Chapter 371: Nine Heavy Mountain Array

Bang! Rumble!

Nine gold-coloured divine mountains towered within this Spiritual Light world. Golden light gushed and flowed out of them, causing them to appear akin to the residences of gods, while radiating with Spiritual Energy pressure that caused people's hearts to tremble.

Mu Chen's expression turned grave, since the Spiritual Array that Wu Jia had arranged might be no weaker than the double lotus formation of his Demonic Butchering Lotus Spiritual Array. This Wu Jia really had some ability.

Far across the horizon, Wu Jia continued sending an indifferent gaze out towards Mu Chen. Within saying anymore words, he waved his sleeves, causing the nine gold-coloured divine mountains to instantly vibrate as a gold-coloured wave of air swept out from them.

Bang!

A gold-coloured divine mountain rushed to the skies. Carrying along a shadow that hid the skies and covered the earth, with an indescribably overbearing attitude, it brought along its golden glow as it pressed straight down towards Mu Chen.

The air under the gold-coloured divine mountain instantly exploded, while distortions appeared in the surrounding space.

Facing such an attack, even people whose strength had reached Heavenly Completion Stage Middle Phase might not dare to show the slightest bit of contempt.

As the gold-coloured divine mountain grew larger within Mu Chen's eyes, he exhaled a long breath of air. In the next instant, his gaze turned sharp and fierce. Tightly clenching his hands into fists, he sent a fist rumbling out.

Boundless Spiritual Energy transformed into a starry sky behind him as a white tiger condensed together, roaring towards the sky. Transforming into a streak of light, it accompanied Mu Chen's fist, howling through the sky as they violently slammed against the descending divine mountain.

Boom!

Incomparably erratic Spiritual Energy storms were instantly whipped up as they expanded out. Although the gold-coloured divine mountain was sent flying back, the white tiger was shattered apart by its frightening power, transforming into glowing dots that blotted the sky.

Upon seeing this, a sneer appeared at the corner of Wu Jia's mouth. With a change of his hand seal, the divine mountains came howling out, radiating with astonishing pressure.

A frosty expression filled Mu Chen's eyes as three gigantic figures condensed once again in the starry sky behind him. However, this time, the imposing aura radiating from them had become much, much

stronger. Shooting out, the three figures immediately proceeded to obstruct and resist the three incoming divine mountains.

Swish!

After blocking the divine mountains, Mu Chen shot out. Black lightning started to arc and dance around his body, while a black lightning mark started to surface on his chest.

Mono Rune Lightning Physique!

Mu Chen's speed dramatically increased, shooting straight under a divine mountain. Spiritual Energy burning with black flames explosively shot out from his body in the form of a streak of light. Tightly clenching his hand, his veins squirmed and wriggled on the top of his fist. In the next instant, his fist with lightning arcing and dancing around it, rumbled out, slamming head-on against the bottom of the divine mountain.

Boom!

As his fist made contact, the sky within this stretch of the world seemed to intensely vibrate. Gigantic cracks started to suddenly extend rapidly from the point of impact of his fist. In a short span of a few breaths, they had completely covered the divine mountain!

Bang!

Under this single punch by Mu Chen, this lofty mountain that towered in the sky had completely shattered into pieces.

After shattering the divine mountain with a single punch, a shadow of a dragon surfaced on his body. In a flash, he retreated a couple hundred feet away, where a divine mountain had violently pressed down on the location he was previously at.

"You've some ability."

Seeing Mu Chen destroying a divine mountain with a single punch, a cold glint flashed within Wu Jia's eyes. *This fellow seems to have cultivated a rather strong body-refinement Deity Tier Spiritual Art. If not, he wouldn't have been able to destroy my divine mountain with his Heavenly Transformation Stage Late Phase strength.*

"However, do you truly think that my Nine Heavy Mountain Array would be that simple?"

With a sneer, Wu Jia changed his hand seal. In the next instant, Mu Chen saw the golden divine mountain, which he had shattered into glowing bits that blotted the sky, started to condense together once again. Within a short span of a few breaths, a majestic divine mountain reappeared in his sight.

"My nine divine mountains will endlessly form. No matter how many of them you shatter, they'll condense back again, all till you've exhausted your strength and emptied all of your Spiritual Energy!" Bringing along ridicule and contempt, Wu Jia's cold voice resounded within this world.

Hearing his words, Mu Chen shot out once again. Transforming into a bolt of black lightning, he violent smashed against a divine mountain.

