

1201 WHERE IS THE CITY HEAD

The servants in the palace immediately realized when Lu Shu and the rest were about to leave. Someone who tried to curry favor said, "Master, are you going?"

Lu Shu glanced at them. "Should you be asking this kind of question?"

"No." The family servant quickly knelt down. "Is there anything you need me to do?"

Lu Shu thought about it. Suddenly, he said, "Remember, do not let anyone in the prison free. Do you hear me?"

The family servants were confused. Did you have a grudge against them? Was this the only thing you needed us to do when you were gone?

What had they done in their past life to meet you in this life...

But Lu Shu thought about it and said, "But don't abuse them. Prepare enough meals for them. If I find out that one of them died, I will kill whoever becomes the city head."

The family servant quickly agreed. In this terrible place, masters could kill whoever they wanted, unless their target was another master.

This area was not as large as the Luniverse. If someone provoked someone else and hid, even if a master wanted to find them, they might spend decades doing so.

But it was different here. This place was not large. There were not many places to run.

But this made the family servant confused. What was he planning?

He did not know that to Lu Shu, he would definitely not want the secret practitioners to be released. On one hand, he wanted to earn distress points. On the other hand, he did not want them to create more trouble.

But they were also from Earth. Lu Shu would not play with their lives. If he was able to protect them, he would do so.

Lu Shu led Coral and Chen Zuan, and prepared to leave. The first thing they had to do was to find Lu Xiaoyu and meet up with her. Their goal was near Tonghuan City.

To Lu Shu, it would not be surprising if Lu Xiaoyu became the clan master of Tonghuan City.

But before they could set off, they received new information. Lu Xiaoyu had disappeared after killing the clan master of Tonghuan City.

Lu Shu could not understand. "Is no one chasing her?"

The family servant carefully said, "Does anyone dare to chase her..."

One of the most powerful people in this world, the clan master of Tonghuan City, had been killed. Everyone now knew how ferocious this young girl was.

But Lu Shu was much more relieved. This way, it would not be easy for the mysterious young man called Miao Miao to find Lu Xiaoyu.

From the way he used the scroll to find people, there was no actual ruler in this world. If there was, it was definitely the old King of Gods. The rest of the people here were

simply tenants.

Even powerful tenants were simply tenants.

"Then what do we do now?" Chen Zuan asked curiously.

"We will go to Tonghuan City," said Lu Shu naturally. "But we will also go to Zhengyang City on the way."

It was the same both inside and outside the forbidden land. They could not fly. But with Coral around, Lu Shu did not worry about lightning.

He was very happy. He could fly, while others could not. It felt like his home ground.

In just half a day, Lu Shu, Coral, and Chen Zuan arrived at Zhengyang City. The entrance of Zhengyang City was tightly shut, as if they were preparing for battle.

Lu Shu sighed. "Our actions were too large. They were shocked."

At that moment, the city heads and clan masters in this world felt insecure. It had been a long time since new people came. Thus, they relaxed their attitude towards newcomers.

When Lu Xiaoyu killed the city head, people did not make a big deal out of it. After all, although it was rare for a city head to be killed, it had happened before. It was simply rare that a newcomer killed a city head.

But when they realized that Lu Xiaoyu could even kill a clan master, they started to panic. The clan masters were afraid!

In this small world, everyone knew how powerful the clan master of the Tonghuan clan was. They were not much different from one another in terms of strength. This meant that if Lu Xiaoyu could kill the clan master of the Tonghuan clan, she could kill them as well...

Thus, Lu Xiaoyu caused all the cities and clans in the remains to lock themselves up...

Lu Shu knew that no one wanted to find Lu Xiaoyu. Lu Xiaoyu was now absorbing the natural laws of a third master to advance Bishop!

Lu Xiaoyu would bring three masters with her the next time she appeared...

Lu Shu was uncomfortable. There were far too many people giving him distress points. The records refreshed very quickly. It was impossible to find the name of the Tonghuan clan master.

But Lu Shu was sure that the clan master had definitely been killed by Lu Xiaoyu...

Lu Shu did not panic at all. The masters in the remains should be the ones panicking...

Lu Shu knocked on the gate. "Is anyone there?"

Someone poked their head out of the tower and shouted, "Stop knocking. What are you doing... damn!"

When the person in the tower saw the clothes that Lu Shu and the rest were wearing,

he ran indoors and shouted to everyone in the city, "We're done for, we're done for! Newcomers have come again! They have come themselves!"

The people in the city hesitated. They were depressed. The last time a newcomer arrived, they had to hide. Was a major change going to occur?

This place was like a true prison. When new offenders came, they had to bear the opening gambits from the older members. They had to suffer corporal punishment.

No matter how important they were outside, they had to follow the local customs. The clans were like the leaders in the prisons. They were also criminals, but they had a lot of authority and power. The rest of the criminals obeyed them. The city heads were like hired thugs who helped them manage small deeds and maintain order.

No newcomer would be able to make waves in the face of this group strength. When they came in, they had to conform.

Of course, there were exceptions. For example, when newcomers arrived, they would be asked who they knew and what they did before coming.

If they were born to a wealthy family in the palace, everyone would reconsider. After all, what if they were released by the old King of Gods one day? They did not want to be killed by a wealthy family.

But Lu Xiaoyu was amazing. She had killed the leader and the hired thug...

The city head of Zhengyang City heard the commotion and walked out of his palace. "What's happening?"

His slave said, "City head, please run. If you do not run now, you will not make it! Someone is at the gate!"

The city head was depressed. This was his first time feeling so useless in this world. Suddenly, there was a crash. The gate of Zhengyang City had been smashed into countless pieces. Lu Shu walked in. "Where is the city head?"

1202 KILLER WITCHCRAF

The "new people" appeared suddenly in front of everyone without warning.

Lu Shu and the other two people were wearing jackets. Lu Shu led the group and the three figures could be seen as the haze gradually faded away. Nobody in the Zhengyang City dared to breathe heavily.

At this moment, the leader of the city no longer dared to run as he knew that he could not escape!

Lu Shu smiled. "Don't worry, I don't wish to kill anyone. The leader of the city should stand out bravely, I only want to tell you something..."

"I am the leader." The leader of the city walked out bravely. Master Zhengyang was unable to save him since the master was afraid. Moreover, hiding was not a choice as there were many people around him and someone would definitely betray him. Therefore, instead of hiding, he would rather walk out by himself.

One should definitely not have fear when facing a powerful opponent. One should walk over slowly and stare into the opponent's eyes and flex their muscles. This way... One could die with more dignity.

"Sir, is there anything we can do for you?" the leader of the city said while trying to suppress his fear. At this moment, something suddenly struck him, "Which family do

you belong to in the Luniverse, sir? We belong to the Sun family..."

Lu Shu frowned. Sun family? He knew people from the Sun family. Wasn't it Sun Zhongyang who led a team to the Nangeng City to fight with him? His father was Sun Xunwen, the person who was most likely to rise to the master realm amongst the aristocrats in the palace.

It had been several thousand years since the establishment of the palace. It was nothing wrong to bump into someone related. Moreover, the master of the Sun family had lived for more than 1000 years. At this moment, the Treasure of Heaven and Earth which was used to uphold the limit of a Rank One expert's lifespan could fail at any moment.

Therefore, Sun Xunwen had the hope of taking over the role of the master of the Sun family any moment. As an elderly, perhaps people in the remains would really know the old master?

Lu Shu asked curiously, "Do you know the old boy called Sun Changqing?"

He was totally disrespectful towards the aristocrats of the palace. On the limestone road, apart from the boss of the Song Gambling den who gave him a few thousand sets of magical weapons and armor, everyone else did not offer help.

Lu Shu thought that there was nothing wrong. It was a gesture of goodwill to offer help and it was human nature not to help.

Therefore, it was normal for one not to help him. He would not show respect and therefore spoke disrespectfully.

The leader of the city was stunned. "Sun Changqing is my uncle, he is the master of the Sun family..."

"What about Sun Xunwen?" asked Lu Shu.

"Oh." Lu Shu nodded but was sneering internally.

Of course, he was sneering because of the dead body in his Seal of Lands, Lu Kongming!

