

Invincible Uncle-Grandmaster - Chapter 421 – 430

Chapter 421: Accompany You for a Long Time

Another two months passed. Under the Heavenly Emperor's orders, three True God Stage experts went to visit the three top factions. They also used the Heavenly Palace's name to reconstruct the territory of the various factions in the Inner Realm.

One had to know that even the three top factions only had one True God Stage expert. Three True God Stage experts were enough to easily flatten them.

Most importantly, these three True God Stage experts were the "masters" of the leaders of the three top factions. They knew the other party's divine abilities and cultivation techniques very well and had absolute suppression.

As mentioned before, a large part of the reason why the three top factions were able to rise quickly was because of the Divine Seal Altar, including the leaders of the three top factions.

If they had not successfully passed the nine tests and obtained the True God Stage inheritance, it would have been impossible for them to step into the True God Stage so easily.

As for the three True God Stage experts sent out by the Heavenly Emperor, they were the original bodies of the three remnant souls that passed down the inheritance to the three top factions.

Facing their "master", the leaders of the three top factions naturally did not dare to resist. Moreover, there were dozens of similar experts in the Heavenly Palace. These factions would absolutely not provoke them unless they were tired of living.

If even the three top factions were like this, then there was even less of a need to talk about the middle-tier factions and low-tier factions.

Therefore, under the power of the Heavenly Palace, the internal strife in the Inner Realm was completely changed. Many of the unspoken rules that had previously been unanimously broken were all broken.

During this time, there were a few stubborn small factions that wanted to form an alliance to resist the Heavenly Palace. In the end, before the Heavenly Palace could make a move, they were killed by those cultivators who wanted to curry favor with the Heavenly Palace.

In fact, the Heavenly Emperor did not plan to rule the Inner Realm, nor did he have any intention of recruiting disciples. He only wanted the Inner Realm to temporarily stabilize and to stop frequent wars.

This was especially true because the war between the White Dragon Race and the Martial Sacred Hall had already caused countless experts to die and more than a thousand worlds to be destroyed. If they were allowed to continue fighting, the Inner Realm would sooner or later turn into ruins.

Of course, Qin Jue had never been interested in these things. When there was a storm in the Inner Realm, he was taking Su Yan and Yun Xi out on trips, relaxed and content.

“Ha, I haven’t been back in a long time.”

At the edge of the cliff, Qin Jue lay down on his back and stretched lazily. He couldn’t help but sigh.

It had been almost half a year since he had moved to the Divine Realm. This was the first time Qin Jue had returned to the cliff. Because the blue stone had also been moved to the Divine Realm, the cliff now seemed somewhat empty. The distant courtyard was also covered in dust, and no one had lived there for a long time.

It wasn’t just the cliff. Almost no one could be seen anywhere else. Bai Ye and the other core higher-ups were basically all in seclusion in the Divine Realm, leaving only some outer sect elders and disciples behind.

The First Elder, Wang Quan, would occasionally come to patrol to prevent any accidents from happening.

As for Long Zhui and the husky, they were put into Qin Jue’s small world. Compared to the Divine Realm, that place was more suitable for them.

Looking at the blue Heavenly Palace above his head, Qin Jue's expression was absent-minded, with an indescribable feeling.

He suddenly recalled the scene eleven years ago when he had just transmigrated to the Spirit Central World.

At that time, Qin Jue was very scared. He knew nothing about this world and had no idea how to survive. He was extremely desperate.

The next day, he encountered an old man who wanted to take him in as a disciple. The old man brought him to the Xuanyi Mountain Sect and he also became the youngest uncle-grandmaster in the history of the sect.

The story began there.

In the blink of an eye, eleven years had passed. Qin Jue had already become the strongest expert in the myriad realms and was invincible.

Perhaps this was where the story should end.

1

“Senior Brother, what are you thinking about?”

Su Yan walked over and lay beside Qin Jue.

At this moment, Su Yan had already recovered her Supreme Stage cultivation. However, she had yet to completely stabilize it, but the wind and lightning energy in her body was even purer and incomparably fierce than when she was in the Thunder Breeze Sect.

“Nothing.”

Shaking his head, Qin Jue said meaningfully, “I feel like I'm dreaming.”

Su Yan was stunned for a moment before she smiled. “Me too.”

After a pause, she added, “If it's a dream, then I hope I never wake up.”

As soon as she finished speaking, Su Yan lightly kissed Qin Jue. How could she not be worried that all of this was only happening because she was dreaming?

“Never wake up...”

Qin Jue muttered to himself and couldn't help but smile bitterly. Indeed, he was too unreasonable.

At this moment, Yun Xi suddenly fell from the sky and landed straight on Qin Jue. “Hmph, Master is lying. You clearly promised to accompany me today.”

After learning for four consecutive months, Yun Xi had already learned all the knowledge about the “Nine Heaven Transformations” from the Heavenly Emperor, as well as all kinds of divine abilities and cultivation techniques. Her cultivation had even reached the middle-phase of the Legendary Stage and she could even challenge Saint Stage experts.

Qin Jue :”...”

“Why don't we cook together?”

Seeing this, Su Yan changed the topic.

“Sure, sure!”

Hearing that there was something to eat, Yun Xi instantly forgot about Qin Jue accompanying her and nodded repeatedly.

In this way, the three of them chatted and laughed as they cooked delicacies. Qin Jue was in charge of catching fiend beasts, Yun Xi was in charge of raising the fire, and Su Yan was in charge of making the food.

Not long after, a dense fragrance spread from the cliff. Plates of delicacies were made, making one feel intoxicated.

Qin Jue took out the spirit wine and raised his cup to drink with Yun Xi and Su Yan before wolfing down the delicacies.

An hour later, the two of them were full. Among them, Su Yan and Yun Xi fell down drunk as mud. Only Qin Jue remained awake and unhurriedly arrived at the edge of the cliff. He slowly sat down and hummed a song to himself.

After an unknown period of time, the sun set. Rainbow clouds hung on the horizon like silk, dying the entire world red. It was exceptionally beautiful.

“Master, I finally found you.”

Space distorted as Killing Dao walked out.

“What is it?”

Qin Jue frowned.

“Cough cough, after delaying for so long, it’s time for me to enter seclusion.”

Rubbing his hands, Killing Dao was slightly embarrassed. “I want to enter that small world again.”

Because she wanted to compete with Su Yan for the right to cook, Killing Dao had been studying delicacies with all her might, so she had completely forgotten about her seclusion.

Now, it seemed that Killing Dao could be considered to have won a perfect victory in terms of delicacies.

But in other aspects, she had lost miserably!

“Uh... okay.”

Qin Jue smiled bitterly. He raised his hand and waved it lightly, putting Killing Dao into the small world.

He believed that this time, Killing Dao should successfully step into the upper realm True God Stage.

“Senior Brother.”

At some point, Su Yan had already woken up and sat down against Qin Jue.

“Yeah.”

Qin Jue continued to hum a song.

“Senior Brother, what are you singing?”

Su Yan was curious. Although she couldn’t understand Qin Jue’s songs every time, they could still always resonate with her.

“To spend the long years with you.”

Qin Jue smiled.

“I’ll accompany you in turning the sourness of your longing into warmth.”

“I’ll accompany you in the story that we write together.”

“How long will the future be? How long will it be? There’s still hope.”

“Accompany you until the end of the story.”

“ ... ”

In a way, this song simply matched Qin Jue and Su Yan’s experience perfectly.

Therefore, after hearing it a few times, Su Yan sang along.

“I’ll accompany you on your journey and live to see the answer.”

“I’ll accompany you and turn loneliness into courage.”

“I lost it again and again, but I never left.”

“Companionship is the most powerful confession.”

“ ... ”

At the edge of the cliff, under the setting sun, the two figures leaning against each other formed a beautiful scene that gradually froze.

(End)

Chapter 422: Side Story 1: Mom is a super expert, and Dad is an alcoholic.

In the calm forest, spirit qi fluttered as sunlight shone down. The sunlight passed through the gaps between the leaves and shone on the ground, like a scene that had been cut open.

At this moment, a black figure appeared in the distance like a ghost. It was extremely fast and could not be captured with the naked eye.

Swoosh!

Strong winds tore through the air, creating layers of ripples that spread out, forming a visible arc.

“Stop, don’t run.”

Behind the black figure, a girl about a meter tall in a white dress followed closely. Her exquisite little face was filled with seriousness and displeasure.

“Roar!”

Seeing that it was about to be caught, the black figure couldn’t help but shudder. It hurriedly increased his speed, afraid that the girl would catch it.

Seeing this, the girl curled her lips and tapped the ground with the tip of her foot. The entire forest shook as the girl also raised a vast wind and grabbed the black figure.

“Roar, roar!”

The black figure howled crazily, filled with despair.

However, no matter how it struggled, it was unable to escape. The power that was enough to severely injure a Half God Stage expert seemed harmless in the girl’s hand.

It was only at this moment that the black figure’s appearance could be seen. It was actually a big cat.

“Go on, keep running.”

The girl snorted.

The big cat :”...”

Hu!

Another gust of wind blew past, and two panting men suddenly appeared around her. They almost fainted from exhaustion. “Are you alright, miss?”

“It’s alright. You guys are too slow.”

Waving her hand indifferently, the girl said, "We can go back now."

The two men looked at each other helplessly.

...

The girl's name was Qin Xiao, and she was eight years old this year. As for her cultivation, she had reached the True God Stage. She believed that no one in her generation would be a match for her.

