

Great Ruler 1561

Chapter 1561: The Last Trump Card

“The tenth eye!”

There was dead silence throughout the entire world. All eyes were looking in amazement at the Demonic Shadow standing in the sky at the Lower Planes. The nine eyes on the Heavenly Evil Deity’s body were gone, including the two eyes on his face. The only eye that was left was the strange evil eye on his glabella. That evil eye was dark and indescribable, and it seemed to be connected to an evil world.

A faint Demonic Power emanated from the Heavenly Evil Deity’s body, and as the Demonic Power spread out, the Lower Planes started to shake and collapse. A bit of Demonic Power leaked out from the Lower Planes, and it caused the Spirit Demon Continent, which was nearest to the Lower Planes, to crack.

The entire Great Thousand World suddenly trembled. “The tenth eye... the state of nine eyes is not the Heavenly Evil Deity’s ultimate power.”

Qin Tian and the top powers from the Great Thousand World turned pale. When the Heavenly Evil Deity was at the state with nine eyes, the Flame Emperor, Martial Ancestor, and Mu Chen had had to join forces to deal with him. Now that the Heavenly Evil Deity had the tenth eye, how could they possibly deal with him? All of them looked at one another and felt helpless as they lost all hope.

“Is our Great Thousand World about to perish?” someone lamented, as he could no longer hold himself back. After fighting tirelessly for five years, they were still going to perish!

There was silence in the entire Great Thousand World as the people were stunned by the Heavenly Evil Deity, who was now in the state with his tenth eye. They were speechless, and they started to feel despair.

Mu Chen, the Flame Emperor, and the Martial Ancestor, who were at the Lower Planes, turned ghastly pale. They knitted their brows together and started to feel uneasy. They were taken aback by the scene. They could sense from the Demonic Power the Heavenly Evil Deity exuded that he had become much more powerful than before.

“What shall we do?” the Martial Ancestor asked in a deep voice. Even at that instant, he remained calm. It was apparent that he was determined to take the Heavenly Evil Deity on, and he would not be swayed.

The Flame Emperor smiled helplessly and replied, “What else can we do?”

Mu Chen said softly, “We shall fight him with our lives.”

The three of them looked at one another and looked determined. Without any hesitation, they activated their most deadly attacks again.

“Fire God!”

“The Great Universe!”

“The Alpha Pellet!”

The three deadliest attacks whooshed out toward the Heavenly Evil Deity again. However, this time around, the Heavenly Evil Deity remained calm in the face of their attacks. He curled up his lips into a derisive smile, and a ray of black light suddenly burst out from the tenth evil eye on his glabella. The black light was dark, and it devoured the light that was around it.

The black light shined on the three powerful attacks, and suddenly everyone—including Mu Chen, the Flame Emperor, and the Martial Ancestor—was shocked. They saw that the three powerful attacks had instantly dimmed down, and after a few breaths, they disappeared into the darkness.

The most powerful attacks that had inflicted some external injuries on the Heavenly Evil Deity earlier had been effortlessly countered by the Heavenly Evil Deity. The whole world went into silence.

The Heavenly Evil Deity gently stroked the strange looking evil eye on his glabella and said with a smile, “I have sacrificed nine eyes for the tenth eye. On top of that, I have shortened my life. I have paid such a high price for it, and if I do not take over the Great Thousand World with all the sacrifices that I have made, it will be a great loss for me!”

The black light on the evil eye on the Heavenly Evil Deity’s glabella surged, and it looked at Mu Chen, the Flame Emperor, and the Martial Ancestor. A voice then resounded, saying, “I have given you an opportunity, but it is a pity that you have not treasured it.”

The Flame Emperor squinted, and light flashed in his eyes. He seemed to be in deep thought, and after a while, he sighed. Flames rose up from his body, and there was a helpless look on his face. “Although the Great Thousand World is big, we have nowhere to go to. In that case... I might as well burn myself up. This may be the right way to go.” The Flame Emperor sounded determined.

When the Martial Ancestor heard what the Flame Emperor had said, he nodded. Since they were in such a state, they could not care less. They were the Great Thousand World’s last line of defense, and if they failed, all those people whom they cared for would be destroyed by the Demon Calamity.

The Martial Ancestor looked determined. He broke out into a smile and turned his head to look at his two wives, who were on the Spirit Demon Continent, and said, “Back then, you had no qualms about sacrificing your lives for me. Today, in order to protect you, I will not have any fear. I have told you before, I will never let you suffer or come to any harm as long as I am alive.”

The four Queens of the Endless Fire Territory and Martial Border, who were at the Spirit Demon Continent, seemed to have sensed what the Flame Emperor and the Martial Ancestor were about to do, and their faces turned pale.

“Lin Dong, don’t do it!” Ying Huanhuan’s face turned pale, and her voice became sharp. She wanted to dash out, but she was stopped by Ling Qingzhu, who was standing beside her. Ling Qingzhu grabbed hold of Ying Huanhuan’s arm, and her eyes looked red.

“If you go over, you will only distract them and be a burden to them.” Ling Qingzhu bit her lips and said softly, “Given their strength, if they have been forced to take that step, we won’t be able to do anything about it. At the most, we will follow him after that. However, before we do so, it will be better if we can

kill a few people from the Extraterritorial Race and take them along with us!" After Ling Qingzhu had made that statement, she was already filled with immense killing intent.

Ying Huanhuan stopped moving forward, and her face turned cold. A horrifying chill emanated from her body, and her eyes were like dark ice as she fixed her gaze on the Heavenly Evil Deity.

Xiao Xun'er's face turned pale as well. She looked at Cai Lin, whose body was trembling, and gently grabbed her hand and said, "Sister Cai Lin, Xiao Xiao and Xiao Lin still need you to take care of them."

Cai Lin squeezed Xiao Xun'er's hand and said, "Xun'er, you must not be so selfish. If you want to go with him, we shall do it together."

When Xiao Xun'er heard that Cai Lin sounded so insistent, she smiled wryly.

When the Heavenly Evil Deity sensed the aura emanating from the bodies of the Flame Emperor and Martial Ancestor, the tenth eye on his glabella flashed, and he said, "Oh? Are you trying to follow in the footsteps of the Immortal Emperor to burn me and yourselves together? This time around, I will not give you the opportunity to do so."

The Flame Emperor and the Martial Ancestor said flatly, "We will have to give it a try before you know if we are able to do so." Having said that, they stepped forth. However, at that moment, a pair of hands stretched out and grabbed their arms. The Flame Emperor and Martial Ancestor were shocked. They tilted their heads and looked behind them and said, "Mu Chen?"

Mu Chen pursed his lips, and he looked at the Flame Emperor and the Martial Ancestor and said softly, "Elders, I admire your readiness to sacrifice yourselves, but I don't think we have to resort to that."

The Flame Emperor and the Martial Ancestor looked at each other and looked baffled. When they had exchanged blows with the Heavenly Evil Deity earlier, they already knew the power of his tenth eye. Other than burning themselves up together with him, they could not think of any better solution.

"Do you have an alternative?" the Flame Emperor asked, as he did not think that Mu Chen had a better way to deal with the Heavenly Evil Deity.

After Mu Chen kept silent for a while, he replied, "I think we can give it a try."

The Flame Emperor and the Martial Ancestor were shocked. Although they found it hard to believe that Mu Chen had a way to deal with the Heavenly Evil Deity, they trusted him. They then nodded. "All right. Go ahead and try. If your method does not work, we will fight it out with the Heavenly Evil Deity."

Mu Chen took a deep breath and nodded. He said in a deep voice, "If you have to resort to that, I will definitely do it with you." Having said that, Mu Chen slowly shut his eyes. After a while, a mysterious screen came down from the sky and entered the Lower Planes.

