two of them had successfully stepped into the tenth realm of the Great Void Stage. Within the same realm, they were rarely matched, and even many top factions were unable to do anything to them.

Moreover, in order to not attract the attention of Half God Stage experts, the two of them would definitely not make any large scale attacks. Therefore, they were still free and unfettered.

According to the news obtained from Ying Shan, the two Pill Void Fiends should be in the Sea Spirit Continent. Why were they here?

“Hehe, the blood qi of a tenth realm Great Void Stage expert isn’t so easy to obtain. How can we not come?”

The Pill Fiend’s eyes burned as he stared fixedly at Ying Shan, like a hunter looking at his prey.

“I heard that the Ying Clan of the Ming Province has been passing down inheritances for 100,000 years. No matter what happens, your clan has never declined. I suppose there should be some special ability in your bloodline?”

The Void Fiend licked his lips like a madman, as if he wanted nothing more than to rush up and take a bite of Ying Shan to confirm his guess.

Facing the provocation of two experts of the same realm, Ying Shan was expressionless as he said in a deep voice, “What benefits did Zhu Huang give you that allowed you to work for him?”

“Hahaha, Patriarch Ying, I think you might have misunderstood.”

The Pill Fiend smiled. “We’re just cooperating. We take what we need and don’t get paid.”

“I see.”

As a top expert, Ying Shan immediately realized the crux of the problem. “You guys have been eyeing my Ying Clan for a long time, right?”

“That’s right.”

The Pill Fiend did not hide anything. “Since Patriarch Ying is well aware of this, why don’t you just give up on struggling and fulfill our wish?”

“Don’t worry, the bloodline of your Ying Clan will forever flow in our bodies..” Pill Fiend said sinisterly.

Chapter 328: Death Trap

“Don’t worry, the bloodline of your Ying Clan will forever flow in our bodies.” Pill Fiend said sinisterly.

As stated previously, the two Pill Void Fiends could absorb bloodlines to increase their cultivation.

It was precisely because of this that they could successfully step into the tenth realm of the Great Void Stage despite being itinerant cultivators.

One had to know that after reaching the Great Sage Stage, one could already change their bloodline and benefit their descendants, let alone the Great Void Stage.

The flesh and blood of a high-level fiend beast was not inferior to a top-notch heavenly treasure. It was the same for a high-level cultivator.

This was especially true for the spirit energy in the bodies of high-level cultivators. It was usually extremely pure and could be directly absorbed without refining.

Throughout the history of the Seven Realms, there had been no lack of cultivation techniques that devoured the spirit energy of others.

However, these cultivation techniques were considered to be quick-process techniques. Although it could increase one's cultivation greatly in a short period of time, the more spirit energy one devoured, the easier it was to cause chaos. In the end, one would most likely lose control and explode to death.

Moreover, cultivating such a cultivation technique was too violent. One had to forcefully eat the other party's dantian.

Who would be willing to give up their spirit energy that they had cultivated for many years?

Apart from this, there was also a cultivation technique that could devour vitality. It was similarly sinister and ruthless, and it was listed as an evil technique that was forbidden to cultivate.

The technique used by the two Pill Void Fiends was different. They did not devour spirit energy and vitality, but absorbed bloodlines.

Although it was also an evil technique, it was still different.

Devouring spirit energy and vitality was considered to be a quick process. After a long time, one would lose control and explode.

However, absorbing bloodlines was different.

Bloodlines would indeed increase the strength of the two Pill Void Fiends, but more importantly, it would increase their cultivation talent!

That's right. Whether it was fiend beasts, divine beasts, or humans, their peak strength had always been determined at birth.

For those with low talent, no matter how hard they worked, they were unable to achieve anything in their lifetime.

Those with high talent could reach the peak of the Martial Dao even if they cultivated casually.

Unless someone with low talent suddenly obtained a huge opportunity, it was almost impossible for them to turn the situation around.

And what was a huge opportunity?

A huge opportunity was an opportunity that could increase cultivation talent.

No matter when, talent was the most important thing. Hard work was only secondary.

From the perspective of a large clan, the initial cultivation talent of the two Pill Void Fiends could only be said to be ordinary. Some people even said that they would never advance to the Saint Stage.

Until the two of them accidentally came into contact with the evil technique, "Blood Drinking"!

Through the continuous absorption of their bloodlines and increasing their talent, the two of them rose step by step. Not only did they successfully advance to the Saint Stage, but they also stepped into the tenth realm of the Great Void Stage and became super experts that shook the Seven Realms.

As for the fellow who said that they would never advance to the Saint Stage, he had long been killed by the two of them.

This time, the Pill Fiend and the Void Fiend had secretly come to the Nine Provinces Continent from the Sea Spirit Continent to deal with the Ying Clan of the Ming Province.

As long as they could absorb the Ying Clan's bloodline, their talent would definitely improve further, and they might even have a chance to break through to the Half God Stage!

At that time, no one in the Seven Realms would be able to stop them!

"Hehe, do you think the two of you are worthy of absorbing the bloodline of my Ying Clan?"

Although he was facing three experts of the same realm, Ying Shan was not afraid at all and sneered.

The Pill Fiend's face darkened when he heard this and he said coldly, "Hmph, you're about to die and you still want to act tough? Ying Shan, it seems that I thought too highly of you."

"Gentlemen, cut the crap. Get rid of him as soon as possible so as to avoid any unnecessary trouble."

Zhu Huang raised his voice.

This place was not far from Blue Essence City. With City Lord Shen's cultivation, it was very likely that he had already sensed it. However, it seemed like he did not plan to interfere.

However, who knew if City Lord Shen would change his mind later? Therefore, Zhu Huang did not want to delay any longer.

"Alright, let's end this quickly." The Void Fiend said impatiently.

As soon as they finished speaking, the auras of the three of them immediately formed an invisible barrier that enveloped Ying Shan and the group of Ying Clan experts.

"Patriarch, what should we do?" An expert of the Ying Clan said bitterly.

Even though they were experienced and knowledgeable, they had never encountered such a situation before.

After all, those three were all experts at the tenth realm of the Great Void Stage!

It was no exaggeration to say that this was a death trap!

As everyone knew, Ying Shan was the current strongest expert of the Ying Clan. Once he died, the Ying Clan would basically be finished.

"Patriarch, use your secret technique to escape. Leave this to us!"

The old man who was in charge of reporting Ying Yue's affairs said.

As soon as these words were spoken, it was like a fuse had been lit. Many experts of the Ying Clan expressed their stance one after another. "That's right, Patriarch. Run quickly. We'll cover your retreat!"

“The patriarch is the hope of our Ying Clan!”

“Hahaha, let me, Ying Zheng, experience the pavilion master of the Black Fiend Pavilion today!”

“...”

In the blink of an eye, dozens of Ying Clan experts surrounded Ying Shan in an attempt to buy time.

“Run? Hahaha, what did you think we were doing just now?”

The Pill Fiend threw his head back and laughed. “The space in this area has long been sealed by our array formation. Even a tenth realm Great Void Stage expert won’t be able to leave for the next hour.”

“What?”

Everyone’s expression changed drastically as they hurriedly spread out their spirit senses. Indeed, they discovered that they were surrounded by an extremely firm array formation that could not be torn apart at all.

“It’s really over...”

The old man’s face was ashen.

Even space had been sealed, proving that the other party did not plan on giving them any chance at all.

“Hehe, even if there wasn’t an array formation, I wouldn’t have left you behind and escaped.”

Just as many of the Ying Clan experts were feeling despair, Ying Shan suddenly spoke with a light tone without any fear.

“Patriarch...”

“Elder Ping, you watched me grow up. You should know my personality.”

The old man was silent.

Although the outside world thought that Ying Shan was very careful and would not take any risks, those who were familiar with Ying Shan knew that he also had a very “willful” side.

That was to never abandon any companions no matter what happened!

“But the Ying Clan...”

The old man was about to say something when he was interrupted by Ying Shan with a wave of his hand. “Alright, since we can’t escape anymore, why don’t we have a good fight?”

“Elder Ping, are you willing to fight alongside me?”

The old man was stunned. He felt his blood suddenly boil after being stagnant for countless years. He immediately shouted without hesitation, “Ying Ping is willing to follow the Patriarch to the death!”

“We pledge our lives to follow Patriarch!”

“We pledge our lives to follow Patriarch!”

The other Ying experts immediately echoed in unison, their voices echoing like thunder.

“Tsk tsk tsk, what a touching scene.”

Pill Fiend smacked his lips and said, “In that case, you can all die together.”

“Hmph, we still don’t know who will win!”

Taking a deep breath, a silver pattern suddenly lit up between Ying Shan’s brows. Then, this silver pattern continued to spread out, quickly covering his entire body, emitting a dazzling light.

“Ever since I mastered it, I haven’t had the chance to use it yet. Today, I’ll let you all taste the techniques from the Central Star Domain!”

Ying Shan slowly raised his head and looked at Zhu Huang.

In an instant, Zhu Huang felt as if he had fallen into an ice cellar. He couldn’t help but shudder!

What a terrifying feeling!

Without any time to think, Zhu Huang hurriedly said, "Be careful, the two of you. Ying Shan has been to the Central Star Domain before. You must not approach him casually!"

Central Star Domain?

The two Pill Void Fiends looked at each other in surprise.

At their level, how could they not know about the Central Star Domain?

However, they had only heard of it and had never been there.

According to rumors, not only were there many Half God Stage experts there, but there were even a lot of True God Stage experts there. There were even God King Stage experts holding down the fort.

God King Stage was an existence that the two Pill Void Fiends did not even dare to imagine!

Ying Shan had actually been to the Central Star Domain?

The two Pill Void Fiends could see the shock in each other's eyes and chose to retreat without hesitation!

The reason why the two of them were able to survive until now while cultivating the evil cultivation technique was not only because they had never killed on a large scale, but also because they were careful and never gave their opponents any chances.

They wouldn't attack unless they were sure they would win.

Buzz!

At the same time, the silver patterns on Ying Shan's body became more and more dazzling, piercing one's eyes and making it difficult to look straight.

"Damn it!"

Zhu Huang could not help but curse silently. He also chose to retreat. In his current state, he did not dare to face Ying Shan head-on.

Especially since he did not know what technique Ying Shan was using at this moment. If he rashly stepped forward, he might very well be targeted and be attacked first.

Even though Zhu Huang and the two Pill Void Fiends were in a cooperative relationship, Zhu Huang could not guarantee that if he was severely injured, the two Pill Void Fiends would not attack him. At that time, it would be tragic.

“Third Firmament Tribulation...”

Ying Shan muttered to himself as his aura rose again. He almost broke through to the tenth realm of the Great Void Stage, raising a violent wind that swept out.

“Patriarch...”

The old man was dumbfounded. Even he didn't know that Ying Shan had such methods.

“Elder Ping, do you remember that I once went out to train for a period of time?” Ying Shan asked with a smile.

“I remember.”

The old man was stunned and nodded repeatedly.

“Actually... At that time, I followed the route depicted in an ancient map and went to the Central Star Domain.”

Ying Shan explained, “I've never mentioned this to anyone else because it's too dangerous there. But there's no need to hide it now.”

“In 15 minutes, my lifespan will burn out and I will die. If I'm lucky, I might be able to kill that damned transvestite and severely injure the two Pill Void Fiends.”

At this point, Ying Shan grinned with killing intent.

In the distance, Zhu Huang couldn't help but shudder as an ominous feeling rose in his heart.

Just as Ying Shan was about to circulate his spirit energy and rush up to fight Zhu Huang, time and space suddenly froze, and the entire world fell silent.

Without waiting for Ying Shan to react, the spirit energy that was originally circulating quickly shrank and returned to his dantian. The silver patterns on his body gradually disappeared as if they had never existed.

In the blink of an eye, Ying Shan had already returned to his original appearance.

“How... how is this possible?”

Ying Shan looked at his hands and could hardly believe his eyes.

What just happened?

His move was instantly suppressed without any room for resistance.

Could it be the two Pill Void Fiends that caused this?

Impossible!

“Leave your life for now.”

A calm voice sounded. Then, a youth in snow-white clothes and long black hair silently appeared in front of Ying Shan.

The youth had an extraordinary temperament, as if he was a fairy that had descended to the mortal world. Even though everyone present had reached the fifth realm of the Great Void Stage or above and had firm minds, they could not help but be slightly stunned for a moment.

“You are...”

Ying Shan was stunned.

“How about a deal?”

The youth was none other than Qin Jue, who had just come out of Blue Essence City and happened to pass by here.

“What deal?” Ying Shan asked subconsciously.

“I’ll help you deal with these three fellows. In return, give me the ancient map that leads to the Central Star Domain.”

“S-sure.”

Ying Shan nodded in agreement despite thinking that it was a random request.

“Very good, Killing Dao. I’ll leave these three to you.”

Qin Jue turned around and ordered.

“Yes, Master.”

Killing Dao stretched and chuckled. “This one is a little stronger than the other three. I should be able to sweat a little this time.”

“Let’s start with you.”

Looking around, Killing Dao stretched out her hand and pointed at the Void Fiend.

The Void Fiend :”...”

What was going on?

Where did these two people jump out from?

They had already sealed the surrounding space, so how could they not sense anything?

“Watch out!”

The Pill Fiend exclaimed.

“Hmm, what’s wrong?”

The Void Fiend was somewhat dumbfounded.

“Rip!”

Endless killing intent suddenly condensed and instantly enveloped the Void Fiend!

“No!”

The Void Fiend finally realized that something was wrong. Unfortunately, it was already too late.

The killing intent came and went quickly. When it disappeared, the Void Fiend also fell from the sky.

Thump.

There were no injuries on his body, but the Void Fiend was dead!

This was the terrifying aspect of Killing Dao. When it came to dealing with living beings that were weaker than herself, there was utterly no need for her to attack. Merely her killing intent was capable of mincing the soul of the other party to death, leaving behind only a body!

There was dead silence!

The Void Fiend one of the two Pill Void Fiends, a tenth realm Great Void Stage expert, had actually died just like that?

What a joke!

Many cultivators with lower cultivation levels did not even see what was going on.

“Tch, I thought it would be different this time, but this one still died instantly.”

Killing Dao shrugged her shoulders and was slightly disappointed.

“...”

Was this person a monster?

...

“No!”

The Pill Fiend roared towards the sky and shouted at the top of his voice, “You actually killed Void Fiend. I’ll make you pay with blood!”

Although the Pill Fiend was a fiend who killed without batting an eye, it did not mean that he had no feelings.

One could only imagine how furious the Pill Fiend was after witnessing his partner, who he relied on, being killed.

This anger had already rushed to his head, causing him to make the stupidest decision and attack Killing Dao.

Blood qi poured down from the sky, turning into countless ferocious beasts that opened their bloody mouths to swallow Killing Dao. As for the outcome...

“Rip!”

Killing Dao raised her hand and waved it lightly. Endless killing intent condensed again, easily cutting through all the bloody vital beasts. It was unstoppable and directly pierced through the Pill Fiend!

“This...”

The Pill Fiend lowered his eyes as his pupils gradually lost their luster. Finally, he fell from the sky like the Void Fiend.

At this point, the two Pill Void Fiends had fallen.

The death trap that Zhu Huang had carefully planned had been broken!

“Impossible!”

Zhu Huang screamed as he formed hand seals with both hands, planning to use a secret technique to escape!

However, the space had already been sealed by the two Pill Void Fiends. Even though they had died, the spatial restriction had yet to be removed.

Therefore, Zhu Huang realized in despair that he was unable to escape!

“You’re the only one left.” Killing Dao said faintly.

“...”

“Bastard, you forced me to do this!”

Gritting his teeth, Zhu Huang instantly disappeared from his original spot and appeared beside the Void Fiend’s corpse.

“What is he doing?”

Qin Jue frowned.

In the next moment, Zhu Huang inserted his palm into the abdomen of the Void Fiend’s corpse!

Pfft!

Zhu Huang’s hand was covered in blood as he forcefully took out a ball of red light. Even from afar, one could still feel the dense spirit energy and blood qi emitted from the light!

“Could it be...”

Seeing this, Ying Shan seemed to have realized something and shouted, “Kill him quickly!”

Before he could finish his sentence, Zhu Huang had already stuffed the red light in his hand into his mouth!

Chapter 330: Instant Kill!

Translator: Atlas Studios Editor: Atlas Studios

Crack! Crack!

As if he was chewing food, dense blood qi flowed out from the corner of Zhu Huang’s mouth and spread out, looking sinister and terrifying!

At the same time, Zhu Huang’s aura began to rise rapidly. In the blink of an eye, he had already stepped into the peak of the tenth realm of the Great Void Stage!

“You...”

Ying Shan’s eyes widened in disbelief. “You actually cultivated the evil cultivation technique!”

It was very obvious that Zhu Huang was devouring the Void Fiend’s dantian to forcefully increase his cultivation, and this “cultivation” method was undoubtedly within the scope of the evil techniques!

“You forced me to do this!”

The moment he swallowed the red light, Zhu Huang’s aura finally reached its peak, almost approaching the Half God Stage. However, he was not satisfied. With a flash, he arrived beside the Pill Fiend’s corpse.

He actually wanted to devour the dantians of two experts of the same realm at once!

“Not good! Kill him!”

Ying Shan was shocked and hurriedly reminded.

However, Killing Dao acted as if he did not hear Ying Shan’s words. He looked at Zhu Huang with interest and smiled. “A cultivation technique similar to the Spirit Devouring Art. Interesting.”

“In that case, let me see how strong you can be after devouring the spirit energy of two tenth realm Great Void Stage experts.”

Ever since she left the Yin World, Killing Dao had never exercised properly. It was time for her, this divine artifact that had disappeared for hundreds of thousands of years, to reveal her true strength.

Pfft!

Zhu Huang’s expression was sinister. He took out another ball of red light from Pill Fiend’s body without hesitation and stuffed it into his mouth.

“Wu!”

Just as he swallowed his dantian, Zhu Huang’s expression changed drastically. He fell to his knees with a plop, and the flesh and blood on his entire body expanded crazily, as if he would explode at any moment!

One had to know that Zhu Huang was already injured and had even devoured the spirit energy of two experts of the same realm. How could he withstand it?

In an instant, Zhu Huang’s aura became incomparably chaotic!

“Ah!”

Zhu Huang threw his head back and screamed. Blood lines gradually split open on his feminine face, so much so that even his facial features could not be seen clearly.

If this continued, it wouldn't be long before Zhu Huang exploded from the spirit energy!

“Uh... Looks like I don't have to do anything.”

Killing Dao couldn't help but roll her eyes.

“Be careful!”

Ying Shan shouted.

“Hmm?”

Killing Dao frowned. Before she could react, a fist had already appeared in front of her!

Seeing this, Killing Dao was overjoyed instead of being shocked. She directly raised her hand to grab that fist.

Boom!

Heaven and earth shook as layers of energy ripples spread out. Wherever they passed, even the sealed space distorted slightly, almost shattering.

The Ying Clan experts were fine. With the protection of Ying Shan, they were barely affected.

On the other hand, the Black Fiend Pavilion experts that Zhu Huang had brought were not so lucky.

Two experts above the seventh realm of the Great Void Stage could still resist the impact. As for those below the seventh realm, they were directly sent flying and were severely injured.

“How powerful!”

Witnessing this scene, Ying Shan was shocked and gasped.

Boom!

With another loud bang, Killing Dao and Zhu Huang retreated a hundred meters each and stood opposite each other. The collision just now showed that they were actually equally matched!

“Hahaha, finally, a worthy battle.”

Killing Dao laughed loudly, forming a sharp contrast with her appearance.

“Hmph, you’re indeed a Half God Stage expert!”

At this moment, not only had Zhu Huang recovered from his injuries, a black halo had even condensed on his back. It was faintly visible, mysterious, and terrifying.

That’s right. After devouring the Pill Fiend’s spirit energy, Zhu Huang had successfully endured and broken through his shackles, advancing to the Half God Stage.

However, this advancement was only temporary and was very harmful to the body. However, in order to survive, Zhu Huang no longer cared.

“Although I don’t know where you jumped out from, I don’t have the time to waste on you.”

Sensing the abundant power in his body, Zhu Huang spread out his spirit sense, not intending to continue fighting Killing Dao.

As an old monster who had lived for nearly a hundred thousand years, Zhu Huang knew very well what he was worth.

At this point, it was already impossible for him to kill Ying Shan again. If he continued to fight, Zhu Huang would probably not be able to last for long. He might as well take advantage of the fact that his condition had not fallen and quickly flee.

He did not believe that he, a Half God Stage expert who had just advanced, could defeat Killing Dao.

After making up his mind, Zhu Huang immediately used a secret technique to forcefully tear open the spatial seal and escape into the void!

“Where do you think you’re going?!”

It had not been easy for her to encounter an opponent at the Half God Stage, so how could Killing Dao let him off? She tapped her jade finger in the air, and countless sword lights appeared. They forcefully severed space and forced Zhu Huang back.

“Damn it!”

Gritting his teeth, Zhu Huang hurriedly took out his weapon to block the sword beam. Then, he spat out a mouthful of blood essence onto his weapon and controlled it to attack Killing Dao as he used his secret technique again.

Facing Zhu Huang’s full-power attack that was burning with his blood essence, Killing Dao had no choice but to seriously defend. Seeing that Zhu Huang was about to escape, Qin Jue, who had been watching coldly from the sidelines, suddenly raised his palm and lightly slapped down.

Boom!

Space cracked as Zhu Huang fell like a meteorite, creating a pit with a diameter of 10,000 meters on the ground. It was bottomless.

Of course, that was not the main point. The main point was that Zhu Huang’s aura had disappeared!

Insta-killing a Half God Stage expert with a single strike?

Everyone looked at each other in fear.

“ ... ”

“ ... ”

Dead silence.

