#### Chapter 1211: Your Knigh

"Great Array of the Luo River!" The moment Luo Tianshen shouted these words, giant waves arose from the rivers beneath him immediately.

The waters spread quickly, forming a curtain of water. This curtain was like a bowl that had been turned upside down, completely enveloping Luo God City within it.

The water curtain wavered, and a blinding spiritual light shone out from it. A faint ancient aura radiated out from it majestically.

The curtain seemed quite thin to the naked eye, but the valiant spiritual energy it exuded even made Xue Lingzi's pupils constrict slightly. It seemed like the Luo God Clan had already prepared for their arrival!

"Hmph, it seems like the Luo God Clan does not want to enjoy peace with the Blood God Clan!" Xue Lingzi said coldly, while he immediately stretched forth his hand fiercely.

Then, with a telekinetic pull, the blood clouds all around him gathered together, forming a gigantic blood handprint. The bloody palm then slammed down from up high, directly crashing onto the water curtain that was encasing the city.

Bang!

As the two clashed together, violent ripples ripped through the water curtain. Then, layer after layer of the curtain were stripped away, as if it was about to burst.

In Luo God City, countless people were looking at the fluctuating water curtain with pale faces. They knew that, as soon as the water curtain burst, the Blood God Clan would begin their massacre.

Buzzzz...

However, under their fearful gazes, the water curtain that seemed to be at the brink of breaking somehow endured the powerful attack of Xue Lingzi. Then, the ripples dissipated, and the water curtain regained its initial calm state, quietly protecting the Luo God City from above.

Seeing that the water curtain had held strong, Xue Lingzi's face changed slightly. It was clear that the defensive capabilities of the Great Array of the Luo River were beyond his expectations.

"Xue Lingzi, you can keep dreaming. This great array is powered by the sacred Luo River. As long as the that river flows, you will not break it!" Luo Tianshen was relieved at the sight of this, so he took the opportunity to gloat.

Despite the Luo God Clan's decline, they were like an old tiger that still retained some of its ferocity. The background of the Luo God Clan ran far deeper than the Blood God Clan. As such, its protective great array could not even be broken by a Complete Earthly Sovereign, not to mention Upper Earthly Sovereigns! Thus, it was their greatest protection when they decided to conduct the ritual at that moment.

"Hmph, I don't believe your turtle shell can protect you forever!" Xue Lingzi's eyes were dark, and a vicious glint shone in his gaze. Then, with a wide swing of his arm, he bellowed, "Focus your attacks on a single point and break it!"

The five Blood God Clan elders immediately revealed their fierce faces, while their immense spiritual energies rushed forth, filling the atmosphere and dyeing the entire world blood-red. Then, a sharp bloody scent rose into the sky.

Bang! Bang!

An Upper Earthly Sovereign and five Lower Earthly Sovereigns all combined their strength at once and created loud bangs that shattered the earth. Meanwhile, terrible spiritual energy attacks rained down from the skies, pinpointing a single spot on the water curtain.

Facing the fierce attack, violent ripples ripped through the surface of the curtain, almost covering the entire curtain. The citizens within the city trembled in fear as they looked at the shaking curtain of water.

But, Luo Tianshen was calm and composed, without a single sign of panic on his face. He seemed to be extremely confident in the Great Array of the Luo River. As long as they defended it well, the Blood God Clan could not touch them!

"Luo Li, hurry up," Luo Tianshen mumbled as he stared at Luo Li, who was enveloped in fiercely burning flames.

As long as Luo Li completed her breakthrough, their clan would truly be united. At that time, even if the Blood God Clan were hostile to them, they would have the capacity to fight back.

Roar!

As if hearing Luo Tianshen's voice, the flames surrounding Luo Li suddenly burned even fiercer. The flames rolled and spread, forming a storm of flames and encircling her within it.

Within the dark red storm, blood red flowers were fluttering and dancing. They were beautiful and enticing.

"Ancestors, please protect our Luo God Clan!" Within the dark red storm, the girl's slender hands were clasped together and crimson blood was dripping from her fingertips. She had murmured the plea quietly, as if she was saying a prayer.

Drip!

Blood dripped down into the billowing Luo River, sinking into its deepest depths.

Boom!

At that moment, the Luo River was suddenly boiling and Roselle flowers were dancing all around. The flowers gathered behind Luo Li, then slowly turned into a figure.

The figure was extremely slender. Although her face was blurry, it was clear that the figure had a soul-stirring beauty.

An ancient wind could also be felt emanating from the figure. At the moment the figure appeared, everyone in the Luo God Clan was surprised, as they could feel the power of their bloodline within her.

"Is... is that the Luo God ancestor?" Luo Tianshen shivered and gazed in awe at the figure behind Luo Li.

Then, he could no longer hold back his tears. At their clan's lowest point, their ancestor had really appeared!

The slender figure looked at Luo Li and let out a light laugh. As the laugh resonated in the air, the whole earth turned silent.

Her slender fingers stretched forth, lightly tapping on Luo Li's forehead. In a flash, an endless spiritual light surged out, rushing into Luo Li's mind.

"Is that the inheritance of the Luo God?" one of the three Earthly Sovereigns asked. These three representatives from the royal branch families were red with envy, as they did not expect Luo Li's ritual to achieve this high level!

"Praises to our immortal ancestor! Long live the king!" In the city, the people were excited, and countless figures knelt down in reverence, while a deafening and joyful roar echoed throughout the atmosphere.

Beyond the curtain of the Great Array of the Luo River, Xue Lingzi's face was completely pale. In the depths of his eyes, there was a dark tint of fear and fright. Luo Li had clearly made him felt threatened.

Seeing that the water curtain had remained intact, even under their ferocious offense, he bellowed, "What are you all waiting for?"

His bellowing echoed in the skies, and even Luo Tianshen's eyes were frozen for a moment. Could he actually be calling out for the Strength God Clan and the Bone God Clan?

As Luo Tianshen was focused on the other two clans, he did not notice the three Lower Earthly Sovereigns from the branch family who were trying to sabotage the ritual. One of the elders took a few steps forward, getting closer to the Luo River.

"What are you doing?" Luo Tianlong, who was observing the three, immediately asked.

Swoosh!

Just as he finished his sentence, the two other Lower Earthly Sovereigns appeared before him, blocking his way. In an instant, the elder that went to the Luo River took out a jade bottle that was filled with a black liquid from his pocket. He then poured its entire contents into the river.

Bang!

The jade bottle shattered, and a black wave suddenly rushed out in all directions. The black wave was emitting an extremely dark and cold energy fluctuation. Every spot it touched on the river turned into ice immediately.

As the river froze, the Great Array of the Luo River was compromised. So, with a quake, a part of the water screen started to crumble.

"You are seeking death!" When he saw this, Luo Tianshen's eyes were about to pop out of their sockets. He scolded them with a loud roar.

He had not expected that the people from the branch family could be so shameless! They had obviously been colluding with the Blood God Clan from the start.

Bang!

A vast and terrifying spiritual energy burst forth from Luo Tianshen's body. He immediately aimed a murderous look at the three traitors, then his body rushed forward.

Swoosh!

But, as he rushed forward, a bloody wave flowed past him, while Xue Lingzi came in through the broken hole in the Great Array of the Luo River, blocking him from the front.

"Luo Tianshen, you were celebrating too early just now!" Xue Lingzi stopped Luo Tianshen in his tracks and showed an eerie smile. He then bellowed, "Break the ritual!"

He was obviously beckoning the five Lower Earthly Sovereign from the Blood God Clan. Just as he finished saying this, three of the five Lower Earthly Sovereigns, who were trying hard to expand the hole in the water curtain, rushed out and entered the hole with a bloody aura.

"There shall be no mercy given to those who dare offend our king!" When they rushed toward Luo Li, countless roars echoed on both sides of the Luo River.

Luo Qingya and Luo Xiu flew up in a burst, and the troops behind them were in the air as well. A violent fighting intent exploded forth, transforming into waves that crashed into the three Lower Earthly Sovereigns.

"Hmph, what a futile attempt!" One of the Lower Earthly Sovereigns spoke coldly, then appeared before the rushing spiritual intent. A terrible red spiritual energy burst forth, and he blocked Luo Qingya's and Luo Xiu's armies all by himself!

Meanwhile, the two other Lower Earthly Sovereigns were charging toward Luo Li...

"Protect the king!" At this moment of crisis, countless figures shot out from the two banks of the Luo River. The many Nine Grade Sovereigns from the Luo God Clan appeared as well, forming layers of protection in front of Luo Li.

However, the two did not care much about the wall of people protecting her. One of them shot out, and with a stomp of his feet, a Sovereign Celestial Appearance appeared and opened its mouth widely. With a gigantic huff, it sucked in the spiritual energies that were around it.

Roar!

At the next moment, just as the Celestial Appearance opened its mouth, a terrible soundwave reverberated in the atmosphere, completely blowing away all of the Nine Grade Sovereigns at once.

A third Lower Earthly Sovereign did not even look at them, but after penetrating the hole, he shot out a beam of spiritual energy with a flick of his finger, sending it crashing into the White Jade Stage.

The stage cracked, broke, and fell into the Luo River, where it began to float. On top of the stage, Luo Li's eyes remained shut.

"Haha, is there anyone left who can stop me?" While looking at Luo Li, the Lower Earthly Sovereign laughed scornfully. Now that the trump cards of the Luo God Clan were exhausted, this Luo God Ritual could be considered a true failure!

With a grip of his palm, a blood spear appeared in his hands. The point of the spear was pointed at Luo Li, undoubtedly prepared to end her life.

Facing this drastic turn of events, the countless citizens of the Luo God Clan cried out in despair as they looked on. Hearing the desperate cries that filled the city, Luo Li's eyes were suddenly wide open.

However, she could only look on as the Lower Earthly Sovereign came close. She clasped her hands tightly, her fingernails sinking into her palm. She then began biting her lips, causing blood to trickle out of her mouth.

Coming closer and closer, the Lower Earthly Sovereign looked at Luo Li and jeered. "What a waste! Is the ultimate genius of the Luo God Clan going to die at my hands? Little girl, prepare to die!"

His eyes suddenly focused, and a gushing wave of blood gathered on the tip of the spear. The spear then stretched forth, piercing the air and shooting towards Luo Li.

As the spear flew forth, the whole world was quiet. Within the city, countless citizens fell down in despair.

Luo Qingya and Luo Xiu bellowed furiously, invoking their spiritual energies to repeatedly break through the blockage of the Lower Earthly Sovereign that was before them. Luo Tianshen, who was entangled by Xue Lingzi, cried out in despair, while Luo Tianlong was repeatedly forced back by the two Lower Earthly Sovereigns from the branch family.

Luo Li bit her red lips tightly, and a trace of blood trickled down from the corner of her mouth.

Buzz!

Then, the red blood spear tore through the air.

Boom! Boom!

The very moment the spear appeared in front of Luo Li, everyone could hear a sudden and sharp explosion echoing in the air. The Lower Earthly Sovereign from the Blood God Clan seemed to have noticed something, and his face went pale.

Bang!

Something exploded in the sky, and a black light burst forth at an indescribably fast speed. The speed of the light was so fast, even the Lower Earthly Sovereign could not evade it. In his next breath, the light crashed down on him!

Boom!

A loud thunderous noise reverberated in the air, and countless observers dropped their jaws as they saw the surface of the Luo River cave in! Waves that were hundreds of thousands of feet tall arose in the air, only to crash down as a torrential rain.