At this moment, the big black cat lay obediently in the girl's arms and allowed the girl to "ravage" it. It did not dare to move at all and looked rather comical.

From afar, the girl could already see the mountain peak where she lived.

"You guys can leave. Don't worry about me." The girl said politely.

"Uh... yes."

The two men were stunned for a moment before turning to leave without any hesitation.

The reason was simple. No one could hurt the girl here.

After shaking off the two "bodyguards", the girl lowered her head and said to the big cat in her arms, "You can't run around again."

"Meow."

The big cat shrank its head, as if responding to the girl.

"I wonder if Mom's back yet."

The girl carefully landed on the mountain peak and looked around. After confirming that no one was around, she was about to leave when a voice suddenly sounded from the side. "Ahem, where did you go again?"

The girl froze and slowly turned her head. When she saw the person in front of her clearly, she heaved a sigh of relief.

"Dad, you scared me to death."

The girl patted her chest in relief.

“What? Am I that terrifying?”

The young man held a wine pot in his hand, looking like an immortal that had descended to the mortal world. He was slightly displeased.

“No, no, no. Dad is the most handsome!”

The girl shook her head repeatedly.

“Hmph, don’t even think about it. You still haven’t answered my question.”

The young man took a sip of spirit wine and frowned.

“The big cat ran out. I went to get it.” The girl answered.

“Oh? Really?”

The young man said meaningfully, “Are you sure it didn’t run out because you bullied the big cat?”

The big cat was the young man’s new pet last month. It would definitely not run out for no reason.

“I...”

The girl was speechless.

“Put the big cat down.”

“Oh.”

Helpless, the girl could only put the big cat down.

“Meow.”

The big cat immediately escaped behind the young man.

“I’ll let you play with it when you stop bullying the big cat.”

“Oh...”

The girl looked disappointed. Then she looked up and said weakly, “Dad, can you not tell Mom about this?”

“Sure.”

After pondering for a moment, the young man nodded.

“Yeah, I knew Dad was the best!”

The girl hugged the young man happily. No matter what, as long as her mother didn't find out, it was fine.

“...”

Others all had strict dads and lenient moms, but her parents seemed to have swapped places.

“Hai, I really don't know what to do with you.”

Rubbing the girl's head, the young man changed the topic. “Have you finished your homework today?”

“Yes.”

“Then accompany Daddy to rest.”

“Huh?”

“You're unwilling? Then I'll tell your mother what happened just now.”

“I'm willing, I'm willing.”

The girl looked miserable.

The reason why she hesitated just now was because her father was a lazy alcoholic. He never cultivated or exercised. Apart from being handsome, he was almost useless.

In comparison, his mother was very powerful.

Qin Xiao remembered that the last time Uncle Zhang was injured by a bad person, it was her mother who came forward to resolve it. Those fiendish fellows did not even manage to withstand a single move from her before they cried bitterly and knelt to beg for mercy.

Moreover, ever since Uncle Bai retired and went on a trip with Aunt Mu, her mother had been in charge of the Xuanyi Mountain Sect. It was said that the Xuanyi Mountain Sect was the most powerful faction in this world. Even Uncle Heavenly Emperor's Heavenly Palace was far inferior to it.

In short, her mother was a super expert!

On the other hand, not only did his father not have any cultivation, but he was also an out-and-out alcoholic. The difference between the two was like the difference between heaven and earth.

1

Therefore, Qin Xiao was very curious sometimes. Why would such a beautiful and powerful mother fancy her father?

Qin Xiao had asked her mother this question before. The answer was that her father sang very well.

It was true that the girl's father sang really well.

But... was it really just because she sang well?

Not long after, the two of them arrived by the blue stone not far away. The young man put away the empty wine pot in his hand and then took out another pot.

Gulp! Gulp!

After taking two large gulps, the young man revealed a satisfied expression.

"You were asleep with your fists clenched and shallow dimples on your cheeks."

"I'll look at you at this moment."

"There's so much I want to tell you..."

"..."

Qin Xiao, who was originally somewhat conflicted, quickly calmed down after hearing the singing and fell into an intoxicated state.

No wonder Mommy liked Daddy. It was so nice!

Thinking like this, Qin Xiao closed her eyes and lazily lay on the young man's legs. Unknowingly, she fell asleep.

The setting sun was like fire. It shone on the two of them and was exceptionally warm.

"If you grow up a lot tomorrow, will I feel at a loss?"

"You won't let me hold your hand anymore. You can only hope to break free from my grasp every day."

"You will also love someone and give up a lot..."

"..."

"..."

The singing gradually became lighter. Qin Jue put down the wine pot and slowly fell asleep.

Night quickly fell. Su Yan, who had been busy for half a day, finally returned from the main hall of the Xuanyi Mountain Sect.

Half a year ago, Bai Ye suddenly announced his retirement to travel with Mu Ziqi. Helpless, he could only temporarily choose another sect master to take over the Xuanyi Mountain Sect. Qin Jue had never been interested in such things, so in the end, it fell to Su Yan, the current strongest person in the sect besides Qin Jue.

"Where did Little Xiao go again?"

Seeing that there was no one in the room, Su Yan frowned slightly and walked out. She was slightly stunned when she saw the young man and the girl by the blue stone and smiled sweetly.

A moment later, Su Yan leaned on Qin Jue's shoulder and also entered her dream.

Chapter 423: Side Story 2: Familiar Streets

The sun cast a brilliant red light on the horizon, illuminating the entire city. Cars continued to pass through, making harsh noises. Everything seemed to be in order.

On the street, people came and went. They either chatted with each other or lowered their heads to play with their phones. In short, everyone was busy with their own things.

Suddenly, a figure appeared by the roadside, attracting the attention of everyone nearby.

It was a long-haired young man. His upper body was dressed in a white T-shirt, and his lower body was covered in a pair of black jeans. He looked around with a curious gaze, looking out of place.

Of course, this wasn't the main point. The main point was that the young man held a wine pot in his hand, and he was peerlessly handsome. He was like an immortal that had walked out of a painting. Just by standing there, he gave others a sacred feeling, and it was even to the extent that they wanted to kneel and worship him.

“So handsome!”

A woman gulped and could not help but say.

“Yeah, he's so handsome!”

Another woman chimed in.

Compared to the young man, idols and celebrities were nothing.

Even the men were shocked and could not feel any jealousy.

After a brief silence, someone quickly took out their phones to take pictures. However, the strange thing was that the camera function had failed!

“How could this be?”

Before they could react, the young man's figure flashed and instantly disappeared from his original spot, as if he had never existed.

“ ... ”

...

...

“Boss, give me a bowl of ramen.”

“Alright!”

The boss was a middle-aged man in his forties. He was sitting in the room watching television. When he heard the voice, he subconsciously looked up and was slightly stunned.

“What’s wrong?”

“No... nothing.”

The boss hurriedly shook his head and immediately turned to make ramen.

It couldn’t be helped. The young man was too handsome. It was hard not to notice him.

A moment later, the boss brought over a large bowl of ramen and placed it on the table, emitting a faint fragrance. There were a few pieces of minced meat scattered on it, making it extremely enticing.

“Smells good.”

The young man impatiently took a bite with his chopsticks and revealed a satisfied smile.

Although he had not been eaten for hundreds of years, the taste was still familiar.

The young man was none other than Qin Jue, who had passed through thousands of worlds and finally returned to Earth.

However, because hundreds of years had passed, Qin Jue could only deliberately undo the seal and forcefully move the timeline.

The current Qin Jue was countless times stronger than hundreds of years ago. He could completely control time at will.

In other words, the Earth Qin Jue was currently on was not the Earth of the normal timeline, but the Earth from hundreds of years ago. It was also the Earth from the time when Qin Jue had just transmigrated to the Spirit Central World.

What was worth mentioning was that in his previous life, Qin Jue often came to this ramen restaurant, but because his appearance had changed drastically, the boss didn't recognize him.

"Boss, your son should have been admitted to university, right?"

Qin Jue asked as he ate his ramen.

"Yeah, he performed exceptionally and got into North China University. Eh, how did you know?"

The boss was very happy, but then he realized that something was wrong.

"Oh, a friend told me."

Qin Jue casually cooked up a story.

"Friend?"

"Yeah, his name is Qin Jue."

"Qin Jue? I see. No wonder."

The boss understood. "That kid hasn't been here for two months. I thought he went to another city."

"He did go to another city and won't be back again."

Qin Jue looked up and took a sip of soup.

"I see."

The boss sighed. "I originally planned to wait for him to come and drink with him. I didn't expect him to leave without even saying goodbye."

Because Qin Jue often came to eat noodles, the two of them were basically no different from friends. In their spare time, they would occasionally sit together to drink, brag, and relax.

“In that case, I’ll drink with you on behalf of that friend. How about it?” Qin Jue suggested.

“Huh?”

The boss was stunned. He looked at the gradually darkening sky and nodded. “Alright.”

The two wine cups crossed hundreds of years and collided.

...

After eating the ramen, Qin Jue paid and went out. Suddenly, a familiar singing voice sounded in his ear:

“If those two words hadn’t trembled, I wouldn’t have realized I was uncomfortable.”

“No matter what, it’s just a breakup.”

“If you don’t have any requests for tomorrow, holding hands is like traveling.”

“...”

In his previous life, Qin Jue had actually quite liked Chen’s “Ten Years”. Hearing it now, he sighed with emotion.