Ying Shan was dumbfounded.

He was extremely puzzled.

Originally, he thought that Killing Dao was already very terrifying, but he didn’t expect that Qin Jue was the most terrifying one!

When did such powerful existences appear in the Nine Provinces Continent?

“Master, why did you attack?”

Killing Dao was rather displeased.

“If I didn’t attack, he would have escaped.”

Qin Jue was speechless. “Alright, Patriarch Ying, we’ve already helped you deal with those three fellows. Take out the ancient map.”

“Ah? Oh, oh, oh!”

Ying Shan finally regained his senses and hurriedly took out the ancient map from his storage ring and handed it to Qin Jue.

“There are many places on this ancient map that I’ve marked. That place is very dangerous. You must not approach it.”

Before he finished speaking, Ying Shan suddenly realized that with the cultivation Qin Jue had displayed just now, it didn’t seem to matter even if he got close to those places.

“Yeah, thanks.”

Qin Jue nodded symbolically and turned around. “Killing Dao, let’s go.”

“Yes.”

In the next second, the two of them disappeared from their original spots without leaving any traces.

1

“ ... ”

After another moment, Ying Ping said bitterly, “Patriarch, are we saved?”

“I think... yes.”

After a pause, Ying Shan’s expression was extremely complicated. “Could these two be experts from the Central Star Domain and were accidentally lost in the Seven Realms?”

The other party had helped to deal with the three tenth realm Great Void Stage experts just to obtain an ancient map to the Central Star Domain. Given their strength, Ying Shan could not think of a second possibility.

“Forget it, let’s kill these Black Fiend Pavilion experts first.”

Taking a deep breath, Ying Shan’s eyes narrowed as he said coldly, “I’ll also flatten the Black Fiend Pavilion!”

Without the pavilion master, Zhu Huang, it was already impossible for the Black Fiend Pavilion to contend with the Ying Clan. Now, it would be a one-sided crushing!

Chapter 331: Late Awareness

Nine Provinces Continent, Ming Province, in the holy city.

Ying Clan, Elder Hall.

“What’s going on? Why can’t we contact Patriarch?”

A Ying expert paced the hall anxiously.

“Could the patriarch have been attacked?”

“Impossible. With Patriarch’s strength, unless that City Lord personally makes a move, who can do anything to him?”

Someone immediately retorted.

“Uh... that’s true.”

“...”

“Elders, Patriarch is back!”

At this moment, a guard stood outside the door and reported.

“Hahahaha, I knew that Patriarch would be fine!”

“Tch, that’s not what you said just now.”

“Quick, where is Patriarch?”

“ ... ”

Without any time to think, everyone hurriedly went out to welcome him.

It had to be known that to the current Ying Clan, Ying Shan was an existence that held up the sky. If anything happened to him, the entire Ying Clan might be destroyed. How could everyone not be happy when they learned that Ying Shan was fine?

Not long after, Ying Shan was welcomed by many Ying Clan experts to the Elder Hall.

“Patriarch, what’s going on? Why haven’t I been able to contact you these past few days?” The First Elder asked.

“It’s nothing. I encountered some accidents when I left Blue Essence City.”

Changing the topic, Ying Shan ordered, “Pass down the order. Prepare to gather our forces. We will attack the Hua Province tomorrow and head straight for the Black Fiend Pavilion.”

“Attack the Hua Province?”

The First Elder was stunned. “Didn’t you go to negotiate?”

In the First Elder’s opinion, with the appearance of that City Lord, he should have forcefully stopped the war. Why would he allow them to continue fighting?

“I did. However, Zhu Huang is dead now.”

Ying Shan did not continue, but everyone present were all old monsters that had lived for tens of thousands of years. How could they not understand what this meant?

Just like the Ying Clan, Zhu Huang was the pillar supporting the Black Fiend Pavilion. In other words, Zhu Huang’s death meant that the Black Fiend Pavilion was done for!

As the saying went, monkeys would scatter when the tree fell. Without a tenth realm Great Void Stage expert holding down the fort, would those former vassal forces still be willing to stand with the Black Fiend Pavilion?

Next, the Ying Clan would not need to wage a large-scale war at all to destroy the Black Fiend Pavilion!

“What? Zhu Huang is dead?”

The First Elder was shocked. “Are you serious?”

“Why would I lie to you?”

Ying Shan said indifferently, “I saw it with my own eyes. His soul was destroyed.”

In order to confirm that Zhu Huang had already died, Ying Shan specially went to look at the huge pit Qin Jue had made. Even Zhu Huang’s corpse had turned into mud and he was deader than dead.

“!!!”

Hearing this, the First Elder finally stopped doubting and roared with laughter. “Hahaha, that old thing is finally dead!”

It wasn’t just the First Elder. All the Ying Clan experts present revealed joyous expressions and were incomparably excited.

During the time they fought with the Black Fiend Pavilion, countless clan members had died. They had long been furious and wished they could tear the pavilion master of the Black Fiend Pavilion, Zhu Huang, into pieces. Now that Zhu Huang was dead, it was naturally great news for all of them.

“Did Patriarch kill him?” After calming down, the First Elder asked.

“No.”

Ying Shan shook his head.

First Elder was stunned. “Then was it City Lord Shen?”

“No.”

Ying Shan shook his head again.

“ ... ”

If it wasn't the patriarch or City Lord Shen, who could it be?

Was there anyone else in the Nine Provinces Continent who could kill Zhu Huang?

Everyone looked at each other in confusion.

Just as Ying Shan was about to describe his encounter outside Blue Essence City in detail, a white figure suddenly rushed in from outside.

"Father!"

The white figure was extremely fast and pounced into Ying Shan's arms.

"Mm? Why are you here?"

Ying Shan was surprised.

If Qin Jue were here, he would definitely recognize the white figure. It was the third miss of the Ying Clan, Ying Yue!

"I miss you."

At this moment, Ying Yue no longer had the high and mighty appearance from before. She was more like a girl who couldn't help but act coquettishly after being away from her father for a long time. She was extremely cute.

"Hai, I really don't know what to do with you."

Ying Shan said helplessly, "Father has business to attend to. You should leave first."

"No!"

Ying Yue's face was grave as she said firmly, "Didn't Father promise me that as long as I returned from this training, you would allow me to participate in the Elder Hall?"

"..."

Ying Shan pondered for a moment and was slightly stunned. He seemed to have said this before. He could only smile bitterly and say, "Alright, then you can sit beside me first."

“Sure!”

Ying Yue nodded heavily and obeyed.

In the Ying Clan, the authority of the Elder Hall was only inferior to that of the patriarch, so almost every member of the clan wanted to join the Elder Hall and become a higher-up. Ying Yue was naturally no exception.

However, according to normal procedures, only those above the sixth realm of the Great Void Stage and who had contributed to the clan before were qualified to participate in the Elder Hall. However, Yin Yue received special treatment since her father was the patriarch.

Regarding this, the Ying Clan experts present chose to turn a blind eye and pretend not to see it.

Then, Ying Shan deliberated his words and spoke tirelessly.

In the beginning, Ying Yue didn't think much of it, but when he heard Qin Jue and Killing Dao appear, she suddenly realized that something was wrong.

“Father, did the woman have a hoarse voice and was the man really handsome?” After hesitating for a moment, Ying Yue couldn't help but ask.

Ying Shan was stunned. “You know them?”

“Yes, Ling Feng, Mo Cheng, and Yan Ji were all killed by that woman.”

Ying Yue didn't hide anything and told him about her experience on the floating continent.

“ ... ”

Ying Shan was stunned. He never expected that his daughter had actually come across Qin Jue and Killing Dao before!

Fortunately, he had always taught his daughter not to cause trouble. Otherwise, Ying Yue would have died with those three pieces of trash.

“Girl, you did well.” Ying Shan praised.

“Hehe, according to my speculation, that woman might have already reached the fifth realm of the Great Void Stage, so I didn't dare to provoke her.”

“The fifth realm of the Great Void Stage?”

Ying Shan’s expression was strange as he said faintly, “Do you know how terrifying that woman is?”

Without waiting for Ying Yue to speak, Ying Shan continued, “She only used two moves to kill the two tenth realm Great Void Stage Pill Void Fiends!”

“As for that youth, he insta-killed Zhu Huang. This was even after he had devoured the spirit energy of the two Pill Void Fiends and forcefully advanced to the Half God Stage!”

“???”

Ying Yue could hardly believe her ears. Originally, she thought that the sixth realm of the Great Void Stage was already the limit of Killing Dao’s strength. She was shocked to find out that Killing Dao could even kill an expert at the tenth realm of the Great Void Stage!

Most importantly, that handsome youth without any spirit energy could instantly kill a Half God Stage expert!

Ying Yue was stunned. Only now did she realize what she had overlooked.

...

...

“Central Star Domain...”

Outside the Nine Provinces Continent, Qin Jue spread out the ancient map and carefully searched for the exact location of the Central Star Domain. Sure enough, Ying Shan had made many detailed markings on the map.

It had to be said that with the strength of Ying Shan, it was simply a miracle for him to successfully arrive at the Central Star Domain and return alive.

“Yes.”

Qin Jue’s pupils constricted as he quickly spread out his spirit sense without end!

Chapter 332: This Is the Central Star Domain?

Translator: Atlas Studios Editor: Atlas Studios

Hu.

In the vast void, Qin Jue closed his eyes slightly. His spirit sense continued to spread out like mercury, seemingly boundless.

Although Ying Shan had marked the ancient map in detail, he had missed one thing.

That was that Qin Jue didn't need to follow the route depicted in the ancient map at all. As long as he confirmed the location of the Central Star Domain, he could just construct a spatial gate, directly bringing him there.

"Found it!"

Qin Jue opened his eyes and lightly waved his hand. A dazzling golden light immediately bloomed, illuminating an area of 50 kilometers as if it was daytime.

These golden lights constantly distorted and changed. Soon, they condensed into a huge door that led straight to the destination marked on the ancient map!

"It's already done?"

Killing Dao was stunned.

"Of course."

Qin Jue shrugged his shoulders and flew into the spatial gate first. "Let's go."

"Oh."

Killing Dao was stunned. She hurriedly circulated her spirit energy and led Shi Tian to follow.

Ever since he left the Nine Provinces Continent, Qin Jue had handed Shi Tian to Killing Dao to look after. With Killing Dao's strength at the Half God Stage, it wouldn't be difficult for her to protect Shi Tian. Moreover, they had Qin Jue around.

However, when facing Killing Dao, Shi Tian was a little reserved.

No, if it were any other man, they would treat Killing Dao in the same way, provided that Killing Dao did not speak.

After passing through the spatial gate, there was still an endless void in front of the three of them. They could not see the end, but the surrounding spirit qi was clearly richer than the Nine Provinces Continent. Moreover, it was filled with spirit qi of various attributes. It was simply a holy land for cultivation.

“Is this the Central Star Domain?”

Qin Jue muttered to himself thoughtfully.

“Master, where are we going next?”

Killing Dao’s face was filled with anticipation.

Because of Qin Jue’s interference last time, Zhu Huang had been killed before Killing Dao could be satisfied. Thus, Killing Dao now urgently wanted to fight others. It was best if she could find someone who could match her strength.

“ ... ”

Hearing this, Qin Jue smiled and said with interest, “Since this place is called the Central Star Domain, there must be experts above the Half God Stage here. Let’s go find a few True God Stage experts and see if we can find out the exact situation of this world.”

“ ... ”

As soon as these words were spoken, Killing Dao was instantly listless. Even though she was the incarnation of a divine artifact, her cultivation was only at the Half God Stage.

If she had not sealed Yin Tianxing for hundreds of thousands of years, Killing Dao might have already successfully stepped into the True God Stage by absorbing the heaven and earth essence.

However, in the time she spent sealing Yin Tianxing, not only had Killing Dao not improved in the slightest, but her cultivation had even deteriorated due to being in a stagnant state for a long time. So how could he possibly fight a True God Stage expert?

“Alright, we...”

Seeing Killing Dao remain silent, Qin Jue was about to say something when a deafening explosion suddenly sounded from the distance, shaking the heavens and the earth!

“Hmm?”

Qin Jue frowned and looked in the direction of the voice. He saw a battleship flying over with flames, its speed incomparably fast!

“Rip!”

Killing Dao pointed her finger, and the battleship was instantly slashed open by the sword light, flying past them.

“What’s going on?”

Without waiting for Qin Jue to react, more and more battleships flew over from a distance. There were big and small battleships, and the big ones could accommodate hundreds of people. They were equipped with all kinds of weapons and were like sinister and terrifying void beasts.

The small ones could only accommodate two or three people, but they were extremely fast. They shuttled back and forth in the void and were simply impossible to capture. From time to time, they would shoot out a few spirit energy pillars that were exceptionally powerful.

These battleships were divided into two waves that were fighting each other. Both sides had no intention of holding back. In the blink of an eye, countless battleships had been destroyed, and they were as gorgeous as fireworks in the void.

“Uh...”

Qin Jue was speechless. Was this an interstellar war?

Boom!

Another battleship exploded, but the members inside successfully escaped. It was only at this moment that Qin Jue noticed that the people controlling these battleships were all cultivators of high levels!

These people who had escaped had all reached the Great Sage Stage.

Qin Jue felt weird picturing multiple Great Sage Stage experts fighting with battleships in an interstellar war.

What was even more interesting was that these Great Sage Stage experts all had weapons similar to firearms in their hands. As soon as they escaped from the battleship, they would shoot randomly. However, the bullets that were shot out were condensed by spirit energy and had extremely strong penetrative power. Even those small battleships were unable to withstand it. Once they were targeted by a focused fire, they would be easily destroyed.

“ ... ”

Qin Jue never expected that he would see this scene in the world of cultivation.

Was there a mistake somewhere?

Qin Jue took out the ancient map and carefully looked at it. That's right, this was indeed the Central Star Domain.

However, Qin Jue neglected one thing. It had been thousands of years since Ying Shan came to the Central Star Domain, so how could there be no changes in these thousands of years?

“ ... ”

Swoosh!

Right at this moment, a white light suddenly lit up, instantly crossing a hundred kilometers and hitting a thousand-meter-long battleship.

Crack! Crack!

The protective shield outside the battleship only lasted for less than half a second before it was torn apart. However, the white light did not stop there and forcefully pierced through it!

Boom!

In the next moment, the battleship exploded, turning into countless flames that scattered. A huge spatial rift was formed in the middle, and no one escaped alive.

With the main ship destroyed, one side immediately fell into chaos and was no longer in the mood to fight. They all fled in different directions and quickly disappeared from sight.

“That attack just now seemed to be the Doomsday Thunder on the Realm Lord’s ship.” The cultivator who belonged to the winning side said.

“Could it be that the Realm Lord is here?”

“Hahaha, with the Realm Lord personally stepping forward, do you think we won’t be able to deal with this bunch of trash?”

“...”

All the cultivators threw their heads back and laughed, incomparably happy.

“Mm? Look, what’s that?”

Suddenly, someone noticed Qin Jue and the others not far away.

“Hehe, they should be remnants of the Wood World. We can just kill them directly.”

The other person curled his lips and controlled the battleship to fire at Qin Jue without hesitation.

Boom! Boom! Boom!

Flames shot in all directions like a roaring dragon, instantly submerging Qin Jue and the others.

But when the flames dissipated, Qin Jue and the others still stood in place expressionlessly, as if nothing had happened.

“What?”

All the cultivators were shocked. It had to be known that the weapons on these battleships were all powered by spirit energy and could be used continuously after being loaded.

Even Great Void Stage experts would be severely injured if they were careless. Could these three be high-level Great Void Stage experts?

Before they could figure it out, a sword light tore through the sky!

“Rip!”

Sword light slashed past, easily splitting the battleship apart and exploding!

“What’s going on?”

“There seems to be more enemies!”

The commotion here quickly attracted the attention of the other battleships. In an instant, dozens of battleships flew over and surrounded Qin Jue and the others.

“Who are these people?”

“I don’t know.”

“Strange, they don’t look like a creature from the Wood World.”

“Then what should we do?”

“Hmph, who cares who they are? How dare he destroy our battleship? Die!”

Just as one of the cultivators was about to attack, Qin Jue and the others suddenly disappeared without a trace.

“Where did they go?”

“...”

Chapter 333: Remaining Memory

Translator: Atlas Studios Editor: Atlas Studios

Without any warning, Qin Jue and the others suddenly disappeared just like that, turning dozens of battleships into headless flies. No matter how hard they tried, they just couldn’t locate Qin Jue and the others.

“Could it be...”

Finally, a cultivator realized that something was wrong.

This was the Central Star Domain, where powerful living beings from all over were gathered. Any random passerby could be a high-level Great Void Stage expert or even a Half God Stage expert.

The fact that Qin Jue could disappear without leaving any traces in front of so many people proved that his strength was absolutely not low!

Realizing this, everyone looked at each other and could see the fear in each other's eyes.

One had to know that they had yet to completely deal with the Wood World. If they accidentally provoked another top faction, the Realmlord would definitely not let them off!

“Why don't... we go back first?” On the public channel, a cultivator suggested.

“Agreed!”

“Agreed!”

“ ... ”

Dozens of battleships immediately changed directions and simultaneously pretended that nothing had happened.

At the same time, on the huge flagship known as the Doomsday Thunder, the Realmlord of the Xun World welcomed three uninvited guests.

As the lord of a realm, Ruan Chuan controlled the life and death of countless living beings. He was high and mighty, and no one dared to disobey him.

But at this moment, he was lying on the ground, looking up at a youth. His entire body was in incomparable pain, and it was unknown how many of his bones had been broken.

“Who exactly are you...” Ruan Chuan asked weakly.

“Uh... this has nothing to do with you.” Qin Jue said indifferently.

“ ... ”

Taking a deep breath, Ruan Chuan gritted his teeth and said, “In that case, kill me!”

“Kill you? Why? I just want to ask you a few questions.”

Qin Jue was weirded out by the other party’s reaction.

Ruan Chuan: “???”

He just wanted to ask a few questions?

The Reamlord couldn’t help but feel baffled.

Seeing this, Qin Jue shrugged his shoulders and said innocently, “Don’t look at me like that. I didn’t hit you. You attacked first.”

Ruan Chuan :”...”

Although he was very unwilling to admit it, it was the truth.

From the moment Qin Jue appeared until now, he had never even touched Ruan Chuan. It was Ruan Chuan who used all his strength to punch Qin Jue.

In the end...

Ruan Chuan suffered a backlash. All the meridians and bones in his body broke inch by inch. If Qin Jue hadn’t removed the backlash in time, he would have died.

What kind of monster was this guy?

Ruan Chuan wanted to cry but had no tears to shed. He had never thought that he would one day be severely injured by someone else’s backlash. Even a True God Stage expert wouldn’t be able to do this, right?

“What question do you want to ask?”

Why would the Reamlord refuse an opportunity to survive?

“No need. That would be too troublesome.”

Qin Jue flicked his finger and a golden light instantly entered the space between Ruan Chuan’s eyebrows.

“What did you do to me?”

Ruan Chuan was shocked and struggled to stand up before ultimately failing.

“Hmm?”

In the next moment, Ruan Chuan widened his eyes in disbelief. What was going on? The cracked meridians and bones in his body were healing at an extremely fast speed!

In less than five minutes, Ruan Chuan could already stand up and his injuries had completely recovered.

“This...”

Sensing the abundant energy in his body, Ruan Chuan was dumbfounded.

“It’s that golden light!”

After a long while, Ruan Chuan suddenly reacted and turned around. Qin Jue and the others had already disappeared, leaving only the empty main hall.

“Who... are they?” Ruan Chuan muttered to himself, unable to calm down for a long time.

...

“Hu, I finally understand what’s going on.”

After reading Ruan Chuan’s memories, Qin Jue heaved a sigh of relief.

As the name suggested, the Central Star Domain was the center of the world. However, the Central Star Domain was extremely huge and contained billions of stars. Therefore, there was naturally a huge difference between the different places.

The area he was currently in was the eastern part of the Central Star Domain, the most chaotic and weakest place.

Of course, that was only relative to the Central Star Domain. Compared to the Seven Realms, it was still an incomparably powerful place.

What was worth mentioning was that this place emphasized on scientific cultivation and perfectly combined technology with cultivation, which was why Qin Jue had seen the scene just now.

In a way, the combination of cultivation and technology was indeed good, especially in war. Through his combination, accuracy and destructive power would be greatly improved. This was also the reason why the Eastern Region was the most chaotic.

However, because they relied too much on technology, the cultivators in the Eastern Region were much weaker than their peers in other regions and were always suppressed.

As for Ruan Chuan, he was the realmlord of the Xun World and a Half God Stage expert.

There were many other realmlords in the Eastern Region, and there were countless people stronger than Ruan Chuan.

Unfortunately, Ruan Chuan was only at the Half God Stage. He had never even left the Eastern Region, let alone understand this world.

“Let’s go find the strongest expert in the Eastern Region first.”

According to Ruan Chuan’s memories, the strongest expert in the Eastern Region had the strength of an upper realm True God Stage expert who controlled hundreds of worlds and had peerless might.

This realm was absolutely not something one could underestimate. Here, Qin Jue could also find out more about the world.

After making up his mind, Qin Jue constructed another spatial gate and went to find the strongest expert.

Ten minutes later, Qin Jue successfully found the strongest expert. Unfortunately, the other party was already dead.

“Hehe, so this is the strongest expert in the Eastern Region? He’s not much.”

In the huge pit, a man in black took out his dagger and curled his lips in disdain.

In front of him was a burly man with bulging muscles lying on the ground. His eyes were wide open and lifeless. He was the current strongest expert in the Eastern Region!

“Next target, Western Region.”

“Hmm?”

Suddenly, the black-robed man frowned and looked behind him. In an instant, he felt a cold air surge from his feet to his head!

