Chapter 1491: The Last Level

The heaven and earth were ancient. The earth was in a ruined state, as if it had experienced an earth-shattering battle. Everywhere one looked, it was barren and torn apart.

A dark red mountain stood quietly on the broken earth and exuded an ancient and immortal aura, giving it a very mysterious feeling. In front of the dark red mountain, there was a tall stone platform. Above the stone platform, there were three shadows. They stood apart from each other, showing mutual vigilance. The three of them were Maha You, Ye Qing, and Tuo Ba Cang. Obviously, they had ended the campaign of elimination long ago and had made it to the last level.

“Well, it seems that the result is exactly what I expected. The people who have arrived are the two of you.” Maha You glanced at them, smiled, and said, “Out of hundreds, only three people are worthy to be my opponents.”

Ye Qing and Tuo Ba Cang both knew that the third person he was talking about should be Shi Luo.

“I’m honored.” Ye Qing grasped a blood-red spear, his laughter indifferent. His eyes were full of murderous intent and held no fear towards Maha You. On the other hand, Tuo Ba Cang stayed silent and was expressionless.

“But Shi Luo hasn’t shown up yet. He must have met with a strong enemy.” Ye Qing saw that the fourth person had yet to appear. His gaze looked surprised.

“It should be that Mu Chen,” Tuo Ba Cang said slowly. Apparently, they knew a lot about Mu Chen and were aware that the person who was ranked behind them had great combat prowess.

“Although Mu Chen is somewhat capable, he’s still lacking and cannot defeat Shi Luo.” Maha You chuckled faintly. He had seen Mu Chen’s battles. Although his fighting prowess was indeed astonishing, it was unlikely that he could defeat Shi Luo.

Although Ye Qing and Tuo Ba Cang were quite guarded against Maha You, they nodded at his words. They were very clear about Shi Luo’s ability, even if they might not be able to defeat him.

While Mu Chen seemed to have endless tricks, he was a middle-stage Spiritual Grade. He shouldn’t be strong enough to defeat Shi Luo, who was at the same rank as they were.

Buzz!

Just as they finished speaking, the space on the pedestal suddenly fluctuated and twisted. Looking at the scene, the trio immediately glanced towards it. As they looked on, a young, slender figure emerged in the distortion of space.

Their glances lingered on the young face, and then, silence descended upon the platform. Maha You’s smile froze as Ye Qing and Tuo Ba Cang’s eyes narrowed, staring at the figure in disbelief.

The man who had appeared was naturally Mu Chen. He looked at the stone platform where the three were. His gaze flickered, and then he backed a safe distance away.

“You defeated Shi Luo?” Maha You frowned, staring at Mu Chen somberly.

“Is it strange?” Mu Chen glanced at him, his expression cold.

“Oh, that’s interesting. It seems I’ve always underestimated you.” There was a touch of playfulness as Maha You smirked, but a cold glint flashed in his eyes. He did not like it very much when matters were beyond his control.

Mu Chen paid no attention to him. He looked directly at the dark red mountain in front of him, and he could feel an inexplicable attraction when he saw it. The mountain emanated an aura of immortality and mystery, just like the Immortal Golden Body. Looking at it, Mu Chen’s heart jumped. Is the legendary Primordial Immortal Body hidden in this great mountain?

“You are right. The Primordial Immortal Body should be in this mountain.” A calm voice rang out, and Mu Chen saw that it was Ye Qing.

Boom!

The dark red mountain suddenly trembled, and a huge crack began to emerge and slowly spread out, as if it were going to split the mountain. In those cracks, there was an indescribable aura of immortality that surged out. It was true immortality. Even if the world was destroyed, it would still exist.

Behind Mu Chen, Maha You, Ye Qing, and Tuo Ba Cang, purple-gold light glowed as their Immortal Golden Bodies appeared uncontrollably, as if by some kind of strong attraction.

Mu Chen looked heatedly at the shattered mountain, and he could faintly feel that when the mountain burst completely, the Primordial Immortal Body would emerge... However, just as he was filled with longing, he suddenly felt a cold, blade-like gaze upon him. The power in his body immediately flowed, and he cast the same cold gaze on Maha You.

At the same time, he sensed the hostility between them. The Primordial Immortal Body was about to emerge, but eventually, only one person could obtain it. Until then, they will be competitors.

“Gentlemen, you all know that there is only one person who can achieve the Primordial Immortal Body.” The shady luster of Maha You’s eyes flowed like a serpent, and there was a cold, murderous intent in his voice. “So, should we reduce the number of people as much as possible before the Primordial Immortal Body emerges?”

Mu Chen, Ye Qing, and Tuo Ba Cang’s gazes flashed slightly at the same time, and they said, “What do you want to do?”

Maha You stretched out two fingers and smirked cruelly. “Four people divided into two groups. Kick your opponent out.” As he said so, his icy gaze locked onto Mu Chen, clearly regarding him as a target.

Ye Qing frowned and said, “The Aeon Tower has no longer taken the initiative to eliminate people, which means that those who come here are entitled to see the Primordial Immortal Body.”

Maha You glanced down and said with a smile, “The Aeon Tower might think we are all qualified, but I don’t think so.”

On the stone platform, the atmosphere slowly grew tense, and a cold, murderous intention flowed between them. Ye Qing and Tuo Ba Cang looked at Mu Chen, and they were aware that Maha You was picking on him.

Mu Chen's expression was calm amid the glances. His dark eyes stared at Maha You as he smiled and said, "It seems that you are confident that you can throw me out before the Primordial Immortal Body emerges?"

"If you think you can flaunt defeating Shi Luo by a stroke of luck, maybe you're too naïve," Maha You stated nonchalantly.

Mu Chen smiled and nodded. "If you really want, I'll play with you."

Maha You smirked coldly. "I'm afraid you'll play yourself to death's door."

Mu Chen smiled casually, and in a flash, he transformed into a beam of light and soared into the sky. Maha You glanced coldly at Mu Chen's silhouette as he, too, turned into a beam of light and went in hot pursuit of him.

After a moment of silence from Ye Qing, he pointed his blood-red spear slowly towards Tuo Ba Cang and said, "He is right. We can only have one person who can obtain the Primordial Immortal Body in the end, so eliminating people is the most effective way to improve one's success rate."

Tuo Ba Cang nodded, holding his shattered broadsword. Pointing it at the ground, his hair billowed in the wind as the aura of the sword erupted, cutting deep marks on the ground. "I have long wanted to experience Brother Ye's Heavenly Asura Spear, and I hope I will not be disappointed."

...

"They are fighting again!"

Outside the Aeon Tower, countless sovereigns looked at the remaining two light mirrors. Their gazes were burning, for the four in front of them represented the strongest battles of the Aeon Congress.

Whether it was Maha You, Ye Qing, Tuo Ba Cang, or even Mu Chen, who was the least famous, they had shown shocking power in their duels. Now that the Primordial Immortal Body was emerging, the four of them would engage in the most intense battles.

"D*mn it, Maha You!" Qing Yanjing looked at this scene, her face cold. She could sense Maha You targeting Mu Chen. In order to deal with Shi Luo, Mu Chen's Mystery Army had obviously suffered a heavy blow, and it would be impossible to summon it again at the present time. Otherwise, Maha You would not dare to act recklessly.

"Don't be worried." Budur Xuan looked at the young figure in the light mirror and remarked, "Your son has a lot of tricks up his sleeve. With his cunning, I don't think he only has one Mystery Dragon Army as his ace card."

"You're the one who's cunning," Qing Yanjing retorted in exasperation but also regained her calm. Although there was no Mystery Dragon Army, since Mu Chen dared to fight, he should be confident.

On the platform, Maha Tian also looked at the light mirror. Behind him, the elders of the Maha Ancient Clan shook their heads with a smile when they saw the confrontation between Mu Chen and Maha You.

“I don’t know if this Mu Chen is bold or silly. Even if his Mystery Dragon Army was not badly damaged at the moment, he is no match for Maha You.”

Maha Tian said indifferently, “Maha You has done a good job.”

He was deeply approving of Maha You’s desire to take a strong shot before the Primordial Immortal Body emerged. He even thought it was best to kick all three of them out. In that case, the Primordial Immortal Body would have no choice but to choose Maha You.

“Time is a little tight, and I’m afraid there’s still 15 minutes before the Primordial Immortal Body will emerge,” one of the elders said, looking at the dark red mountain reflected in the light mirror that was shattering constantly.

Maha Tian looked at the light mirror where the two figures were tangled in a high-altitude confrontation. He smirked coldly. “Fifteen minutes is enough for Maha You to kick the boy out of Aeon Tower...”

[The Great Ruler](#)

Chapter 1492: Breakthrough

As Mu Chen and Maha You confronted each other in the sky, their eyes were sharp and cold. Both of them were filled with an immense killing intent for each other, so much that it caused the surrounding air to freeze.

Since Mu Chen had such a strong desire to kill Maha You, as he had instigated the Ghost Emperor and the rest to besiege the Mu Estate previously in order to create trouble for Mu Chen. Hence, Mu Chen had to settle the score!

As for Maha You, aside from the fact that Mu Chen was his competitor, Mu Chen’s mother and the Maha Ancient Clan had bad blood between them. This is why Maha You would not let Mu Chen off easily. It was for these reasons that neither Mu Chen nor Maha You was prepared to give an inch as they met each other in this place.

“It might be wiser for you to back out from the Aeon Tower now,” Maha You said as he stared at Mu Chen. His black and white robe fluttered in the wind and he had a calm look on his face.

“I will do that only after I get my hands on the Primordial Immortal Body,” Mu Chen said with a smile.

“You may be dead before then!” Maha You said with a sigh.

In the next instant, a vast spiritual energy burst out from his body like a tornado and swirled around the area. Mu Chen’s gaze turned grave as he felt the spiritual energy oppression swirling toward him.

Maha You had definitely lived up to his name, being ranked number one on the List of Victory Records. The strength that he had displayed was mightier than even Shi Luo’s. This guy was already at the Peak of God Grade Heavenly Sovereign level and was ready to go for the Divine Heavenly Sovereign level!

As a vast spiritual energy raged out, Maha You's physical body, which was glowing earlier, turned into a dazzling spiritual body. Although it looked small, it caused the entire area to quake.

At this moment, the spiritual energy in Maha You's body shrank and condensed. Just one simple blow from him was enough to emit immense a terrifyingly destructive power. His power was comparable to the Super Power that was displayed by a master at the later stage of the God Grade Heavenly Sovereign level!

As Mu Chen looked at Maha You's powerful dazzling spiritual body, his face became grave. Without any second thought, he formed a seal with one hand, causing the black and white Mu Chens to appear.

"Tri-Union Level!" he shouted as the black and white Mu Chens merged into his body, causing the spiritual energy in his body to surge crazily.

His physical body had turned into a spiritual body, which looked as clear as a piece of glass. Clearly, his power was not to be underestimated either!

"Do you think that you can fill the gap between our strengths with the Qi into Trinity?" Maha You gave him a petrifying smile, and as he stepped forth, the space collapsed.

He then appeared out of nowhere in front of Mu Chen and threw out a punch with his dazzling fist. The punch was simple, but it crushed the entire space nevertheless. The space debris gathered around his dazzling fist, and one blow from it could crush the whole area!