However... the time it took for Qin Jue to leave Earth had already far surpassed ten years.

Next, Qin Jue went to the area where he used to live and enveloped himself with spirit energy to enter an invisible state to prevent himself from being treated as a panda like before.

Familiar advertisements, shops, and many peddling sounds filled the entire street with vitality.

Strictly speaking, this city wasn’t considered prosperous and could at most be considered a third-tier city. However, the smoke and fire aura was very likable. Otherwise, Qin Jue wouldn’t have deliberately crossed the Infinite Worlds and moved the time line just to come back and take a look.

“Haha, I had a good time today.”

“Shall we go to the movies tomorrow?”

A couple walked past, talking and laughing.

“Lin Huazhuan! Where did you go?! You only know how to play every day!”

In the distance, the woman grabbed the boy’s ear fiercely.

“Ouch, ouch, ouch! Mom, I won’t do it again!”

The boy named Lin Huazhuan cried desperately.

...

“Hey, did you know? There’s probably going to be a war soon!”

“What? Really?”

“I’m not sure. The news reported last night that the United States has been testing the waters in the Southern Sea. A war might break out at any moment.”

“Hmph, so be it. Why should we be afraid of those guys?!”

“Do you think war is so easy...”

A few old men sat under a tree, holding cattail-leaf fans and waving them vigorously.

“...”

Hearing this, Qin Jue pondered.

War...

Although the Earth Qin Jue was on now belonged to hundreds of years ago, this didn’t stop him from doing some crazy things, such as...

In the next moment, Qin Jue spread out his spirit sense and soared into the sky.

...

The afterglow of the setting sun shone on the sea, dying the seawater red. The scene was beautiful and peaceful.

Boom!

At the end of his field of vision, a dazzling golden light flickered, raising thousands of feet of huge waves that quickly swept out, shaking the heavens and the earth!

When the waves fell, the two aircraft carriers and many battleships had all turned to dust and dissipated with the wind.

Not only that, but in just five minutes, almost all the weapons in the United States had been destroyed, including light equipment like firearms and production lines.

2

In fact, Qin Jue originally planned to raze the entire United States to the ground, but that would inevitably hurt the innocent, so he finally chose to give up.

In any case, the United States, which had lost its weapon, was no different from fish on a chopping board.

After doing this, Qin Jue continued to review his previous life's experiences and taste delicacies.

Although these foods did not have any spirit qi or heavenly treasures, their taste was excellent, and Qin Jue had never had any requirements for spirit qi.

Chapter 424: Side Story 3: Aunt Yun Is a Foodie

In the morning, it was completely silent. Thick fog filled the forest, and it was completely white. It was almost impossible to see one's fingers.

The dew wet the leaves and fell from above again, dripping in the pistil below, crystal clear.

Occasionally, a little beast would pass through as if it was nothing and did not cause any commotion.

This was an extremely tall mountain with a well defined peak. One could faintly see a waterfall hanging down and flowing for 3,000 meters, and it was extremely magnificent.

On both sides of the waterfall, trees were luxuriant and lush. All kinds of strange flowers and herbs could be seen everywhere. This mountain peak was simply not inferior to the immortal realm.

Not only that, there were also many buildings on the mountain peak. They couldn't be said to be gorgeous, but they gave off a feeling of paradise.

At this moment, outside an ancient courtyard, the door silently opened. A small head stretched out from inside and probed around. After confirming that no one was around, Qin Xiao carefully walked out.

“Hehe, Daddy went out because he had something to do. Mommy is also dealing with the conflict between the Xuanyi Mountain Sect branch and the Heavenly God Race. Finally, there won't be anyone to limit me.”

Qin Xiao waved her hands happily.

Several hundred years had passed, and Qin Jue had long fused the Inner Realm with the God Realm. He had also forcefully changed the Heavenly Dao laws of the two realms, making it possible for upper realm God King Stage experts to pass through.

Therefore, regardless of whether it was the Xuanyi Mountain Sect or the Heavenly Palace, they had already become the top factions of the God Realm. They had deep foundations and were famous.

Most importantly, the Xuanyi Mountain Sect and the Heavenly Palace were allies. Unless there were special circumstances, no one was willing to provoke them. Otherwise, it would be very easy for them to offend two top factions at the same time.

As for why the Heavenly God Race would have a conflict with the Xuanyi Mountain Sect branch this time, Qin Xiao had no idea.

“As long as I avoid those annoying fellows, I can go out and play.”

After making up his mind, Qin Xiao retracted her aura and fused into the surrounding environment, leaving no traces.

Qin Xiao had learned this concealment cultivation technique from the Heavenly Emperor. It was extremely powerful and even a True God Stage expert could not detect it.

After doing this, Qin Xiao hurriedly leaped and flew out of the mountain peak.

As expected, the guards in charge of patrolling did not notice her at all. Soon, Qin Xiao passed through the layers of defense and arrived beside the Xuanyi Mountain Sect's sect-protecting formation.

Taking out her identity jade tablet, the sect protecting formation immediately produced ripples that spread out. Qin Xiao's eyes lit up as he quickly flew out of the mountain protecting formation. Before she could get excited, a voice suddenly sounded from behind her. "Where are you going?"

Qin Xiao was shocked. She did not sense that someone was following behind her.

However, Qin Xiao quickly realized that the other party was not her father or mother, but...

"Aunt Yun, why are you here?"

Qin Xiao turned around and revealed a fawning expression.

The person who called out to Qin Xiao was none other than Yun Xi, who happened to pass by.

Qin Xiao's concealment technique might be able to avoid ordinary True God Stage experts, but Yun Xi had already advanced to the God King Stage, so how could she not tell?

"Master said that you can't run around casually before he returns." Yun Xi frowned slightly and said solemnly.

Compared to a few hundred years ago, the current Yun Xi was already around the size of an ordinary person. She wore a blue robe and was full of heroic spirit. She was simply worlds apart from her previous cute appearance.

"Aunt Yun ~"

Seeing Yun Xi's stern face, Qin Xiao immediately rushed up to hug Yun Xi's thigh and acted coquettishly.

“It’s useless to act coquettishly.”

Yun Xi grabbed Qin Xiao and said unquestionably, “Come back with me.”

“I don’t want to. I don’t want to.”

Qin Xiao struggled with all her might. Unfortunately, Yun Xi had no intention of letting go at all.

Although Qin Xiao had superb talent and had stepped into the True God Stage at the age of eight, Yun Xi was an Heaven Ascension God King Stage expert. In the entire God Realm, there were only a few existences that could contend against her, let alone Qin Xiao.

“Aunt Yun, I’m only going out to take a look. I definitely won’t cause any trouble.”

Seeing that acting coquettishly was useless, Qin Xiao could only change the method to try to move Yun Xi.

“No, it’s too dangerous.”

Yun Xi shook her head and refused.

Qin Xiao could only brace herself and say, “Then Aunt Yun can just come with me.”

When she spoke these words, even Qin Xiao didn’t have any hope. But unexpectedly, Yun Xi actually hesitated.

Seeing this, Qin Xiao’s pupils spun. Without any time to think, she hurriedly struck while the iron was hot and said, “Aunt Yun, I heard from Dad that you liked to run around the most in the past. Don’t you want to go out and play with me? Moreover, Aunt Yun is so powerful. It will definitely be safe with you protecting me!”

With Yun Xi’s Heaven Ascension God King Stage cultivation, she believed that no matter where she went, no one would dare to provoke her.

Hearing this, Yun Xi who was hesitating immediately blushed and denied.

“Nonsense, I didn’t.”

“But... I haven’t been out in a long time.”

The last time she left the Xuanyi Mountain Sect was half a year ago. She had been in seclusion for the past half a year and had just come out ten days ago.

“Right, right? Aunt Yun also wants to go out and play.” Qin Xiao said happily.

“Ahem, no way. I was going somewhere to deal with business.” Yun Xi said righteously.

“Then bring me along.”

Qin Xiao’s eyes were bright and filled with hope.

“What if you sneak away?”

“How is that possible? Aunt Yun is so powerful. You could just casually set up a spirit energy imprint for me.”

“Uh... that’s true.”

After hesitating for a moment, Yun Xi nodded and said, “Alright, I agree to bring you along, but you have to be obedient and can’t leave my field of vision. Otherwise, I’ll tell Big Sister Su Yan about all the pranks you did in the past.”

“But... weren’t you the one who played those pranks...”

Before he could finish speaking, she was interrupted by Yun Xi with a wave of her hand. “How dare you talk back!”

“Sorry, sorry!”

Qin Xiao shrank her neck and shook her head repeatedly.

In fact, Qin Xiao had indeed done many pranks, but most of them were Yun Xi’s ideas. Otherwise, why would an eight-year-old like Qin Xiao have so many strange ideas?

“Alright, let’s go.”

With a satisfied smile, Yun Xi flicked her finger and closed the sect protecting formation as she said indifferently.

“Where are we going?” Qin Xiao could not help but ask.

Apart from going to other places with his father and mother when she was six, Qin Xiao had never left the Xuanyi Mountain Sect. Therefore, she was almost unaware of the outside world.

“To places with delicacies, of course.”

Yun Xi’s expression was solemn as she said firmly, “Food is justice!”

Ever since she advanced to the True God Stage, there were only two things left in Yun Xi’s life. She returned to the Xuanyi Mountain Sect to cultivate and hunt outside.

Qin Xiao :”...”

As expected of a foodie!