Without any time to think, the man in black hurriedly retreated and said in shock, “Who are you guys?”

He actually failed to sense the people approaching him!

“We’re here for him.”

Qin Jue pointed at the man lying on the ground.

“He’s already dead.” The man in black said coldly.

“It’s alright. You will do just fine.”

Qin Jue shrugged his shoulders indifferently.

“Me?”

The man in black was stunned.

“Yeah.”

Qin Jue couldn’t be bothered to waste his breath. He raised his hand and grabbed at the black-robed man.

To be able to kill the strongest person in the Eastern Region, it meant that the black-robed man was definitely stronger. Since they were both upper realm True God Stage experts, Qin Jue didn’t mind at all.

“Not good!”

The black-robed man’s figure distorted slightly as he tried to dodge. However, he quickly realized that he could not dodge!

“Don’t worry, I’m just taking a look at your memories. I won’t hurt you.”

Qin Jue went straight to the point.

“What?”

Hearing this, the black-robed man's expression changed drastically. He immediately bit his tongue, spat out a mouthful of blood essence, and escaped into the void!

“...”

“He escaped?”

Killing Dao was surprised.

This was the first time she had seen someone escape from Qin Jue.

“Yeah.”

Qin Jue nodded and said, “I have no enmity with him, so I just let him go.”

“But I kept the memories.”

Qin Jue opened his palm and condensed a ball of light which revealed a faint scene.

Chapter 334: Immortal Divine Sect

The light flickered slightly and floated in Qin Jue's palm. One could faintly see the scene inside, lifelike.

“This is...”

Killing Dao was shocked.

“I casually copied that guy's memories.” Qin Jue said indifferently.

“???”

A copy of one's memories?

What kind of technique was this?

Killing Dao was dumbfounded and immediately had a new understanding of Qin Jue's strength.

“This one probably won’t disappoint.” Qin Jue said meaningfully.

Since he was able to kill the strongest person in the Eastern Region, it meant that the black-robed man’s strength was absolutely not lower than an upper realm True God Stage expert.

He just didn’t know why the other party wanted to kill this strongest expert of the Eastern Region. Also, judging from the situation, he seemed to be eyeing the Western Region. However, that had nothing to do with Qin Jue.

Soon, Qin Jue read through the black-robed man’s memories and grasped the key information.

As expected, this was a high-level dimension. Because there were many experts, it was known as the Heavenly Realm.

Just like the God Realm, the Heavenly Realm was connected to many low-level dimensions of various sizes. Only by advancing to the God King Stage could those low-level dimension beings ascend to the Heavenly Realm.

Unfortunately, Qin Jue didn’t find any information about the God Realm or the Inner Realm.

This made sense. After all, if the two high-level dimensions had crossed paths, the cultivators from both sides would have fought long ago.

As for the Inner Realm, it clearly did not belong to the same dimension as the Heavenly Realm.

Moreover, Qin Jue had once used a soul searching technique on Feng Xi. As the master of the Heavenly Palace and a top expert of the Divine Realm, no matter how ill-informed Feng Xi was, Feng Xi would have known about other high-level dimensions if they had made contact. It was just that Qin Jue had remained hopeful all this time.

It seemed like returning to the Inner Realm was not that simple.

In addition, Qin Jue also discovered a secret.

Apart from the Eastern, Western, Southern, and Northern Regions, there was also a core place in the Central Star Domain, known as “Heaven’s Beyond”.

As everyone knew, regardless of whether it was the east, west, south, or north, the publicly acknowledged strongest experts were only upper realm True God Stage experts. This was not because there were no God King Stage experts in the Central Star Domain, but because they were all gathered in Heaven's Beyond!

The man in black named Wu Shi just now was from a top faction in Heaven's Beyond: the Immortal Divine Sect.

Strictly speaking, the Immortal Divine Sect was a demonic sect because the cultivation techniques they cultivated were mostly evil. They could easily refine a continent and cause misery and suffering to the people, so they were regarded as public enemies by many factions.

However, the Immortal Divine Sect was too powerful, and it even had several God King Stage experts holding down the fort. No one could do anything about it. They could only try their best to restrict it, but they could not eliminate it completely.

As for the black-robed man, he was one of the elders of the Immortal Divine Sect, a peak upper realm True God Stage expert. After receiving the order, he had deliberately left Heaven's Beyond to assassinate the strongest experts of the Eastern, Western, Southern, and Northern Regions. As for the reason, even the black-robed man himself did not know.

After reading this, Qin Jue pondered. It was obvious that the Immortal Divine Sect was plotting something.

However, Qin Jue wasn't interested in being nosy for the time being. He only wanted to find the exact location of the God Realm or the Inner Realm as soon as possible and then break through the spatial barrier to return.

"Should I go to Heaven's Beyond to take a look?"

Qin Jue was rather conflicted.

At present, looking for the God Realm with this method was no different from searching for a needle in a haystack. It was almost impossible.

Even those God King Stage experts might not know about the God Realm.

Was there really no other way?

The only thing that was certain was that there was definitely a connection between the two. Otherwise, why would Qin Jue be swept here by the spatial realm?

Qin Jue wondered if he should... try entering the Spatial Turbulence Realm again?

Thinking of this, Qin Jue's eyes lit up. He had been searching for information about the God Realm, but it had caused him to fall into darkness and forget why he had come here.

Perhaps he could really use the Spatial Turbulence Realm to return to the Inner Realm.

Just as Qin Jue was thinking, a black figure suddenly flew out from the space behind him and headed straight for his head!

"Hmm?"

Qin Jue frowned slightly. A layer of golden light instantly lit up on the surface of his body, repelling the black figure.

"How is this possible?"

The black figure let out a scream and was about to escape into space when it was enveloped by the golden light that swept out and froze in place. No matter how he struggled, it was useless.

"It's you!"

Qin Jue never expected that the black-robed man would actually return and attack him from the side.

"Wu... what did you do to me?!"

The black-robed man frantically circulated his spirit energy in an attempt to break free from the golden light. However, he could not succeed this time. He couldn't even escape by burning his blood essence.

"Didn't I already let you go? Why did you come back to court death?" Qin Jue looked down at the black-robed man and said coldly.

Because he had no enmity with the black-robed man, he had deliberately let him go just now. But now that the black-robed man had attacked him, he couldn't just let the matter slide.

"Hmph, you know too much!" The man in black gritted his teeth.

Qin Jue : "..."

Could it be that this guy could tell that his memories had been stolen?

Impossible. Not to mention that the black-robed man was only an upper realm True God Stage expert, even a God King Stage expert would not be able to tell.

Perhaps... the man in black only said that because Qin Jue had seen the other party kill the strongest person in the Eastern Region?

"I don't care who you are. You better let go of me quickly."

The black-robed man sneered and said, "I've already spread the news here. Soon, more experts will rush over. If you don't want to die, obediently surrender!"

"..."

"Uh... did you cultivate too many evil techniques and damage your brain?"

Qin Jue knew that many cultivators who cultivated evil cultivation techniques were very violent and stupid. Otherwise, why would they cultivate evil techniques in the first place?

However... this black-robed man's stupidity was a little too exaggerated. He had yet to figure out the situation.

In fact, just in case, Wu Shi had indeed spread the news here. That was why he chose to attack Qin Jue fearlessly.

It was just that Wu Shi didn't expect Qin Jue to be so powerful. Just the spirit energy shield alone had repelled his full-power attack and even easily controlled him. It was simply inconceivable!

After being mocked by Qin Jue, Wu Shi immediately calmed down. He believed that he was invincible against those below God King Stage.

Otherwise, the Immortal Divine Sect wouldn't have allowed him to assassinate the strongest person in the four regions.

And the strength Qin Jue had displayed made him realize that Qin Jue was a God King Stage expert!

After understanding this, Wu Shi gradually became frightened.

If the experts sent by the Immortal Divine Sect later were only at the True God Stage, wouldn't they be dead meat?

The black-robed man cursed.

How could there be a God King Stage expert here?!

"Since you're already here, why hide?"

Qin Jue lightly waved his palm and directly wrapped Shi Tian and Killing Dao in golden light to prevent the two of them from being accidentally affected.

"So soon?"

Wu Shi was stunned.

"Wu Shi, what's going on?"

As the last word fell, several black-robed figures appeared and floated in the air.

The black-robed man in the lead had pitch-black eyes without any white. His entire body emitted a sinister and strange aura that was unfathomable. A black halo burned brilliantly behind him, as if even heaven and earth were prostrating before his feet!

"Vice Sect Master!"

Wu Shi was overjoyed.

Chapter 335: "Invitation"

Translator: Atlas Studios Editor: Atlas Studios

"Vice Sect Master!"

Wu Shi was overjoyed.

Originally, he thought that the Immortal Divine Sect would at most send a few True God Stage experts. He didn't expect that even the Vice Sect Master had come!

"Wu Shi, what's going on?" The leader of the black-robed men said coldly with a calm expression.

"Vice Sect Master..."

Without any time to think, Wu Shi hurriedly explained the entire matter, including how Qin Jue easily controlled him and the possibility of him being a God King Stage expert.

One had to know that there were not many idiots who could cultivate to this level. Wu Shi did not dare to hide anything or add fuel to the fire.

Putting aside the fact that Wu Shi had no idea when the other party had arrived, the Immortal Divine Sect was also not like those orthodox sects that were extremely protective of their own people.

Even with Wu Shi's status, he could be betrayed at any moment if he was careless.

"I see."

After hearing Wu Shi's description, the vice sect master frowned slightly and looked at Qin Jue. "I wonder where this little brother is from."

"Why should I tell you?" Qin Jue asked instead of answering.

The vice sect master : "..."

"How dare you!"

An expert from the Immortal Divine Sect behind the black-robed man shouted angrily. He wanted to step forward to intimidate, but he was stopped by the black-robed man.

"Retreat. Wu Shi's guess is right. This young brother is indeed at the God King Stage. You're not his match."

“What?”

As soon as these words were spoken, everyone was shocked.

When did such a young God King Stage expert appear in the Central Star Domain?

The other experts were puzzled as to why they never heard of him before.

Although they were all upper realm True God Stage experts and seemed as if they were only half a step away from the God King Stage, the difference between them and God King Stage experts was like the difference between heaven and earth.

Unlike True God Stage experts, God King Stage experts were already able to grasp the power of laws of the world. Their strength far surpassed any ordinary person’s understanding, and they could kill an ordinary upper realm True God Stage expert with a single slap. Even a peak upper realm True God Stage expert like Wu Shi would at most take two slaps to kill, let alone a lower realm True God Stage expert.

A large part of the reason why the Immortal Divine Sect could remain in Heaven’s Beyond and not be destroyed was because there were God King Stage experts holding down the fort.

For example, this vice sect master in front of Qin Jue had once flattened many orthodox factions by himself, killed several upper realm True God Stage experts before leaving gracefully.

That was also the battle that made the black-robed man famous. From then on, his might shook Heaven’s Beyond, and he became a nightmare in the eyes of countless righteous experts.

One could only imagine how great the difference between the two was.

“Since you’re unwilling to reveal where you’re from, you can still tell us your name, right?”

The black-robed man placed his hands behind his back and continued to ask with a smile.

“Qin Jue.” Qin Jue answered truthfully.

This time, Qin Jue didn't refuse and answered truthfully.

"Hahaha, what a good name."

The black-robed man laughed. "My name is Lu Xing, and I'm the vice sect master of the Immortal Divine Sect. Nice to meet you."

"..."

It was difficult to imagine that this black-robed man with a calm and modest attitude would be a terrifying fiend that killed and exterminated people at every turn.

"Hello."

Qin Jue naturally wouldn't be deceived by the other party's words. After all, he had just read Wu Shi's memories and knew very well how ruthless the black-robed man was.

The reason why the other party was so polite to Qin Jue was only because he was wary of Qin Jue's strength.

Who would be willing to provoke a God King Stage expert for no reason?

"If there's nothing else, I'll leave first."

Qin Jue flew up and prepared to leave with Shi Tian and Killing Dao.

"Wait!"

Suddenly, Lu Xing's palm released black light that turned into a heaven-reaching barrier that blocked Qin Jue's path.

"Little Friend Qin, I want to invite you to stay at the Immortal Divine Sect for a few days. How about it?"

Lu Xing continued, "Don't worry, I won't stop you from going anywhere in a few days. However, I hope you can cooperate for the next few days."

It was clear what Lu Xing meant by this. He wanted to temporarily imprison Qin Jue to prevent him from leaking any news. From this, it could be seen that the Immortal Divine Sect was indeed plotting something.

“And if I say no?” Qin Jue narrowed his eyes and said calmly.

“Then we can only bring you to the Immortal God Sect without injuring you, Little Friend Qin.”

Lu Xing smiled and said, “Although Little Friend Qin might be fine, it’s hard to say for these two.”

The two people Lu Xing was referring to were naturally Killing Dao and Shi Tian.

“Okay, I agree.”

Qin Jue first pretended to be conflicted before nodding slightly, looking like he was being threatened and could only be forced to submit.

Originally, Qin Jue didn’t want to bother with Lu Xing at all, but he suddenly remembered that the sect master of the Immortal Divine Sect was a upper realm God King Stage expert. If he was lucky, he might be able to come into contact with more information about this world.

If that plan didn’t work, it wouldn’t be too late for him to rely on using the Spatial Turbulence Realm.

“But before that...”

Qin Jue raised his palm before letting it fall lightly.

“No!”

Wu Shi screamed in fear.

Boom!

Space shook, raising dust that filled the sky and sweeping out in all directions.

“You!”

Lu Xing’s pupils constricted as he hurriedly circulated his spirit energy in an attempt to save Wu Shi. Unfortunately, it was already too late.

When the dust and smoke dissipated, a bottomless palm print appeared on the ground. As for Wu Shi, his soul had long been destroyed, deader than dead.

“This person ambushed me just now. It shouldn’t be a problem for me to kill him, right?”

Qin Jue pretended to be innocent.

Although he didn’t have any enmity with Wu Shi, Wu Shi absolutely deserved to die for the sins he committed. Qin Jue naturally wouldn’t have any psychological burden after killing him.

It also served as a warning to Lu Xing.

“ ... ”

“No problem.”

Taking a deep breath, killing intent flashed in Lu Xing’s eyes. “He deserves to die for offending Little Friend Qin.”

“Alright, let’s go.” Qin Jue said impatiently.

Lu Xing :”...”

For some reason, Lu Xing felt like he was the one who had been tricked.

Was it an illusion?

Who cares? When they arrived at the Immortal Divine Sect, Qin Jue wouldn’t be able to control the situation anymore!

Thinking like this, Lu Xing immediately revealed a symbolic smile. “No problem.”

As soon as he finished speaking, black light erupted from Lu Xing’s palm again, and it quickly formed an array formation that floated in front of everyone.

“This teleportation formation can take us to the Immortal Divine Sect.” Lu Xing explained.

“Yeah.”

Hearing this, Qin Jue immediately brought Shi Tian and Killing Dao into the range of the teleportation formation without any hesitation.

Seeing this, Lu Xing was stunned. He didn't expect Qin Jue to be so cooperative. Was there something wrong?

Buzz!

Right at this moment, the formation had already been activated, and Lu Xing could only give up on his thoughts and enter the teleportation formation with the other experts of the Immortal Divine Sect.

Hu.

Black light soared into the sky and disappeared into the void.

...

Central Star Domain, Heaven's Beyond, Immortal Divine Sect.

As the most notorious demonic faction in Heaven's Beyond, the Immortal Divine Sect could be said to be notorious. Countless living beings and worlds had been destroyed by them.

However, not only was there no fiendish aura in the headquarters of the Immortal Divine Sect, but it was also exceptionally beautiful. At least, that was what it looked like on the outside.

All kinds of strange flowers and herbs could be seen everywhere, emitting dense spirit qi.

In the forest, trees were luxuriant, and auspicious beasts passed through. Every building was filled with an ancient feeling, and it was simply no different from a paradise.

Buzz!

Black light flickered and several figures appeared. It was Qin Jue and the others.

“Little Friend Qin, welcome to the Immortal Divine Sect..” Lu Xing spread out his hands and said proudly.

Chapter 336: The Sect Master Wants to See You

Translator: Atlas Studios Editor: Atlas Studios

“Welcome to the Immortal Divine Sect.” Lu Xing spread out his hands and said proudly.

“Is this the Immortal Divine Sect?”

Qin Jue smiled, not surprised.

He had long learned the exact situation of the Immortal Divine Sect from Wu Shi’s memories and knew almost everything here like the back of his hand, so how could he be surprised?

Seeing this, Lu Xing frowned. His suspicions of being tricked by Qin Jue became stronger and stronger.

Especially since Qin Jue had been acting nonchalantly from beginning to end. If one didn’t know better, they would think that he was on vacation instead of being imprisoned.

“Little Friend Qin, this way please.”

As soon as he finished speaking, Lu Xing slowly rose into the sky and flew towards a mountain in the distance.

“Yeah.”

Without any hesitation, Qin Jue followed. Shi Tian and Killing Dao followed closely behind.

“This is a place our Immortal Divine Sect specially uses to receive guests. Before this matter ends, I hope that Little Friend Qin can stay here in peace and not go anywhere.” A moment later, Lu Xing landed on the mountain peak and said seriously.

In front of him was a silent courtyard. It was extremely vast and was surrounded by more than a hundred dense formations. Rather than saying

that it was a place to entertain guests, it would be more appropriate to call it a cage.

“No problem.”

Qin Jue shrugged his shoulders indifferently.

In any case, as long as he was willing, he could leave at any time. No one could stop him.

Hearing this, Lu Xing heaved a sigh of relief. “Then I’ll have to trouble Little Friend Qin for the time being.”

“Also...”

After hesitating for a moment, Lu Xing couldn’t help but ask, “Is Little Friend Qin interested in joining the Immortal Divine Sect?”

The reason why the Immortal Divine Sect was able to become a top faction in Heaven’s Beyond was not only because they had a God King Stage expert holding down the fort, but also because fresh blood would flow in every day.

These new blood did not necessarily have to be fiends who cultivated evil techniques. There were also some people who did not want to be restricted by the rules or some unfortunate people who had offended a large faction.

The former were mostly “lunatics” who often did all kinds of inconceivable things. They were even more terrifying than cultivators who cultivated the evil techniques because they did not know their bottom line.

The latter was forced to join the Immortal Divine Sect to seek protection in order to avoid being hunted down.

In short, it was very simple to join the Immortal Divine Sect. All one had to do was agree.

However, it was extremely difficult to come into contact with the core members of the Immortal Divine Sect. Without sufficient strength and experience, it was almost impossible.

Moreover, in order to prevent spies from other factions from infiltrating, all the higher-ups of the Immortal Divine Sect had to cultivate evil techniques.

Otherwise, no matter how strong they were, one still couldn't become a higher-up.

Lu Xing suddenly chose to rope Qin Jue in only because he felt uneasy in his heart.

"After joining the Immortal Divine Sect, you will have absolute freedom..."

Before he could finish speaking, Qin Jue directly interrupted with a wave of his hand. "Not interested."

Lu Xing : "..."

"The environment is not bad. If there's nothing else, I'll go in and rest first."

Without waiting for Lu Xing to speak, Qin Jue directly walked towards the courtyard.

Lu Xing : "..."

This was clearly the Immortal Divine Sect, so why did it feel like Qin Jue was the master?

"Vice Sect Master, are we really going to let him stay here?" The Immortal Divine Sect member whispered with a worried expression.

If Qin Jue was really a God King Stage expert, then it would be impossible for the array formation in this courtyard to imprison him.

"I'll inform the sect master. Investigate this person's identity as soon as possible. There must be no mistakes." Lu Xing ordered with a dark expression.

"Yes!"

Upon receiving the order, the Immortal Divine Sect member trembled slightly and instantly disappeared from his original spot.

"Qin Jue..."

Lu Xing kept repeating Qin Jue's name, but no matter how hard he searched his memories, he couldn't find the corresponding person.

One had to know that although all the God King Stage experts of the Heaven Realm were gathered in Heaven's Beyond, there were less than twenty of them in total. Moreover, Lu Xing knew all of them. He couldn't figure out where this young God King Stage expert came from.

Did he just ascend from a low-level dimension?

Lu Xing pondered. It was indeed possible.

But if he had ascended from a low-level dimension, shouldn't he be a little more cautious? Why was Qin Jue so calm?

Unable to figure it out, Lu Xing simply chose to give up. He set up a few more strands of spirit energy around the courtyard to ensure that he could monitor Qin Jue before turning around to go and inform the Sect Master.

At the same time, in the courtyard, Qin Jue retracted his spirit sense and stretched lazily. "I'm so tired. I'll sleep first."

Originally, he thought that Lu Xing would directly attack him after arriving at the Immortal Divine Sect. However, he didn't expect Lu Xing to delay his attack, so Qin Jue was somewhat disappointed.

Killing Dao : "..."

Shi Tian : "..."

"..."

Ignoring the two of them, Qin Jue took out a pot of spirit wine, raised his head, and drank it all. Then he casually chose a room and fell asleep.

As for what would happen after that, he didn't care. He decided to deal with it after waking up.

Although the outside of the courtyard was covered in array formations that were no different from a cage, the space inside the courtyard was exceptionally large. There were more than ten rooms, and the spirit qi density was not inferior to the floating continent from before. To low-level cultivators, this was simply heaven.

Shi Tian immediately sat cross-legged impatiently and entered a cultivation state.

In the end, only Killing Dao alone was bored as she observed the surrounding array formation. It was unknown what she was thinking.

During this time, Yun Xi left Qin Jue's arms once. However, after seeing that there was nothing delicious in the courtyard, she crawled back in.

The next day, the sun was bright and cloudless. The Immortal Divine Sect was still operating as usual, as if nothing had happened. However, under this calmness, there were already undercurrents flowing.