The entire remains was full of people from the Luniverse. When he asked Lu Kongming what was the name of the West Lord of Heaven, Lu Kongming said he did not know. Moreover, everyone was afraid of the forbidden land and even the masters did not dare to go near. So, how did Lu Kongming enter the forbidden land? Why did he enter?

Hehe, it was time to ask Lu Kongming about that.

At this moment, the city owner started to grumble. If a master was addressed as "old boy", then as his nephew, his status was even worse. However, he could not figure out where the young man appeared from?

Did the young man appear after he was sent to this world?

Lu Shu asked curiously, "Why did you get locked up in this world? What's your name?"

"My name is Sun Xiuwu. I got thrown into this world by God Lu after killing people in the palace," said Sun Xiuwu softly.

"What other crimes did the other people do to get thrown into this world?" asked Lu Shu.

"Sir, there are too many crimes. However, the common thing is that everyone killed someone before..." explained Sun Xiuwu softly.

"Everyone killed someone before?" Lu Shu roughly understood the limits of the old King of Gods.

That matched Lu Shu's speculation. A group of candidates who had killed before were like the fiercest "poisonous insects". The witchcraft they could produce was also the most fatal.

This world was not a prison cell. Why would the old King of Gods need to personally capture people? He was clearly doing witchcraft with these people!

Suddenly, the city leader asked brazenly, "Sir, who did you kill to enter this place?"

"Oh, if you are talking about killing people," smiled Lu Shu, showing his neat white teeth. "I killed the 12 patrons of Duanmu Huangqi."

The city suddenly fell silent. Nobody dared to talk!

Duanmu Huangqi? 12 patrons?

No wonder he was so fierce. Why did God Lu throw such a wicked person into this place?!

Nobody suspected the validity of his claim as their clan master's death backed it up. They knew that the batch of "new people" were ferocious. The city leader suddenly understood why Lu Shu had the guts to call the master of the Sun family "old boy"...

"And 20,000 soldiers of the Black Feather Army," smiled Lu Shu.

Everyone was dumbfounded. The patrons showed the quality and the 20,000 soldiers showed the quantity. From both angles, the newcomer young man was the most ruthless of the Demon Kings.

Who dared to mess around with him?

However, everyone suddenly thought of another question. If this young man was so ruthless, who was the girl who killed the clan master of the Tonghuan Clan?

"Brother Shu, don't scare them," laughed Chen Zuan. He felt superior standing behind Lu Shu and enjoyed the shocking gazes of the public.

However, in his opinion, Lu Shu was not ruthless as the Black Feather Army had planned a massacre on earth.

There was no justice or evil in a war. There was only success and failure.

The city leader asked fearfully, "Sir, then why did you come to Zhengyang City?"

"Oh, I almost forgot about it." Lu Shu touched his head. "I am here to tell all of you to not release the newcomers and keep them locked up."

The city leader was stunned. "Just this matter?"

Chen Zuan was shocked. He did not expect Lu Shu to come all the way to the Zhengyang City just to tell them to look after the foreigner practitioners...

He did not know that Lu Shu had this plan long ago.

If Lu Shu did not speak, no matter how long those practitioners were locked up for, their distress points would not go to him.

Yet now, when Lu Shu spoke, he wanted the foreigner practitioners to be locked up. Lu Shu would definitely not give up the immense amount of distress points like this... When they were rushing over that day, Lu Shu had already lit up the first star in the sixth level of the nebula...

1203 CAPTURE ALL AT ONE GO

Chen Zuan thought Lu Shu came for something important. However, he came because he wanted to sabotage the foreign practitioners. If the practitioners found out, they would be extremely mad.

Although it was alright for them to be extremely mad, Chen Zuan thought that they must have committed too many sins in their past life to meet Lu Shu.

The city leader was stunned. "Are you serious? You are locking them up here?"

"That's right, none of them can die or be released," said Lu Shu, "It's as simple as that."

The group of people, including Chen Zuan who understood Lu Shu well, were stunned and did not understand his reason for doing so.

He was such a big shot but he came down all the way just for that? What did he want?

Unfortunately, even Chen Zuan was unaware about the distress points. How would they know that Lu Shu was plotting something big?

Unfortunately, even Chen Zuan was unaware about the distress points. How would they know that Lu Shu was plotting something big?

Lu Shu suddenly realized that it was a great place to get distress points!

"Alright." Lu Shu looked at the fearful faces in the Zhengyang City. "I won't kill you guys since we do not have any enmity. As long as you guys follow my instructions, you guys will be alright."

After saying that, Lu Shu left with Coral and Chen Zuan.

Chen Zuan asked, "Brother Shu, if your speculation is correct, everyone here are murderers. Won't we be doing a good deed if we teach them a lesson?"

Coral said calmly, "Evil people will only become more evil in this environment. There's no use for us to do that."

Lu Shu glanced at Coral. He did not expect Coral to look at this problem so calmly. He thought girls would be more caring.

However, Coral was not that kind of girl, or rather, she was the leader of the Deities but looked like an ordinary girl in Lu Shu's opinion.

At this moment, Sun Xiuwu quickly took out his messenger mirror to contact the clan master of the Zhengyang Clan. He had to report the situation to him.

The face could be seen in the mirror. When the clan master saw Sun Xiuwu, he heaved a sigh of relief and asked, "What's the matter?"

Sun Xiuwu told him about the incident and asked, "What should we do?"

"You said that he killed the 12 patrons of Duanmu Huangqi? And 20,000 soldiers of the Black Feather Army?" The clan master of the Zhengyang clan was stunned. Where did such a f*cking merciless person come from?

Before he was caught by the old King of Gods, he had interacted with the 12 patrons and understood that in order to kill them, their opponent had to kill all of them. It was

unlikely to kill everyone at one shot.

Moreover, the key issue was not about killing them. Rather, it was about why Duanmu Huangqi did not stop Lu Shu when he killed them?

This was too unusual but he did not dare to not believe it.

"Follow his instructions and keep an eye on those people," instructed the clan master.

"Plot?" The clan master frowned.

"Yeah, is there someone important within this group of people? Or are they the family members of someone important?" asked the city leader, "If we lock them up, will we offend someone?"

"You make a good point," said the clan master after thinking, "Secretly let them know about this. At least, let them know who wanted to lock them up."

"Alright," replied the city leader.

At this moment, Lu Shu had arrived in the Tonghuan City with Coral and Chen Zuan. The new city leader was terrified. After the ex-city leader died, he was appointed the new city leader before the murderer was caught, how dangerous was that?

Therefore, he had made up his mind. If any enemy came, he would listen obediently!

As he was thinking about that, someone reported to him that the gates of the Tonghuan City had been demolished...

The city leader was terrified and wanted to take a look at the situation. However, after Lu Shu found him, he scared him and left after giving him instructions about the foreign practitioners.

The current city leader of Tonghuan City was stunned. What on earth was happening?

However, he had to follow Lu Shu's instructions no matter what!

At this moment, a mysterious young man visited them out of the blue with a simple question. First, he took out a painting and asked if the rest saw the weapon on the painting before. Then, he asked about Lu Shu's features and lastly, where Lu Shu headed to.

The city leader was stunned. So many unusual things happened today, were there so many enemies?

Could the old King of Gods have purposely done this as he felt that the people were too bored and up to no good?

If Lu Shu was there, he would have found out that the people in Tonghuan City did not know who the mysterious young man named Miao Miao was too!

Miao Miao looked at the city leader, "Can you describe his appearance?"

The city leader described for a long while. Then, he saw how Miao Miao took some sand from nowhere and used it to form a face in the air. "Is it him?"

"His nose bridge is slightly higher and his eyebrows slightly thicker..."

The sand moved again and the city leader suddenly shouted in excitement, "Yes, it's him!"

Miao Miao sighed, "I got tricked? How could I have not figured out his realm?"

"You are..." asked the city leader.

Miao Miao said, "Tell the Tonghuan clan that people of Bulao City are here. They should stay put in their clan and not come out. They can't afford to mess with the person who is here. Oh right, you don't know where Bulao City is, just relay my words."

After that, Miao Miao left.

At this moment, the prison guards in the jail of Zhengyang City had already intentionally leaked Lu Shu's information out. He described why Lu Shu was extraordinary and his appearance before sighing to the foreign practitioners, "I wish I could release you but I don't dare to..."

