

# Invincible Uncle-Grandmaster - Chapter 401 – 415

## Yang Clan Meeting

Chapter 401: Peak Battle (1)

Translator: Atlas Studios Editor: Atlas Studios

Hu.

Golden light flashed as it swept out like a sun, dissipating all the spirit energy without raising any waves.

At the same time, Qin Jue frowned with killing intent.

Four upper realm True God Stage experts had suddenly appeared here and were crazily attacking the barrier. They clearly had ill intentions.

“Senior Qin, Senior Qin, you’re finally here!”

Seeing this, Zhu Tianpeng hurriedly flew over.

“It’s you?”

Qin Jue was surprised. “Why are you here?”

“Senior, we didn’t attack this barrier on purpose. We just didn’t have any other choice. The God Realm... the God Realm is about to be destroyed. Senior, please save us!”

Zhu Tianpeng went straight to the point.

“What?”

Qin Jue was stunned and somewhat dumbfounded.

The God Realm was about to be destroyed?

What was going on?

According to his knowledge, there were two upper realm God King Stage experts holding down the fort in the God Realm, and the Heavenly Dao laws

of the God Realm did not allow existences that surpassed the upper realm God King Stage to step in. Qin Jue didn't understand how it could be destroyed.

Unless the other party was a God King Stage expert who could travel freely through realms.

However, with Old Mo around, even if a Dao Verification God King invaded, he should still be able to resist.

Or perhaps Old Mo had gone crazy?

Of course, there was a third possibility.

The God Realm had been attacked by a Dao Integration Stage God King Stage expert!

Thinking of this, Qin Jue couldn't help but look forward to it.

"What's going on? Speak clearly!" After calming down, Qin Jue said seriously.

"This... I'm not sure about the exact situation, but Brother Monkey told us that if we don't ask you for help, the entire God Realm will be destroyed."

Zhu Tianpeng quickly said, "I hope Senior can save the God Realm!"

Qin Jue : "..."

It turned out that Zhu Tianpeng did not even know what had happened.

If it weren't for the fact that Qin Jue could tell with his spirit sense that Zhu Tianpeng wasn't lying, he would have really suspected what the other party was telling him.

"Right."

As if recalling something, Zhu Tianpeng took out a crystal ball and said, "Brother Monkey said that this person asked us to find you."

As soon as he finished speaking, Zhu Tianpeng injected spirit energy into the crystal ball and a figure was immediately projected from the crystal ball.

Qin Jue looked in the direction of the voice and was slightly stunned. The figure projected from the crystal ball was actually Old Mo!

“Are you sure this person sent you to find me?”

Qin Jue finally realized the seriousness of the matter.

It had to be known that Old Mo was a God King Stage expert. If even he had to ask Qin Jue for help, then how powerful was the enemy?

“Mm!”

Zhu Tianpeng nodded heavily. He had seen Old Mo before, so when Sun Wukong mentioned the old man, Zhu Tianpeng instantly remembered.

“I understand. Let’s go.” Qin Jue said solemnly.

“Thank you, Senior!”

Zhu Tianpeng was overjoyed. “We have already opened a spatial passageway...”

Before he could finish speaking, Qin Jue interrupted with a wave of his hand. “The spatial passageway is too slow.”

“???”

The spatial passageway was still slow?

Without waiting for the Zhu Tianpeng to react, Qin Jue flicked his finger and a spatial gate immediately condensed in front of him, leading straight to the border between the Inner Realm and the God Realm.

“...”

The four upper realm God King Stage experts looked at each other and could see the disbelief in each other’s eyes.

How did he create a spatial gate from so far away with a flick of his finger?

It was only at this moment that they understood why they had asked Qin Jue to help save the God Realm!

After passing through the spatial gate, Qin Jue raised his hand and punched.

Crack! Crack! Crack!

The realm barrier immediately shattered like tofu, revealing a hundred-meter-wide hole that connected to the God Realm.

Zhu Tianpeng :”...”

“...”

The four upper realm True God Stage experts who were about to use their secret techniques were instantly dumbfounded, shocked speechless.

Forget about the spatial gate, how could it forcefully break the realm barrier?

Was there a mistake somewhere?

“What are you guys waiting for? If you don’t come over soon, the barrier will heal.” Qin Jue reminded.

“Ohhh.”

The four of them suddenly regained their senses and hurriedly passed through the barrier.

“Hmm?”

Qin Jue looked around and frowned. “What’s going on? Why aren’t there any signs of life?”

Everywhere one looked, it was lifeless, as if it was hell. Whether it was a planet or a continent, there were no signs of life, as if everyone had evaporated from the world.

Not only that, but even the surrounding spirit qi became extremely thin, as if it would disappear at any moment. It was simply worlds apart from the God Realm in Qin Jue’s impression.

“This... It wasn’t like this when we entered the Inner Realm five days ago.”

Zhu Tianpeng was stunned.

Qin Jue pondered. If the other party could turn the God Realm into such a state in just five days, it seemed that things were indeed not that simple.

“Will the patriarch and the others be fine?”

The two upper realm True God Stage experts from the Heavenly God Race had anxious expressions.

“Don’t worry, Brother Monkey and Patriarch Tian are both upper realm God King Stage experts. They shouldn’t be in any danger.”

Zhu Tianpeng consoled.

Because he had never come into contact with experts above the God King Stage, Zhu Tianpeng was not that worried. In his opinion, even if a calamity happened in the God Realm, it would not be able to threaten the two of them.

“Not necessarily.”

Qin Jue spread out his spirit sense and faintly said, “The other party’s strength far surpasses your imagination.”

In fact, there was one thing that Qin Jue didn’t say. He could sense the aura left behind by Sun Wukong and Tian Hunji nearby, as well as an unknown energy fluctuation.

In fact, there was one thing that Qin Jue didn’t say. He could sense the aura left behind by Sun Wukong and the Heavenly Chaos Machine nearby, as well as an unknown energy fluctuation.

In other words, Sun Wukong and Tian Hunji were either captured or killed by the other party. There was no possibility of them escaping.

“What?”

Zhu Tianpeng panicked. “Then Brother Monkey...”

“Forget it, I’ll go take a look first.”

Qin Jue couldn’t be bothered to think too much about it. He quickly captured the source of that energy fluctuation and opened another spatial gate.

Unexpectedly, that energy fluctuation came from the land of the Heavenly God Race.

After arriving home and seeing that everything had almost been flattened in front of them, the two Heavenly God Race experts rolled their eyes and almost fainted.

“How could this be?!” One of them shouted.

The Heavenly God Race had thrived in the God Realm for more than a million years and had deep roots. During this time, they had nurtured countless experts. Otherwise, they wouldn't have declared war on the Myriad Divine Court. However, at this moment, besides some internal core buildings, the Heavenly God Race was basically no different from ruins.

Most importantly, not a single one of the billions of people from the Heavenly God Race was left!

Everywhere one looked, one could see broken walls and many ugly, strange creatures with strange auras.

The commotion here immediately attracted the attention of those strange creatures. They flapped their wings and surrounded Qin Jue and the others.

“Die!”

The two Heavenly God Race experts were unable to restrain their anger. They immediately took out their weapons and began to fight the strange creatures.

Rumble!

Those strange creatures were only around the tenth realm of the Great Void Stage and were no match for the two upper realm True God Stage experts at all. However, no matter how many they killed, more strange creatures would appear. The ones that came after were also stronger.

If this continued, the two of them would die sooner or later.

Sighing, Qin Jue raised a golden light that filled the sky from his palm and spread out layer by layer like a wave. All the strange creatures that came into contact with the golden light, regardless of their level, were instantly killed.

Although he did not know what these strange creatures were, judging from the current situation, it was definitely not wrong to kill them.

Chapter 402: Peak Battle (2)

Translator: Atlas Studios Editor: Atlas Studios

When the golden light dissipated, all the strange creatures had already disappeared.

However, soon, more densely packed strange creatures appeared at the end of his field of vision. Moreover, all of them had reached the Half God Stage or above. There were even many lower realm True God Stage and upper realm True God Stage experts!

Without the interference of a God King Stage expert, such a powerful force could almost sweep through the God Realm!

The strange thing was that these strange creatures didn't attack Qin Jue and the others. Instead, they quickly separated to the sides, forming a wide path!

Then, three burly strange creatures with eight meaty wings appeared in front of everyone.

“God... God King Stage?”

Sensing the spirit energy fluctuations emitted from the other party's body, the two Heavenly God Race experts immediately revealed shocked expressions.

“Oh? There were actually a few who escaped.”

The strange creature in the middle smiled. “Looks good.”

“Hehe, we came too late and didn't get to taste the living beings of this world. Now, we can make up for our regrets.”

Another strange creature licked its lips and drooled.

“Leave the two on the left to me. You guys can take care of the rest.”

The last strange creature said impatiently, not putting Qin Jue and the others in its eyes.

“Then I want the two on the right.”

“Alright!”

The three strange creatures reached an agreement. They looked at each other and immediately rushed towards their respective prey.

At the same time, Qin Jue lightly stomped his foot, and invisible energy ripples spread out.

Bang!

Bang!

Bang!

As expected, the three God King Stage strange creatures exploded with a bang. The dark green blood was as gorgeous as fireworks and dissipated with the wind.

“ ... ”

Everyone fell silent!

Zhu Tianpeng and the others were dumbfounded and could hardly believe their eyes.

Not only them, but even those strange creatures found it unbelievable.

One had to know that those three God King Stage strange creatures just now were their generals. They had actually been instantly killed just like that!

Qin Jue didn't care about this and stomped his foot again.

Boom!

In an instant, heaven and earth twisted, as if the void was hanging upside down, instantly devouring all the strange creatures present!

After doing this, Qin Jue put his hands behind his back as if he was strolling in a courtyard and indifferently said, “Let's go.”

As soon as he finished speaking, he flew towards the depths of the land of the Heavenly God Race.

Hearing this, the four of them suddenly regained their senses and hurriedly followed.

As Qin Jue and the others continued to enter, the strange creatures they encountered became stronger and stronger. Even God King Stage experts could be seen everywhere.

Although they were only lower realm God King Stage experts, the number of them was simply inconceivable.

“Stop, you are...”

Finally, an upper realm God King Stage strange creature jumped out. Unfortunately, before it could finish speaking, it was slapped to death by Qin Jue, its soul destroyed.

“...”

The four of them looked at each other, not knowing how to describe their feelings.

At this time, even an idiot could see how terrifying Qin Jue was.

“Wait, isn’t that the Profound Medicine Pavilion? How did it become like this?!”

Suddenly, an expert of the Heavenly God Race shouted.

The Profound Medicine Pavilion was a place specially used by the Heavenly God Race to refine medicinal pills. It was a core facility and was extremely important.

However, at this moment, the entire Profound Medicine Pavilion had already turned into ruins, leaving nothing behind. There were still many traces of blood on the ground. Clearly, an extremely intense battle had happened here not long ago.

Witnessing this scene, the two Heavenly God Race experts’ eyes filled with blood. Their spirit energy instantly became incomparably violent, and even their expressions gradually distorted, as if they wanted to die together with those strange creatures.

Qin Jue didn't say anything else. He flicked his finger and shot out two golden lights that fused into their bodies. Only then did the two of them calm down slightly.

Even so, they gritted their teeth in anger.

After all, anyone who saw their own home in such a state would not be able to remain calm.

On the other side, Zhu Tianpeng sighed with a complicated expression.

One had to know that five days ago, the Heavenly God Race was still the faction with the deepest foundation and the longest history in the God Realm. Who would have thought that in just five days, it would become like this?

Of course, what the Zhu Tianpeng was most worried about now was the fate of their Myriad Divine Court. After all, he had witnessed what happened to the Heavenly God Race.

"Alright, you guys stay here for the time being." Qin Jue ordered.

"Why?"

"The upcoming battle is not something you can participate in." Qin Jue's eyes flickered as he said meaningfully.

"..."

The four of them were speechless.

Strictly speaking, from the moment the three God King Stage strange creatures appeared, they were no longer qualified to participate.

If they continued to follow Qin Jue, they might become a burden.

"We'll leave the God Realm to you, Senior Qin." Zhu Tianpeng knelt down and said solemnly.

"Senior Qin, please save the God Realm!"

Seeing this, the other three also knelt down without hesitation!

"Don't worry."

Qin Jue raised his hand and lightly waved it. He helped the four of them up and then continued to fly towards the depths of the land of the Heavenly God Race.

Before leaving, Qin Jue didn't forget to use his spirit energy barrier to envelop the four of them to prevent them from being affected or attacked by other high-level strange creatures.

"Let's end this here."

Not long after Qin Jue went deep, a tall strange creature blocked his path. His entire body was covered in glass-like scales, and there were twelve meat wings on its back that blotted out the sky. It looked down at Qin Jue and started to speak.

"I am the Grand Overseer of the Sacred Fiend Race, Ax. We have already captured the strongest expert in your world. If you know what's good for you, surrender obediently. On account of your decent strength, I might spare your life."

The strongest expert in this world?

Qin Jue was stunned. "You captured Old Mo?"

"You know Mo Ming?"

Ax was surprised.

Qin Jue faintly said, "Let him go. Perhaps I can spare your lives."

Hearing this, Ax seemed to hear the funniest joke in the world. "Spare my life? Hahaha, did I hear wrongly?"

"That's right. Today is the end for your Sacred Fiend Race."

Qin Jue shrugged his shoulders.

"Hahaha, don't tell me you're the 'Senior Qin' that old thing mentioned?"

As if recalling something, Ax threw his head back and laughed. "I want to experience just how strong you are!"

As soon as he finished speaking, Ax's aura rose steadily, and he instantly attained the level of a Dao Validation God King Stage expert. Moreover, his aura was even stronger than when he fought Old Mo!