Qin Jue opened his eyes and arrived in the courtyard. Immediately, crackling sounds came from his entire body like thunder.

"Hu, I feel refreshed."

"Master."

Killing Dao hurriedly stepped forward and bowed.

"Yeah."

Qin Jue nodded and asked, "Can you change your voice?"

It couldn't be helped. Every time he heard Killing Dao speak, there was a dense feeling of dissonance. It was truly unbearable.

"Sure."

Killing Dao grinned. "I can change my voice according to Master's preferences."

Qin Jue : "..."

Qin Jue almost wanted to curse. Why couldn't Killing Dao tell him this earlier?

"Hmm... something mature and normal." After pondering for a moment, Qin Jue said.

"No problem."

Killing Dao smiled. "How is this, Master?"

"This..."

Qin Jue was stunned. Killing Dao's voice instantly changed from hoarse to mature. Coupled with her heroic appearance, she was simply filled with temptation, making one want to conquer her.

"Yes, this will do."

Qin Jue nodded repeatedly.

"Hehe, so Master likes this kind of voice."

Killing Dao covered her mouth and chuckled. Qin Jue also no longer felt uncomfortable.

Qin Jue : "..."

At this moment, Lu Xing's voice suddenly sounded from outside, breaking the awkwardness. "Little Friend Qin, can you come out for a moment?"

"What is it?" Qin Jue casually responded.

"Sect Master wants to see you."

Sect Master?

Qin Jue was stunned. He was just about to go and take a look at this Sect Master's memories.. He didn't expect the other party to come knocking on his door.

Chapter 337: A Favor

If it were any other faction, the sect master might not be the strongest person, because there was very likely a grand elder or other grandmasters cultivating in seclusion.

However, in the Immortal Divine Sect, the sect master was the most powerful existence. There was no need to doubt this. Otherwise, no one would listen to his orders.

After all, all the cultivators who were willing to join the Immortal Divine Sect were fiends that killed people like flies. Without sufficient strength, how could the sect master make others submit?

As for the current sect master of the Immortal Divine Sect, he practically suppressed all the experts of the sect with his own strength. None of them dared to raise their head in the slightest.

The reason was very simple. This sect master of the Immortal Divine Sect was an upper realm God King Stage expert. Even in the entire Heavenly Realm, he was still one of the top existences. The reason why the Immortal Divine Sect could remain standing without falling was absolutely related to the fact that no faction dared to attack him forcefully.

Under Lu Xing's lead, Qin Jue quickly arrived at the Immortal Divine Sect's Sect Master's location. Shi Tian and Killing Dao were left in the courtyard.

However, before leaving, Qin Jue deliberately set up a barrier. Without his permission, no one could step into the courtyard.

"Sect Master, Little Friend Qin has already arrived."

Outside the main hall, Lu Xing bowed and reported.

This was a palace built with icefire stones. It was extremely gorgeous and contained two spirit qi of different attributes. It could be said to be a place of fire and ice.

If an ordinary cultivator was careless while cultivating inside, their meridians would explode from the two types of spirit qi and they would die.

"Let him in."

After a while, a cold voice sounded from within the palace, leaving no room for doubt.

"Yes."

Lu Xing turned around and said to Qin Jue, "Little Friend Qin, please enter."

Qin Jue didn't think too much about it and directly walked into the palace.

Hu.

As soon as he entered the main hall, the spirit qi of the two attributes immediately rushed over like a wave, as if it was trying to swallow Qin Jue.

Wherever it passed, even space was slightly distorted, revealing an irregular shape.

However, Qin Jue acted as if he couldn't see the two streams of spirit qi and continued to walk forward by himself, isolating all the impact from ten meters away without moving at all.

Just like that, Qin Jue continued forward until he saw the young man sitting at the end of the hall.

“Hahaha, you're indeed at the God King Stage.”

The young man was incomparably handsome. He had tied his hair into a golden crown, and his eyes were red and white as he looked straight at Qin Jue. He didn't look like a fiend lord at all. Instead, he looked more like a genius disciple of a large clan. His temperament was gentle, refined, and calm.

According to Wu Shi's memories, this sect master was once the holy son of a certain orthodox faction. For some unknown reason, he suddenly switched to cultivating evil techniques and killed all the members of the sect, ultimately falling into the demonic path.

After that, relying on his incomparably powerful talent, this young man rose step by step and broke many records. In the end, he became one of the only four upper realm God King Stage experts in the Heavenly Realm.

Even though the young man was already the sect master of the Immortal Divine Sect, his experience was still legendary.

However, up until now, no one knew why the youth had suddenly switched to cultivating evil cultivation techniques and what had happened to his original orthodox faction.

“Sect Master Guan.” Qin Jue put his hands behind his back and said indifferently.

“Oh? You know me?”

The young man was surprised.

Before meeting Qin Jue, the Immortal Divine Sect had already thoroughly investigated Qin Jue's identity, but they couldn't find anything.

There were usually only two possibilities for such a situation:

Firstly, Qin Jue had always lived in seclusion and never appeared in public.

Secondly, Qin Jue had just ascended from a low-level dimension.

Whether it was that possibility, it proved that Qin Jue's talent was absolutely not low.

As everyone knew, the most important things in the path of cultivation were spirit qi and resources. However, most of the resources were in the hands of those top factions.

If Qin Jue had been living in seclusion, it was naturally impossible for him to have too many cultivation resources. In other words, it meant that he had relied on using very few cultivation resources to advance to the God King Stage. How could someone with low talent achieve something like this?

As for the God King Stage experts who could ascend from the low-level dimensions, they were all top-notch geniuses.

Now, among the four high-level God King Stage experts in the Heavenly Realm, two of them were from low-level dimensions. It could be seen how exaggerated it was.

"I've heard of you."

Qin Jue was neither servile nor overbearing.

"I see."

Guan Ce smiled and said, "I heard from Lu Xing that your name is Qin Jue?"

"That's right."

Qin Jue picked his ear and lazily said, "What do you want?"

"Are you willing to join the Immortal Divine Sect?" Guan Ce said patiently.

"Lu Xing has already asked this question. He's unwilling."

Qin Jue refused without hesitation.

“ ... ”

“Are you sure?”

Guan Ce narrowed his eyes with a dangerous light.

“Yes!”

“Aren’t you afraid that I’ll attack you?”

“No.”

“ ... ”

Silence fell.

Boom!

The hall shook violently as invisible energy ripples spread out and soared into the sky!

The energy ripples came and went quickly. When the hall completely calmed down, Qin Jue stood in place unscathed, as if nothing had happened.

“What was the meaning of that?”

In that instant just now, Guan Ce suddenly attacked like a bolt of lightning. However, he chose to avoid Qin Jue the moment he was about to touch Qin Jue without causing any damage.

“I didn’t want to kill you. I just wanted to test you. You passed my test.” Guan Ce said indifferently.

“You also saved your life.”

Qin Jue laughed instead of being angry.

If Guan Ce hadn’t stopped just now and attacked Qin Jue directly, he would most likely have been severely injured by the backlash and might even have died on the spot.

However, what was Guan Ce testing?

“Young man, you’re too arrogant. But I like it.”

Guan Ce changed the topic and said, “Actually... I called you here to ask you for a favor.”

“A favor?”

Qin Jue was stunned and thought that he had misheard.

“Mm. As long as you are willing to help me hand this jade slip to the old ancestor of the Sword God Valley, I will let you leave right now.”

Guan Ce flicked his finger and a jade slip immediately fell into Qin Jue’s hand.

“Sword God Valley?”

Qin Jue was stunned. According to Wu Shi’s memories, wasn’t that an orthodox faction?

Among them, the patriarch of the Sword God Valley was even one of the four upper realm God King Stage experts. His sword techniques were peerless in the Heavenly realm. In terms of offensive strength alone, almost no one was his match.

Guan Ce actually wanted to contact the patriarch of the Sword God Valley?

What was going on?

Could it be that the patriarch of the Sword God Valley was related to the Immortal Divine Sect?

Or could it be that Guan Ce was actually a spy sent by orthodox factions to the Immortal Divine Sect?

In an instant, a conversation flashed in Qin Jue’s mind. “It’s been so many years, I’ve already become the sect master of the Immortal Divine Sect...”

In fact, this possibility could basically be ruled out, because with what Guan Ce had done in the past, it was absolutely impossible for him to be a spy.

“Why don’t you go yourself?” Playing with the jade slip, Qin Jue asked.

“I can’t leave this place.”

Guance pointed above his head. “They will sense it.”

They?

Qin Jue looked up and saw nothing.

“They don’t belong to this world.”

Originally, Guan Ce thought that after he said this, Qin Jue would reveal a surprised or frightened expression. Instead, Qin Jue’s eyes lit up, his face full of excitement!

Chapter 338: Will of the Outside World Will

“W-what are you planning?”

Seeing Qin Jue staring at him excitedly, Guan Ce couldn’t help but shudder.

“Nothing.”

Qin Jue smiled and said, “Let me see your memories.”

“???”

Without waiting for Guan Ce to react, Qin Jue’s palm suddenly emitted a dazzling golden light that enveloped him.

“How dare you!”

Guan Ce was furious. He raised his hand and waved it in an attempt to erase the golden light.

However, he quickly discovered that the golden light was tangible and had no substance. It was neither spirit energy nor a domain. It could not be erased.

“How could this be...”

Just as Guan Ce was shocked, he suddenly felt like something had entered his mind.

“Stop! Stop!”

Guan Ce screamed fiercely as if he had gone crazy. He no longer had the gentle and refined appearance from before.

Unfortunately, no matter how Guan Ce struggled, it was useless. He couldn't even move. On the other hand, Qin Jue's expression was indifferent, and he had no intention of stopping.

It was only at this moment that Guan Ce realized that Qin Jue's strength far surpassed his understanding!

Guan Ce wondered where this youth... no, where this monster had come from.

“Sect Master...”

Sensing the commotion here, Lu Xing, who had been guarding outside, immediately rushed in. He thought that Guan Ce was attacking Qin Jue, so he didn't hesitate to take out his weapon, wanting to cut off Qin Jue's retreating route and prevent him from escaping.

However, when he saw the scene in front of him, he was stunned.

What was going on?

Was the Sect Master defeated?

In the next moment, Lu Xing felt his vision go black as he fell to the ground and lost consciousness.

Ever since he destroyed the Heavenly Palace last time, Qin Jue had already realized that the God King Stage wasn't as powerful as he imagined. As long as he was willing, he could instantly kill them at any time.

“How is this possible...”

Guan Ce's eyes almost split open. He could not believe his eyes.

Before he could finish his sentence, the golden light dissipated, and the hall returned to calm, as if nothing had happened.

Although it had only been a few seconds, Guan Ce was already covered in sweat and almost collapsed.

“It’s over, it’s over...”

Guan Ce’s face was ashen as he muttered to himself, as if he had lost his soul. He kept repeating the same sentence.

On the other side, Qin Jue’s eyes were closed. He was in a strange state, and it was unknown what he was thinking.

Logically speaking, Guan Ce should have attempted to sneak attack Qin Jue at this time. However, he didn’t do so. Instead, he took a deep breath, stood up, and went to Lu Xing. He took out a huge hammer and smashed it heavily on Lu Xing’s head!

Crack!

As golden blood sprayed out, Lu Xing’s head shattered like a watermelon, and even his soul was shattered. He was deadlier than dead!

After doing this, Guan Ce smiled relaxedly.

“Looks like you haven’t completely lost your conscience.” Qin Jue opened his eyes and said faintly.

“ ... ”

Hearing this, Guan Ce was surprisingly calm. “Those guys will descend soon, and the Heaven Realm will be destroyed.”

After a pause, Guan Ce looked at Qin Jue. “And all of this was caused by you.”

Hearing this, Qin Jue was not angry. Instead, he said with interest, “I’m very curious. As a dignified holy son of an orthodox sect, how did you end up becoming a puppet, killing all your fellow disciples, and becoming the sect master of the Immortal Divine Sect?”

“ ... ”

Guan Ce opened his mouth but was speechless. There were tears flickering in the corner of his eyes.

Through the memories he had just read, Qin Jue had already understood all of Guan Ce's experiences and finally understood why he wanted to contact the patriarch of the Sword God Valley.

Just as mentioned before, Guan Ce was once the holy son of a certain orthodox faction, and that orthodox faction was called "Sword King Pavilion", which was also a branch of the Sword God Valley.

To a certain extent, Guan Ce could be considered half a disciple of the Sword God Valley.

Because of his outstanding talent since he was young, he had always bested his peers. Coupled with his diligent cultivation, Guan Ce quickly stood out and became the youngest holy son in the history of the Sword King Pavilion. He was even favored by the patriarch of the Sword God Valley and was taught the core sword techniques of the Sword God Valley.

According to this plot, Guan Ce should have advanced vigorously and eventually become the new Valley Master of the Sword God Valley.

Unfortunately, things did not go according to plan. On a training trip, Guan Ce had accidentally entered the "Devil's Den" and had cultivated the evil cultivation technique "Spirit Devouring" from the outside world. Although his strength had increased greatly, he had also been corroded by the will of the outside world and had fallen into the demonic path, killing all the members of the Sword God Pavilion.

Next, Guan Ce was pursued by the Sword God Valley and could only flee. He was forced to join the Immortal Divine Sect and seek protection.

Then, under the corrosion of that will, Guan Ce fell deeper and deeper until he could no longer control himself and became a fiend that killed without batting an eye.

Fortunately, as his strength continued to increase, the influence of the will from the outside world on Guan Ce gradually weakened. Guan Ce also regained control of his body and slowly regained his consciousness.

Even so, the will still continued to influence Guan Ce. After losing control of Guan Ce, the will started to influence the higher-ups of the Immortal Divine Sect.

Perhaps even Lu Xing and the others did not realize that the seeds of the will of the outside world had long been planted in their bodies. Because of this will, they were often ordered to do inconceivable things.

For example... setting up array formations.

That's right, they wanted to directly open the dimensional gate through the array formation and descend to the Heavenly Realm!

As for why Guan Ce sent Wu Shi to assassinate the strongest experts in the four regions, it was only to prevent any accidents from happening. After all, there were many core array formations set up in these four regions.

This was also the reason why Guan Ce could not leave the Immortal Divine Sect. Once he left, he would immediately attract the attention of that will, causing it to descend in advance.

Qin Jue's appearance made Guan Ce see hope, so he wanted Qin Jue to inform the patriarch of the Sword God Valley and destroy several important array formations to stop the will from descending.

In the end, he didn't expect Qin Jue to forcefully read his memories, causing Guan Ce to lose his mind and alert that will. It was basically impossible for him to destroy the array formations now.

Soon, the original body of the will would lead an army to the Heaven Realm. At that time, the Heaven Realm would definitely be destroyed!

As a cultivator of the "Spirit Devouring", Guan Ce knew very well how terrifying this cultivation technique was. When cultivated to a high level, it could easily absorb the spirit qi of a continent.

If the other party's will was so powerful, who knew how terrifying the original body was?

Guan Ce didn't dare to imagine it.

"If you only want to tease me about this, then please do as you please."

After a moment of silence, Guan Ce sighed.

Qin Jue didn't care about this. In fact, what he cared about the most was whether he could return home. Now that the dimensional gate could be opened, did it mean that he could find the God Realm?

After all, at the moment, this method was much more reliable than the Spatial Turbulence Realm.

"Report! Sect Master, bad news!"

Right at this moment, an expert of the Immortal Divine Sect suddenly ran in and shouted with an extremely panicked expression.

"What is it?"

Guan Ce frowned slightly.

"The... the three top factions are attacking!"

"What?"

Guan Ce was shocked for a moment before laughing instead of being angry. "Alright, alright, alright.. In that case, let's welcome death together."

Chapter 339: Surrounding the Immortal Divine Sect

Translator: Atlas Studios Editor: Atlas Studios

Rumble!

Streams of spirit energy fell like thunder and ceaselessly struck the Immortal Divine Sect's sect protecting formation, causing layers of ripples to spread out.

Although the Immortal Divine Sect's sect-protecting formation was extremely sturdy, it still could not withstand such constant attack. It looked like it was about to collapse at any moment.

"Old Han, come out and die!"

"Hmph, this array formation won't last much longer. Continue attacking!"

"Kill that demonic Guan and avenge the Sword God Pavilion!"

“ ... ”

Outside the Immortal Divine Sect, countless orthodox cultivators floated in the air. As they bombarded the sect protecting formation, they shouted angrily, as if they wanted to rush into the sect protecting formation and kill all the evil cultivators inside.

...

“What happened? Why would the three top factions suddenly attack our Immortal Divine Sect?” An evil cultivator with a frightened expression asked.

“I’m not sure. If I didn’t run fast and was lucky enough to hide in the sect-protecting Formation, I’m afraid I would have died.”

The cultivator’s companion shook his head and shivered.

As everyone knew, there were a total of four upper realm God King Stage experts in Heaven’s Beyond, and they were respectively holding down four top factions. They were the Immortal Divine Sect, the Sword God Valley, the Divine Seal Tower, and the Divine King Domain.

Apart from the Immortal Divine Sect, the other three were all orthodox factions.

However, because of the various benefits involved, the three factions had never besieged the Immortal Divine Sect. It was simply inconceivable for them to join forces and attack the Immortal Divine Sect’s headquarters.

“What should we do? The sect-protecting formation is about to collapse. If this continues, we will all die.”

Seeing that the sect-protecting formation was becoming weaker and weaker, the evil cultivator who spoke earlier could not help but speak with a trembling voice.

Regardless of their reason for joining the sect, basically no one in the sect was a good person. This evil cultivator was naturally no exception.

Just the number of innocent living beings that had been killed by him alone was countless. Now that the Divine King Domain had placed a kill order on

this evil cultivator, once the sect-protecting formation was broken, he would almost definitely die!

“Don’t be afraid, we’ve already informed the higher-ups. Sect Master and the others will rush over soon!”

Before he could finish his sentence, an indescribably powerful aura suddenly rose from behind and swept out like a wave, crushing all the evil cultivators present until their figures froze and they almost couldn’t breathe!

“It’s Sect Master!” Someone exclaimed.

“Sect Master’s divine might is matchless, unparalleled under the heavens!”

“Sect Master’s divine might is matchless, unparalleled under the heavens!”

In an instant, deafening shouts sounded, piercing through gold and splitting stone.

At this time, Guan Ce naturally became their last hope.

“Look, there’s also the vice sect master!”

At the same time, another powerful aura rose. Although it was worlds apart from Guan Ce, it had also reached the God King Stage.

This aura belonged to another vice sect master of the Immortal Divine Sect, Gui Ying.

Strictly speaking, Gui Ze’s qualifications should be higher than Guan Ze’s, but after Guan Ze stepped into the upper realm God King Stage, Gui Ze had to step down and became the vice sect master.

In recent years, Gui Ting had been cultivating in seclusion, trying to surpass Guan Ce. Unfortunately, he had failed to do so.

Swoosh!

The two of them instantly crossed thousands of kilometers and appeared in front of everyone. Their speed was so fast that it was impossible to capture with spirit sense.

“Mm? Where’s Lu Xing?”

The old man was ghastly-looking. His eyes were sunken, and his face was pale and bloodless, giving off a sinister and strange feeling.

Since they were both vice sect masters, Gui Xing and Lu Xing had a good relationship, so he immediately realized that the other party was not around.

“Dead.” Guan Ce answered truthfully.

“What?”

Ghost was stunned. “Are you sure?”

“Yeah, I killed him.”

“???”

“What did you say?!”

Gui Xing was furious. “You killed Lu Xing?”

“What’s wrong? Is there a problem?”

Guan Ce glanced at him disapprovingly.

In his opinion, since everyone would die later, he wasn’t afraid of admitting what he did.

“You!”

Gui Xing was furious, but there was nothing he could do.

After all, there was a powerful enemy in front of them right now. However, even if there was no enemy, it was still impossible for Gui Xing to be Guan Ce’s match.

At this point, Guan Ce couldn’t be bothered to waste his breath. He raised his hand and waved it lightly, directly withdrawing the sect-protecting formation.

Pu! Pu! Pu!

In an instant, dense spirit energy balls fell, looking exceptionally gorgeous like stars that filled the sky!

Hu!

Seeing this, Guan Ce waved his hand again, and all the spirit energy balls immediately disappeared, as if they had never existed.

“Hahaha! The array formation is broken!”

“Old Monster Han, die!”

“Kill Guan Ce!”

“Kill!”

Just as many orthodox experts were about to rush into the Immortal Divine Sect, the leading Half God Stage expert suddenly shouted, “It’s the fiend, Guan Ce. Retreat!”

“What?”

Hearing this word, the expressions of the orthodox experts who had been clamoring to kill Guan Ce changed drastically. They retreated crazily, afraid that if they were any slower, they would be eaten by this fiend who killed without batting an eye.

It couldn’t be helped. Guan Ce’s reputation was too terrifying. Facing an upper realm God King Stage expert, who would dare to court death?

“Guan Ce, you’re finally willing to come out.”

At this moment, a tall and charismatic middle-aged man flew over from afar. He held a sword and was filled with killing intent.

“Valley Master.”

Guan Ce’s expression was serious as he bowed.

That’s right, the middle-aged man was the current Valley Master of the Sword God Valley, a lower realm God King Stage expert.

“Hmph, I’m not qualified to be your Valley Master.” The middle-aged man said coldly.

“ ... ”

Opening his mouth, Guan Ce sighed. "You're not my match. Tell the patriarch to come out."

"Guan Ce, long time no see."

In the next moment, space distorted, and an old man with long brows and shoulders walked out. His aura couldn't be said to be formidable, but it was filled with boundless Sword Intent that was almost corporeal!

"Patriarch!"

This time, Guan Ce was even more respectful, like a junior meeting an elder. He was almost kneeling and kowtowing.