Mu Chen then activated the spiritual energy in his body to the optimum, causing the Crystal Spiritual Energy to surge out like a stream. The wind blast of his fist whizzed out and blast against Maha You's punch.

Boom!

When the fists hit each other, the sounds of metal were heard and the space around the two of them broke into pieces like glass. As the wind blasts of the fists raged on, Maha You stood still, but Mu Chen had been thrown back a great distance.

After Mu Chen regained his balance, he looked at his fist. Fine cracks appeared on them, which looked like glass. It was apparent that the cracks had been caused by the earlier blow.

"Do you realize how great the gap is between us now?" Maha You sneered, but did not give Mu Chen time to respond to him before he shot out a punch again.

Immediately, the wind blast of his fist turned into afterimages that swirled toward Mu Chen. Upon seeing this, Mu Chen's face was grave. He quickly activated his spiritual energy.

Bang! Bang! Bang!

In less than 10 breaths' time, the two of them had exchanged about 100 rounds of blows in the sky. Every time they hit each other, Mu Chen's body would be thrown back.

When the top powers outside the Aeon Tower saw the scene, they realized that there was a great disparity between the spiritual energies of Mu Chen and Maha You, which made them comment in awe...

“Mu Chen is really silly. He knows that he is no match for Maha You in terms of spiritual body, yet he is still using it to contend with him.”

“That is right. The gap is too wide. Although Mu Chen has various means, he is no match for Maha You. Maha You is so powerful that one blow from him is enough to fend him off for 10 rounds!”

Boom!

There was another collision, which caused Mu Chen to fall down from the sky in a sorry state. When he came down, he crushed a deep hole in the ground.

Maha You stood in the air and folded his arms before his chest. He looked down coldly at the deep hole and said, “Presumptuous man! Do you think that just because you defeated Shi Luo you can contend with me?”

He sneered. “I think you have forgotten which level you belong to. You are only at the middle stage of the Spiritual Grade Heavenly Sovereign level, whereas I am at the Peak of God Grade Heavenly Sovereign level!”

The top powers outside the Aeon Tower all nodded. If Mu Chen had used other means to attack Maha You, he might not be at the losing end, finding himself in such a sorry state! Since he had been so badly beaten by Maha You, Mu Chen might have to end the fight at this point.

Then, all of the people saw a dim spiritual light slowly rising up from the deep hole as Mu Chen appeared. However, the light that was upon him had dimmed, and even his spiritual body showed signs of being damaged.

Everyone was surprised that, although Mu Chen was in such a sorry state, he was not devastated. On the contrary, he was smiling!

“Have my beating made you into a moron?” Maha You mocked him as he squinted his eyes.

As Mu Chen twisted his neck, the pain in his body caused his mouth to twitch. He then looked at Maha You and said with a smile, “Although you have exerted too much force upon me, I still have to thank you.”

Maha You frowned when he heard his strange words. Mu Chen’s behavior was abnormal, which alerted him that something must be amiss.

Mu Chen ignored him as he placed his hands together. At that moment, a bright light burst out from his dim spiritual body. Following that, a vast spiritual energy swirled out from Mu Chen’s body like a tidal wave.

Everyone outside the Aeon Tower looked at Mu Chen in amazement. Although they were separated by the Spiritual Energy Light Glass, they could still feel the spiritual energy that was exuding from Mu Chen’s body. It was increasing at an amazing pace!

In a short while, Mu Chen’s spiritual energy had advanced one level up!

“Later stage of the Spiritual Grade Heavenly Sovereign level!” As someone finally noticed it, they shouted, “He has broken through at such a critical moment!”

The top powers were shocked to see this. Many of them finally understood why Mu Chen had behaved so abnormally earlier.

One of them said, "He has used his spiritual body to contend with Maha You on purpose. He wants to tap into Maha You's power to create an oppression to force himself into dire straits! In that way, he can have a breakthrough!"

Many of the top powers gasped. If this was true, Mu Chen was indeed decisive and ruthless. In order to have a breakthrough, he had no qualms about sacrificing his own life!

A vast spiritual energy surged and the cracks on Mu Chen's spiritual body started to repair themselves at an astounding speed. As he felt the increase in his spiritual energy, a smile broke out on his face.

After having gone into seclusion for four months, the 10 billion drops of Sovereign Spiritual Liquid had turned into pure spiritual energy and filled up his body and bones. However, as their absorption was slow, Mu Chen had not been able to have a breakthrough yet.

When he had fought with Maha You earlier, the blows that Maha You had displayed were deadly. Under the external threats, the blood and flesh of Mu Chen's body, which were in states of saturation, started to absorb the pure spiritual energy crazily. This had allowed him to have a breakthrough at the crucial moment!

The people outside the Aeon Tower were taken by surprise, whereas Maha You's face turned pale as he looked at Mu Chen grimly. Seeing that Mu Chen had become more powerful, he realized that he had grossly underestimated him.

He had thought that Mu Chen was silly to use his spiritual body to contend with him, but he seemed to have been mistaken! Apparently, Mu Chen had used his strong oppression to force out his potential in order to cause him to have a breakthrough!

"I have underestimated you!" Maha You said as he fixed his gaze on Mu Chen and cold light surged in his eyes.

He then smiled hideously and said, "I would like to see what you can do after your breakthrough to the later stage of the Spiritual Grade Heavenly Sovereign level!"

Mu Chen's face was expressionless, and he could not be bothered to talk to Maha You at the moment. At that moment, a spiritual light shot out from his head and the Crystal Pagoda stood tall in the horizon. The pagoda shook, while eight ferocious golems came out of it and hung in the air.

In the face of such a strong opponent like Maha You, Mu Chen had no intention of holding back his power. Hence, he immediately activated the Eight Budur.

After Mu Chen stepped into the later stage of the Spiritual Grade Heavenly Sovereign level, the power of the Eight Budur enhanced as well. Now, its lethality was greater than the 6,800 battle runes that it had possessed earlier!

The eight golems stood in the space and exuded an overbearing power. Maha You squinted his eyes when he saw them, as he felt very threatened by them.

As Mu Chen formed a seal with one hand, a vast spiritual energy light beam shot up into the sky before it allowed the eight golems to devour it.

Roar! Roar!

Thunderous roaring sounds filled the area after the eight golems devoured the vast spiritual energy. As their bodies expanded, demonic runes appeared on them. At the same time, a ferocious aura filled the entire area.

Cracks appeared on the glabellas of the eight golems, while a horrifying power gathered in their demonic eyes. Then, with a swishing sound, they shot out. After the increase in Mu Chen's strength, the attacks of the Eight Budur began to come under his control.

Swoosh! Swoosh!

As the eight dark rays of light shot out from the glabellas of the eight golems, they gathered to merge together. They then formed a Death Ray that seemed to come from the netherworld, which then headed toward Maha You.

When the dark light shot out, Mu Chen shouted in a deep voice, "Eight Budur, Budur Death Ray!"

[The Great Ruler](#)

Chapter 1493: Maha Infinite Tribulations

"Budur Death Ray!" The dark death ray came down from the heavens as though it had pierced through space and time. After Mu Chen had shouted, the dark death ray was already above Maha You's head. The destructive power was horrifying as the dark death ray spread out and destroyed the surrounding spiritual energy. Maha You's face turned grave. The threat the dark death ray exuded was immense, and he could feel a pricking sensation on his body.

Hoof.

He took a deep breath and looked grim. He formed a seal with his hands at lightning speed, and in the next instant, vast spiritual energy swirled out from his body like a tornado. "Maha Divine Gong!" Maha You said in a deep voice. Black and white light circled around his body and turned into a huge black and white gong. The huge gong covered Maha You's body, forming a strong defense.

"That is the Maha Divine Gong. It is one of the Maha Ancient Clan's Supreme Rare Super Powers." The top powers outside the Aeon Tower were grave when they saw Maha You displaying the Super Power. It showed that Maha You had high attainments in his cultivation.

After Mu Chen had broken through to the later stage of the Spiritual Grade Heavenly Sovereign level, his strength had enhanced tremendously. After all, he had the pagoda and the Qi into Trinity to help him. As long as there was a slight increase in his strength, his combat force would also be enhanced to a great extent.

Maha You's eyes were dark as he stood on the high platform. The Maha Ancient Clan elders stood behind him looking shocked. Apparently, they had not expected Maha You, who always had the upper hand, to find himself in this situation.

Swish!

As the people looked at the huge black and white gong, they saw the dark death ray shooting toward it. When it hit the huge gong, there was no explosion, but they were shocked to see that the gong had started to break apart.

The gong's power tried its best to stop the dark light from penetrating the gong, but everyone could see that the dark death ray was slowly and steadily breaking it up. Black light spots spread out in all directions on the gong like ants, and within a few minutes, the huge gong had turned totally black.

Bang!

When the deep sound rumbled, the huge gong turned into black ashes and fell out of the sky. Maha You looked at it, and his face turned pale.

Swoosh!

As the black ashes fell down, a ray of dark light shot out and headed toward Maha You's forehead at an astonishing speed. The dark light spots were fast, but Maha You reacted quickly. At the crucial moment, he slanted his body, and the dark light brushed across his face.

Swish!

A dark bloodstain appeared on Maha You's face, which took him by surprise. The dark bloodstain seemed to contain some deadly poison. Black spots started to spread out on his face and eat up the life within it.

Swoosh!

Maha You's palm was like a knife that contained spiritual light. He cut off a big piece of flesh from his face with his palm to stop the strange black spots from spreading. With a piece of flesh missing from his face, blood flowed continuously, making him look hideous.

The top powers outside the Aeon Tower were shocked. They found it hard to believe that Maha You had come to such a sorry state.

"Good job!" Budur Xuan laughed and could not help clapping for Mu Chen. Mu Chen's counterattack was sharp and made him feel great.

Qing Yanjing smiled as well. She knew that since Mu Chen had the guts to take Maha You on, he must have possessed some trump cards. She knew that Mu Chen had prepared himself for the breakthrough, and he was simply waiting for Maha You to help him.

However, it was still too early to rejoice over it. Mu Chen had activated the Eight Budur, but he only had these results. Although Maha You was in a sorry state, no damage had been done to his combat force yet. It would be tough for Mu Chen to defeat a God Grade Heavenly Sovereign at the peak of the later stage with his strength that was only at the later stage of the Spiritual Grade Heavenly Sovereign level.

Spiritual energy surged on Maha You's face and stopped the blood from gushing out. His cold eyes were filled with red light as he looked at Mu Chen and shouted, "Mu Chen, you are courting your own doom!"

Maha You was fuming with anger. He had been making fun of Mu Chen and had not considered him to be a worthy opponent. However, that mentality had resulted in his current condition. He was a master

at the later stage of the God Grade Heavenly Sovereign level, but his face had been torn by a guy who had just had a broken through to the later stage of the Spiritual Grade Heavenly Sovereign level! This would make the Maha Ancient Clan a laughing stock in the future.

Mu Chen looked calm when he saw Maha You's furious look. He found it a pity, as the attack would have had a greater impact if Maha You had not been so decisive. The moment Maha You noticed something amiss, he chose to sacrifice half of his face to stop the death ray from penetrating him.

Boom! Boom! Boom!

There was a loud explosion, and when Mu Chen looked around, he saw the red mountain in the distance bursting apart rapidly. The Immortal Mysterious Aura became stronger as well. The Primordial Immortal Body was about to break free from the ground.