"The Heaven's Declaration?" The Flame Emperor and the Martial Ancestor were stunned when they saw the familiar screen. However, they had no idea why Mu Chen had activated the Heaven's Declaration at that moment. Is he trying to leave his full name on the Heaven's Declaration? How is this possible?

The people in the Great Thousand World looked at the scene and felt baffled as well. However, Mu Chen ignored everyone's looks. The Mu Chen in the black robe and the Mu Chen in the white robe came and stood beside him. The three Mu Chens shut their eyes and did not move.

Many people were puzzled by what Mu Chen was doing.

“Hoho! Young man, what trick are you up to at a moment like this? Given your strength, you still need some time in order for you to leave your full name on the Heaven’s Declaration!” The Heavenly Evil Deity sneered.

However, Mu Chen ignored the Heavenly Evil Deity’s mockery. After waiting for some time, Mu Chen finally opened his eyes. He looked as though a burden had been lifted off of his shoulders, and he muttered, “They are finally here.”

“Who is here?” the Flame Emperor and Martial Ancestor asked, looking confused.

Roar! Chirp!

The moment they asked the question, the loud cry of a dragon and a phoenix resounded in the area. Following that, everyone saw two golden lights coming down from the heavens, and then they dashed into the Lower Planes. Within the golden lights were a huge golden dragon and a huge golden phoenix.

When the golden dragon and golden phoenix landed in the Lower Planes, they turned into two golden figures. When the people saw the faces of the two golden figures, they were taken aback. The two golden figures looked exactly the same as Mu Chen!

The Flame Emperor and the Martial Ancestor squinted, and they were shocked. They noticed that the Mu Chens that were formed by the golden dragon and the golden phoenix possessed the same fluctuations as Mu Chen. Apparently, there would be two more people to be listed on the Heaven’s Declaration!

“This... how is this possible!?”

When Mu Chen saw the two Mu Chens in a golden dragon robe and a golden phoenix robe, respectively, he smiled. Back then, when he was at the Dragon-Phoenix Rift, he had obtained the Dragon-Phoenix Scripture and had used his bloodline to groom the Spirit of the Real Dragon and the Spirit of the Real Phoenix. To a certain extent, the Spirits of the Real Dragon and Real Phoenix could live because of Mu Chen, and they were considered to be part of him.

Thus, when Mu Chen reached the Completion Tri-God Level, he had not only transformed his two replicas, but at the same time, he had grabbed hold of the opportunity to separate the Spirits of the Real Dragon and Real Phoenix from him so that they could be independent.

The Spirits of the Real Dragon and Real Phoenix had also broken out of their own shackles back then and transformed. They became independent and had headed toward the Divine Beasts Continent to work on their cultivation.

In actual fact, when Mu Chen cut the Spirits of the Real Dragon and Real Phoenix away from him, there were changes being made to his Qi into Trinity. The master who had founded the Super Power Art had never expected the Qi into Trinity to turn into five people instead of three...

Ultimately, it was due to Mu Chen’s unique situation that he was able to make it five. He was able to use his own Blood Essence to help the Spirits of the Real Dragon and Real Phoenix grow and possess the same willpower that he had.

After a long while, the Flame Emperor and the Martial Ancestor came back to themselves, and they sighed within their hearts. Even with the two additional replicas, Mu Chen might not be able to leave his full name on the Heaven's Declaration.

"Thank you for coming." Mu Chen looked at the two Mu Chens in the golden dragon robe and the golden phoenix robe and smiled.

The Mu Chen in the black robe and the Mu Chen in the white robe asked, "Have you succeeded?"

"We have managed to do so just before this." When the Mu Chens in the golden dragon robe and the golden phoenix robe heard the question, they smiled and nodded. They then formed a seal with their hands. At that instant, vast Spiritual Light gathered behind them, and ancient fluctuations emanated from the Spiritual Light. The people then saw two ancient figures slowly appearing in the Spiritual Light behind them. The fluctuations were similar to those of a Primitive Celestial Body!

"Those are..." The Flame Emperor and the Martial Ancestor were shocked when they saw it.

Qin Tian and all the top powers widened their eyes in amazement. They shouted out, saying, "Those two are the Primitive Celestial Bodies, the Ancient Body of the Night Deity and the Desolate Ancestor Body!"

Maha Tian was shocked and found it unbelievable. He then looked at Clan Leader Hei Tian and Clan Leader Huang Qiu and asked, "When did you give the two Primitive Celestial Bodies to him?"

Clan Leader Hei Tian and Clan Leader Huang Qiu looked at each other and smiled wryly. They then replied, "A few years back, Mu Chen came in the night and borrowed the Primitive Celestial Bodies from us. However, he told us to keep it a secret for the time being, as he did not have absolute confidence in cultivating them."

All of them were shocked when they heard what Clan Leader Hei Tian and Clan Leader Huang Qiu had said. They became excited again. Mu Chen had secretly cultivated the Ancient Body of the Night Deity and the Desolate Ancestor Body, and he had brought hope to them again. With the help of the five Primitive Celestial Bodies, Mu Chen might have the opportunity to leave his full name on the Heaven's Declaration.

"He is amazing."

The Flame Emperor and the Martial Emperor were impressed by Mu Chen. No one would have expected Mu Chen to come up with four replicas instead of two! Most importantly, he had successfully cultivated all five Primitive Celestial Bodies, which no one in the Great Thousand World had ever done.

The five Mu Chens lifted up their heads at the same time and looked at the mysterious Heaven's Declaration. "Now, we shall try to leave our full name on the Heaven's Declaration. Let's see if we will be the first person in the Great Thousand World to do so..."

Chapter 1562: The Great Ruler

The mysterious and ancient light screen connected Heaven and Earth. Under the Heaven's Declaration, there were five figures that had spiritual glows surging around their bodies. As such, they looked like five giant suns that were shining brightly on the land.

The entire world was focused on the five figures in front of the Heaven's Declaration at this time. With everyone's attention on him, Mu Chen took a deep breath as he circulated all the spiritual energy in his body. The spiritual energy, which gathered at the tip of his finger, dazzled everyone immediately, as a daunting fluctuation was being emitted from it.

Boom!

At the same time, the other four Mu Chens formed seals and circulated all of the spiritual energy in their bodies. The next moment, four torrents that looked like milky ways exploded out from their bodies. The currents then gushed out and came together on Mu Chen's finger.

When these majestic energies gathered together upon Mu Chen's finger, his finger immediately trembled. At this point, if he moved his finger by even an inch, he could easily wipe out a Lower Plane.

Sensing the daunting energy that was gathering at his fingertip, Mu Chen's eyes were determined. The next moment, he placed his finger on the Heaven's Declaration.

As he did so, it seemed like he was touching a screen that almost otherworldly. The screen was unfathomable and majestic. Even though it looked pencil-thin and solid, Mu Chen's finger, which contained mighty power, could not really land on it directly.

Mu Chen sharpened his eyes as he circulated his spiritual energy. As his finger trembled continuously, blood started dripping down to his palm from his finger.

Yet, the screen continued to hold up against his finger's power. No matter how much Mu Chen circulated his energy, he could not penetrate the screen. This meant that he would not be able to complete the last step to leave his name on the Heaven's Declaration.

"Heh, I told you that it's not easy to inscribe your complete name on the Heaven's Declaration! Even if you have five people who cultivated their own Primitive Celestial Bodies, you are still far away from being about to do that!" The Heavenly Evil Deity sneered as he watched, a cold radiance flickering in his eyes.

His eyesight was sharp, and he could tell with just one look that Mu Chen was still a far from being able to break through that final step, despite being formidable. As they thought of this, the Flame Emperor and Martial Ancestor sighed to themselves.