"With your strength, you shouldn't be a match for Old Mo. You weren't the one who captured him, right?" Qin Jue said casually.

"Hmph, cut the crap. Take this!"

Ax shouted angrily as a pitch-black aura spread out crazily, quickly enveloping an area of 50,000 kilometers, forming a domain.

In the next moment, Ax punched out, shaking the heavens and the earth!

He wanted to use absolute strength to crush Qin Jue and make him realize the price of mocking him!

Unfortunately, Ax had underestimated Qin Jue and overestimated himself.

Facing Ax's fist that was the size of a millstone, Qin Jue was expressionless as he stretched out a finger.

"You're courting death!"

Ax was furious. This was pure humiliation!

Chapter 403: Peak Battle (3)

Translator: Atlas Studios Editor: Atlas Studios

Swoosh!

Ax's fist instantly crossed thousands of meters and hit Qin Jue's finger.

In an instant, violent spirit energy swept out, and space shattered one after another, raising a hurricane that filled the sky. With the two of them at the center, it quickly spread out.

Ax's expression was sinister. He could almost imagine Qin Jue's tragic death.

Bang!

Unexpectedly, the scene Ax imagined did not appear. Ax felt as if his fist hit the Nine Heavens Divine Metal, and the intense backlash caused his bones to break inch by inch. He immediately spat out a mouthful of blood and almost fainted.

Fortunately, Ax had retracted his strength in time and was not severely injured. Even so, he was still hurt.

“Not good!”

Sensing that something was wrong, Ax hurriedly retreated, but he found that his fist had been grabbed by Qin Jue and he couldn't move at all.

“Let go!”

Ax struggled with all his might. Unfortunately, no matter how hard he tried, it was useless.

In the nick of time, Ax didn't have the time to think too much about it. He actually forcefully tore off his arm and chose to flee!

“Interesting.”

Qin Jue casually threw away Ax's arm, and his palm emitted endless golden light. He forcefully dispelled Ax's Death Qi Domain and froze him in place.

“How is this possible?”

Ax tried to circulate his spirit energy, but his meridians were directly sealed by Qin Jue, leaving him no choice.

Ax wasn't an idiot. At his level, he knew very well how great the difference between each realm was. For Qin Jue to be able to control him so easily, he clearly didn't belong to the God King Stage.

“Are you... really a Dao Integration Stage expert?”

As hard as it was to accept, Ax had to admit the truth.

“Maybe.”

Qin Jue shrugged his shoulders.

Ax was speechless.

Hu.

A cool breeze blew past, and Ax's sturdy body immediately scattered like ashes before he died.

After dealing with Ax, Qin Jue continued forward. Soon, a palace appeared in front of him. It was one of the few buildings in the land of the Heavenly God Race that had not been destroyed.

Around the palace were strange creatures of all levels, but none of them dared to rush up and attack Qin Jue.

They had all seen the battle between Qin Jue and Ax just now. They knew very well that they were not Qin Jue's match. After all, they had seen how the Grand Overseer, Ax, who was at the God King Stage, had been instantly killed.

Qin Jue didn't care about this. He lightly landed outside the palace and walked inside.

The palace was the holy land of the Heavenly God Race. There were many dense symbols and words carved on the walls. These were all high-level secrets of the Heavenly God Race and only core members could come into contact with them.

In addition, there were also a large number of weapons, scrolls, and cultivation techniques. Each of them could cause a bloody storm in the outside world. However, here, they could be seen everywhere as if they were free.

Not long after, Qin Jue passed through a dragon carved stone pillar and arrived at the end of the palace.

At the end of the palace sat a figure covered in black fog. His aura was ethereal and incompatible with the surrounding environment. His appearance could not be seen at all.

Beside him was a similar black fog, but he could see the person inside clearly.

“Senior!”

Old Mo shouted excitedly.

That's right, the person imprisoned in the black fog was Old Mo.

At this moment, Old Mo's hair was disheveled, and blood was hanging from the corner of his mouth. He was dispirited and did not look like a sage at all.

Seeing Qin Jue appear, Old Mo's eyes widened in excitement. "Senior! You're finally here!"

Qin Jue nodded and didn't say anything else. He raised his hand and lightly waved it, blowing away the black fog and saving Old Mo.

From beginning to end, the other ball of black fog did not move at all, as if it had fallen asleep.

"Thank you, Senior."

Enduring the intense pain coming from his limbs and bones, Old Mo did not waste his breath and directly whispered, "Senior, the other party is a Dao Integration Stage expert. Please be careful."

"Dao Integration Stage expert..."

Qin Jue muttered to himself with a smile. A few days ago, he was still thinking about fighting a Dao Integration God King Stage expert. He didn't expect it to happen so quickly.

"Are you alright?"

"I'm fine."

Old Mo hurriedly shook his head. "It's just some small injuries."

Even so, Old Mo's injuries were actually extremely serious. It was almost impossible for him to recover in a short period of time. If he was careless, it would even affect his foundation.

Buzz!

Qin Jue flicked his finger and sent a strand of golden light into Old Mo's body.

"I'll leave the cannon fodder outside to you."

Ax had already been killed by Qin Jue. With Old Mo's strength at the God King Stage, it was impossible for the strange creatures outside to stop him.

"This..."

Sensing the injuries in his body rapidly healing, Old Mo was dumbfounded. How could this be?

"But, Senior, you..."

Old Mo had a worried expression, afraid that Qin Jue's strength would be affected after healing him.

If even Qin Jue lost to the patriarch of the Sacred Fiend Race, wouldn't it all be over?

"Don't worry, I am confident." Qin Jue said indifferently.

"..."

Hearing this, Old Mo took a deep breath and could only turn around to leave the palace to clean up the strange creatures outside.

At this moment, the ball of black fog finally fluctuated and scattered to the side, revealing the figure inside.

This was a rather thin and strange creature. It was wearing black armor and had an incomparably ugly appearance. It looked basically no different from a strange creature at the tenth realm of the Great Void Stage.

The difference was that he did not have wings or four arms. In a way, he looked more like a "human" who had accidentally mutated.

"Are you the Dao Integration Stage expert that Old Mo mentioned?"

The strange creature slowly opened his mouth, his voice slightly hoarse. His pupils locked onto Qin Jue, unable to take his eyes off of Qin Jue.

"I think so."

Qin Jue didn't care.

"Very good."

The strange creature continued, "You've already killed Ax, right?"

"Yes." Qin Jue answered truthfully.

"Hahaha, I've waited for you for a long time. You didn't disappoint me."

The strange creature threw his head back and laughed before revealing a lonely expression. "Ever since I advanced to the Dao Integration Stage, I haven't encountered a worthy opponent. Even Old Mo, who once defeated me, can't even withstand a single strike from me."

"Invincibility... how lonely."

At this point, the strange creature looked at Qin Jue. "You must feel the same way, right?"

Qin Jue : "..."

"Actually, such a weak world is not worth me personally descending to."

The strange creature spoke confidently. "However, I have already waited for a hundred thousand years for this battle."

As soon as he finished speaking, the strange creature slowly stood up, and then an unparalleled and formidable aura arose!

"Sacred Fiend Race, Lothar."

The strange creature introduced himself.

"Xuanyi Mountain Sect, Qin Jue."

Qin Jue was stunned for a moment before introducing himself.

"This place is too small. Should we go somewhere else?"

Lothar asked patiently.

"Sure." Qin Jue said indifferently.

In the next moment, the two of them instantly disappeared from their original spots.

At the same time, in the depths of the void millions of kilometers away from the land of the Heavenly God Race, Qin Jue and Lothar suddenly appeared and collided!

Boom!

Chapter 404: Peak Battle (4)

Translator: Atlas Studios Editor: Atlas Studios

Rumble!

The void shook, and intense spirit energy fluctuations spread out with Qin Jue and Lothar as the center. Wherever they passed, regardless of whether it was a planet or a continent, they were all torn to pieces and turned into nothingness.

Not only that, but even the power of laws between heaven and earth distorted, as if they would collapse at any moment.

What was worth mentioning was that there were no longer any living beings in the current God Realm, so Qin Jue didn't have to worry about his surroundings at all.

Boom! Boom! Boom!

Another layer of energy ripples bloomed. Qin Jue and Lothar retreated one after another, their spirit energy constantly colliding. For a moment, they were evenly matched.

“Interesting, you have indeed reached the Dao Integration Stage.”

Lothar smiled with interest. “Looks like I can finally get a good workout this time.”

At this moment, Lothar was incomparably happy.

He had already waited a hundred thousand years for this battle!

...

Compared to Lothar, Qin Jue was undoubtedly much calmer.

It had to be said that Luo Sa was indeed very powerful. He was absolutely the strongest person Qin Jue had encountered so far.

If it were anyone else, they would have been killed by Qin Jue in the confrontation just now. However, not only did Lothar take all of the attacks, but he even took the initiative to attack Qin Jue without being at a disadvantage.

Just this alone had far surpassed Qin Jue's expectations.

"Hu, you didn't disappoint me."

Relieved, Qin Jue's entire body immediately emitted a deafening "ka ka ka" sound like thunder.

"Right, I forgot to tell you."

At this moment, Lothar seemed to have thought of something and said, "I'm not an ordinary Dao Integration expert."

Not an ordinary Dao Integration Stage expert?

Qin Jue was stunned. What did he mean?

Could it be that there were also many levels to the Dao Integration Stage?

Although Qin Jue's strength was invincible, he had never come into contact with such knowledge, so he wasn't sure.

In the next moment, boundless black death qi suddenly emitted from Lothar's body, forming a domain that enveloped an area of 500,000 kilometers. It was exactly the same as Ax's domain.

The difference was that this black death qi was even tougher and had the ability to corrode spirit qi. It constantly revolved around Qin Jue in an attempt to swallow him.

Seeing this, Qin Jue frowned and lightly stomped his foot. A dazzling golden light lit up and forcefully dispelled the black death qi to confront Lothar.

From afar, the entire void seemed to have been cut into two. One was black, and the other was golden.

"The warm-up is over. The battle has officially begun."

Lothar's expression was grave. His cultivation had already been raised to the peak.

"That's what I was thinking."

Qin Jue smiled.

Their eyes met, and their battle intent burned fiercely.

Strictly speaking, this should be the first time Qin Jue had encountered an "opponent".

Swoosh!

There were no fancy divine abilities or colorful techniques. The two of them instantly crossed thousands of meters and collided again, raising endless hurricanes that swept out!

Even God King Stage experts would probably die if they were accidentally swept in.

Bang! Bang! Bang!

After three consecutive punches, the space finally couldn't withstand the battle between Qin Jue and Lothar anymore. Dense lines cracked open, and then a huge hole was formed. It was a horrifying sight!

The two of them had actually forcefully broken the barrier between the two worlds!

"What was that?"

The living beings in another dimension sensed the commotion and raised their eyes, clearly not realizing the seriousness of the problem.

"What a beautiful golden light."

"That black light is also very beautiful."

Before these living beings could finish speaking, everything that the black light touched was completely destroyed, dissipating with the wind like withered leaves.

“ ... ”

Everyone fell silent!

After a while, someone finally reacted and shouted.

“Run!”

Unfortunately, it was already too late.

Seeing that everyone was about to be submerged by the black light, the golden light suddenly soared. It wrapped around everyone at an unbelievable speed and sent them to a safe area hundreds of millions of kilometers away.

“Hehe, it’s very dangerous to be distracted in battle.”

Lothar sneered.

Qin Jue didn’t care about this. Qin Jue absolutely wouldn’t want a large number of innocent people to die because of his battle.

“Perhaps this is the difference between us.”

Lothar said faintly, “You are burdened by too many emotions, making it impossible for you to truly focus on cultivation and pursue strength. This is also why Old Mo has been stuck at the Dao Validation Stage for hundreds of thousands of years without any improvement.”

“But don’t worry, I don’t like to take advantage of others.”

Lothar said proudly, “If I encounter a similar situation, I will try to avoid those ants.”

Hearing this, Qin Jue didn’t say anything. He raised his arm and crooked his finger.

As the saying went, strength was absolute. At their level, any divine ability or weapon would be useless. They could only rely on pure strength to determine the outcome.

Facing Qin Jue’s provocation, Lothar narrowed his eyes and instantly pulled out afterimages. Before he could approach Qin Jue, he transformed into tens of thousands of spirit bodies that surrounded Qin Jue and attacked crazily.

Qin Jue's expression was calm. His entire body was enshrouded in golden light, and his defense was airtight. No matter how Lothar attacked, he remained motionless. Occasionally, he would punch back and easily destroy hundreds of spirit bodies.

In less than half a minute, only Lothar's true body was left.

"Hahaha! Awesome!"

Lothar threw his head back and laughed, his blood boiling.

Next, the battle between the two of them destroyed the realm barriers of several dimensions one after another. They fought until the sky darkened and the sun and moon dimmed.

Lothar had indeed fulfilled his promise and avoided the living beings of those dimensions as much as possible without causing any casualties.

As the battle became more and more intense, Lothar gradually realized that something was wrong.

At some point in time, Qin Jue had actually chosen to give up on defense and fight in a way that allowed him to exchange injuries!

As everyone knew, although Dao Integration Stage God King Stage experts had boundless strength, they would still be injured after being attacked, especially by experts of the same realm.

Therefore, after exchanging injuries several times, Lothar's attack speed would inevitably decrease.

Logically speaking, Qin Jue should be about the same as him, but the strange thing was that Qin Jue seemed fine!

In this way, the battle between the two quickly changed from being evenly matched to Qin Jue completely suppressing Luo Sa!

Hu!