Therefore, under Yun Xi’s lead, Qin Xiao ate all kinds of delicacies in the next few days. They gorged on fiend beast meat, spirit fruits, divine fruits, crabs, prawns, and even ordinary vegetables.

In short, so long as it didn’t belong to the category of humans, all those that flew in the sky, walked on the ground, and swam in the water would basically be unable to escape the fate of being eaten by Yun Xi once her attention was captured.

In the beginning, Qin Xiao was a little conflicted, but as time passed, she gradually became immersed and became a foodie like Yun Xi.

On this day, the two of them were full at the top of a mountain and were about to leave when a battleship suddenly flew over and stopped in the sky.

Chapter 425: Side Story 4: Invitation

Empty!

The battleship emitted a huge bang that was deafening. It floated above the mountaintop like a huge beast, looking sinister and terrifying.

Seeing this, Yun Xi took a sip of spirit wine and revealed a puzzled expression. What was going on?

Qin Xiao hid behind Yun Xi with a curious expression. She had never seen such a low-level battleship.

Right at this moment, more than a dozen figures suddenly flew down from the battleship and landed on the mountaintop.

The dozen or so figures were all dressed in the same attire. Their cultivations were around the Saint Stage, and the middle-aged man in the lead had reached the Grand Saint Stage. In such a low-level dimension, he could already be considered a top expert.

Everyone's eyes lit up when they saw Yun Xi, but they quickly recovered their calm and didn't do anything out of line. Otherwise, they probably wouldn't even know how they died.

The middle-aged man took a step forward and looked down at Yun Xi and Qin Xiao. "Did the two of you see a fiend beast with six wings?"

"Six wings?"

Yun Xi was stunned and looked at the skeleton beside her. The fiend beast they just ate seemed to have six wings.

Sensing Yun Xi's gaze, the middle-aged man in the lead looked over as well. He frowned slightly at first, and then he seemed to have realized something and turned pale with fright. "Feng Qi, is that you? Feng Qi!"

Even though the flesh and blood had already been eaten by Yun Xi and Qin Xiao, the middle-aged man could tell from the remaining aura that this pile of bones really belonged to Feng Qi!

"Ahhh, who are you? How dare you kill my sect's sacred beast protector!"

The middle-aged man's eyes almost split open as he stared fixedly at Yun Xi, and he no longer had the arrogant appearance from before.

One had to know that although Feng Qi was only at the Saint Stage, it was still a descendant of a divine beast. It had a chance to advance to the Great Sage Stage in the future and allow the Grand Thunder Sect to improve further. In the end, it actually died just like that. It could be imagined how furious the middle-aged man was.

Yun Xi was dumbfounded when she heard this. She had actually accidentally eaten a sect protecting sacred beast?

“Sorry, I didn’t know that this fiend beast was your sect protecting sacred beast.”

Yun Xi hurriedly apologized. “I’m willing to compensate.”

After all, she had eaten someone else’s sect protecting sacred beast and was at fault. She could only choose to resolve this matter by compensating.

Yun Xi was indeed an out-and-out foodie, but it didn’t mean that she was unreasonable. A mistake was a mistake, and she absolutely wouldn’t deny it, even if the other party wasn’t even an ant in her eyes.

However, who would have thought that there would be a sect protecting sacred beast in a forest where fiend beasts roamed freely? If she had known earlier, Yun Xi wouldn’t have made a move on it.

“Compensation?”

The Grand Thunder Sect expert beside him shouted angrily, “You two wouldn’t be able to afford it even if you paid with your lives!”

Facing the disdain of the experts of the Grand Thunder Sect, Yun Xi was neither sad nor happy. She took out a spirit fruit from her storage ring. “What if I compensate you with this spirit fruit?”

The spirit fruit was only the size of a fist and was like a ruby. It emitted a faint spirit qi that was crystal clear.

Almost the moment he saw the spirit fruit, the middle-aged man’s mouth gaped in disbelief. “A grade nine Sacred Spirit Fruit! How is that possible? Didn’t this thing disappear long ago?”

Others might not know, but the middle-aged man knew very well because this was something he wanted even in his dreams!

The grade nine Sacred Spirit Fruit was a miraculous spirit fruit that could help a Grand Saint Stage expert advance to the Great Sage Stage. According to the ancient books on the continent, as long as the person who consumed it reached the Grand Saint Stage, even if their lifespan was exhausted, they

could still forcefully break through their shackles and step into the Great Sage Stage!

However, due to various reasons, the grade nine Sacred Spirit Fruit had long disappeared thousands of years ago. Now, the highest level spirit fruit one could find was only grade six or seven. Even so, it was still an important resource that every faction fought for.

After all, Great Sage Stage experts had top combat strength. Legendary Stage experts and Saint Stage experts couldn't be compared to them.

The middle-aged man had once searched everywhere based on the information he read about from the ancient books, hoping to use the power of the grade nine Sacred Spirit Fruit to help him advance to the Great Sage Stage. Unfortunately, he had failed.

He did not expect that this young woman in front of him could actually take out a grade nine Sacred Spirit Fruit.

However, what the middle-aged man didn't know was that the grade nine Sacred Spirit Fruit had indeed disappeared from this continent, but Yun Xi had plucked it from another continent.

"Oh, is it called the Sacred Spirit Fruit?"

Yun Xi seemed to be lost in thought.

She only casually took out a grade nine spirit fruit and did not think too much about it.

"This should be enough, right?"

"Yes, it is enough!"

The middle-aged man nodded impatiently, wishing he could immediately snatch it from Yun Xi.

He had already stagnated at the Grand Saint Stage for thousands of years. Seeing that his lifespan was about to end and that he had no hope of breaking through, how could he give up this opportunity?

As for Feng Qi, so what if it died?

In any case, it would only be able to advance to the Great Sage Stage after several hundred years. After obtaining the level nine Sacred Spirit Fruit, the middle-aged man was confident that he could advance to the Great Sage Stage in ten or even five years.

At that time, even competing for the position of sect master would not be impossible.

The other experts of the Grand Thunder Sect looked at each other and lowered their heads in silence. It couldn't be helped. After all, the middle-aged man was their leader.

"In that case, here you go."

Yun Xi heaved a sigh of relief and flicked her finger, sending the spirit fruit into the middle-aged man's hand.

"Let's go."

After doing this, Yun Xi prepared to leave with Qin Xiao.

"Wait!"

Suddenly, the middle-aged man called out to the two of them.

"Anything else?"

Yun Xi frowned.

The prerequisite for her being willing to be reasonable was that the other party didn't push his luck. Otherwise, Yun Xi wouldn't mind directly slapping him to death.

"Um, I want to invite you to be a guest on behalf of the Grand Thunder Sect."

The middle-aged man carefully put away the spirit fruit and smiled.

"Guest?"

Yun Xi was stunned. The other party clearly seemed as if he would fight to the death just now, so why did he seem like an old friend she had not seen in many years?

Indeed, spirit fruits could make ghosts grind.

“As long as you agree, our sect will definitely entertain you with the highest standards.” The middle-aged man continued.

Yun Xi’s expression changed slightly. “Are there delicacies?”

“???”

The middle-aged man was full of question marks, but he quickly reacted and vowed, “Yes! Apart from the Thunder Art, our Grand Thunder Sect is most famous for our delicacies!”

Yun Xi was overjoyed when she heard this, and then she nodded without the slightest hesitation and said, “Alright!”

At this moment, Qin Xiao pulled Yun Xi’s sleeve and whispered, “Aunt Yun, I think they seem to be plotting something.”

“Hahaha, you’re thinking too much.”

After a pause, Yun Xi said indifferently, “Don’t worry, with me around, there’s no need to be afraid even if they have any schemes.”

Qin Xiao :”...”

No wonder his father said that as long as there was food, Aunt Yun would dare to go anywhere!

However, this continent was only a low-level dimension. Even Qin Xiao could easily sweep through it, let alone Yun Xi, so there was no need to worry.

Therefore, under the middle-aged man’s lead, Yun Xi and Qin Xiao boarded the battleship.

The interior space of the battleship was not large, only a few hundred square meters. Compared to the battleships Qin Xiao had seen in the Xuanyi Mountain Sect, it was no different from a toy. Whether it was the material or the level, it was far inferior.

Empty!

The battleship let out another deafening roar, pulled out a long tail, and quickly disappeared into the horizon.

An hour later, the battleship arrived at the Grand Thunder Sect and slowly landed.

During this time, Yun Xi finally understood why the Grand Thunder Sect's sacred beast guardian would appear in such a place. It turned out that it had fallen into a violent state and forcefully rushed out of the sect.

During this time, Yun Xi finally understood why the Grand Thunder Sect's sacred beast guardian would appear in such a place.. It turned out that it had fallen into a violent state and forcefully rushed out of the sect.

Chapter 426: Side Story 5: Seeking Death

“Is this the Grand Thunder Sect?”

Yun Xi asked as she looked at the mountain range that stretched for 5,000 kilometers.

“Yes.”

From the conversation just now, she had already learned that the middle-aged man's name was Liu Mu, and he was a core elder of the Grand Thunder Sect. His status was rather high. If Feng Qi had not run out of the sect this time, Liu Mu would not have personally taken action.

In addition, because this continent had similar strength to the Spirit Central World on the surface, the Great Sage Stage was already the limit. In other words, in their understanding, there was no Great Void Stage expert.

Otherwise, why would Liu Mu be so angry when he saw Feng Qi being killed?