"Young man, you can forget about it. I will make sure that you are dead by the time the Primordial Immortal Body appears!" Maha You said coldly. Red light filled his dark eyes, and he looked at Mu Chen with immense killing intent.

When Mu Chen saw the state Maha You was in, he started to tense up and become wary. Maha You's eyes were ferocious. He stared coldly at Mu Chen and said, "Do you think our Maha Ancient Clan does not possess any of the 36 Rare Super Powers?!"

Boom!

The moment Maha You finished his statement, he bit his tongue. A mouthful of blood essence spurted out from his mouth, and vast spiritual energy burst out from his body. It turned into heavy clouds and covered the area. An indescribable might covered the area, causing the ground to quake.

Outside the Aeon Tower, when Qing Yanjing and Budur Xuan saw what Maha You had done, a thought suddenly flashed across their minds. They squinted and turned pale as they said, "Is this... the Maha Ancient Clan's Clan Suppression Super Power? It is the Maha Infinite Tribulations, listed on the 36 Rare Super Powers!" Qing Yanjing and Budur Xuan looked at each other and looked grim. Maha You had been enraged, and he was giving it his all.

Boom! Boom! Boom!

The wind and the clouds surged as the horrifying power covered the area. Mu Chen stood on the spot and turned grave as he felt the vast oppression. He had received some information about the Maha Ancient Clan and naturally knew that what Maha You had displayed was the Maha Infinite Tribulations listed on the 36 Rare Super Powers.

"It is silly of you to enrage me," Maha You said coldly as he stood proudly in the sky and looked derisively at Mu Chen.

Boom!

Black and white layers of cloud surged crazily and gathered above Maha You to form a black and white tornado. Destructive thunderbolts raged in the windstorm, and wherever the windstorm passed, it destroyed everything in its way.

“Tear him apart!” Maha You laughed ferociously and changed his seal. The black and white tornado then swirled toward Mu Chen, causing the ground below to crack.

Mu Chen looked up at the destructive black and white tornado. In the next instant, he took a deep breath and clenched his fist. A Skeleton Mirror then appeared in his hand. The Skeleton Mirror was the Ancient Power Combining Mirror that Mu Chen had snatched from the Ghost Emperor. It was a God Grade Rare Divine Artifact.

When Maha You saw the divine artifact, he was furious. He had taken the divine artifact from his clan and had loaned it to the Ghost Emperor for him to deal with Mu Chen. However, Mu Chen was now using it to deal with him.

Mu Chen ignored the cold look in Maha You’s eyes and threw the Skeleton Mirror in the air. As it expanded with the wind, it grew to about ten feet in height and hung above his head. Mu Chen formed a seal with his hands, and the spiritual light in his body surged. The black and white Mu Chens loomed behind him, and in the next instant, three rays of spiritual energy light beams shot out. The three spiritual energy light beams entered into the Skeleton Mirror and merged with it. As their power combined, the Skeleton Mirror emitted a terrifying fluctuation.

When the top powers outside the Aeon Tower saw it, they shook their heads. Mu Chen indeed had a hidden trump card. However, it was a pity that even though the Power Combining Mirror had increased its strength, Mu Chen would not be able to fend off Maha You’s deadly blow. Mu Chen was well aware of the situation, and he pondered it for a while. Suddenly, he stomped his foot.

Roar!

When Mu Chen stomped his foot, the roaring sound of a dragon rumbled in the area. The people then saw a huge golden dragon bursting out from Mu Chen’s body and into the sky. The golden dragon exuded horrifying spiritual energy, and it was apparent that the real dragon had reached the God Grade Heavenly Sovereign level!

The real dragon cried and opened its mouth. Golden dragon breath came out of its mouth and carried with it a mighty force that dashed straight into the Skeleton Mirror. With the spiritual energy of the God Grade real dragon infused into the Skeleton Mirror, the combined force in the Skeleton Mirror became mightier. However, Mu Chen did not stop there. Light glittered in his eyes, and he shook his sleeve.

Chirp!

The loud chirping sound of a phoenix resounded at this moment. Golden light swirled out, and everyone saw a huge real phoenix flapping its wings and circling around Mu Chen. This was a great shock to everyone. Apparently, the real phoenix had also reached the God Grade Heavenly Sovereign level!

There was an uproar outside the Aeon Tower. No one had expected that Mu Chen was hiding the real dragon and the real phoenix in his body. They were not illusory objects, either, but were the real dragon and the real phoenix!

The real phoenix cried out loudly and flapped its wings. Myriad rays of golden light burst out from it, and vast majestic spiritual energy whizzed out like a Phoenix Flame and entered into the Skeleton Mirror.

Buzz! Buzz!

With so many different types of horrifying power in the Skeleton Mirror, the mirror shook violently as it seemed unable to withstand the powers. However, after Mu Chen had suppressed it, the vast spiritual energy shrank crazily in the Skeleton Mirror, and the space collapsed to form a black hole.

Mu Chen looked intensely at the vibrating Skeleton Mirror and let out a deep breath. This was the maximum that he could go. With the five different types of power merged into the Power Combining Mirror—he and his two replicas, together with the real dragon and real phoenix—its power had reached a terrifying level.

Mu Chen lifted up his head and looked at the black and white tornado that was coming toward him. He tapped lightly with his finger.

Buzz! Buzz!

The Skeleton Mirror shook violently, and a stream that looked like a galaxy whizzed out from the Skeleton Mirror...

At that instant, the area darkened.

[The Great Ruler](#)

Chapter 1494: The Primordial Immortal Body Appeared

Boom!

The stream, which was like a galaxy, pierced through the area, and in a short while, the top powers saw that it had collided with the raging black and white tornado. Then, an indescribable shockwave swirled out, flattening everything within the area. The only thing that remained was the red mountain...

Each person fixed his gaze on where the space had just collapsed. The stream seemed to be ready to burst, as an overbearing spiritual energy shockwave raged out from it.

In the face of such a horrifying shockwave, the invincible black and white tornado, which had been twirling at a great speed, suddenly slowed down. Apparently, the power of the black and white tornado had been weakened by the stream.

The Galaxy Stream thinned after several minutes, while the collective spiritual energy that contained the spiritual energies of Mu Chen, his two replicas, the real dragon and the real phoenix dissipated. At that time, the stream turned into light spots, which started to float downward.

When the Galaxy Stream dissipated, the black and white tornado let out a sharp screeching sound, then gradually stopped twirling. It then stood quietly, like a black and white Wind Column in the sky.

Suddenly, cracks appeared on the black and white tornado before spreading out quickly to every corner. The black and white tornado then broke into pieces and collapsed!

“He has managed to fend it off!” one of the top powers shouted.

The top powers outside the Aeon Tower all shouted out in amazement and looked at one another. They were filled with disbelief. The Super Power Art that Maha You had displayed was invincible among those who were below the Divine Heavenly Sovereign level, yet Mu Chen had been able to fend it off!

Maha Tian's face turned pale as he stared at the scene from the high platform. The elders of the Maha Ancient Clan looked at one another with disbelief, as they could not accept this cruel fact.

"Your son is quite powerful..." Budur Xuan said to Qing Yanjing. He was equally shocked by the scene before him.

Qing Yanjing was taken aback as well, as she had not expected such an outcome. However, she smiled after hearing what Budur Xuan had just said.

"How is this possible..." While the top powers outside the Aeon Tower were feeling amazed by what had happened, Maha You looked at the scene, the veins on his forehead starting to twitch.

"This stupid fella!" Maha You growled as he clenched his fists so tightly that his knuckles cracked.

In the past, Mu Chen had used the power of the Fortify Clan Grand Array to contend with the Xuan lineage and the Mo lineage, but in two short years, he was now able to take him head-on and had displayed such a powerful attack!

While Maha You's expression was changing, Mu Chen, who was standing in the sky in the distance, turned slightly pale. However, he still looked calm as lifted up his head to look at Maha You and asked, "Do you want to carry on?"

A cold light glittered in Maha You's eyes, while an overbearing spiritual energy surged around him. Although he had used up a large amount of spiritual energy for the earlier deadly blow, he was, after all, still a God Grade Heavenly Sovereign. As such, he had rich spiritual energy and could continue to fight.

Boom!

As Maha You was unhappy, he definitely wanted to continue with the fight. Suddenly, an ear-shattering explosion was heard, and he saw that the red mountain had collapsed. A humongous ancient light beam then shot up from the mountain.

A figure seemed to be looming in the ancient light beam, and when Maha You saw it, he suddenly had a covetous look on his face. He then yelled, "The Primordial Immortal Body!"

Maha You's heart was beating crazily. He then gave Mu Chen a vicious look and flew toward the light beam, while looking excited. After Maha You had left, Mu Chen started to relax and heaved a sigh of relief.

Although he looked calm, the spiritual energy in his body had almost dried up, and he knew that he did not have any more strength left to fight Maha You. Fortunately, the Primordial Immortal Body had appeared at the crucial moment and distracted Maha You.

I underestimated Maha You. Although I have stepped into the later stage of the Spiritual Grade Heavenly Sovereign level, I can just barely take him on. As such, I will have to step into the God Grade Heavenly Sovereign level if I want to truly be able to properly fight him.

After deciding this in his mind, Mu Chen waved his sleeve, causing a few million Sovereign Spiritual Liquid drops to whiz out. After he swallowed them, the pagoda shone brightly and quickly refined them before absorbing them.

When Mu Chen sensed that he had regained his spiritual energy, he started to loosen up. He then flashed out and landed on a hill far away.

He looked around the area and saw that, other than Maha You, Ye Qing and Tuo Ba Cang were standing some distance away from each other. Apparently, when Mu Chen was exchanging blows with Maha You earlier, Ye Qing and Tuo Ba Cang were unable to defeat each other and had ended up in a draw.

When Ye Qing and Tuo Ba Cang noticed that Mu Chen had come over, they gave him strange looks. They had seen how Mu Chen had fought with Maha You, so they had become wary of him.

“Has the Primordial Immortal Body appeared?” Mu Chen lifted up his head and looked at the huge light beam, while an ancient and mysterious aura filled the light beam. Moreover, an ancient figure was within it!

When Mu Chen saw the ancient figure, his body shook slightly. The Immortal Golden Body appeared faintly behind him, as though it had been attracted by something irresistible.

Mu Chen suddenly became excited. Maha You, Ye Qing, and Tuo Ba Cang were excited as well. The fire in their eyes was so strong that it could light up the sky!

At present, there was only silence outside the Aeon Tower, as the people were looking intensely at the ancient light beam that was now standing tall. The Primordial Immortal Body was one of the five Primitive Celestial Bodies in the entire Great Thousand World, and anyone who could get ahold of it would become the most powerful person in the Great Thousand World!

Boom! Boom! Boom!

After some time, the humongous light beam started to shrink toward the ancient figure. The ancient figure seemed to be absorbing the spiritual energy that was in the light beam.

The vast light beam became smaller and smaller until it ultimately disappeared into the ancient figure’s body. The figure then revealed itself to the people.

Everybody looked at the Primordial Immortal Body with wide eyes. After all, even a Heavenly Sovereign seldom had the chance to see a Primitive Celestial Body!

Everyone saw a large, golden-colored body standing quietly in the sky. It was mottled and old, as though it had gone through several thousands of battles.