Bang!

Yet another divine mountain was forcibly destroyed by Mu Chen.

However, the glowing dots that filled the sky quickly converged together, before transforming back into the divine mountain, completely void of damage.

Seeing Mu Chen's futile attempts, Wu Jia gave a soft smile, containing his ridicule and contempt towards the former. This Mu Chen truly wasn't going to give up. After being trapped within his Nine Heavy Mountain Array, regardless of how many methods the former possessed, regardless of how remarkable he was, Mu Chen would never be able to escape from here.

After destroying three divine mountains in rapid succession and saw them recondense, Mu Chen stopped continuing to waste his energy in doing pointless actions. With a sneer, he replied, "Although you have some ability, this is, after all, only a Rank 5 Spiritual Array. Furthermore, do you truly think that you're Rank 5 Spiritual Array Master?"

The Nine Heavy Mountain Array truly was somewhat formidable. However, Mu Chen didn't believe in what Wu Jia had said. A Spiritual Array of that degree was simply not something that Wu Jia, with his qualifications, could successfully arrange.

Furthermore, if what he said was true, it would have exceeded the boundaries of a Rank 5 Spiritual Array.

Raising his head, he looked towards the nine divine mountains that had encircled him. Golden light gushed and radiated out, causing them to appear as if they were cast from gold.

As his black pupils reflected the images of the divine mountains, his eyes sparkled with brilliance. After a moment, he muttered out in a soft voice, "Is it real, or is it fake?"

Hearing those soft words, Wu Jia's eyes furiously contracted, before sending a dark stare towards Mu Chen. At this moment, dense killing intent erupted from his heart as he thought, *This fellow truly isn't easy.*

"Of the nine divine mountains, only one should be real, right? After breaking that, your Spiritual Array shouldn't have any more points worth commending, right?" Locking his gaze onto the dark-faced Wu Jia, Mu Chen spoke out with a faint smile.

"That'll have to depend on whether you have the ability to do so."

A faint shiver shook through Wu Jia's heart, while his expression grew increasingly dark. Changing his hand seal, the nine divine mountains instantly revolved, causing golden light to blossom across the entire sky. The golden light concealed the nine divine mountains within, causing Mu Chen to be unable to see their tracks.

Bang! Bang!

Under the golden light, divine mountains came pressuring down one after another, attempting to squash Mu Chen to death.

Activating the Dragon Soaring Art, Mu Chen's figure appeared akin to a dragon's shadow, evading the divine mountains that were attempting to suppress him from above. For those attacks that weren't dodgeable, a fist would fiercely rumble, causing anything that was in its path to smash and shatter apart.

"I have to find the real divine mountain."

Looking at the bright and eye-blinding sea of golden light, this thought ran through Mu Chen's mind. After faintly pondering about it, he started to slowly close his eyes.

Looking at Mu Chen, who had closed his eyes all of a sudden, a feeling of unease sprouted from Wu Jia's heart for some unknown reason.

...

Bang!

Across the horizon far away from the Western Desolated Territory, two figures with the most tyrannical Spiritual Energy fluctuations, were currently exchanging furious blows with one another. Wave after wave of Spiritual Energy shock waves swept out akin to hundred foot large waves, causing the countless gazes from the entire city to be tightly lock onto them.

This was the fighting ground between Shen Cangsheng and Mo Longzi.

Bang!

Bringing along overbearing intent, a golden stream shattered apart the horizon as it pierced out.

Roar!

As a dragon roar seemed to resound out, a demonic dragon howled as it appeared, its baleful aura pervading throughout the sky. Baring its fangs and brandishing its claws, it collided head-on against the golden stream.

A violent shudder seemed to spread across the sky as Spiritual Energy storms immediately followed suit.

The golden glowing figure was sent flying back as the golden long spear within Shen Cangsheng's hand heavily smashed the space below him, stabilising his body. At this moment, a few wounds had already appeared on his body. Obviously, the intense battle with Mo Longzi had resulted in him getting some light injuries.

In the front of him, greyish-black Spiritual Energy pervaded with a baleful aura expanded out. At this moment, the Spiritual Energy appeared akin to a gigantic demonic dragon, with Mo Longzi floating in the air above it.

Looking apathetically at Shen Cangsheng, Mo Longzi slowly pulled out the black sword hoisted on his back. This sword was somewhat broad, while bloody patterns covered the entirety of its surface. With its dark and sinister colour, it appeared akin to being formed from countless amounts of blood.