Lothar punched straight at Qin Jue's chest. He had hit the same place several times just now, so he didn't believe that Qin Jue was still fine.

However, Qin Jue acted as if he didn't see Lothar's fist and punched back.

Bang!

The two of them flew back one after another. Lothar could not help but vomit a mouthful of blood, his face as pale as paper.

On the other hand, Qin Jue was still unscathed. His hair wasn't even messed up.

“Dammit! Is this guy really at the Dao Integration Stage?”

Lothar shook his hand and grimaced in pain.

Every time he hit Qin Jue, he felt like he was hitting Nine Heavens Divine Metal that was indestructible.

What kind of physique did Qin Jue have for him to possess such powerful defense?

“You lost.” Qin Jue said indifferently.

Hearing this, Lothar was slightly stunned and said angrily, “Bullshit! The outcome hasn't been decided yet!”

Chapter 405: Trump Card

Translator: Atlas Studios Editor: Atlas Studios

“The outcome hasn't been decided yet!”

Lothar was furious.

Even so, Lothar knew very well that if this continued, he would almost certainly lose.

After all, in terms of attacking strength alone, he might be able to contend against Qin Jue. However, his defense was worlds apart.

Until now, he had not even broken through Qin Jue's defense, so how could he win?

However, Lothar found it hard to accept this fact.

He had waited for a hundred thousand years to trample experts of the same realm under his feet, not to be trampled under the other party's feet!

He needed to win!

Lothar roared inside.

Thinking of this, Lothar's expression gradually became sinister.

"Really?"

Qin Jue was not surprised by Lothar's reaction. He took out a pot of spirit wine and opened it. After taking a sip, he asked, "Before we determine the victor, I want to know where you took those living beings of the God Realm."

"Oh? Do you really want to know?"

Lothar grinned and pointed at his stomach. "They're all here now."

Qin Jue was stunned. "You ate them all?"

"Hehe, what else would I do with them?"

"They taste good." Lothar said as he licked his lips.

The reason why Lothar could far surpass Old Mo in hundreds of thousands of years was because of the unique physique of the Sacred Fiend Race. As long as he devoured enough energy, he could constantly become stronger without any restrictions.

This "cultivation" method was undoubtedly somewhat unfair when compared to other cultivation methods. However, this world had never been fair.

For example, even if Qin Jue drank wine and slept every day and had nothing to do, he could still become a peerless expert.

Over the past hundreds of thousands of years, Lothar had led the Sacred Fiend Race to destroy countless worlds, and his strength had increased day by day. Otherwise, how could he become so powerful?

Crack!

With a light sound, the wine pot in Qin Jue's hand exploded.

“Hehe.”

Qin Jue smiled and shook off the wine in his hand, his speed suddenly increasing!

“So fast!”

Lothar was shocked. Before he could retreat, he felt his vision go black as Qin Jue grabbed his head!

Immediately after, it was as if a hammer had hit his face. The pain almost made him cry!

Bang! Bang! Bang!

After three consecutive heavy blows, Lothar immediately spat out blood from his mouth and nose. Even a few of his teeth flew out, looking incomparably miserable.

It was hard to imagine that this was a Dao Integration God King Stage expert.

“You...”

How could Lothar tolerate such blatant humiliation? Even though he was injured, he still relied on his spirit energy to forcefully break free and appear thousands of kilometers away.

Unfortunately, Qin Jue didn't give him a chance to catch his breath and immediately followed!

Bang!

With another punch, Lothar immediately flew out like a meteor and hit the distant abandoned planet, directly piercing through the entire planet!

“Pu!”

Spitting out another mouthful of blood, Lothar did not have the time to think. His eyes emitted a pitch-black divine light as he instantly disappeared from his original spot!

At the same time, Qin Jue's fist came with a majestic force and almost hit Lothar.

Boom!

In an instant, a huge fist print appeared in the void. With Qin Jue as the source, it crazily stretched out without end.

“He escaped?”

Qin Jue frowned and immediately spread out his spirit sense to search for Lothar’s location.

...

“Dammit! How could this be?!”

Stumbling out of the space, Lothar’s aura plummeted. He no longer had the confidence he had just now.

He never expected Qin Jue to be so powerful.

Originally, he thought that he could devour a Dao Integration God King Stage expert and help him step into that legendary realm. Now, not to mention devouring Qin Jue, it was even possible for him to die if he was careless.

Fortunately, Lothar knew the surrounding dimensions like the back of his hand. He forcefully used a secret technique to enter a ruined world that had been destroyed by the Sacred Fiend Race. This place was extremely remote and the spirit qi was thin. He believed that he should be able to buy himself some time.

Unfortunately, Lothar had overestimated himself.

Boom!

With a loud bang, the realm barrier was suddenly broken. Then, golden light rose like a sun and shone on Lothar.

In the golden light, a young man with the aura of a phoenix walked over from the sky as his white clothes fluttered in the wind. He was like an immortal that had descended to the mortal world, looking down at Lothar with an incomparable temperament.

Apart from Qin Jue, who else could it be?

“You...”

Lothar gaped.

He wanted to ask how Qin Jue had found this place so quickly.

“Do you still want to continue playing hide and seek?” Qin Jue said with interest.

“...”

Taking a deep breath, Lothar said coldly, “You forced me to do this!”

Qin Jue :”...”

Qin Jue wondered if these villains all had the same lines.

“Rip!”

Just as Qin Jue was feeling speechless, Lothar’s body suddenly began to expand at a high speed. In less than three seconds, he had already turned from a meter or so to a hundred-thousand-foot tall giant. On his back, sixteen wings of flesh spread out, covering the sky and sun!

“This is my true body!”

Lothar opened his mouth, his voice like a bell, piercing through gold and splitting stone.

“I think you just got bigger. Nothing’s different.”

Qin Jue didn’t care.

Lothar was speechless.

In fact, that was indeed the case. Apart from becoming bigger and having more wings, Lothar’s aura did not increase at all. Even his injuries had not recovered.

“Hmph!”

With a wave of his hand, Lothar tore open the realm barrier and escaped into another dimension.

However, this time, Lothar did not continue to fulfill his promise. He targeted those creatures!

Of course, Lothar wasn't just attacking those creatures. He was devouring them!

Seeing that it was already impossible for him to defeat Qin Jue, Lothar could only choose to devour more energy to strengthen himself!

It wasn't just the creatures that were being devoured. All kinds of heavenly treasures, spirit qi, and even weapons were included!

In short, Lothar was like a huge furnace. No matter what was thrown into this furnace, it could be easily refined. Under such a "gluttonous" situation, the injuries on Lothar's body completely recovered in just a few breaths!

"You're courting death!"

Qin Jue punched!

Bang!

Unexpectedly, Lothar didn't dodge and directly raised his hand to receive Qin Jue's attack.

With his injuries completely healed, it was simply impossible for Qin Jue to defeat him head-on.

"Hahaha, you can't kill me!"

Lothar threw his head back and laughed, crazily devouring everything in this dimension without any intention of stopping.

For the first time, Qin Jue felt helpless.

If he allowed Lothar to devour endlessly, the consequences would be unthinkable!

"You forced me to do this."

Qin Jue said the same thing as Luo Sa.

"What? Can you devour spirit qi too?" Lothar mocked.

Qin Jue didn't answer and took off the clothes on his upper body.

"Hiss, what a fragrant smell. If I can eat you, I'll definitely be able to step into that legendary realm."

Lothar drooled.

However, he was a little suspicious as to whether he could refine Qin Jue or not.

Buzz!

Suddenly, a ball of golden light appeared on Qin Jue's chest, followed by the space between his eyebrows. It wasn't dazzling, but it looked corporeal.

"What was that?"

Lothar suddenly had a bad feeling.

"Rip!"

Chapter 406: Victory

"Rip!"

The golden light between Qin Jue's chest and forehead dissipated like pieces of paper being torn apart.

In an instant, as if his seal had been removed, Qin Jue's aura began to crazily rise. In the blink of an eye, his aura had already surpassed Lothar's and had no intention of stopping. It was endless!

Boom! Boom! Boom!

The dimension shook as the power of laws circulated, sweeping through the myriad worlds.

At this moment, Qin Jue's entire body was bathed in golden light. His white clothes fluttered in the wind, as if he was a god that had descended to the mortal world!

Witnessing this scene, Lothar was dumbfounded and could not help but tremble!

What was going on?

Could it be that from beginning to end, Qin Jue hadn't used his full strength?

What a joke!

After an unknown period of time, perhaps ten minutes, perhaps ten seconds, Qin Jue's aura finally stabilized. However, Lothar felt absolutely desperate!

If he were to be described to be barely able to contend with Qin Jue in terms of strength before, now, he was completely suppressed!

Lothar was like an ant facing a dinosaur and had no chance of winning.

How could there be such a powerful existence in this world?

"You... you've already stepped into that legendary realm!"

Lothar gaped in disbelief, fear written all over his face.

For hundreds of thousands of years, Lothar had constantly devoured dimensions. He also knew that the Dao Integration Stage God King Stage was not the limit of one's strength. Behind the Dao Integration God King Stage was the legendary realm: Sovereign Stage!

However, ever since Lothar reached the peak of the Dao Integration Stage a hundred thousand years ago, he had been unable to break through no matter how much energy he devoured.

It could be seen how great the difference between the Dao Integration Stage and the Sovereign Stage was.

Therefore, in order to speed up, Lothar had been searching for opponents of the same realm. Apart from wanting to experience a long-lost battle, his main goal was to devour the other party and help him break through to the Sovereign Stage.

Unexpectedly, he encountered a Sovereign Stage expert!

If he had known earlier, how could Luo Sa have fought Qin Jue? He probably wished he could run as far as he could.

"The legendary realm?"

Qin Jue glanced at him and said indifferently, "Perhaps."

In fact, Qin Jue didn't know how powerful he was now.

Those two seals were set up by him three years ago. At that time, because Qin Jue couldn't control his strength, he could only choose to temporarily use seals to suppress it. Now that three years had passed, if it weren't for the fact that he couldn't kill Lothar, Qin Jue might have even forgotten about it.

"Damn it!"

Seeing that it was already impossible for him to defeat Qin Jue, Lothar didn't hesitate to transform into thousands of clones. At the same time, he used a secret technique and prepared to escape.

Unfortunately, Qin Jue raised his hand and directly sealed the space of this dimension. Even with Lothar's strength, he was unable to break free and was forcefully frozen in place, unable to move.

Immediately after, Qin Jue flicked his finger, and Lothar's clones instantly collapsed, leaving only his original body.

"Do you still want to run?" Qin Jue put his hands behind his back and said indifferently.

Lothar was speechless.

Of course he wanted to run.

Taking a deep breath, Lothar gritted his teeth. "You can't kill me."

He had yet to step into the Sovereign Stage, so how could he die like this?!

"Oh, why?"

Qin Jue was expressionless, without any emotions.

"If you kill me, those living beings will completely disappear."

Lothar braced himself. "Don't you want to revive the living beings I devoured?"

"I see."

A golden light flashed in Qin Jue's eyes. Sure enough, he saw many familiar auras in Lothar's body, including Sun Wukong's.

However, these auras had already been refined into spirit energy and had lost consciousness. In other words, it was no different from being dead.

Just as Lothar had said, he had eaten all the living beings in the entire God Realm.

"Can you revive them?" After pondering for a moment, Qin Jue asked.

"Uh... no."

Lothar shook his head, rather embarrassed.

"In that case, why can't I kill you?" Qin Jue sneered.

"..."

Without giving Lothar any chance to explain, Qin Jue punched.

Boom!

Lothar's head, which was the size of a meteorite, exploded with a bang. Even his soul was destroyed and he was deadlier than dead.

At this point, the patriarch of the Sacred Fiend Race, Lothar, had died, and the calamity of the myriad worlds had also been announced to have ended.

After doing this, Qin Jue wasn't in a hurry to destroy Lothar's body. Instead, he forcefully extracted the spirit energy from Lothar's body and floated in front of him.

Although he had killed Lothar, the God Realm had already been destroyed, leaving only the four people and Old Mo. Qin Jue absolutely did not want it to end like this.

Therefore, Qin Jue planned to revive the living beings devoured by Lothar.

This spirit energy was not only extremely pitch-black, but it was also filled with a death aura. It was mixed with countless auras, and all of them were living beings from different dimensions, making one feel fearful just by looking at them.

“I wonder if it'll work.”

Qin Jue's expression was grave as he stretched out his hands. “Let's start with this dimension.”

Just now, in order to recover from his injuries, Lothar had almost devoured all the living beings in this dimension. Some of them had not even been refined yet. He only needed to erase Lothar's negative energy.

Buzz!

Golden light bloomed and quickly enveloped the pitch-black spirit energy, condensing into the shape of a furnace.

A moment later, the pitch-black spirit energy gradually turned golden. The negative energy that belonged to Lothar had been completely removed, leaving only the refined living beings.

In the past, it would have been almost impossible for Qin Jue to revive the dead. However, after the seal was removed, Qin Jue's strength had increased greatly. Many strange divine abilities appeared in his mind. Otherwise, Qin Jue wouldn't have easily decided to revive them.

As the golden light spun, countless energy balls were scattered. Each ball of energy represented a living being. There were humans, fiend beasts, and various races.

It was hard to imagine how many worlds Lothar had devoured.

After another moment, thousands of golden lights shot out from Qin Jue's fingertip and fused into each ball of energy, so these energy balls began to quickly change.

Firstly, existences below the God Stage only took about three minutes to be reborn.

Next were existences above the God Stage. They were much slower, but they also succeeded in being reborn.

In short, in less than five minutes, all the living beings that had been devoured by Lothar had been revived.