The runes on its body seemed to come from nature, each one being quite mysterious. These runes seemed to contain an indescribable and strange power. Although the figure stood still and did not move, the people already felt a horrifying fluctuation exuding from it.

“Is this the Primordial Immortal Body?” Mu Chen muttered as he looked curiously at the mysterious golden body before him.

Swoosh!

As Mu Chen was still feeling baffled, Maha You turned into a streamer and darted across the horizon. He then appeared in front of the golden body and grabbed at it, while saying, “Hahaha, Primordial Immortal Body, come with me. I am your new master!”

When Ye Qing, Tuo Ba Cang, and Mu Chen saw this, they immediately shot out. Just as Maha You was about to touch the golden body, the golden body, which looked as though it was a dead object, suddenly opened its eyes.

As it looked at Maha You, it stretched out its palm to hit him. The blow looked harmless, but the moment the figure waved its palm, the surrounding space collapsed.

Maha You's face turned pale and he shouted out loud. Then, a vast spiritual energy surged out as his body turned into a dazzling spiritual body. The spiritual energy then formed into several layers of defense around his body.

Bang!

No matter how many layers of protection Maha You had around his body, they shattered when the golden hand came down on him. The golden hand passed through the defense and hit Maha You directly on his chest!

Blood spurt out from Maha You's mouth as he was shot backward. His body created a long scratch on the ground and his chest collapsed.

Mu Chen, Ye Qing, and Tuo Ba Cang immediately stopped moving toward the golden body. They gasped when they saw that Maha You was hit by the golden body. They could indistinctly feel a terrifying and cold killing intent exuding from the golden body.

The golden body lifted up his head and looked at the three of them without any expression. It then opened its mouth and its voice filled the area.

"Stay here...Merge in with the earth..."

Having said that, the golden body shot out. It then turned into a golden light and directed itself at the three of them.

The Great Ruler

Chapter 1495: The Mysterious Golden Figure

Swoosh!

The golden figure darted across the sky at lightning speed toward Mu Chen, Ye Qing, and Tuo Ba Cang, and wherever passed, the space would collapse...

When the three of them saw the golden figure with its cold killing intent coming toward them, they turned pale and immediately retreated. The golden figure was too tricky. They had seen its horrifying combat strength earlier when it hit Maha You with its powerful blow.

Although their speed was fast, the golden figure was even faster. In the twinkle of an eye, the golden figure was before Tuo Ba Cang. Its mottled golden palm was like that of the God of Death as it struck gently toward him.

When Tuo Ba Cang saw that it was impossible for him to escape the blow, he shouted, "Immortal Golden Lotus!" and golden light surged behind him. The Immortal Golden Body appeared, and the Immortal God Runes gathered to form a Purple Golden Lotus that covered him up.

The Immortal Golden Lotus was the Immortal Golden Body's most powerful Defense Super Power. Tuo Ba Cang had activated it, as he dared not take the golden figure lightly.

Slap!

The golden palm hit the Immortal Golden Lotus, and after a while, cracks started to spread out on the Immortal Golden Lotus, causing it to explode.

Swish!

When the Golden Lotus exploded, Tuo Ba Cang spurted out blood and shot backward. He no longer looked calm but had an astonished look on his face. He had used all his defense force, and even if Maha You had attacked him under this defense, he would not have been able to break through it. However, it was nothing in the eyes of the golden figure.

After hitting Tuo Ba Cang, the golden figure did not stop there. It pounced straight toward Ye Qing.

"Asura Realm!" When Ye Qing saw the golden figure darting toward him, light flickered in his eyes, and he gritted his teeth. The long red spear in his hands shook, and killing aura shot out. He took the offensive and waved his long spear. It turned into a sharp spear radiance and shot up into the sky, tearing it apart. Myriad rays of afterimages then swirled toward the golden figure.

Ye Qing had displayed his deadly blow.

The myriad rays of spear images were sharp. Even Maha You would not have the audacity to take the blow head on, but the golden figure could not be bothered with it. It allowed the spear images to fall on its body as fire burst out. However, the attack was unable to stop the golden figure.

The golden figure clenched its fists and threw out a punch. Golden light burst out, and the space in front of it collapsed. Golden fist rays pierced through the space and blasted on the long red spear.

Clang!

The clashing sounds of metal were heard, and Ye Qing's body shook violently. He staggered backward, and the blood vessels on his arms burst. Blood flowed out, and the long red spear in his hands moaned indistinctly as though it had been seriously injured.

Mu Chen, who was standing behind him, turned pale when he saw that the golden figure had defeated Tuo Ba Cang and Ye Qing in an instant. He started to tense up as he sensed that the golden figure was looking ruthlessly at him now that it was done with Tuo Ba Cang and Ye Qing.

Swoosh!

The moment Mu Chen's eyes and the golden figure's eyes met, Mu Chen was shocked to see golden light appearing in front of him. The golden figure approached Mu Chen, its golden hand aimed at his throat. Its speed was quick beyond description.

A sharp gale whizzed toward Mu Chen. Mu Chen's body shook, and a pair of beautiful phoenix wings appeared behind his back and spread out. He flapped the wings, and in split seconds, he was out of the area, leaving behind an afterimage.

Hiss!

The golden palm crushed the afterimage and then paused for a moment. It was shocked to find that it had failed in its attempt.

In the distance, Mu Chen broke out in a cold sweat. If he had not reacted quickly, he would have been seriously injured by the golden figure. Fortunately, with the help of the phoenix wings, his speed became the fastest among the four of them. The phoenix wings were indeed a useful tool for escape.

The change of events in the Aeon Tower happened too quickly. After Mu Chen had escaped the golden figure's attack, the top powers outside the Aeon Tower then came back to themselves, and they burst into an uproar. They had not expected such a thing to happen and were taken aback.

Isn't the Primordial Immortal Body searching for a master? Why did it behave as though it is out to kill the moment it was out? It seems determined to kill Mu Chen and the other three.

"Why did it turn out this way?" Qing Yanjing's face turned pale. She could tell that the golden figure's combat strength was extremely powerful, and Mu Chen and the other three were nothing in its eyes.

"Maha Tian, what has your Maha Ancient Clan been doing!?" Qing Yanjing asked in a sharp voice as she stared at Maha Tian.

Maha Tian had turned ghastly pale. He looked at Qing Yanjing and replied, "I have no idea what has happened. We have never seen this golden figure at the previous Aeon Congresses." Maha Tian was puzzled. He did not know how the golden figure came about in the Aeon Tower, and he had no idea if it was the legendary Primordial Immortal Body, based on its appearance.

The elder of the Maha Ancient Clan, who was standing behind Maha You, speculated, "Could this be the way the Primordial Immortal Body chooses its master?"

Maha Tian said with a frown, "The golden figure is filled with immense killing intent, and it is ruthless. Even Maha You is no match for it. It does not seem to be choosing its master. It is slaughtering."

The elders looked at one another and were at a loss. Once the Aeon Tower was shut, even a Divine Heavenly Sovereign was unable to barge in. They could only wait outside to see how things progressed.

While there was a commotion outside the Aeon Tower, Maha You was recuperating from his injury inside the Aeon Tower. Looking pale, he flew up into the sky and watched the golden figure from afar. He was terrified. If he had not reacted quickly earlier, the golden figure would have killed him.

Crap. What is this?! Maha You was anxious. He had taken great pains to reach the last stage, but this thing just came out all of a sudden and wanted to kill him. It seemed adamant about killing all of them.

The golden figure started to look around, and golden light surged around its body. It looked as though it was about to strike again. When Maha You saw it, he was afraid and shouted, "Gentlemen, this thing is weird, and none of us is a match for it. I suggest that we join forces to contend with it!"

After hearing what Maha You had said, Ye Qing and Tuo Ba Cang hesitated for a while before nodding. They realized from the earlier exchange of blows with the golden figure that its combat strength was extremely powerful. If they took it on individually, they would be no match for it.

Mu Chen pursed his lips and nodded. He felt that even if the four of them joined forces to take it on, they would still be no match for it, but there was no other way out at the moment. They simply had to give it a try.

Swoosh!

As they were still discussing, the golden figure shot out. A ray of golden light shot through the sky, carrying with it a strong oppression.

“Maha Infinite Tribulations!” Maha You turned grave and immediately activated his most powerful attack. The black and white tornado appeared again in the area.

“The Eight Budur!” Mu Chen immediately activated the Eight Budur, not daring to use less powerful means.

“The Heavenly Asura!”

“Necro Swordplay!”

Ye Qing and Tuo Ba Cang displayed their most powerful means as well. The sky darkened as the four of them displayed their powerful means, and several Heavenly Sovereigns were shocked by the power of their attacks. Their attacks were sharp as they shot toward the golden figure.

Boom! Boom! Boom! Boom!

The four powerful attacks whizzed toward the golden body, but it did not try to dodge them. It threw out four punches consecutively, and golden fist rays shot out, carrying with them the formidable Immortal Rays.

The four punches were like four Golden Great Suns, and they hit hard against the four horrifying attacks from Mu Chen and the other three.

Bang! Bang! Bang! Bang!

An earth-shattering explosion resounded, and the top powers outside the Aeon Tower were shocked. The four Golden Great Suns tore up the attacks of Mu Chen and the other three. The black and white tornado and the Budur Death Ray burst when they collided with the Golden Great Suns.

There was silence outside the Aeon Tower. Many top powers were shocked speechless. Mu Chen, Maha You, and the other two had joined forces, and their power was mighty. However, they were still easily defeated by the golden figure. It was apparent that they were not on the same level as the golden figure in terms of their power.

Only a Divine Heavenly Sovereign could suppress the golden figure.

When Mu Chen, Maha You, and the other two saw what had happened, their faces turned ghastly pale. Although they had joined forces, it seemed useless. The golden figure was too tough for them to handle.

“Crap!” Maha You shouted as he lost control of himself and looked hopeless. Although the four of us joined forces, we were still unable to fend off the golden figure’s attacks. How are we to continue the fight?

Mu Chen knitted his brows. The golden figure is invincible. There is no way to fight it. Must we defeat this golden figure in order to gain acceptance from the Primordial Immortal Body? However, none of us can defeat it unless a Heavenly Sovereign steps in.

Roar!

The golden figure roared as Mu Chen was thinking. It grabbed the void with its hands and tore it apart. Purple light spots indistinctly filled the sky. The golden figure opened its mouth, and there was a great suction. It wanted to suck in the purple light spots, but they seemed to resist. However, the golden figure devoured them by force.

Mu Chen looked at the purple light spots and squinted. He noticed a familiar fluctuation from the purple light spots. Apparently, they were the Immortality Source.

The Immortality Source should be from the Aeon Tower, but why does the golden figure use this method to devour it? Mu Chen was baffled. If the golden figure is the legendary Primordial Immortal Body, the Aeon Tower should be giving the Immortality Source to it freely, and there should be no resistance against it... Unless the golden figure that we have seen... is not the genuine Primordial Immortal Body!

However, if it is not the Primordial Immortal Body, what is it then!?

Mu Chen could indistinctly sense a strong Immortal Aura from the golden figure, although it seemed a bit chaotic.

As Mu Chen was still sorting out his thoughts, after the golden figure had devoured the purple light spots, the light on its body became darker, and the power that it exuded became stronger. It slowly lifted up its head and looked at Mu Chen and the other three. Suddenly, a covetous look appeared in its eyes, and its thoughts emanated from it.

I... want to eat you up...