Guan Ce's actions dumbfounded everyone. Was this really the incomparably ferocious Sect Master of the Immortal Divine Sect?

Was there a mistake somewhere?

"Guan Ce, don't try to curry favors. No matter what, I will definitely not let you off this time!" The middle-aged man shouted angrily.

"Hehe, I should have died long ago."

Guan Ce smiled. "I should have died a hundred thousand years ago when I accidentally entered the Devil's Den."

At this point, Guan Ce flicked his finger and a jade slip immediately fell into the old man's hand.

"What is this?"

The old man frowned.

"Patriarch, you will be able to tell after taking a glance."

Hearing this, the old man swept his spirit sense and revealed a shocked expression. "Is everything on this true?"

"That's right."

Guan Ce said with relief, "I am not afraid of death, nor do I deny that I have done evil deeds in the past. However, I hope the Patriarch will understand that I was not acting on my own will."

"I'm not talking about that. I'm asking if the owner of that will is really going to descend to the Heaven Realm?" The old man asked.

"???"

It turned out that Guan Ce was overthinking things.

Without waiting for Guan Ce's reply, loud bangs suddenly sounded from the depths of the void. Then, the noise even spread to the entire Central Star Domain!

"This is..."

Everyone was shocked.

"The array formation has been activated.." Guan Ce said solemnly.

Chapter 340: Descent

Translator: Atlas Studios Editor: Atlas Studios

"The array formations have been activated!"

As soon as he finished speaking, the entire Central Star Domain immediately shook violently. In an instant, countless experts who were in seclusion were awakened and ran out of their secret chambers.

"What happened?"

"What's going on?"

"What a powerful spatial fluctuation."

"Is that... a dimensional formation?"

Most of these experts had already reached the True God Stage and were knowledgeable. Therefore, they quickly realized that something was wrong and revealed frightened expressions.

Apart from the dimensional formation, there was no other way for an array formation to cover the entire Central Star Domain.

At the same time, the Sword God Valley Patriarch's expression changed slightly. "So soon?"

"That's right."

Guan Ce looked up at the sky and was exceptionally calm. "Today is the end of the Heaven Realm."

Boom!

Bolts of lightning flickered as a visible crack was instantly torn open. This crack continued to spread until it turned into a pitch-black hole!

Seeing this, Guan Ce took a deep breath and said bitterly, "It's coming!"

When all the array formations were activated, the spatial rift gradually stabilized, almost becoming corporeal!

"Rip!"

Suddenly, Patriarch Sword God activated his spirit energy and created countless blades that tore through the void in an attempt to destroy the spatial rift.

Unfortunately, when these blades approached the spatial rift, they were immediately resolved by an invisible force without raising any waves.

"How is this possible?"

Witnessing this scene, the Valley Master of the Sword God Valley gaped in disbelief, his face filled with shock.

One had to know that in terms of attack power, even among the four upper realm God King Stage experts, the Sword God Patriarch was the strongest existence. The Sword God Patriarch couldn't believe that the spatial rift could actually neutralize his attack?

It wasn't just the Sword God Valley Master. All the experts above the Half God Stage were dumbfounded and had an ominous feeling.

“It’s useless.”

Guan Ce smiled bitterly. “It’s already too late.”

As the main body that had been affected by the will of the outside world for nearly a hundred thousand years, Guan Ce knew very well how powerful that will was. As long as the other party successfully activated the dimensional formation, then what awaited the Heaven Realm would definitely be destruction.

“What happened?”

At this moment, the patriarchs of the Divine Seal Tower and the Divine King Domain finally couldn’t help but appear and ask.

This expedition against the Immortal Divine Sect had gathered almost all the forces of the three top factions. Naturally, the other two upper realm God King Stage experts had also arrived.

“See for yourself.”

The Sword God Patriarch’s face darkened as he threw the jade slip to the two of them.

Hearing this, the two of them were stunned for a moment before they hurriedly used their spirit sense to scan the jade slip and said in shock, “What? Is everything on this true?”

Guan Ce pointed at the spatial rift in the depths of the void. He was neither servile nor overbearing. “Is there a need for me to lie to you?”

“Dammit! Since that’s the case, hurry up and stop that fellow!” The Divine King Domain Patriarch said angrily.

“It’s too late.”

Guan Ce shrugged his shoulders helplessly.

If he could, he would have stopped it long ago. Why would he have waited until now?

Originally, Guan Ce thought that all of this was Qin Jue’s fault. However, after calming down, he couldn’t help but feel somewhat ashamed.

If he had not entered the Devil's Den by mistake and cultivated the evil techniques, how could this have happened?

Even if Qin Jue didn't read his memories and alarmed the owner of the will, could he really stop the other party from descending?

It was only a matter of time.

Just as everyone was arguing, an incomparably huge will suddenly came from the spatial rift. It was as vast as a starry river. Whether it was Guan Ce, the Sword God Valley Patriarch, or the others, they all felt suffocated for a moment.

If even four upper realm God King Stage experts were like this, then there was even less of a need to talk about the others.

Some with lower cultivations spat out blood on the spot and fainted. As for some with slightly stronger cultivations, they were unable to withstand the pressure and knelt on the ground. Only a few dozen upper realm True God Stage experts could barely stand.

"How is this possible..."

The Sword God Valley Master gritted his teeth and straightened his body. He had never expected things to turn out like this.

"Hahaha, I've waited 100,000 years for this day."

A loud laugh sounded and spread throughout the Central Star Domain like a thunderclap. In an instant, countless living beings trembled. It was fear that came from the depths of their souls!

"Hmm?"

As if recalling something, the owner of the will suddenly swept back and locked onto Guan Ce. "Little fellow, we finally meet."

In the next second, a two-meter-tall figure in golden armor appeared in front of everyone. His skin was purple and he was extremely burly. His aura was ethereal, as if he would disappear at any moment, but he was still real. It was simply inconceivable.

“ ... ”

Seeing that the original body of the will that had affected him for 100,000 years had successfully passed through the dimensional formation and descended to the Heavenly Realm, Guan Ce's expression was complicated and hard to describe.

“Tsk tsk, I'm in luck. You're all here.”

The person looked around and continued, “You can call me Kui Mie, the destroyer of the world.”

“It's been a long time since I've seen a world with such dense vitality. How fragrant.”

“Don't worry, I've always maintained a respectful attitude towards my food, so you won't feel any pain later.”

1

At this point, the purple burly man who called himself Kui Mie turned to look at Guan Ce. “As for you, little fellow, you're not bad. I can take you away from here and head to a wider world.”

“Sorry, I'm not interested.” Guan Ce gritted his teeth and said coldly.

“Hehe, that's not up to you.”

Kui Mie flicked his finger lightly, and Guan Ce immediately discovered that he had lost control of the spirit energy in his entire body and was unable to move.

The other party had easily suppressed an upper realm God King Stage expert with a single finger. It was simply ridiculous.

The three patriarchs looked at each other and could see the shock in each other's eyes.

“Let's start with the three of you.”

Kui Mie did not delay at all as he raised his hand to grab the other three upper realm God King Stage experts.

After nearly a hundred thousand years of planning, Kui Mie had long become familiar with the Heaven Realm. He also knew that the three people in front of him were the strongest experts besides Guan Ce. Kui Mie could not wait to eat them.

Seeing this, the expressions of the three patriarchs changed drastically. They were about to circulate their spirit energy when they lost control of their bodies like Guan Ce and were forcefully restrained.

“Hehe, although you guys are a little weak, you should taste pretty good.”

Kui Mie licked his lips and drooled.

“Stop! What are you doing?!” Guan Ce roared.

“Hehe, little fellow, don’t forget what cultivation technique you’re cultivating. In a way, I’m your master.”

Kui Mie said unhurriedly, “Looks like you still don’t understand the meaning of Spirit Devouring.”

“But it’s okay. I’ll show you now.”

As he spoke, Kui Mie slowly opened his mouth and erupted with a terrifying suction force!

The three of them were still frozen in place and did not move at all. However, the spirit energy and vitality in their bodies were forcefully pulled out and flew towards Kui Mie!

Hu!

Seeing that boundless spirit energy and vitality were about to transform into a long stream that surged into Kui Yin’s mouth, a golden light suddenly lit up and interrupted Kui Mie!

“Who is it?!”

Kui Mie was shocked. He did not sense anyone approaching!

The golden light streaked across like a meteor and disappeared in the blink of an eye. However, before it vanished, it forcefully severed the suction force from Kui Mie and saved the three patriarchs.

“Who is it?!”

Kui Mie hurriedly retreated with a vigilant expression.

He did not sense anyone approaching at all!

Right at this moment, a peerlessly handsome youth in fluttering white clothes suddenly flew over from afar. He held a wine pot in his hand and had an extraordinary bearing, and he seemed to be strolling leisurely as he lightly arrived in front of everyone.

As soon as the youth appeared, he immediately became the focus of everyone’s attention. It couldn’t be helped. It was hard for him not to attract attention with his appearance.

Moreover, the youth was really too handsome. He could be said to have no blind spots, especially his indescribable temperament. Even though these cultivators had lived for tens of thousands of years, they still couldn’t help but find him somewhat stunning.

“Are you... the person who read Guan Ce’s memories?”

Kui Mie was stunned for a moment before he said in a deep voice as if he had recalled something.

Although Kui Mie had gradually lost control of his body ever since Guan Ce had advanced to the God King Stage, he had still kept a strand of his will in his body.

This was also why Kui Mie was alarmed when Qin Jue read Guan Ce’s memories. Otherwise, Kui Mie wouldn’t have been in such a hurry to descend to the Heavenly Realm.

Due to being in a hurry, Kui Mie’s dimensional formation could only last for an hour. In other words, Kui Mie had to settle things within an hour. Otherwise, he would be temporarily trapped in the Heavenly Realm.

“Oh? You’re the original body of that external will?”

Qin Jue sized up Kui Mie with a strange expression.

Why did this guy look so much like Thanos? Even his skin and armor looked the same. It was a pity that he was missing a gauntlet.

For some reason, Kui Mie felt his heart palpitate when Qin Jue stared at him like this, so he took a deep breath and broke the silence. "You're not a living being of this world, right?"

Although Kui Mie had just descended to the Heaven Realm, his will had already arrived there a hundred thousand years ago. Therefore, he knew very well that it was absolutely impossible for there to be an existence that surpassed the God King Stage in this world.

"That's right."

Qin Jue shrugged his shoulders and said truthfully, "I really don't belong to this world."

Hearing this, Guan Ce's heart shook. It was only at this moment that he realized that he had overlooked something.

Since Qin Jue could easily control him and read his memories, it must mean that he was also quite powerful.

No wonder Qin Jue had been fearless from beginning to end. It turned out that he had no reason to be afraid at all!

"This world is mine." Kui Mie narrowed his eyes and gritted his teeth.

"Really?"

Qin Jue looked around and pretended to be at a loss. "Why don't I see your name written anywhere?"

"..."

"Since you want to take what's mine, let's fight."

"No, no, no. I'm not interested in this world."

Qin Jue shook his head repeatedly. "Do you know about the God Realm?"

“God Realm?”

The sudden change in topic stunned Kui Mie. “Are you talking about... Wait, why should I tell you?”

Seeing this, Qin Jue smiled. “Take me there.”

It was obvious that Kui Mie knew about the God Realm.

It had to be said that Qin Jue was really lucky. As for whether it was the same God Realm, he would only find out later.

“Hehe, why should I?”

Kui Mie sneered.

“Hai, alright.”

Qin Jue shrugged his shoulders helplessly. “Looks like I’ll have to beat you until you submit. Only then will you be willing to take me there.”

“How shameless.”

Kui Mie was fearless and confident in himself.

As soon as he finished speaking, Qin Jue raised his arm and lightly waved it.

Boom!

Accompanied by a loud bang, Kui Mie was sent flying before he could defend himself and instantly disappeared from sight.

“...”

Everyone looked at each other, dumbfounded.

What was going on?

Where did he go?

Swoosh!

Several breaths later, Kui Mie flew back, but blood flowed from his nose and mouth. The armor on his body was also broken, with cracks appearing. This was even after Qin Jue had deliberately held back.

If he accidentally killed Kui Mie, that would be tragic.

“Do you want to continue?” Qin Jue asked again.

“Hmph, I was just unprepared just now. Again!”

Wiping the blood from the corner of his mouth, Kui Mie refused to be outdone.

“Are you ready this time?” Qin Jue asked with a smile.

“...”

Kui Mie’s expression changed indeterminately. He felt extremely humiliated and immediately circulated his spirit energy to take the initiative to attack!

Hu!

Before he could approach Qin Jue, Kui Mie had already raised a spirit energy tide that filled the sky, spreading out in all directions!

“What terrifying spirit energy!”

The Sword God Valley Patriarch and the others hurriedly raised their shields and retreated, afraid of being affected by the battle.

“Die!”

Kui Mie threw his head back and roared. His voice shook the void, piercing through gold and splitting stone!

Finally, as the light of Kui Mie’s full-power attack shone, Qin Jue was instantly submerged!

Boom! Boom! Boom!

It was like a blazing sun had bloomed, illuminating the entire Heaven’s Beyond. At the same time, space continued to distort and collapse, forming a pitch-black hole. The two overlapped, appearing extremely shocking!

However, the explosion did not last for long. As if blocked by an invisible barrier, it stopped spreading. Then, under Kui Mie's incredulous gaze, the explosion began to crazily contract!

In less than half a minute, the terrifying energy that was enough to destroy Heaven's Beyond was squeezed until it was only the size of a glass ball. It quietly floated in Qin Jue's palm, crystal clear.

“???”

Kui Mie opened his mouth in disbelief.

He could accept that Qin Jue wasn't dead or even unscathed, but... what kind of technique was this?

Time reversal?

Spatial divine ability?

Even with Kui Mie's cultivation, he was stunned.

If even Kui Mie was like this, then there was even less of a need to talk about the others. Especially Guan Ce, his eyes almost popped out.

Pu.

Qin Jue flicked his finger, and the energy ball that contained Kui Mie's full strength immediately turned into countless specks of light that dissipated and fused into the void, as if nothing had happened.

“Do you want to continue?” Qin Jue asked again.

“...”

Although it was hard to accept, Kui Mie had no other choice but to face reality. He had no chance of winning.

“I can bring you to the God Realm, but...”

“Wait.”

Qin Jue interrupted Kui Mie with a wave of his hand. “You have no choice and have no right to negotiate with me. Either you bring me there, or I'll use a soul

searching technique on you now and then kill you and go myself. Understand?”

Qin Jue knew very well what Kui Mie was thinking. Although it was because Guan Ce had entered the Devil Cave by mistake and cultivated the “Spirit Devouring” that led to Kui Mie’s descent, Qin Jue was still somewhat responsible. After all, he had still sped up the process, so he naturally couldn’t just watch Kui Mie destroy the Heavenly Realm.

“ ... ”

“Un-understood.”

Kui Mie was furious, but there was nothing he could do. After all, the other party was stronger than him.

It was just like how he wanted to eat the living beings of the Heaven Realm for no reason, just to increase his cultivation.

Crack!

“Mm? What sound is that?” Someone said in surprise.

Crack! Crack!

Qin Jue frowned and looked in the direction of the voice. It was actually the spatial rift Kui Mie had come from!

“Not good, the spatial rift is about to collapse!”

Kui Mie exclaimed.

Swoosh!

Like a broken mirror, the spatial rift suddenly shattered before quickly closing and disappearing.

Chapter 342: World-Breaking Fist

Immortal Divine Sect, main hall.

Guan Ce and the other three upper realm God King Stage experts stood on both sides with solemn expressions and solemn postures. They did not even dare to breathe heavily.

Kui Mie lowered his head and knelt on the ground, as if he had lost his soul. He no longer looked high and mighty like before.

Opposite him, Qin Jue was sitting on a high throne with a wine pot in his hand. He looked relaxed and content, as if he would fall asleep at any moment.

It was hard to imagine that such a youth had actually easily defeated Kui Mie, who had surpassed the God King Stage, and saved the Heavenly Realm.

“Speak, what exactly is going on here?” Qin Jue took a sip of spirit wine and asked indifferently.

After a long silence, Kui Mie gritted his teeth and braced himself. “Because I sensed an abnormality, I activated the dimensional formation in advance and descended to the Heaven Realm, causing the dimensional formation to be unstable. It only had a lifespan of one hour.”

At this point, Kui Mie carefully looked at Qin Jue and continued, “In the end, because I was affected by my spirit energy, the formation couldn’t withstand it and collapsed early...”

“I see.”

Qin Jue pondered and asked, “How long will it take to be rebuilt?”

“It might take a few hundred years at the earliest. If it’s slower, it might take thousands of years.” Kui Mie said in a low voice.

Unlike ordinary array formations, the dimensional formation was extremely complicated. If any problem occurred at any place, it could cause a complete collapse.

One had to know that Kui Mie had set it up for 100,000 years before successfully descending to the Heaven Realm. If not for Kui Mie being careful and setting a “recovery” function, it would have taken even longer to rebuild the formation. Let alone thousands of years, even tens of thousands of years would not be enough.

“???”

Thousands of years?

What a joke. Qin Jue didn't have the time to wait that long.

It seemed like he could only forcefully break the barrier between the two worlds.

Thinking of this, Qin Jue stood up and said, “Bring me to the center of the dimensional formation.”

“Huh?”

Kui Mie was stunned and didn't understand what Qin Jue wanted to do, but he still nodded and said, “Alright.”

After leaving the main hall, Qin Jue first headed to the courtyard where he lived yesterday. He brought Shi Tian and Killing Dao with him and then went to the depths of the void with Kui Mie.

In addition, Guan Ce and the three patriarchs hesitated for a long time before following.

Because Guan Ce had revealed his past now, it was naturally impossible for him to help the Immortal Divine Sect again. In addition, with Lu Xing dead, only Gui Xing was left. The current Immortal Divine Sect was already under the control of the three top factions and was almost unable to resist.

As for whether Guan Ce would be punished in the future, it would depend on the choice of the three patriarchs.

“That's the center of the dimensional formation.”

Kui Mie pointed at the void not far away.

Although the dimensional formation had already collapsed, one could still sense the intense spatial fluctuations in the surroundings. Even with Kui Mie's cultivation, he was unable to repair it in a short period of time.

“Very good.”

Qin Jue spread out his spirit sense and indeed captured the remnant aura of another world. He immediately revealed a satisfied smile.

“What is he doing?”

The Divine King Domain Patriarch was rather puzzled.

“I don’t know.”

The Sword God Valley Patriarch shook his head in confusion.

“Could it be that he wants to forcefully break through the realm barrier?”

At this time, the Divine Seal Tower patriarch couldn’t help but interrupt.

The air fell silent for a moment before the Sword God Valley Patriarch shook his head and asserted, “Impossible. No one can break the barrier between realms.”

“Sword God Valley patriarch is right. This senior probably knows about array formations and wants to quickly repair the dimensional formation.”

The Divine King Domain’s patriarch chimed in.

Don’t forget that the Heaven Realm was a higher-level dimension.

No matter how strong Qin Jue was, it was still impossible for him to break the realm barrier of a higher dimension. This was the dimensional law that no one could disobey.

However, everyone quickly realized that things weren’t that simple. This was because after observing for a moment, Qin Jue really punched at the void!

Boom!

In an instant, the entire void distorted as if it was grabbed by an invisible hand and crushed!

In the beginning, there were still sounds that spread out, but later, they suddenly quietened down, as if time had frozen.

After an unknown period of time, perhaps a second or a minute...

Swoosh!

Finally, the frozen space-time flowed again, and everything returned to normal.

In front of Qin Jue, a hundred-meter-wide spatial rift impressively appeared in front of everyone!

“How is this possible?”

Kui Mie was dumbfounded and could hardly believe his eyes.

He was extremely puzzled.

Was it an illusion?

Qin Jue had actually broken the dimensional barrier!

Not only was Kui Mie stunned, but Guan Ce and the others were also stunned on the spot. Especially the Sword God Valley Patriarch, he felt his cheeks hurt. He had been instantly proven wrong!

Uh... that wasn't the point. The point was, how did Qin Jue do it?

At the same time, Qin Jue retracted his fist, his expression normal. “Is the other side your world?”

Kui Mie suddenly regained his senses and nodded repeatedly. “Yes... yes.”

“Then what are you waiting for? Let's go.”

Qin Jue put his hands behind his back and flew towards the spatial rift.

“Oh, right.”

Suppressing his shock, Kui Mie hurriedly followed.

“Wait!”

Suddenly, Guan Ce shouted.

“What is it?” Qin Jue glanced at him and said casually.

Qin Jue frowned.

“Thank you, Senior, for saving my life.”

Taking a deep breath, Guan Ce knelt down and said solemnly.

“Thank you, Senior, for saving the Heavenly Realm!”

The other three people cupped their fists and bowed when they saw Guan Ce thank Qin Jue. Even though the three of them were more than a million years old, they did not dare to be disrespectful.

If it weren't for Qin Jue, the three of them would have been killed by Kui Mie long ago.

“Yeah.”

Qin Jue nodded slightly in response before gradually disappearing into the spatial rift.

Immediately after, Killing Dao, Shi Tian, and Kui Mie reacted only when the spatial rift closed and nothing was left.

“It's over?”

The Divine Seal Tower patriarch was stunned.

“It's over.”

The Sword God Valley Patriarch heaved a sigh of relief.

At this point, the calamity that was enough to destroy the Heavenly Realm had been turned around by Qin Jue just like that, easily resolved without causing any casualties.

“Never would I have thought that there would be such a powerful existence in this world.”

The Divine King Domain's patriarch muttered to himself, full of anticipation.

Originally, he thought that becoming an upper realm God King Stage expert was the endpoint of cultivation, but now, it seemed that it was not even the beginning?