"What's that?" an onlooker wondered aloud, as everyone looked on with shocked expressions.

The powerful individuals from all sides had simultaneously stopped at the moment. They were all staring at the Luo River with fearful eyes. Only when the rain cleared up slightly, could they finally see anything.

The Lower Earthly Sovereign from the Blood God Clan was floating on the river like a dead fish. On his back, a figure donning black was pressing his hand onto the Lower Earthly Sovereign's head and kneeling on his broken spine with his knee. This scene was utterly overwhelming!

The rain continued, as Luo Li also stared at the figure who descended like a god. She was a little shaken, but she was able to clear her mind after a few moments. Then, her beautiful crystal eyes opened wide, and an expression of disbelief slowly crept onto her exquisite countenance.

The black figure then raised his head and looked at the face that was before him. He appeared as if he had missed it dearly.

As a gentle smile appeared on his young and handsome face, he put his right hand on his chest, gave a slight bow, then said laughingly, "My queen! Your knight is here."

#### **Chapter 1212: Meeting Again**

Torrential rain poured down, and the whole world seemed to be shrouded in a curtain of rain. Luo Li stared at the young man and smiled gently in disbelief. She had missed this familiar face for countless nights, but when he really appeared, it made Luo Li feel utterly surreal. She feared that it was a mere illusion, and that would be too cruel.

She stared at the young man in front of her eyes, and a moment later, she said in a trembling voice, "Is it really you... Mu Chen..." As she spoke, she could not help but stretch out her hand and try to touch his face, but she stopped a little timidly as she approached.

Seeing such a rare, fragile side of her, Mu Chen felt his heart shatter knowing that if it had not been for Luo Li's deepest yearning, she would not have appeared so vulnerable with her calm and quiet personality. Therefore, the smile on his face became gentler. He leaned forward, and Luo Li's cold trembling hands stroked his face.

"Luo Li, it's me." He smiled and said in a firm voice, "I've come for you."

Feeling the warmth on her hands, Luo Li finally determined that Mu Chen was really there. She could not help but bite her red lips, as tears condensed in her crystal-eyes that mesmerized Mu Chen.

Ever since she had returned to the Luo God Clan, no matter how difficult the predicament was, Luo Li only showed her strong side. However, at this moment, facing the familiar countenance in front of her, Luo Li's strength in her heart instantly crumbled.

The face in front of her had become much more mature compared to when they had parted ways. Thinking about how many life-and-death ordeals Mu Chen had to go through to attain this kind of perseverance, Luo Li's tears finally coursed down her cheeks.

Mu Chen's gaze was still bright and confident, and although he concealed it very well, Luo Li could see a trace of exhaustion on his face. The perceptive Luo Li understood everything instantly. Mu Chen had somehow gotten wind of where she was now, and he rushed madly to her so he could appear in front of her at the critical juncture.

"Mu Chen..." Luo Li smiled gently, just calling his name. At this moment, the years of bitter waiting became as sweet as honey. She felt so content, that she would remember this even if she died.

The smile on her tearful face was so beautiful that the raging storm between the heavens and earth paled in comparison. Mu Chen was similarly stunned, as he stared at her beautiful face that could cause the downfall of cities and countries.

Outside of the Luo River, everyone's attention converged on the two.

"Who's that?" Countless men in the crowd whispered to each other, shocked. Mu Chen had wrecked the Earthly Sovereign from the Blood God Clan upon his arrival, and although it was out of the blue, it showed his prowess.

Those who did not know much about the Luo God Clan speculated that the figure clad in black robes should be a hidden powerful Sovereign of the Luo God Clan. However, Luo Tianshen and Luo Tianlong were similarly confused. They were extremely clear about the details of the Luo God Clan, and in the clan, only royals had direct lineage. There were no other Earthly Sovereigns except the two of them.

Luo Tianshen stared at the black-robed figure facing away from them. Looking at Luo Li's expression, suddenly his heart jolted. Realization dawned on him as disbelief and shock flashed in his gaze.

"It's not possible, is it? Absolutely impossible!" Luo Tianshen murmured, immediately dismissing his speculation. He shook his head and suddenly looked at the Blood God Clan's Earthly Sovereign whom the black-robed figure was stepping on as he roared, "Watch out!"

Boom!

At the moment Luo Tianshen yelled, a ferocious beam of blood-red spiritual energy burst out from the Blood God Clan's Earthly Sovereign. His body twisted like a snake, and he squirmed away from Mu Chen's foot. In a flash, he appeared behind Mu Chen.

With a menacing expression, he dealt out a blow as his palm turned blood-red. The stench of blood and rot charged brutally towards Mu Chen. The Blood God Clan's Earthly Sovereign roared, "I'm going to tear you to pieces!" as Mu Chen's previous blow had utterly humiliated him. He had to kill the man in front of him to vent his hatred.

Mu Chen's sudden attack had rendered him unconscious, but an Earthly Sovereign was highly tenacious, and it would not be easy to kill him. Naturally, he did not think that he was inferior to Mu Chen, and he had been badly beaten before because he had been caught by surprise.

Boom!

The bloody palm shattered the space and reached Mu Chen's back in an instant. However, when it was about to land, a slender palm appeared out of nowhere, like a hawk's claws, and grasped his palm. This seemingly bloody palm of destruction was rendered immovable under the slender palm's grip.

"How is this possible?!" The Blood God Clan's Earthly Sovereign looked shell-shocked as he stared in horror.

Crash!

However, before he could snap out of his shock, the black-robed man in front of him moved. He kicked crisply as the sound of a sonic boom rang out. Afterimages surfaced as the terrible spiritual power contained therein was enough to shatter the space. Numerous spatial shards accompanied by the kick dealt a fierce blow towards the Blood God Clan's Earthly Sovereign's chest.

Spurt!

The Blood God Clan's Earthly Sovereign spurted out a mouthful of blood as his chest caved in. Blood fog burst out of his body, and his body shot backwards like a cannonball, flying tens of thousands of meters above the river. He then stopped as he spewed several mouthfuls of blood again. His face was deathly pale, as he had clearly been gravely injured.

A shocked commotion once again rang out among the crowd.

This time, even Xue Lingzi's eyes narrowed sharply. If their Earthly Sovereign had been caught unprepared before, this time, he had struck first. But even so, he was still destroyed effortlessly by the black-robed figure.

Who exactly was this man?

While everyone was shaken, Mu Chen glanced at Luo Li as he gently wiped away the water droplets on her face. He smiled and said, "You can complete the Luo God Ritual in peace now." He then turned around slowly amid the sea of shocked gazes.

Hiss!

When the crowd saw his young face, everyone gasped. Apparently, no one had thought that the mysterious Sovereign who could wreck a Blood God Clan's Earthly Sovereign would be so young.

Only Luo Tianshen's gaze turned somber at this time. He looked at the young face in a trance. Although there were no traces of youth on the face, he immediately recalled that this mysterious Sovereign was the weak young man who had stood in front of him in that Northern Heaven Spiritual Academy...

"So... It's really him!" Luo Tianshen was still in disbelief. It had only been a few years. Mu Chen then had not even stepped into the Sovereign-stage, but now... he was already an Earthly Sovereign?!

Even Luo Li with her amazing talent had gone through the Luo God Clan's cultivation with abundant resources. Thus, she could complete the accumulation and begin to break through! However, this Mu Chen, who did not seem to have much background, was able to achieve this rank in just a few years. What kind of freak was he?

He remembered in a trance that when he was in the Northern Heaven Spiritual Academy, he had been trying to use Luo Xiu and Luo Qingya's outstanding achievements to daunt Mu Chen, who was still a youth. Mu Chen had responded with, "When I'm their age, I will far surpass them."

Luo Tianshen had laughed Mu Chen's words off. He had not regarded the youth seriously and merely dismissed him, thinking he was immature and arrogant. However, he now understood that he was the one who had embarrassed himself, an old fogey that was too stubborn and pedantic.

Luo Tianshen's gaze was complicated as he looked at the young man standing tall. He then shook his head with a bitter smile.

Luo Li, it seems that your foresight was much stronger than Grandpa's. We all thought you had found an ordinary stone. But only you truly knew and believed how dazzling that stone would be when its impurities were worn away.

In the distance, Luo Qingya and Luo Xiu stared at Mu Chen's figure as they recognized him. When they followed Luo Tianshen to the Northern Heaven Spiritual Academy, Mu Chen at that time was unusually weak and unremarkable.

Who would have thought that the young man they had looked down upon now was above them... They both liked Luo Li and treated each other as competitors, but now they discovered that their competition was utterly childish. The two men looked at each other with bitter smiles, apparently frustrated.

As the crowd was shocked by Mu Chen's youth, a grave roar reverberated suddenly. "Who are you, boy?" Xue Lingzi glared at Mu Chen, his deep eyes filled with hatred. Had it not been for Mu Chen, they would have thwarted the Luo God Ritual.

However, Mu Chen ignored his harsh question and merely glanced at Luo Tianshen. He clasped his fists together and said, "My greetings to Clan Leader Luo." His clear voice spread over the Luo River. The young man was standing straight, his eyes bright, as numerous people in the crowd admired his demeanor, praising that he was worthy of being a supreme talent.

Luo Tianshen looked at the youth's bright demeanor, and an awkward smile surfaced on his wizened face. He did not know how to face this young man. After all, he had separated the young couple for so many years.

In the distance, Xue Lingzi's gaze turned cold as he saw that Mu Chen had blatantly ignored him. A terrifying bloody aura emanated from him. He stared at Mu Chen indifferently, but anyone could feel the depth of the murderous intent in his eyes.

"Young man, why don't you dare to say who you are?!" As an Upper Earthly Sovereign, his terrifying aura swept out as the whole world trembled and the wind howled.

However, under this startling aura, the young man above the Luo River smiled faintly. Instead of retreating half a step, he stepped forward and completely shielded Luo Li behind him. Under the torrent of bloody aura, the youth's calm but coldly murderous voice rang in the heavens and earth, "Tianluo Continent, Master of the North Territory's Mu Estate... Mu Chen."

## [The Great Ruler](#)

### **Chapter 1213: I'll End Them for You**

"Tianluo Continent? North Territory Mu Estate?" When Mu Chen's calm voice rang out over Luo God City, Xue Lingzi's brows knitted together.

The Tianluo Continent was a supercontinent, and he had naturally heard of it, but the so-called North Territory was quite unfamiliar to him, not to mention Mu Estate, which he had never heard of. At the thought of this, Xue Lingzi's worry gradually receded.

He had thought that Mu Chen hailed from some terrifying ancient clan or something. Now, it seemed that he no such fearful background!

"What Mu Estate? I've never even heard of it." Xue Lingzi's chilling gaze landed on Mu Chen.

He then said coldly, "Young man, I will take into account that you worked hard on your cultivation. If you leave immediately, all will be well. Otherwise, I will show you how foolish it is to offend the Blood God Clan!"

He thought that he had shown enough courtesy to Mu Chen. But, Mu Chen only laughed, then raised his finger and pointed to somewhere in the distance and said, "You old fogey! You pride yourself on being a veteran... Get, out, now!"

Mu Chen's face turned cold as he said the last three words. His low voice contained a strong murderous intent as it reverberated in the heavens and the earth like a roll of thunder.

The crowd was stunned. They stared dumbfounded at Mu Chen and were clearly shocked. After all, Xue Lingzi was a true Upper Earthly Sovereign!

Moreover, he had the powerful backing of the Blood God Clan! He was a real behemoth, and even though Mu Chen's power as a Lower Earthly Sovereign was quite remarkable, he was still too young to clash with the Blood God Clan head-on.