Of course, after Yun Xi had used the level nine Holy Spirit Fruit as compensation, that anger had already dissipated.

What was worth mentioning was that the Grand Thunder Sect was one of the top five super factions on this continent. Not only did they have a Great Sage Stage expert holding down the fort, but they also occupied an enormous

mountain range with extremely abundant cultivation resources. All cultivators below the Saint Stage could cultivate twice as fast with half the effort.

Therefore, the entire Grand Thunder Sect was built on this mountain range. As far as the eye could see, there were palaces and pavilions. Some stood on the mountaintop, some were planted halfway up the mountain, perfectly blending with the surrounding environment. In short, from the outside, it was very beautiful.

Regarding this, Yun Xi and Qin Xiao didn't appear to be too surprised. After all, the two of them had long gotten tired of such luxurious palaces.

"Please follow me."

Liu Mu flew towards the mountain peak not far away.

Not long after, the three of them landed in front of a palace. Liu Mu bowed and said, "The two of you can rest here for a moment. I'll inform the servants to prepare food."

Yun Xi's eyes lit up when she heard about food. "Bring a few pots of spirit wine along the way."

"Yes."

Liu Mu was stunned for a moment before turning around to agree.

He never expected Yun Xi to actually make such requests. However, this wasn't important because everything would end soon.

After leaving the palace, Liu Mu did instruct a few people to prepare food, but he immediately headed deeper into the Grand Thunder Sect.

"Eh? Old Liu, you're back. Where's Feng Qi?"

Along the way, he encountered another Grand Thunder Sect elder, a white-haired old man. He frowned and blocked Liu Mu.

"Dead." Liu Mu said casually.

"What?"

The other party was shocked. "Feng Qi is dead? What happened?"

“Hmph, I don’t have time to explain to you.”

Pushing the old man away, Liu Mu said in a deep voice, “Where is the Sect Master?”

Realizing that something was wrong, the old man did not continue asking and answered seriously, “The secret room...”

Before he could finish speaking, the air tore apart, and Liu Mu instantly disappeared from his original spot.

Seeing this, the old man was stunned. He hesitated for a moment and hurriedly followed.

“Sect Master, I have something to report.”

Outside the secret room, Liu Mu knelt on one knee with an extremely respectful attitude.

“Didn’t I say that no matter what happens, no one is to disturb me during my seclusion?”

After a long silence, a hoarse and impatient voice sounded from the secret room.

“I found a grade nine Saint Spirit Fruit.”

Liu Mu went straight to the point.

“What?”

In the next moment, the door to the secret room shattered with a bang, and a warm and refined young man with pitch-black eyes walked out. His aura had shockingly reached the Great Sage Stage. He was the current sect master of the Grand Thunder Sect, Xu Hui.

“Are you sure it’s a grade nine Saint Spirit Fruit?”

“I’m sure.” Liu Mu took out a spirit fruit and said firmly.

Taking the spirit fruit, Xu Hui carefully observed for a moment and said in disbelief, “This... is indeed a grade nine Sacred Spirit Fruit, and the quality is excellent.”

At the same time, the old man who followed over widened his eyes in disbelief, revealing dense heat.

Just like Liu Mu, the old man had been at the Grand Saint Stage for many years. If he could obtain a level nine Sacred Spirit Fruit, he would definitely be able to break through directly!

“Where did you find it?” Xu Hui asked impatiently.

Apart from helping a Grand Saint Stage expert advance to the Great Sage Stage, the grade nine Sacred Spirit Fruit could also be used to refine various grade nine pills to increase one’s cultivation. How could the young man not want to reach a higher realm?

Hearing this, Liu Mu did not hide anything and directly explained the entire process.

I can’t believe this woman could just casually take out a grade nine Sacred Spirit Fruit...”

After hearing Liu Mu’s description, Xu Hui pondered. “Where’s that woman?”

“I brought her back and she’s in Tranquil Heart Hall.” Liu Mu said.

“You did well.”

Patting Liu Mu’s shoulder, Xu Hui said coldly, “Close the sect protecting formation and cut off all contact with the outside world. No matter where they come from, they can forget about leaving the Grand Thunder Sect today.”

“Yes!”

Liu Mu smiled as if his plan had succeeded.

In fact, when he obtained the grade nine Sacred Spirit Fruit, Liu Mu had already wanted to make a move on Yun Xi. In his opinion, since Yun Xi had a grade nine Sacred Spirit Fruit, she definitely had a second or third one. However, he still decided to restrain himself in the end.

The reason was extremely simple. Since Yun Xi was able to easily kill Feng Qi, it proved that her cultivation was absolutely not inferior to a Grand Saint Stage expert. Liu Mu didn’t have the confidence to win, so he could only try to

bring Yun Xi back to the Grand Thunder Sect by invitation before making a move. However, he didn't expect Yun Xi to agree so easily.

As for Yun Xi being an expert above the Great Sage Stage, Liu Mu had never even thought about it.

Rumble!

As Xu Hui gave the order, the entire Grand Thunder Sect shook slightly. The sect protecting formation that no one had dared to attack for more than a thousand years slowly closed, forming an indestructible barrier.

"What happened? The sect protecting formation actually closed!"

"Could it be that another faction is attacking?"

"How is this possible?!"

"..."

Such a huge commotion immediately attracted the attention of countless Grand Thunder Sect experts. Some disciples had nervous expressions, thinking that they had been attacked by other factions.

In the palace, Yun Xi, who was eating and drinking, suddenly raised her eyebrows and looked up at the sky. "Interesting."

"What's wrong, Aunt Yun?"

Qin Xiao put down the food in her hand with a curious expression.

Perhaps it was because it was usually more comfortable, Qin Xiao was very oblivious and did not notice the abnormality at all.

"Nothing."

Yun Xi said meaningfully, "Looks like we were indeed tricked by someone else."

Before Qin Xiao could react, Yun Xi waved her hand and said, "Forget it, forget it. I hope they don't court death."

As soon as she finished speaking, Yun Xi picked up the roasted meat by the side and stuffed it into her mouth.

It had to be said that the food here was extremely delicious. At least, it was countless times better than what Yun Xi had made herself. Even Qin Xiao ate happily.

Tap. Tap. Tap.

At that moment, Liu Mu walked in and smiled.

“Are the two of you satisfied with our hospitality?”

“It’s not bad.” Yun Xi took a sip of spirit wine and said indifferently.

“In that case, you will need to pay.”

Liu Mu was still full of smiles.

“Pay? Pay what?”

Yun Xi was stunned.

“These foods are all made with various heavenly treasures. Fairy, you’re not planning on eating and drinking for nothing, right?”

Liu Mu’s expression instantly changed.

“Tell me what you want.”

Yun Xi couldn’t be bothered to say anything.

“Ten grade nine Sacred Spirit Fruits.”

Liu Mu stretched out his finger and thought for a moment before saying, “No, twenty. I just want twenty grade nine Sacred Spirit Fruits.”

“Oh, is your pitiful food worth twenty grade nine spirit fruits?”

Yun Xi sneered.

She might not care much about cultivation resources, but it did not mean that others could extort her as they pleased.

“If Fairy is unwilling, don’t blame us for being impolite.” Liu Mu said coldly.

Liu Mu’s eyes narrowed as they flickered with a dangerous light, and he didn’t intend to explain at all.

Chapter 427: Side Story 6: You’re too weak

“If Fairy is unwilling, don’t blame us for being impolite.” Liu Mu said coldly.

“Oh, what can you do to me?”

Yun Xi wiped her mouth and didn’t care.

“Hehe.”

Liu Mu waved his hand. “Attack!”

Boom!

Accompanied by a deafening bang, the ceiling of the entire palace suddenly exploded, turning into countless fragments that dissipated, revealing the scene outside.

Qin Xiao raised her eyes and looked over. She discovered that the surroundings of the palace had already been surrounded by experts of the Grand Thunder Sect at some point in time. All of them were fully armed and were waiting solemnly. Moreover, they had reached the Saint Stage and there were even many Grand Saint Stage elders.

In order to capture Yun Xi, the Grand Thunder Sect had almost dispatched all the higher-ups.

“I’ll give you one last chance.”

Liu Mu stretched out his finger with killing intent.

“Is this your trump card?”

Facing the experts of the Thunderous Sect, Yun Xi curled her lips in disdain.
“Why must you court death?”

“Hmph, what shameless boasting!”

Liu Mu said angrily, “No matter what, you can forget about leaving the Grand Thunder Sect today!”

“Is that so? Do you know who I am?”

Yun Xi sneered.

“Who cares who you are? We’ve already completely severed our connection with the outside world. No one can save you now!”

Liu Mu said sinisterly, “When your body and soul are destroyed, we will erase your aura. At that time, who will know where you died?”

Liu Mu wasn’t an idiot. Since Yun Xi was able to easily take out a grade nine Sacred Spirit Fruit as compensation, she was definitely not an ordinary person.

After all, grade nine Sacred Spirit Fruits had already gone extinct thousands of years ago. In other words, there were only two possibilities why Yun Xi could take out the grade nine Sacred Spirit Fruit.

One possibility was that she had obtained it from an ancient ruin.

The second possibility was that Yun Xi was from a hidden clan that had Sacred Spirit Fruits planted in it.

In short, no matter what, Yun Xi definitely had more grade nine Holy Spirit Fruits on her.

Liu Mu was completely unaware of the fact that Yun Xi didn’t belong to this continent. In his understanding, he still didn’t have any concept of other dimensions.