Of course, Qin Jue had only revived the living beings of this dimension and the God Realm in front of him. As for what was even more distant, Qin Jue didn't care, nor did he need to.

"Mm? I'm not dead?"

Sun Wukong opened his eyes, his face full of confusion.

He clearly remembered being eaten by that strange creature.

Why was he alive again?

He soon realized that he did not know where he was.

"Eh? Sun Wukong, you're not dead?"

At that moment, a familiar voice sounded from the side.

Sun Wukongku looked in the direction of the voice and was slightly stunned.

"Old Man Tian?"

"Mm? I'm not dead either?"

Tian Hunji was surprised.

Sun Wukong : "..."

Before the two of them could say anything, they felt their vision go black, and the entire world spun. By the time they regained consciousness, they had already returned to the God Realm.

"This is... the God Realm? How did it become like this?"

Sun Wukong was stunned.

"I think it is the God Realm."

Tian Hunji hesitated for a long time before nodding.

The spirit qi in the God Realm that had been devoured by Lothar had become extremely thin, as if the end of the world was approaching. Even though Tian Hunji had lived here for more than a million years, he was still somewhat uncertain.

## Chapter 407: Eliminate the Roots

Translator: Atlas Studios Editor: Atlas Studios

Just as Sun Wukong and Tian Hunji were feeling dumbfounded, a dazzling golden light attracted their attention.

More and more living beings appeared in the surroundings. There were humans, fiend beasts, and even Insect Race beings. In short, all the races that had once lived in the God Realm had appeared here.

This included the members of the Myriad Divine Court and the Heavenly God Race.

In the end, a peerlessly handsome youth that was bathed in golden light and had long black hair walked out of space. He was like a god that had descended to the mortal world, causing all things to dim and all living beings to go silent.

Almost the moment the youth appeared, everyone's gazes gathered on him.

It couldn't be helped. With such a shocking appearance, it was hard for him not to attract attention.

"That is..."

Tian Hunji's pupils constricted as his breathing froze.

For some reason, Tian Yuanji sensed a strong dangerous aura from the youth. He was trembling like a prey that instinctively felt fear when facing a hunter.

"Brother Qin!"

Sun Wukong exclaimed.

"What? He's that Senior Qin?"

Tian Hunji was stunned for a moment before he reacted. "Could it be that he saved us?"

At the same time, Qin Jue lightly landed beside the two of them, and the incomparable pressure also increased. The expressions of Sun Wukong and

Tian Hunji immediately changed drastically. They felt as if countless mountains had smashed onto their bodies. They were barely able to withstand it and knelt down.

If even the two of them were like this, then there was even less of a need to talk about the others.

Fortunately, Qin Jue discovered it in time and hurriedly restrained his aura. Otherwise, the living beings he had just saved would probably die again.

“Brother Sun.”

The golden light on Qin Jue’s body gradually extinguished, and he returned to being an ordinary youth without any spirit energy fluctuations.

However, no one dared to underestimate him anymore.

“What... what happened?”

Suppressing the shock in his heart, Sun Wukong asked.

Although he was already prepared, Sun Wukong still didn’t expect Qin Jue to be so powerful.

It wasn’t just Sun Wukong. Tian Hunji and everyone present were very curious about what had happened.

They clearly remembered that they were already dead, so why did they suddenly get revived?

Could it be that they were already dead and were in Heaven?

Or perhaps they had all been dreaming?

“I’ll tell you later.”

Qin Jue indifferently said, “Follow me.”

As soon as he finished speaking, Qin Jue flew towards the land of the Heavenly God Race not far away.

It was only at this moment that Tian Hunji noticed that everything in the land of the Heavenly God Race had almost been razed to the ground.

Indeed, they were not dreaming.

But if they weren't dreaming, why were they fine?

Without any time to think, Sun Wukong and Tian Hunji looked at each other and followed Qin Jue into the depths of the land of the Heavenly God Race.

Seeing this, the others also followed.

“Patriarch?! Are you alright?”

Suddenly, two pleasantly surprised voices sounded. It was the four people who had been ordered to stay in place by Qin Jue.

“First Elder, Second Elder... You guys are still alive?”

One of the Heavenly God Race members gaped in disbelief.

During the time Qin Jue was gone, they had discovered many broken weapons of the experts of the race nearby, as well as remnant auras.

They had thought that the odds were against them, but now, all of the members of the Heavenly God Race had appeared before them unscathed. How could they not be shocked?

Also, the four of them were confused as to how Qin Jue came back from another direction.

What exactly happened?

“Brother Monkey, that's great. I knew you were fine.”

Zhu Tianpeng rushed up excitedly.

“No, I was already dead.” Sun Wukong said indifferently.

Zhu Tianpeng :”...”

Changing the topic, Sun Wukong added, “But Senior Qin saved me.”

“By the way, were you guys the ones who got Brother Qin to help?”

“Uh... yeah.”

Zhu Tianpeng nodded slightly.

“Well done.”

Sun Wukong patted Zhu Tianpeng’s head.

Fortunately, they chose to believe in Old Mo. Otherwise, the consequences would have been unthinkable.

At this moment, the happiest person was none other than the Heavenly God Race. Although their clan had been razed to the ground, so long as no experts died, so what if they lost physical things?

Next, everyone went a distance further and finally stopped when they saw the palace that the Heavenly God Race regarded as a holy land.

However, the palace was already in ruins at this moment. Broken walls and ruins were everywhere, and on the ground lay densely packed strange creatures. Every single one of them had their heads crushed and were dead.

Thump!

A strange creature with ten meat wings that had reached the Heaven Ascension Stage fell from the sky and landed on the ground. Its head was also crushed, and its soul was destroyed. It was deader than dead.

In the next moment, Old Mo descended from the sky. When he saw Qin Jue, he was overjoyed and said, “Senior, you won?”

With Old Mo’s strength as a God King Stage expert, killing these strange creatures was as easy as flipping his hand.

But soon, Old Mo was stunned on the spot and could hardly believe his eyes.

“Weren’t... weren’t you all eaten by that guy?”

Because Lothar did not kill him, Old Mo had personally witnessed the scene of Sun Wukong and Tian Hunji being devoured. Why did it seem as if nothing had happened?

It couldn’t be that Qin Jue had pulled them out of Lothar’s stomach, right?

Hearing this, everyone simultaneously looked at Qin Jue, waiting for his answer.

“See for yourself.”

Seeing that Old Mo was unscathed, Qin Jue couldn't be bothered to explain. His palm emitted golden light that projected what had just happened for everyone to see.

After doing this, Qin Jue silently left without attracting any attention.

He basically had nothing to do next and did not need to stay any longer.

After all, he did not like the attention.

As for the spirit qi of the God Realm, Qin Jue had already revived it, but it would take about half a month for it to completely recover. During this time, it could only maintain its current state.

In short, this calamity that swept through the God Realm and even thousands of dimensions had ended.

When everyone finished watching the “video” and exclaimed one after another, they discovered that Qin Jue had already disappeared at some point.

“I think Senior has already returned to the Inner Realm.” Old Mo asserted.

“Should we thank Senior Qin?” Tian Hunji probed.

“No need.”

Old Mo waved his hand and said, “Senior doesn't like others disturbing him.”

Hearing this, Tian Hunji could only give up.

Old Mo had interacted with Qin Jue for the longest, so everyone naturally didn't doubt him.

In everyone's eyes, Qin Jue had already become an unparalleled god who no one dared to offend.

“I should probably go too.”

As if recalling something, Old Mo revealed a meaningful smile.

Before he could finish his sentence, Old Mo instantly disappeared from his original spot, leaving only Sun Wukong and Tian Hunji looking at each other in confusion.

...

Sacred Fiend Realm.

Boom!

The sturdy barrier shattered with a bang. Immediately after, Old Mo flew in from outside and began to destroy it without hesitation.

As the saying went, if the roots were not removed, weeds would grow again when the spring breeze blew.

After this crisis, Old Mo had already realized how terrifying the Sacred Fiend Race was, so he decided to prevent such a situation from happening and directly eliminate this race from the world!

Chapter 408: New Place

Rumble!

Waves of spirit energy were released, sweeping through the Sacred Fiend Realm like waves. Wherever it passed, countless strange creatures were destroyed, and even the planets and continents these strange creatures resided in disappeared.

Without the high-level experts, the remaining strange creatures were only cannon fodder. Facing Old Mo, who was at the level of the Dao Verification God King Stage, they were unable to resist at all.

In fact, these strange creatures were no longer a threat to the other dimensions. The reason why Old Mo wanted to kill them all was because this race was too dangerous.

Although they were only at the Great Void Stage now, who knew if another Dao Integration Stage divine king would suddenly appear one day?

After all, Ax and Lothar had shown that it was possible.

Hundreds of thousands of years ago, Old Mo swept through the Sacred Fiend Realm and easily defeated Lothar. Back then, he was invincible.

Hundreds of thousands of years later, Old Mo could not even withstand a single move from Lothar.

Most importantly, it was not that Old Mo had not cultivated diligently in the past hundreds of thousands of years. However, the devouring ability of the Sacred Fiend Race was too abnormal.

It ignored all types of attributes and impurities. As long as these strange creatures continued to eat cultivators, they could endlessly increase their spirit energy. It was simply inconceivable.

If it were a human or a fiend beast, they would have long been unable to withstand the chaotic energy and exploded to death.

From this, it could be seen how terrifying the Sacred Fiend Race was.

If this continued, even if these remaining strange creatures were only at the Great Void Stage, they would still be able to make a comeback in the future and continue to invade other dimensions.

Therefore, to be safe, Old Mo had to eliminate the roots!

In the blink of an eye, half a day passed. Old Mo destroyed the last continent. After confirming that there was no longer any aura of life in the entire Sacred Fiend Realm, he turned around and left.

Old Mo had suffered a heavy blow after losing to Lothar,

However, in this calamity, his state of mind had also changed. Especially after watching the battle between Qin Jue and Lothar, he suddenly felt enlightened.

Perhaps he could take advantage of this opportunity to attempt to break through to the Dao Integration Stage!

...

...

Just as Old Mo was flattening the Sacred Fiend Realm, Qin Jue had already broken through the realm barrier and returned to the Spirit Central World.

“The Sovereign Stage...”

Before killing Luo Sa, Qin Jue had deliberately read the other party’s memories. He also knew that there was another realm above the Dao Integration Stage God King Stage: Sovereign Stage!

The so-called sovereign was the absolute ruler of all worlds. An expert of this realm could easily control any dimension with a single move and could even revive the dead.

However, in Lothar’s memories, that was a realm that only existed in legends. No one had ever stepped into it.

Lothar urgently wanted to fight Qin Jue because he wanted to successfully devour Qin Jue and then use his strength to reach the Sovereign Stage.

“In other words... I should have reached the Sovereign Stage, right?”

Qin Jue muttered to himself thoughtfully.

After removing the seal, Qin Jue felt that the entire world was under his control. After all, he could even revive the dead. It was basically the same as how Lothar described the Sovereign Stage. No wonder Lothar said that he had stepped into that legendary realm.

“Looks like I won’t encounter a worthy opponent again.”

Sighing, Qin Jue’s heart was rather complicated.

Who would have thought that he would inexplicably become the strongest expert of the myriad worlds?

Fortunately, before the battle with Lothar, Qin Jue had a seal on his body and could be considered evenly matched. Otherwise, he would definitely be even more bored.

“Right, I almost forgot.”

Qin Jue slapped his head and hurriedly set up another seal to prevent the aura that accidentally leaked out from inside from directly destroying the Inner Realm.

After doing this, Qin Jue flew into the Spirit Central World and landed on the cliff.

What was worth mentioning was that it was still late at night when Qin Jue left. However, now, it was already morning. Sunlight passed through thousands of kilometers and shone on Qin Jue, dyeing the scene golden. It was exceptionally beautiful.

“Eh? Master, where did you go?”

Sensing the commotion, Killing Dao walked out of the courtyard with a curious expression.

“Nothing. I just took care of... an ant.”

Hearing this, Qin Jue yawned and lazily said, “I’m so tired. I’ll sleep for a while first.”

With that, without waiting for Killing Dao to continue asking, he lay down beside the blue stone and slept.

Killing Dao: “...”

Sometimes, she really wondered if her master was really that existence that could easily kill a God King Stage expert.

At this moment, Yun Xi flew over from the side, and as if she had seen through Killing Dao’s inner thoughts, she said indifferently, “Master has always been like this. You’ll get used to it.”

Killing Dao: “...”

Qin Jue slept until late at night. After waking up, he sat by the blue stone for a moment before taking out a pot of spirit wine and drinking it.

After drinking the spirit wine, Qin Jue stood up and ate some food that Killing Dao had prepared. He was about to play with his spirit tablet when he suddenly received a message from his incarnation.

The content of the news was very simple. The incarnation had already greeted the Heavenly Emperor and had built a large number of palaces and pavilions at the designated location. As long as Qin Jue was willing, he could move over at any time.

Therefore, after pondering for a moment, Qin Jue directly raised his hand and opened a spatial gate that led straight to the Heavenly Palace, intending to go over and take a look.

Just as the incarnation had said, he had already built a large number of palaces, pavilions, and courtyards that covered the mountain peaks. The spirit qi was ethereal, like a paradise.

No matter what, his current incarnation was still an upper realm God King Stage expert. Building such things was simply as easy as flipping his hand.

“Master.”

Seeing Qin Jue arrive, the incarnation hurriedly bowed.

“Yeah.”

Qin Jue nodded slightly. He floated in the air and looked down at the buildings below.

“Master, these palaces and pavilions were built according to your instructions.”

The incarnation explained in detail, “The Xuanyi Palace on the mountain over there is the main hall. This is where the elders live. There’s also a training field and a cultivation room...”