[The Great Ruler](#)

Chapter 1496: The Death of the Blade Saint

Boom!

Violent spiritual energy fluctuations burst out in the area, while five figures continued to exchange blows. Every time there was an exchange of blows, it would cause the area to quake.

However, it seemed inappropriate to say that they were exchanging blows. Basically, four figures were running about in a sorry state, while the golden figure was chasing after them. It easily countered the attacks that the four figures threw out.

These four figures were Mu Chen, Maha You, Ye Qing and Tuo Ba Cang. They had been struggling with the mysterious golden figure for some time and now had a taste of what it was like to be utterly crushed and degraded! With the golden figure behind their heels, other than trying to escape from it, they had no other means of survival.

Maha You had lost his cool earlier and tried to fight the golden figure, but it had torn one of his arms out of its socket! After this happened, Mu Chen and the rest brushed away the thought of contending with the golden figure, deciding instead to simply run away from it.

Fortunately, the golden figure tore the void apart to obtain the Immortality Source from the Aeon Tower, which gave them the chance to take a short breather. However, they all knew that this would not last for long.

Every time the golden figure obtained the Immortality Source from the Aeon Tower, the fluctuations that it exuded became stronger. Apparently, the golden figure was continually increasing its strength!

Mu Chen and the other three had bitter looks on their faces. Although they could choose to leave the Aeon Tower, they knew that they would lose the chance to get ahold of the Primordial Immortal Body if they did so. Thus, all of them were hesitant to leave.

Roar!

As their minds were in turmoil regarding what to do next, the golden figure, which was behind them, grabbed a huge amount of Immortality Source from the void again as its golden eyes turned dark. The oppression that exuded from its body became so intense that it caused the surrounding space to crack. It was as though it was made of glass!

The golden figure looked up to the sky and roared. It had a chaotic look in its eyes, while its emotionless voice resounded again in the area, "Stay here and merge with this place!"

The killing intent in its voice was so strong that Maha You and the other three ran away quickly from the golden figure when they heard it. This triggered Mu Chen's thoughts. All this while, he had noticed that every time the golden figure obtained the Immortality Source, it would make a similar roaring sound.

The roaring sound seemed to be directed at them, but Mu Chen had a strange feeling that it was done against its wish. He noticed that the golden figure seemed to be struggling to keep from roaring, but was unable to do so.

"Merge with this place...Is the figure referring to the Aeon Tower?" Mu Chen muttered to as light glittered in his eyes.

Boom!

There was the sound of an explosion behind him as he was thinking about it. When he turned around, he was shocked to see a golden light darting across the horizon.

"Its speed is getting faster!" Mu Chen exclaimed as he flapped the phoenix wings on his back. He then disappeared in the twinkle of an eye and activated his speed to its maximum.

The moment Mu Chen disappeared, a golden palm poked into the chest of his afterimage, and the horrifying spiritual fluctuation immediately destroyed the afterimage.

The golden figure roared angrily when it saw that its attempt had failed. It stopped going after Mu Chen, and with a flash, it appeared behind Tuo Ba Cang, who was the slowest among the group of four.

“Immortal Golden Lotus!” When Tuo Ba Cang noticed that the golden figure was going after him, his face turned pale. After he yelled out, several Immortal God Runes whizzed toward him and formed a huge lotus to protect him within it.

Swish!

This time around, the Immortal Golden Lotus no longer fended off the attack from the golden figure. Its golden palm seemed to possess such a great power that with just a mere poke, the Immortal Golden Lotus was torn apart.

Bang!

The Immortal Golden Lotus exploded, and just as Tuo Ba Cang was about to back away from it, the golden palm stretched out from the void and pressed down on his head!

Tuo Ba Cang was shocked by this, and he immediately shouted, “I’m backing out!”

According to the rules of the Aeon Tower, as long as a participant backed out voluntarily, the Aeon Tower would kick him out of it immediately. Although Tuo Ba Cang was unwilling to do this, he saw that he had no choice at such a critical moment.

After all, this was not the time to get emotional. It was most important for him to keep his life!

After Tuo Ba Cang shouted that he wanted to back out, his body started to loosen up as he waited for the space warp to kick him out. However, at this instant, he saw the golden figure curling up its lips and smiling hideously. The space warp that Tuo Ba Cang was waiting for did not appear!

Tuo Ba Cang’s feet suddenly turned cold, and the coldness soon spread all the way up to his head. At that moment, the spiritual energy almost burst out from his body!

Crack!

As the spiritual energy in his body twirled around, an indescribable violent spiritual energy entered his body. The power was so great that his head exploded in an instant!

Boom! Boom!

As two explosions were heard, Tuo Ba Cang’s body exploded and turned into a lump of Blood Fog. The Immortal Golden Body behind him moaned, then also exploded before instantly turning into purple golden light spots!

The golden figure immediately took in a deep breath and devoured the purple golden light spots. This change of events came so suddenly, and when Mu Chen, Maha You, and Ye Qing saw it, they were dumbfounded. Tuo Ba Cang had been utterly annihilated!

“Why did he not get sent out of the Aeon Tower?” Ye Qing’s face looked ghastly pale. He had heard Tuo Ba Cang shout out that he wanted to back out, but the Aeon Tower did not kick him out!

Maha You’s face looked flustered. As he looked at the golden figure again, his eyes were filled with fear.

“There seems to be a problem with the Aeon Tower,” Mu Chen said softly.

When the golden figure appeared, the situation seemed to get out of hand. It could be due to the interference of the golden figure that the Aeon Tower was unable to kick anyone out of it.

When Maha You and Ye Qing heard what Mu Chen had said, they were shocked. If they were unable to even get kicked out from the Aeon Tower, it meant that they would be trapped in it forever! When the two of remaining in the Aeon Tower forever, they became very depressed.

At this moment, there was an uproar outside the Aeon Tower. The top powers widened their eyes when they saw that the golden figure had killed Tuo Ba Cang, and they immediately became frightened.

After all, Tuo Ba Cang was a master at the later stage of the God Grade Heavenly Sovereign level, but he had been killed right under their noses! When Qing Yanjing saw what had taken place, her expression changed. She had also noticed that the Aeon Tower had failed to let Tuo Ba Cang back out.

She turned to look at Maha Tian and asked, "Is there a problem with the Aeon Tower?"

Maha Tian looked pale and nodded his head. "However, don't come to me about it, as our Maha Ancient Clan cannot control the Aeon Tower. Thus, I cannot solve its problems."

As Qing Yanjing clenched her fists, an ominous aura flashed in her eyes. The golden figure was strange and overbearing, and it was apparent that Mu Chen was no match for it. As such, if there was no change in the current situation, Mu Chen would be doomed.

"In that case, let's destroy the Aeon Tower!" Qing Yanjing said coldly.

"No!" Maha Tian objected to this idea immediately, then said, "If you destroy the Aeon Tower, the Primordial Immortal Body will be affected. Who is going to take responsibility for that?"

"If the Primordial Immortal Body is so easily destroyed, it is not really a Primitive Celestial Body!" Qing Yanjing sneered.

"You mustn't do it! Our clan has been guarding the Primordial Immortal Body for many thousands of years, and we will continue to ensure its safety!" Maha Tian said coldly, refusing to give in.

"In that case, I will force my way through!" she yelled.

"Ha. You are now at the mercy of our Maha Ancient Clan, as this is not your Budur Ancient Clan's territory!" Maha Tian retorted.

"We shall see!" she retorted, with her head held high.

As the two Heavenly Sovereigns got into an argument, a horrifying oppression indistinctly exuded from them both. The area suddenly darkened, and many top powers became instantly quiet because they were afraid. If the two Heavenly Sovereigns continued to fight, the surrounding area would be turned into ruins!

...

After the golden figure had devoured Tuo Ba Cang's Immortal Golden Body, the golden light in its eyes became more dense. It then turned to look at Mu Chen, Maha You, and Ye Qing with a covetous glare.

Boom!

Suddenly, the body of the golden figure shook before it turned into a golden light. It aimed itself at Maha You, who possessed the strongest aura among them, then darted toward him speedily. Apparently, it knew that Maha You's Immortal Golden Body would bring the greatest benefits to it.

When Maha You saw it, he turned pale and retreated immediately. Since the golden figure had enhanced its speed, no matter where Maha You ran, the distance between him and the golden figure grew smaller and smaller...

In a short while, Maha You could sense a strong force whizzing toward him from behind.

As he looked at the golden figure out of the corner of his eyes, he suddenly turned to look at Mu Chen, who was far away and on his right.

Then, an evil look flashed across his eyes as an octagonal compass appeared in his hand. The compass was packed with mysterious runes.

"Eight Stars Spiritual Compass, Change Position Art!" Maha You yelled, while the compass emitted a strange light and covered the golden figure that was in front of him.

When he saw Maha You take out the Compass, Mu Chen became wary and felt uneasy. He wanted to move back and stay far away from him.

Swoosh!

However, just as he was about to retreat, the golden figure, which was initially going after Maha You, disappeared all of a sudden. Mu Chen was shocked to see that the space in front of him had opened up and the golden figure had dashed out of it! At this moment, a pair of emotionless golden eyes were staring at him!

When Mu Chen saw that the golden figure was near him, his heart sank. Maha You had set him up!

[The Great Ruler](#)

Chapter 1497: Destroyed His Own Immortal Golden Body

The space in front of Mu Chen smashed, and the golden figure dashed out of it. When Mu Chen saw the pair of emotionless eyes looking at him, his heart sank. Although he had prepared himself well, he had not expected Maha You to set him up. Maha You had changed the golden figure's position toward Mu Chen's direction. By doing so, Maha You had escaped from the golden figure and sent Mu Chen to it.

Mu Chen's mind was in turmoil. In the twinkle of an eye, the phoenix wings behind him flapped hard and turned into afterimages as he quickly moved back.

Swoosh!

The golden figure fixed its gaze on Mu Chen, who was now nearest to it. It turned into a golden light and shot out, tearing the afterimages apart and getting closer to Mu Chen. Mu Chen activated his speed to the maximum and changed his position several times. However, he was still unable to shake off the golden figure, whose speed had increased tremendously. Mu Chen's face started to turn sullen.

Maha You smiled derisively as he stood in the distance and watched the golden figure go after Mu Chen, who was running around in a sorry state.

Swoosh!

Mu Chen turned into a shadow and moved around the area. Although the oppression behind him was getting closer, he became calmer. Light glittered in his eyes, and occasionally, he would glance at the ancient place and ponder his situation. Judging from the golden figure's speed, it would soon catch up with Mu Chen. No matter what means Mu Chen used on him, he knew that he would not be able to fend it off.

Mu Chen's strongest defense was the Immortal Golden Lotus. The defense force of his Immortal Golden Lotus was almost on par with Tuo Ba Cang's, and since Tuo Ba Cang's Immortal Golden Lotus had been torn apart by the golden figure, Mu Chen would likely end up like Tuo Ba Cang. Since he could not fight the golden figure and was unable to escape from it, Mu Chen was at a dead end.

If any ordinary people were in such a situation, they would be flustered. However, after Mu Chen had gone through so many trials throughout the years, he had been trained to toughen up his mind. He knew that the more flustered he became, the less likely it was that he would find a way to escape.

What should I do? Mu Chen was getting anxious. After a while, he looked at the area and had a crazy idea.

Roar!