Therefore, for the sake of safety, Liu Mu had made a foolproof plan under Xu Hui’s orders before making a move. Not only did he directly seal the surrounding space with the sect protecting formation, but he even activated the spatial restriction to prevent Yun Xi from escaping.

Even if Yun Xi really was from a hidden clan, no one would find out that she died in the Grand Thunder Sect.

“I think you might be mistaken.”

Putting down the wine pot in her hand, Yun Xi slowly stood up. “What I mean is that you guys are too weak.”

“In that case, don’t blame us for being impolite. Attack!”

As soon as he finished speaking, Liu Mu was the first to charge towards Yun Xi, and his spirit energy was instantly raised to the limit!

Bang!

The Great Thunder Sect shook. Then, with the palace as the center, a visible spirit energy swept out majestically. Wherever it passed, the ground would explode inch by inch, forming crisscrossed scars. It was a horrifying sight.

After an unknown period of time, the spirit energy gradually calmed down. Unsurprisingly, the originally gorgeous palace had turned into ruins, leaving only broken walls and ruins. However, the mountain peak was not affected at all.

Logically speaking, as a Grand Saint Stage expert, Liu Mu’s full-power attack should have been able to level the entire mountain peak. How could he be unscathed?

When the smoke and dust dissipated, the surrounding experts of the Grand Thunder Sect finally understood what was going on.

Liu Mu’s attack was intercepted!

“How is this possible?”

Everyone looked at each other in disbelief.

Liu Mu was equally dumbfounded. He could hardly believe his eyes.

Liu Mu felt that he was unable to deal with Yun Xi alone. Otherwise, he wouldn’t have brought her to the Grand Thunder Sect, so he had long expected that Yun Xi would be able to withstand his attack. However, he never expected that the person who would receive his attack at this moment would actually be that little girl who looked to be only seven or eight years old!

“Hmph, you are not allowed to bully Aunt Yun.”

Qin Xiao stretched out her small hand that was covered in oil from eating food and blocked Liu Mu's fist as if it was light as a feather.

"This..."

Liu Mu opened his mouth and was speechless from shock. No matter how he circulated his spirit energy, his fist could not move an inch forward. He could not even retreat. It was simply inconceivable.

Could this girl be stronger than him?

What a joke!

On the other hand, Yun Xi had never expected that Qin Xiao would make a move. She couldn't help but smile bitterly and say, "Little Xiao, stand back. Leave the rest to me."

Although with Liu Mu's strength, it was utterly impossible for him to cause any harm to Qin Xiao, how could Yun Xi let Qin Xiao step forward?

Moreover, Qin Xiao was only eight years old and had never killed anyone. Otherwise, Liu Mu would have died.

"But..."

Qin Xiao was slightly hesitant.

"What? You don't trust Aunt Yun?"

Yun Xi smiled.

"I do."

Qin Xiao nodded forcefully and retracted her hand.

Swoosh!

Without any hesitation, Liu Mu retreated crazily, afraid that he would be grabbed by Qin Xiao again, even though Qin Xiao was not even as tall as his waist.

"Formation!"

Right at this moment, a voice suddenly sounded and entered the ears of every Grand Thunder Sect expert present. It was the sect master of the Grand Thunder Sect, Xu Hui.

Everyone suddenly regained their senses and hurriedly formed hand seals to fuse into the sect protecting formation above.

This was a secret inheritance of the Grand Thunder Sect. It was created by experts above the Saint Stage, allowing the main formation master to increase his strength greatly in a short period of time and kill the enemy. The main formation master was naturally the sect master of the Grand Thunder Sect.

Thousands of years ago, the Grand Thunder Sect had relied on this array formation to repel the siege of the other two top factions.

Hu.

As more and more Grand Thunder Sect's spirit energy fused into the sect protecting formation, Xu Hui stepped into the air. He was covered in a thousand-foot-long flowing light as he looked down at Yun Xi and slapped down!

This palm contained the strength of almost all the higher-ups of the Grand Thunder Sect. Coupled with Xu Hui's cultivation and the sect protecting formation, even a Great Sage Stage expert would not be able to withstand it head-on.

Seeing that the large hand that blotted out the sky was about to descend, Yun Xi stretched lazily and flicked her finger.

Pu.

A strand of light shot out and easily passed through the spirit energy hand and then pierced through the sect protecting formation. It rushed into the sky and disappeared. Its speed was incomparably fast and could not be captured with spirit sense.

Until the light disappeared, Xu Hui and the other experts of the Great Thunder Sect did not react.

Then, the spirit energy hand trembled slightly and shattered with a bang. The sect protecting formation also collapsed with a bang, leaving nothing behind.

“Pu!”

In an instant, all the higher-ups of the Grand Thunder Sect spat out blood from their mouths and noses, and their auras plummeted. Some with lower cultivation even fainted.

Xu Hui grunted, leaving a striking blood line at the corner of his mouth. Clearly, even he was injured.

However, Xu Hui didn't care about the backlash he suffered because it was utterly unimportant compared to Yun Xi dispelling his attack with a single move.

This woman was too terrifying!

It was only at this moment that Xu Hui realized how stupid he was. Just what kind of existence had they provoked?

“It's my turn now.” Yun Xi said indifferently.

“Not good!”

Xu Hui was shocked and was about to escape when he realized that the surrounding space had already been sealed.

In the next moment, endless light suddenly bloomed in the sky, like a scorching sun in the sky, illuminating an area of 5,000 kilometers as if it was daytime.

Just like that, Yun Xi held Qin Xiao's small hand and left under the dazzling light.

Chapter 428: Side Story 7: Undercurrent

“Aunt Yun.”

“Yeah.”

“Are you really Daddy's disciple?”

“Yeah.”

“But Daddy isn’t powerful at all. How could he be Aunt Yun’s master?”

Qin Xiao was puzzled.

“Because Master is very handsome.”

Yun Xi smiled.

“...”

“Actually... Master is very powerful.”

Yun Xi said meaningfully, “If it weren’t for Master, the God Realm would have long been destroyed.”

“Could it be that Daddy is the great hero who saved the world?”

“That’s right.”

“Hmph, I don’t believe you.”

Qin Xiao took a bite of the beast meat in her hand and expressed her doubts.

“...”

Yun Xi shrugged helplessly.

Ever since Qin Xiao was born, Qin Jue had almost never fought again. Every day, he would either drink, sleep, eat, or sing. Qin Xiao naturally didn’t know how powerful her father was.

Ten minutes later, Yun Xi threw away the bone and stood up. “Are you full?”

“I’m full.”

Qin Xiao wiped her mouth and nodded slightly.

“Alright, let’s go.”

Seven days had already passed since they left the Grand Thunder Sect. During these seven days, Yun Xi had brought Qin Xiao to various dimensions to taste delicacies and play happily.

As for the incident with the Grand Thunder Sect, it was just a small interlude for the two of them and they did not take it to heart at all.

Of course, Yun Xi didn't willfully kill the innocent and destroy the entire Grand Thunder Sect. She only killed all the higher-ups who had participated in the siege, including Sect Master Xu Hui and Elder Liu Mu.

...

"Aunt Yun, where are we going next?"

In the void, Qin Xiao followed behind Yun Xi and was rather curious.

"Uh..."

Yun Xi was stunned when she heard this, and she immediately revealed an embarrassed expression.

In fact, even she had forgotten where she was.

"Wait."

Taking out the void locator, Yun Xi observed seriously for a moment and said in astonishment, "When did we come here?"

"What's wrong, Aunt Yun?" Qin Xiao hurriedly asked.

"Ahem, nothing. Nothing."

Yun Xi waved her hand and said hesitantly, "We... seem to be under the jurisdiction of one of the Xuanyi Mountain Sect branches. If I remember correctly, your mother should be on that continent ahead."

As she spoke, Yun Xi pointed at a continent at the end of her field of vision.

"What?! Let's run!"

Qin Xiao was shocked. It wasn't easy for her to come out. She didn't want to be caught by her mother.

"It's already too late."

Yun Xi smiled bitterly.

Before she could finish his sentence, the space beside her suddenly distorted. Then, a peerlessly beautiful woman in snow-white clothes walked out.

“Why are you two here?” The woman frowned and questioned.

“Mom...”

Qin Xiao, who was about to escape, saw the woman and her expression changed drastically. She froze in place.

That’s right, the woman was Su Yan, who was handling the conflict with the Heavenly God Race at the Xuanyi Mountain Sect branch.

With Su Yan’s cultivation at the Dao Validation God King Stage, she had already noticed Yun Xi and Qin Xiao the moment they appeared in this void.

“Um... Sister Su Yan, because Little Xiao wants to come out to play, I brought her out to take a look.”

Yun Xi chose to betray Qin Xiao without hesitation.

“Nonsense!”

Su Yan stretched out her finger and flicked Qin Xiao’s head. “How many times have I told you not to run around? What if you encounter danger?”

“It hurts.”

Qin Xiao covered her head and said aggrievedly, “But Aunt Yun said that with her around, there won’t be any danger.”

Yun Xi :”...”

Hey, hey, hey, when did I say that?

As expected of Master’s daughter!

“Yun Xi, is what she said true?”

Su Yan looked at Yun Xi, her words filled with danger.

“It’s fake!”

Yun Xi immediately said firmly, "I've never said such a thing!"

"Aunt Yun..."

Qin Xiao pulled the corner of Yun Xi's clothes and tried to act coquettishly. Unfortunately, Su Yan waved her hand and directly grabbed her over.