To be able to break the realm barrier with a single punch, it was hard to imagine what realm Qin Jue had reached.

In fact, Qin Jue was also very curious. After all, even he didn't know what realm he was at.

What was worth mentioning was that even though Qin Jue had left, the rumors about him didn't stop there.

In order to thank Qin Jue, the three top factions specially erected a statue of Qin Jue in the sect to show their respect.

If even the three top factions were like this, then there was no need to mention the other factions.

Not long after, Qin Jue's god statues were everywhere in Heaven's Beyond, forming a culture that quickly spread out, affecting the entire Central Star Domain and even the Heavenly Realm.

Although the majority of the people did not understand why, there were some things that did not need to be explained. As long as one showed their respect, it would be fine.

Therefore, Qin Jue inexplicably became the Heavenly Realm's "guardian deity" and was worshiped by countless living beings.

Chapter 343: Three Extra Stages of God King Realm

Hu.

After passing through the spatial rift, Qin Jue felt as if the space in front of him had suddenly opened up. The first thing he saw was an endless gully that almost split the entire continent in half. Wherever it passed, everything was destroyed, making it a horrifying sight.

"This is..."

Qin Jue was puzzled.

"Ah! My palace! My herb garden!"

Kui Mie, who was following closely behind, screamed and hurriedly pounced forward. Unfortunately, he only found a shattered piece of tile on the side. Apart from that, there was nothing else.

“How could this be?!”

Kui Mie roared towards the sky, his eyes almost splitting open. He looked as if he wanted to eat the person who had destroyed his herb garden and palace.

“ ... ”

Although he was somewhat dumbfounded, Qin Jue suddenly reacted. Could it be that he was the one who caused this gully?

After all, the source of this gully happened to be connected to a spatial rift. No matter how one looked at it, it seemed to be caused by the aftershock of his punch.

On the other side, Kui Mie also thought of this and suddenly turned around, as if he wanted to fight Qin Jue to the death. However, in the next second, Kui Mie suddenly forced a smile and said, “Forget it, they’re all useless things anyway.”

Kui Mie’s heart bled when he said this, but he had no choice but to act indifferent.

The palaces were secondary concerns. As long as he was willing, he could construct more at any time.

What was most important was his weapons and the herb garden in the palace!

Those were all good things that he had spent hundreds of thousands of years collecting from various places. In the end, they were all gone.

If it were anyone else, Kui Mie would have already fought the other party to the death, but Qin Jue was too terrifying!

Kui Mie could not muster the courage to fight at all!

After all, the other party had broken the realm barrier with a single punch. Just the aftershock alone had caused such great destruction. What would happen if it landed on him?

Kui Mie didn't dare to imagine it.

"Cough cough, where is the God Realm?"

In order to resolve the awkwardness, Qin Jue changed the topic.

"Senior, are you really going to the God Realm?"

Kui Mie's expression was rather strange when he heard this, and it was unknown what he was thinking.

"What's wrong? Can't I?"

Qin Jue frowned.

"Sure, but..."

Kui Mie hesitated.

"Speak."

"Yes!"

Kui Mie did not dare to disobey and explained, "The Heavenly Dao laws in that world are somewhat strange. They don't allow experts above the upper realm God King Stage to enter."

After a pause, he added, "I tried a few times, but I was pushed out. If Senior forced his way in, he might not be pushed out, but there's a chance the God Realm won't be able to withstand the pressure and will be directly destroyed."

"I see."

Qin Jue pondered for a moment and asked, "What realm is above the God King Stage?"

"Uh... what do you mean?"

Kui Mie was stunned.

Qin Jue was helpless and could only ask again.

"Senior, you don't know?"

The corner of Kui Mie's eyes twitched slightly, thinking that he had misheard.

With the strength Qin Jue had displayed just now, how could he not know about this?

Seeing Qin Jue remain silent, Kui Mie couldn't help but shudder and hurriedly said, "In fact, the God King Stage doesn't just have a lower realm and an upper realm..."

Under Kui Mie's explanation, Qin Jue quickly understood what was going on.

It turned out that there were three more stages in the God King Stage: Heaven Ascension, Dao Validation, and Dao Integration. They were also known as Heaven Ascension God King Stage, Dao Validation God King Stage, and Dao Integration God King Stage.

The current Kui Mie was at the Heaven Ascension God King Stage. The reason why he had devoured worlds everywhere was because he wanted to reach Dao Validation with evil techniques. Unfortunately, he had never succeeded.

Unlike before, after reaching the Heaven Ascension God King Stage, Kui Mie had gained more insights into the "Dao". Otherwise, no matter how much spirit qi he absorbed, he would not be able to break through.

Kui Mie knew this very well. He had already devoured countless low-level dimensions, but he was still far from reaching the Dao Validation Stage. He was even unable to cross it.

According to Kui Mie's deduction, since Qin Jue could break the realm barrier with a single punch, he had very likely reached the Dao Integration Stage. This was also why Kui Mie was so afraid because he had never seen a Dao Integration God King Stage expert before.

A Dao Integration God King Stage expert was a legendary being who could be said to be invincible in any dimension!

"Heaven Ascension, Dao Validation, Dao Integration..."

Qin Jue muttered to himself and looked down at his hands.

In fact, Qin Jue had never had any concept of his realm.

In the beginning, Qin Jue thought that he was at most slightly stronger than a Great Sage Stage expert, but after the series of events that happened later, Qin Jue realized that his strength far surpassed his understanding. What True God Stage or God King Stage expert? In front of him, they were almost no different from ants.

If Kui Mie was a Heaven Ascension Divine King, then what realm was he at?

Dao Validation? Dao Integration?

Or was he stronger?

Why did he possess such powerful strength?

Qin Jue didn't understand.

After calming down, Qin Jue indifferently said, "You don't have to worry about anything else. Take me to the God Realm."

"Yes."

Since Qin Jue insisted on going to the God Realm, Kui Mie naturally wouldn't stop him. In any case, he couldn't wait to send Qin Jue away.

However, what Kui Mie didn't know was that although Qin Jue was strong, he would still be fine. As long as Qin Jue didn't release his aura, he wouldn't alert the Heavenly Dao laws, nor would he affect the surrounding environment. Otherwise, the Spirit Central World would have long been unable to withstand the destruction.

Three minutes later, Kui Mie led Qin Jue and the others to an open space.

This continent was Kui Mie's private property, so there were no other living beings on it.

Before he could approach, he could already see the dense array formations and runes in the surroundings that covered an area of 5,000 kilometers. They were complicated, obscure, and difficult to grasp.

"This is the dimensional formation I built when I first connected to the God Realm. It's been tens of thousands of years since then. I wonder if it can still be used."

As soon as he finished speaking, a wisp of black light shot out from Kui Mie's fingertip and fused into the ground.

Buzz!

In an instant, countless array formations and runes lit up, creating intense spatial fluctuations that spread out.

The spatial fluctuation lasted for a few seconds before it forcefully tore open a rift that gradually widened.

Seeing this, Kui Mie was overjoyed. "Hahaha, looks like it can still be used."

Crack!

Right at this moment, one of the array formations suddenly collapsed, turning into countless specks of light that dissipated.

After losing an array formation, the spatial rift immediately produced layers of ripples that faintly showed signs of shrinking.

"..."

"Hu, fortunately, there's still one more."

Kui Mie heaved a sigh of relief.

Crack! Crack!

As if a fuse had been lit, more and more array formations collapsed, and the spatial rift became more and more unstable, as if it would collapse at any moment.

"..."

Kui Mie's expression changed drastically. He wanted to remedy the situation, but it was already too late.

Seeing that the spatial rift was about to close, golden light bloomed, instantly enveloping all the array formations, runes, and spatial rifts. The spatial rift that was about to close forcefully stabilized!

"..."

Kui Mie did not know how many times he had been shocked today. The other party could even forcefully stabilize the collapsed array formation. Was this the strength of a Dao Integration God King Stage expert?

How terrifying!

“A familiar aura. I knew it.”

Qin Jue smiled and said, “Let’s go home.”

Just as Qin Jue was about to cross the spatial rift and enter the God Realm, a figure flew out!

“???”

What was going on?

Boom!

The figure smashed straight into the distant mountain peak, raising smoke and dust that filled the sky and blocking one’s vision.

“ ... ”

Chapter 344: What Is Your Crime?

Boom!

Accompanied by a loud bang, the mountain that was originally 30km tall instantly shattered like a mirror, causing countless dust and smoke to rise and cover the sky.

In less than a few breaths, the entire mountain had already collapsed, turning into ruins.

As for the figure that flew out of the spatial rift, he was pressed under the rubble, his fate unknown.

“ ... ”

Witnessing this scene, Qin Jue was dumbfounded. What was going on?

“ ... ”

Kui Mie was also somewhat stunned. Where did this guy jump out from?

Before the two of them could figure it out, another figure rushed out of the spatial rift and shouted anxiously, “Brother Cheng, are you alright?!”

This time, it was a woman who flew over. She was dressed in crystal soft armor, and her long hair fluttered in the wind. She couldn't be said to be peerless in beauty, but her every move was filled with charm and temptation. It was just that the bloody injuries on her body had destroyed her overall beauty.

The woman didn't even look at Qin Jue and Kui Mie as she headed straight for the ruins. She raised her hand and waved it, directly pushing away the rubble and finding “Brother Cheng” who was suppressed below.

“Brother Cheng, are you alright?” The woman landed beside the man and asked.

“Cough cough!”

The man called Brother Cheng spat out two mouthfuls of blood and said weakly, “Wan'er, don't worry about me. Run.”

“No! Brother Cheng, I won't leave you behind!”

The woman's tears fell like rain as she shook her head forcefully.

“Be good, or we'll all die here today.” Wang Cheng gritted his teeth.

“ ... ”

In the distance, Qin Jue was silent. What kind of melodramatic plot was this? Was there a mistake?

“Run? Hahaha, neither of you can escape.”

Before he could finish his sentence, an aura mixed with endless killing intent suddenly came from the spatial rift. Then, an old man covered in a dazzling light passed through the spatial rift and appeared in front of everyone.

The old man had white hair and a youthful appearance. He had a kind appearance and had the aura of a hidden expert. However, the killing intent emitted from his body was sinister and terrifying, causing others to shudder, forming a sharp contrast.

“I will definitely not let off anyone who kills my son.” The old man narrowed his eyes and said coldly.

“Ptui, he deserved it!”

Yun Wan'er raised her voice and said angrily, “As the sect master of the Saint Spirit Sect, your son colluded with the Insect Race and ambushed the Burning Heaven Continent, causing hundreds of thousands of human cultivators to die. His crimes are unforgivable. Brother Cheng had only enforced justice on behalf of the heavens!”

“How dare you!”

The old man immediately flew into a rage out of humiliation and slapped out with his palm!

“Watch out!”

Wang Cheng exclaimed and hurriedly used a secret technique. He carried Yun Wan'er and escaped into the void.

Boom!

The ground shook, stirring up a visible energy storm that spread out. In an instant, the surroundings froze.

After a long while, a huge palm print appeared. It was bottomless and horrifying.

“Yeah?”

The old man frowned and slapped out again. Compared to the previous palm, this palm was clearly not as violent, but it happened to shake Wang Cheng and Yun Wan'er out of space.

“Pfft!”

Wang Cheng spat out another mouthful of blood, his face as pale as paper. If not for his fast reaction, the two of them would have died just now.

“Hehe, I almost accidentally killed you.”

The old man smiled and said, “Next, I’ll first destroy your bodies and then slowly torture your souls, making you wish you were dead!”

Wang Cheng and Yun Wan’er couldn’t help but shudder when they heard this, and they revealed terrified expressions.

To cultivators, torturing the soul was undoubtedly the most painful punishment. Whether it was the True God Stage or the God King Stage, they would find it difficult to endure it after a long time, let alone the two of them who were at the Half God Stage.

“Wan’er, I’ve let you down.”

Wang Cheng sighed.

Ten days ago, the Insect Race suddenly gathered an army and attacked the Burning Heaven Continent with shocking might.

However, because of the array formation, the Insect Race could not enter for the time being, so the cultivators inside only needed to defend.

However, at this moment, the array formation suddenly collapsed!

The result could be imagined. The Insect Race, which had long been eyeing the Burning Heaven Continent covetously, surged into the Burning Heaven Continent from all directions. Caught off guard, hundreds of thousands of cultivators died, and the living beings were plunged into misery and suffering.

If not for the reinforcements from the other regions arriving in time, the battle would have been even more intense.

As for Wang Cheng, he was one of the reinforcements who had rushed over from another area.

Realizing that something was wrong, after defeating the Insect Race, Wang Cheng immediately began to investigate the reason for the array formation’s self-destruction.

In the end, he discovered that the whole thing had to do with the sect heir of the Saint Spirit Sect.

Who would have thought that the dignified sect heir of the Sacred Spirit Sect would actually destroy the array formation from the inside and let the Insect Race in?

The furious Wang Cheng directly paid a visit to the sect heir of the Sacred Spirit Sect and began a life and death battle.

In fact, Wang Cheng could not be considered a good person. After all, to be able to cultivate to his realm as an itinerant cultivator, he kept many secrets.

However, Wang Cheng absolutely could not tolerate traitors who colluded with the Insect Race and ambushed humans.

After a fierce battle, Wang Cheng had killed the sect heir of the Sacred Spirit Sect on the spot. Because of that, he had been pursued by the sect master, who was also the old man.

One had to know that the old man was a True God Stage expert.

Originally, Wang Cheng thought that as long as he brought Yun Wan'er to hide away for a period of time, he would be able to escape the other party's pursuit. He did not expect that in just two days, the old man would find them.

During this time, the two of them used various secret techniques to escape, but they were still unable to escape from the old man. Wang Cheng was even easily severely injured by the old man and was sent flying. Coincidentally, Kui Mie had activated the dimensional formation at this moment, so Wang Cheng had come here for no reason.

"If I hadn't insisted on killing Ding Jian, things wouldn't have turned out this way."

Wang Cheng felt extremely guilty, thinking that he had ruined Yun Wan'er.

"No, Brother Cheng, Wan'er doesn't blame you."

Yun Wan'er shook her head and said, "I'm very happy to die with Brother Cheng."

"Wan'er..."

Wang Cheng was extremely touched. Then as if recalling something, he frowned and said, "By the way, where are we?"

It was only at this moment that Wang Cheng realized that they did not seem to be in the God Realm.

"I'm not sure."

Yun Wan'er looked around, slightly at a loss.

"Hmph, I'm still standing right here!"

Seeing that the two of them were actually chatting, the old man said in a deep voice.

"Um... so am I..."

The old man was stunned and looked in the direction of the voice. He saw a two-meter-tall purple burly man floating not far away. Beside him were two youths and a woman who were sizing him up with interest.

The person who had just spoken was the purple burly man.

"You are..."

The old man was stunned. He had never sensed the other party.

"I am the master of this continent. You guys barged into my territory for no reason and even destroyed my things. What should I do?" Kui Mie looked down at the old man and said indifferently.

When facing Qin Jue, Kui Mie was submissive, but that didn't mean that he had to lower his head when facing the old man. Kui Mie could crush a mere lower realm True God Stage ant with a flick of his finger, so why would he care to be respectful to the other party.

"What do you mean?"

An ominous feeling rose in the old man's heart.

Chapter 345: Kui Mie's Recipe

Translator: Atlas Studios Editor: Atlas Studios

As the sect master of the Saint Spirit Sect, not only did Ding Hong possess the strength of a lower realm True God Stage expert, but he also possessed many secret techniques and high-level weapons. With a single word, he could determine the life and death of countless living beings.

However, he knew very well that he was nothing in the God Realm.

Perhaps near the Burning Heaven Continent, the Saint Spirit Sect was a top faction. However, elsewhere, it could at most be considered a second or even third-rate faction. There were countless existences stronger than it.

Therefore, no matter what he did, Ding Hong was extremely cautious. Even when he learned that his son had been killed, Ding Hong first investigated Wang Cheng's identity and confirmed that he had no background before personally chasing after him.

Therefore, when he saw Kui Mie, the first thing Ding Hong thought of was escaping.

But no matter what, Ding Hong was a True God Stage expert. He quickly calmed down. "What do you mean?"

"Nothing. Since you destroyed my things, you should at least compensate me, right?" Kui Mie said matter-of-factly.

Hearing this, Ding Hong heaved a sigh of relief. "What kind of compensation do you want?"

"Your life." Kui Mie grinned and said coldly.

"What?"

Ding Hong's face darkened slightly as he said coldly, "Sir, don't push your luck!"

"Pushing my luck? I don't think so."

As he spoke, Kui Mie turned around and looked at Qin Jue. "Senior, can I eat this guy?"

Because he was afraid that Qin Jue wouldn't allow it, to be safe, Kui Mie chose to ask for his opinion before making a move.

“Suit yourself.”

Qin Jue shrugged his shoulders indifferently and pointed at Wang Cheng. “But you can’t eat those two.”

From the conversation just now, it was not difficult to tell the cause and effect.

“No problem.”

Kui Mie nodded without hesitation.

In fact, the Half God Stage experts were not within Kui Mie’s range at all. Unless there were a lot of them. Two of them were far from enough to satisfy him.

“W-what do you plan on doing?!”

Seeing Kui Mie fly towards him, that ominous feeling immediately became stronger and stronger, scaring Ding Hong until his legs went weak and he almost fell from the sky.

“Don’t worry, you won’t feel pain.” Kui Mie said sinisterly.

“Don’t come over!”

Sensing the aura gradually emitted from Kui Mie’s body, Ding Hong screamed sternly, “As long as you don’t kill me, I can give you anything!”

“Divine artifacts, pills, heavenly treasures...”

Ding Hong seemed to have gone crazy. He kept taking out various good things from his storage ring in an attempt to get Kui Mie to stay away from him.

Before they even fought, Ding Hong had already almost collapsed. He no longer looked like a True God Stage expert.

However, Kui Mie acted as if he did not see those things and slowly opened his mouth.

What a joke. Kui Mie was a Heaven Ascension God King Stage expert. He had collected countless good things. Even if a portion of them had been destroyed by Qin Jue, why would he fancy Ding Hong’s “trash”?

“A good opportunity!”

Suddenly, Ding Hong’s eyes emitted a bright light. The spirit energy in his entire body instantly gathered together, turning into a beam of light that shot towards Kui Mie’s mouth!

“Fool.”

Kui Mie sneered and did not dodge. He allowed the beam of light to shoot into his mouth and forcefully swallowed it!

“This tastes pretty good.”

Licking his lips, Kui Mie was rather satisfied. “I didn’t expect the spirit energy of a lower realm True God Stage expert to be so delicious.”

“???”

Ding Hong widened his eyes in disbelief, his head full of question marks.

He... he ate it?

What a joke!

That was his full-power attack!

In the distance, Wang Cheng and Yun Wan’er were also dumbfounded, shocked and speechless.

Only Qin Jue was calm and didn’t care.

Let alone a lower realm True God Stage expert, even the full-power attack of an upper realm God King Stage expert would not be able to cause any damage to Kui Mie. This was an absolute difference in strength that could not be made up for.

“How is this possible...”

Ding Hong gulped, his entire body trembling uncontrollably.

Although he had thought that Kui Mie was very powerful, he did not expect him to be so powerful!

After all, not even an upper realm True God Stage expert could do something like this.

Seeing this, Kui Mie sighed in his heart. That's right, it was this expression. He should have seen the same expression two hours ago, right?

Back then, the extreme despair made the usually arrogant Kui Mie lose his courage to fight. All because of that youth.

Too terrifying!

“Secret technique, Blood Nether Escape!”

Seeing that it was impossible for him to defeat Kui Mie, Ding Hong no longer had the intention to continue fighting. He hurriedly used a secret technique to escape.

The Blood Nether Escape was the highest-level escape technique that Ding Hong had currently grasped. It could instantly disintegrate the body into countless pieces and then condense it tens of millions of kilometers away. The price was that he had to burn one-tenth of his cultivation every time he used the Blood Nether Escape.

However, at this moment, Ding Hong couldn't care less.

Unfortunately, Ding Hong had still underestimated Kui Mie's strength. Almost at the moment Ding Hong's body disintegrated into pieces, Kui Mie suddenly erupted with a violent suction force and directly sucked all the fragments into his mouth!

Don't forget that Kui Mie had already cultivated the Spirit Devouring Art to mastery. Whether it was spirit energy, vitality, or flesh and blood, he could devour them all.

This was also the reason why Kui Mie traveled everywhere. Unless there was a stronger expert holding down the fort, the place he targeted would most likely be instantly turned into a dead realm.

Just like that, Ding Hong was muddled and refined by Kui Mie. Until his death, he still did not understand what was going on.

“ ... ”

“ ... ”

Wang Cheng and Yun Wan'er looked at each other in confusion. They were saved?

This Thanos... No, what kind of monster was this purple-skinned burly man?

1

An upper realm True God Stage expert, or perhaps... a God King Stage expert?

“Senior...”

After hesitating for a long time, Wang Cheng braced himself and was about to step forward when Kui Mie interrupted him with a wave of his hand. “Senior said that you can leave now.”

Senior's senior?

Wang Cheng was stunned. He looked up at Qin Jue not far away, took a deep breath, and bowed. “Thank you, Senior.”

It was obvious that Kui Mie was only a “lackey”. The person who really saved them was Qin Jue. Otherwise, they would probably have been eaten by Kui Mie along with Ding Hong.

Although two Half God Stage experts were unable to satisfy Kui Mie's appetite, who would refuse a dessert that was delivered to their doorstep?

Qin Jue didn't care about this and called Kui Mie over.

“What is it, Senior?”

Kui Mie lowered his head, trembling with fear, afraid that Qin Jue would kill him before leaving.