Amid the silence, Xue Lingzi's expression turned eerily solemn, while he stared at Mu Chen. A moment later, there was a chilling smile at the corners of his mouth.

"A newborn calf is not afraid of a tiger! You little brat!" Xue Lingzi smiled menacingly as he waved his palm and said, "Since you are so arrogant... Xue Tong, Xue Shou, Xue Yi, let him fall here!"

Whoosh!

Behind Xue Lingzi, three beams of blood-red light emerged, while the other three Lower Earthly Sovereigns of the Blood God Clan flashed out. Their eyes were ferocious as they looked at Mu Chen. It was like watching a lamb waiting to be slaughtered.

As the crowd saw how the Blood God Clan had just sent three Lower Earthly Sovereigns to deal with Mu Chen, there immediately descended into an uproar.

They despised such underhanded means, but they also could say nothing. After all, this was not a fair duel, but a fight over the survival of a race.

Thus, the forces from the Little Western Kingdom who had come to watch just shook their heads secretly, feeling sympathy and regret for the gifted young man. With his young age and immense talent, he would one day be quite remarkable, but he had to survive this first!

Clearly, they did not believe that such a young Lower Earthly Sovereign had the slightest chance of escaping from the three Lower Earthly Sovereigns, all of whom had been famous for many years.

"Xue Lingzi, if you want to behave atrociously in my Luo God Clan territory, you have to get past me first!" Amid the sea of sympathetic glances, Luo Tianshen roared fiercely and glared at Xue Lingzi furiously.

A vast spiritual energy burst out of his body like a storm, and a huge Sovereign Celestial Body gradually condensed. Since Luo Li was the reason that Mu Chen came to the Luo God Clan, he was determined to protect Mu Chen. Otherwise, he would be ashamed to see his granddaughter.

"You useless old man! You were seriously wounded by my Blood Demon Curse, and still have yet to recover! You think you are qualified to speak harshly in front of me, especially when you are on the verge of death?" In the face of Luo Tianshen's majestic aura, Xue Lingzi cackled, his laughter full of disdain.

As he laughed, he stepped out. Immediately, a gushing sea of blood condensed behind him, then turned into an incomparably massive Blood Shadow Celestial Appearance. As the Celestial Appearance breathed, a blood fog permeated the air. Even the space melted and corroded amid the blood poison within the fog.

"What are y'all waiting for?" When Xue Lingzi summoned the Sovereign Celestial Appearance to suppress Luo Tianshen, his dark eyes looked at the three Lower Earthly Sovereigns.

Immediately, Xue Shou, Xue Tong, and Xue Yi, the three Blood God Clan Elders, transformed into three streams of light and shot across the sky, carrying terrifying spiritual energy fluctuations as they charged towards Mu Chen.

"Stop them!" Luo Tianshen roared furiously.

Upon hearing this, Luo Qingya and Luo Xiu charged towards the three Lower Earthly Sovereigns, while activating their majestic fighting intent. The other Luo God Clan Sovereigns also charged out courageously.

However, in the face of three Lower Earthly Sovereigns, their attempts were useless. The three blood-red beams of light charged straight through them, destroying their defenses one by one. In a moment, the Luo God Clan was close to defeat.

The members of the Luo God Clan turned deathly pale once again. They were also fully aware that, even though Mu Chen was a Lower Earthly Sovereign, he could not help turn the tides for the Luo God Clan.

Luo Tianlong was also trying to help Mu Chen, but he was entangled with the three Lower Earthly Sovereigns, all of whom were part of the Luo God Clan Royal Divisions. Were it not for these three men, who did not truly want to engage in a life-or-death battle with him, even he would be in a desperate position at this time.

"Luo Tianlong, don't struggle any more. The growth of the Blood God Clan's power is irreparable, so we are doing this to preserve the Luo God Clan! Otherwise, our clan will be destroyed!" one of the three Lower Earthly Sovereigns of the Luo God Clan Royal Divisions said. They clearly did not want to see Luo Tianlong fall here.

However, even after facing their solicitation, Luo Tianlong responded only with a disdainful gaze. He was not interested in replying.

So, the three Lower Earthly Sovereigns could only strengthen the blockade. It was akin to an iron cage locking in a ferocious tiger, as Luo Tianlong charged again and again, trying to escape, but only injuring himself in the process.

The heavens and earth once again descended into chaos. Meanwhile, from a tower in the Luo God Clan, several figures looked at the terrible situation from afar.

"Are we not striking now?" Liu Tiandao asked in a low voice, looking at the three Blood God Clan Lower Earthly Sovereigns who were charging towards Mu Chen.

Mandela, who was standing in front, had her eyes closed and said nonchalantly, "Hurry up and recover."

At this time, the four of them, including Liu Tiandao, were not in their peak states after their recent period of hectic travel. After all, they did not have Mu Chen's abnormally fast recovery time, so their current spiritual power had not yet been fully restored.

The Netherworld Palace Master hesitated for a moment, then said,

"Those are three Lower Earthly Sovereigns."

He seemed to remind Mandela that, although Mu Chen was strong, it was too dangerous for him to face three Lower Earthly Sovereigns alone. After his reminder, however, Mandela smirked.

She then glanced at Liu Tiandao and said, "Have a good look at your Estate Master's means. Now, hush and take a breather. Things won't be that simple here..."

Mandela's eyes then glanced towards the distance casually.

...

As Mu Chen stood above the Luo River, he looked at the three beams of blood-red light that were shooting towards him at an astonishing speed. However, what was surprising was that his expression was not panicked at all. Instead, a cold murderous intent flashed in his eyes.

"Mu Chen..." Luo Li's voice rang out from behind him. As she also saw the three Earthly Sovereigns charging towards Mu Chen, worry surfaced in her gaze.

She then asked softly, "Do you need my help?"

Mu Chen smiled and replied, "Your Spiritual Calamity is coming."

At this time, the sky above Luo Li had layers of spiritual clouds converging within it, all of which were signs of the Spiritual Calamity's arrival. Thus, she could not battle with the others now. Luo Li understood this and bit her red lips.

Huff.

Mu Chen took a deep breath, and as he turned his head to look at Luo Li, he smiled gently and asked, "Luo Li, do you believe me?"

Luo Li returned a fond smile and replied, "What do you think?"

Mu Chen grinned, then stepped on the surface of the water slowly. As water ripples emerged at his feet, his voice rang out, "Go through the Spiritual Calamity in peace. As for these three mad dogs, I'll end them for you!"

### The Great Ruler

#### **Chapter 1214: What Terror Was**

Boom!

Three majestic beams of blood light ravaged the Luo God Clan's line of defense made up of countless Sovereigns. Three cold and menacing glares locked onto Mu Chen from afar.

Three massive water marks were torn into the Luo River below, all because of the Blood God Clan elders' swift speed. The marks did not fade for a long time. The trio was extremely fast as they approached Mu Chen almost instantly.

The crowd looked on anxiously. Although they all thought that Mu Chen in this state of affairs was bound to be hopeless, they could not help but ponder as they saw Mu Chen's young and calm face. Is it true that this young man still has hidden means up his sleeve?

Whoosh!

As they pondered, Mu Chen finally moved, but he did not take the initiative to clash head-on with the three Blood God Clan elders. However, he turned and charged towards the right swiftly like a lightning bolt.

"Haha, boy, weren't you very arrogant before? Why are you running now?" The three Blood God Clan elders burst out laughing disdainfully. In their view, there was no difference between Mu Chen's evasive behavior and surrendering.

The crowd watching was also somewhat disappointed. They immediately laughed at themselves because of their own mentality. After all, if any Lower Earthly Sovereign encountered suppression by three of the same rank, they could only afford to escape.

However, in the face of the Blood God Clan elders' sarcasm and countless disappointed gazes, Mu Chen's expression was still calm. His speed was extremely fast, and this also led to the distance beginning to increase, despite the rapid pursuit of the three Blood God Clan elders.

Elder Xue Yi's speed was the fastest, and he was only slightly slower than Mu Chen. Thus, he was in the front. Behind him was Elder Xue Tong, and finally, Elder Xue Shou.

No matter how hard Elder Xue Yi pursued Mu Chen, he was still some distance away. He finally grew frustrated and roared coldly, "Boy, if you run away like a mouse again, then I'll have to do something about Luo Li."

His exclamation seemed so effective that Mu Chen stopped in the distance. He then turned around, but to Elder Xue Yi's surprise, Mu Chen's smile was full of contempt. "Do you really think I'm running away?" Mu Chen smiled at him.

However, before Elder Xue Yi could answer, everyone could see that Mu Chen had suddenly clasped two hands together, conjuring a mysterious seal.

Boom!

Just as Mu Chen conjured his seals, Elder Xue Yi suddenly realized that behind the Luo River, an endless spiritual light surged. The low roar of a dragon reverberated.

Elder Xue Yi turned his head immediately, and then his pupils shrank. In a region behind him, the Luo River was torn apart as it rolled tumultuously. Countless rays of spiritual light converged and formed a huge spiritual array. In that spiritual array, seven mighty spiritual energy dragons quickly took shape. As they circled, there was an outbreak of terrible spiritual power. Elder Xue Tong, who had followed him, was shrouded in that spiritual array.

Woah!

This was an unexpected scene that set off a deafening rattle. The crowd was shocked as they looked at that huge spiritual array. They sensed incredibly powerful spiritual energy fluctuations from that spiritual array.

"That's an Ancestral Master's Spiritual Array!"

"Oh my god. This Mu Chen is actually a Spiritual Array Ancestral Master?!"

All the strong people were staring at each other, as they obviously didn't think that this young Lower Earthly Sovereign was also a Spiritual Array Ancestral Master!

Finally, there was a perceptive man who was aware of Mu Chen's intentions who immediately exclaimed, "So he wasn't running away. He deliberately increased the distance between himself and the three Blood God Clan elders. With the help of the Luo River, he then secretly arranged a spiritual array, and when Xue Tong stepped into it, it activated to trap him!" His face was full of appalled shock. The young man was so terrifying that the three Blood God Clan elders had already fallen into his trap when they first struck.

This young man has unexpectedly cunning means!

Xue Lingzi, who had summoned the Sovereign Celestial Appearance to suppress Luo Tianshen looked at this scene, furious, but at the same time, his heart jolted. Even he had not been aware of how Mu Chen had laid out an Ancestral Master's Spiritual Array. Although this was concealed by the Luo River, it also showed that Mu Chen had great skill in setting up spiritual arrays.

"Where on earth did this freak come from? How could he even reach this stage of spiritual array cultivation?" Xue Lingzi was frustrated and shocked. If an ordinary person this age could attain one of these achievements, they would far surpass others of the same age and be hailed as a supreme talent. However, Mu Chen had accomplished both. What kind of talent and luck did it take?

Such a person, if given enough time to practice, may in time be at the pinnacle of the Great Thousand World. Once he achieves that, what we have done today will lead to destructive revenge. At this thought, Xue Lingzi's gaze turned chilling. Since the matter had reached this stage, it was too late to

stop. Thus, they could only completely obliterate this boy who would become an invincible master in the future!

Xue Lingzi's eerie voice rang out again, "Xue Yi, Xue Shou, kill him!"

Upon hearing this, Xue Yi's gaze was chilling as he roared, "Even if you trapped Xue Tong, both of us can still kill you effortlessly!"

Mu Chen glanced at Elder Xue Shou, who was approaching Xue Yi, as he smiled and said, "He won't be able to come over."