The foreign practitioners were speechless. Was the Ninth Heavenly King so free?

Before they entered, they thought that the Ninth Heavenly King would sabotage people. However, all of them thought that they would be lucky enough to not encounter the Ninth Heavenly King.

Yet now? They had been captured by the Ninth Heavenly King together!

At this moment, the prison guard comforted them, "Don't worry, he had informed the other cities too. If you guys are unable to leave, others will not be able to leave too..."

The practitioner looked at each other. He had really captured all of them at one go!

At this moment, Lu Shu who was flying in the sky was laughing extremely happily. What an opportunity for the stable distress points that he would obtain!

Hold on, Lu Shu suddenly thought of something. If he lit up the sixth level of nebula, did that mean that he could surpass the master realm? What was it like to surpass the master realm?

1204 GOOD PERSON LU SHU

For example, no one could determine what other intentions Lu Shu had...

"Brother Shu, did you plan on capturing all these overseas secret practitioners from the very beginning?" Chen Zuan could not understand.

In the past, it was a joke that the Ninth Heavenly King was a mass weapon of destruction. After all, Lu Shu had cheated and killed several thousand people. It was a small number, compared to hundreds of thousands of people.

Thus, a majority of people did not feel any pain. When others said that the Ninth Heavenly King cheated others, they followed suit. Over time, it became meaningful.

Now, the misfortune that they had been gloating over happened to them. They now knew how painful it was...

While flying in the sky, Lu Shu said, "That's right. This is my plan."

Chen Zuan carefully said, "Brother Shu, have you ever thought about the fact that

your plans... have never succeeded?"

"Touch wood," said Lu Shu with a dark expression on his face. This would help him advance. If he did not have this source of income to earn distress points, what would he do? Huh?

But it was too late. Suddenly, Lu Shu realized that the flow of distress points was slowing down, to the point that he could see everything. Eventually, it slowed down to the point that he could not even bear to look at!

When Chen Zuan looked at Lu Shu's expression, he realized that something was wrong, but he did not know exactly what was wrong!

At that moment, someone in the prison suddenly said, "I don't think that the Ninth Heavenly King is cheating us!"

A Caucasian laughed coldly. "If he is not cheating us, then what is he doing?"

"Although the Ninth Heavenly King is terrifying, have you ever seen him kill the innocent? No matter whether it was the Phoenix Society or the Department of Faith Theory, they were the ones looking for trouble!"

The Caucasian did not speak. He was from the Phoenix Society. He knew very well what had happened at the Tiger's Back fortress. Back then, he was one of the survivors!

The rest had not thought of anything to oppose this. They just felt that this point of view was strange. The Ninth Heavenly King was a good person?

The person who spoke first continued. "According to what I know, the Ninth Heavenly King does not kill the innocent. From his past deeds, we can see that he has moral values. Of course, I am not helping him erase his other evil deeds. I am just saying that something is fishy about this!"

"Think about it. Even if he does not care about us, aren't we locked up?"

Everyone thought about it, he was right. They had been here for a few days and experienced how evil the people were here. They remained calm even when killing others. Even those who considered themselves to be evil among the secret practitioners could not do this!

Many people felt that they had fallen into a trap!

"If the Ninth Heavenly King wanted to ensure that we do not steal the treasures in the remains, would he have made such detailed requests? Think about it. The Ninth Heavenly King would not have to take precautions against people like you if he wanted to take something. Are you worth his time?"

These words were harsh, but true...

The Ninth Heavenly King was a master. Did he need to lock all of them up when raiding the remains? No!

The person continued. "Everyone knows the answer. He is definitely doing this not to prevent us from stealing things. Even if we obtained anything, after he gets out, he can still take them from us. Furthermore, although the Heavenly Network has a defensive stance against us, they do not commit crimes, right?"

Everyone was moved. After all, they could not oppose this. The Ninth Heavenly King had nothing against them.

He was not afraid that they would take the treasures. He even ensured that they were well taken care of. Why did it not seem like he was cheating them...

But some people could not accept this. "Then why is he doing this?"

The person calmly replied, "To protect us."

"Are you crazy?! Ha ha ha, the Ninth Heavenly King, protecting us?" Someone laughed out loud.

"Don't laugh. Let me ask you, can you defeat the people outside?" The person explained. "Furthermore, they kill without batting an eyelid. Can you ensure that you will be able to survive outside until the remains end? I don't think so! Thus, to us, where is the safest place? The prison!"

"That seems to be the case..."

The person continued. "The remains this time are much more dangerous than we expected! Thus, I suggest that we don't focus on the treasures. It is good enough that we will be able to survive!"

At this moment, the prison guard laughed. "To me, you are like fish meat on a chopping board. Are you here to look for treasures? Ha ha ha. Being able to survive is good enough. You are too weak. Many people are waiting to rob you outside!"

This dealt a heavy blow to everyone. Someone softly said, "Is the Ninth Heavenly

King really doing this to protect us?"

"Yes, the Ninth Heavenly King is protecting us!"

This was probably the reason why Lu Shu's source of distress points had disappeared...

Luckily, Lu Shu was not around. If not, he would have killed the person who stood up for him...

A person produced 100 distress points every minute. How many distress points would he be able to earn from several thousand people? Although this would decrease with the passage of time, it was enough for Lu Shu to light up the second, or even the third star.

But now, it was over...

Lu Shu had never imagined that he would suddenly become a good person who pitied the people. He did not even dream of this!

According to Lu Shu's plan, once everyone escaped, they would definitely spread his poor reputation. Then, many people would produce distress points for him. When he thought about this, he laughed.

But now, it was different. Not only would they not spread his poor reputation, they might even speak good about him. Once someone said something bad about Lu Shu, they would resist. The Ninth Heavenly King was a good person who saved their lives!

Gradually, there might be no one on Earth who would provide Lu Shu with distress

points...

This event seemed to happen in the prisons located in the various cities. Some things seem like a coincidence, but in the end, history would prove that it was inevitable.

For example, no one could determine what other intentions Lu Shu had...

1205 RE-INTERROGATION OF LU KONGMING

The distress points were gone. Lu Shu did not understand what was going on. Chen Zuan was panicking. He did not know what had happened. "I was just randomly talking..."

Lu Shu looked at the sky sadly. Were his plans all doomed for failure?

They were going to the next city, as Lu Shu wanted to visit all seven cities and lock up the overseas practitioners.

Now, his plan had been destroyed. Lu Shu did not wish to continue fighting blindly. Once he got out, he would figure out what had happened and who had destroyed his plan...

"Are we still going to the next city? Yunyi City," said Chen Zuan carefully.

"No, no. What for?" Lu Shu was impatient.

At the same time, Miao Miao walked out of Tonghuan City and went into deep thought. Lu Shu and the rest seemed to be going to the cities in order. Thus, after Tonghuan City should be Yunyi City, then Luchen City!

Lu Shu and the rest had left Tonghuan City. Thus, if Miao Miao went to Yunyi City, he might not be able to catch up!

Thus, Miao Miao had another plan. He would go directly to Luchen City and wait for Lu Shu!

The mysterious young man flashed a confident smile. As expected, he was quick-witted.

Miao Miao felt that Lu Shu might be the person he was waiting for. Suddenly, he was excited. Behind him, the city head of Tonghuan City had contacted the clan master and told him what Miao Miao had said.

But when the new clan master of the Tonghuan clan heard Bulao City, his expression changed. "Where is the person from Bulao City?"

"Beside me," said the city head of Tonghuan City. But when he turned around, Miao Miao had disappeared!

The new clan master of the Tonghuan clan muttered through the messenger mirror, "Bulao City has reappeared. What is going to happen? Why do you say that we cannot provoke the newcomers this time?"

When the city head heard this, he was dumbfounded. "The former city head and clan master are dead. We cannot provoke them..."

The new clan master was dumbfounded. What a painful truth!

However, Miao Miao, who had been waiting at Luchen City, had been waiting for two days. His expression darkened. Where was Lu Shu?!

Why did this not go according to plan?

Miao Miao could not take it and went back to Yunyi City, only to find out that Lu Shu had not even gone to Yunyi City! Lu Shu, Coral, and Chen Zuan seemed to have disappeared!