In short, everything that should be inside the sect was here, and it was hundreds of times more exquisite than the things in the Xuanyi Mountain Sect.

“Very good. You did well.”

Qin Jue patted his incarnation’s shoulder and revealed a satisfied smile. Then he changed the topic and frowned. “By the way, where do I live?”

The incarnation :” ...”

“Have you... forgotten?”

The corner of Qin Jue’s eyes twitched.

“I-I’m sorry, Master. You didn’t tell me about this.” The incarnation said carefully.

Qin Jue :”...”

Damn, so I forgot!

“Ahem, I see.”

Qin Jue awkwardly changed the topic. “How’s your cultivation recently?”

“He has already stabilized at the upper realm True God Stage and can break through to the God King Stage at any time.” The incarnation answered seriously.

As long as he had enough cultivation resources, the incarnation’s cultivation will rise.

“Mm, cultivate diligently. I’ve set an imprint on your body. Even if you advance to the God King Stage, you won’t ascend to the God Realm.” Qin Jue said earnestly.

“Thank you, Master.”

Seeing that it was about time, Qin Jue pointed at the mountain peak below and said, “Um, I’ll settle down here. There’s no need to make it too fancy. Just build a courtyard.”

“Yes!”

The incarnation heaved a sigh of relief and immediately began to get to work.

Ten minutes later, a gorgeous courtyard appeared in front of Qin Jue. There was a pool and a garden inside, which was similar to the courtyard Qin Jue lived in back then.

Chapter 409: I Definitely Won’t Go Back on My Words

Divine Realm, Heavenly Palace.

In the forest, milky-white steam floated in the air. Some faint spirit qi was also mixed in with the heat.

Thump.

Suddenly, a black figure fell and instantly broke the silence, creating layers of ripples that spread out.

Then, a walnut-sized head stretched out of the water and stuck out a tongue, revealing an extremely cute expression.

“Ah, so comfortable.”

Yun Xi stretched lazily and said happily.

In the distance, Qin Jue sat by the water, rather speechless.

This was already the third day since they had moved to the Heavenly Palace. Of course, at the moment, there were only Qin Jue, Yun Xi, and a few others. As for the other members of the Xuanyi Mountain Sect, besides Bai Ye and the other higher-ups, they were still being screened.

Although Qin Jue had decided to move to the Heavenly Palace, Bai Ye didn't want to leave the original place of the Xuanyi Mountain Sect like this, so Qin Jue built a spatial passageway between the two that allowed them to travel freely. Moreover, all the disciples of the Xuanyi Mountain Sect had to pass through layers of tests to be qualified to come into contact with the Heavenly Palace.

After all, this fact was too shocking. Moreover, if they didn't filter it out, what if the disciples they nurtured all defected after becoming stronger? Wouldn't all their efforts be in vain?

“Eh? Master, you're here too?”

Yun Xi looked up, her face full of surprise, as if she had just noticed Qin Jue.

Before he could finish his sentence, there was another light sound, raising a splash. This time, it was actually Su Yan.

After cultivating again, Su Yan had clearly become much gentler, giving off the feeling of a big sister next door.

At this moment, Su Yan stood up from the water. Even though she was wearing undergarments, one could still see her curvaceous figure. Her skin was as white as jade, as if it could be broken with a single blow. She was incomparably alluring.

“Ah, Senior!”

Seeing Qin Jue, Su Yan was stunned for a moment before screaming.

Qin Jue :”...”

“Sorry, I... I didn’t mean to disturb you.”

Su Yan hurriedly apologized, her charming face flushed red. If she weren’t worried that Qin Jue would be angry, she would have turned around and run away long ago.

“It’s okay.”

Qin Jue smiled bitterly. “There’s no need to be so afraid. I won’t eat you.”

“Yes.”

Even so, Su Yan was still exceptionally careful.

This “lowly” attitude made Qin Jue really not know what to say. In his impression, although Su Yan used to be very respectful to him, she absolutely wasn’t so careful. Could it be because she had lost her cultivation?

However, what Qin Jue didn’t know was that Su Yan was actually not “humble” but shy.

Su Yan had never thought that she would one day be in the same hot spring as Qin Jue. Although her goal was to cultivate, how could she still have the mood to cultivate now? She wished she could find a hole to crawl into.

After soaking in the hot spring for another hour, Qin Jue stood up and put on his clothes. “I still have something to do. I’ll leave first.”

As soon as he finished speaking, he quickly disappeared into the forest.

“Sister Su Yan, Sister Su Yan.”

Seeing that Su Yan was motionless for a long time, Yun Xi stepped forward and shook her.

“Ah, what’s wrong?”

Su Yan suddenly regained her senses.

“What are you thinking about, Sister Su Yan?”

Yun Xi was curious.

“No... nothing.”

Su Yan shook her head repeatedly and changed the topic. “Where’s Senior?”

Yun Xi had a rather strange expression when she heard this. “Master has already left. Didn’t you hear?”

“Hu.”

Su Yan heaved a sigh of relief and patted her chest to comfort herself. “I can finally cultivate now.”

The reason why Su Yan came to the hot spring was to cultivate.

One should not underestimate these hot springs. They were condensed from ten thousand years of spirit qi. Whether it was a Yellow Stage cultivator or a Great Void Stage cultivator, they could both cultivate inside without any side effects.

To the current Su Yan, it was simply not inferior to a sacred cultivation ground.

“Wait, Sister Su Yan, I have something to ask you.”

Yun Xi interrupted Su Yan with a wave of her hand.

“What is it?”

Su Yan was indifferent.

“Do you like my master?” Yun Xi asked in a low voice.

Buzz!

In the next moment, Yun Xi saw a strand of white smoke shoot out from Su Yan’s head, and it was almost comparable to the steam in the hot spring.

“I... I don’t.”

Su Yan looked panicked and said incoherently, "I don't."

As if feeling that she was not firm enough, she repeated, "I don't!"

"..."

Even if Yun Xi didn't have any experience in this aspect, she could still tell that Su Yan was clearly lying.

"Hehe, don't worry, Sister Su Yan. I won't tell Master."

"Really?"

Su Yan was overjoyed, but she quickly realized that something was wrong.

"I was right." Yun Xi said slyly.

"..."

"If you dare to tell Senior, I'll never cook for you again!"

Taking a deep breath, Su Yan threatened.

In fact, Su Yan was also very conflicted in her heart. She wanted Qin Jue to know, but she was also worried that Qin Jue would be disappointed when he found out, so she simply chose to avoid it like this.

"Hmph, who does Sister Su Yan think I am? Since I promised Sister Su Yan, I will definitely not go back on my word!"

Yun Xi immediately vowed when she heard Su Yan's threat.

"Hahaha, I believe you."

Su Yan rubbed Yun Xi's head and smiled.

...

At night, the stars were dazzling and hung on the horizon like silk, causing others to be unable to help but yearn for it.

Moonlight shone down, covering the courtyard like a thin veil.

Qin Jue sat on the blue stone and drank spirit wine alone, thinking about something.

That's right, Qin Jue had moved the blue stone over.

Hu.

A breeze blew past and Yun Xi landed on Qin Jue's shoulder.

"Master."

"Hmm?"

"I have something to tell you."

Yun Xi acted mysterious.

"What is it?"

"First, a pot of spirit wine."

Yun Xi stretched out her hand.

Qin Jue : "..."

How dare this disciple bargain with her master.

Qin Jue couldn't be bothered to say anything, so he took out a pot of spirit wine and handed it to Yun Xi.

"Thank you, Master."

Yun Xi opened the spirit wine and praised, "Smells good."

"Speak, what is it?"

Qin Jue rolled his eyes.

Yun Xi first took a sip of spirit wine, then looked around. After confirming that there was no one nearby, she lowered her voice and said, "Sister Su Yan likes you!"

Qin Jue was stunned. "Are you sure?"

“Of course!” Yun Xi patted her chest and said firmly, “I heard it with my own ears from Sister Su Yan!”

“But... Master, you must not tell anyone that I told you.”

“Why?”

Qin Jue was stunned.

“Aiya, just don’t.”

Yun Xi hugged Qin Jue and acted coquettishly.

“Fine.”

Qin Jue nodded in agreement.

The next morning.

The dawn expelled the darkness and descended on the ground.

Su Yan woke up as usual. She tidied up herself in front of the bronze mirror and pushed open the door.

Because she had yet to step into the Earth Stage, Su Yan had to eat and sleep like an ordinary person every day to maintain her bodily functions.

Just as Su Yan was about to continue cultivating in the hot spring pool, Qin Jue suddenly walked over.

“Se—Senior.”

In an instant, Su Yan blushed and hurriedly lowered her head.

“Good morning.”

Qin Jue greeted.

“Good morning.”

Su Yan was very nervous, not understanding why Qin Jue would come to her at this time.

“Yun Xi told me everything.” Qin Jue said indifferently.

Su Yan: “???”

Chapter 410: Confirming the Relationship

Translator: Atlas Studios Editor: Atlas Studios

“Senior, Senior, what are you talking about?”

Su Yan’s tone was panicked and her expression was incomparably nervous.

“Yun Xi has already told me everything.” Qin Jue repeated.

Su Yan :” ...”

Indeed, she could not trust that weed at all!

“Actually, I already knew.” Seeing Su Yan remain silent, Qin Jue added.

He was not an idiot, so how could he not tell that Su Yan liked him? It was just that for some reason, he did not expose her.

Now that the dust had settled, there was no need for him to continue pretending. Qin Jue should indeed consider this matter seriously, and Su Yan was a good choice for a partner.

“I...”

Su Yan’s face flushed red like a ripe apple. She lowered her head, not knowing what to do.

At this moment, Qin Jue said meaningfully, “Are you interested in being Yun Xi’s female master?”

“Huh?”

Su Yan was stunned and somewhat dumbfounded.

Yun Xi’s female master? What did he mean?

After a while, Su Yan’s eyes suddenly widened as she nodded without hesitation. “I’m willing! I’m willing!”

Su Yan never expected that she would obtain Qin Jue's "confession" in such a way!

"Hahaha, in that case, call me Senior Brother Qin in the future. Senior sounds too awkward."

Rubbing Su Yan's hair, Qin Jue smiled.

"Yes, Senior." Su Yan said subconsciously.

The two of them looked at each other and could not help but laugh.

"Um, Senior Brother Qin, I'm going to cultivate now..."

"Go ahead."

Qin Jue smiled. The two of them had just confirmed their relationship, so it was inevitable that they would be somewhat awkward. It would take at least a few days for them to slowly adapt.

"Yeah."

Before she could finish speaking, Su Yan suddenly stood on her toes, kissed Qin Jue's lips, and quickly ran away.

Watching Su Yan leave, Qin Jue was slightly absent-minded. Did he finally have a girlfriend?

It was so simple.

Indeed, handsome people could do whatever they wanted.

Rubbing the remaining fragrance at the corner of his mouth, Qin Jue immediately had an indescribable feeling in his heart.

...

In the forest, the sun was dense and the spirit qi was ethereal. It was still that same hot spring.

Su Yan took off her outer clothes and jumped down happily, preparing to cultivate.

“Eh? Sister Su Yan, why are you so happy?”

Yun Xi, who was soaking in the hot spring, was very curious when she saw Su Yan coming over.

“...”

Taking a deep breath, Su Yan grabbed the hair on Su Yan’s head and said faintly, “Did you betray me?”

“Betrayal? What are you talking about? I didn’t!”

Yun Xi immediately retorted righteously.

“Stop lying. Senior Brother Qin has already told me.”

Su Yan snorted.

“Senior Brother Qin?”

Yun Xi was stunned and quickly captured the main point of this sentence before changing the topic.

“That’s right. From today onwards, I’m your female master.”

Su Yan could no longer restrain the joy in her heart, her face full of excitement, wishing she could inform everyone about this.

“Female master?”

Yun Xi was stunned and said in disbelief, “Could it be that Master...”

“That’s right. Senior Brother Qin “confessed” to me just now.”

Pinching Yun Xi’s face, Su Yan smiled and said, “So in a way, I still have to thank you.”

If Yun Xi hadn’t told Qin Jue, Su Yan might have continued to choose to avoid the matter and Qin Jue wouldn’t have made up his mind.

It could only be said that some things were unpredictable.

Yun Xi :”...”

“But as a punishment, I will never cook for you again.” Su Yan changed the topic and said seriously.

“Huh? Why?”

Yun Xi was extremely aggrieved.

“Who asked you to go back on your word?”

Yun Xi :”...”

“...”

...

At the same time, the God Realm was being rebuilt in full swing.

Although Qin Jue had revived all the devoured living beings, he hadn't recovered the destroyed buildings and weapons.

Therefore, under the protection of the two top factions, the Myriad Divine Court and the Heavenly God Race, the God Realm temporarily entered a truce for three years.

During this time, no faction could wage a large-scale war. Otherwise, they would be making enemies of the Myriad Divine Court and the Heavenly God Race.

In fact, after tens of thousands of years or even hundreds of thousands of years of foundation being destroyed, no faction dared to start a war at this time. After all, if they were careless, they might not even have a way out.

Fortunately, the spirit qi of the God Realm had already begun to gradually recover, so they did not have to worry about being unable to cultivate.

At this moment, in the Myriad Divine Court of the Heavenly Master Star Domain.

Just like the Heavenly God Race, the Myriad Divine Court had also been razed to the ground. Broken walls and ruins were everywhere, leaving nothing behind, including the Flowerfruit Mountain.

“Divine Master, what are your orders?”

Several experts of the Myriad Divine Court arrived in front of Sun Wukong and bowed.

“I have a mission for you.” Sun Wukong opened his eyes and said indifferently.