Xue Yi's eyes narrowed as he smiled coldly. "Oh? Do you want to tell me that in such a short period of time, you have arranged two spiritual arrays of the same rank?"

"Not a spiritual array..." Mu Chen shook his head gently. With a flick of his finger, the river in the distance roared. In the next moment, thousands of shadows emerged from the bottom of the river like a storm. They hovered in front of Elder Xue Shou like an unbreakable natural barrier, barricading him and Elder Xue Shou.

Boom!

As thousands of figures appeared, a terrible fighting spirit swept out like a ferocious tide, as if layers of tornadoes had entrapped Elder Xue Shou within. The fighting spirit dominated the space, and the city had become completely silent.

Everyone stared at the thousands of figures, and naturally they could see that it was an extremely elite army. However, it had no life and had been concocted by black magic before it had fallen. This army was extremely powerful, enough to counteract a Lower Earthly Sovereign, but it was not this that terrified them. If one wanted to command such an elite army, that was to say, Mu Chen... was also a war troop dispatcher! Furthermore, he was a 1,000,000 battle rune war troop dispatcher!

Gasp!

The whole city was silent and everyone was appalled. They stared at the young figure standing above the Luo River as gasps continued to ring among the crowd. At that moment, they vaguely knew what exactly terror was.

Such a young Lower Earthly Sovereign, although rare, was not worth inducing disbelief. However, if he was also a Spiritual Array Ancestral Master, it was enough to make one feel truly shocked. If you added a 1,000,000 battle rune war troop dispatcher to it, that really made people feel like they had crumbled inside.

Luo Xiu and Luo Qingya stared at this scene, utterly stunned. With the help of the Luo God Clan's many resources, they had gradually become war troop dispatchers. However, they had only just reached the rank of 100,000 battle rune war troop dispatcher, but Mu Chen had reached the level of a 1,000,000 battle rune war troop dispatcher...

At this moment, they really could not afford to compete with Mu Chen. They looked at each other, smiled bitterly, and were a little relieved. Perhaps only such an outstanding person could really deserve Luo Li, who was perfect.

"War troop dispatcher..." Xue Lingzi glared at the scene, his eyes turning crimson. He gritted these three words out with clenched teeth as his eyes twitched. The murderous intent in his heart surged wildly.

On the opposite side of Xue Lingzi, Luo Tianshen was also somewhat dazed. A moment later, he took a deep breath and suppressed the billowing waves in his heart. At this time, he just understood why Mu Chen had the courage to come to them. It turned out that in this short period of time, the youth had begun to grow into a behemoth.

In the face of Mu Chen now, even those as strong as Luo Tianshen felt fear.

At this moment, he suddenly remembered the words of the young man who looked helpless when he had taken Luo Li away. He said, next time, he would never let anyone take her away from him.

Luo Tianshen at that time obviously did not care about such words, but it was obvious that over the years, the young man had been doing his best and working hard for this. He did not know how Mu Chen cultivated this, but he could guess that it must have been through countless life and death encounters.

This guy just had that terrifying persistence and resilience.

In the sea of shocked glances, Xue Yi, who was standing opposite Mu Chen, looked at the scene in disbelief. Xue Tong was trapped by an Ancestral Master's Spiritual Array, and Xue Tong was entangled by a terrible army...

Their absolute advantage had been eroded with a snap of the youth's fingers. Staring at the smiling young man, even a character like Xue Yi felt fear creeping up his spine. However, in the face of Xue Yi's twisted expression, Mu Chen stretched lazily. He then pointed in the air.

Buzz!

A majestic golden light gathered behind him, as hundreds of millions of golden lights surged. As the crowd looked on, a huge purple-gold silhouette stood behind Mu Chen, emanating a mysterious and immortal aura.

Purple-gold light shrouded the space as Mu Chen looked up and smiled at the stiff Xue Yi. His voice rang out and spread across the river as cold sweat dripped down Xue Yi's forehead.

"Now it should be possible to fight one on one, right?"

### **Chapter 1215: Acheron Blood Sea**

Above the Luo River, the waves were still surging tumultuously, but the tides had finally turned. The menacing three Earthly Sovereigns from the Blood God Clan were now trapped by a huge spiritual array and haunted by an elite army.

The only person who could stand in front of Mu Chen was Xue Yi. However, Xue Yi did not want to be the one to confront such a formidable opponent.

Bright purple gold light rose from above the Luo River, as a purple gold silhouette stood behind Mu Chen. It was not as tall and huge as other Sovereign Celestial Appearances, but the silhouette's purple

gold light emanated a mysterious and immortal-like aura. This was naturally Mu Chen's Immortal Golden Body.

Mu Chen stood before the Immortal Golden Body, his eyes staring straight at Xue Yi, who was breaking out in a cold sweat. He then asked nonchalantly, "Didn't you tell me not to try to escape?"

When he heard this, Xue Yi's face suddenly paled, then turned green. In the face of Mu Chen's mockery, he was obviously ashamed and angry. But, what really shocked him was the spiritual array and the battle array previously, which had been completely suppressed by Mu Chen's aura!

"You fool, entangle him! As long as Xue Tong and Xue Shou break out, his death will surely come!" A roar of rage rang out like thunder, emitted from Xue Lingzi's lungs.

After hearing Xue Lingzi's roar, Xue Yi finally recovered his lucidity, freeing himself from Mu Chen's suppression. Mu Chen was not to be underestimated, but Xue Yi could at least arrange a spiritual array and control his fighting spirit at the same time.

If he focused, no matter if it was a spiritual array or an elite army, it was enough to counteract a true Lower Earthly Sovereign and gain a great advantage. Unfortunately, he could not manage to concentrate.

Therefore, he found that it was absolutely impossible for an Ancestral Master's Spiritual Array, which is temporarily left alone, to trap an Earthly Sovereign long enough to produce any worthy effects! The same was true of the elite army.

In the face of Xue Tong and Xue Shou's full attack, they would not last. Moreover, once the two broke out, they could join hands again. No matter how many tricks Mu Chen had up his sleeve, he would be in a desperate situation.

Clearly, it was not possible to clash with three Earthly Sovereigns of the same rank as him, so Mu Chen decided to use the power of the spiritual array and army to break up their strengths.

That is to say, as long as Xue Yi stay entangled with Mu Chen, he could buy time for Xue Tong and Xue Shou to break out! Then, they could truly win!

At the thought of this, Xue Yi's expression turned cold, while his previous panic completely dissipated. He raised his head to look at Mu Chen with a chilling glance.

Xue Yi then said, "It seems that your plan is not as perfect as you thought."

"Are you sure you can make it until then?" Mu Chen looked at Xue Yi, who seemed to have restored his confidence.

Xue Yi's glance turned grave as he sneered at Mu Chen. "I was fearful of your spiritual and battle arrays. Now, I don't even want to beat you. But, if I want to stop you for a while, I could. I think you may be overestimating yourself."

Buzz!

As Mu Chen finished speaking, a glowing blood red spiritual energy burst out of his body, then turned into a monumental figure of blood. That blood-like shadow donned an exceptionally dark red Kasaya,

which was a patchwork outer vestment that was worn by Buddhist monks. It emanated a strong stench of blood and rot.

Meanwhile, cracks appeared in the surrounding space, as if the space had been corroded. This was the Sovereign Celestial Body that was practiced by Xue Yi, the Blood Kasaya Celestial Body.

It was a Celestial Body that was ranked highly in the Blood God Clan, as well as being ranked 51st on the List of 99 Sovereign Celestial Bodies. Clearly, Xue Yi's confidence was supported by this strength.

The Blood Kasaya Celestial Body stood tall, while the aura of blood permeated the space. Even the sky turned a crimson red shade. Compared to the Blood Kasaya Celestial Body, which was 10,000 feet tall, the Immortal Golden Body was completely dwarfed.

The crowd could not help but murmur about this scene. After all, the Sovereign Celestial Appearance was basically determined by its own spiritual power. Normally, the greater the Sovereign Celestial Appearance was, the greater its ability to absorb more of the world's spiritual power became. At the same time, its power could also grow.

After Xue Yi moved to appear on the Blood Kasaya Celestial Body's shoulder, he looked down at the Immortal Golden Body behind Mu Chen and sneered. "It seems that the Ancestral Master's Spiritual Array and the task of maintaining control over the army have consumed a lot of your spiritual energy."

Mu Chen only smiled after hearing his comment. It was apparent that he had no interest in Xue Yi's petty words. He moved and landed on top of the Immortal Golden Body's shoulder, then smiled at Xue Yi and said, "Make the best out of your time then."

His nonchalance infuriated Xue Yi, as his cocky attitude was humiliating to him. Mu Chen's was an attitude that he had not seen in years!

"I would like to see you when they break out later, as I wonder if you will still be as arrogant then?" Xue Yi smiled with rage, then conjured up seals with both of his hands.

As he opened his mouth, blood red torrents roared out of it, then immediately transformed into a blood red sea. Within the sea of blood, skeletons floated eerily, while emanating a chilling aura.

"Acheron Blood Sea!" Xue Yi yelled, while he glared at Mu Chen.

Then, with a wave of his hand, the blood sea surged. He did not show any mercy, immediately dealing a fatal blow.

This Acheron Blood Sea was a famous move in the Blood God Clan. To achieve this skill, one had to first commit many brutal killings, using their blood to converge into the sea. Then, the blood would be refined by a black magic within the Acheron Blood Sea. This was possible because the seawater had an extremely powerful corrosive force, which was especially fatal to Sovereign Celestial Appearances.

Over the years, Xue Yi had fought with numerous Lower Earthly Sovereigns. Some of his opponents' Sovereign Celestial Bodies had fallen into the Acheron Blood Sea and had instantly been utterly corroded.

As the sea of blood roared across the sky, everyone's eyelids twitched. They were apparently quite familiar with the Blood God Clan's evil super power.

The Acheron Blood Sea descended from the sky and enveloped Mu Chen and his Immortal Golden Body. The tides continued to roll, drowning the Immortal Golden Body within them.

Seeing this scene, everyone became tense. Those who were clear about how formidable this super power was were horrified, as many Sovereigns had already fallen prey to its evil techniques over the years.

"Haha, what a conceited fellow!" Seeing Mu Chen and his Sovereign Celestial Appearance engulfed by the Acheron Blood Sea, Xue Yi laughed maliciously.

Using this technique, he had, over the years, gained the advantage in his dealings with Sovereigns at the same level. Those who underestimated it had all paid a heavy price in the end.

At this point, it seemed that this Mu Chen apparently believed that his tactics were not weak, thus, he had not even taken the slightest gesture of evading Xue Yi's attack. In the end, Mu Chen was enveloped by the Acheron Blood Sea!

This fool would surely regret this act!

Amid Xue Yi's cackling, the waves of Acheron Blood Sea continued to roll madly, while the sea's waters' corrosive force erupted to the extreme. Even the sky above this region was shattered.

The Acheron Blood Sea roared with rage, but gradually, Xue Yi's cackle began to freeze. This was because he vaguely felt that something was wrong. The Acheron Blood Sea seemed to become shallow at a rate that was visible to the naked eye.

Hmm? What's going on?

Xue Yi's expression changed, while doubt flashed in his eyes. He was silent for quite awhile. Then, he gnashed his teeth, then sucked in a breath to draw the Acheron Blood Sea back into his body.

He had nourished and cultivated the Acheron Blood Sea for many years in order to achieve this magnitude. If he lost it here, it would be even more painful than cutting his own flesh!