A roaring sound came from behind him, and a horrifying oppression swirled toward him, causing his body to tremble. When he glanced from the corner of his eyes, he saw that the golden figure was closing in on him. It was stretching out its hand to grab Mu Chen. There was no way of escape for Mu Chen now.

When Maha You saw the scene, his eyes turned cold. Let's see where you can escape to!

Mu Chen could smell the aura of death coming toward him. Suddenly, he formed a seal with his hands, and his huge Immortal Golden Body appeared behind him. When the golden figure saw it, it had a covetous look on its face.

Mu Chen stopped running away. He turned his head and looked coldly at the golden figure coming toward him. In the next instant, he formed a seal, and a deep voice came out of his mouth. "Burst!"

The moment the word came out of Mu Chen's mouth, cracks started to form on the Immortal Golden Body behind him. A Great Purple Golden Sun appeared in the Immortal Golden Body, and myriad rays of light burst out from it.

Boom!

A loud explosion resounded, and purple golden light filled the area. An indescribable destructive shockwave raged out, and wherever it passed, it destroyed everything in its way. Even the golden figure pouncing toward Mu Chen was thrown back a great distance, and it roared out bitterly.

"He has burst his own Immortal Golden Body!" When Ye Qing saw it, his face turned pale. He had not expected Mu Chen to be so decisive and ruthless. He had burst his own Immortal Golden Body, which contained the Immortality Source. By doing so, Mu Chen would not be able to condense the Immortal Golden Body unless he cultivated it all over again.

“This guy...” Maha You was shocked by Mu Chen’s decisiveness. He had thought that Mu Chen would surely die. He had not expected Mu Chen to burst his own Immortal Golden Body to escape from the golden figure.

However, Maha You squinted and quickly pushed the thought away. Although Mu Chen had managed to stay alive by bursting his own Immortal Golden Body, he must have been seriously injured, so he no longer posed a threat to Maha You. After Ye Qing was killed by the golden figure, he would then strike.

As Maha You thought of this, he curled his lips into an evil smile. He clenched his fist, and an ancient talisman appeared in his hand, indistinctly exuding a horrifying fluctuation.

Their Maha Ancient Clan had thoroughly prepared in order to obtain the Primordial Immortal Body. Although the situation had gotten out of hand, Maha You still had other means to deal with it. However, he had to wait for Ye Qing to be killed before he took action.

...

“Chen!” Qing Yanjing was outside the Aeon Tower, and when she saw that Mu Chen had burst his own Immortal Golden Body, her face turned pale. In the next instant, a horrifying spiritual energy windstorm burst out from her body and shook the area. Qing Yanjing’s face turned cold, and her eyes looked icy enough to freeze the void. She turned into a shadow and dashed toward the Aeon Tower.

“Qing Yanjing, how dare you!” Maha Tian shouted when he saw what Qing Yanjing was doing. He immediately appeared outside the Aeon Tower, and a spiritual energy windstorm raged through the area. The power of a Heavenly Sovereign swirled out.

“Get out of the way!” An ominous aura emanated from Qing Yanjing’s eyes. Suddenly, a large spiritual array came down from the heavens as though it was a new world and trapped Maha Tian. It was a white World of Magma, and the high temperature could burn a God Grade Heavenly Sovereign to ashes. A huge Magma Dragon roared and dashed toward Maha Tian as he stood in the sky.

When Maha Tian saw it, he looked down and waved his sleeve. A black and white yin-yang aura came out from his sleeve and circled around him. Every time the huge Magma Dragon dashed toward him, the black and white yin-yang aura would smash it.

“Qing Yanjing, are you crazy? Do you intend to start a fight with our clan right here!?” Maha Tian said coldly.

“Maha You has set my son up. Do you think that I will let the matter rest?!” Qing Yanjing replied sharply, and her voice resounded in the area.

Maha Tian snorted and said, “All of them have to depend on their own means to survive in the Aeon Tower. Mu Chen was being careless, so he cannot blame anyone for it. What you are doing is bringing disgrace to your Budur Ancient Clan!”

“You are spouting nonsense.” Qing Yanjing sneered and immediately activated hundreds of thousands of huge Magma Dragons. They stared at Maha Tian.

Maha Tian looked down and said in a deep voice, “Now that the Aeon Tower is having problems, are you sure you want to start a fight now? Your son has burst his own Immortal Golden Body, but he is still

alive. After Maha You has dealt with the golden figure, he will be fine. If Maha You is unable to deal with the golden figure, he and your son will die in the Aeon Tower, and none of us will be able to save them!”

Qing Yanjing was taken aback. Her expression changed, and her face turned frosty. After waving her hand, the World of Magma disappeared into thin air. “If my son has any mishaps, I will have no qualms about starting a fight with your Maha Ancient Clan,” Qing Yanjing said coldly and went back to her previous spot.

Maha Tian looked at Qing Yanjing, and a cold light flashed in his eyes. He then flew back to the high platform.

After the two Divine Heavenly Sovereigns went back to their respective places, the top powers heaved a sigh of relief. They wiped away the cold sweat on their foreheads, as they had been frightened out their wits earlier when the two Heavenly Sovereigns exchanged blows.

“Qing Yanjing has gone overboard!” the elders of the Maha Ancient Clan said after Maha Tian was back to the high platform.

Maha Tian looked down and said coldly, “Let’s leave her alone for now. The most important thing at the moment is to get our hands on the Primordial Immortal Body. After that, we will deal with her.”

...

The windstorm raged through the ancient place, and after a long while, it dissipated. The ground was filled with holes, and bottomless chasms were everywhere. It was an unusual sight.

Mu Chen had disappeared from the sky, but Maha You and Ye Qing could not be bothered with him, for they saw that the golden figure was moving toward them.

When Mu Chen burst his own Immortal Golden Body, the Immortality Source had dispersed, but the golden figure was unable to get its hand on it. It was irritated, and it dashed toward Maha You and Ye Qing. When the two of them saw it, they immediately ran away.

Suddenly, there was another life and death chase. Air-rending sounds filled the area, and Mu Chen laid in an abyss, looking pale. Blood was all over him, and the spiritual energy in him weakened. Apparently, he had been seriously injured.

All these years, Mu Chen had never come across a situation in which he needed to burst his own Immortal Golden Body. After bursting his Immortal Golden Body, his Immortality Source had been destroyed. He could no longer condense the Immortal Golden Body...

After cultivating the Immortal Golden Body for so many years, Mu Chen felt the heartache of losing it. However, he knew that it was not the time to cry over it, as the current crisis was not over yet. He had to think of a way to get out of the situation.

Hoof.

Mu Chen let out a deep breath. The excruciating pain in his body caused his brows to crease, but he was not bothered by it. He looked through the abyss, stared at the ancient place, and gradually shut his eyes. He had to confirm if he was right in his assumption. If his assumption was correct, it had been worth it for him to burst his own Immortal Golden Body...

Chapter 1498: The World of Violet

While Mu Chen's eyes were tightly closed, his sensor was quietly activated. He was sensing the Immortality Sources that were scattered around the universe due to the self-detonation of the Immortal Golden Body.

After all, he was the one who had cultivated these Immortality Sources, and even though he could not control them after the self-detonation, Mu Chen could still clearly sense their presence and pinpoint their locations. They were like countless dots of light, floating around the universe.

"It's here..." While Mu Chen was quietly sensing the locations of the Immortality Sources, his heart skipped a beat.

This was because he sensed a slight fluctuation in the air where the Immortality Sources were scattered. The fluctuation slowly devoured the lights, one by one.

Within a short span of time, those Immortality Sources that was self-detonated by Mu Chen disappeared completely. In fact, it was as though they had never existed.

But, Mu Chen knew that they did not simply disappear. Instead, they were all sucked up by the Aeon Tower. This was just as he had predicted.

He gathered his thoughts as he placed his sensor on the Immortality Sources. Then, the Immortality Sources merged with the universe, causing the surrounding environment to change drastically. The original land disappeared, and a world that was full of violet lights emerged.

Countless violet spots of light floated in the air in this world. While he stared at the violet light spots, Mu Chen was shocked and overwhelmed.

These were not like any Immortality Sources that he had ever seen before. Compared to the Immortality Sources that he had obtained from his previous opponents, they were more substantial, like lakes and oceans.

"These are such rich Immortality Sources! The Aeon Tower must have accumulated them for thousands of years!" Mu Chen exclaimed as he watched the violet world in shock.

If he could absorb and refine all of these Immortality Sources, his Immortal Golden Body would hit a domineeringly high level! While Mu Chen was still recovering from the shocking sight, a strange fluctuation emerged in the violet world. Mu Chen's sensor suddenly jerked, as he could sense that a scanning wave was sweeping his sensor. The scan felt ancient to him.

Did someone discover me? Mu Chen wondered in surprise, but did not dare make any moves. While he remained still, violet rays of light suddenly gathered in front of him before they formed into a vague, glowing figure.

"After so many years, someone has finally come..." An old voice, which seemed to be directed at Mu Chen, was suddenly heard.

Upon seeing this scene, the hidden consciousness of Mu Chen glowed, then gradually formed into a glowing figure as well. With a great sense of caution, he looked at the vague, glowing figure and cupped

his fist as he said, "I have no intention of trespassing. I hope you don't mind that I am here. May I ask... Who are you?"

The vague, glowing figure seemed to chuckle. He then said, "I'm the consciousness of this Aeon Tower. It looks like you're quite a smart fellow, as you were actually able to think of a way to enter this place. This shows that you are quite bold as well..."

Mu Chen knew what he meant by his saying that he was bold. He was referring to Mu Chen's having detonated his Immortal Golden Body. After all, no one else would dare to detonate their own Immortal Golden Body, especially after years of cultivation!

"I was on the brink of life and death, so I had no choice but to do it." Mu Chen gave a bitter smile and felt his heart trembling slightly as he added, "But, thank you for the compliment."

The vague, glowing figure sighed, then said, "The mutant was too evil, and I could not deal with it. I could only try to confuse it by dropping some hints while it was fighting for the Immortality Sources."

"It is exactly as I expected..." Mu Chen slightly relaxed upon hearing that his previous intuition had been right.

Every time that golden figure snatched away the Immortality Sources, it would let out an odd-sounding groan. "Senior, what is going on? Who is that golden figure?" Mu Chen asked, clearly perplexed.

The vague, glowing figure rippled slightly at that moment, and a gleaming, painted scroll appeared in front of the figure. Mu Chen focused his gaze on the scroll, which was slowly unrolling.

He saw that a green-robed man was standing in the painting. Although Mu Chen could not see his profile clearly, Mu Chen felt a sense of mystery and intense oppression that he had never experienced before coming from the painting.

When the green-robed man and the scroll descended from the sky and landed on the ground, the man immediately built an ancient stone tower! The stone tower looked quite familiar to Mu Chen, and he soon realized that it was the Aeon Tower! As soon as he recognized the tower, Mu Chen knew that the green-robed man must be the legendary ancient expert, the Immortal Emperor!

"When the Immortal Emperor was constructing the Aeon Tower, he stored the dormant Primordial Immortal Body here. At the same time, he also disseminated some of the cultivation methods for the Immortal Golden Body in the Great Thousand World," the ancient voice explained from the abyss.

The voice then added, "His purpose of doing so was to choose a suitable master for the Primordial Immortal Body, as well as to collect enough Immortal Sources to repair the dormant Primordial Immortal Body."