"It's useless to ask Aunt Yun for help. Do you think I don't know what you're capable of?"

As she spoke, Su Yan slapped Qin Xiao's butt.

"Wuwuwu, I was wrong. I won't dare to do it again."

Although Qin Xiao was a True God Stage expert, she was still only eight years old. After being reprimanded by his mother, she finally couldn't help but cry.

Seeing this, Yun Xi couldn't help but advise. "Sister Su Yan, stop hitting her. Although I didn't say any of that, I was still the one who brought her out. If you want to punish someone, punish me!"

"Hai, I really can't do anything about you guys."

Su Yan was helpless. "Alright, stop crying. I'll spare you this time for Aunt Yun's sake."

"Mm!"

Qin Xiao, who was originally crying, immediately smiled happily after hearing this, as if nothing had happened.

Su Yan : "..."

Yun Xi : "..."

"How long have you two been out?"

After a moment of silence, Su Yan changed the topic.

"About half a month." Yun Xi pondered.

"Half a month? Where's Senior Brother Qin?"

“Daddy went out for something.” Qin Xiao answered.

“He went out? Where did he go?”

Su Yan was surprised. Qin Jue didn’t tell her about leaving.

“I don’t know.”

Qin Xiao was at a loss. Before Qin Jue left, he only said that he was leaving for a period of time, but he didn’t say where he was going or how long it would take.

“Forget it, forget it. Come with me.”

After thinking for a long time, Su Yan, who could not figure out the answer, simply chose to give up.

“Huh?”

Yun Xi was stunned when she heard this. What did she mean?

“What? Do you guys want to continue running around?” Su Yan said coldly.

“No, no, no.” Yun Xi shook her head repeatedly. “I’ll listen to Sister Su Yan’s arrangements.”

What a joke. With Qin Jue’s help, Su Yan had stepped into the Dao Validation God King Stage earlier than Yun Xi. Su Yan was the strongest expert in the Xuanyi Mountain Sect besides Qin Jue, and Yun Xi was no match for her.

Moreover, strictly speaking, Su Yan was her master’s wife. Even if Su Yan didn’t have any cultivation, Yun Xi still had to listen to her.

Therefore, under Su Yan’s lead, the two of them flew towards the distant continent.

As Yun Xi had said, one of the branches of the Xuanyi Mountain Sect was located on that continent, and it was also the branch closest to the Heavenly God Race.

Ever since Qin Jue fused the God Realm and the Inner Realm three hundred years ago, changing the laws of the world, things had changed. Since then, the patriarch of the Heavenly God Race, Tian Hunji, and the patriarch of the

Myriad Divine Court, Sun Wukong, had both advanced to the Heaven Ascension God King Stage one after another. Their sphere of influence had increased greatly. If it weren't for the Heavenly Palace and the Xuanyi Mountain Sect keeping them in check, the two of them would have long since fought over more cultivation resources.

Under normal circumstances, the Heavenly God Race absolutely did not dare to provoke the Xuanyi Mountain Sect. This time, they had actually alarmed Su Yan to personally come and deal with it. Moreover, they had not resolved it after so long. It was simply inconceivable.

“Sister Su Yan, what happened here? Why did you come here personally?” Yun Xi couldn't help but ask.

“Hai.”

Sighing, Su Yan said faintly, “Two months ago, the branch here was suddenly attacked by the experts of the Heavenly God Race and suffered heavy casualties. However, after investigation, we discovered that the other party was not from the Heavenly God Race.”

“Not the Heavenly God Race? Who is it then?”

Yun Xi was stunned.

“I'm not sure.”

Su Yan said in a deep voice, “The patriarch of the Heavenly God Race has talked to me about it. Those experts who attacked the Heavenly God Race were all members of the Heavenly God Race who had recently disappeared. It's unknown if they're still alive. It's very likely that someone disguised themselves as members of the Heavenly God Race and wanted to sow discord.”

After a pause, she added, “According to my speculation, they don't belong to the God Realm.”

Chapter 429: Side Story 9: Approaching Army

“Sect Master.”

“Sect Master.”

“ ... ”

Upon arriving at the Xuanyi Mountain Sect branch, experts immediately lowered their heads and bowed respectfully to Su Yan.

As the current sect master of the Xuanyi Mountain Sect, not only did Su Yan have a high prestige within the sect, but she also had a high status in the God Realm. Anyone who saw her would be respectful.

The reason was very simple. Su Yan was currently the only two super experts in the God Realm who had stepped into the Dao Validation God King Stage. The other was the Heavenly Emperor. The two of them had absolute strength and could be said to be invincible.

As for Elder Mo, although he had already successfully advanced to the Dao Integration Stage, he was also in a hidden state like Qin Jue and was naturally could not be compared to.

“Sect Master, you just...”

At this moment, a white-haired old man flew over from afar with an anxious expression.

Just now, he was discussing the crisis with Su Yan. In the end, Su Yan suddenly disappeared silently, giving him a fright.

The old man’s expression suddenly changed drastically before he could finish speaking, and he pointed at Yun Xi and shouted, “You, you, you, why are you here?!”

“What? You don’t want to see me here?”

Yun Xi placed her hands on her hips and smiled.

“Welcome... welcome, welcome.”

The old man forced a smile and wanted to cry but had no tears to shed.

Others might not know, but the old man knew that this seemingly exquisite and beautiful woman in front of him was actually even more terrifying than a void beast!

Because the old man's war beast had been eaten by Yun Xi!

That was a Half God Stage war beast!

It had already been more than a decade since this incident happened. At that time, Yun Xi happened to pass by the Xuanyi Mountain Sect branch and couldn't find anything to eat, so she used that unlucky war beast to fill her stomach. The old man was so angry that he almost fought Yun Xi to the death.

The old man only calmed down after Yun Xi compensated him with more than ten divine fruits.

From then on, the old man couldn't help but tremble with fear every time he saw Yun Xi, and he was afraid that Yun Xi would eat the other war beasts.

In fact, this matter was somewhat similar to the previous incident with the Grand Thunder Sect. If it weren't for Liu Mu being too greedy and choosing to attack Yun Xi, perhaps nothing would have happened.

"Hehe, that's good."

Yun Xi nodded with satisfaction when she heard this.

"..."

"..."

The old man's name was Gongsun Qing. He was the hall master of the Xuanyi Mountain Sect branch and a lower realm God King Stage expert. He was in charge of the Xuanyi Mountain Sect's cultivation resources and various heavenly treasures.

Some time ago, the reason why those fellows disguised as experts of the Heavenly God Race had attacked the Xuanyi Mountain Sect branch was to snatch cultivation resources.

If Gongsun Qing had not activated the defensive formation in time and sent out a distress signal, the consequences would have been unthinkable.

Even so, the Xuanyi Mountain Sect branch still suffered heavy losses. Huge potholes and dilapidated walls could be seen everywhere. Even the defensive

array formation had been destroyed, and many injured members had been injured. Among them, Gongsun Qing had almost died.

Fortunately, Su Yan had used a large number of medicinal pills to help treat him after arriving. Otherwise, Gongsun Qing would have died.

“Elder Gongsun, let’s continue talking about what happened just now.”

Su Yan interrupted the two of them with a wave of her hand.

“Ah, yes, yes!”

As soon as she finished speaking, a wisp of light suddenly shot over from afar and landed in Gongsun Qing’s hand.

“Yeah?”

Gongsun Qing was stunned for a moment before he immediately crushed the light and read the information inside.

A moment later, Gongsun Qing revealed a shocked expression.

“What’s wrong?”

Su Yan frowned.

“The Ten Thousand Divine Court and the Heavenly God Race have been attacked!” Gongsun Qing said quickly.

“What?”

Su Yan was stunned. “Who attacked them?”

“I’m not sure, but they don’t seem to belong to the God Realm.”

As he spoke, Gongsun Qing flicked his finger and condensed an image.

It was a creature covered in flexible armor. Its facial features were somewhat similar to humans. Its eyes were very large, but there was no white in its eyes. It looked exceptionally strange.

“This is...” Su Yan was puzzled.

“According to the information transmitted back, this is the main culprit who attacked the Heavenly God Race and the Ten Thousand Divine Court.”

Gongsun Qing said in a deep voice, “And they have the ability to transform their appearances.”

“Could it be...”

“That’s right. If I’m not wrong, these bastards should be the ones who attacked this place back then.”

Gongsun Qing gritted his teeth and said, “Looks like they’ve given up on pretending this time!”

“When did they attack the Heavenly God Race and the Ten Thousand Divine Court?” Su Yan asked.

“Yesterday.”

“What was their motive?”

“Same as last time, it was for cultivation resources.”

“Are the Heavenly God Race and the Ten Thousand Divine Court alright?”

“I’m fine. However, many Half God Stage experts died before I could defeat those bastards.”

“...”

After hearing Gongsun Qing’s description, Su Yan fell into deep thought.

Under normal circumstances, if an expert from the outside world had descended to the Heavenly Realm, she should have been able to discover it in advance. Why didn’t she sense it at all?

In addition, the other party had been snatching cultivation resources. Was it because their world lacked cultivation resources?

Before Su Yan could figure it out, several more lights appeared in the distance and arrived in an instant.

“Hall Master, Sect Master.”

The light dissipated, revealing the figure inside. The figure bowed.

“What is it?”

Gongsun Qing was curious.

These people were all protectors he sent to investigate. If there was nothing important, they absolutely would not come to find him.