To leave one's complete name on the Heaven's Declaration was far too difficult. It was no wonder that so many talented people from the Great Thousand World had not been able to do it for the past several decades.

Meanwhile, back in the Great Thousand World, many spiritual beings, whose eyes were gleaming with hope, turned gloomy at this moment.

Northern Heaven Spiritual Academy.

All of the students fixed their eyes on the Spiritual Energy Light Mirror. They all became silent when Mu Chen could not place his trembling finger on it, despite having blood flowing from his fingertip.

"It's too difficult!" Shen Cangsheng could not help but comment. Even though the difficulty was beyond everyone's imagination, they could guess how strenuous it was based on seeing Mu Chen's unsuccessful attempt.

"Mu Chen... Go for it!" Wen Qingxuan bit her red lips and clenched her hands tightly.

"Brother Mu Chen, good luck! You will succeed!" Sun'Er gritted her teeth and cheered for Mu Chen, her heart was beating anxiously for him.

Mu Estate, the Tianluo Continent.

As Mu Feng, Nine Nether, Ling Xi and Mandela stared at the Spiritual Mirror in the sky, they felt their hearts quiver.

"You rascal!" Mu Feng stared at the slender figure with red eyes.

The young man who had once required his protection in the Northern Spiritual Realm had now reached a stage where he himself could never attain. He knew that Mu Chen did everything that he could for the sake of protecting them.

"Regardless of the outcome, I'll be proud of you," he said.

Back at the Spirit Demon Continent, Luo Li was also gazing at the Lower Planes. She looked at the figure who was carrying all of everyone's hopes and thought to herself... Mu Chen, I'll stay with you no matter what.

At the Lower Planes, as Mu Chen looked at his bleeding finger, which was trembling and ready to pierce through that obstacle, he knew that everyone in the Great Thousand World was watching him. He was the last hope of the Great Thousand World. If he failed, he would surely perish along with the Flame Emperor, Martial Ancestor, and the Heavenly Evil Deity.

Mu Chen took a deep breath and turned around to look at the other four figures. He then humbled himself and said, "Please help me."

The black and white Mu Chens and the other two Mu Chens in the golden dragon robe and the phoenix robe all smiled together and said in unison, "We are one, so it's not a favor."

Upon hearing that, Mu Chen chuckled before his expression turned stern. The next moment, a low voice came out from his throat, "Qi into Trinity... Integrate!"

When his voice projected out, everyone in the world was horrified to see the remaining four Mu Chens burning themselves up! Within a short period, all four replicas were completely burnt. They then transformed into four beams of light, which charged into Mu Chen's body.

Mu Chen closed his eyes and had a grave expression on his face. The moment he attained the Tri-God level, he knew that it was not the ultimate level of the Qi into Trinity. On top of that, there was another stage that no one had ever achieved.

That level was Integration, the true Integration! When the Integration was completed, the Super Power, Qi into Trinity, would also disappear. This would mean that Mu Chen would completely lose it!

“Begin with one and end with one,” Mu Chen murmured as he opened his eyes suddenly.

Boom!

The moment he opened his eyes, a spiritual energy windstorm exploded out from his body. The power of the spiritual energy windstorm was so strong that the expressions on the Flame Emperor’s and Martial Ancestor’s faces changed slightly. The faraway Heavenly Evil Deity felt equally shocked at the same time.

Mu Chen’s trembling finger finally came to a stop, and as he looked up at the abstruse Heaven’s Declaration, the finger, which was flashing with boundless energy, tried to place itself on it again.

Weng!

The moment the finger was brought down, a buzzing sound of a vibration resounded throughout the entire Great Thousand World. With a stern look, Mu Chen placed his finger on the screen slowly. The glow on the Heaven’s Declaration dimmed, then brightened again, as if it was making its last stand before allowing him to conquer it.

Ka!

However, such obstruction only persisted for a few seconds before its defenses finally broke down. With a crisp and clear breaking sound, everyone could see a beam of spiritual light begin to gather on the Heaven’s Declaration.

At the same time, Mu Chen’s finger began to move again. Each of its stroking movements was strong and powerful, and it swung back and forth like a dancing dragon.

Everyone fixed their eyes on the Heaven’s Declaration as a spiritual light gathered behind the floating word “Mu,” while the strokes continued and formed the word “Chen.”

When the final stroke was brushed by his finger, the entire world fell into a dead silence. As it shone upon the Heaven’s Declaration, the spiritual glow brightened up every corner of the Great Thousand World.

All of the people’s gazes were glued to the Heaven’s Declaration, which now had Mu Chen’s full name floating on it. The name was filled with indescribable and awe-inspiring dignity and prestige. Everyone who looked at it would bow to it uncontrollably.

Endless spiritual light encompassed Mu Chen within it. At this moment, Mu Chen felt his senses reaching out to the entire Great Thousand World.

He saw those overjoyed students from the Northern Heaven Spiritual Academy, Shen Cangsheng, Li Xuanton, Wen Qingxuan, Tang Qian’Er... Everyone really. He even saw those exhilarated-looking people from the Mu Estate, including Mu Feng, Nine Nether, Mandela and Ling Xi.

At this moment, he suddenly felt that everything was within his control. This felt odd to him because it was as though the entire world was in his hands. That kind of feeling was as if he was a Great Ruler.

Mu Chen slowly clenched his fists and said softly, “From now on, any level that is beyond the Divine Grade level will known as the Great Ruler Realm.”

Anything he said seemed to instantly become law, which meant that everyone had to adhere to using this name.

As he looked up toward the glowing golden handwriting that had inscribed his name on the Heaven's Declaration, he spoke with a voice that sounded as loud as thunder.

His voice resounded in the ears of every spiritual being in the Great Thousand World as he announced, "I'm the Great Ruler of the Great Thousand World!"

Chapter 1563: The Final Battle

Radiant spiritual light dazzled between heaven and earth. With the Heaven's Declaration, Mu Chen instantly possessed an indescribable, awe-imposing prestige. Every move he made could trigger the Ultimate Force of the World.

"Congratulations to Master Mu on becoming the Great Ruler!" All the experts on the Spirit Demon Continent broke into roaring cheers as their thunderous voices echoed throughout the world.

The entire world had been plunged into depression earlier because of the Heavenly Evil Deity. No one expected the situation would take a twist again. Someone from the Great Thousand World finally left his complete name on the Heaven's Declaration and became the first Great Ruler expert!

The happiness that came after surviving a disaster drove everyone crazy. As they called out Master Mu's name, their eyes were filled with passion and excitement.

While the world screamed with joy, the Heaven's Declaration slowly disappeared as the glow around Mu Chen dissipated, too. At this point, he looked like an ordinary man, and there was no spiritual energy fluctuation in his body.

Mu Chen went up to the Flame Emperor and the Martial Ancestor. He cupped his fist and said, "I took the lead before you. I hope you two seniors will not blame me for it."

Upon hearing his apology, the Flame Emperor and the Martial Ancestor chortled and replied, "This is a critical moment for the Great Thousand World. Our priority is to stop the Heavenly Evil Deity. You stood out bravely for this challenge. Come to think of it, we owe you one instead."

Mu Chen shook his head and answered, "I got these opportunities and took the lead due to the crisis of the Great Thousand World. This is, in fact, taking a short cut. However, you two seniors were only a step away from having your complete names on the Heaven's Declaration because of years of experience and cultivation. Both of you did it without the help of any Primitive Celestial Bodies. Based on this, I cannot be comparable to you."

What Mu Chen said was true. According to his estimation, he needed at least hundreds of years of cultivation in order to reach his current level. However, no one expected the Great Thousand World to experience such a predicament. Hence, he had to force himself to exploit all his potential and make use of all the opportunities he had to reach the peak.