However, as Xue Yi triggered his black magic with the intention of absorbing the Acheron Blood Sea back into himself, he suddenly felt that there was a suction force that was resisting him. Under that suction force, the Acheron Blood Sea rolled backwards at a swift speed.

In just a few moments, the originally monstrous Acheron Blood Sea shrank gradually, revealing Mu Chen and the Immortal Golden Body within it. Mu Chen stood on the Immortal Golden Body's shoulders, a cryptic smile on his face.

The Immortal Golden Body under his feet, had its mouth wide open. Clearly, this was where that terrible suction had originated from! Under that kind of suction, the majestic Acheron Blood Sea was absorbed into its mouth!

Woah!

Upon seeing this, everyone's eyes widened in shock.

Who would have thought that the Blood God Clan's prized Acheron Blood Sea would not only fail to corrode Mu Chen's Sovereign Celestial Appearance, but would instead be swallowed by it!

Xue Yi looked at the scene with a pale face. Meanwhile, Xue Lingzi, who was a distance away, stared at the scene in shock, completely dumbfounded.

The Immortal Golden Body swallowed the Acheron Blood Sea. Suddenly, a blood pearl that was shrouded in purple gold light rose up, which Mu Chen immediately caught in his palm.

After grabbing the blood pearl that contained the Acheron Blood Sea, he looked up at the appalled Xue Yi and smiled. He then threw the pearl at him and asked, "Is this important to you? I'll give it back to you then."

However, when Xue Yi saw the blood pearl being thrown back at him, his face twisted drastically and goosebumps appeared on his skin. He then screamed and retreated madly, as if he had just seen a ghost.

This was because, in that moment, Xue Yi noticed that his bond with the Acheron Blood Sea had been severed completely!

### [The Great Ruler](#)

#### **Chapter 1216: It's Time to Despair**

Whoosh!

The blood pearl soared across the sky and charged straight at Xue Yi. However, his expression twisted dramatically as he retreated in a frenzy. At that moment, he felt that he had lost his bond with the Acheron Blood Sea. Therefore, although the blood pearl contained his Acheron Blood Sea, he was unable to control it. The Acheron Blood Sea no longer recognized him as its master.

The blood pearl was like an extremely dangerous bomb. When it made contact, a terrifying force would erupt.

The Acheron Blood Sea was very corrosive to a Sovereign Celestial Body, and Xue Yi knew this very well. When it was in his hands, it was naturally a sharp weapon, but if it was used as a weapon against him, he would also be afraid of it... and that was happening now.

Facing the blood pearl was like facing a formidable enemy. He could only flounder and retreat amid countless astonished glances, not daring to make contact with it.

Above the Immortal Golden Body, Mu Chen looked at this scene with a calm face. The Acheron Blood Sea was indeed overbearing, and it was also a unique destructive force for the Sovereign Celestial Body. According to his estimate, if he had still been cultivating the Great Solar Undying Body, Xue Yi would have dealt him serious damage. However, his present Sovereign Celestial Body was the Immortal Golden Body, not the Great Solar Undying Body! In terms of ranking, this Sovereign Celestial Body was ranked in the top 15 on the List of 99 Sovereign Celestial Bodies!

Its power was truly formidable.

An immortal aura emanated from the Immortal Golden Body. It could resist all corrosive force, thus it was immune to sinister methods of corrosion and decay such as the Acheron Blood Sea.

The Immortal Golden Body could even swallow the Acheron Blood Sea without dealing damage to itself and compress it into a blood pearl. It could then cover it with Immortal Energy and cut off Xue Yi's control over the Acheron Blood Sea.

At this time, Mu Chen finally experienced this level of Sovereign Celestial Body with the mysterious ability that was unimaginable for lower-ranked Sovereign Celestial Bodies.

"I'll let you be the first sacrifice to my Immortal Golden Body," Mu Chen murmured. This was the first time since he had cultivated the Immortal Golden Body that he had ever truly fought against a Sovereign of the same rank, and he was clearly satisfied with the results.

He looked at the retreating Xue Yi, smiled, and snapped his fingers.

Boom!

Just as the sound spread across the sky, Xue Yi's pupils shrank violently. The blood pearl's speed increased as it appeared before him, and then it exploded. In that moment, the sea of blood surged in a frenzy as the waves charged towards the Blood Kasaya Celestial Body.

Xue Yi screamed, and his seals changed as countless beams of blood-red light erupted from the Blood Kasaya Celestial Appearance. The beams of light quickly transformed into blood-red crystal walls, acting as a protective barrier.

Boom! Boom!

The wave of blood bombarded the crystal walls as they corroded and melted, weakening at a swift speed. They finally shattered into pieces, and the Acheron Blood Sea crashed brutally on the Blood Kasaya Celestial Appearance.

Whoosh!

As the waves surged, blood-red fog rose while Xue Yi's screams of agony rang out.

Buzz!

The Acheron Blood Sea rolled tumultuously as the massive Blood Kasaya Celestial Appearance erupted with powerful spiritual energy. It then charged out of the Blood Sea in a humiliated state as Xue Yi threw out a blood bottle. The blood bottle swept through and absorbed the remnants of the Acheron Blood Sea.

With the eruption of the Acheron Blood Sea, the Immortal Energy in it dissipated so Xue Yi could take it back again. Even so, he was utterly humiliated.

The Blood Kasaya Celestial Body under his feet was dim and had glaring spots of blood that emanated a cold, sinister force. If it were not for Xue Yi and the Acheron Blood Sea's spiritual energy natures being similar to each other, the blood poison would have dealt severe damage. But even so, his Blood Kasaya Celestial Appearance was also severely weakened, and the original magnificent spiritual light had become a lot dimmer.

Everyone stared at this scene and could not help looking at each other. Who would have thought that Xue Yi's overbearing attack not only had no effect on Mu Chen, but Mu Chen had actually returned the same attack back at him, humiliating him.

However, many Sovereigns were perceptive and capable. They glanced gravely at the Immortal Golden Body that was a few hundred feet below Mu Chen. At this point, if anyone still thought that this mysterious Sovereign Celestial Body was in this form because of a lack of spiritual power, then that person was an utter fool. To their dismay, however, they were still unable to recognize what kind of Sovereign Celestial Body Mu Chen had.

They looked at Mu Chen standing nonchalantly on the shoulders of the Immortal Golden Body, but they felt that the young man was becoming more and more unfathomable.

Xue Yi glared at Mu Chen, his face pale and sullen. He then glanced at the spot where Xue Tong and Xue Shou were. The two men were also madly attacking the spiritual array and the elite army, both apparently intending to break out as soon as possible.

Seeing their progress, it was clear that the two men had the upper hand, and that his guess was right. Without anyone's control, an Ancestral Master's Spiritual Array and an army would not be enough to stop the two Earthly Sovereigns.

At this point, Xue Yi heaved a sigh of relief before glaring at Mu Chen. He then clenched his teeth. No matter what, I must stop Mu Chen here!

Having made the decision in his heart, Xue Yi no longer hesitated. He sat down on the Blood Kasaya Celestial Body's shoulder, his hands flashed as he conjured seals, and, at the same time, the Celestial Appearance began to conjure his seals, too.

Buzz!

Countless beams of blood-red light suddenly burst out from the Blood Kasaya Celestial Body. Vaguely, there was a chanting of Sanskrit scriptures reverberating between heaven and earth. However, this chanting was not only unable to make people feel at peace, but instead, bloodthirsty desires emerged from people's hearts.

Xue Yi's eyes were red, and in the next moment, blood seeped out from his body. With a loud roar, an appalling scene appeared, and the skin on his body fell off.

Buzz!

The red skin fell off, and the Blood Kasaya Celestial Appearance roared. The huge blood Kasaya rose on its body and then merged with the skin, forming a massive red Kasaya made of skin. The Kasaya was engraved with countless blood-red runes and ferocious faces.

The whole world was permeated with a bloody aura.

Xue Yi, who was a bloody mess, looked at Mu Chen with his eyes red, and his hoarse roar rang all over the world, "Sovereign Super Power, Blood Demon Kasaya!"

Whoosh!

The massive skin Kasaya descended like a blood-red curtain, enveloping Mu Chen and the Immortal Golden Body. It then closed as if it were a huge blood-red cloth bag, trapping Mu Chen in numerous layers.

An uproar erupted in the crowd, as some who were knowledgeable were shocked. Xue Yi had risen to fame because of the Blood Demon Kasaya. Being enveloped by the massive Kasaya, many blood demons would arise and turn the trapped prey into blood. However, every time he used such a technique, his own defenses were greatly weakened, so he would not use it unless it was absolutely necessary. But now, in order to trap Mu Chen, he obviously did not care about the cost.

"This time, I'll see how you can overcome my Blood Kasaya!" When he looked up, crimson filled Mu Chen's field of vision. He looked at the Blood Kasaya that covered the sun. At this time, the Kasaya was constantly permeated with blood and gradually formed a crimson blood demon that was invisible and intangible. It had the ability to penetrate many defenses, and even spiritual energy could be eroded by it.

"There's some substantial means this time, but it's my turn to strike now." Mu Chen narrowed his eyes and immediately smiled, and then he sat down on the Immortal Golden Body's shoulder. He conjured seals, and as they changed, the Immortal Golden Body suddenly shined with purple gold light. A mysterious purple gold light resembling a python appeared before it.

This purple gold ray of light was one of its Super Powers, the Immortal God Rune! With a look at the Immortal God Rune, Mu Chen changed his seals once again. The spiritual energy surged out his body like a tidal wave as it flowed into the Immortal Golden Body.

If he wanted to break through the Blood Kasaya, it was obviously not enough to rely on one Immortal God Rune. As Mu Chen continued to infuse his spiritual energy, the purple gold light above the Immortal Golden Body grew increasingly strong. One after another, Immortal God Runes condensed on it.

In the Ancient Celestial Palace, Mu Chen could only condense two Immortal God Runes, but after months of self-acclimation with the Immortal Golden Body, his understanding of its Super Power had clearly deepened. One after another, Immortal God Runes gradually emerged.

As Mu Chen condensed Immortal God Runes, countless blood demons charged towards him. However, numerous rays of purple gold light surged out from the Immortal Golden Body as the Immortal Energy swept through, causing the blood demons to retreat. After a dozen seconds, Mu Chen opened his eyes, and the Immortal God Runes that meandered in front of him had reached six marks!

"Immortal God Runes, Myriad of Change." Mu Chen's expression was calm, and with a flick of his finger, the six Immortal God Runes fused together. Purple golden light burst out, and after a few moments, the six runes transformed into a massive Immortal Divine Needle!

Mu Chen looked at the Immortal Divine Needle in front of him and then swung his sleeve. The needle transformed into a ray of purple golden light, rose to the sky, and blasted towards the skin Kasaya.

Mu Chen stared at the Immortal Divine Needle soaring across the sky as he smiled with his hands clasped behind his back.

"I've played with you for a long time. It's now time for you to despair."

## [The Great Ruler](#)

### Chapter 1217: The Fall

In the Luo God City, as the scarlet skin Kasaya hung like a cloth bag in the sky, countless Sovereigns looked at this enigma that had just enveloped Mu Chen. Their expressions were solemn.

It was said that even Earthly Sovereigns of the same rank would have great difficulty getting out of such a conundrum. Even though Mu Chen was extraordinary, it was going to take him a long time to get out.