"I'll just wait at Bulao City. He will eventually come." Miao Miao sighed.

At that moment, Lu Shu, Coral, and Chen Zuan were in the wilderness. Coral and Chen Zuan looked at Lu Shu as he suddenly took out a broken skeleton. Chen Zuan could not help but ask, "Brother Shu, whose skeleton is that? Why is it in such a tragic state..."

When the skeleton was released, Lu Kongming started to shout. "I already said that I've told you everything I know! Please, don't send me back there!"

Lu Kongming was most grateful that Lu Shu had thought about him before he had been played around with. Furthermore, Lu Kongming also finally understood that the most frightening thing in the world was a husky dragon like Chaos. It did not plan on asking you anything. It did not plan on taking anything from him. It played with you, simply because it wanted to play with you.

When facing an enemy like this, it was useless saying anything. The more you talked, the more it felt that you were fun to play with. It was useless to beg for mercy.

This was probably the same as parents telling their children not to fight with someone who was deaf and mute. Lu Shu had seen this happen in the orphanage. Some children had been thrown to the orphanage because they were deaf and mute. The children who fought with them were the worst to deal with.

Typically, when you fought with normal children, you could admit defeat if you could not defeat them. But if you fought with someone who was deaf and mute, they would not be able to hear you, even if you admitted defeat...

There were times when Lu Shu felt that this world was ruthless. Some parents abandoned their children as they were afraid that they would be tired out by their disabled children. But they had never thought that it was a fair life.

If they were not prepared to guard their children, then they should not have had them in the first place. Li Yixiao was good at this.

Typically, Li Yixiao blended in, but he was very serious when facing major situations.

Lu Shu was happy. "Earlier, you said that you have never heard of the Lord of Heaven. Let me ask you. Who is the West Lord of Heaven?"

"Duanmu Huangqi! The West Lord of Heaven is called Duanmu Huangqi," said Lu Kongming.

Lu Shu should have realized early on that there was a problem. When he had taken the body of the helicopter pilot, he had revealed that he had the strength of a Rank Two.

Back then, Lu Shu felt that he was not simple, but did not think much about it. After all, he was only a Rank Two.

But he thought about it. Someone who had been reduced to a skeleton was able to display the strength of a Rank Two after taking someone else's body. This meant that he was extremely powerful in his previous life.

"Who were you in your previous life?" Lu Shu asked curiously. "I suggest that you think about it before you answer. You should have seen that I am very familiar with the Luniverse. Be honest. We might be able to work together. If you say something wrong, you might not have the chance to speak again in the future."

"Could you help me find a body? My soul is about to disappear," said Lu Kongming.

"Sure. Once you reply to my question, I will help you find one. Who in the world are you?" Lu Shu asked.

"I am a patron of North Lord of Heaven, Wen Zaifou," said Lu Kongming.

Lu Shu was dumbfounded. "What proof do you have?"

"I received orders to cut the memorial that belonged to Lord of Heaven Yu Fuyao," said Lu Kongming. "This was also why I was thrown here by God Lu. I was once the clan master of the God Lu Are You Healthy clan. Later on, I was chased into the forbidden land by a mysterious young man from Bulao City."

It seemed like Lu Shu could obtain proof for all of these. But he did not expect to see the expert at currying favor in front of him...

The distress points were gone. Lu Shu did not understand what was going on. Chen Zuan was panicking. He did not know what had happened. "I was just randomly talking..."

Lu Shu looked at the sky sadly. Were his plans all doomed for failure?

They were going to the next city, as Lu Shu wanted to visit all seven cities and lock

up the overseas practitioners.

Now, his plan had been destroyed. Lu Shu did not wish to continue fighting blindly. Once he got out, he would figure out what had happened and who had destroyed his plan...

"Are we still going to the next city? Yunyi City," said Chen Zuan carefully.

"No, no. What for?" Lu Shu was impatient.

At the same time, Miao Miao walked out of Tonghuan City and went into deep thought. Lu Shu and the rest seemed to be going to the cities in order. Thus, after Tonghuan City should be Yunyi City, then Luchen City!

Lu Shu and the rest had left Tonghuan City. Thus, if Miao Miao went to Yunyi City, he might not be able to catch up!

Thus, Miao Miao had another plan. He would go directly to Luchen City and wait for Lu Shu!

The mysterious young man flashed a confident smile. As expected, he was quick-witted.

Miao Miao felt that Lu Shu might be the person he was waiting for. Suddenly, he was excited. Behind him, the city head of Tonghuan City had contacted the clan master and told him what Miao Miao had said.

But when the new clan master of the Tonghuan clan heard Bulao City, his expression changed. "Where is the person from Bulao City?"

"Beside me," said the city head of Tonghuan City. But when he turned around, Miao Miao had disappeared!

The new clan master of the Tonghuan clan muttered through the messenger mirror, "Bulao City has reappeared. What is going to happen? Why do you say that we cannot provoke the newcomers this time?"

When the city head heard this, he was dumbfounded. "The former city head and clan master are dead. We cannot provoke them..."

The new clan master was dumbfounded. What a painful truth!

However, Miao Miao, who had been waiting at Luchen City, had been waiting for two days. His expression darkened. Where was Lu Shu?!

Why did this not go according to plan?

Miao Miao could not take it and went back to Yunyi City, only to find out that Lu Shu had not even gone to Yunyi City! Lu Shu, Coral, and Chen Zuan seemed to have disappeared!

"I'll just wait at Bulao City. He will eventually come." Miao Miao sighed.

At that moment, Lu Shu, Coral, and Chen Zuan were in the wilderness. Coral and Chen Zuan looked at Lu Shu as he suddenly took out a broken skeleton. Chen Zuan could not help but ask, "Brother Shu, whose skeleton is that? Why is it in such a tragic state..."

When the skeleton was released, Lu Kongming started to shout. "I already said that I've told you everything I know! Please, don't send me back there!"

Lu Kongming was most grateful that Lu Shu had thought about him before he had been played around with. Furthermore, Lu Kongming also finally understood that the most frightening thing in the world was a husky dragon like Chaos. It did not plan on asking you anything. It did not plan on taking anything from him. It played with you, simply because it wanted to play with you.

When facing an enemy like this, it was useless saying anything. The more you talked, the more it felt that you were fun to play with. It was useless to beg for mercy.

This was probably the same as parents telling their children not to fight with someone who was deaf and mute. Lu Shu had seen this happen in the orphanage. Some children had been thrown to the orphanage because they were deaf and mute. The children who fought with them were the worst to deal with.

Typically, when you fought with normal children, you could admit defeat if you could not defeat them. But if you fought with someone who was deaf and mute, they would not be able to hear you, even if you admitted defeat...

There were times when Lu Shu felt that this world was ruthless. Some parents abandoned their children as they were afraid that they would be tired out by their disabled children. But they had never thought that it was a fair life.

If they were not prepared to guard their children, then they should not have had them in the first place. Li Yixiao was good at this.

Typically, Li Yixiao blended in, but he was very serious when facing major situations.

Lu Shu was happy. "Earlier, you said that you have never heard of the Lord of Heaven. Let me ask you. Who is the West Lord of Heaven?"

"Duanmu Huangqi! The West Lord of Heaven is called Duanmu Huangqi," said Lu Kongming.

Lu Shu should have realized early on that there was a problem. When he had taken the body of the helicopter pilot, he had revealed that he had the strength of a Rank Two.

Back then, Lu Shu felt that he was not simple, but did not think much about it. After all, he was only a Rank Two.

But he thought about it. Someone who had been reduced to a skeleton was able to display the strength of a Rank Two after taking someone else's body. This meant that he was extremely powerful in his previous life.

"Who were you in your previous life?" Lu Shu asked curiously. "I suggest that you think about it before you answer. You should have seen that I am very familiar with the Luniverse. Be honest. We might be able to work together. If you say something wrong, you might not have the chance to speak again in the future."

"Could you help me find a body? My soul is about to disappear," said Lu Kongming.

"Sure. Once you reply to my question, I will help you find one. Who in the world are you?" Lu Shu asked.

"I am a patron of North Lord of Heaven, Wen Zaifou," said Lu Kongming.