"Repair it?" Mu Chen asked, while a radiance flickered in his eyes.

"When the Immortal Emperor fought with the Heavenly Evil Deity from the Extraterritorial Race, the Primordial Immortal Body sustained significant injuries and entered a dormant state. As such, it was kept in this place so that it could repair itself with the help of the Immortality Sources," the voice explained.

"I see..." Mu Chen nodded gently, then asked in a low voice, "But, what's with that figure? It isn't the Primordial Immortal Body, right?"

"How could that be the Primordial Immortal Body?" the ancient glowing figure sneered as it answered him.

It then exclaimed, "Over these many past centuries, many experts, all of whom had cultivated the Immortal Golden Body, arrived at this Aeon Tower. They all brought with them a vast amount of Immortality Sources to aid in the recovery of the Primordial Immortal Body. These resources helped the speed up the process..."

The glowing figure's voice paused for a moment, then added, "But... There were some unexpected mutations..."

"Mutations?" Mu Chen repeated, clearly intrigued.

"Yes, the Aeon Tower ended up gathering too many Immortality Sources, and as these sources came from different Immortal Golden Bodies, although I thought that I purified all of them, I must have missed some..."

The voice let out an audible sigh, then continued, "Without my knowledge, some of the incomplete consciousness concealed itself in the vast Immortality Sources and devoured the other Immortality Sources in secret. By the time I found out about its existence, it had already become quite domineering, so much so that I had to use all of my strength to suppress it!"

The voice was filled with sadness as it added with regret, "However, by the time I was able to accomplish this, too many of the Immortality Sources had already been destroyed, resulting in the Primordial Immortal Body having to remain in the dormant state, when it should have already been awakened! It was such a needless waste!"

Mu Chen recalled the time when the golden figure popped out from the crimson mountain. Or, at least, that's what he had thought was happening back then. As it turns out, the figure was actually being suppressed under that mountain!

Mu Chen understood everything now. "So... That golden figure was condensed and then transformed by the pure Immortality Sources?" Mu Chen asked. Wow! he thought... It's no wonder that fellow had such an immense immortality aura!

"All of you who cultivate the Immortal Golden Body will contain Immortality Sources. As such, the figure has a strong desire to kill all of you. This thing has become like a malignant tumor! If we don't get rid of it, it will steal more and more Immortality Sources until it eventually devours the Primordial Immortal Body! When that time comes, an insane, unstoppable monster will be born!" the voice shouted in warning.

The voice then went on to explain, "That is why I am so worried! But, since the rules state that I cannot have any direct contact with all of you, I can only drop hints to see if anyone would understand them and come to this place using other means."

Upon hearing this, Mu Chen narrowed his eyes. He had cultivated so hard all these years just for the Primordial Immortal Body. If the body was taken by the mutant, all of that effort would have been in vain!

“What can I do?” Mu Chen asked. He figured that, since his target was the Primordial Immortal Body, the most important task for him at the moment was to stop the mutant.

However, the mutant was too formidable, which meant that Mu Chen was no match for it. In their previous confrontation, Mu Chen had already been forced to detonate his Immortal Golden Body. So, if they were to fight again, he might even lose his life!

“The mutant is already very powerful. Unless you have a Divine Grade expert on your side, it will be nearly impossible to subdue it,” the vaguely glowing figure said.

Mu Chen nodded, then frowned and asked, “Is there any other course of action?”

“Yes!” The ancient figure rippled at that moment. It seemed as if he was excited as he thought of the question.

“What is it?” Mu Chen urged the figure to explain.

The ancient figure replied, “You must awaken the dormant Primordial Immortal Body!”

Upon hearing this, Mu Chen’s heart skipped a beat, while a sense of limitless enthusiasm surged within his body. He could not control his excitement as he asked, “Can I try to do this?”

The ancient glowing figure seemed to chuckle, then replied, “Of course! Since you were able to make your way to this place, it goes to show that you have an immense amount of courage and bravery. So, you deserve to at least be able to try!”

As he finished speaking, the glowing figure waved his hand, causing the violet rays to immediately shoot below him before they disappeared entirely. When Mu Chen looked down, he saw a mysterious, gleaming radiance, which was barely visible, in the deepest area of the Violet World.

A body that made of a strange glaze sat amid the glow, and every inch of its skin was engraved with ancient runes. The runes gave off a primitive and mystery fluctuation, as if the body had been created when the very world first took its original form! This immortal aura loomed over the body, as though the body would last forever and would never be washed away, no matter how long it had already been there.

Although the body’s height was only about ten feet, it looked old and mighty. Even though it was in a dormant state, it still gave off an indescribable oppression. That oppression was far more domineering than the mightiness of even a Divine Grade being!

Mu Chen looked at the ancient body with boundless longing, while a look of passion flashed across his eyes. At this moment, he could not keep his own body from shaking, even though he usually had a calm character.

As he stared at it, he uttered softly, “So... Primordial Immortal Body... We finally meet!”

Chapter 1499: Mastery and Awakening

Boom!

A sudden, loud explosion sounded off in the land. A huge violet sun rose with a destructive impact wave spreading out once again, making the Earth tremble. Maha You stood in the air and observed the situation from afar. A cold smile was drawn at the corner of his lips as the beautiful fireworks this time were the work of Ye Qing.

Given Maha You's mystical teleport ability that came with the Eight Stars Spiritual Compass, the formidable golden figure could only become his weapon, just like how previously, he had repeated the old trick by teleporting the golden figure in front of Ye Qing. Despite the fact that the latter was prepared for it, there was no easy way out for him when the golden figure was already so near.

Even Mu Chen with his fast speed had also been forced to self-detonate his Immortal Golden Body. Ye Qing might be domineering, but he had had to make the same choice as Mu Chen under the golden figure's attack.

The violet firework went off, and Ye Qing fell from the sky, covered in blood. He could not move at all as his spiritual energy was knocking against his body profusely. The energy was tearing his flesh apart, causing him to be in extreme pain. So, he could only lay in the pit and stare resentfully at Maha You, who was standing in the distance. However, Maha You was not bothered by his resentful stare. Since Mu Chen and Ye Qing were useless now, nobody could fight with him anymore.

"Now it's my turn." Maha You looked at the faraway golden figure with immense greed surging in his eyes. He did not care if the golden figure was the Primordial Immortal Body. The fact was that Maha You could apprehend it and devour its Immortality Sources, since its body contained a vast amount of them. By doing so, it would allow his Immortal Golden Body to upgrade to a fearsome level, even without the Primordial Immortal Body. It could become one of the most powerful Sovereign Celestial Bodies among the Primitive Celestial Bodies.

Roar!

When Maha You fixed his gaze on the golden figure, the latter was also looking over at him irritably. The previous prey eventually chose to self-detonate, leaving it empty-handed. For the last one here, it must not let him off easily. Hence, the figure suddenly beamed into a dark golden ray directed at Maha You while it flashed across the sky.

However, Maha You did not run away this time when the golden figure was flitting over. Instead, a hideous smile surfaced on his face. He raised his palm. An ancient-looking and yellowing amulet in his hand gave off an extremely daunting fluctuation on and off.

Upon closer inspection, the amulet was filled with bloody red runes. Those runes were drawn with blood essence. From the level of its daunting fluctuation, the blood runes must have been drawn using the blood of a Divine Grade Sovereign.

“Divine Rune Amulet... What a waste...” Maha You looked at the ancient amulet as a tinge of pain flashed in his eyes. The amulet was not any common item. It was made using a large amount of blood from a Divine Grade Sovereign in his clan, carving out the runes with it over dozens of years.

Not more than three such amulets could be found in the entire Maha Ancient Clan. Speaking of its mightiness, it was equivalent to the power of the Divine Grade Heavenly Sovereigns, but it could only be used once. Hence, it was the ultimate treasure to be used strategically. However, in order to deal with the bizarre golden figure now, Maha You had no choice but to use it, even though he was reluctant.

Maha You looked up towards the golden figure that was rapidly approaching. Without any further ado, he flicked his finger, and fresh blood dripped quickly onto the ancient amulet.

Blaze!

As the blood fell onto the paper, the amulet immediately burst into flame. It turned into a ball of bizarre and bloody red fire that spun like a ball of liquid.

Maha You took a deep breath and bellowed in a deep voice, “Go!” In a flash, the ball of bloody red fire melted the air and appeared in front of the golden figure. The golden figure had always been invincible. However, when it saw the ball of fire, it felt the danger in it. Immediately, it jammed on the brakes and retreated at a fast speed.

Sst!

However, the bloody red fire was rather strange. Before the golden figure could back off, it hovered slightly and transformed into a blood-red beam as it charged in between the golden figure’s brows. The golden figure paused immediately as the dark red runes began to spread from its brow. The energy in the golden figure’s body was doing its best to resist, as it kept cutting off the spread of the dark red runes...

However, the power of the dark red runes was extraordinary. Despite strong resistance, the runes continued to spread out. Once the runes had taken over the golden figure’s entire body, it would be under Maha You’s control.

Maha You watched with gleaming eyes, and an arrogant smile surfaced at the corners of his lips. This time, he would become the ultimate winner. Mu Chen and Ye Qing would have a taste of their defeats.

...

Mu Chen sat cross-legged in front of the glass body that was exuding daunting oppression deep in the violet world. He was sweating profusely as if he were drenched from rain. Even though he was only a form of consciousness, that feeling was felt vividly by his actual body.

“How do I wake this Primordial Immortal Body from its sleep?”

While enduring the daunting oppression, Mu Chen had a bitter look as he realized he could not even touch the mysterious and ancient glass body in front of him. Currently, he was about ten feet away from the Primordial Immortal Body. If he inched further, the daunting oppression would crush him into pieces.

Getting close was out of the question, while no yelling or screaming would work. Mu Chen was out of his wits. How could he let this chance before him slip away when he had spent so much effort—including self-detonating his Immortal Golden Body—to get here?

When he thought of this, Mu Chen darkened his expression and shook his head. He would never allow such a thing to happen. He fixed his gaze on the Primordial Immortal Body soaked in the glassy light while he was running through ideas in his brain. Suddenly, an idea came to him.

“According to the Aeon Tower, there must be a strong impact to wake the Primordial Immortal Body up from its sleeping state. The legend has it that the five Primitive Celestial Bodies were formed together along with the world. Hence, they were mysterious and ancient, as they were tasked to safeguard the world. For any strong impact to be felt, it must be when the Great Thousand World was invaded...”

Radiance flickered in Mu Chen’s eyes. After a while, he suddenly took a deep breath and closed his eyes. His consciousness encompassed scenes from his memory and transmitted them to the Primordial Immortal Body that was covered in the glassy light...

Those scenes were of what Sovereign White Dragon had encountered in the Lower Planes. The Fiend Blood Tribe had enslaved millions of people and treated them like animals. Blood was squeezed dry, and people were made to be blood slaves. Killings were everywhere. As Mu Chen recapped the scenes, he constantly felt outraged.

While the scenes were transmitted into the glassy light, Mu Chen stared at the icy cold glass body without batting his eyes. Yet, the eyes of the Primordial Immortal Body remained tightly closed. Air seemed to freeze at this point in time while time slowly passed. As time went on, Mu Chen felt his hope diminishing. Not even this method could wake the Primordial Immortal Body?