They then looked in the direction of Xue Tong and Xue Shou, only to see the constant outbreak of horrifying spiritual power that surrounded the pair. In the face of the two's all-out attacks, the spiritual array and the army also seemed to have been worn down.

In such a situation, it was very likely that when Mu Chen broke through, he would once again face the entrapment of the Blood God Clan's three Earthly Sovereigns. After suffering their previous losses, the three would no longer give Mu Chen the opportunity to break through and attack them, so it would be difficult for Mu Chen to counteract their aggressions.

Some Sovereigns sighed secretly as they thought of this. It looked like the Blood God Clan had turned the tides again. This situation, of course, was also discovered by many powerful Sovereigns of the Luo God Clan, and their eyes were full of worry.

In the distant sky, Xue Lingzi also heaved a sigh of relief. He then gnashed his teeth, as he shuddered to think that a mere Lower Earthly Sovereign had unexpectedly embarrassed the Blood God Clan! Even if they won later, they would still be ridiculed in the future.

Fortunately, that abominable boy will certainly die this time!

Standing on the Blood Kasaya Celestial Appearance, Xue Yi also heaved a sigh of relief, while he glared at the Blood Kasaya. For the first time in many years, he had been utterly humiliated when clashing with a Sovereign of the same rank.

"Well, you just wait. Once you fall into my Blood Demon Kasaya, you won't even be able to think about escaping!" Xue Yi snorted and muttered to himself.

He was feeling confident, but he also knew that it would be very difficult for him to kill Mu Chen, even if he was playing his trump cards like this. When he thought of Mu Chen's bitter end, he felt pleasure. But, as he thought of something else, his expression suddenly changed.

Xue Yi frowned at the Blood Demon Kasaya, as he seemed to notice some strange spiritual fluctuations coming from it. However, before he could react, in the next moment, a sharp spot suddenly emerged upon it.

A purple gold light burst out, while an indescribable sharp aura swept through. Even the nearby space was pierced through with numerous holes. That sharp aura seemed to be able to penetrate everything!

"Ahh!" The Blood Demon Kasaya let out a shrill cry.

Rip!

Xue Yi's expression changed suddenly, and his eyes filled with horror. At that moment, he heard a sharp sound.

Amid countless astonished glances, the purple gold light suddenly pierced out from the Blood Demon Kasaya. It then shattered apart, transforming into numerous pieces of bloody skin.

"How could this be?" Xue Yi's eyes were horrified as he murmured in disbelief.

Numerous Sovereigns gasped in shock. No one expected that the Blood Demon Kasaya that had caused such a huge headache even to the Earthly Sovereigns would disintegrate in less than a minute!

"What exactly is that?" an onlooker wondered aloud.

They all looked at the surging purple gold light and were dumbfounded. This was because they now clearly saw that it was actually a massive needle!

Moreover, there was a palpable sharpness to the needle, which made even some Lower Earthly Sovereigns feel fear deep in their hearts. They felt that if the purple-gold needle were to charge towards them, their physical bodies would not be able to resist it.

Whoosh!

The purple-gold needle tore through the Blood Demon Kasaya, and with a flash, it suddenly accelerated, then burst forward at a terrible speed. With an ear-piercing sonic boom, it charged towards Xue Yi.

At this time, Xue Yi could only see a purplish gold light skimming across the sky. So, with a roar, the Blood Kasaya Celestial Appearance that was under his feet erupted in a magnificent blood-red light.

It then formed countless layers of sticky blood webs, obviously raising its maximum defense. After all, his physical defense had suffered drastically after the activation of the Blood Demon Kasaya.

Whoosh!

As the purple-gold divine needle shot through, the layers of blood net shattered unceasingly. However, this blood net was also strange, as whenever it broke, viscous blood would fly out of it, strengthening the subsequent layers' defenses.

As such, in a few moments, while the purple-gold divine needle penetrated through the last layer of the blood web, it caused the blood web to form into something akin to a viscous blood barrier. However, the needle's penetration speed had slowed down.

Xue Yi glared at the purple-gold divine needle, which was continuing to pierce through everything despite his best efforts to restrain it. He glared forward with crimson eyes and gnashed his teeth. He then opened his mouth, shooting forth a beam of blood-red light.

"Blood Demon Flag!" he yelled.

The blood light rose in the wind and quickly turned into a blood flag. The blood flag fused together with the blood barrier, as the deepening purple-gold divine needle was finally blocked and could no longer penetrate anything.

Apparently, this Blood Demon Flag was a Lesser Sacred Object! With the help of this Blood Demon Flag, Xue Yi could finally resist the purple-gold divine needle. He finally heaved a sigh of relief.

Whoosh!

However, the moment he relaxed, a light flashed in the space in front of him. Suddenly, Mu Chen appeared! He smiled at the relieved Xue Yi, and with a grasp of his palm, a green palm-leaf fan emerged.

Buzz!

The palm-leaf fan fanned out suddenly, while a strong wind raged between heaven and earth. A green dragon roared out, only to see the blood barrier and the blood flag in front of Xue Yi.

Without hesitating, the green dragon entangled and swept them both away. Xue Yi's pupils shrank, then his scalp grew numb. He immediately panicked, then retreated madly.

As the fan swept the heavy defences away, Mu Chen clenched his fist. The purple-gold divine needle flashed with light, as if it was purple gold liquid, then wound up Mu Chen's fingertips. His figure then disappeared into thin air.

Whoosh!

Mu Chen's silhouette suddenly re-appeared before Xue Yi. His specter-like speed caused the latter's face to be utterly horrified. In that moment, he seemed to smell the aura of death.

"It's been a long time. Let's end this now, shall we?" Mu Chen stared at Xue Yi, his expression cold. He had an extremely strong murderous intent towards this fellow who had almost killed Luo Li.

However, as it was not easy to kill an Earthly Sovereign, he had needed to wait for an opportunity to do so, which was now. Mu Chen's glance was cold as he pointed his finger at Xue Yi's chest. Then, on precisely the spot where he was pointing, a bloody gash appeared on Xue Yi's chest!

Boom!

Just as his finger pierced Xue Yi's chest, Mu Chen gnashed his teeth. At that moment, Xue Yi's arms exploded and a blood-red light flashed. His figure then disappeared in a strange way.

Xue Yi had apparently inflicted harm upon himself in order to conduct a brief Spatial Teleportation as a means of escape from Mu Chen. Xue Yi reappeared tens of thousands of feet away, his face deathly pale, while he glared at Mu Chen venomously.

He grit his teeth as he spat out the words, "Brat, you are too naïve if you think you can kill me!" After all, an Earthly Sovereign was incredibly tenacious, so unless an attack was truly crushing, it was quite difficult to wipe one out completely.

Mu Chen glanced at Xue Yi, who had seemingly escaped, and a mocking smile surfaced on his expressionless face. Seeing Mu Chen's mocking smile, Xue Yi's heart turned cold. He then looked down and saw the mad penetration of the purple-gold liquid, which had seeped into his flesh and blood through the bloody gash.

The purple-gold liquid was like mercury, as it permeated every part of his body in just a few moments. Xue Yi looked at the scene in horror, for he found that the purple-gold liquid seemed to block the spiritual power. As such, everywhere it went, the spiritual energy within him began to be suppressed.

"No!" As the aura of death enshrouded Xue Yi, he screamed in horror.

"Immortal God Runes, Myriad of Change." Mu Chen's face was cold as he flicked his finger and yelled.

Whish! Whish!

As he finished giving his command, purple-gold thorns pierced through Xue Yi's body, turning him into a porcupine. His pained screams rang out through the sky.

"Brat, how dare you?" While he was watching from a distance, Xue Lingzi was also shocked by this sudden change. When he recovered his senses, he saw Xue Yi's tragic state and roared furiously.

Mu Chen glanced at him coldly, then snapped his fingers gently.

Boom!

Xue Yi's body exploded, while purple-gold light erupted in a rampage. Every exploding piece of flesh and blood that could be seen was a clear testament to how he had been wiped out completely. It was utter annihilation, from the inside out!

As the blood mist fluttered in the sky, the whole Luo God City became deadly silent. Everyone was appalled as they looked at the blood fog in the sky, as they could clearly feel that Xue Yi's life had just been completely wiped out. The Lower Earthly Sovereign from Blood God Clan had truly fallen!

All of the Sovereigns of the other forces, the entire Luo God Clan, and even Liu Tiandao, the Netherworld Palace Master, who was standing in a tower in the distance, were all stunned as they stared at this scene.

They then looked at Mu Chen, who was standing in the air. A chill gradually enveloped their bodies. By this time, it had dawned on them how terrifying this young man was!

### **Chapter 1218: Battle Outcome**

Over the Luo River, the mist of blood drifted away. The whole city became silent, as if enveloped by an invisible fear. Everyone was a little lost, looking at the blood mist. Even though they saw it with their own eyes, it was still hard to believe that an Earthly Sovereign had been killed.

That was an Earthly Sovereign, the truly strong in the Great Thousand World! Even in those supreme powers and ancient clans with rich heritage, the Earthly Sovereign was the absolute backbone of the elite powers! If it had been anywhere else, the Earthly Sovereign could become a king on his own, dominating the region and becoming a true overlord.

Everyone knew the power of an Earthly Sovereign, because it was already an upgrade of the essence of life. When one stepped into this level, the Sovereign Sea within the Earthly Sovereign would be broken, but it was an evolutionary fragmentation. The Sovereign Sea would be completely integrated into flesh

and blood, so even if the Earthly Sovereign's physical body was destroyed, as long as he had a trace of life, he could repair the body as if it were immortal.

If one wanted to really wipe out an Earthly Sovereign, they would have to completely wipe out all the life in his flesh and blood! This was clearly not an easy step, unless one's power could suppress and dominate the other party's completely. As for one Lower Earthly Sovereign, it was even more difficult to obliterate another of the same rank. However, such a difficult task had occurred before everyone's eyes.

Gulp.

Countless Sovereigns gulped in fear, and even other Earthly Sovereigns who had been spying on the Luo God Clan were now extremely wary of Mu Chen.

On a tower in the distance, Liu Tiandao, the Netherworld Palace Master, and others also looked at each other. They all saw fear in each other's eyes. None of them had thought that Mu Chen really possessed the terrifying power and ability to wipe out another Lower Earthly Sovereign.

As soon as Liu Tiandao thought of his previous encounter with Mu Chen, cold sweat ran down his back. It was because Mu Chen at that time had no intention of killing him. Otherwise, his fate would have been no better than that of the Blood God Clan's Earthly Sovereign's.

From the beginning until the end, they had underestimated the Mu Estate Master, and before they knew it, the young man who had been regarded by them as an insignificant ant had really surpassed them.

Liu Tiandao and other people's eyes flickered as they immediately sighed. Their respect for Mu Chen grew immensely as they held reverence for the young Estate Master.

Mandela was silent, just watching the change of mentality in those guys. Mu Chen's ferocious measures not only shocked the Blood God Clan but were also a wake-up call to the unruly fellows.

At this point, perhaps they would understand that even if Mu Chen did not rely on her support, he was qualified to be the Mu Estate's Master. Moreover, she knew best about Mu Chen. Even in the current situation, Mu Chen had not shown his most powerful card, the Qi into Trinity. Otherwise, even if the three Earthly Sovereigns had attacked together, they would still lose to Mu Chen's Qi into Trinity, let alone just Xue Yi.

Mu Chen obviously didn't want to expose his cards, so he let Xue Yi ridicule him for a while. "You little b\*stard, I'm going to tear you into pieces!"