Lu Shu was dumbfounded. "What proof do you have?"

"I received orders to cut the memorial that belonged to Lord of Heaven Yu Fuyao," said Lu Kongming. "This was also why I was thrown here by God Lu. I was once the clan master of the God Lu Are You Healthy clan. Later on, I was chased into the forbidden land by a mysterious young man from Bulao City."

It seemed like Lu Shu could obtain proof for all of these. But he did not expect to see the expert at currying favor in front of him...

It felt like something was wrong, but this seem to suit his personality. He bullied the weak and feared the strong...

He had cut Yu Fuyao's memorial, was the first clan master of the clan that curried favor, and was killed by an expert from Bulao City. Lu Shu knew all these, but these could not prove that Lu Kongming had worked for Wen Zaifou. Lu Shu furrowed his eyebrows. "Why did Wen Zaifou want to cut the memorial?"

"He suspected that something was wrong with Yu Fuyao. He thought that she was plotting something that would harm God Lu," said Lu Kongming.

"But why did that mysterious young man chase you?" Lu Shu asked curiously. "You probably can't explain this."

1206 NOT AFRAID OF THE DAYLIGHT FLAMES IN BULAO CITY

If Lu Kongming was right, and he had been thrown here by the old King of Gods because he had cut the memorial, then there was one question. Why did the mysterious young man, Miao Miao, chase after and kill him?

Did Miao Miao work for Yu Fuyao? But there was another problem. Miao Miao did

not know what was happening outside. Lu Kongming probably would not tell Miao Miao what he had done outside either.

But Lu Shu was sure of one thing. Wen Zaifou had killed Yu Fuyao's messenger, and Yu Fuyao was not as good as he had imagined.

Lu Shu was not making a final conclusion about Yu Fuyao. He just felt that he had to be alert.

Lu Shu stared at Lu Kongming. "If you are not being honest now, you have an 80% chance of dying. If you destroyed the memorial, then it should be between Wen Zaifou and Yu Fuyao. Why are you locked up here?"

Lu Kongming mysterious said, "Because I found a massive secret in the memorial!"

"Did Yu Fuyao write a love poem for the old King of Gods?" Lu Shu furrowed his eyebrows.

Lu Kongming was shocked. "Who in the world are you? Why do you know what was written in Yu Fuyao's memorial?"

Lu Kongming was definitely shocked. He started to doubt Lu Shu's identity!

He knew many secrets about the Luniverse, and was extremely strong. How did a young expert they had never heard of before appear in the Luniverse?

Lu Shu thought about it. He had seen Yu Fuyao's memorial. The first few pages were filled with love poems, but suddenly, it was blank.

If Lu Kongming was right, and he had been thrown here by the old King of Gods

because he had cut the memorial, then there was one question. Why did the mysterious young man, Miao Miao, chase after and kill him?

Did Miao Miao work for Yu Fuyao? But there was another problem. Miao Miao did not know what was happening outside. Lu Kongming probably would not tell Miao Miao what he had done outside either.

Lu Kongming mysterious said, "Because I found a massive secret in the memorial!"

"Did Yu Fuyao write a love poem for the old King of Gods?" Lu Shu furrowed his eyebrows.

Lu Kongming was definitely shocked. He started to doubt Lu Shu's identity!

Lu Shu thought about it. He had seen Yu Fuyao's memorial. The first few pages were filled with love poems, but suddenly, it was blank.

At first, Lu Shu had thought that Yu Fuyao had given up. But when he thought about it again, it was likely that she did not write anything in the memorial because it had been destroyed.

Had anything else happened?

"Don't worry about who I am," said Lu Shu cheerfully. "Even if I tell you, you would not understand. But I am sure that the reason you were sent here is not that simple. The mysterious young man would not chase after and kill you for no reason."

"It's because I did research on the technique to steal bodies." Lu Kongming sighed. He did not plan on struggling any more. He was slightly scared of Lu Shu. He felt that Lu Shu knew more than he did. He did not want to be tricked.

Furthermore, he secretly wanted to stick with Lu Shu. This might be his chance to see the sky once again.

"Indeed, stealing bodies seems to offend Heaven and reason." Lu Shu thought about it and said, "Were there no such techniques in the Luniverse?"

"No, but many people want it," said Lu Kongming. "The Rank One experts in this world only have a lifespan of 800 years, while masters only have a few thousand years to live. But there is no end to the desire of humans. If they have the technique to steal bodies, then it would be different. They would be able to grow old with unfailing senses! They simply have to change their bodies!"

Firstly, there were no good intentions behind researching this technique. Furthermore, if this technique was leaked out, the world order of the Luniverse would be badly affected.

"So the old King of Gods captured you?" Lu Shu asked curiously, "Didn't Wen Zaifou protect you?"

"No. Wen Zaifou personally handed me over to the old King of Gods." Lu Kongming sighed. "I never expected Wen Zaifou to not let things slide. I even wanted to present the technique to him."

Lu Shu sighed. He had always thought that Wen Zaifou was a good person. If this was suddenly overturned, Lu Shu could not bear it.

Then... if Wen Zaifou had been suspicious of Yu Fuyao, something was very wrong.

"Then why did the mysterious young man chase after and kill you?" Lu Shu asked curiously.

"Because of the technique..." Lu Kongming calmly said, "But he probably didn't expect that I would still linger on to my last breath after he killed me."

"Your technique is rather special." Lu Shu nodded his head. "Do you know the mysterious young man? Do you know what Bulao City is like?"

"I don't know him. I have never heard of him before," said Lu Kongming. "But I know Bulao City. It is a city in the sky. It is said that the daylight flame burns forever there. Furthermore, the mysterious young man is here to protect that flame."

"Do you know what his real name is?"

He asked this as two days ago, he had looked through the distress points to find Miao Miao's name. He wanted to find distress points from him, but could not find anything!

Lu Shu did not believe that Miao Miao could not find him, nor that Miao Miao did not give him any distress points. There was a possibility that Miao Miao was simply a nickname, and not his real name.

No one in this world could not give him distress points!

Lu Kongming shook his head. "I have never heard of him in the Luniverse. I have been alive for a long time, but I have never heard of him. Even the other clan masters have never heard of him."

When Lu Kongming mentioned the clan masters, Lu Shu's expression turned strange. He asked, "How did you come up with that flattering clan name... are you that shameless?"

Lu Kongming was upset. "Flattery is my talent. What gives you the right to call me shameless? Although the old King of Gods locked me up here, he is brighter than the sun and the moon in my heart! That Li Qixian can call his clan the Qixian Clan, so my clan will have something with my name too!"

Lu Shu was dumbfounded. "Isn't your name Lu Kongming?"

"My nickname is God Lu Are You Healthy!" Lu Kongming explained.

"Okay, okay, stop talking." Lu Shu realized that there was something wrong with him.
"Aren't there any consequences of taking someone else's body?"

"Definitely. After taking someone's body, there will be a recovery period of a few decades. It will take a long time for one's strength and spirit to return to their peak. But to a master, who has a lifespan of 1000 years, this is nothing," said Lu Kongming.

"Do you know where Bulao City is?" Lu Shu asked.

"If you can find me a suitable body, I will tell you," said Lu Kongming.

"Do you still have the right to bargain?" Lu Shu picked his eyebrows.

"But if you don't find me a body, I will be gone before I can bring you to Bulao City," said Lu Kongming.

"What kind of body do you want?" Lu Shu asked.

"Healthy, strong, and of Rank One strength!" Lu Kongming exclaimed.

"Are you sure?" Lu Shu asked.

"Yes, the body must fulfill these requirements!"

"Any regrets?"

"No!"

Then, Lu Kongming looked on helplessly as Lu Shu retrieved a Blazing Cloud Foal

out of nowhere...

Lu Kongming was dumbfounded. "Brother, at least find me a human..."

1207 FORTRESS IN THE CLOUDS

Lu Kongming did not expect Lu Shu to get a horse for him. By logic, a human would definitely steal another person. However, the young man in front of him had a unique train of thought...

Lu Shu smiled happily. "In the past, you had to suck up to others. Now, others have to suck up to you, aren't you happy?"

Lu Kongming looked at the Blazing Cloud Foals. "Are you a demon?"