“Don't go to the Heavenly Realm again.” Qin Jue ordered.

“Huh?”

Kui Mie was stunned for a moment before he said firmly, “No problem. I swear that I will never go to the Heavenly Realm again!”

Buzz!

Before he could finish his sentence, a golden light instantly entered Kui Mie's forehead.

"Good. If you break your vow, that golden light will forcefully erase your soul." Qin Jue retracted his finger and said indifferently.

"???"

Kui Mie immediately used his spirit sense to search his entire body, but he did not find that strand of golden light. It was simply inconceivable.

However, Kui Mie knew very well that with Qin Jue's strength, he could absolutely do something like this. Helpless, Kui Mie could only give up on the Heavenly Realm, even if he had already planned this for more than a hundred thousand years.

After doing this, Qin Jue didn't say anything else. He turned around and flew towards the spatial rift.. Killing Dao led Shi Tian and followed behind, followed by the careful Wang Cheng and Yun Wan'er.

Chapter 346: Rest

Watching Qin Jue disappear into the spatial rift, Kui Mie heaved a sigh of relief as if a heavy burden had been lifted from his shoulders.

He had finally sent this great god away.

As the saying went, a cunning rabbit would die and a lackey could be easily cooked. Kui Mie was afraid that Qin Jue would deal with him before leaving. After all, Kui Mie himself often did such things.

Fortunately, Qin Jue only gave him a warning and restriction in the end. As long as Kui Mie didn't go to the Heavenly Realm, nothing would happen.

As for the God Realm, Kui Mie didn't even dare to think about it. Putting aside the fact that the Heavenly Dao laws of the God Realm forbade him from entering, even without the restriction of the Heavenly Dao laws, Kui Mie would absolutely not approach it. He would even rather take a detour in the future.

It couldn't be helped. The psychological trauma Qin Jue had left him was too great. He believed that anyone would be like this.

"Sigh, I wonder when I'll be as powerful as Senior."

Kui Mie sighed slightly.

After waiting for a moment longer and confirming that Qin Jue wasn't pushed out by the God Realm's Heavenly Dao laws, Kui Mie turned around and left, beginning to search for his next target.

At the same time, the spatial rift that had lost its golden light gradually closed and slowly disappeared.

"..."

...

After passing through the spatial rift, a vast starry sky immediately appeared in front of him. It was boundless and endless.

Spirit qi of various attributes floated in the void, not inferior to the spirit qi in the Heaven Realm at all, making one feel exceptionally comfortable.

Qin Jue stretched lazily and laughed. "I'm finally back."

"Is this the God Realm?"

Killing Dao's eyes flickered with anticipation.

Although Killing Dao had not come into contact with the Inner Realm for hundreds of thousands of years because she had sealed Yin Tianxing, she had already heard of the "God Realm" hundreds of thousands of years ago. It was just that she had never seen it before.

She didn't expect to see the legendary God Realm not long after coming out.

At this moment, Killing Dao no longer simply respected Qin Jue as a master but instead worshiped him!

Originally, she thought that the original Heavenly Palace Master was already an incomparable super expert, but now it seemed that compared to Qin Jue, he couldn't even be considered an ant.

“Senior...”

At this time, Wang Cheng suddenly flew over carefully, his expression solemn and his attitude humble. He looked like he was afraid of accidentally angering Qin Jue.

Even Kui Mie, who had easily killed Ding Hong, had to call Qin Jue Senior. How could Wang Cheng dare to be disrespectful in the slightest?

“What is it?” Qin Jue glanced at him and said casually.

“Thank you, Senior, for saving my life.”

Wang Cheng never expected that he would be saved for no reason, so he was very grateful.

“Oh, it was nothing.”

Qin Jue waved his hand and said indifferently, “You two can leave now.”

“Yes.”

Wang Cheng hurriedly lowered his head and bowed. He held Yun Wan'er's hand and quickly disappeared into the starry sky.

With the death of the sect master of the Sacred Spirit Sect, Ding Hong, the sect completely lost its threat. Wang Cheng did not care about the remaining Half God Stage elders at all.

After his injuries recovered, Wang Cheng planned to return to the Burning Heaven Continent and announce to the world that the sect heir of the Sacred Spirit Sect, Ding Quan, had colluded with the Insect Race.

At that time, without a True God Stage expert holding down the fort, even without Wang Cheng doing anything, the Saint Spirit Sect would quickly be destroyed.

“...”

“Alright, let's go back too.” Taking out a pot of spirit wine, Qin Jue said indifferently.

He wondered if his senior brother would be worried. After all, he had disappeared for a few days for no reason.

Uh... no, with Bai Ye's carefree personality, he might not have realized that he was no longer in the Xuanyi Mountain Sect.

Thinking of this, Qin Jue couldn't help but roll his eyes and say, "Um, are you guys interested in 'resting' for a few days in the God Realm?"

Although Qin Jue had come to the God Realm once when he destroyed the Heavenly Palace, he didn't stay for long, so he wasn't familiar with it.

In any case, he had already found the God Realm. As long as Qin Jue was willing, he could return to the Spirit Central World at any time. He might as well take this opportunity to enjoy the scenery of the God Realm and also taste the delicacies of the God Realm. He could treat it as a trip.

"Sure, sure!"

Hearing this, Killing Dao was overjoyed and nodded without hesitation. "Hehe, I've long wanted to see what the God Realm is like."

Qin Jue was not surprised by Killing Dao's reaction. He then turned to look at Shi Tian. "What about you?"

"I..."

Shi Tian was slightly hesitant and fell silent.

Strictly speaking, he wanted to return to the Spirit Central World as soon as possible. However, he was also in a dilemma and did not know how to answer.

This time, Qin Jue didn't persuade him anymore. Instead, he quietly waited for Shi Tian to make a choice.

After a moment, Shi Tian took a deep breath and finally made up his mind.

"Sure."

After several days of contact, Shi Tian had already realized how powerful Qin Jue was.

Although he did not know what kind of place the God Realm was, he knew very well that this was his opportunity and he had to grasp it well. Only by doing so could he become stronger!

“Hahaha, alright. In that case, let’s go.”

After making up his mind, Qin Jue spread out his spirit sense and quickly found a nearby continent. He flew over with Killing Dao and Shi Tian.

...

The sun was high in the sky, and blazing sunlight shone down. Through the leaves, spots of sunlight shone on the ground, like stars that filled the sky. It was extremely beautiful.

Crack!

With a light sound, a branch broke, looking exceptionally ear-piercing.

In an instant, the air froze, and it was almost silent.

After an unknown period of time, a man’s angry voice suddenly sounded from the shadow. “Which idiot was it just now? Be careful. If this Yin Thunder Beast escapes, I’ll kill you!”

“Sorry, Boss.”

The person who had accidentally stepped on the tree branch apologized repeatedly, his face as pale as paper.

“Damn, shut up!”

The bald burly man who the other person called boss could not help but curse. His voice was like thunder that spread throughout the entire forest.

In the next second, the bald burly man’s expression changed slightly as he realized that something was wrong. Unfortunately, it was already too late.

“Roar!”

In the distance, bolts of lightning soared into the sky and instantly covered an area of 500 kilometers. Immediately after, a huge blue bird that was dozens of

feet long flew into the sky. Its eyes were like lightning as it locked onto Qin Jue.

“Not good, we’ve been discovered. Attack!”

Without any time to think, the bald burly man hurriedly shouted angrily.

Before he could finish his sentence, lightning swept over and destroyed all the surrounding trees, turning them into ashes. A few unlucky fellows were even hit by the lightning and turned into charred corpses. It was a tragic sight.

“So powerful?!”

The bald burly man was shocked. According to the news, shouldn’t this divine beast descendant only be at level seven? How could this beast be so powerful?

“Boss, this looks like a level eight Yin Thunder Beast. Let’s run!”

The subordinate beside him shivered and wished for nothing more than to find a hole to crawl into.

“Damn it!”

Just as the bald man was hesitating, more lightning fell. Just as it was about to swallow the bald man and the others, the huge bird in the sky suddenly fell straight as if it had suffered a heavy blow. The lightning also dissipated, as if it had never existed.

What was going on?

Everyone looked at each other in astonishment.

Chapter 347: Qin Jue’s Cultivation

“What... what’s going on?”

The bald burly man was stunned on the spot, dumbfounded, and somewhat puzzled.

“Boss, that Yin Thunder Beast... seems to be dead.”

His subordinate reminded.

“What?”

The bald man was slightly stunned and said in joy, “Hahaha, the heavens are helping me.”

Just as the bald burly man was about to fly over to find that Yin Thunder Beast, three golden lights suddenly fell from the sky, landing in the forest like meteors, raising dust that filled the sky, giving the bald burly man a fright.

“What the hell is that?”

Seeing this, the bald burly man hurriedly stopped and hid in the dark to watch.

Hu!

Strong winds blew past, directly blowing away the smoke and dust, revealing the three figures inside.

There were two men and a woman. Among them was a youth dressed in beast skin. The bald man could even tell his cultivation realm. He was only at the Supreme Stage and was not a threat.

As for the other youth and the woman, the bald burly man could not see through their strength at all!

This was especially true for the youth in snow-white clothes. There were no spirit energy fluctuations from his body, but his temperament was extremely outstanding. He was clearly not an ordinary person.

In addition, the woman who looked the frailest also made the bald man very afraid. He felt as if he would be killed by her at any moment.

“Boss, what should we do?”

“Retreat.” The bald man’s face darkened as he ordered.

“Huh? Why?”

One had to know that the Yin Thunder Beast was a descendant of a divine beast. Its flesh and blood were extremely precious, and it was not inferior to a top-notch heavenly treasure. If it could be used to cultivate, it would definitely

achieve twice the results with half the effort. Now, the corpse of the Yin Thunder Beast was right in front of him, but the bald burly man wanted to retreat?

What a joke!

“Idiots, can’t you tell that they were the ones who killed that level eight Yin Thunder Beast?!”

The bald man said angrily, “If I’m not wrong, they’re very likely Great Sage Stage experts, or even experts above that. If you’re not afraid of death, then go ahead and snatch it. I won’t accompany you.”

With that, the bald man immediately turned and left without any hesitation.

Although he did not see clearly how the other party killed the Yin Thunder Beast, he knew how powerful the other party was since he could instantly kill a level eight Yin Thunder Beast. Although the bald burly man wanted the Yin Thunder Beast’s fiend crystal and flesh very much, he had to survive first.

Seeing that their boss had run away, the other cultivators didn’t dare to stay any longer. They all broke into a mad sprint. Soon, only Qin Jue and the other two were left in the entire forest.

“Those ants are gone.”

Sensing the commotion in the distance, Killing Dao raised her eyebrows and retracted her spirit sense.

“Yeah.”

Qin Jue didn’t care at all. He seriously sized up the lifeless Yin Thunder Beast in front of him and pondered. “I wonder how this big bird tastes.”

1

“...”

Ten minutes later, black smoke rose from the forest, and the Yin Thunder Beast’s feathers had already been plucked out. It was cut into several pieces and roasted on the flames.

“Strange, why does it smell so bad?”

Taking a deep breath, Qin Jue frowned slightly.

Logically speaking, the roasted meat should be emitting a fragrance at this time, but not only was there no fragrance, but the roasted meat was even exceptionally smelly. If one didn't know better, they would think that they were roasting rice and paddy.

In fact, the beast meat of the Yin Thunder Beast was indeed very disgusting. If not for the tremendous blood qi and spirit energy contained in it, no one would be willing to absorb and refine it.

However, Qin Jue had always been a foodie who only pursued taste. How could he tolerate something like this? Therefore, he went elsewhere to capture a level eight fiend beast.

This time, he did not fail. The meat quickly emitted a dense fragrance that was incomparably enticing.

"Smells good. I finally have something to eat." Yun Xi crawled out of Qin Jue's arms and said happily.

In the end, only Shi Tian was willing to eat the beast meat of the Yin Thunder Beast. As a resident of the Demon Beast Mountain Range since he was young, what kind of fiend beast meat had Shi Tian not eaten?

To him, spirit energy was undoubtedly more important than taste.

Time flew by, and in the blink of an eye, the sun had set. At night, the moonlight shone down like silk, covering the forest with a thin veil.

After eating and drinking his fill, Qin Jue directly found a stone and lay down, relaxed and content. Sure enough, this kind of life was most suitable for him. He had no worries and could do whatever he wanted.

At this moment, Yun Xi suddenly flew over from the side with her stomach and landed on Qin Jue.

"Master..."

"Yeah."

"The stars are so beautiful."

“Yeah.”

“Pluck one for me.”

“ ... ”

“Ahem, no.”

Qin Jue was speechless.

“Oh.”

Yun Xi was slightly disappointed.

“ ... ”

“Master...”

“What now?”

“I want to drink some spirit wine.”

“Forget it, I’ll pluck a star for you. Do you want that one?”

“Hmph!”

“ ... ”

...

The next morning...

Qin Jue opened his eyes and found that Yun Xi was still lying on him, but she had yet to wake up.

Carefully lifting Yun Xi up, Qin Jue stretched lazily. He felt refreshed and extremely comfortable.

“Mm? Killing Dao hasn’t returned yet.”

Because she didn’t eat beast meat, after Killing Dao greeted Qin Jue yesterday, she left the forest to move around. He didn’t expect that she still hadn’t returned.

Qin Jue wasn't worried about Killing Dao "escaping". Putting aside the fact that the two of them had already signed a bloodline connection and could find each other at any time, as long as Killing Dao wasn't an idiot, she wouldn't be too far away.

After all, this was not the Inner Realm. Half God Stage experts could do as they pleased. Wang Cheng and Yun Wan'er could be said to be no weaker than Killing Dao. In the end, they were still pursued by Ding Hong to the point where there was no way out. If they hadn't happened to encounter Qin Jue, they would have died without a doubt.

On the other side, Shi Tian's eyes were closed. His breathing was stable and long as he constantly absorbed the surrounding spirit qi. Clearly, he was in a cultivation state.

The spirit energy contained in the fiend beast meat was too abundant. Yun Xi's physique had been reconstructed by the Heavenly Emperor before, so she could absorb and refine it on her own. However, Shi Tian had to cultivate to completely absorb it. Otherwise, it would be very easy for his meridians to explode and cause a backlash.

"It's been a long time since I've cultivated. I'll try it too."

Qin Jue couldn't help but sigh with emotion.

Ever since he transmigrated to the Spirit Central World, besides the first two years where Qin Jue would occasionally cultivate, he had never cultivated again. As a result, he had almost forgotten the cultivation technique mnemonic.

Qin Jue was very curious. What would happen if he cultivated now?

Thinking like this, Qin Jue immediately sat cross-legged and began to try circulating his cultivation technique.

Boom!

In an instant, the clear sky was covered in ink, and hurricanes wreaked havoc. The entire continent began to tremble, and many buildings directly couldn't withstand the collapse and transformed into ruins, as if the end of the world had arrived.

It wasn't just this continent. The phenomenon quickly spread to every corner of the God Realm. Wherever it passed, spirit qi would instantly dry up!

In a few breaths, the spirit qi of the God Realm had already been forcefully sucked dry!

“What’s going on?”

“Where’s the spirit qi?”

“What happened?”

“ ... ”

Countless experts gaped in shock, their faces filled with confusion, not understanding what was going on.

Of course, this was not what shocked them the most. After that, even the spirit energy in their bodies was forcefully extracted!

“My spirit energy!”

“Who is doing this?!”

“Ahhh, no!”

“ ... ”

Qin Jue never expected that the moment he circulated his cultivation technique, he would cause such shocking power!

1

Chapter 348: I Didn't Do It on Purpose, Can You Believe Me?

Translator: Atlas Studios Editor: Atlas Studios

Rumble!

The void boiled and strange phenomena appeared frequently. Countless continents shook and quickly spread out. The spirit qi of the entire God Realm was almost instantly sucked dry, leaving nothing behind.

At the same time, regardless of whether it was humans, fiend beasts, or other races, they all felt the spirit energy in their bodies suddenly lose control and were forcefully extracted and devoured!

“No! My spirit energy!”

“How could this be?”

“Stop!”

To a cultivator, spirit energy was undoubtedly the most important thing. However, that suction force was simply too inconceivable. No matter how they struggled or roared, it was useless. They could not avoid it and could not cut it off. They could only watch helplessly as the spirit energy quickly dissipated.

If this continued, in less than three minutes, all the experts of the God Realm would be forced to become ordinary people. Tens of thousands of years or even hundreds of thousands of years of bitter cultivation would be wasted!

At this moment, the person who was most dumbfounded was none other than Qin Jue. Even he didn't expect his cultivation to have such a huge effect.

Without any time to think, Qin Jue hurriedly stopped cultivating and returned all the spirit qi and spirit energy he had absorbed. Only then did the God Realm gradually recover its calm.

“Eh? My spirit energy is back!”

“Hahaha, me too!”

“Strange, was I dreaming just now?”

“...”

Countless experts spread out their spirit senses in an attempt to find the source of that suction energy. Unfortunately, that suction energy came and went quickly, leaving no traces. How could they find it?

Most importantly, no one dared to investigate.

After all, since the other party could devour the spirit qi of the entire God Realm in such a short period of time, who knew how powerful he was?

If one accidentally angered him, wouldn't they be courting death?

Even so, in the future, this matter would still become the hottest topic in the hundreds of thousands of years of the God Realm. It would even be more explosive than the destruction of the Heavenly Palace a few months ago.

Hu –

Opening his eyes, Qin Jue let out a turbid breath, rather speechless.

It seemed that he could no longer cultivate in the future. Even the God Realm could not withstand it. If it was in the Inner Realm, it would probably directly collapse.

“Brother Qin...”

Unknowingly, Shi Tian had already woken up from his cultivation state and was standing in the distance shivering.

As the cultivator closest to Qin Jue, Shi Tian naturally bore the brunt of the attack. The spirit energy in his body was almost instantly drained. If it weren't for Qin Jue's timely reaction, the consequences would have been unthinkable.

“Uh... continue cultivating.”

Qin Jue smiled awkwardly.

Sometimes, being too powerful was also a problem. He had to constantly control his strength, or else the consequences would be unthinkable.

“Is there really no problem?”

Shi Tian gulped, his face filled with fear.

“Ahem, no problem.” Qin Jue answered seriously with a serious expression.

Hearing this, Shi Tian was slightly relieved. He observed the surroundings for a moment and after confirming that there were no problems, he was finally willing to sit cross-legged and continue cultivating.

“ ... ”

Right at this moment, a wisp of flowing light suddenly lit up on the horizon, and it instantly arrived before descending into the forest.

Apart from Killing Dao, who else could it be?

“Master, what’s wrong?”

Others might not know, but Killing Dao knew very well that those phenomena were absolutely caused by Qin Jue, so after her spirit energy recovered, Killing Dao immediately rushed back.

“Nothing.”

Qin Jue smiled bitterly. “Would you believe me if I said I didn’t do it on purpose?”

“ ... ”

After a moment of silence, Killing Dao nodded. “I believe you.”

According to their interactions over the past few days, Killing Dao had already deeply realized how powerful Qin Jue was. Let alone absorbing the spirit qi of the God Realm, even if Qin Jue told her that he had accidentally destroyed a certain dimension, Killing Dao wouldn’t have any doubts.

“ ... ”

Hearing this, Qin Jue was speechless for a moment and could only change the topic. “Where did you go yesterday? Why did you only come back now?”

“Oh, I circled the continent half a round and also made some inquiries. This place is called the ‘Sacred Luo Continent’ and is located at the edge of the God Realm. The strongest expert is at the Half God Stage, about the same level as me.” Killing Dao explained.

“ ... ”

Qin Jue was stunned. Perhaps this was professionalism.

Wait!

“How do you know that that Half God Stage expert is about the same strength as you?”

“Hehe, of course it’s because I fought him.”

Ever since she left the Yin World, Killing Dao had been eager to fight experts of the same realm. This time, she was finally satisfied.

“ ... ”

“By the way, Master, there’s a city ahead. Should we go take a look?”

Killing Dao suggested as if recalling something.

“We’ll talk after breakfast.” Qin Jue said indifferently.

“ ... ”

An hour later, Shi Tian ended his cultivation. Apart from Killing Dao, who was still unwilling to eat the beast meat, the two of them and Yun Xi quickly ate and drank their fill. Then, they flew towards the city ahead.

Just as Killing Dao had said, this was a very ordinary city. Moreover, there were all kinds of people here. Itinerant cultivators from all over the world were gathered here. Because it was close to the Demonic Beast Mountain Forest, cultivators would come to hunt fiend beasts every day, such as the bald burly man and the others from yesterday.

In addition to the phenomenon caused by Qin Jue’s cultivation just now, many buildings had collapsed, making the city look somewhat miserable.

At this moment, the cultivators in the city had different expressions. They were discussing the phenomenon intensely, and it was very noisy.

The appearance of Qin Jue and the others immediately attracted countless gazes, but after sensing the aura emitted by Killing Dao, everyone lowered their heads one after another, pretending not to see anything.

In order to avoid trouble, Killing Dao didn’t conceal her cultivation this time and even specially condensed a halo to remind others not to court death.

Although the strongest expert in the Sacred Luo Continent was at the Half God Stage, he was still the leader of a top faction. The City Lord of this city was only at the Great Sage Stage. As for the other cultivators, they were basically all around the Saint Stage. How could they dare to provoke him?

“What a terrifying aura! This woman should be a Great Sage Stage expert!”

Someone whispered.

“Great Sage Stage? Hehe, in my opinion, she’s at least at the Great Void Stage!”

Another person sneered.

“Fool, don’t you see the halo behind her? That’s the symbol of an expert above the Half God Stage.”

Everyone looked in the direction of the voice and indeed saw a ring of sword light condensed behind Killing Dao, emitting a holy light. Even though they were very far away, it still made people shudder involuntarily!