After a long time, a roar of rage resounded with murderous intent in the silence between heaven and earth. Xue Lingzi's eyes burned crimson as his terrible spiritual energy coalesced into a massive sea of blood. He clearly did not expect Mu Chen to be so decisive and brutal, wiping out Xue Yi's life completely. A Lower Earthly Sovereign was no doubt a huge loss to the Blood God Clan. Xue Lingzi was enraged once he thought about how a hefty loss this was.

Boom!

Xue Lingzi was furious and could not suppress his murderous intent as he struck. Pointing outward, a blood-red torrent surged, and in the tumultuous waves, there were numerous ferocious bloody faces.

Crash!

However, as the blood-red torrent shot out, another majestic spiritual ribbon swept through and cut it off. It was Luo Tianshen who had intercepted this attack. Luo Tianshen glanced at Mu Chen meaningfully, then turned to Xue Lingzi and sneered coldly. "Am I dead to you?"

"Luo Tianshen, as long as you hand the boy over to the Blood God Clan, I guarantee we will no longer interfere with the Luo God Clan!" Xue Lingzi gnashed his teeth. His hatred towards Mu Chen was at its breaking point.

However, Luo Tianshen merely laughed mockingly at his terms. With a wave of his sleeve, a massive Sovereign Celestial Appearance erupted with terrifying spiritual energy. It locked onto Xue Lingzi so that he could not attack Mu Chen.

Seeing Luo Tianshen's answer, Xue Lingzi's face twisted maliciously as he threatened, "Well, fine! Luo Tianshen, you will regret this!" His glare was chilling as he stared at Mu Chen from a distance, as if exerting pressure on him.

However, Mu Chen completely ignored his cold glare and clapped his hands, his face expressionless. He then glanced coldly towards Xue Tong, who was trapped in the spiritual array. The Nine Dragon Devouring Fairy Array was crumbling under Xue Tong's frenzied attacks. The seven massive spiritual energy dragons had dwindled down to three. It was clear that an unsupervised Ancestral Master's Spiritual Array was not sufficient to deal with a Lower Earthly Sovereign. However, this situation, too, should come to an end.

Mu Chen smiled at Xue Tong, who was still in the Nine Dragon Devouring Fairy Array, and with a flash, appeared within the array. He then sat down in mid-air amid countless astonished gazes. Upon seeing Mu Chen's appearance, Xue Tong's expression twisted dramatically. He was clear that a spiritual array with a Spiritual Array Master present would increase significantly in power.

"Not bad. You were able to inflict much damage on the spiritual array." Mu Chen glanced at the crumbling Nine Dragon Devouring Fairy Array and smiled gently. A cold glint flashed in his eyes, and with a wave of his sleeve, countless spiritual seals surged and melted into the array.

Buzz!

With Mu Chen's action, the crumbling Nine Dragon Devouring Fairy Array had burst with a vast expanse of spiritual power. The array was repaired at a swift speed visible to the naked eye. It only took a few moments for a complete Nine Dragon Devouring Fairy Array to emerge again!

Looking at this scene, Xue Tong clenched his teeth. He had worked so hard to destroy the spiritual array, but now Mu Chen had restored it in no time.

"The Nine Dragon Devouring Fairy Array was only in defense mode. Now, do you want to try again?" Mu Chen grinned as he stared at Xue Tong and conjured seals.

Roar!

As his seals were complete, a dragon's roar reverberated in the spiritual array. Everyone then saw that as spiritual energy surged, massive spiritual energy dragons then took shape one after another! In a few moments, there were once again seven massive spiritual energy dragons in the spirit array!

Moreover, when these seven dragons appeared, the entire spiritual array erupted with a terrifying pressure. That oppression, compared with before, undoubtedly was several times more powerful! It was the same spiritual array with the same number of dragons, but when Mu Chen was present, its true power could finally be executed.

Feeling the spiritual array's oppression, Xue Tong paled and fear flashed in his eyes. He could sense an extremely dangerous aura from the Nine Dragon Devouring Fairy Array. If the array could only entrap him before, if he wasn't careful this time, he would also fall here like Xue Yi.

"I don't have much time. I still have to deal with the other one. We'll see if you can escape with your life." Mu Chen stared at Xue Tong coldly and without hesitation, his seals transformed. The seven massive dragons in the spiritual array broke out in a deafening roar, and in the next moment, swooped down towards Xue Tong.

As the seven dragons swooped down, they burst out in massive columns of light. They then fused into one, transforming into a gargantuan dragon 100,000 feet in size. It then clashed with Xue Tong with majestic dragon power.

In the face of such terrible power, Xue Tong's face twisted dramatically, and he did not dare to hesitate. Summoning the Sovereign Celestial Appearance, majestic spiritual energy swept out as he revealed all his trump cards.

Boom! Boom!

The next moment, the dragon crashed, as there was a sudden outbreak of wild and unparalleled spiritual energy. Shockwaves raged, tearing the world apart. The Nine Dragon Devouring Fairy Array could no longer withstand that terrifying impact and shattered.

However, when the Nine Dragon Devouring Fairy Array shattered, the huge Sovereign Celestial Appearance also exploded. A floundering figure flew backwards as blood spewed out from it. His body left a mark of tens of thousands of feet in the Luo River before finally stopping.

Mu Chen didn't even look at the shattered Nine Dragon Devouring Fairy Array but only at Xue Tong. He felt that it was a pity, for he noticed that although Xue Tong had been seriously injured, he had not been annihilated after all.

In the second round, Xue Tong had been severely injured!

Mu Chen did not pay attention to the uproar in the crowd, nor did he go after Xue Tong. He turned into a stream of light as he landed within the Spirit-Slaughtering Troop. He had to deal with the third Blood God Clan Earthly Sovereign while the Spirit-Slaughtering Troop's fighting spirit remained strong.

When Mu Chen appeared within the Spirit-Slaughtering Troop, the raging fighting spirit surged, and everyone was terrified.

After two hours of fighting, the raging fighting spirit erupted as Mu Chen gathered the impacted Spirit-Slaughtering Troop with a wave of his sleeve. He then glanced downwards nonchalantly. There was a massive pit that could no longer be restored. Xue Shou lay in it, his body bloodied, and his spiritual energy weak.

In the third round, Xue Shou was severely injured!

At this moment, the heavens and earth descended into deathly silence.

#### **Chapter 1219: I Can Do It Too!**

A large hollow appeared in the boisterous Luo River, cutting off the flow of the water. Xue Shou lay weakly at the center of the swirling water, his clothes torn. He seemed to have been seriously injured.

Xue Tong sat weakly on the river a little further away, looking pathetic. The blood mist in the sky that had been formed by Xue Yi started to dissipate...

The top powers looked at the two people in amazement. The Blood God Clan, the Luo God Clan, and even the top powers who were looking on, all gasped and became fearful. The outcome of the fight was too horrifying.

One person had fought three Earthly Sovereigns, killing one of them and injuring the other two! They chose to believe that Mu Chen had hidden his strength as an Upper Earthly Sovereign all this time. After all, if Xue Yi and the rest had known that Mu Chen was an Upper Earthly Sovereign, they would not have had the audacity to fight him!

The truth was, Mu Chen, who had such an outstanding performance, was a Lower Earthly Sovereign like Xue Yi and the other two! As such, everyone started to look at the slender youth with great respect.

At present, he stood in mid-air, looking calm. Before this, most of the people would have taken his calm disposition as a false pretense. However, after he had given such an outstanding performance, they looked upon him as a person with great strength and authentic skill.

As the entire city was in a state of shock, the top powers of the Luo God Clan looked fearfully at the slender figure. They were filled with hope and joy. This change of events had certainly taken them by surprise.

They had expected Mu Chen to be in a dire state after being besieged by the three Earthly Sovereigns of the Blood God Clan, but he had defeated them easily!

This had lifted up the despondent hearts of the Luo God Clan. In their eyes, this youth who had an unusual relationship with the queen, just might be able to turn the tide and save them all!

Luo Xiu and Luo Qingya looked at each other. They had lost their confidence in fighting their enemies and were hoping that Mu Chen could help Luo Li remedy the people's troubles. They had their doubts earlier, but now they were starting to believe that Mu Chen might just be able to do it...

When Liu Tiandao, the Netherworld Palace Master, and the rest who were at the tower saw that Xue Tong and Xue Shou had been injured by Mu Chen once again, they swallowed hard. When they looked at Mu Chen again, they were filled with the same respect that they had for Mandela.

They were now totally convinced of Mu Chen's capability. After all, the combat force that Mu Chen had displayed was amazing. He was so young, yet he obviously had great potential.

In fact, they believed that Mu Chen would surpass Mandela in the future, and the Mu Estate would become even more powerful because of him. At that time, they would have to depend on Mu Chen to get their status and resources.

"The Estate Master is gifted and has a great future ahead of him. We will rejoice in the future for the choice that we are making today!" Liu Tiandao exclaimed, his voice filled with respect. He truly meant it when he addressed Mu Chen as the Estate Master.

When the Netherworld Palace Master and the rest saw that Liu Tiandao had put aside his disputes with Mu Chen and was starting to curry favor with him, they looked down on him. Although they felt this disdain within themselves, outwardly, they nodded their heads in fake agreement.

When Mandela saw the changes in them, she curled up her lips. From now on, these people would know where they stood.

That was to say, from this moment onward, they would put down their pride and ill-intentions in order to recognize and respect Mu Chen as their master. Thus, they would become his loyal subjects!

"This guy..." Luo Tianshen looked at the chaotic Luo River, then turned to look at Mu Chen.

His performance was so amazing that even Luo Tianshen was taken by surprise. In fact, he was speechless when he saw that Mu Chen had killed one Lower Earthly Sovereign and injured two others of the same level!

Many years back, when he last saw Mu Chen, he was still young and weak. However, Luo Tianshen could tell that he was determined and strong-headed.

Back then, he had felt that Mu Chen would become powerful one day, and he was obviously right in his judgment! However, he had not expected the day to come so soon, so he had not been prepared and was quite surprised that Mu Chen had become so powerful in only four years!

As Luo Tianshen looked at Mu Chen, his heart thumped quickly. He was glad that he did not behave arrogantly and suppress Mu Chen when he took Luo Li away from him back then. If he had done that, it would be embarrassing for him now!

"One would rather trifle with an old man than bully a youth!" Luo Tianshen exclaimed.

The three Earthly Sovereigns from the Royal Divisions of the Luo God Clan who were hemming in Luo Tianlong stopped suddenly when they saw Mu Chen's performance. They looked at one another in shock upon seeing that Xue Tong and Xue Shou had been seriously injured.

"Hahaha, this guy is amazing!" Luo Tianlong laughed heartily and his eyes brightened. He then said, "No wonder Luo Li misses him so much. She has such good taste!"

Having said that, he looked coldly at the three Earthly Sovereigns from the Royal Divisions and added, "The Blood God Clan doesn't seem to be as powerful as one would think."

When the three Earthly Sovereigns heard this, they turned pale. However, they still went ahead and said, "Although this guy is powerful, he may be past his prime now."

Luo Tianlong sneered and ignored them. He continued to look at Mu Chen with admiration. After all, he liked Mu Chen's ruthless means!

...

Everyone in the area was amazed. After a long while, they turned to look at Xue Lingzi, who was staring at Mu Chen with immense killing intent. He was so angry, he was trembling.

"You good-for-nothing fools! The three of you are trash! Where have your years of cultivation gone? How could you allow yourselves to be bashed up by this fella?" Xue Lingzi shouted angrily, venting his anger at Xue Tong and Xue Shou mercilessly.