Everyone looked at each other and asked simultaneously, “What mission?”

“Make a hundred-thousand-foot-long statue according to this image.”

Sun Wukong flicked his finger, and an illusory figure appeared in front of everyone. This figure’s white clothes fluttered in the wind, and he had the aura of a dragon or a phoenix. It was Qin Jue.

“After you’re done, set this statue outside. In the future, he will be the guardian of our Myriad Divine Court.”

“Yes!”

“ ... ”

...

It wasn’t just the Myriad Divine Court. Many factions in the God Realm had already regarded Qin Jue as their “guardian”. They worshiped him in various ways such as sculptures, murals, and so on, almost forming a culture.

Qin Jue’s deeds were also spread to every corner of the God Realm, making countless cultivators worship him.

Qin Jue, who was far away in the Inner Realm, was unaware of all this. He was leisurely drinking spirit wine.

After screening, the first round of inner sect disciples of the Xuanyi Mountain Sect had already arrived at the Heavenly Palace. However, there were only five of them. Their talent could not be said to be outstanding, but their personalities matched Bai Ye’s requirements very well. Therefore, they were sent here by Bai Ye to improve their physique.

Qin Jue didn’t care about this.

He had never cared about the internal affairs of the Xuanyi Mountain Sect. Moreover, he did not need to worry about Bai Ye, who had absorbed the True God Stage inheritance.

“Junior Brother, the environment here is not bad.”

Bai Ye lay on the grass beside him, looking content. “It’s been a long time since I’ve had such an easy time.”

“If I were to refine pills here, it would definitely be easier.”

Qin Jue :”...”

“By the way, where are we now?” Bai Ye asked.

“Didn’t I tell you? We’re in the Heavenly Palace.”

Qin Jue rolled his eyes.

“Uh... where is the Heavenly Palace?”

“...”

Helpless, Qin Jue could only send information about the Heavenly Palace to Bai Ye.

“That powerful?”

A moment later, Bai Ye was dumbfounded.

Originally, he thought that the leader of the Heavenly Palace was at most at the Great Void Stage. He did not expect that he was actually an upper realm True God Stage expert!

In other words, even if Bai Ye perfectly displayed the inheritance in his body, he would at most be on par with the current Heavenly Emperor.

“He relied on his own talent to cultivate to this level.”

Qin Jue smiled.

Bai Ye :”...”

As he was speaking, a powerful aura suddenly rose from the distance and floated in the horizon. It emitted endless spirit energy that enveloped the entire Divine Realm.

“Is that the Heavenly Emperor?”

Bai Ye sighed.

“That’s right.” Qin Jue answered casually.

Every once in a while, the Heavenly Emperor would use his spirit energy to nourish the Divine Realm, just like now.

Chapter 411: You Lied to Me!

Translator: Atlas Studios Editor: Atlas Studios

Buzz!

The Heavenly Emperor resided in the sky and emitted boundless spirit energy that swept through the entire Divine Realm like sunlight. Everywhere it passed, all living beings surrendered and had the intention to prostrate themselves.

To the Divine Realm, the Heavenly Emperor was the absolute ruler. After all, everything here was created by him. As long as the Heavenly Emperor was willing, he could change the heaven and earth laws of the Divine Realm at any time.

At this moment, Feng Xi was suppressed in the Soul Devouring Tower refined by the Heavenly Emperor. He was roasted by the divine flames and would be tortured for thousands of years until his soul completely dissipated. He could be said to be living a life worse than death!

However, because the Divine Realm had just revived not long ago and had yet to completely stabilize, the Heavenly Emperor had to frequently nourish it with spirit energy to maintain its operation for a long time.

This was also one of the reasons why the Heavenly Emperor was in no hurry to announce the birth of the Heavenly Palace.

After an unknown period of time, the Heavenly Emperor finally stopped releasing his spirit energy. He rested for a moment in place before his figure flashed and appeared beside Qin Jue.

“Senior, are you used to living here?”

The Heavenly Emperor asked with a smile, as if he was an old friend that he had not seen in years.

“Very good.”

“That’s good.”

The Heavenly Emperor heaved a sigh of relief. He glanced over and noticed Bai Ye beside him. “This is...”

“Oh, he’s my senior brother, Bai Ye.” Qin Jue casually explained.

Strictly speaking, this was the first time Bai Ye had seen an undisguised True God Stage expert. Even though the Heavenly Emperor was only standing there and doing nothing, he still gave Bai Ye tremendous pressure.

If not for the True God Stage inheritance, Bai Ye probably would not have been able to withstand this power that was inadvertently revealed.

Even so, he could only barely hold on.

On the other side, the Heavenly Emperor was secretly shocked.

Senior Brother?

If even Qin Jue was so powerful, then how powerful was his senior brother?

The Heavenly Emperor did not dare to imagine it.

However, what puzzled the Heavenly Emperor was that no matter how he looked at it, Bai Ye was only at the Supreme Stage.

He wondered if the other party had deliberately hidden his aura like Qin Jue.

Thinking of this, the Heavenly Emperor hurriedly bowed and cupped his fists.

“Senior Bai, hello.”

“Uh... hi.”

Bai Ye was dumbfounded. He did not expect the Heavenly Emperor to be so respectful to him and even address him as his senior. It was simply inconceivable.

In the end, Bai Ye knew it was only because of Qin Jue.

“Cough cough, Senior, I still have something to do. I’ll visit you another day.”

Seeing the awkward atmosphere, the Heavenly Emperor whispered.

“Yeah.”

Qin Jue nodded indifferently.

Swoosh!

In the next moment, the Heavenly Emperor instantly disappeared.

Thump.

At the same time, Bai Ye sat on the ground, his forehead covered in sweat. “Is this the strength of an upper realm True God Stage expert? How terrifying.”

“Have you finally realized the difference between you and others?” Qin Jue teased.

“No, I have to cultivate diligently!”

Taking a deep breath, Bai Ye said firmly, “If we continue to relax like this, who knows when we will be able to step into the True God Stage!”

After making up his mind, Bai Ye immediately stood up and flew towards the distant cultivation room.

“ ... ”

Qin Jue didn’t expect Bai Ye to be so motivated. He just didn’t know how long this motivation could last.

Qin Jue shrugged his shoulders and couldn't be bothered to think about it. He continued to lean against the blue stone and drink.

Compared to the Xuanyi Mountain Sect, the environment here was undoubtedly more beautiful. Everywhere one looked, there were green mountains and clear waters. Auspicious beasts passed through, and it was almost not inferior to the immortal realm.

Most importantly, the place Qin Jue was living now was no longer a cliff, but an entire mountain peak.

In addition, it wasn't just the place where Qin Jue lived. The entire "Xuanyi Mountain Sect" had been enlarged several times. In any case, there was enough space here. It didn't matter even if it was dozens of times bigger.

At this moment, someone suddenly hit Qin Jue from behind. In an instant, spirit energy wreaked havoc, raising a violent wind that filled the sky.

Unfortunately, the damage was small and did not cause any harm.

"Hmph, Master, you lied to me!" Yun Xi placed her hands on her hips and said angrily.

Clearly, the person who had attacked Qin Jue just now was Yun Xi.

"Uh... when did I lie to you?"

After tidying his clothes that had been blown into a mess, Qin Jue was rather speechless.

"You clearly promised me that you wouldn't tell Sister Su Yan. Why would Sister Su Yan know that I was the one who said it?"

Yun Xi lowered her face and was very aggrieved. "Now look at what you've done. Sister Su Yan won't cook for me anymore. It's all your fault!"

As she spoke, Yun Xi hugged Qin Jue's palm and opened her mouth, wishing she could bite off a piece of meat.

However, in next to no time, Yun Xi raised her head with tears in her eyes. Qin Jue's flesh was too hard! It almost hurt her teeth.

No wonder Master did not dodge every time he fought. He had no reason to move at all!

“Are you done?”

Qin Jue smiled.

“Wuwuwu, Master is bullying me.”

Seeing this, Yun Xi simply gave up on attacking Qin Jue and threw her head back to cry. She looked like an abandoned wife.

“Alright, alright, stop crying.”

Rolling his eyes helplessly, Qin Jue sighed and said, “If I’m not wrong, you were the one who deceived Su Yan first, right?”

Yun Xi’s cries instantly stopped when she heard this, and she lowered her head in silence.

“Looks like it.”

Qin Jue said righteously, “I was just letting Su Yan know the truth.”

Perhaps only Yun Xi was shameless enough to exchange “information” for spirit wine from her master.

“But...”

Yun Xi opened her mouth and felt that something was wrong.

“Don’t worry, Su Yan is your female master now. How could she not cook for you?”

As if seeing through Yun Xi’s inner thoughts, Qin Jue consoled.

Moreover, because Su Yan had started cultivating again, Killing Dao had been the one in charge of cooking.

“Really?”

Yun Xi’s eyes lit up and were filled with hope.

“Of course.” Qin Jue said matter-of-factly.

Qin Jue said matter-of-factly, “How can we starve our Yun Xi?”

Yun Xi immediately became happy when she heard this. “I knew that Master treated me the best!”

Qin Jue :”...”

As expected, so long as he brought up food, Yun Xi would throw everything else out of the window.

Sometimes, Qin Jue was really worried that Yun Xi would one day be cheated away with food or spirit wine.

At the moment, this possibility could not be ruled out.

“Eh? Master, Yun Xi, you’re both here. We can eat now.”

In the distance, Killing Dao looked over and shouted.

Before she could finish speaking, Yun Xi rushed over with a swoosh. “Big Sister Killing Dao!”

Qin Jue :”...”

...

Ever since she started competing with Su Yan, Killing Dao had become obsessed with cooking. The food she made became more and more delicious, not inferior to the previous Su Yan at all and even surpassed her in some aspects. It was to the point that she had completely forgotten about her seclusion cultivation.

“Master, this is a dish I created. Try it.”

Killing Dao brought out a plate of food made from beast meat and various heavenly treasures.

“A dish you created?”

Qin Jue had a strange expression and was slightly hesitant.

Until now, he still remembered how terrifying the pot of food that Killing Dao had “created” was. It had almost wiped out the entire Xuanyi Mountain Sect!

“Yeah, absolutely.” Killing Dao said confidently.

“Fine.”

Qin Jue smiled bitterly and was about to pick up his chopsticks when Yun Xi had already picked up a piece and stuffed it into her mouth.

“Wu!”

Yun Xi’s expression changed slightly as she fell down.

Chapter 412: As Sweet as Sugar  
Translator: Atlas Studios Editor: Atlas Studios

Thump.

Yun Xi fell to the ground and fainted.

Qin Jue :”...”

“How could this be?”

Killing Dao was shocked and hurriedly went forward to lift Yun Xi up to investigate what was going on.

Before making this dish, Killing Dao had searched through much information, including the usage and effects of various heavenly treasures. After confirming that there were absolutely no problems, she chose to give it a try. Unexpectedly, an accident still happened, so Killing Dao was very anxious.

Unexpectedly, right at this moment, Yun Xi suddenly opened her eyes, stuck out her tongue, and said playfully, “Hehe, Big Sister Killing Dao, I’m just playing with you.”

Killing Dao: “...”

Qin Jue :”...”

“Sister Killing Dao, are you angry?”

Seeing Killing Dao remain silent, Yun Xi was slightly worried.

“Hahaha, how could I be angry over such a small matter?”

Taking a deep breath, Killing Dao forced a smile and suppressed the urge to beat Yun Xi up.

“Hu, you scared me to death.”

Patting her chest, Yun Xi felt relieved.

“How does it taste?”

Qin Jue was more concerned about the taste.

With his cultivation, how could he not tell that Yun Xi was deliberately pretending? Otherwise, he would have made a move long ago.

“Uh... I was too focused on lying to Big Sister Killing Dao just now and didn't notice the taste of the food.”

Yun Xi was stunned and had an awkward expression.

“...”

Although Yun Xi didn't notice the taste of the food, she was fine, which proved that the food was still normal.

Thinking like this, Qin Jue picked up his chopsticks, picked up a piece of beast meat, and put it in his mouth.

Unexpectedly, the beast meat was exceptionally exquisite and quickly filled his entire mouth, emitting a dense fragrance that made him feel as if he was in the wilderness. He felt an indescribable comfort.

“How is it, Master?” Killing Dao asked impatiently.

“Very good.”

Qin Jue nodded slightly and took out a pot of spirit wine. Good food naturally had to be eaten with good wine.

“I succeeded!”

Killing Dao immediately danced in excitement.

After all, this was the first dish she had created!

“Really?”

Yun Xi immediately took a bite when she heard this.

“Wow! It’s so delicious!”

Before she could finish his sentence, she took a few more bites, wishing she could stuff the entire plate into her mouth.

“Ahem, slow down, slow down.”

Qin Jue hurriedly waved his arm and tried to make Yun Xi slow down.

Just like that, the man and the weed quickly finished the entire plate. Yun Xi even licked the plate twice and looked like she wanted more.

Witnessing this scene, Killing Dao had mixed feelings.

It was an unprecedented feeling. Apart from cultivation, she finally experienced another kind of satisfaction. Moreover, she seemed to be happier than when she broke through.

Her months of hard work had not been in vain!

Qin Jue raised his head and drank the last mouthful of spirit wine. He stood up and said, “Ha, I’m full. I can sleep well now.”

As he spoke, Qin Jue stretched lazily.

“I want to sleep too!”

Yun Xi rushed over and pounced on Qin Jue.

“...”

Ever since he returned to the Xuanyi Mountain Sect, Qin Jue’s life had been like this every day. He ate, slept, and drank. Occasionally, he would soak in the hot spring and catch a few fiend beasts. In short, he was relaxed and content without any worries.