"This ends here."

Mo Longzi spoke out, his voice sounding exceptionally cold and detached. Shen Cangsheng's tenacity and toughness had exceeded his expectations. Although he knew that the latter had already touched

the Heavenly Completion Stage Late Phase, if they had an opportunity to meet again, the latter would have already broken through. Furthermore, at that time, Mo Longzi would truly not have any assurance that he could grasp victory within his hands.

Against the Overlord of the Northern Heavens Spiritual Academy's Heavenly Rankings, dread was similarly present within Mo Longzi's heart. This kind of opponent would become a big cancerous tumor within his heart if he were to let him go.

Humm! Humm!

As Mo Longzi grasped the black heavy sword within his hands, a bloodthirsty humm seemed to ring out from the body of the sword. As this continued, one could seemingly hear a demonic dragon roaring across the heavens and earth.

Within the large hall in the city, upon seeing the black heavy sword in Mo Longzi's hands, the eyes of the green-robed male slightly contracted as he muttered, "That's the Dragon Breaking Sword of the Demonic Dragon Palace..."

Shen Cangsheng had similarly felt the extremely dangerous fluctuations radiating from it as his expression turned grave. Clenching the Golden Lotus War God Spear tightly within his hands, Spiritual Energy gushed out of his body without the slightest restraint.

He knew that Mo Longzi had already planned to forsake everything to get rid of him.

Roar!

The black heavy sword rushed towards the sky as black rays of brilliance blossomed from it. Appearing akin to a demonic dragon that had broken the fetters of mortality, it proceeded to plant itself in the middle of the sky.

Mo Longzi's hands suddenly came together to form a seal as Spiritual Energy swelled and burst forth from his body. Like a thousand foot wide waterfall, it hid the skies and covered the earth as it rushed towards to sky, before completely being absorbed by the black heavy sword.

Roar!

As the heavy black sword continued absorbing Mo Longzi's Spiritual Energy, the greyish-black Spiritual Energy quickly condensed together, while layer after layer of dragon scales started surfacing on it. After a short span of a few breaths, the black heavy sword unexpectedly transformed into a genuine demonic dragon approximately a thousand feet long.

At this moment, Mo Longzi opened his gigantic blood-red eyes, with endless bloodthirsty intent pervaded within them. A baleful aura pervaded throughout the world, causing the surrounding temperature to drastically drop.

The demonic dragon sat in the sky, its gigantic body appeared icy-cold, as if it was cast in metal. Power and vigor radiated from it, appearing as if it could shatter the world apart. A ferocious beast of this level was enough to cause fear and terror in people on first sight.

That seemed like a genuine demonic dragon!

Looking at the exceptionally ferocious beast sitting in the sky, Shen Cangsheng's face turned slightly pale. Taking a deep breath, he tightly clenched his Golden Lotus War God Spear. At this moment, he absolutely could not retreat!

If he did, the other three battles would get implicated as a result.

"I'll have to risk it for this fight!"

Golden light burst forth and swept out from his body, pervading throughout the world.

At this moment, under the gigantic Spiritual Array that had replaced the sky, a shiver suddenly shook through Mu Chen, who was trapped within the Nine Heavy Mountain Array. Within the depths of his spirit, a single eye seemed to slowly open at this moment.

The Great Ruler

Chapter 372: Heart's Eye Breaks Spiritual Array

There was a mysterious eye that seemed to have opened from the depths of Mu Chen's spirit. Looking illusionary, and yet wasn't, looking real, and yet wasn't, while seemingly able to see through all the mist that veiled the world.

At this moment, Mu Chen's eyes slowly sprung open. However, at this moment, those jet-black pupils had transformed into transparent crystal-like appearances. Under those crystal-like eyes, everything in this world seemed to be able to be seen through.

Every change within the world in front of him was no longer that clear and distinct. The boundless Spiritual Energy was dissected as it appeared within his eyes, returning back into its most basic form as Spiritual Energy of the heavens and earth.

Looking at the nine divine mountains that were hidden within the eye-dazzling golden light world, the golden light present could no longer mask Mu Chen's vision. Under his crystalline eyes, every single one of the nine divine mountains became transparent, with only the leftmost one still remaining clear and bright. Furthermore, countless glowing Spiritual Energy threads extended from it. These glowing threads were locked on to the other eight divine mountains, while mysterious fluctuations radiated from them.