He had really "suck up to" Lu Shu!

"From Lu Kongming's distress, +666!"

"What do you think? Whose body do you want to steal?" Lu Shu was unhappy. "It's good enough to have a horse. Do you want it? If not, you haven't reached the stage of extreme exhaustion that you have described to be!"

This argument was common. For example, if one was picky, one was not hungry enough...

Therefore, did Lu Shu purposely take a horse out to disgust Lu Kongming? Lu Shu would definitely not admit it.

In his opinion, he was testing if Lu Kongming had really exhausted almost all his strength!

"Can we discuss this further?" Lu Kongming was trying very hard to turn his fate around...

Lu Shu was impatient. "The most I will do is to change a horse for you. Deal with it yourself."

Lu Kongming had never stolen a body apart from that of a human's. Or else, he would have definitely stolen a body of a creature who ran into that cave in the past hundreds of years.

However, he realized after advancing to the master realm, that there was a huge difference between a human and a creature. If he had rashly stolen the body of a creature, he would probably never get the chance of returning to the master realm again!

Now, it was his only chance. He did not lie to Lu Shu, he knew that he had exhausted almost all his strength. The previous time when he stole the body of the helicopter pilot, he had spent too much energy but still failed in the end.

He could barely do anything now. If he gave up this opportunity, he would probably have no more opportunities left.

"Hurry up, without you, I can still look for other clan masters to bring me to Bulao City," rushed Lu Shu.

Lu Kongming made up his mind. "Alright, I will take this horse!"

To him, even if he was unable to get his human body temporarily after stealing the

body of the horse, there was a chance for him to return to his human form if he attained the master realm in the future. He still had a chance!

Lu Shu felt a small amount of energy leave from his body and entered the skull of the Blazing Cloud Foals. Then, the gaze of the Blazing Cloud Foals became more alive.

"Did it succeed?" Lu Shu asked curiously. "If so, say something."

"Free me after we reach Bulao City!" said the Blazing Cloud Foals.

Lu Kongming regretted it. If he had known that he would become public enemy number one because of this skill, he would not have spent so much effort on practising it.

In reality, the Lord of Heaven probably had the same concern as Lu Shu. One could not grant Lu Kongming freedom as he would probably become the longest-living creature on earth. When everyone died because of their age, Lu Kongming could continue to live on and nobody would be able to find him as he had changed his entire body.

Perhaps, Lu Shu was the only one who could find Lu Kongming as he could confirm his identity through his name. However, that would be extremely troublesome.

"What present will you give me?" asked Lu Kongming.

"Rest assured, you will like it," affirmed Lu Shu, "Now, tell me, where's Bulao City?"

"In the sky!" said Lu Kongming.

Lu Shu looked into the empty sky before looking at the Blazing Cloud Foals Lu Kongming. "Are you sure?"

"Yes," said Lu Kongming firmly, "Although I only saw the outline of Bulao City, it is definitely in the sky, in the clouds."

Lu Shu frowned. It was indeed hidden in the sky. No wonder, nobody knew about the secret of Bulao City. There was lightning in the sky and nobody could fly around casually. Therefore, it was difficult for one to find out where Bulao City was.

Meanwhile, Miao Miao was able to enter the forbidden land freely. Could it be that he was unafraid of lightning like Coral and hence could live in the sky? That was highly likely!

"Where is the approximate location?" asked Lu Shu.

Lu Kongming confirmed the direction and said, "800 miles to the East!"

"Let's go." Lu Shu walked in front. He was extremely interested in Bulao City.

Chen Zuan suddenly said in happiness along the way, "Brother Shu, did you realize?"

"Hmm?" Lu Shu turned and looked at him.

"Do you think that our team lacks something?" said Chen Zuan happily.

Lu Shu felt that Chen Zuan was a little strange, "What do we lack?"

"We lack Sha Wujing[1]..." said Chen Zuan.

"Are you planning to go the West to obtain sacred texts[2]?" said Lu Shu angrily.

Coral was Tang Seng, Lu Shu was the Monkey King, Chen Zuan was Zhu Bajie and they had a low quality white horse. Now, they were only lacking Cheng Qiuqiao... They wondered how Cheng Qiuqiao was doing...

Lu Xiaoyu too. Lu Shu was confused. He had attempted to contact Lu Xiaoyu with a clone but failed as the other party refused to reveal his clone. Why was this so?

"Xiaoyu, Xiaoyu, wait for me!" Cheng Qiuqiao shouted, "Are we not looking for Brother Shu?"

"No, Lu Shu is probably in Luchen City." Lu Xiaoyu walked casually in front. "The news reported that he made several strange announcements in Tonghuan City and Qixian City. Although we don't know what he is up to, he is definitely sabotaging the group of foreign practitioners."

Cheng Qiuqiao exclaimed, "Xiaoyu, you really understand Brother Shu... Where are we heading to?"

Lu Xiaoyu suddenly stopped and looked up at the sky. "Here. The soul of the clan master of the Tonghuan Clan has been completely digested by me. Meanwhile, the fortress hidden in the sky is the most mysterious place in this remains."

"There's a fortress up there?" Cheng Qiuqiao asked in astonishment, "In the sky? Why are we looking for that?"

Lu Xiaoyu said calmly, "I took this punishment for him."

Lu Kongming did not expect Lu Shu to get a horse for him. By logic, a human would definitely steal another person. However, the young man in front of him had a unique train of thought...

Lu Shu smiled happily. "In the past, you had to suck up to others. Now, others have to suck up to you, aren't you happy?"

Lu Xiaoyu said calmly, "I took this punishment for him."

"Xiaoyu, what are you talking about?" asked Cheng Qiuqiao.

However, Lu Xiaoyu did not reply to him. At this moment Cheng Qiuqiao suddenly

realized that the ground was being lifted. Lu Xiaoyu did not use her flying ability but instead made Anthony build a mountain that rose to the sky! It was windy and the clouds seemed to be in their reach!

There was no lightning. This method did not trigger any restrictions from the sky!

Miao Miao, who was in Luchen City, looked towards the direction of Bulao City and coldly said, "Who dares to intrude Bulao City?!"

After he said that, the mysterious young man sped towards Bulao City!

1208 PUNISHMENT

The mysterious young man was sitting casually as though nothing happened in the palace. The city leader of Luchen City was trembling beside him. Then, he saw the mysterious young man leap into the sky filled with lightning. However, when the lightning struck the mysterious young man, it did not seem to have any effect on him!

The mysterious young man acted as though he was not satisfied with his speed. He tore open the void and charged into it!

The method of charging into the void could be learnt by oneself if one was a master. However, one had to know what was one's target first. To put it simply, one had to reach that position first!

This was nothing for Miao Miao. He was the leader of Bulao City and had been guarding the place for several hundreds of years!

Lu Xiaoyu and Cheng Qiuqiao flew up into the sky with the help of the mountains. When the mountain reached the clouds, they suddenly saw a floating fortress above the clouds!

The fortress was like a mountain that had clouds beneath it.

The clouds looked extremely majestic and was endless!

At this moment, Lu Xiaoyu suddenly felt that the restriction of the remains was solely to prevent the fortress from being invaded!

Perhaps, the person who made this restriction did not think about how someone was able to build a mountain out of nothing. However, Lu Xiaoyu could do it!

This place was the core of the remains. There was no doubt about that.

A stone ladder appeared out of the blue on the mountain. The steps were made by soil and extended into the sky. At last, it connected to the place where the fortress was located.

Lu Xiaoyu frowned as she stood in front of the closed gates. She suddenly stopped and held onto Cheng Qiuqiao, "Be careful."

Then, Miao Miao stepped out of the void and looked at Lu Xiaoyu. "Who are you?"

"Scram," said Lu Xiaoyu emotionlessly.

For some reason, Miao Miao understood something from looking at Lu Xiaoyu's expression. Then, he suddenly laughed, "Although I don't know where you got the information from, but this is a punishment, a punishment he has prepared for himself. How would you be able to overcome it?"

"What f*cking punishment. If it is a punishment, I will be able to overcome it for

him," said Lu Xiaoyu. A huge amount of white sand floated around him. She was about to attack if Miao Miao did not move aside.