As for the matter of the God Realm, Qin Jue didn't take it to heart. In any case, he had already killed Lothar and had Old Mo holding down the fort.

Time passed, and in the blink of an eye, it was evening. Qin Jue groggily opened his eyes and found Yun Xi still sleeping on his chest.

The strange thing was that the surrounding spirit qi ceaselessly gathered over, transforming into visible energy flows that surged into Yun Xi's body.

At the same time, Yun Xi's aura rose crazily. If one didn't know better, they would probably think that she was cultivating diligently.

Qin Jue had actually seen this state once. It was when the Heavenly Emperor had just changed Yun Xi's physique. Why was it happening again now?

Could it be that Yun Xi can transform again?

Or could it be that the inheritance of the Heavenly Emperor was like this?

Unable to figure it out, Qin Jue simply chose to give up. He put Yun Xi aside and prepared to continue drinking by the blue stone.

However, on the way to the blue stone, Qin Jue happened to encounter Su Yan, who had just finished her cultivation.

"Senior Brother Qin."

Su Yan lowered her head shyly.

"Mm, shall we go enjoy the scenery together?" Qin Jue suggested.

Compared to Su Yan, Qin Jue couldn't be said to be shy, but he also had an indescribable feeling. Perhaps this was love.

"Sure." Su Yan nodded in agreement.

Therefore, the two of them walked side by side towards the blue stone.

"Senior Brother Qin."

"Yeah."

"What do you like about me?" Su Yan suddenly asked.

Qin Jue was stunned. Could this be considered a fatal question?

Danger!

Fortunately, Qin Jue was a transmigrator. Although he didn't have much experience, he still remembered many sweet lines, so he said without hesitation, "I can't explain it clearly, but when I'm with you, it's like I have candy in my mouth. It's very sweet."

"The world is so big. I'm so lucky to have met you."

If it were an Earthling, they might find it mushy and disgusting, but Su Yan had grown up in the Thunder Breeze Sect and rarely went out so she had never heard such words before.

Back then, when Qin Jue said "Even in front of the endless mountains and rivers, the beauty in the mirror cannot be matched..", she was already intoxicated, let alone now?

As Qin Jue's last word fell, the redness on Su Yan's face instantly spread to her ears, like a ripe apple, charming and alluring.

"Actually, we've met before. It's just that you didn't know me back then."

Without waiting for Su Yan to speak, Qin Jue continued, "Do you still remember the Demon-Slaying Gathering more than half a year ago?"

"I remember."

"I was there too."

"Ah? Really? Why can't I remember you at all?"

Su Yan pondered seriously for a moment with a confused expression.

"I told you, you didn't know me at all."

Qin Jue shrugged his shoulders. "I participated in the Demon-Slaying Gathering on behalf of the Xuanyi Mountain Sect, so I sat at the outermost edge."

"I see."

Su Yan suddenly understood.

Half a year ago, the Xuanyi Mountain Sect had yet to rise. Su Yan had never even heard of it, so how could she care?

In a way, the first time the two of them met should have been outside the Wuji Mystic Realm. If it weren't for Qin Jue, most of the geniuses of the Southern Land would have died in the Wuji Mystic Realm. The consequences would have been unthinkable.

After that, in the Death Spirit Valley, Qin Jue saved Su Yan again and took her to travel the Central Continent to see all kinds of strange things.

In short, if she hadn't met Qin Jue, Su Yan's life would never have been so exciting.

Most importantly, when the Bing Clan entered the Southern Land and wanted Su Yan to marry Bing Qiongcang, Su Yan probably only had two choices. She could either agree or die.

And with Su Yan's personality, she would most likely rather die than marry Bing Cang.

"Senior Brother Qin..."

Images flashed in her mind. Su Yan stretched out her arm and hugged Qin Jue. "In the future, I want to be with you forever."

"Hahaha, alright."

Rubbing Su Yan's hair, Qin Jue smiled.

For some reason, Qin Jue felt that the indescribable feeling was becoming stronger and stronger. It was very calm and warm.

After a moment, the two of them arrived by the blue stone and slowly sat down. The evening light passed through thousands of kilometers and shone on the two of them.. In an instant, the scene froze, and time seemed to have frozen at this moment.

Chapter 413: Inner Demon

Translator: Atlas Studios Editor: Atlas Studios

The next morning.

Faint white fog drifted in the forest. Everything had revived, and the spirit qi was ethereal, giving others the feeling of being in a paradise.

Qin Jue opened his eyes and looked at Su Yan lying on the side. He couldn't help but smile bitterly.

The two of them had chatted a lot last night, but they did not expect to fall asleep just like that.

After staying in place for a moment and seeing that Su Yan had no intention of waking up, Qin Jue took out a pot of spirit wine and drank it by himself.

After an unknown period of time, Su Yan suddenly moved, but she still did not wake up. She only frowned slightly and revealed a painful expression, as if she was having a nightmare.

Qin Jue originally wanted to wake Su Yan up, but after thinking for a long time, he finally decided to directly enter Su Yan's dream to see what kind of dream would make Su Yan suffer so much.

Thinking like this, Qin Jue immediately circulated his spirit sense, turning it into a golden light that fused into the space between Su Yan's eyebrows.

Buzz!

In the next moment, a familiar scene appeared in front of Qin Jue.

Thunder Breeze Sect?

That's right, it was indeed the Thunder Breeze Sect.

Although Qin Jue had only been to the Thunder Breeze Sect twice, he absolutely wouldn't remember wrongly.

Most importantly, he saw the First Elder, Lei Mo.

"Su Yan, do you know your crimes?!"

At the end of the hall, an old man with a head of white hair sat on a throne. He looked down at Su Yan who was kneeling on the ground and said coldly.

Who was he?

Qin Jue was stunned.

The last time he went to the Thunder Breeze Sect, he did not seem to see this old man.

Could it be that there were other experts hidden in the Thunder Breeze Sect?

“I don’t.”

Shaking her head, Su Yan gritted her teeth and said, “Patriarch, I don’t understand what crime I have committed!”

Patriarch?

Qin Jue was stunned. Patriarch Thunder Breeze?

Didn’t he die in the Plain Field War long ago?

“Hmph, you crippled your own cultivation and betrayed the Thunder Breeze Sect. Your crimes are unforgivable!”

The old man shouted angrily, “Have you forgotten how I nurtured you back then?”

“ ... ”

Hearing this, Su Yan opened her mouth and lowered her head in silence.

Su Yan might have a clear conscience when facing the others from the Thunder Breeze Sect, but she could not refute Patriarch Thunder Breeze.

Compared to the First Elder and the others, Patriarch Thunder Breeze was not only extremely gentle, but he also often told her stories. Because Su Yan had almost never left the Thunder Breeze Sect before the Heaven Stage, she had mostly heard about the outside world from Patriarch Thunder Breeze.

It was precisely because of Patriarch Thunder Breeze that Su Yan could advance bravely and quickly become the holy maiden of the Thunder Breeze Sect.

To the young Su Yan, Patriarch Thunder Breeze was a father-like existence.

In the Plain Field War, the reason why Patriarch Thunder Breeze died was not only because he was ambushed by the Purple Demon Race, but also because he had no choice but to stay behind to protect Su Yan and the other sect disciples.

In short, no matter how one looked at it, Patriarch Thunder Breeze was worthy of respect.

...

In the distance, witnessing this scene, Qin Jue pondered.

It was obvious that this was the conflict in Su Yan's heart. Although she had crippled her cultivation and severed her grudge with the Thunder Breeze Sect, she still felt that she owed Patriarch Thunder Breeze. That was why she had this dream.

No, this might not be the first time Su Yan had such a dream. It was just that Su Yan had never told anyone about it.

Rather than calling it a dream, it was more appropriate to call it an inner demon.

Sighing, Qin Jue took a step forward, preparing to forcefully interfere. Otherwise, he didn't know when Su Yan would really come out.

"Mm? Who are you?" The person frowned and said angrily.

Patriarch Thunder Breeze frowned and looked at Qin Jue.

"Senior Brother Qin, why are you here?"

Su Yan was shocked.

As everyone knew, most people who dreamed did not know that they were in a dream. Su Yan was no exception, especially since this matter had already become an inner demon in her heart.

Qin Jue helped Su Yan up from the ground and looked at Patriarch Thunder Breeze. "Hello, my name is Qin Jue."

In the Southern Land, Patriarch Thunder Breeze was considered a legendary figure who belonged to the same generation as Patriarch Tianji. He had

supported the Thunder Breeze Sect for hundreds of years alone and was famous. In the end, he even died in battle to protect the Southern Land.

Otherwise, the Three Major Sects would not have announced that they would protect the Thunder Breeze Sect for a hundred years.

“Qin Jue?”

Patriarch Thunder Breeze was stunned. “What’s your relationship with Su Yan?”

“I’m her husband.” Qin Jue said without hiding anything.

“How dare you!”

Patriarch Thunder Breeze was furious. “Su Yan is the holy maiden of our Thunder Breeze Sect. How can you taint her!”

“Oh? Really?”

Qin Jue smiled and said, “As far as I know, Su Yan no longer belongs to the Thunder Breeze Sect, right?”

Without waiting for Patriarch Thunder Breeze to speak, Qin Jue continued, “By the way, are you really Patriarch Thunder Breeze?”

Patriarch Thunder Breeze was stunned. “What do you mean?”

“If you’re really Patriarch Thunder Breeze, shouldn’t you feel happy for Su Yan?” Qin Jue asked back.

“Feel happy for Su Yan?”

Patriarch Thunder Breeze was at a loss.

“Yeah.”

Qin Jue nodded and continued, “Is the Thunder Breeze Sect still the same after you were gone? If Su Yan doesn’t leave the Thunder Breeze Sect, she will only become a tool that can be sacrificed at any time.”

After losing Patriarch Thunder Breeze, the Thunder Breeze Sect had fallen into an unprecedented predicament. However, the first thing the higher-ups

thought of was not to cultivate diligently and become stronger, but to ask others for protection.

In the end, not only did they not obtain protection, but they even forced Su Yan away, completely cutting off all hope of returning to the Four Major Sects in a hundred years. They were simply worlds apart from the Patriarch Thunder Breeze, which had once shaken the Southern Land.

In a way, it was Patriarch Thunder Breeze and not the Thunder Breeze Sect that was powerful.

As if a paper window had been broken, Patriarch Thunder Breeze's entire body shook violently as he muttered to himself, "Am I really Patriarch Thunder Breeze? Should I really be happy for Su Yan?"

In fact, he was naturally not Patriarch Thunder Breeze. It was just that after being questioned by Qin Jue, the "Patriarch Thunder Breeze" immediately began to doubt himself.

As for the other experts of the Thunder Breeze Sect, they were all expressionless at this moment and were frozen in place, as if they had lost consciousness.

Seeing this, Qin Jue turned around and said to Su Yan, "Do you regret leaving the Thunder Breeze Sect?"

"No regrets!" Su Yan said without hesitation.

She indeed felt sorry for Patriarch Thunder Breeze, but it was absolutely impossible for her to marry Bing Cang.

"In that case, why should you feel guilty? No matter what, you have already done the Thunder Breeze Sect justice."

"But..."

"Don't worry. Even if Patriarch Thunder Breeze finds out, he will only be happy for you. He will be glad that his disciple is able to escape from his misery."

"Really?"

Su Yan looked up, her eyes filled with hope.

“Of course.” Qin Jue said matter-of-factly.

Crack!

Suddenly, a crack appeared on Patriarch Thunder Breeze’s face.

Crack! Crack!

It wasn’t just Patriarch Thunder Breeze. In an instant, everyone present cracked, including the surrounding environment.

Like a broken mirror, the entire scene exploded, turning into countless specks of light that dissipated.

At the same time, Su Yan slowly opened her eyes. There was no longer any hesitation in her heart. The inner demon that had troubled her for nearly two months had finally been resolved, and she instantly felt countless times more relaxed.

“Thank you, Senior Brother Qin.”

Su Yan stood up and hugged Qin Jue, revealing a sweet smile.

“...”

Chapter 414: Second Transformation

Translator: Atlas Studios Editor: Atlas Studios

Time passed. In the blink of an eye, five days had passed since Su Yan resolved her inner demon.

In these five days, Su Yan’s cultivation speed had clearly increased. She had already reached the peak of the Profound Stage and was only half a step away from the Earth Stage.

According to Su Yan’s current talent, she believed that she would be able to return to the Supreme Stage in half a year or even shorter.

Don’t forget that this was the Divine Realm. The density of spirit qi here was far from what the Southern Land could compare with. Moreover, with the ten-thousand-year-old spirit spring, there was almost no bottleneck to speak of.

What was worth mentioning was that ever since she fell asleep that day, Yun Xi had never woken up again. Her breathing and heartbeat were extremely stable but her aura was constantly increasing. She was already showing signs of advancing to the Legendary Stage.

Qin Jue, who was full of doubts, could only ask the Heavenly Emperor. After all, the Heavenly Emperor was Yun Xi's successor.

"What? That spirit herb has already entered the second transformation?"

After hearing Qin Jue's description, the Heavenly Emperor's face was full of surprise.

"Second transformation?"

Qin Jue was stunned. What was going on?

"Yes. Because she's a manifestation of a spirit herb, I specially gave her a cultivation technique that can allow her to constantly transform. It's called the Nine Heaven Transformations."

The Heavenly Emperor explained, "I also obtained this cultivation technique by chance. It will allow her to transform nine times in total. Moreover, there will be a tremendous change each time. Under normal circumstances, only by reaching the Saint Stage can one reach the second transformation. Is that spirit herb already at the Saint Stage?"

"Uh... no, she's still at the Supreme Stage." Qin Jue answered.

The Heavenly Emperor : "..."