This divine mountain was clearly different from the other eight.

"I've finally found you."

A faint smile curled from the corner of Mu Chen's mouth.

In the distance, sensing the change that happened to Mu Chen, Wu Jia shot a look over. Upon seeing the eyes of the former, which had turned crystalline, an intense shiver shook through his body as an incredulous expression broke apart the darkness present on his face. In the end, he involuntarily cried out, "Heart's Eye?!"

Shock and horror filled Wu Jia's heart. Regardless of anything, he never imagined that the Mu Chen in front of him was actually able to comprehend the Heart's Eye State! That was a rather high and deep status, and was the yearning dreams of countless Spiritual Array Masters, which naturally included him.

However, as if the Heart's Eye State was that easy to comprehend. Countless Spiritual Array Masters have tried their utmost and exhausted all efforts only to fail and be unable to open that mysterious Heart's Eye. However, this state had somehow appeared on the body of the youth in front of him.

The shock and mental blow from this revelation caused Wu Jia's face to turn exceedingly ugly. He had flaunted himself as having absolute talent on the cultivation of Spiritual Arrays. However, he was totally refuted by the Mu Chen present before his eyes.

Swish!

While Wu Jia was reeling with shock in his heart, Mu Chen had already furiously shot out, rushing straight towards the genuine divine mountain.

As long as he could destroy that divine mountain, this giant array would naturally break apart!

Bang!

Seeing Mu Chen's action, the expression on Wu Jia's face contorted. Changing his hand seal, he hastily urged the other eight divine mountains to rush and suppress Mu Chen.

Clenching his hand, black light erupted from Mu Chen as a black pagoda surfaced. In the next instant, gales whipped up as it dramatically swelled, becoming over a thousand feet long as it sat within the sky.

Bang!

The Nine-Layered Pagoda shot forward and violently collided against the eight divine mountains. As it did so, four golden dragons roar out of its body, myriads of golden rays were radiating from them.

As the Nine-Layered Pagoda blocked the assault from the eight divine mountains, a dragon's shadow surfaced on Mu Chen's body. This dragon's shadow appeared much more corporeal than before. In a supportive state, it carried Mu Chen as he instantly passed through the air, appearing right below the ninth divine mountain.

Stomping his feet, Mu Chen rushed upwards akin to a great roc. Black lightning crazily arced and danced across his body as he clenched his hand and formed a fist. At this moment, endless brilliance flashed within his crystalline eyes.

Bang!

His fist, encased with black lightning and boundless Spiritual Energy, violently rumbled out, before smashing directly against the bottom of the divine mountain.

"Break!"

A furious roar resounded across the world akin to a clap of thunder as black lightning spewed out. Gigantic cracks instantly extended out from the location where Mu Chen's fist struck as intense vibrations shook the majestic divine mountain. As the cracks extended, they finally covered the entire mountain.

At this moment, Wu Jia's face violently contorted.

Roar!

The malevolent and sinister demonic dragon sat within the sky across the horizon. The fiendish aura radiating from it made it appear as if it was a genuine demonic dragon from the ancient antiquity, causing the world the tremble from its presence.

The faces of countless experts within the Western Desolated City changed as a result as they thought, *This Mo Longzi is actually strong to such a degree.*

At this moment, the eyes of the green-robed male in the large hall faintly contracted as a result.

“Shen Cangsheng, this farce will end right here!”

Standing arrogantly below the demonic dragon, Mo Longzi looked down towards Shen Cangsheng, while a cruel sneer surfaced at the corner of his mouth. Extending his finger out, he gave a tap towards towards Shen Cangsheng in the distance below.

Roar!

Raising its head to give a long roar, the demonic dragon turned into a black bolt of lightning as it swooped down in a flash. Under the terrifying rush, the space around it started to distort, with the air also exploding apart due to its force, while the Spiritual Energy of the world all scattered away.

This rushing force was sufficient to crush a Heavenly Completion Stage Middle Phase expert into dust!

At this moment, the faces of Su Xuan, He Yao and the rest, who were observing the fight happening in the sky, all turned pale. Obviously, all of them had sensed the terrifying degree of Mo Longzi’s attack.

Raising his head, Shen Cangsheng looked towards the scene of the demonic dragon diving towards him. As the hands that held his Golden Lotus War God Spear faintly shivered, rampant and fanatical fighting intent erupted from his eyes.