If the Great Thousand World were not experiencing the calamity, the first to make it to the Heaven's Declaration would have been the Flame Emperor and the Martial Ancestor instead of him.

The Flame Emperor and the Martial Ancestor looked at each other and gave a gentle smile. "A hero is known in the time of misfortune. It has always been so. The two of us have made our names, and we have also relied on those unfortunate situations. In this world, not many people could rise by making use of it, but you did. That was your sharp judgment and ability. So, you don't have to humble yourself. Now, the responsibility of dealing with the Heavenly Evil Deity is on your shoulders. The two of us will be assisting you by the side."

Mu Chen bowed with his fist cupped and said formally, "I'll not let you down."

No further words were said. Mu Chen lifted his chin and looked with his fierce and sharp eyes in the direction where the Heavenly Evil Deity was. The Heavenly Evil Deity was also looking cold and creepy at this moment. Endless black radiance was flickering within the tenth eye.

"Unexpected!" The evil eyes of the Heavenly Evil Deity glared at Mu Chen. "I thought the biggest enemies that I was going to face were the Flame Emperor and the Martial Ancestor. I did not expect you to reach the peak first."

"Millions of spiritual beings in the Great Thousand World are not willing to be enslaved. Someone would have to rise to stop this. Even if that person was not me, there would be someone else who would do so," said Mu Chen nonchalantly.

The Heavenly Evil Deity gritted his teeth and said coldly, "Some luck that the Great Thousand World has to make a comeback!" His voice was filled with anger and hatred. When his tenth eye had appeared, the Heavenly Evil Deity thought he was winning for sure. No one had expected that Mu Chen could complete inscribing his full name at this time.

The Heavenly Evil Deity understood that once the complete name was left on the Heaven's Declaration, that would mean Mu Chen could circulate the Ultimate Force of the World. The Great Thousand World was equivalent to his home ground with unlimited enhancements. Today's battle would be a fearsome one.

With a morose expression, the Heavenly Evil Deity breathed in hard. A black glow suddenly darted out from the evil eye at the glabella before it finally gathered on his palm. A long, black spear a dozen feet long slowly emerged in his hand.

"Ten-Eyes Nether Demon Spear!" The long spear was pitch-black in color with ten creepy-looking evil eyes on it. As the eyes batted, they released an extremely devilish aura. Daunting fluctuation spread and quaked the entire Lower Planes.

Ding!

The Heavenly Evil Deity held the Demonic Spear and stomped his feet. Immediately, the space below him cracked and spread out like a spiderweb. He stared fiercely at Mu Chen and said in a spine-chilling tone, "Today, I'll see what you can do to me with your complete name on the declaration!"

Mu Chen fixed his eyes on the Demonic Spear in the Heavenly Evil Deity's hand. He squinted slightly. Apparently, the Heavenly Evil Deity had started giving his best since he had taken out this Demonic Spear, which had never appeared before.

“Weapon...” Mu Chen pondered slightly before he swung his robe. Tremendous spiritual energy gathered between heaven and earth. Eventually, a blazing fire started to burn and quickly escalated to a sea of fire. Soon after, he flicked his finger, and a black spotlight darted out to the fire that was burning with spiritual energy.

The black spotlight was a large, black pillar, the Great Meru Demonic Pillar—a weapon Mu Chen used to wield in the past. However, as his strength improved, he used it less and less frequently. Given his current level, he could make his own weapon that surpassed any Rare Divine Artifact. In that case, he could use the Great Meru Demonic Pillar as raw material.

Blaze!

As the fire continued to burn, the high temperature quickly melted the Great Meru Demonic Pillar as black liquid flowed within it. I’m still short of some enhancing materials. Mu Chen looked at the flowing black liquid and flicked his finger once again. The sound of a sword being drawn was heard. Mu Chen threw the crystal-clear Celestial Emperor Sword into the fire, too.

The Celestial Emperor Sword was broken to begin with, and the energy within it was depleted. But given the material of the sword, it could be melted and used to cast the strongest weapon in the Great Thousand World.

The Celestial Emperor Sword quickly melted into a transparent liquid. Finally, it merged with the black liquid under Mu Chen’s control. A form quickly took shape. Mu Chen hurriedly circulated and poured the Spiritual Energy of the Universe into it. At the same time, Mu Chen used his mind to control and pour the Ultimate Force of the World into the mixture.

Boom!

Within a dozen breaths, an earth-shaking sound projected from the fire. Next, everyone saw a black light pillar suspended in front of Mu Chen. The glow around the pillar dissipated revealing an object which highly resembled the Great Meru Demonic Pillar except for the absence of the devilish vibe. Instead, it had become thicker and stronger like an unshakeable pillar from Heaven.

“From now on, your name is Great Meru Divine Pillar!” Upon hearing it, the Great Meru Divine Pillar immediately exploded with a dazzling glow. It looked like it was cheering with joy, revealing a strong sense of sagacity.

Mu Chen swung his palm. The Great Meru Divine Pillar quickly shrank in size and transformed into a rod Mu Chen held in his hand. Space was broken down into fragments as he shook the rod gently while pointing it at the Heavenly Evil Deity.

“Hmph.” The Heavenly Evil Deity snorted. With the Demonic Spear in one hand, he stepped forward and appeared in front of Mu Chen. He wielded his Demonic Spear, sweeping up a million beams of Demonic Light. Each beam of Demonic Light came with the power to destroy a continent.

Mu Chen held his Great Meru Divine Pillar in one hand without any fear. He charged forward with the Divine Pillar that contained the vast and mighty Ultimate Force of the World.

Dang!

The Demonic Spear and the Divine Pillar clashed hard with one another as the extremely destructive force rippled out thousands of miles.

The Flame Emperor and the Martial Ancestor stepped back at this time. They joined forces to drive spiritual energy into the Lower Planes so that it could form a strong layer of protection over it. This could prevent the destructive damage caused by the battle from spilling over into the Great Thousand World.

Dang! Dang!

Many people watched the battle taking place in the Lower Planes with horror as the two figures were twisting and turning together. Every clash of the Demonic Spear and the Divine Pillar would bring about a destructive windstorm. Even with the Flame Emperor and the Martial Ancestor's shielding, the fluctuation that passed through did not fail to strike fear into many experts.

Roar!

While the destructive confrontation persisted, the Heavenly Evil Deity let out a low groan as all his attacks were being blocked. His face showed a hideous expression while the black liquid ran down his body. On his body's surface, the black liquid formed an extremely ferocious and ugly Demonic Armor. The Heavenly Evil Deity looked like a destructive Demonic God now.

Dang!

Within 30 minutes, the two of them had exchanged more than thousands of blows. The universe was losing its energy, and the sky was dark. All the spiritual beings were in fear.

However, all the spiritual beings in the Great Thousand World could ease their minds slightly. Even though the Heavenly Evil Deity launched a harsh and violent offense, Mu Chen did not show any signs of losing. With the help of the Ultimate Force of the World, Mu Chen's strength was not any weaker than the Ten-Eyes Heavenly Evil Deity.

Dong!

The Demonic Spear and the Divine Pillar knocked against each other violently with a destructive impact rippling out. Mu Chen and the Heavenly Evil Deity received the blow and staggered back. Space under their feet continued to collapse.

"Heavenly Evil Deity, the Great Thousand World is my home ground now. It will do you no good if you persist in attacking it." Mu Chen pounded his Divine Pillar on the ground while staring at the Heavenly Evil Deity.

"D*mn it! D*mn it! You are doomed!" The expression on the Heavenly Evil Deity's face was rather hideous as the evil eye flickered non-stop. Staring at Mu Chen with hard and cold radiance, he knew that the stalemate situation was a disadvantage for him.