“Must I really do it by force?” Disappointment flashed in Mu Chen’s eyes as he gave a bitter laugh. Just when Mu Chen had decided to change to another method, the body that had not moved for the past 1,000 years seemed to jerk slightly. The jerk was very minor, but Mu Chen sensed it as he was staring at it. Immediately, his heart skipped a beat.

Was it useful?

While Mu Chen was watching it with anticipation and delight, the vibration of the Primordial Immortal Body gradually became obvious. The glass body emitted multiple rings of light that were ancient and profound. At this time, a ring of ancient glassy light slowly took its form behind the Primordial Immortal Body’s head.

...

Sst!

As time went by, the dark red runes continued to spread over large areas of the golden figure’s body. Upon seeing this, Maha You could not control the exhilarated expression on his face. Everything was well within his expectation. Even though the golden figure might be domineering, it did not have any spiritual intelligence. Hence, it could do nothing to such corrosion taking over its body.

After more than ten minutes, the dark red runes continued to spread out until they had taken over every corner of the golden figure. At that split second, Maha You could feel the incredible connection between the golden figure and himself.

He reached out his palm, and the golden figure lowered its head. It allowed Maha You's hand to be placed on its head, as the current obedient golden figure was like a puppet under his control.

"Hahaha!" Maha You could no longer contain himself and let out a burst of loud laughter. The legendary Primordial Immortal Body was finally his! He, Maha You, was the ultimate winner in the Aeon Tower! Mu Chen and Ye Qing would always be stepped on by him.

...

While Maha You was happily laughing at how he had gotten control of the golden figure, Mu Chen was anxiously looking at the mysterious Primordial Immortal Body's glassy eyes. The pair of eyes that had been tightly shut for thousands of years finally blinked and opened. At that instant, Mu Chen could feel the truly immortal aura. The Primordial Immortal Body was finally awake now.

[The Great Ruler](#)

Chapter 1500: Back to the World

While Maha You's laughter echoed within the Aeon Tower, the spectators were exclaiming outside of the Aeon Tower. The various experts were also shocked and excited when they saw that the golden figure that was being controlled by Maha You.

Apparently, this was not what they had expected. No one had thought that Maha You would actually possess such a countermeasure against the invincible and bizarre golden figure.

"Maha You really concealed himself well!"

"But, his means are quite ruthless. He actually waited for Mu Chen, Ye Qing, and Tuo Ba Cang to be injured before he displayed his means!"

"Hehe, the Maha Ancient Clan has been planning this for thousands of years. How could they let someone else take it? It is still within my expectation, even though he used ruthless means to accomplish his goal."

"If the Primordial Immortal Body is controlled by the Maha Ancient Clan, their reputation will peak again, then rise to the next level in the Great Thousand World!"

Everyone was whispering among themselves, as they were very envious. After all, the Primordial Immortal Body was one of the five Primitive Celestial Bodies. As such, it would give them a competitive edge since it was under the Maha Ancient Clan's control.

As QingYanjing and Budur Xuan observed the situation, they exchanged gazes with each other. Both of their facial expressions darkened slightly.

The current Maha Ancient Clan was already tyrannical, and they were so powerful that they were basically already leading the rest of the four ancient clans. If Maha You possessed the Primordial

Immortal Body, he could use it and breakthrough to the Divine Grade, and when that time comes, the strength of the Maha Ancient Clan will be beyond one's imagination!

"Haha!" Maha You let out a loud laugh from the tall tower. He could not contain his excitement.

"Congratulations to our Clan Leader!" The elders from the Maha Ancient Clan behind him all congratulated him with gleeful expressions.

They had been safeguarding the Primordial Immortal Body for thousands of years. Now, they could finally ditch their roles as protectors. The smile on Maha You's face deepened as he felt a sense of relief.

From now on, the Primordial Immortal Body belonged to the Maha Ancient Clan. No one could take it away from them, not even the reborn Immortal Emperor! Now, the Maha Ancient Clan could finally be free from the burden that was weighing their hearts down for so long.

...

Maha You's laughter persisted for quite some time in the Aeon Tower before it gradually subsided. At the moment, his passionate eyes were glaring at the golden figure that was right in front of him.

The blood-red runes continued blinking on the golden figure's body. Apparently, an internal strength was resisting them within its body.

"Hmph, it's not giving up..." Upon seeing this, Maha You let out a cold sneer. He knew that the Divine Rune Amulet alone was not sufficient to subdue the golden figure.

However, he was not anxious about it. This was because once the golden figure was taken out of the Aeon Tower, he doubted that it could put up any resistance.

Hence, Maha You was not concerned. Instead, he swept his slightly cold gaze around the surroundings.

Maha You was specifically looking for any sign of Mu Chen. Earlier, Mu Chen had detonated his Immortal Golden Body.

Even though Mu Chen was seriously injured, he would not die from his wounds. This was the reason Maha You wanted to seek him out. Even if he could not kill Mu Chen, he must at least render him incompetent!

Since the Maha Ancient Clan now had the Primordial Immortal Body, their strength would increase significantly. Hence, the previous threat that they felt from the Budur Ancient Clan was reduced exponentially.

"Previously, you were happy to beat me. I'll see how you react when you are in my hands!" A cold radiance surged in Maha You's eyes. Since he had been utterly embarrassed when he had exchanged blows with Mu Chen previously, he was not going to let Mu Chen off easily today!

As Maha You rose in the air, the golden figure followed him like a shadow. At the same time, a vast spiritual energy emanated throughout the land, sweeping across chasms in order to dig out Mu Chen, who was hiding.

Various experts observed Maha You's actions from outside of the Aeon Tower, and they knew Maha You was trying to settle an old score. As such, they all mourned for Mu Chen silently.

When Qing Yanjing saw this, her facial expression darkened, while a daunting coldness gathered in her eyes, which were glaring at Maha Tian. However, Maha Tian totally disregarded this.

In fact, his expression remained indifferent. In his opinion, Qing Yanjing could do nothing as long as Maha You spared Mu Chen's life. But, since they had gotten ahold of the Primordial Immortal Body, the Maha Ancient Clan no longer had to be afraid of Budur Ancient Clan.

"I found you... You little sneaky rat!" Maha You had only spent a few minutes in the Aeon Tower before he had successfully located Mu Chen.

His eyes narrowed as he looked towards a faraway chasm with a sneer, while drawing up the corner of his lips into a menacing smile. He then punched out his fist, causing a long ray of light to shine down from the sky.

Mercilessly, the light blasted off on that chasm, and its daunting mightiness caused the chasm to collapse and even form a huge and sinking pit. As sand and dust filled the air, Maha You squinted his eyes as he looked at the pit. He saw a figure, which was surrounded by spiritual light, slowly rising from the hole.

It was Mu Chen, soaked in fresh blood and looking rather pitiful. All of his injuries had been caused by the detonation of his Immortal Golden Body.

"Why is our Master of the Mu Estate in such a dire state?" Maha You asked in a mocking manner as he stared at Mu Chen with a teasing smile.

Mu Chen cast a sideways glance at Maha You before his eyes stopped at the golden figure that was standing behind him.

Then, Mu Chen slightly narrowed his eyes and asked Maha You, "You actually controlled him?"

Maha You replied casually, "The Maha Ancient Clan has been planning for this moment for thousands of years. So... How could we not prepare for this?"

Mu Chen nodded his head gently, while a smile surfaced on his pale face. "It looks like I have underestimated you. In that case, I will need your help."

Maha You squinted his eyes and asked, "My help?"

He then wondered... Has this fellow gone out of his mind after detonating his Immortal Golden Body?

Mu Chen smiled as he pointed to the golden figure and said, "Give it to me."

Upon hearing this, Maha You's eyes grew wide. He stared at Mu Chen with a bizarre look before he slowly asked, "Are you out of your mind?"

The current Mu Chen had not only sustained severe injuries, but he had even lost his Immortal Golden Body. His combat power had also dropped drastically.

In direct contrast, Maha You had retained his full combat power, and he also controlled the golden figure. As the strength between the two of them significantly differed at the moment, no one could understand how Mu Chen dared to ask him for the golden figure!

Has Mu Chen gone crazy? All of the people couldn't help but wonder.

"You really want it?" Maha You stared at Mu Chen with a hideous-looking smile. He then nodded and said with a creepy look, "I'll give it to you..."

He stretched out his palm and waved gently...

Shua!

The golden figure suddenly charged out from behind his back. At that moment, a golden palm tried to seize Mu Chen's throat as it flew through the air.

As Mu Chen watched the golden palm as it pierced through the space, his young and handsome face was surprisingly peaceful. His pitch-black eyes were as deep and calm as a well, showing no signs of turmoil.

However, his expression looked stupefied to the various experts outside of the Aeon Tower. Everyone was watching as the golden palm appeared in front of Mu Chen.

It was just inches away from his throat! However, just before it could touch Mu Chen, a glassy palm suddenly appeared out of nowhere. The glassy palm then grabbed the the golden figure's wrist, stopping it from advancing any further.

Maha You's mocking smile froze in that instant. He could not hide the shock in his eyes as he looked at the body that was now beside Mu Chen. No one knew when a body had suddenly appeared and surrounded Mu Chen with a glassy glow!

At the moment, no one could see through the body, as a mysterious glow surrounded it. However, they could clearly feel an indescribable oppression coming from it.

"Rawr!" The golden figure let out a low bellow at this time, while fear showed in its golden pupils as it struggled madly in an attempt to break free from the mysterious glassy body.

Bang!

As the glassy hand gently swung around, the golden figure was thrown back forcefully, as if it had just been hit by something very hard! Eventually, it fell onto the ground with a loud thud, cracking the ground open and forming a bottomless pit.

Sstz!

Sounds of cold breaths being drawn echoed outside the Aeon Tower. All of the onlookers were dumbfounded as they stared at the mysterious glassy body. No one could believe that the invincible golden figure had been thrown off without any resistance, just like that!

"What... What is that thing?"

“That glassy figure is really scary! The golden figure is already so invincible that it seems almost like it is a Divine Grade existence. But...”

“If Mu Chen had such a trump card, why did he detonate his Immortal Golden Body before?”

A loud commotion started to erupt as all of the experts began commenting on the situation at once. Qing Yanjing and Budur Xuan were also looking doubtful at the moment. Apparently, they had no idea why Mu Chen would have such a scary glassy figure with him!

Maha Tian, who was looking arrogant from the tall tower, stiffened, and his facial expression was quite solemn. His eyes were cold and doubtful as he looked at the glassy figure.

“What is that thing?” Maha You wondered aloud as he looked at the huge pit on the ground from the Aeon Tower.

His face twitched nonstop as the current situation made his blood boil. As a result, his anger soon turned into a hysterical killing intent!

“Kill him!” Maha You bellowed as he made several seals with one hand. He then circulated the divine runes that were controlling the golden figure.

“Rawr!” At that moment, a roar was heard, coming from the pit, and the golden figure soared into the sky.

The current golden figure had numerous blood-red runes flowing into its golden pupils, causing both of its eyes to be bloodshot. Under the force of the divine runes, the figure suppressed its fear and glared at the glassy figure that was beside Mu Chen.

Mu Chen looked back at calmly and smiled at the mysterious glassy body. He then said, “Go on... Take all of your Immortality Sources back.”

He then added, “You have slept for thousands of years. Now, it is time to let the world know that the Primordial Immortal Body is back!”