“We captured an alien race expert that attacked the Ten Thousand Divine Court.” The young man in the lead answered.

“What? Bring me there.”

Gongsun Qing was overjoyed. As long as he captured a living alien race expert and used a soul searching technique, he would know what was going on.

Just as Gongsun Qing turned around, the young man who had his head lowered suddenly punched out at the back of Gongsun Qing’s head. With vast spirit energy, his speed was incomparably fast.

At the same time, the other experts took out their weapons and rushed towards Su Yan, preparing to attack together.

Unfortunately, they had overestimated themselves and underestimated Su Yan and Gongsun Qing.

Almost at the moment the young man moved, Gongsun Qing raised his eyebrows and directly grabbed the young man’s fist.

On the other hand, Su Yan did not even move. The pressure swept out like a wave, making the others freeze in place and unable to move.

“Chen Nan, what are you doing?” Gongsun Qing said coldly.

“How is this possible?”

The young man’s face was filled with shock. He could not accept that his sneak attack had been so easily blocked by Gongsun Qing.

“He’s not Chen Nan.” Su Yan said indifferently.

“Not Chen Nan?”

Gongsun Qing was stunned and somewhat dumbfounded.

“Rip!”

Su Yan lightly swiped with her finger, and the young man’s facial features suddenly exploded. The strange thing was that no flesh and blood flew out and his face simply fell off like a mask.

“Wu!”

The young man called “Chen Nan” grunted and retreated repeatedly, turning into a strange creature covered in flexible armor without any white eyes.

Seeing this, Gongsun Qing was shocked. He had never expected that the alien race experts would actually disguise themselves as Chen Nan and the others. Moreover, regardless of whether it was their aura, height, or appearance, they were almost identical.

“Hahaha.”

“Chen Nan” laughed instead of being angry. He seemed to have gone crazy. “My army has arrived. All of you will die.”

“Army?”

Su Yan raised her eyes and looked over. Indeed, she saw many densely packed alien race figures appear in the depths of the void.. There were as many as a million of them, and they were quickly approaching.

Chapter 430: Side Story 9: War!

1

“As expected, they don’t belong to the God Realm.”

Su Yan’s eyes flickered as she pondered.

Compared to the living beings of the God Realm, besides having a strange appearance, these alien race experts also had very special spirit energy. One

might not be able to tell anything from them alone, but when millions of them gathered together, one could clearly sense the strangeness.

If the spirit energy of the God Realm cultivators was considered to be in a gentle state, then the spirit energy of these alien race experts was considered to be in a violent state and was exceptionally fierce.

On the other side, Gongsun Qing retracted his gaze and shouted, "Open!"

As soon as this word fell, invisible energy ripples spread out like a hurricane, quickly enveloping the entire continent and condensing into a transparent spirit energy barrier that looked indestructible.

Because the defensive formation had been destroyed in the last attack, Gongsun Qing could only temporarily set up another barrier. Although it could not stop the impact of a high-level expert, it could at least act as a buffer.

The commotion here immediately attracted the attention of the other experts of the Xuanyi Mountain Sect. Several higher-ups of the True God Stage immediately flew out, including the two God King Stage elders Su Yan had brought with her.

"Sect Master, what happened?" Wu Ying frowned and asked.

The current Wu Ying had already stepped into the upper realm God King Stage and was one of the two elders Su Yan had brought with her.

Without waiting for Su Yan to answer, Wu Ying suddenly seemed to have sensed something and looked into the void.

"That is..."

"The alien races that attacked this place."

Su Yan said in a deep voice, "Prepare for battle."

Hearing this, Wu Ying's expression changed slightly. "They're attacking again?"

"Yeah."

Su Yan nodded solemnly.

She could sense a few exceptionally powerful auras from those alien race experts.

In addition, regardless of whether it was the alien race experts that had attacked this place or the alien race experts that had attacked the Ten Thousand Divine Court and the Heavenly God Race yesterday, they only numbered in the tens of thousands. Now that millions had appeared at once, it proved that they planned to completely destroy the Xuanyi Mountain Sect branch here.

“Hehe, it’s been a long time since I’ve fought. I can stretch my muscles now.” Yun Xi was eager to give it a try and said impatiently.

Ever since she advanced to the Heaven Ascension God King Stage, Yun Xi had almost never fought seriously again, so she almost forgot what it felt like to fight. Now, a group of alien race experts had suddenly appeared, and Yun Xi was simply looking forward to fighting them.

She could finally fight to her heart’s content!

Snap.

Before she could finish speaking, Su Yan suddenly flicked Yun Xi’s head and warned, “You don’t have to do anything.”

“Huh? Why?”

Yun Xi covered her head with a wronged expression.

“You just have to protect Little Xiao later.” Su Yan said indifferently.

Although Qin Xiao was already a lower realm True God Stage expert, she had never fought an expert of the same realm, let alone a life and death battle. How could Su Yan let Qin Xiao be in danger?

On the other hand, handing her to Yun Xi who was at the Heaven Ascension Stage basically wouldn’t cause any problems.

As for those alien race experts, Su Yan thought that she should be the one to handle them.

“But…”

“No buts.”

Su Yan said unquestionably, “No matter what, we can’t let Little Xiao suffer any harm.”

“Got it.”

Yun Xi was helpless and could only nod in agreement.

It couldn’t be helped. After all, Su Yan was her master’s wife.

“Mom, I don’t need to be protected.”

Qin Xiao pouted unhappily.

“Nonsense.”

Su Yan frowned slightly and chided, “You have to listen to me on this matter!”

As she spoke, Su Yan’s palm suddenly emitted strands of divine light that forcefully wrapped around Qin Xiao and sent her to Yun Xi.

One should not underestimate this layer of divine light. Even a Heaven Ascension Divine King would find it difficult to break it in a short period of time. It could be said to be foolproof.

At this moment, millions of alien race experts in the outside world had already crossed the void and arrived outside the continent where the Xuanyi Mountain Sect branch was located. Even from afar, they could still sense the violent spirit energy aura.

Without any hesitation, the alien race experts at the front directly activated their spirit energy and began to attack the barrier Gongsun Qing had set up, emitting a deafening bang.

At the same time, all the experts above the Great Void Stage of the Xuanyi Mountain Sect Branch were gathered here. They had solemn expressions and were prepared to face the attack.

“Hahaha, give up. You...”

“Chen Nan” threw his head back and laughed proudly. However, in the next moment, “Chen Nan” suddenly widened his eyes, and his entire body suddenly exploded into a bloody mist, his soul destroyed.

“Shut up.”

Su Yan flicked her finger lightly, and the remaining alien race experts that were disguised as the members of the Xuanyi Mountain Sect immediately exploded. They were deader than dead.

These alien race experts were only around the Half God Stage. Su Yan really did not understand where they got the courage to attack God King Stage experts. If it weren't for the fact that they could transform their appearances, they would have been killed before they could even approach Su Yan and the others.

Rumble!

The barrier shook violently as dense cracks appeared, as if the sky had shattered. It was a horrifying sight.

Finally, at a certain moment, the barrier could no longer withstand it and completely collapsed. Millions of alien race experts instantly rushed in.

Such power seemed to be able to swallow heaven and earth!

Swoosh!

Seeing that the alien race experts were about to land, the surrounding space suddenly distorted, revealing an unbelievable shape like a vortex.

Seeing this, the millions of alien race experts stopped one after another and revealed surprised and uncertain expressions, afraid that they would be accidentally swept in.

One had to know that even if an upper realm True God Stage expert unfortunately fell into the Spatial Turbulence Realm, they would most likely die, let alone these Great Void Stage and Half God Stage cannon fodder.

“Rip!”

The spatial distortion became more and more intense. Immediately after, millions of alien race experts felt the world spin. When they reacted, the continent had actually disappeared!

“This...”

The alien race experts who were originally at the front immediately looked at each other, dumbfounded, not understanding what was going on.

“Look, the continent is all the way over there!” Suddenly, an alien race expert pointed into the distance and shouted.

All the alien race experts looked in the direction of the voice and indeed saw the continent from before. However, it was already tens of thousands of kilometers away and was enveloped by a layer of light. It looked even sturdier than the barrier from before.

“Someone used a spatial divine ability to transfer that continent.” Another tall alien race expert said.

“What?”

To be able to move such a vast continent at once, how powerful was the other party?

“No need to search. I’m over here.”

Su Yan silently appeared in front of the alien race army. Her white clothes were as white as snow, and she looked like an immortal that had descended to the mortal world.

Behind him, Wu Ying and the other elders, as well as the experts of the Xuanyi Mountain Sect branch, all took out their weapons and began to confront the alien race experts. Although they only had a few tens of thousands of people, and the difference between the two sides seemed abnormal, they were not afraid in the slightest.

After the last attack, not only had more than half of the higher-ups of the Xuanyi Mountain Sect branch here fallen, but countless low-level members had also been killed or injured. The reason why Su Yan had moved the continent away was to prevent it from being affected.

After a brief silence, the alien race army immediately rushed towards Su Yan and the others with boundless spirit energy, looking fearless.

Facing the millions of alien armies, Su Yan's expression was calm as she slowly raised her arm.

At their level, the number of cultivators no longer mattered. After all, only those of the same cultivation level were able to compete with each other.

In the next moment, Su Yan used her fingers as a sword and waved it lightly.

Boom!

In an instant, the surrounding 50,000 kilometers lit up as if it was daytime, piercing one's eyes!