"Since you wish for early death, I'll give it to you! Ten-Eyes Demon Golem, Engulfing the Universe!" the Heavenly Evil Deity bellowed in a low voice. The next moment, endless demonic light swept out from his body and gathered behind him. Gradually, it transformed into a Demonic God Shadow, which was so

huge that there was no end to it. The Demonic God seemed to have connected heaven and earth. On his gigantic body, ten evil eyes were batting while they exuded fearful and devilish fluctuations.

Upon seeing that Demonic God Shadow, the Flame Emperor and the Martial Ancestor were slightly stunned. It seemed like the Heavenly Evil Deity was going to explode all his strength.

Boom!

All ten evil eyes on the Ten-Eyes Demon Golem looked towards Mu Chen. Instantly, a beam of boundless demonic light dashed out and appeared in front of Mu Chen.

Dong!

The Great Meru Divine Pillar in Mu Chen's hand increased its size and became enormous like one of the pillars in Heaven. The Divine Pillar slammed hard onto the demonic light without any mercy.

Rumble!

As the Great Meru Divine Pillar struck against the Demonic Light, Mu Chen was thrown back thousands of miles by a daunting force.

"Get ready to die!" the Heavenly Evil Deity bellowed with the evil eyes on the Ten-Eyes Demon Golem flickering non-stop. Beams of destructive demonic light concealed the sky as they shot out. Judging from the imposing manner, the attack would not stop unless Mu Chen was dead.

"Oh dear!" When the Flame Emperor and the Martial Ancestor saw this, their expressions changed. The attack from the Heavenly Evil Deity was too fast and furious.

Just when they were about to lend Mu Chen a helping hand, an ancient glowing figure swept out from afar. Like a mirror without a reflection, all the incoming demonic light was absorbed by that mysterious glow. After a short while, the demonic light finally came to a halt.

The Heavenly Evil Deity looked at the faraway land with a darkened expression while Mu Chen stood in the air with ancient spiritual light glowing behind him. Amid the light was a figure standing right there. The glowing figure looked exactly like Mu Chen. Behind the back of its head, there was a light halo in five different colors. Each of them exuded extremely ancient fluctuations.

If anyone tried to focus on the sense of the fluctuations, they would realize that these were the fluctuations of the Primordial Immortal Body, Endless Light Body, Great Spirit Sacred Body, Ancient Body of the Night Deity, and the Desolate Ancestor Body.

Mu Chen stood in the air and projected out in a low voice, "Alpha World Body!" Previously, when the four bodies integrated into one, it formed a new Sovereign Celestial Body. The new Sovereign Celestial Body was extremely abstruse and powerful as it collected all the strengths of the five Primitive Celestial Bodies.

"Take that, too!" Mu Chen stared fiercely at the Heavenly Evil Deity while forming a seal with both hands. The five-colored rings at the back of the glowing figure's head suddenly descended from the sky and appeared above the Ten-Eyes Demon Golem.

“Five-Ancestors Exterminating Demon Rings!” The five-colored rings gave off dazzling radiance as they vaguely revealed the five ancient Primitive Celestial Bodies. As the spiritual light gathered, it formed into a spiritual glow that looked like flames. The flame-like spiritual light then poured onto the Ten-Eyes Demon Golem.

Roar!

Dazzled by the ancient spiritual glow, the Ten-Eyes Demon Golem let out a deafening groan as the demonic light on the enormous body was diminishing. It looked like it was being melted by the ancient spiritual glow.

“Demon, Devours!” Sensing the changes in his surroundings, the Heavenly Evil Deity dared not hesitate. With a low bellow, the Ten-Eyes Demon Golem drew in the air as the boundless demonic aura gathered and compressed in his mouth. “Demon, Spurts!”

Boom!

The next moment, an extremely dark demonic sea gushed and swept towards the five-colored rings. It successfully defended the spiritual flame that poured continuously onto the golem.

Back in the Great Thousand World, many people watched the mirror anxiously. Everyone could tell that the battle between both parties had climaxed. Different killing blows sprang out one after another. Any carelessness from either side would become a loophole that would risk turning the tables.

“The Heavenly Evil Deity is getting anxious.” After watching the confrontation, it was not difficult for the Flame Emperor and the Martial Ancestor to realize that Mu Chen was getting the upper hand as time passed. After all, they were in the Great Thousand World. On home ground, Mu Chen could easily use unlimited Ultimate Force of the World to fight against the Heavenly Evil Deity.

Apparently, the Heavenly Evil Deity also noticed it. Hence, his expression was getting colder and more ferocious. The Heavenly Evil Deity stood below the Ten-Eyes Demon Golem as his tenth eye flickered crazily at the glabella. After a while, he revealed a hideous expression. “Since you’re so aggressive, then don’t blame me for this!” He knew that if he could not break this stalemate situation, he would be defeated.

Boom!

The Ten-Eyes Demon Golem carrying the Heavenly Evil Deity transformed into a beam of demonic light and soared into the sky. As the ten eyes flickered, they tore the space and appeared in the sky outside of the Spirit Demon Continent. As the Ten-Eyes Demon Golem roared into the sky, the deafening demonic roar echoed throughout the Great Thousand World. “Million Demons to Avichi, Demon Hell arrives!”

Boom!

When the bellow trailed off, many demonic figures from the Extraterritorial Race’s army let out dreadful screams. Then, they exploded on their own. The explosion caused a bloody mist in the air.

The Ten-Eyes Demon Golem opened its mouth and swallowed the spreading bloody mist. Forming a seal with its enormous hand, the great body exploded with overwhelming Demonic Current gushing out. The

Demonic Current penetrated the air and multiplied by millions as it rushed towards every corner of the Great Thousand World.

At this moment, people on all the continents of the Great Thousand World watched the destructive Demonic Current gushing through the air in horror. The overwhelming waves looked as though they were going to devour the land. All the experts on the Spirit Demon Continent were petrified.

As millions of Demonic Currents broke through the space and rushed towards the Great Thousand World, the evil voice of the Heavenly Evil Deity projected out. "Haha, since you want to protect the Great Thousand World, I'll destroy it all!"

Three figures including Mu Chen, the Flame Emperor, and the Martial Ancestor appeared in the sky of the Spirit Demon Continent. They watched the endless Demonic Current with horrified expressions.

"This fellow is crazy. By exploding the Ten-Eyes Demon Golem, he will sustain severe injuries, too!" said the Flame Emperor sternly.

"We must stop this. Otherwise, the Great Thousand World will suffer a great loss," the Martial Ancestor replied.

"But millions of Avichi Demonic Currents have already gushed towards the Great Thousand World. It's not going to be easy if we want to stop it." The Flame Emperor knit his eyebrow.

At this time, all the continents of the Great Thousand World were in chaos. Many of the spiritual beings were shuddering in fear as they watched the descending Demonic Current. Once the Demonic Current reached them, the entire world would turn into hell.

A spiritual glow flickered in Mu Chen's eyes, reflecting the chaotic continents of the Great Thousand World. He said in a low voice, "That Demonic Current devoured all the vitality and grew stronger while doing so. The Heavenly Evil Deity is also hidden in it, devouring countless blood essences of the spiritual beings just to make himself stronger."

The Flame Emperor and the Martial Ancestor narrowed their eyes and asked, "All the more we reason should stop him. Do you have any idea how?"

Mu Chen sat cross-legged in the sky and nodded. "Don't worry. If I let him get his way, then I will have let the Great Thousand World down. Since he wanted to split himself into millions to devour the spiritual beings, I'll show him the outstanding power when we gather the millions of spiritual beings together."

Chapter 1564: The Power of the Spiritual Beings

Northern Heavens Continent.

