

Invincible Uncle-Grandmaster - Chapter 431 – 432

Chapter 431: Side Story 10: Sidebar

Rumble!

The light was like a thunderclap that lit up an area of 5,000 kilometers. It pierced everyone as it shone brightly.

In the next moment, the light turned into an endless stream that passed through the millions of alien race armies. Wherever it passed, space would shatter continuously, as if it wanted to swallow heaven and earth.

After an unknown period of time, the light finally dissipated. All the alien race experts that were touched by the light were all killed without exception. They forcefully opened a wide path among the millions of alien race armies!

Everyone fell silent!

“ ... ”

Witnessing this scene, regardless of whether it was the experts of the Xuanyi Mountain Sect branch or the remaining alien race army, they were all shocked and could hardly believe their eyes.

Some low-level alien race experts were even trembling and did not dare to step forward again.

Only Wu Ying and the other God King Stage elder could barely remain calm. After all, they knew very well how terrifying Su Yan's strength was.

“How dare you!”

Right at this moment, a two-meter-tall figure suddenly flew out of the alien race army. His aura was vast and deep and had shockingly reached the Heaven Ascension God King Stage.

Immediately after, there was a second, a third, and finally a fifth!

The five Heaven Ascension God King Stage experts stood side by side, causing the void to distort slightly, as if it would collapse at any moment.

If this force had been hundreds of years ago, it would have completely swept through the God Realm.

Even now, if the Heavenly Palace and the Xuanyi Mountain Sect did not interfere, they could still easily destroy the Heavenly God Race and the Ten Thousand Divine Court.

Unfortunately, the person standing in front of them was Su Yan, a genuine Dao Validation God King Stage expert!

Su Yan swept her eyes over the five alien race experts and seemed to have expected it. “Are you finally willing to come out?”

After a pause, he added, “But... I think I overestimated you guys.”

Originally, Su Yan thought that there would be existences at the Dao Validation God King Stage. In the end, there were only five Heaven Ascension God King Stage experts.

One had to know that at their level, as long as they were not of the same realm, it was useless no matter how many people there were. Thus, Su Yan was not at all afraid of five Heaven Ascension God King Stage experts.

In other words, Su Yan alone could crush the millions of alien races in front of her.

“Hmph, you’re courting death!”

The leader of the alien race did not realize the seriousness of the problem and shouted angrily, “You should be the strongest person in this dimension, right? Hand over all the cultivation resources obediently and perhaps we can spare your life.”

“...”

Su Yan felt that she could not be bothered to waste her breath. Sighing, she formed a sword with her finger and slashed again!

Compared to the world-shaking light from before, it was much calmer this time. It was like a cool breeze that blew past. It did not cause any commotion, but its speed was extremely fast!

“Rip!”

Accompanied by a sharp bang, the leader of the alien race was immediately sent flying. A wound had appeared on his chest at some point in time, and he was covered in blood. He had almost been cut in half at the waist!

“Pu!”

Spitting out a mouthful of blood, the leader of the alien race immediately turned pale. His aura fell in a straight line, and the bones in his entire body broke inch by inch. Even his spirit energy almost dissipated.

“How is this possible...”

From beginning to end, he did not see Su Yan’s attack clearly and could not dodge in time!

“Interesting.”

Su Yan was slightly surprised when she saw this. Under normal circumstances, that strike from before should have been able to instantly kill him, yet the alien race expert in the lead was actually still alive.

“Is it because of that layer of flexible armor?”

Su Yan pondered.

There was a layer of flexible armor on the surface of these alien race experts’ bodies. They didn’t look like much, but they seemed abnormally sturdy. It was very likely that the flexible armor had saved their lives.

At the same time, the five Heaven Ascension God King Stage experts finally realized that something was wrong. A casual sword finger had almost instantly killed their strongest leader. Without a doubt, the strength of this woman in front of them far surpassed their understanding!

It was even possible for her to have already reached the Dao Validation God King Stage!

Thinking of this, the other four alien race experts looked at each other in shock. “Damn it, how could this be?!”