The Heavenly Emperor was baffled when he heard that Yun Xi had reached the second transformation at the Supreme Stage.

The puzzled Heavenly Emperor simply chose to follow Qin Jue to see what was going on.

After a long while, the two of them landed on the mountain peak. Qin Jue pointed at Yun Xi, who was crazily absorbing spirit qi as she laid on the lawn not far away, and said, "It's over there."

The Heavenly Emperor looked in the direction of the voice and his pupils immediately constricted. Even with his strength at the upper realm True God

Stage, he couldn't help but reveal a shocked expression. "It's indeed the second transformation, and it's a perfect transformation!"

Others might not know, but the Heavenly Emperor knew that the potential of the "Nine Heaven Transformations" was extremely terrifying and could be said to be unfathomable.

Hundreds of thousands of years ago, before the Heavenly Palace was destroyed, the Heavenly Emperor had once allowed a heavenly treasure that took human form to cultivate this cultivation technique. It had only completed four transformations and was already close to reaching the True God Stage, invincible among its peers.

Of course, there were also different levels of transformations every time. Back then, the heavenly treasure that took human form only had a perfect first transformation. It barely passed the next three transformations. There were even two transformations that almost failed.

Even then, it still caused his cultivation talent to improve greatly. According to the Heavenly Emperor's inference, even if he was unable to complete the fifth transformation, he was still expected to advance into the True God Stage.

Unfortunately, that heavenly treasure finally chose to collude with Feng Xi and ambushed the Heavenly Emperor. In the end, it was slapped to death by the Heavenly Emperor and vanished from the world.

As the saying went, one would fail at growing a flower but the unintentionally planted willow would grow into a tall shade. When the Heavenly Emperor imparted the Heavenly Nine Transformations to Yun Xi, he didn't have any hope at all and was even worried that Yun Xi wouldn't be able to succeed, so he specially helped her complete the first transformation.

Who would have thought that Yun Xi would undergo a second transformation in such a short period of time? Moreover, her second transformation was a perfect transformation!

If this continued, what would happen after she completed all nine transformations?

It was simply unbelievable!

Taking a deep breath, the Heavenly Emperor said seriously, “Don’t disturb her. She should wake up automatically in a few days.”

“Fine.”

Qin Jue was helpless.

“By the way, Senior, can I take her in as my disciple?”

The Heavenly Emperor probed.

Although the Heavenly Emperor was very resistant to taking in disciples because of Feng Xi, the talent Yun Xi had displayed was too terrifying!

The Heavenly Emperor was tempted.

“Sorry, she’s already my disciple.” Qin Jue said indifferently.

Hearing this, the Heavenly Emperor was rather disappointed. Just as he was about to leave, Qin Jue added, “But I don’t have anything to teach her. If you’re willing to be her second master, I have no objections. Moreover, you’re already half her master.”

Strictly speaking, the Heavenly Emperor was indeed half a master to Yun Xi. If not for the Heavenly Emperor forcefully helping Yun Xi change her physique and complete the first transformation, it would have been impossible for Yun Xi to step into the Supreme Stage in a short half a year.

“Really?”

The Heavenly Emperor was stunned for a moment before being overjoyed.

Qin Jue nodded.

“Thank you, Senior! I will definitely nurture her into the most powerful manifested spirit herb!”

The Heavenly Emperor shouted excitedly.

Apart from being moved by Yun Xi’s talent, the Heavenly Emperor also wanted to see where the limits of the Nine Heaven Transformations were!

“ ... ”

Qin Jue smiled bitterly. "Before that, you should remember her name first. Her name is Yun Xi."

"Yun Xi? What a good name!"

The Heavenly Emperor praised.

Qin Jue : "..."

"..."

...

A few days later, the sky on the mountain peak where Qin Jue lived suddenly turned black, and a violent wind wreaked havoc. Then it quickly formed a visible spirit qi vortex that connected Yun Xi and the sky, raising waves of energy ripples. It was a magnificent sight.

Immediately after, Yun Xi's body slowly rose into the sky and began to charge into the Legendary Stage!

Boom! Boom! Boom!

Countless spirit qi surged into Yun Xi's body, emitting a deafening bang that pierced through gold and cracked stone!

Qin Jue put his hands behind his back and watched from afar to avoid any accidents.

Just like that, an hour quickly passed. Finally, at a certain moment, accompanied by cracking sounds, Yun Xi's cultivation had officially broken through to the Supreme Stage and stepped into the Legendary Stage!

Boom!

More spirit qi gathered and revolved around Yun Xi, transforming into all sorts of strange beasts that were immediately destroyed. Those were auspicious signs that only appeared when peerless geniuses broke through.

After a long while, Yun Xi's aura gradually stabilized. She opened her two different colored eyes and was slightly dumbfounded. "I broke through?"

Yes, even Yun Xi herself didn't understand how she broke through.

“Wu... I’m so hungry.”

In the next moment, Yun Xi frowned and hurriedly flew down from the sky to find Qin Jue. “Master, I’m so hungry.”

Qin Jue :”...”

Compared to a few days ago, Yun Xi who had undergone the second transformation had undoubtedly become even more beautiful. Her skin was exquisite, exquisite, and flawless. Especially her two pupils that were of different colors, they were deep and clear like the highest quality gemstones.

The only pity was that her body was too small. She was only the size of a palm and was no different from a doll.

Swoosh!

Right at this moment, the Heavenly Emperor arrived in an instant.

“It’s you?”

Yun Xi was shocked when she saw the Heavenly Emperor.

Even though Yun Xi had already been in the Divine Realm for more than half a month, this was the first time she had seen the Heavenly Emperor.

“Hello.”

The Heavenly Emperor greeted politely.

“Uh... Hello, what’s the matter?” Yun Xi asked.

“Well...”

The Heavenly Emperor was about to speak when Yun Xi’s eyes suddenly lit up and she rushed towards Qin Jue. “Master!”

Thump!

Yun Xi heavily bumped into Qin Jue’s chest, raised her head, and impatiently said, “Master, I’m so hungry!”

Qin Jue :”...”

Where had he seen this scene before?

He seemed to recall this exact same situation when Yun Xi's first transformation ended.

Qin Jue wondered just how obsessed Yun Xi was with food.

### **Chapter 415: I Remember Something Funny**

Translator: Atlas Studios Editor: Atlas Studios

Without a doubt, Yun Xi's cultivation talent had improved greatly after the second transformation. Even if she was only at the early-phase of the Legendary Stage, she could still contend with a peak Legendary Stage expert.

After completing the third transformation, it would even be possible for her to challenge someone stronger than her.

In Qin Jue's words, she had the aura of a main character.

Moreover, she was the standard Long Aotian type who had advanced vigorously without any setbacks.

The only thing that made people speechless was that no matter how powerful Yun Xi was, she seemed to be inseparable from food. In this aspect, she was very similar to Qin Jue, but she was even crazier than him.

Perhaps this was meant by the saying "like master, like disciple"!

After eating and drinking with Qin Jue, Yun Xi patted her stomach comfortably and lay down on her back. "Ha, it feels so good to be full."

Qin Jue : "..."

It was hard to imagine that this sentence came from a Legendary Stage expert.

"Right, I have something to tell you."

As if recalling something, Qin Jue said.

"What is it?"

Yun Xi was curious.

“From today onwards, the Heavenly Emperor will be your master.” Qin Jue said indifferently.

“What?”

Yun Xi suddenly raised her head and instantly became teary-eyed. “Master, you don’t want me anymore?”

Before he could finish his sentence, Yun Xi pounced forward and hugged Qin Jue’s thigh, crying hysterically, “I don’t want the Heavenly Emperor. I only want my master. Wuwuwu!”

“...”

Qin Jue didn’t expect Yun Xi to have such a big reaction and hurriedly explained, “I didn’t say I didn’t want you. It’s just that I don’t have anything to teach you. Learning from the Heavenly Emperor will be better for you. Don’t worry, the two of us will both be your master.”

“...”

Yun Xi wiped her tears and was slightly hesitant when she heard this.

“Don’t you want to become stronger?” Qin Jue said seriously.

“Yes!”

Yun Xi nodded forcefully. “I want to be as strong as Master!”

“In that case, why aren’t you willing to learn from the Heavenly Emperor?”

“But... I don’t want to leave Master.”

After hesitating for a moment, Yun Xi finally spoke.

Qin Jue was stunned. So that was how it was.

“Hahaha, I asked you to learn from the Heavenly Emperor, not leave me.”

Seeing that Yun Xi was still somewhat suspicious, Qin Jue smiled and said, "How about this? I'll construct a spatial passageway to connect us later. How about it?"

"Really?"

Yun Xi was rather shaken.

"Hehe, when has Master ever lied to you?"

"Hmph, you even lied to me last time, causing Sister Su Yan to not cook for me!"

"Ahem, that was an accident."

"..."

"..."

In the end, under Qin Jue's persuasion, Yun Xi still agreed to learn from the Heavenly Emperor, and Qin Jue also fulfilled his promise. He built a spatial passageway between the two places and could freely travel without any danger.

At this moment, the Heavenly Emperor was the happiest. Although Yun Xi always appeared to be uninterested in him, the Heavenly Emperor didn't care.

No matter what, she was still much better than Feng Xi, who seemed respectful on the surface but was secretly thinking of ways to kill him.

Divine Realm, Heavenly Palace, training grounds.

The Heavenly Emperor placed his hands behind his back and looked at Yun Xi opposite him. He said seriously, "Attack me with all your strength."

"Huh?"

Yun Xi was stunned. "What?"

"Attack me with all your strength. Don't hold back." The Heavenly Emperor repeated.

"Fine."

Even though she didn't understand what the Heavenly Emperor meant, Yun Xi still obeyed. In any case, she couldn't kill him.

Swoosh!

As Yun Xi circulated her spirit energy, dense spirit herbs immediately grew out of the ground in the surroundings and quickly wrapped around the Heavenly Emperor like vines. It was exceptionally strange.

This was the ability Yun Xi had awakened after advancing to the Legendary Stage. Every one of these vines was extremely tough, and even experts of the same realm would find it difficult to break free.

Then, Yun Xi's thumb-sized arm punched out, immediately bringing with it a vast wind that headed straight for the Heavenly Emperor's head.

Dong!

In an instant, the ground shook and the mountains shook. The entire training ground shook three times, raising dust that filled the sky.

When the smoke and dust dissipated, the Heavenly Emperor's clothes fluttered as he stood in place without moving. The surrounding spirit herbs had already been torn apart at some point in time, turning into countless spirit energy specks that dissipated.

On the other hand, Yun Xi was forcefully blasted flying. Fortunately, the Heavenly Emperor didn't circulate his spirit energy, or else he would absolutely be able to severely injure Yun Xi.

"Hu, that scared me."

Yun Xi heaved a sigh of relief when she saw that she was unscathed.

Just now, she thought that she was going to die.

It couldn't be helped. After all, the Heavenly Emperor was an upper realm True God Stage expert.

"Are you alright?"

If anything happened to Yun Xi because of this, the Heavenly Emperor didn't know how to answer to Qin Jue.

“I’m fine.”

Yun Xi shook her head and frowned as she asked, “Why did you ask me to attack you?”

“I want to see how strong you are.”

The Heavenly Emperor explained patiently, “As expected, even if you face a peak Legendary Stage expert now, you won’t lose.”

From this, it could be seen that Yun Xi had indeed undergone a perfect transformation.

Next, the Heavenly Emperor told Yun Xi many things about the Nine Heaven Transformations. Although the heavenly treasure that took human form from hundreds of thousands of years ago had only completed four transformations, the large amount of information obtained from it could be said to be extremely important to Yun Xi who had just cultivated for a short period of time.

“The ‘Nine Heaven Transformations’ has a total of nine transformations. Each transformation can change your physique. If you can complete nine transformations, you will possess unlimited potential. In the future, even surpassing me or even surpassing Senior is not impossible!”

Of course, this was only the Heavenly Emperor’s speculation. After all, he still did not know what had happened in the God Realm some time ago.

“Surpass Master? Really?”

Yun Xi’s eyes lit up. “Then I can protect Master instead!”

The Heavenly Emperor :”...”

The Heavenly Emperor wondered if that was Yun Xi’s reason for becoming stronger.

“...”

A day quickly passed. In the blink of an eye, it was already night. Darkness descended, turning into boundless silk that devoured the Divine Realm.

After bidding farewell to the Heavenly Emperor, Yun Xi passed through the spatial passageway and returned to the mountain peak where Qin Jue lived.

Because the Heavenly Emperor still needed to heal the remnant souls of those awakened True God Stage experts, he decided to spare six hours every day to teach Yun Xi until she completely grasped the Nine Heaven Transformations.

“How was your training?”

Qin Jue held a wine pot in his hand and leaned against the blue stone as he asked.

For some reason, he felt like a parent waiting for his child to finish school.

“Hehe, I’ve remembered everything Teacher Heavenly Emperor taught today.”

Yun Xi said proudly, “I will definitely surpass Master in the future!”

“Surpass Master? Hahaha.”

At that moment, Killing Dao’s laughter suddenly sounded from the side.

“Sister Killing Dao, what are you laughing at?”

Yun Xi placed her hands on her hips, and her small face was filled with anger.

“Nothing. Nothing.”

Realizing that something was wrong, Killing Dao shook her head repeatedly. “I just remembered something funny.”

“What is it? Tell me!” Yun Xi asked.

“Uh... I saw a fiend beast giving birth in the forest today.”

Killing Dao was helpless and could only make up an excuse.

Yun Xi: “???”

“What’s so funny about that?”

“It’s indeed not funny.”

Killing Dao shrugged her shoulders.

Yun Xi :”...”

“ ... ”