The entire Northern Heaven Spiritual Academy was in a state of complete panic and chaos. All of the students' faces became turned ashen as they looked at the overspreading Demonic Currents with fearful eyes.

As he was a Heavenly Sovereign, even the Northern Sea Dragon felt terrified and powerless when confronted with such a force. As he exchanged gazes with Chief Tai Cang, he said bitterly, "The Northern Heaven Spiritual Academy just escaped a calamity, yet here we are, embroiled in yet another disaster!"

Chief Tai Cang sighed, then replied, "This is indeed a great catastrophe, which will affect the entire Great Thousand World! It's hard to imagine the intensity of damage the Heavenly Evil Deity will incur if he gets his way."

These words weighed on Tang Qian'er's, Li Xuanton's, Wen Qingxuan's, and the rest of the group's mind when they heard them.

"There's no way to evade this catastrophe! No matter what, we must show the Extraterritorial Race that the Great Thousand World is filled with compassionate beings!" A long, golden spear emerged in Shen Cangsheng's hand as he clenched his fist and yelled.

After Shen Cangsheng called out, many of the fearful students seemed to have found some comfort in his words, so they immediately joined in the shouts, one by one...

"Let's do it together! We will all raise a defense, even if it costs us our lives!"

"Since death is just around the corner, why don't we just fight it out? It is better than waiting for our deaths!"

Upon hearing this, the Northern Sea Dragon and Chief Tai Cang looked at each other and chortled. He then said, "Awesome! It seems that the young people are still zealous! Now, it seems that the old bones like us are dragging them down! Now that we know that this is the case, we must lay our lives down and protect the Northern Heaven Spiritual Academy together!"

After he finished speaking, both of them burst out two forceful spiritual energy ribbons, which threw themselves at the overwhelming Demonic Currents.

Boom! Boom!

Amid the booming sound, everyone within the academy burst out their sources of spiritual light. They then transformed into spiritual energy glows that were concealed in the sky. Following behind the Northern Sea Dragon and the Chief Tai Cang's spiritual ribbons, they dashed toward the Demonic Currents, which were going to destroy the continent!

After Northern Heaven Spiritual Academy did this, many spiritual energy ribbons started bursting out from other areas of the Northern Heavens Continent as well. Apparently, those who were despairing were still unwilling to succumb to death, so they had decided to retaliate!

The Tianluo Continent.

"All of you, let's protect the Mu Estate together!" The calm voice of Mandela and Nine Nether resounded throughout the entire Mu Estate as they yelled out in unison.

Instantly, many loud voices replied in agreement. As their voices trailed off, Mandela and Nine Nether took the lead and launched several violent spiritual energy ribbons into the sky.

Shua! Shua!

Subsequently, millions of spiritual lights swarmed toward the destructive Demonic Current. As they faced this crisis, all of the people from the rest of the continents in the Great thousand World let go of their fears and worked together to take one final stand. At this time, the Spiritual Energy Torrents exploded from all of the continents in the Great Thousand World in order to fight against the Demonic Currents.

“All of you are courting your own deaths!” However, a mocking demonic bellow from the Heavenly Evil Deity projected out from the Demonic Currents when he faced such retaliation.

The next moment, the Spiritual Energy Torrents and the Demonic Currents knocked against each other. All of the spiritual beings became downhearted as soon as both of them collided together.

This was because all that they saw was the Spiritual Energy Torrents dissolving into the current, like drops of water, while the Demonic Currents passed through. The Spiritual Energy Torrents then disappeared completely, not even stopping the Demonic Currents for a second.

“Our gap is that huge?” When Shen Cangsheng saw this taking place from his location in the Northern Heaven Spiritual Academy, his eyes could not help but well up with tears. The entire Spiritual Academy was completely silent, and all of the previous courage that had filled the students’ hearts just moments ago was gone by this time.

“Do you think that you can stop me by outnumbering me? Dream on!” The Heavenly Evil Deity continued to sneer from the Demonic Currents, as if he wanted to take revenge on all of the spiritual beings for the indignities that he had suffered at Mu Chen’s hands.

At this moment, the entire continent plunged into silence as everyone became immersed in the hopeless atmosphere.

“Oh? In my opinion, we united for one purpose. Even if we are as tiny as ants, we can still make a difference to the world when we gather together.” Just when everyone was despairing, joyful laughter echoed throughout the world.

Shua!

Everyone looked up in delight as the spiritual light gathered and formed into a figure above them. It was Mu Chen!

“Senior Mu Chen!” Many students cheered loudly in the Northern Heaven Spiritual Heaven.

Mu Chen did not only show up in the Northern Heavens Continent, but the rest of the continents in the Great Thousand World that were affected by the Demonic Currents too. The same voice resounded throughout the entire world.

“Estate Master!” When the numerous experts in the Mu Estate saw Mu Chen’s figure, they shouted with joy. Everyone was motivated by his appearance.

“All of the spiritual beings in the Great Thousand World, hear me now. Strike again and show the Heavenly Evil Deity our power!” Mu Chen’s voice resounded in everyone’s ears.

Everybody looked at each other. Earlier, they did what they could, but the outcome was devastating. However, Mu Chen’s superiority was at its peak now.

Hence, his appearance helped to cast away the fear and helplessness of all of the spiritual beings. The next moment, a sparse amount of spiritual energy ribbons soared into the sky.

Boom!

After this, a moment of silence was observed before the entire universe burst into an uproar and millions of Spiritual Energy Torrents rushed into the sky. Everyone on each continent then circulated their spiritual energies. Regardless of whether they were strong or weak, all their energies charged into the sky together.

Mu Chen, who was standing in the air, smiled as he saw this. He then formed a seal with one hand, and instantly, millions of Spiritual Energy Torrents gathered and moved toward him. Eventually, they passed through his body.

Boom!

When the Spiritual Energy Torrents passed through his body, all of the spiritual energies transformed into another type of force... The Fighting Spirit!

“Heavenly Evil Deity, I’ll show you the power from millions of Spiritual Beings today!” Mu Chen’s voice projected throughout the world, while boundless Fighting Spirit Torrents rushed into the sky and transformed into an enormous Fighting Spirit Dragon.

With a roar, the dragon charged toward the Demonic Currents. At this time, all of the continents in the Great Thousand World saw the same thing...

Boom!

The Fighting Spirit Torrents and the Demonic Currents collided once again as everyone watched anxiously. The entire world was shaking violently at this moment!

This time, the Demonic Currents did not react in the same domineering way as before. Instead, the Demonic Currents stopped plummeting because the powerful impact was pushing against them.

The Fighting Spirit Torrents became more powerful and robust as they went higher and higher, while the Demonic Currents were only getting weaker. Eventually, the Fighting Spirit Torrents dominated and destroyed the Demonic Currents.

“Aaaah! Mu Chen, darn you!” The furious bawl of Heavenly Evil Deity was heard coming out from those Demonic Currents.

“It’s too bad that you’ll be the one who is doomed today!” Mu Chen’s eyes were icy as he drew a deep breath and dashed out. He then turned into spiritual light and fused into the violent Fighting Spirit Torrents.

Boom!

With Mu Chen’s participation, the Fighting Spirit Torrents surged as the huge Fighting Spirit Dragon roared. The dragon then spurt out a breath of fighting spirit, which blasted hard against the overwhelming Demonic Currents. This caused the Demonic Currents to give way immediately.

“Master Mu! Master Mu!” All of the continents burst into roaring cheers when they saw this scene.

As the Flame Emperor and Martial Ancestor watched this scene from the Spirit Demon Continent, they were impressed by it, and the Flame Emperor said, “The War Troop Dispatcher is using the spiritual beings as his troops! This is one of the War Troop Dispatcher’s signature strategies.”