“Didn’t we already confirm that this is only a low-level dimension?”

“Quickly inform World King!”

“ ... ”

The four alien race experts continued to communicate via spirit energy voice transmissions. Finally, they came to a unanimous decision: flee!

Without any hesitation, the four alien race experts executed their divine abilities and chose to flee. They couldn’t care less about their leader and the remaining army.

“You want to run?”

Sensing the spatial fluctuation, Su Yan frowned slightly. She lightly stomped her foot, and an invisible energy ripple spread out, sealing the surrounding space.

Therefore, everyone saw an extremely comical scene. No matter how the four alien race experts used their divine abilities, they could only flash in place. Let alone crossing thousands of kilometers, they didn’t even jump a meter.

After repeating this several times, the expressions of the four alien race experts became uglier and uglier. They were not idiots, so how could they not notice the problem? However, they were unwilling to give up just like that.

However, Su Yan didn’t plan to give them too much time to think. She attacked three more times in a row and her attack easily passed through the flexible armor and killed three of the alien race experts.

“You, you, you...”

Seeing the deaths and injuries of his companions, the remaining alien race expert immediately couldn’t help but tremble, afraid that Su Yan would kill him next.

As if seeing through the other party’s inner thoughts, Su Yan smiled and said, “Don’t worry, I won’t kill you for the time being.”

As she spoke, Su Yan flicked her finger lightly and directly killed the injured alien leader.

“ ... ”

The reason why she had left behind a Heaven Ascension God King Stage alien race expert was because she wanted to search his soul. The level of those Great Void Stage and Half God Stage cannon fodder was too low, and it was very likely that they would not be able to come into contact with the higher-ups.

“I’ll leave the rest to you. You can handle it, right?”

After killing a few more upper realm God King Stage experts, Su Yan turned to look at Wu Ying and the others.

“Yeah... No problem.”

Wu Ying was stunned and hurriedly answered.

After losing the five Heaven Ascension God King Stage experts and the upper realm God King Stage army, only a few lower realm God King Stage experts were left. They were nothing to fear, especially since Wu Ying was not an ordinary upper realm God King Stage expert.

“Very good.”

Hearing this, Su Yan nodded in satisfaction. Although she could deal with the millions of alien race experts alone, there was no need for her to do everything herself. After all, she was the sect master.

Moreover, she had already killed the high-level experts. With Wu Ying around, there was basically no problem.

After a short silence, Wu Ying was the first to rush out, and his aura rose steadily, instantly reaching the peak of the upper realm God King Stage. All sorts of phenomena appeared, and with Wu Ying as the source, it transformed into a monstrous wave that swept towards the alien race army.

Logically speaking, with Wu Ying’s cultivation talent, even if he absorbed the True God Stage inheritance, it was still impossible for him to reach the God King Stage, let alone in a few hundred years.

But who asked him to have an invincible Uncle-Master who could forcefully change his talent?

Empty!

Terrifying spirit energy pounced into the alien race army like a primordial beast, quickly submerging the alien race army that had long been frightened and had forgotten to resist. It was unstoppable!

Seeing this, the other elder immediately followed closely behind. He had also reached the peak of the upper realm God King Stage and was not inferior to Wu Ying at all. Then, Gongsun Qing and the other higher-ups of the branch also made a move. All of them had sinister expressions and wished they could skin the alien race alive.

Su Yan didn't care about this.. A wisp of light shot out from her fingertip and fused into the forehead of the remaining alien race expert, beginning to search his soul.

Chapter 432: Side Story 11: Fall

“Kill!”

Wu Ying was like a flowing light that swept through the alien race army with an incomparably swift speed. Everywhere he passed, layers of energy ripples spread out and easily tore those alien race experts apart.

Rumble!

Because they had lost their upper realm God King Stage leader, the remaining alien race army was almost completely unable to contend with Wu Ying. Rather than calling it a battle, it was more appropriate to call it a one-sided massacre.

In less than ten minutes, more than 300,000 alien race experts had died at Wu Ying's hands, and more and more had died.