Although they were shamed and embarrassed by his words, they held their tongues. The three of them had joined forces to deal with Mu Chen, but instead of killing him, one of them had been killed, while the other two had been seriously injured. If the people heard of this, they would become laughing stocks!

"All of you take him on and kill him!" Xue Lingzi said in a cold voice. He looked grimly at Xue Tong and Xue Shou, as well as the other two Lower Earthly Sovereigns from the Blood God Clan. Although Xue Tong and Xue Shou looked pale, they forced themselves to get up.

"The three of you as well, you cannot even handle one person! If you wish to die, I can grant you that wish!" Xue Lingzi then unleashed his wrath on the three Earthly Sovereigns from the Royal Divisions of the Luo God Clan.

When the three Lower Earthly Sovereigns heard his words, they turned pale. They dared not go against Xue Lingzi, as he was filled with immense killing intent at the moment.

So, they gritted their teeth and two of them moved to appear beside Xue Tong and Xue Shou. The other two Earthly Sovereigns from the Blood God Clan appeared instantly as well, making a total of six Lower Earthly Sovereigns who were standing before Mu Chen. Although half of them were seriously injured, the collective array was still overpowering.

Wow!

There was an uproar in Luo God City. The forces that were looking at the fight were cursing the Blood God Clan, as the Blood God Clan was despicable and shameless. However, even though the top powers in the Luo God Clan were angry, they could not do anything to Xue Lingzi.

"The winner takes it all. If we allow ourselves to get upset over what others say, we will not have the chance to make a comeback." Xue Lingzi sneered at the people.

He then looked gloomily at Mu Chen and asked, "Brat, don't you have a lot of trump cards? Try crippling all of them, then we will submit to you!"

When Mu Chen heard this request, he smiled and said, "You are so ambitious. I would rather prefer kill you than have you as my subject, though!"

"You are still so stubborn, even when facing death!" Xue Lingzi looked at him coldly.

Mu Chen shrugged and looked nonchalantly at the six Lower Earthly Sovereigns. He smiled and asked, "Are you sure that I will be the one to die?"

"Oh?" Xue Lingzi mocked him and asked, "Do you think you are capable of dealing with six Lower Earthly Sovereigns?"

Mu Chen looked at the six Lower Earthly Sovereigns again and suddenly said, "It seems to me that you have forgotten what I said earlier."

Xue Lingzi frowned, then asked him coldly, "What was that? What dirty tricks are you up to now?"

Mu Chen looked down and said flatly, "I told you that my name is Mu Chen, the Master of Mu Estate."

Xue Lingzi sneered. "What are you talking about? I have never heard of the Mu Estate."

Mu Chen lifted up his head and curled up his lips. When Xue Lingzi saw this, he suddenly felt uneasy.

"Since I am the Master of Mu Estate, do you think I am the only one around? Don't you think that I can summon my people as well?" Having said that, Mu Chen lifted up his hand and waved it up, then down.

The moment Mu Chen let down his hand, a space warp formed behind him. Several figures with vast spiritual energy fluctuations stepped out into the sky and appeared behind him.

Xue Lingzi suddenly turned pale and gasped in disbelief. His entire body trembled and he suddenly became fearful...

### [The Great Ruler](#)

#### **Chapter 1220: Elder Dong**

Mu Chen stood in the sky with one hand behind his back. Horrifying spiritual energy burst out from behind him, and space warps started to form. People stepped out from the space warps and stood quietly behind him.

There were five of them. The five people exuded horrifying spiritual energy, and as the powerful spiritual energy oppression burst out from them, it smashed the clouds. All five of them were Lower Earthly Sovereigns!

When they appeared, they immediately suppressed the spiritual energy that had burst out from Xue Tong and his company, and engulfed them with a horrifying oppression. Xue Tong and his company turned pale and were shocked.

"Five... five Lower Earthly Sovereigns? Are they from the Mu Estate? The Mu Estate is so powerful!" Some people came back to themselves and looked at the five Lower Earthly Sovereigns in disbelief. In the entire Little Western Kingdom, only the Blood God Clan had so many Earthly Sovereigns. However, the Mu Estate, which they had not heard of, had numerous Sovereigns as well!

They could tell that the five Lower Earthly Sovereigns were less powerful than Mu Chen. From the way they showed respect to Mu Chen, they regarded him as their master.

They finally realized why Mu Chen was unafraid of the Blood God Clan. Given his strength and his Mu Estate, he had the prerequisites to contend with the Blood God Clan. Even Xue Lingzi had to take a step back. If he took the clan head on, both parties would suffer losses.

"This guy..." Luo Tianshen was taken aback again. After a long while, he smiled wryly and shook his head. He had already been won over by Mu Chen's earlier performance, and he had not expected Mu Chen to have hidden such a powerful trump card.

All these years, in addition to becoming a Sovereign, Mu Chen had gathered so many powerful Sovereigns around himself. Luo Tianshen presumed that Mu Chen possessed the same strength and base as the Luo God Clan.

As Luo Tianshen looked at Mu Chen, he became excited. Mu Chen was indeed a miracle. If he and Luo Li got together, he might be able to create a miracle for the Luo God Clan.

"Greetings, Estate Master!" Although many eyes were on them, Liu Tiandao and the other four disregarded their gazes and bowed respectfully to Mu Chen.

Mu Chen raised his brows when he saw their behavior. Although these people had addressed him as the Estate Master previously, they had behaved awkwardly. However, Mu Chen could feel their sincerity this time around.

He looked thoughtfully at the five of them and finally came to a realization. He had not only frightened the Blood God Clan with his performance earlier, but he had frightened these people as well. Mu Chen smiled at the surprise. After all, it had not been easy to get these proud all-powerful Sovereigns to submit to him.

"Since Estate Master fought earlier, please let us take care of these fellas now," the Netherworld Palace Master said with a smile. He was decisive. After he had acknowledged Mu Chen's status, he immediately assumed the responsibilities of a faithful subordinate.

Liu Tiandao and the rest nodded. They then looked at Xue Tong and his company with animosity and were eager to fight them. When Xue Tong and his company saw their gazes, they were afraid. Although there were six of them, Mu Chen had seriously injured almost half of them. If they got into a fight, they would be at a disadvantage.

The three Lower Earthly Sovereigns from the Royal Divisions of the Luo God Clan groaned within themselves. They had not expected such a young guy to possess such a great power, who at the same time, was the Master of Mu Estate with five Lower Earthly Sovereigns! This powerful array was comparable to the Blood God Clan's!

The Luo God Clan, which had been in imminent danger earlier, had turned the situation around because of Mu Chen. Luo Li was able to take on the Luo God Inheritance under his protection, and her status in the Luo God Clan would be unshakable in the future.

The opposition was destined to fail.

They looked anxiously at Xue Lingzi and saw that he looked gloomy. He was shocked by the appearance of Liu Tiandao and the rest, but as he was an Upper Earthly Sovereign, he soon had his emotions well

suppressed. Xue Lingzi looked gravely at Mu Chen and said, "I have met many people and have good judgment, but this time around, I have misjudged you."

He no longer looked down on Mu Chen and began to take him seriously. Mu Chen's status as the Master of Mu Estate was enough to make him wary.

When Mu Chen heard it, he simply smiled.

After pondering for a while, Xue Lingzi said, "I can stop holding you liable for killing our clan's elder and will even give you 300,000,000 drops of Sovereign Spiritual Liquid as long as you don't get involved in our business. You can even bring Luo Li along with you!"

Many people were shocked when they heard what Xue Lingzi had said. He not only stopped holding Mu Chen liable, but he even wanted to compensate him and let him have Luo Li.

However, if Mu Chen agreed to it, the Luo God Clan would be destroyed. The people looked anxiously at Mu Chen and trembled. Three hundred thousand drops of Sovereign Spiritual Liquid was a huge amount that could even cause an Upper Earthly Sovereign to waver. The Blood God Clan must have committed all of their supply.

If Mu Chen refused to accept it and decided to fight it out with the Upper Earthly Sovereigns, he would be at a great disadvantage.

"Hohoho, this is so tempting." Mu Chen laughed. He was shocked at Xue Lingzi's verve. He looked at Luo Tianshen and asked, "Luo Clan Leader, what do you think?"

Luo Tianshen remained calm at Mu Chen's question. He was not the least worried. It was not because he trusted Mu Chen, but he trusted his granddaughter. He believed that his granddaughter was a good judge of character. She would not have fallen for someone who could be easily tempted by 300,000,000 drops of Sovereign Spiritual Liquid.

When Mu Chen saw Luo Tianshen's expression, he curled up his lips. He then smiled at Xue Lingzi and said, "Show me what you are capable of."

When Xue Lingzi heard it, he was not surprised. He seemed to have anticipated it. However, he looked more grim, and after staring at Mu Chen for a long while, he said, "I have given you a way out, but you have refused to accept it, so don't blame me for what happens next." Having said that, he turned around and cupped his fist. With great respect, he said, "Elder Dong, please show yourself!"

When Xue Lingzi finished his statement, the sky in the distance suddenly turned cold. Snow fell from the sky and covered the entire area like winter. As the snowflakes gathered before Xue Lingzi, they turned into a skinny elderly man robed in white. His eyebrows and beard were white, and Snowflake Runes loomed around his expressionless face.

The people looked at the elderly figure, and after a while, some experienced top powers suddenly turned pale and shouted, creating an uproar. "Isn't that Lin Dong Elder?"

"Oh no! Why is he here!"

The top powers, including those from the Luo God Clan, turned ghastly pale. Luo Tianshen broke out into a cold sweat as he looked at the elderly figure filled with a cold aura.

This elderly man was well-known in the Western Kingdom Continent. He was a Complete Earthly Sovereign! The most horrifying thing was that he came from the Western Kingdom War Temple!

"You... you have invited the elder from the Western Kingdom War Temple!" Luo Tianshen stared at Xue Lingzi, and his eyes turned red. He had not expected Xue Lingzi to plot against the Luo God Clan to wipe them out!

Xue Lingzi gave a petrifying smile. The Blood God Clan had paid a high price to get Elder Dong there. No matter what tricks Mu Chen had up his sleeve, he would have to die!

"I have given you a way out, but you have refused to accept it. It is too late for regrets now!" Xue Lingzi looked coldly at Mu Chen with immense killing intent.

He had not wanted Elder Dong to appear due to the high price that they would have to pay, but he had no choice. He turned to look at Elder Dong and said respectfully, "Elder Dong, please help us deal with this presumptuous guy."

Elder Dong stared at Mu Chen without any expression. The snowflakes around him fell more rapidly, and as they whizzed across, they tore the space apart.

As everyone was thinking that Mu Chen was doomed, Elder Dong shook his head and said, "I am unable to kill him."

Xue Lingzi was shocked and thought that he must have heard wrongly. He said, "Elder Dong, you must be kidding. You are a Complete Earthly Sovereign, and killing him is just a piece of cake!"

The top powers looked at one another and wondered what was going on. Luo Tianshen and the rest looked at Mu Chen in amazement as well.

"Hohoho, he is right. With me around, he is unable to kill Mu Chen..." A youthful laughter resounded in the area as the people looked baffled. The space beside Mu Chen fluctuated, and the people saw a petite figure appear beside him.

When the petite figure appeared, the area that had turned cold suddenly became warm...

Luo Tianshen, Xue Lingzi, and the rest squinted to look at the petite figure. They then shouted out simultaneously, "Complete Earthly Sovereign!"
