

Chapter 2782 The Final Result

Finally, Minotaur arrived at the area below Zeke and his men. In the next second, it exerted great force using all four of its limbs, and its massive body leaped into the air.

It was a spectacular scene that stupefied Zeke and the others.

Thankfully, Zeke quickly returned to his senses and yelled, "Attack! It's discovered us! Kill it!"

The others came out of their hiding spots, leaped off the cliff walls, and lunged at Minotaur.

Minotaur looked up, exposing its huge bloodshot eyes.

The sight was so horrifying that Zeke was slightly intimidated.

Nonetheless, he quickly unleashed his energy to attack the beast. The others wasted no time doing the same.

Unfortunately, their energies were akin to rain droplets falling on Minotaur. They splattered and caused no harm to the enemy.

The hearts of Zeke and the others lodged in their throats.

How powerful! It's too powerful! We have a Celestial Class fighter and several Ultimate Class fighters here. Yet, it's not the slightest bit injured. Where on earth did this creature come from?

Meanwhile, Minotaur was enraged. Its eyes were filled with fury as it let out a long moo. At the same time, it exhaled flames from its nose.

The raging flames were like mini volcanic eruptions that charged toward Zeke and the others.

All of a sudden, the canyon's temperature rose to over a hundred degrees Celsius. Even some rocks that were licked by the flames melted on the spot, while the plants were instantly reduced to ashes.

At first, Zeke and his men lost consciousness momentarily because of Minotaur's cry. By the time they came to their senses, they felt an intense burning sensation, as though their flesh had been dipped into acid.

It was so painful they almost passed out.

Thankfully, they were of Ultimate Class, which meant their body's limits surpassed that of an ordinary human. If not, they would have been reduced to ashes.

Despair instantly filled their hearts when they realized they were about to plummet into Minotaur's flames. We're done for this time.

They were in so much pain that they could not defend themselves.

Just then, Zeke reacted swiftly by unleashing his energy, wrapping it around Sole Wolf and the others, and pulling them to the side. Otherwise, they would not have survived.

Camp South Master yelled, "Attack its tail! Attack its tail! The tail is its weakest spot! Attack it!"

Hearing that, the group charged at Minotaur's tail.

In the meantime, Camp South Master made a feint. In the beginning, he followed the rest to attack the tail. However, he sneaked off when the others were too busy to notice and placed himself far away from Minotaur's head, also distancing himself from Zeke and the others.

Of course, Zeke and the others were unaware of Camp South Master's actions. They merely gathered all their energy to attack Minotaur's tail.

Alas, it was useless. Their attacks were harmless on Minotaur's tail.

They only managed to infuriate Minotaur more. Its tail, which was originally curled up, unfurled and lashed the air agitatedly.

Smack! Smack! Smack!

Minotaur's tail made a few deafening sonic booms.

Even the space around the tail was distorted, and the turbulence almost tore Sole Wolf to pieces.

Fortunately, Zeke caught him in time.

Alfred, on the other hand, was bleeding from all his orifices. His internal organs were severely injured, and even breathing became difficult for him.

Everyone there was enraged. That d*mned Camp South Master tricked us!

Minotaur's tail was not weak; it was extremely powerful!

It was at that moment they finally realized Camp South Master was no longer with them. He had gone to the beast's head without them realizing it.

Instantly, they knew Camp South Master had betrayed them.

Sole Wolf glowered at Camp South Master and cursed, "You b*stard! How dare you lie to us! You must have a death wish!"

Snickering, Camp South Master said plainly, "You can't put the blame on me. Instead, you should blame yourself for being brainless. Everyone knows a cow's most powerful body part is the tail, yet you believed Minotaur's weakest spot is its tail. What a joke!"

Taking a deep breath, Zeke muttered, "Looks like you have a death wish, Camp South Master."

Camp South Master burst out laughing. "Perhaps you should take care of Minotaur first. Regardless, the final result is that you guys will die, while I'll go back and continue being the Camp Master of Camp South. Of course, the camp you guys created won't be left unused. I'll send someone to take care of it on your behalf."