At the same time, the other elder and experts of the Xuanyi Mountain Sect were unwilling to be outdone. They all released terrifying spirit energy

fluctuations and shuttled back and forth among the alien race army as if they were entering an uninhabited place.

As for those disciples below the Half God Stage, they could only watch from afar and did not dare to approach at all.

After all, with their strength, if they were careless, they would be severely injured by the aftershock of the battle and might even die.

Seeing that the alien race army was about to be destroyed, violent winds suddenly rose from the depths of the void. They instantly crossed billions of galaxies and enveloped an area of 50,000 kilometers!

“What’s going on?”

Wu Ying’s expression changed slightly as he hurriedly raised the barrier in an attempt to resist. The strange thing was that the gust of wind directly passed through the barrier and blew onto his body!

“Wu!”

In an instant, Wu Ying spat out a mouthful of blood and was sent flying as if he had suffered a heavy blow. He only stopped when he hit a meteorite behind him.

It was not only Wu Ying. The other higher-ups of the Xuanyi Mountain Sect Branch were also sent flying. Some with lower cultivation levels even fainted on the spot. Only Gongsun Qing and another elder that was following Su Yan were unscathed. Even so, they were still severely injured.

On the other hand, those alien race experts were unaffected. It was simply inconceivable.

“How could this be?”

Gongsun Qing’s face was filled with fear because the second gust of wind had arrived!

If he was hit again, Gongsun Qing could not guarantee that he could withstand it.

At the critical moment of life and death, wind and lightning suddenly appeared, turning into a barrier to block the violent wind.

Pu.

The wind and lightning trembled slightly before exploding. The violent wind gradually disappeared as if it had never existed.

“Oh?”

At this moment, a rather surprised voice sounded. “Interesting. There’s actually a God King Stage expert in such a low-level dimension.”

As soon as he finished speaking, a figure in flexible armor and pitch-black eyes appeared in front of everyone. He was no different from those alien race experts from before. The difference was that he was much thinner, but his aura was unfathomable, like a vast abyss that caused others to shudder.

Swoosh!

Thunder and lightning flashed as Su Yan confronted the alien race. Her expression was extremely grave.

“You can call me World King.”

The alien race expert sized up Su Yan with interest and was rather surprised. “Tsk tsk, I didn’t expect it to be a woman.”

After a pause, he continued, “It’s a pity to kill a woman. If you’re willing to be my subordinate and serve me, perhaps I can stop pursuing the matter of you killing those pieces of trash just now.”

“Sorry, I’m not interested.” Su Yan said coldly.

After searching the alien race expert’s soul, she already knew what was going on. World King in front of her was the leader of the alien races. He was from the Eight Great Worlds and had already reached the Dao Integration Stage. Because he wanted to break through to a higher realm, he had been plundering cultivation resources everywhere. The God Realm was only one of his targets.

Although Su Yan was at the peak of the Dao Validation Stage and was only half a step away from the Dao Integration Stage and had many powerful divine artifacts, she still did not have any hope of defeating a Dao Integration Stage God King Stage expert alone.

Originally, Su Yan planned to inform Qin Jue about this matter, but she didn't expect World King to arrive so quickly.

"Really? What a pity."

World King sighed and slowly raised his arm. "In that case, there is no need for this dimension to exist."

Buzz!

Terrifying spirit energy condensed in World King's palm. At first, it was only the size of a fist. Then, it quickly grew in size, like a dazzling sun in the sky!

Clearly, World King was not bluffing. He really planned to destroy the God Realm!

"Go ahead."

World King waved his hand lightly, and his spirit energy immediately shot towards Su Yan.

Facing the power that was enough to destroy the God Realm, Su Yan was both unable and unwilling to retreat. She could only choose to use all her divine artifacts to clash head-on!

When the two energies collided, the entire void seemed to lose its color.

The light lasted for about three minutes before the divine artifacts that Su Yan took out shattered one after another. Her aura fell in a straight line, and two striking blood lines flowed from the corner of her mouth, as if she would collapse at any moment.