Miao Miao sighed, "You won't be able to understand your own heart if you don't overcome this punishment. If you don't understand your own feelings, how would you be able to control the spirits and all the emotions on earth? I'm not trying to make things difficult for you, but I was originally told by him to be in charge of guarding this place."

"Shut up," said Lu Xiaoyu, "Move aside!"

Then, Lu Xiaoyu saw the clouds shrouding towards her and Cheng Qiuqiao!

At this moment, Lu Shu, who was moving at full speed suddenly froze. Nearby, he saw a mountain grow rapidly. He said, "It's Xiaoyu!"

Lu Xiaoyu knew Lu Shu the best. Similarly, Lu Shu knew Lu Xiaoyu the best.

Could anyone else in the world have the ability to build a mountain out of nothing?
No.

It was definitely not a coincidence for Lu Xiaoyu to appear in the direction of Bulao City. Lu Shu looked at the Blazing Cloud Foals beside him and said, "Not bad, it's not a lie."

Lu Kongming said angrily, "Where's my present"

Then, he saw Lu Shu get a Blazing Cloud Foals out of nowhere...

"From Lu Kongming's distress, +666!"

Lu Kongming was about to breakdown. "Why did you get me a horse?!"

"Aren't you a horse too, why are you looking down on others?" smiled Lu Shu.

"Hold on," Lu Kongming suddenly felt that something was wrong. "You should at least get me a female horse, why did you get me a male horse?!"

Lu Shu said after pausing for a moment, "Did you not realize that you are a female horse..."

Lu Kongming was confused.

"From Lu Kongming's distress, +999!"

Lu Shu smiled awkwardly, "Hahahaha, I'm sorry, I made a mistake earlier on..."

Lu Kongming was mad. "You must have done it on purpose, you must have!"

For ordinary people who had never ridden a horse before, what was their first reaction when they saw a horse? Was it to check if the horse was a male or female? Most people would not think about that as they would not bother about the horse's gender. After all, if they could not even differentiate between the different species of horses, they could only think of one thing, horse!

Therefore, Lu Kongming, as an ordinary person, had completely neglected this.

When he realized the problem, it was too late...

At this moment, when the male horse appeared, it leaped immediately on Lu Kongming. Lu Kongming was mad, "F*cking leave me alone!"

Chen Zuan smiled happily beside him, "Haha, what an active hormone, only if I could attract girls like that."

Lu Shu glared at Chen Zuan's figure. "What active hormone are you talking about, you seem more like an active cholesterol..."

Chen Zuan was dumbstruck.

"From Chen Zuan's distress, +666!"

"Brother Shu, can you stop pissing everyone around you off?" Chen Zuan was speechless. However, he looked at Coral and suddenly realized that Lu Shu had never pissed Coral before?

Then, the clouds moved in the sky and Lu Shu stopped Chen Zuan. "I have to go first, follow up behind. Something must have happened to Lu Xiaoyu, I have to rush over."

Something must have gone wrong since the clouds behaved so strangely suddenly!

"Okay," nodded Coral, "We will catch up with you."

After that, Lu Shu flew into the sky. He was faster than everyone else so he would have been slowed down if he brought Coral and Chen Zuan along. However, he could not use the skill of stepping into the void as he had never entered Bulao City before. Therefore, he could only fly over!

The lightning in the sky gathered again and Lu Shu took the opportunity to take the burning Seizing Thief out. He got rid of all the lightning with his strikes!

The lightning gathered above Lu Shu's head again. Like black flowers, they blossomed again and again on top of him, however, Lu Shu needed to act fast!

As the lightning accumulated, Lu Shu became impatient. The Seizing Thief on his hand swirled into the clouds with the fire blaze, "Scram!"

The dark cloud was split into half and disappeared!

Chen Zuan looked at Lu Shu before looking at Coral and asked, "Do you know something?"

Coral looked at Chen Zuan and smiled, "Although I am not sure what will happen, but are you all ready? He is probably coming back soon."

"Stop being mysterious," mumbled Chen Zuan.

1209 LIFE

Chen Zuan felt as if he was left in the dark, while everyone else knew what was going on.

He looked at Lu Shu, who was enduring the difficulties and flying to Bulao City. Suddenly, he felt somewhat foreign. There was an unfamiliar spirit within that familiar figure. This made Chen Zuan feel insecure.

Coral said that he would return, but Chen Zuan felt that the one that returned... was

possibly no longer Lu Shu.

Other people might not feel this way, as to them, the Ninth Heavenly King was simply a symbol. They did not need to care about his personality or interactions. He only had to be strong and mysterious.

But to Chen Zuan, the Ninth Heavenly King was not that simple. He had experienced many things with Lu Shu. From the Salt Lake remains, they had gone through life and death together... although more accurately, Lu Shu risked his life, while he followed along.

But what Chen Zuan needed was not a powerful comrade. He needed a friend.

No matter how they joked about it, and no matter how harsh Lu Shu typically was, Chen Zuan could still laugh freely and wildly explore at the verge of death.

If that person was no longer Lu Shu, but another spirit, would it still be the same?

They would no longer eat hotpot together or joke around together. No one would ask Chen Zuan why he was no longer wearing a hat either.

This kind of life was very lonely.

"I don't want him to come back," said Chen Zuan in a deep voice.

"Hm?" Coral looked at Chen Zuan, puzzled.

Chen Zuan lowered his head. His expression was hidden in the shadows. "I like the current Brother Shu more. Don't you think that Brother Shu is pretty good?"

Coral thought about it. Suddenly, she laughed. "You're right. We'll have to see his decision."

The clouds in the sky were peaceful before Lu Shu arrived. When Lu Shu flew to the entrance of Bulao City, the tightly shut doors suddenly opened with a crash. Inside, there were no streets or anything else. There was only a black star. It seemed infinitely deep.

Lu Shu did not think much about it. He held the Seizing Thief and walked in. The flames of the Seizing Thief displayed his emotions. He wanted to find Lu Xiaoyu.

But the moment he stepped in, he felt like a sculpture while maintaining his stride. The entire world was under the strangest rule. Lu Shu felt empty, as if he had forgotten many things.

His memories had been engulfed by a mist. He was at a loss.

The burglar-proof door of an old house opened in front of him. It was a scorching hot season. Inside the "house", there were a few plates of food on the dining table. Although they did not look like much, they seemed to go particularly well with rice.

Lu Shu was dumbfounded for three seconds. "Mom?"

The warm woman furrowed her eyebrows. "Did you do poorly on your exams again? I will call your form teacher later and ask about your performance at school!"

Lu Shu pondered. He felt that something was wrong, but everything felt natural. He felt slightly guilty. "My performance at school has been rather good."

The old world seemed to have been destroyed. The new world had arrived. The past had been locked up. He no longer had those deep memories.

Lu Shu, a 17 year old third-year high school student. He seemed very normal. He had everything everyone else had.

When he was 17 years old, he worked hard and studied in his third year of high school. Like a majority of third-year high school students, he ran with everything he had. It was the peak of his youth. He did not regret anything. He did not do quite well for the final mock exam before his high school exams. Lu Shu felt that he would only be able to attend a second tier university.

When he was 18 years old, he completed his high school exams and entered university.

During his graduation ceremony, a girl confessed to him. She was the prettiest girl in class. Many people liked her. She could play the piano and lived in a large mansion. It was said that after she graduated from high school, her family gave her a car.

But Lu Shu rejected her. Everyone looked at Lu Shu, puzzled. They did not know why Lu Shu had made this decision.

Lu Shu himself did not know either. He stood in the sports ground. It was a hot summer afternoon. Weeds had started to grow. The scorching sun shone on the sports ground, like a sea of light.

Lu Shu felt as if he was waiting for someone. Thus, he could not accept the girl's confession.

When Lu Shu turned 21, he was in his third year of university. Students had started to prepare to take the graduate entrance exams, but Lu Shu was not willing to continue wasting time in the ivory tower.

His grades were normal. His teachers neither liked nor disliked him. They did not even have an impression of him.

During this period, a girl chased Lu Shu. She was not good-looking, but she was not ugly either. Lu Shu told her that he was waiting for his fated one. She left while crying.

That day, it rained heavily. Lu Shu distractedly stood on the sports ground. He felt as if he was forgetting something. It was as if the most important thing... was gone.