Half God Stage expert?

Everyone looked at each other with disbelief.

To cultivators like them who were around the Saint Stage, the Great Void Stage was already a legendary existence.

As for Half God Stage experts. their strength was simply unimaginable!

“Boss, you’re so smart. Fortunately, we didn’t snatch that Yin Thunder Beast yesterday.”

Not far away, a shifty-looking man heaved a sigh of relief.

Opposite him was the bald man who had wanted to kill the Yin Thunder Beast yesterday.

Because his prey had been “snatched” away by Qin Jue, the bald burly man could only bring his subordinates back to the nearby city to find new targets. Therefore, almost the moment Qin Jue and the others entered the city, the bald burly man recognized them.

“Shh, lower your voice.”

The bald man glared at the man and was also glad for his wit.

Originally, he thought that the other party was at most at the Great Void Stage. He did not expect her to be at the Half God Stage!

Fortunately, he did not snatch the Yin Thunder Beast's corpse yesterday. Otherwise, even his ashes would have been scattered!

Chapter 349: Strange Stone

On the noisy street, cultivators constantly passed by, looking rather lively. The weakest among them was at the Legendary Stage, and the stronger ones had reached the Saint Stage or even the Grand Saint Stage.

If it was in the Spirit Central World, it would be almost impossible for such a scene to appear. However, it was very common in the Sacred Luo Continent.

“Brother Shi, what fiend beast are we hunting today?”

“Old Zhou, the one you mentioned last time...”

“...”

“...”

Seeing that it was already noon, the cultivators in the city gradually became active. They either acted alone or chose to team up. They rushed forward and flew towards the Fiend Beast Mountain Forest in search of their target.

As everyone knew, only experts above the Great Sage Stage could travel through the void for a long time and were extremely dangerous. Therefore, itinerant cultivators below the Great Sage Stage could only rely on hunting fiend beasts or using heavenly treasures to maintain their cultivation.

This was also the reason why fiend beasts hated humans greatly no matter where they went. Who would like to think of themselves as cultivation materials?

However, in a way, fiend beasts should hate Qin Jue more. After all, although Qin Jue didn't use them to cultivate, he would still treat them as delicacies to eat.

At this moment, Qin Jue held a wine pot in his hand and leaned against the window, looking down at this scene with a meaningful expression. It was unknown what he was thinking.

“Master, I want to drink it too.”

Yun Xi sat on Qin Jue’s shoulder and drooled.

“No.”

Qin Jue shook his head without hesitation.

“Why?”

Yun Xi grunted coldly to display her displeasure.

“No means no.”

It wasn’t that Qin Jue was stingy, but every time Yun Xi got drunk, she would sleep for a long time. No matter how he tried to wake her up, she wouldn’t wake up. It made Qin Jue very speechless.

Seeing this, Yun Xi’s face flushed red as she hugged Qin Jue’s neck and shouted, “Ahhh! Master, I want to drink! I want to drink!”

“...”

Helpless, Qin Jue could only take out a pot of hundred-year-old spirit wine to send Yun Xi away. “Sigh, I really can’t help it when it comes to you.”

“Hehe, I knew Master wouldn’t be so heartless.”

Taking the wine pot that was even bigger than her, Yun Xi immediately opened it impatiently and raised her head to drink it.

Speaking of which, if it weren’t for Qin Jue, Yun Xi wouldn’t have become an alcoholic. Indeed, he brought it on himself.

Ten minutes later, Yun Xi was drunk as mud. She lay on Qin Jue’s shoulder and slept. From the looks of it, it would be impossible for her to wake up without a day...

“Master, where are we going next?”

Killing Dao was the first to break the silence.

Hearing this, Shi Tian also cast a curious gaze. He really wanted to eat a few more meals of high-level fiend beast meat because it wouldn't be long before he could break through to the Legendary Stage. However, he was too embarrassed to speak.

“Let's go out and take a look first.”

Taking a sip of spirit wine, Qin Jue stood up and said, “I wonder if there's anything fun in this city.”

After making up their minds, the group quickly left the restaurant and arrived at the most prosperous area in the city.

Perhaps it was because it was close to the Fiend Beast Mountain Forest, the things sold here were mostly related to fiend beasts. For example, fiend beasts' fiend crystals, flesh, bones, armor, and weapons.

Of course, there were also some healing pills.

“Come and take a look. Come and take a look. It's the best Purple-Winged Qilin Dragon Blood Essence. With just one drop, cultivation will be twice as fast with half the effort.”

“An armor made from the bones of a divine beast descendant is indestructible...”

“Come, come. Don't miss it. Quasi-sacred artifact, Snake Slaying Saber...”

“Young Master, there's a heavenly light on your forehead and a spirit light in your eyes. You must be the reincarnation of an immortal. I've finally waited for you...”

“Clearance sale...”

“...”

All kinds of peddling sounded incessantly, almost no different from Earth. Qin Jue looked at each of the shops, but unfortunately, none of them interested him.

This reminded Qin Jue of the stories in some novels in his previous life. Those main characters often found earth-shattering treasures in such unremarkable places. In comparison, he was a little miserable.

“Eh, this is...”

Suddenly, Killing Dao’s eyes lit up as she looked at the stall on the left.

“What’s wrong?”

Qin Jue was overjoyed. He thought that Killing Dao had discovered something good and hurriedly asked.

“That stone is so beautiful.”

Killing Dao pointed at the milky-white stone on the stall.

Qin Jue :”...”

Was this really an incarnation of a divine artifact?

Was there a mistake somewhere?

Other people’s “disciples” and incarnations of divine artifacts all had their own treasure hunt function. Why was his “disciple” and incarnation of a divine artifact a foodie and a violent woman who only knew how to fight?

Could it be that he was too good at cheating, so he was forced to team up with a few useless teammates?

“Boss, how much is this stone?”

Killing Dao didn’t know what Qin Jue was thinking and picked up the stone to ask.

The boss had long heard that a Half God Stage expert had come to the city today. Seeing the dazzling halo behind Killing Dao, his legs immediately went weak, and he almost knelt down. “No... no need for money. I’ll give it to Fairy for free.”

“Really?”

Killing Dao accepted it without ceremony. “Thank you.”

“ ... ”

It was only when Killing Dao left that the stall owner heaved a sigh of relief as if a heavy burden had been lifted from his shoulders. His entire back was already drenched in cold sweat. Fortunately, Killing Dao only had eyes for a stone. Otherwise, he really wouldn't know what to do.

“What a beautiful stone.”

Killing Dao played with the milky-white stone lovingly. It was hard to imagine that this was actually a Half God Stage expert.

Qin Jue :”...”

“Wait!”

Killing Dao suddenly stopped.

“What's wrong?”

Qin Jue didn't care.

“This stone... doesn't seem to be simple.”

Killing Dao frowned.

“Not simple?”

Qin Jue was stunned. Only then did he seriously observe that stone. Sure enough, he sensed something strange.

“There seems to be runes flowing inside.”

How could there be runes in ordinary rocks?

Could it be that they really found a treasure?

“That's right.”

Killing Dao waved her hand and set up a barrier to isolate the outside sight. Then, she began to inject spirit energy into the stone.

Buzz!

In the next moment, the milky-white stone erupted with a dazzling light, condensing countless runes in midair. Then, these runes intertwined and finally outlined a complicated and obscure scene.

“This is... a map?”

Qin Jue was surprised.

“I think so.”

Killing Dao grinned. “Hahaha, I didn’t expect to be so lucky.”

Qin Jue :”...”

“The location on the map seems to be in the center of the Sacred Luo Continent. Master, should we go?”

Killing Dao looked at Qin Jue with anticipation.

“Let’s go. We have nothing to do anyway.”

Qin Jue shrugged his shoulders and made a decision.

It had not been easy for him to find a treasure. No matter what was inside, he had to go and take a look first.

“Alright, let’s go!” Killing Dao said happily.

Swoosh!

When the barrier was removed, the three of them had already silently disappeared from their original spots.

At the same time, in the center of the Sacred Luo Continent, space distorted slightly as three figures appeared.

“Uh... are you sure this is the place marked on the map?”

Killing Dao looked at the scene in front of her and then at the map. She could only brace herself. “Yes... yes.”

Chapter 350: Mysterious Space

Sacred Luo Continent, Central Region.

As the most prosperous place in the entire continent, not only was the spirit qi in the Central Region dense, but many high-level cultivators were also gathered there. There were countless of them, and even the Great Void Stage experts could be seen passing by everywhere.

This was especially true for Sacred Luo City, which was known as the Divine Capital. This was because the only Half God Stage expert of the Sacred Luo Continent was stationed here!

“Hey, have you guys heard? Last night, someone barged into the City Lord Residence and challenged the City Lord. Heavens, are they tired of living?”

One of the Great Void Stage cultivators sighed slightly, as if he was pitying the other party.

“How could I not know?” Another cultivator rolled his eyes and said faintly, “There was such a huge spirit energy fluctuation. I was so frightened that I thought it was the end of the world. But compared to this morning, it’s a little insignificant.”

“That’s right, that’s right. I wonder what it was that suddenly sucked my spirit energy dry. It’s simply too terrifying.”

“...”

“...”

Everyone started talking at once, discussing what happened last night and this morning. It was rather intense.

“Hehe, your news is too outdated.”

The cultivator beside him curled his lips and lowered his voice. “I have a friend who happened to be in the City Lord Residence at that time. He saw the expert who barged into the City Lord Residence with his own eyes.”

“What? Really?”

Hearing this, everyone immediately looked over.

“Of course.”

The cultivator raised his head and pretended to be profound. “According to my friend, the expert who barged into the City Lord Residence to challenge the City Lord is actually a woman!”

“A woman?!”

Everyone was shocked and had expressions of disbelief.

As if satisfied with everyone’s expressions, the cultivator continued, “Hehe, don’t underestimate this woman. The City Lord’s two protectors couldn’t even withstand a single move from her!”

“No way. Aren’t the two protectors of the City Lord at the tenth realm of the Great Void Stage?”

One had to know that besides the City Lord of the Half God Stage, the tenth realm of the Great Void Stage was the strongest expert in the Sacred Luo Continent. How could he not even withstand a single move?

“Fool, what do you know?”

Being questioned, the cultivator angrily rebuked, “If the protectors could stop her, why would the City Lord personally take action?”

Everyone was instantly speechless. Indeed, with the commotion last night, it was clearly not just the two protectors fighting the challenger.

Moreover, many people present had seen the City Lord’s figure. As for who won in the end, no one knew.

However, what was certain was that the City Lord had definitely made a move.

Hearing this, Qin Jue retracted his spirit sense. It was obvious that the woman they were talking about was definitely Killing Dao. Of course, now was not the time to think about this, but... was that map really correct?

“Wow, what a handsome young master. What are you waiting for? Come in.”

“Young Master, don’t be shy. We will serve you well.”

“That’s right, that’s right. You can choose the size you want.”

“ ... ”

Qin Jue was still doing alright. Because his temperament was too outstanding, no one dared to approach him easily. At most, they would just shout from afar.

Shi Tian was not so lucky. Many women had already grabbed his arm and tried to pull him in.

The pitiful Shi Tian had never encountered such a scene before. His face immediately flushed red and he was at a loss. He could only cast a pleading gaze at Qin Jue.

That’s right. According to the map on the stone, Qin Jue and the others had already arrived at the location in Saint Luo City. However, the location was a brothel!

“Are you sure?”

Qin Jue’s face darkened and he was very speechless.

“No... that’s right.”

Killing Dao shook her head repeatedly.

“ ... ”

Could the “treasure” in the stone be this brothel?

Who would have such bad taste?

“Master, could it be underneath?”

Killing Dao scratched her head in embarrassment.

“That’s indeed a possibility.”

Qin Jue frowned and spread out his spirit sense, quickly entering the ground and actually capturing a trace of spirit qi fluctuation.

Without any time to think, Qin Jue’s figure flashed and instantly disappeared with Killing Dao and Shi Tian.

“Eh, where did he go?”

The women who were pulling Shi Tian just now were immediately stunned. They looked at each other, not understanding what was going on.

Even with their Legendary Stage strength, they still didn't sense how Qin Jue and the others left.

...

Hu!

Golden light lit up and quickly expelled the darkness, illuminating the entire space.

Qin Jue put his hands behind his back and looked thoughtfully at the scene in front of him.

This was an independent space with a length and width of thousands of meters. There was a tall stone door on the front that was sealed by some strange energy. If Qin Jue wasn't strong enough, it would have been almost impossible for him to detect it. It was precisely because of this that the space was never discovered by anyone.

“Shriek!”

Right at this moment, ear-piercing screams suddenly sounded from the surroundings. It was sinister and terrifying, and it caused one to shudder.

Immediately after, black lights flew out of the corner and rushed towards Qin Jue and the others from all directions.

“What is this?”

Killing Dao's expression changed slightly as she hurriedly raised the barrier to block those black lights.

Bang! Bang! Bang!

In an instant, countless black lights collided with the barrier, creating layers of energy ripples and exploding into a bloody mist.

Although these black lights were only the size of a fist, their power was shocking. Even ordinary Great Void Stage experts would be severely injured if they were careless.

What was worth mentioning was that the bloody mist actually contained corrosive properties. After it landed on the ground, it immediately emitted sizzling sounds, leaving behind dense potholes.

After an unknown period of time, the black lights were finally exhausted, and the ground nearby had long been filled with desolation, making it impossible to look straight.

“It’s over?”

After confirming that no black lights continued to rush out, Killing Dao heaved a sigh of relief and put away the barrier.

Qin Jue didn’t say anything else and directly walked towards the stone door. He wanted to see what was behind the stone door.

Crack!

Without waiting for Qin Jue to approach the stone door, the stone door suddenly moved on its own. Although the angle was very small, it seemed exceptionally obvious in this small space.

“What’s going on?”

Qin Jue stopped and realized that something was wrong.

Crack!

In the next moment, the stone door emitted endless light, as if it wanted to swallow heaven and earth!

Boom!

In an instant, the entire Sacred Luo City shook violently. Many buildings immediately collapsed and caved in.

“What’s going on?”

“Could it be that the incident this morning is about to happen again?”

“No way!”

The cultivators in Sacred Luo City were shocked. Just as they were about to escape, a light suddenly rushed out from below the blue building and into the sky!

At the same time, the brothel instantly exploded and turned into ruins.

As for the staff in the brothel, they had inexplicably appeared 50 kilometers away.

It wasn't just the staff of the brothel. All the living beings nearby the brothel had all appeared 50 kilometers away and were not affected at all.

Sensing the commotion here, a powerful aura immediately rose from the direction of the City Lord Residence. The cultivators who wanted to approach the brothel hurriedly retreated and watched from afar.

“What dense spirit energy fluctuations.”

The person stepped into the void, his long hair reaching his waist. He looked down at the ruined brothel with a rather surprised expression.

At the location of the brother, the light dissipated, and a huge hole about ten meters in diameter slowly appeared.. It continued to emit spirit qi out in an inconceivable manner.

Chapter 351: Small World

“What's wrong, City Lord?”

At this moment, two men flew over from different directions in Sacred Luo City. One was dressed in golden armor, and the other in silver armor. Their auras were deep and unfathomable. Both of them had reached the tenth realm of the Great Void Stage.

“I don't know.”

The long-haired man who was referred to as the City Lord shook his head and pointed at the huge hole below. “But judging from the situation, there should be a secret underground space appearing.”

“What?”

The two of them were surprised. “There’s actually a secret underground space in Sacred Luo City?”

One had to know that they had all lived in Saint Luo City for thousands of years and had actually not noticed it at all.

“Hmm, let’s go down and take a look first.”

The long-haired man did not say anything else. He turned into a stream of light and entered the huge hole.

Seeing this, the other two immediately followed without hesitation.

At the same time, some cultivators who were hiding in the dark looked at each other and hurriedly ran carefully to the side of the huge hole.

“What is this?”

“What dense spirit qi. I bet there are definitely many top-notch heavenly treasures down there!”

“Not only that, with such dense spirit qi, there might even be a small world!”

“Small world!?”

“Wow! Then we’re rich!”

“Should we go down and take a look?”

Everyone was incomparably excited, as if they could already see all kinds of heavenly treasures waiting for them.

“But... the City Lord and the Gold and Silver Protectors went down just now. Are we really going to snatch it from them?”

As soon as these words were spoken, the surroundings fell silent.

That was a Half God Stage expert and two tenth realm Great Void Stage experts!

Who would dare to provoke them?

“Don’t worry. The City Lord and the Gold and Silver Protectors are top experts. They will definitely only care about top-notch treasures. Won’t we be fine as long as we take what they don’t care about...”

Everyone’s eyes lit up. That was indeed the case. Experts like the City Lord and the Gold and Silver Protectors would definitely not want everything. They could completely follow behind and pick up the scraps!

After all, things that were useless to the City Lord and the Gold and Silver Protectors might be good things for them!

Moreover, many itinerant cultivators present were already used to killing and plundering. How could they care about danger? Therefore, they quickly flew down the hole.

...

“Mm? Someone was here.”

As soon as he landed in the mysterious space, Chen Tianming realized that something was wrong and said in a deep voice.

The two protectors were shocked and hurriedly assumed a defensive posture.

“Don’t worry, the other party isn’t here right now.” Chen Tianming added.

The Gold and Silver Protectors heaved a sigh of relief and then said doubtfully,

“How does the City Lord know?”

“The stone door is open.”

“ ... ”

The Gold and Silver Protectors looked in the direction of the voice and indeed saw an opened stone door, but it was enveloped by a light screen, preventing them from seeing what was inside. There was spirit qi coming from the other side of the stone door.

“I have a feeling that the other side is very likely a small world.”

Suppressing his excitement, Chen Tianming said impatiently, "Let's go. No matter what's inside, we can't let the other party beat us to it."

"Yes!"

The three of them passed through the light screen and disappeared.

Not long after, more cultivators arrived at the mysterious space and also rushed into the stone door, leaving behind the mysterious space that gradually calmed down.

...

"Indeed."

In the air, Chen Tianming smiled and said, "If I can become the master of this small world, my strength will definitely increase again!"

This was a world with no end in sight. There were rivers, mountains, forests, and oceans. If it weren't for the interior of the Sacred Luo Continent, it might have been a separate world.

Even so, the size of this "small world" still far surpassed Chen Tianming's imagination.

Who exactly was it that could construct such a vast small world below Sacred Luo City under Chen Tianming's nose for more than ten thousand years?

Or perhaps, this small world had already existed 10,000 years ago!

Without any time to think, Chen Tianming ordered, "Continue forward."

...

A moment later, the other cultivators also entered the small world.

"So many level ten spirit herbs!"

"Heavens, am I seeing things? That's a level eleven spirit fruit, the Crystal Fire Marrow!"

"There's also level twelve..."

“ ... ”

Unlike Chen Tianming, these cultivators were attracted by the surrounding heavenly treasures as soon as they entered the small world and fought over them. They had no intention of advancing at all, saving a lot of trouble.

...

“Master, someone’s coming in.”

Killing Dao frowned slightly with killing intent.

“Yeah.”

Qin Jue put his hands behind his back and indifferently said, “Stop them.”

“Yes!”

Without any hesitation, Killing Dao walked out of the palace and welcomed the approaching Chen Tianming and the Gold and Silver Protectors.

“Rip!”

In an instant, a hundred thousand feet sword light lit up, piercing one’s eyes and making it difficult to look straight.

At the critical moment, Chen Tianming waved his palms, his long hair dancing wildly. He actually forcefully blocked the sword light!

Boom!

Space shattered as vast spirit energy wreaked havoc. Just the aftershock that spread out almost flattened an area of 50 kilometers. The Gold and Silver Protectors were even almost injured.

Chen Tianming and Killing Dao retreated a hundred meters each and stabilized themselves.

“It’s you?!”

After seeing Killing Dao’s appearance, the expression of the Gold and Silver Protectors changed drastically.

“It’s you!”

Chen Tianming’s expression was equally ugly.

It couldn’t be helped. Killing Dao had left too deep an impression on them.

She barged into the City Lord Residence alone and challenged Chen Tianming. Moreover, she easily destroyed all the array formations.

This was especially true for the Gold and Silver Protectors. They had been beaten down with a single move, so how could they have forgotten?

At this moment, Chen Tianming’s head hurt incomparably. Because he had just fought Killing Dao last night, he knew very well how powerful Killing Dao was.

Although there was no clear winner at that time, Chen Tianming speculated that if time passed, he would very likely be the one to lose.

Damn it! When did the Sacred Luo Continent have such a powerful woman?!

Taking a deep breath, Chen Tianming said in a deep voice, “What is the meaning of this?”

“Sorry, you guys can’t move forward anymore.”

As soon as she finished speaking, strands of sword light appeared with Killing Dao as the center, and it formed an extraordinary barrier that blocked the path of Chen Tianming and the others.

“You!”

Chen Tianming said angrily, “In that case, it seems we will have to fight again!”

Seeing that he was about to approach the core of this small world, Chen Tianming naturally could not give up so easily. His aura immediately rose steadily, raising a violent wind that filled the sky as he attacked Killing Dao!

“Hehe, perfect. I have been itching for a fight anyway.”

Killing Dao grinned, and countless sword lights immediately stabbed towards Chen Tianming from all directions. Each sword light contained shocking strength that could not be underestimated!

Crack! Crack! Crack!

Space continued to shatter and spread, causing even the sky to darken, as if doomsday had arrived.

In a few breaths, the two of them had already collided more than a hundred times. Chen Tianming finally took out his weapon, a shield, and a trident.

As for the Gold and Silver Protectors, they could only hide in the distance and watch. A battle of this level was not something they could participate in at all.

As expected, as time passed, Chen Tianming began to feel more and more exhausted. At this rate, he would sooner or later be defeated by Killing Dao!