Fortunately, World King's attack was also constantly weakening. Finally, it was completely resolved at a certain moment. However, in just one move, Su Yan was already severely injured and had lost consciousness.

"Sister Su Yan, are you alright?"

Seeing this, Yun Xi was shocked and was unable to restrain herself any longer, and she rushed out to hug Su Yan.

"Oh? Heaven Ascension God King Stage?"

World King was even more surprised. “And you’re a woman too. Interesting.”

“You’re dead meat.”

Yun Xi hugged the unconscious Su Yan and gritted her teeth. “Master will absolutely not let you off!”

“Master? You have a master?”

World King was curious.

“Of course!” Yun Xi said firmly.

“This is getting more and more interesting.”

World King smiled. “Tell your master to come. I’ll wait.”

He wanted to see what kind of master a Heaven Ascension God King Stage expert would have.

Yun Xi was stunned. According to Qin Xiao, Qin Jue wasn’t at the Xuanyi Mountain Sect at all, and Yun Xi didn’t know his exact location. How was she supposed to get him to come?

“Don’t worry, I won’t attack again before your master arrives.”

Seeing Yun Xi remain silent, World King smiled and said, “Or do you not have a master at all?”

“Bullshit!”

Yun Xi was furious and was about to refute when someone suddenly patted her shoulder. “Leave the rest to me.”

Hearing this, Yun Xi subconsciously looked in the direction of the voice and said happily, “Master, you’re here!”

“Yeah.”

Wearing modern attire, Qin Jue, who looked out of place, nodded before looking at World King. “Are you waiting for me?”

“You’re her master?”

World King frowned, having an ominous feeling.

Under normal circumstances, no matter what level one was, as long as one appeared in the void, there should be spirit energy aura. However, there were no spirit energy fluctuations on Qin Jue's body. No matter how World King used his ocular technique, he couldn't see through Qin Jue's cultivation.

"That's right."

Qin Jue nodded again.

"Master, he was the one who injured Sister Su Yan. You have to avenge Sister Su Yan!" Yun Xi said angrily.

Qin Jue looked back at Su Yan, who was lying in Yun Xi's arms, and his tone gradually became cold. "You shouldn't have hurt her."

"Hehe, what can you do?"

Before he could finish his sentence, Qin Jue flicked his finger.

"Child's play..."

World King pursed his lips in disdain. Unfortunately, in the next second, that expression froze on his face.

Pfft.

Without any waves, World King was torn apart like a dry leaf and turned into a bloody mist...

Until his death, World King had yet to react.

If it were hundreds of years ago, Qin Jue might have needed to undo his seal to kill a Dao Integration God King Stage expert. But now, it was completely unnecessary.

A Dao Integration God King Stage expert was no different from an ant in his eyes.

"..."

Witnessing this scene, everyone looked at each other, especially Gongsun Qing and the other higher-ups of the branch. They didn't know of Qin Jue's existence at all. At this moment, seeing an enemy that even the sect master couldn't defeat being instantly killed by Qin Jue, it could be imagined how shocked they were.

After doing this, a golden light shot out from Qin Jue's fingertip and fused into the space between Su Yan's eyebrows. A moment later, Su Yan opened her eyes. Not only had her injuries recovered, but her spirit energy had also recovered.

"Is that you, Qin Jue?" After a short silence, Su Yan asked.

"Yes."

Qin Jue stretched out his hand and pulled Su Yan into his arms. "Don't worry about things here. Let's go back."

Su Yan opened her mouth but did not say anything in the end. She nodded hard and said, "Yes!"

At this moment, Qin Jue grabbed with his hand, and Qin Xiao, who was shackled by Su Yan, immediately flew over. Although she was shackled, Qin Xiao clearly saw the scene just now and immediately said excitedly, "Dad, I didn't know that you were that powerful!"

"..."

Rubbing Qin Xiao's head, Qin Jue opened a spatial gate and led Su Yan and Qin Xiao straight to the Xuanyi Mountain Sect.

"Wait, Master, you forgot about me!"

Yun Xi hurriedly followed.

(End)