He had almost forgotten that Mu Chen was once a War Troop Dispatcher. Ordinary War Troop Dispatchers could only control limited troops, but Mu Chen could utilize all of the spiritual beings in the entire Great Thousand World. That power was beyond one’s imagination!

When the entire Great Thousand World was shouting with joy, the Extraterritorial Race’s army was filled with uneasiness. Nothing was left on their faces except panic and horror.

After the Demonic Currents in the Great Thousand World broke down, the Heavenly Evil Deity’s furious yet reluctant voice projected out from the currents, “Extraterritorial Race, retreat!”

The Extraterritorial Race plunged into chaos as they heard his voice, and spatial cracks were torn as they all fled to the Lower Planes in a panic.

“All armies of the Great Thousand World, listen up! Kill all of the Extraterritorial Race and wipe them out. Chase all of them away from our Great Thousand World!” The Flame Emperor shouted immediately, when he saw the Extraterritorial Race fleeing for their lives.

“Yes!” All of the experts from the Spirit Demon Continent answered loudly in unison.

The next moment, countless light figures dashed out. In that moment, everyone could tell that the Great Thousand World was gaining the upper hand in this destructive catastrophe.

The Flame Emperor and Martial Ancestor looked at Mu Chen, who was sitting cross-legged in front of them and had just opened his eyes. Mu Chen then said, “I no longer sense the presence of the Heavenly Evil Deity. He must have escaped.”

The Flame Emperor looked at Martial Ancestor, narrowed his eyes, and said, “We cannot let him escape. Otherwise, it would pose a great threat to us in the future.”

The Heavenly Evil Deity, who had such a tyrannical strength, was far too dangerous. If he escaped, the Great Thousand World would be in big trouble in the future.

Mu Chen nodded, then answered, “He has caused far too many troubles in our Great Thousand World during these past thousands of years. How can we just let him escape?”

With a stern face, Mu Chen stretched out his palm. The surrounding space immediately exploded as countless Fighting Spirit Torrents whizzed in.

Eventually, they gathered and formed a ball of light on Mu Chen’s fingertip. Within the ball of light was a world that collected the Fighting Spirits of the millions of spiritual beings from the Great Thousand World.

“Go!” Mu Chen yelled as he flicked his finger. In that moment, the ball of light beamed into a streamer and whizzed out into the empty space.

Chapter 1565: The Death of the Evil Deity (End)

The strong wind howled while space was pulling closer than ever in the chaotic land. No Divine Grade experts would dare to step into this place. Amid the disorder, space fluctuated, and a black glow flitted out from it. Eventually, it formed into a figure – the Heavenly Evil Deity.

His expression was cold, and his eyes looked fierce as he stared at this disordered land. The area was situated at the end of the Great Thousand World where the thin border was just further down. For thousands of years, he led the Extraterritorial Race to the Great Thousand World through this place. Never had he expected that he would be forced to leave thousands of years later.

“D*mn! Mu Chen, Flame Emperor, Martial Ancestor, I won’t give up easily. I’ll be back!” the Heavenly Evil Deity said icily.

Boom!

As his voice trailed off, the space in front of the Heavenly Evil Deity suddenly burst into pieces while a streamer dashed out from it. The streamer might not have looked exceptionally impressive, but it still struck a change in the Heavenly Evil Deity’s expression, as he could sense a destructive aura charging towards him. The Heavenly Evil Deity let out a bellow while overwhelming demonic light gathered in front of him to form a thick layer of defense.

Bang!

However, his defense was instantly destroyed as the streamer flitted through it. Within a second, the streamer came into sight. What the Heavenly Evil Deity saw now was a dazzling shiny ball of light. Through the ball of light’s reflection he could see his own appalling face.

Before the Heavenly Evil Deity could do anything, the ball of light charged at him with a hair-raising aura and shot at that evil eye at his glabella. No unusual sound or loud explosion was heard. Only black-colored blood splattered out as the ball of light shattered the eye and embedded itself in the wound.

The Heavenly Evil Deity froze and was incredulous as he touched his glabella with trembling hands. The evil eye was shattered, and so was the ball of light. Soon after, the furious fighting spirit of all the spiritual beings in the Great Thousand World gushed into his body.

“How could this be possible...” the Heavenly Evil Deity muttered.

A figure stepped out of the rippling space in front of him. Mu Chen stared at the Heavenly Evil Deity with chilling eyes. He said indifferently, “The world may seem insignificant, but it can exterminate you.”

The Heavenly Evil Deity had mixed expressions on his face while the black-colored blood flowed down from the gaping hole at his glabella. It made him look hideous. As he felt the destructive force tearing his body apart, he gave a soft sigh and uttered to himself, “Never did I expect that I, the Heavenly Evil Deity, would lose to the Great Thousand World.” He lifted his chin. Even without his eye in its socket, he still looked at Mu Chen. “The Great Thousand World is becoming strong. I guess soon it will have three guardians, including you. Tsk tsk, how formidable can that be...”

“The Great Thousand World is outstanding.” Mu Chen fixed his nonchalant stare on the Heavenly Evil Deity and continued, “You have wreaked havoc in the Great Thousand World for thousands of years. In between, you plunged the people of the Great Thousand World into misery and suffering with two catastrophes. Today is payback time.”

The Heavenly Evil Deity smiled without any emotion. “Worthless spiritual beings... I don’t care about their deaths. I’m defeated by you today, and this is the mishap that I ought to encounter. But if you expect remorse from me, then you’re looking down on me.”

The Heavenly Evil Deity paused as he seemed to have other regrets. He muttered, “I wanted to take over the Great Thousand World to build up the Extraterritorial Race. Too bad... my wish didn’t come true.” As he finished his sentence, cracks emerged on his body’s surface and quickly spread to the rest of his body.

Boom!

The next moment, the Heavenly Evil Deity’s body exploded with a vast amount of demonic aura sweeping out into the air. As Mu Chen looked at the overwhelming demonic aura, he used his mind to control a spiritual light that shot out from the top of his skull. The light transformed into a descending ancient pagoda that absorbed all the demonic aura.

Boom!

The black pagoda landed on the disordered and desolate continent. At the same time, spiritual lights flickered in it as it sealed off the entire continent. No one could find this continent at all.

The pagoda suppressed the demonic aura that the Heavenly Evil Deity had cultivated throughout his entire life. If the demonic aura were to spread, it would pollute the spiritual energy of the universe. Hence, Mu Chen could only suppress it with the pagoda to purify it.

This time, the Heavenly Evil Deity perished completely.

Mu Chen fixed his gaze on the pagoda for a while before he swung his sleeve. The spiritual light fluctuated, transmitting the current scene to every corner of the Great Thousand World along with Mu Chen’s loud and clear voice. “The Heavenly Evil Deity is executed, and the catastrophe of the Great Thousand World is over. From now on, anyone who tries to invade the Great Thousand World will be killed.”

Boom!

Every continent in the Great Thousand World burst into deafening cheers while many people knelt down and bowed. They were insignificant when they were confronted by the domineering oppression. Apart from enduring the pain with their physical bodies, there was nothing they could do. Luckily, the Great Thousand World was not fated to be destroyed. Finally, a supreme talent rose to wipe the demons out in the nick of time.

“Master Mu!”

“Master Mu!”

“Master Mu!”

The entire world quaked with the loud cheering voices.

Back in the Northern Heaven Spiritual Academy, all the students were screaming at the top of their lungs while waving their arms in the air. Their hoarse voices could not stop their passion as they watched the superior figure projecting his image in the air.

Shen Cangsheng lifted his chin and exclaimed, "This fellow... I wonder if I can ever catch up to him in my entire life."

"Hope is always there when you never say die. Work harder," said Li Xuanton, smiling.

