

## Chapter 2733 Doing A Favor

Zeke didn't dare to think too much about it.

Meanwhile, in a secret room in Centuria's district, Scar Face, who was responsible for helping Zeke collect Heavenly Stones, had asked to meet three members of Centuria.

Those three members were triplets, and they were the locals on Theos Island.

In other words, they were born and raised on Theos Island, and they were bound to die on Theos Island as well.

Their parents also arrived from the outside world after getting tricked. However, they couldn't adapt to the harsh environment on the island, so they died.

The triplets were named Yulagan, Dooragan, and Boolagan, respectively. Their parents had hoped that the brothers would be lucky enough to eventually leave Theos Island.

Needless to say, the triplets were confused when Scar Face asked to see them.

“Scar Face, why did you ask to see us?” one of the brothers asked.

“Guys, let's cut to the chase. I know who you guys are.” Scar Face smiled.

The brothers felt their hearts skip a beat. F\*ck! How did Scar Face find out we're Theos' spies? We've been lying low, no? He couldn't have possibly noticed it. Could it be that Scar Face is trying to trick us?

Although they were feeling edgy, they pretended to be calm.

“Scar Face, what's the matter with you? I don't know what you're talking about. Fine. I'll admit it. We're not merely members of Centuria. We're actually your father! Don't ask us who your mother is. We don't know. Let's ignore this fellow and leave. He's talking nonsense.”

Just as the brothers finished their sentences, they turned around to leave.

However, Scar Face suddenly pulled out a knife and appeared before their eyes. While stopping them from leaving, Scar Face said, “You can leave if you want, but death awaits you. This is an order from Theos.”

The brothers became nervous when Scar Face mentioned Theos. It seems that he knows we're Theos' spies!

The eldest of three, Dooragan, said, “Scar Face, has something gotten into you today? Are you telling us that Theos ordered you to kill us? What? Have you seen Theos?”

“That's enough. Stop pretending, you guys. I know you guys have also met up with Theos. Of course, you saw Theos in your dreams. If my guess is right, Theos ordered you guys to collect Heavenly Stones for him, right?” Scar Face asked.

The expressions on Dooragan's and his brothers' faces turned grim.

In a deep voice, Yulagan uttered, “Scar Face, how did you know that? You better not leak this information. Otherwise, Theos will surely come after you. Hmph! We're directly serving Theos, so our status is higher than yours. If you dare to hurt us, Theos will kill you!”

Upon hearing those words from the brothers, Scar Face replied, “Guys, I'll be honest. I'm actually also serving Theos directly. The four of us are actually colleagues.”

Is that true? The brothers were flabbergasted. Prior to this, we thought we were the only ones serving Theos directly on Theos Island.

“Why would I lie to you guys?” Scar Face asked.

Dooragan and his brothers weren't convinced. “Tell us, then, how did you find out we're Theos' spies?”

“Two days ago, a batch of Heavenly Spirit Stones appeared in Centuria's district, right? I felt the presence, so I went on a search, and I successfully located the Heavenly Spirit Stones. Right when I was about to leave, I saw the three of you walking toward the Heavenly Spirit Stones suspiciously. After a thorough investigation, I confirmed the fact that you guys are Theos' spies,” Scar Face answered.

The brothers felt relieved. “There I was wondering where those Heavenly Spirit Stones were! You took them. It's good knowing that we're all Theos' spies. From now on, we can help each other to serve Theos better.”

Scar Face flashed a faint smile. “If you guys come across Heavenly Spirit Stones in the future, give them to me. I'll help you guys pass the stones to Commander Williams.”