When he returned to his bedroom, the fact that he had rejected a girl has started to spread. His room mates ridiculed him. "Shu, you are like a blockhead. You have been single for so long. We have never seen you like anyone. Why are you acting like you are finding your fated one? Ha ha ha."

Lu Shu did not say anything, as he did not know who he was waiting for either.

When Lu Shu was 22 years old, he graduated from university. He had a normal educational background and was from a normal family. It was very difficult for him to find a very good job.

While his classmates flew far and high, Lu Shu remained where he was. His one month salary never seemed to be enough, no matter what he did. If he did not date anyone, he would barely have some surplus.

A classmate who opened a factory invited Lu Shu to work with him.

Lu Shu rejected. He watched as his friend drove away in a branded car.

When Lu Shu was 27 years old, he had attended many weddings. Some classmates were even having their second child.

Fewer and fewer people attended gatherings. They were often too busy with work or were busy with their children. There was almost no one at the gatherings. Only a few lonely people drank and shared stories.

One of his classmates suddenly said, "Did you know that the prettiest girl in our class is still single? She has always liked you."

Lu Shu shook his head. "I already have someone in my heart."

His classmates laughed out loud. "Stop it. How can we not know whether you have anyone in your heart?"

His parents started to arrange dates for Lu Shu. He had no choice but to accept this awkward decision. He had seen over ten ladies, but none of them were the person he was waiting for.

Slowly, Lu Shu himself started to move.

Where in the world was that person?

While they were drinking, they gave Lu Shu advice. They started to sigh. "Shu, most

people do not marry the person they like best. Everyone has changed from 'it must be you' to 'you will do'. You have to make do!"

1210 ONE PERSON, ONE CITY

When Lu Shu was 28 years old, his parents started to worry for him. They even brought him to see a doctor, a physiologist, and even a psychiatrist.

Lu Shu told the psychiatrist what he had been thinking about for many years. He was waiting for someone.

The psychiatrist comforted him for a long time. Then, he wrote in his medical records that he had paranoia.

When Lu Shu was 29 years old, his best friend got married. Lu Shu was the best man.

The dowry was a car. Lu Shu asked his friend whether he loved her. His friend replied, "Let's forget about love. It's good enough to live. Why are we talking about love at this age?"

When you were five years old, you would run to a field one kilometer away for a butterfly.

When you were ten years old, you would run through the streets and lanes to find an ice cream.

When you were 19 years old, you would go to a foreign city just for a person you liked.

When you were 29 years old, you would simply find anyone to spend the rest of your life with.

His friend said that he was growing more lazy. He was lazy to love and be loved.

Lu Shu looked at the red best man flower on his chest. Then, he looked at the beautiful bridesmaid beside him. His friend said, "This lady is still single. She is not bad. Her house is rather big. Her parents have stable jobs. She herself is a teacher."

The wedding ceremony was bustling. A group of people Lu Shu did not know drank and chatted loudly at the tables. They joked about the new husband and wife, and how the best man and the bridesmaid were a good match.

Lu Shu was muddled. Perhaps the lady beside him was not bad? He sensed that she was interested in him, as the bride had told her that Lu Shu had been successful in his job for the past few years. While others were obsessed with love, he was working hard. He was working hard even when others got married and had children. His current salary was decent.

While others were obsessed with love, he was working hard. He was working hard even when others got married and had children. His current salary was decent.

The male emcee recited the oath. The bride said, "I love you." The bride replied, "I love you too." Lu Shu did not know whether they were saying this to each other.

It was time for the bouquet throwing session. Whoever caught the bouquet would have good luck in marriage. Lu Shu's friend intentionally asked his wife to throw the bouquet at Lu Shu.

But the bouquet flew in front of Lu Shu and dropped on the ground. The bridesmaid picked it up, but Lu Shu was spacing out.

There was suddenly an ache in his heart. Where were you?

The emcee suddenly laughed and asked, "Best man, why are you crying?"

Lu Shu snapped back. "Oh. I am happy for my good friend."

The emcee clapped. "What a good friend."

After the wedding, Lu Shu went to the groom's house. He saw the beautiful bride sit with her legs crossed on the sofa.

Lu Shu's friend asked Lu Shu why he was not married yet. Lu Shu said that he was still waiting. His friend laughed out loud. "Lu Shu, you are very funny."

When Lu Shu was 31 years old, his friend wanted to borrow money from him. He said that he would need to spend a few hundred thousand on childbirth and his child's first month party. He could no longer afford it.

Lu Shu lent him the money and smiled. "I don't really need the money. You can

slowly return the money, but if you don't return the money, there won't be a next time."

His friend said, "Relax. Seeing my child is like seeing my new life!"

Lu Shu was slightly jealous, but he still wanted to wait.

He waited for 15 years.

When he was 46 years old, his high school classmates had a gathering. The prettiest girl in their class had grown much fatter. She looked at Lu Shu in hesitation. Then, she laughed. "You still look the same."

Lu Shu looked at himself in the mirror of the toilet. It was as if time was punishing him to wait for a person for his entire life, until his death.

Someone asked him how old his children were. Lu Shu replied that he was not married.

Everyone was shocked. "Are you still waiting for that person?"

Lu Shu remained silent for very long. Then, he replied, "Yes, I'm still waiting."

His good friend asked, "Must it be her?"

Lu Shu hesitated for a very long time. In the end, he said, "Yes, it must be her."

When Lu Shu was 47 years old, the economy went into recession. Lu Shu lost his job.

His juniors in the workplace were burning with passion. Lu Shu was no longer at an age where he could exert himself. He could not compete with the young people.

When Lu Shu was 50 years old, he went for a drink with his good friend. His good friend came to his house. They no longer needed to have a big drinking party or a feast. They had lived more than half of their lifespan. It was as if they could understand everything. They only needed two bottles of white wine.

After his good friend had drunk until his face was red, he said that his body was growing worse. His life was plain. He only had daily necessities. His wife's family was unhappy with him. His children had to attend many tutoring lessons.

He had to spend money in many areas. There were times when he almost collapsed when his wife looked through their accounts at midnight.

Kindergarten cost over a thousand, or even a few thousand dollars per month. So did their tutoring lessons. They spent a few hundred thousand every year. But when he looked at his children's expectant gaze, he was not willing to admit that he could no longer bear it. He wanted his own life too.

His good friend said that his children were his pride. Their academics were much better than his. He wanted to create good conditions for his children.

When they started to apply for jobs, he told them to find a good job. However, his children were not willing to apply to them. It was as if there was a massive gap between the parents and their children. It was impossible to overcome.

The children looked at their father and said, "I don't want to live like you."

His good friend said that after his children started to work, they slowly understood him. But he wanted to tell them not to compromise for life and for the world.

As he spoke, his eyes grew red. He said, "This alcohol is really strong."

When they drank at 56 years old, his friend was very silent. He said to Lu Shu, "Did you know? I'm jealous of you. You are all alone. You never have to compromise."

Lu Shu was pained. "I have wanted to compromise, but I have waited for so many years. I only have a bit more left."

His good friend asked, "What if she never comes?"

Lu Shu, who had been hesitating, suddenly said, "Then I'll wait for another lifetime."

When Lu Shu was 80 years old, his good friend fell very ill. Lu Shu came to his sickbed. His good friend pulled down the oxygen mask and said, "The past few days, the 80 years of my life have been like lantern slides, flashing past one by one."

"Everything I've regretted and not regretted came clearly into view."

Lu Shu held his hand. His skin was loose. It was like a layer covering his body. It might fall off at any moment.

His good friend suddenly cried. "Last night, I had a dream. I dreamed that we were back in that sports ground. We watched people play basketball in spring. Do you remember the girl who confessed to me? She passed me a bottle of mineral water. I looked back at the sports ground that was full of weeds."

"The people around us were excitedly shouting. The noisy and bustling world was shouting, 'Together! Together!'"

When Lu Shu was 90 years old, he was on a sickbed as well. No one came to visit him. Lu Shu lay on the sickbed alone. He was like an isolated city. One person, one city, one life of heartache.

Suddenly, a mysterious young man came to his room. He looked at the old Lu Shu and said, "Do you understand your intentions now?"