The two of them looked at each other and chuckled. They still remembered they had been more powerful than Mu Chen when they were in the Northern Heaven Spiritual Academy a long time ago. But when did that young man ever back down? He made his way step by step, overtaking them, and had even progressed way ahead of them.

Mu Estate.

"My son is really remarkable," Mu Feng grinned and said to Tang Shan and the rest while he watched his son at the front of the hall. They were old friends of his from the Northern Spiritual Realm. He brought them to the Mu Estate to seek cover when the Great Thousand World was in turmoil.

When Tang Shan and the rest looked at Mu Feng's extremely proud expression, they could not help but shake their heads. Your son has become number one in the Great Thousand World, and you are showing off to us shamelessly?

Back in the Spirit Demon Continent.

With her hands at her back, Luo Li lifted her chin slightly and looked up into the sky. The space in front of her rippled, and Mu Chen emerged from it. "Wow, is our hero back?" Luo Li chuckled.

Mu Chen laughed and stepped forward. He stretched out his arm and hugged her soft, slender waist. Softly, he said, "Earlier on, I was so afraid that I couldn't protect all of you."

Luo Li gave a gentle smile and hugged Mu Chen's waist with her arms. "Mu Chen... you did a good job. I'm proud of you. You're a true hero now. You fulfilled the promise you made back then."

Mu Chen lowered his head and looked at her fair and flawless face. He grinned and asked, "When can we get married?"

Luo Li blushed slightly, but there was anticipation in her bright eyes. "Anytime."

Mu Chen gazed at the beautiful face that was impossible to forget. Suddenly, he thought he saw the same cold and strong-willed young girl whom he had met at the Spiritual Road back then.

"Luo Li."

"Yes?"

"It's good to have you by my side for the rest of my life."

"You, too."

...

The calamity had ended, and the Great Thousand World was at peace again. After the Heavenly Evil Deity was executed, the Extraterritorial Race fled for their lives. Even though the armies of the Great Thousand World killed a number of them, some capable ones escaped out of the Great Thousand World through some of the Lower Planes. However, without the Heavenly Evil Deity, those beaten ones could not create trouble anymore.

After banishing the Extraterritorial Race, Mu Chen circulated the Ultimate Force of the World to purify the demonic aura in the regions that had been invaded by the Extraterritorial Race. Thousands of years later, the spiritual energy of the universe loomed over the other half of the region in the Great Thousand World.

Naturally, many conflicts and disputes arose when such a vast and boundless land was developed. The various supreme forces began to fight with one another for the land and the resources. However, Mu Chen never interfered in such competitions, as he knew that such conflicts were neverending. This was the rule of the game. If the Great Thousand World had no competitions, the world would come to an end.

...

After a year of recuperation, the Great Thousand World had recovered from the devastating conditions after the demonic calamity. The entire world became more robust and vibrant. At this time, the wedding of the century was held at the Mu Estate on Tianluo Continent. The event captured the attention of all the spiritual beings from the Great Thousand World.

“Bow to heaven and earth!”

“Bow to the parents!”

Amid the festive atmosphere, red lanterns glowed brightly in the Mu Estate’s main hall while delightful voices traveled miles away. Within the hall, the elders from both parties’ families including Qing Yanjing, Mu Feng, and Luo Tianshen were sitting on throne-like chairs. They were all beaming as they watched the two young figures bowing to them.

The Flame Emperor and the Martial Ancestor, along with their wives, were sitting at the side. The rest were all the well-known figures from the Great Thousand World. Apparently, this wedding had drawn the attention of the world, and the entire Great Thousand World was happy for them.

“Husband and wife, exchange bows!”

Mu Chen, who was wearing a bright red robe, looked at the girl in her phoenix coronet. The two of them bent down and straightened up. The moment they lifted their heads and exchanged gazes, they drew smiles at their lips, just like the young boy and girl who had met each other in the forest at the Spiritual Road for the first time.

...

Time flew quietly by. Twenty-seven years passed in the blink of an eye. During those 27 years, the Great Thousand World grew prosperous with supreme forces sprouting up. At the same time, top-notch

experts continued to mushroom, generating exciting stories. However, no matter how many outstanding people stood out in the world, everyone knew that no one in the Great Thousand World could surpass those three persons.

Mu Estate Headquarters in Tianluo Continent.

Mu Chen was half-lying down in a laid-back position on one of the serene hilltops. A spiritual energy river was flowing at the foot of the mountain. At the end of the river stood an ancient stone door – the Dragon Entrance Gate. Many disciples of the Mu Estate who tried to leap and fly over the Dragon Entrance Gate drew many gasping sounds.

While Mu Chen watched them casually, a little figure staggered and dove into his arms. “Daddy!” A young and childlike voice was heard.

Mu Chen quickly cuddled the little thing in his arms with a doting smile on his face. The one who dove into his arms was a little girl who was about two years old. She was pretty with white teeth and red lips. Her big, bright eyes were gleaming. She wore a little green top with two ponytails on her head. Her liveliness was so cute that it almost melted Mu Chen’s heart. She was Mu Chen and Luo Li’s daughter, Mu Yunxi – a name that had been given to her in the early years.

“Hey, Little Yunxi, did you miss me?” Mu Chen hugged the little girl and grinned.

“Yes.” Little Yunxi replied innocently. Then her little hands tried to reach for the fruit on the stone table. Her bright eyes were drooling over it. Apparently, her father was not as attractive as that delicious fruit.

When Mu Chen saw that, he laughed and chided her. “Little glutton.”

A lovely voice came from the back. “She didn’t see you for only a short while, why would she miss you?” Luo Li walked out slowly in her black dress as she looked helplessly at the two of them cuddling together. Ever since Little Yunxi was born, Luo Li was jealous at times because of the love and concern Mu Chen showered on his daughter.

Mu Chen chuckled and stretched out his hand to hold Luo Li’s jade-like hand. He pulled her close so she could sit beside him. The joyful family of three was indulging in their happiness.

Weng!

While Mu Chen was enjoying such an atmosphere, he suddenly squinted as he sensed an odd fluctuation coming from the universe.

Boom!

Not long after he sensed the weird fluctuation, the entire Great Thousand World suddenly shook, and the spiritual energy of the universe surged frantically.

Luo Li noticed the changes and shouted in surprise, “What’s going on?”

Mu Chen stood up. He stared into the empty space and looked beyond it. He saw the land where the spiritual energy fluctuation was coming from. With a smile, he said, “The day has finally arrived.”

As his voice faded, all the spiritual beings in the Great Thousand World sensed the same thing, too. They lifted their heads and were shocked to see a mysterious light screen falling from the sky. It was the Heaven's Declaration!

Two tall figures stood in the air at the faraway Endless Fire Territory and the Martial Border. Using their hands as pens, they drew upon an enormous amount of spiritual light. When the spiritual light diminished, two full names slowly emerged on the Heaven's Declaration.

"Xiao Yan!"

"Lin Dong!"

Back on the hilltop, Mu Chen put down Little Yunxi and lifted his chin. He cupped his fist in the direction of the Endless Fire Territory and the Martial Border. The loud and clear voice cut through the entire universe. "Congratulations to the two seniors for making it to the honorable Heaven's Declaration!"

At that faraway land, the Flame Emperor and the Martial Ancestor smiled as they nodded and cupped their fists to Mu Chen.

Tremendous cheers broke out in the Great Thousand World. Many experts were showing their envious and respectful looks as they knew that another two domineering experts had emerged in the Great Thousand World from today onwards. All the spiritual beings bowed in their direction where the three of them were.

With the three guardians safeguarding the Great Thousand World, the Great Thousand World would continue to flourish and prosper forever.

(The End)