Taking a step forward, a low roar seemed to ring out from his throat as bright and resplendent golden light erupted from his body, causing him to appear incomparably dazzling. With a shake of his golden spear, it pierced forward in an extremely slow manner.

Bang!

Creases seemed to appear in the space before it as a shadow of a golden spear hundreds of feet long surfaced behind Shen Cangsheng.

“Punishment Enforcer Deity Tier Spiritual Art, Punishment Enforcer’s Spear!”

A low and deep voice resounded as indescribable awe and might erupted from the golden spear’s shadow. The feeling one got from it was akin to a divine enforcer appearing in the sky, causing everyone’s hearts to tremble in fear.

Humm!

The gigantic golden spear’s shadow shot forward, shattering the horizon apart. Under the tight gazes of countless people, it brazenly collided head-on against the swooping demonic dragon!

Boom!

An astonishing clap of thunder reverberated across the entire stretch of the world as gigantic gold and black Spiritual Energy storms instantly swept out. The bright sky instantly turned dim and dark as furious gales howled about, wreaking havoc and devastation.

Countless people tightly stared at the gigantic Spiritual Energy storms to were kicked up, while wondering, *Is that Shen Cangsheng able to resist against that terrifying attack from Mo Longzi?*

Within the large hall, the green-robed male faintly narrowed his eyes, while his gaze remained frozen at the spectacle before him.

Bang!

Just as his gaze was fluctuating with uncertainty, countless people looked with overwhelming shock and astonishment in their eyes as the Spiritual Energy storms before their eyes were split apart. At this moment, the gigantic spear's shadow was being violently grasped in the claws of the demonic dragon, which proceeded to give a ferocious clench.

Bang!

Under the overbearing grip of the demonic dragon, the golden spear's shadow shattered and broke into pieces. Shooting through the Spiritual Energy storms, the malevolent demonic dragon brought along its frightening shadow as it enveloped over Shen Cangsheng.

Boundless Spiritual Energy erupted from Shen Cangsheng's body as a last desperate attempt to protect himself. This was the only thing he could do at this moment.

Bang!

As Mo Longzi rushed forward, Shen Cangsheng appeared to have suffered a serious injury as blood instantly spewed out from his mouth. Due to the attack from the former, his chest appeared to have somewhat caved in. Rapidly shooting back, he appeared akin to a bird with broken wings, rapidly dropping out of the sky, before violently shooting straight into the ground below.

The entire earth instantly collapsed at this moment as the surrounding structures instantly crumbled into pieces while gigantic cracks extended from the location of his fall.

Due to the spectacle unfolding before their eyes, the entire city become much, much quieter at this moment.

Countless people shot into the sky to look at the area that had collapsed, with dense plumes of dust rising from the location.

In the distance, the faces of Su Xuan, He Yao and the rest had all been drained of blood as a chill shook through their bodies. This Mo Longzi was that terrifying? Even Shen Cangsheng wasn't able to stand against him.

Standing across the horizon, Mo Longzi stared with indifference at the collapsed ground. With a wave of his sleeve, gales whipped up, completely scattering the plumes of dust present.

As the dust scattered away, everyone could finally see the scene present within. A deep depression had formed on the ground, with Shen Cangsheng, now covered in blood, with his clothes in tatters, swaying and stumbling as he stood within it.

The long spear was still being grasped in his hands. However, its body appeared dim and dull at this moment, having clearly suffered serious damage.

Although Shen Cangsheng was still standing, anyone could tell that he shouldn't have the strength to continue fighting.

Without Shen Cangsheng restricting him, wouldn't Mo Longzi be able to immediately control the entire situation?

"Shen Cangsheng, is there anything left that you want to say?" As he stood in the air, Mo Longzi gave a faint smile, a flavor of victory hanging within. Although Shen Cangsheng was formidable, he hadn't truly reached the Heavenly Completion Stage Late Phase, after all. Therefore, in a head-to-head confrontation with him, the latter simply didn't have the slightest bit of advantage.

Tightly staring at Mo Longzi, Shen Cangsheng attempted to revolve his Spiritual Energy, only to result in him spurting more blood out as he staggered and stumbled.

"Look's like this fight will ultimately end in the victory for our Demonic Dragon Palace. The Northern Heavens Spiritual Academy is nothing more than this." Mo Longzi spoke out while shaking his head in pity. Clenching his hand, boundless Spiritual Energy condensed within, while killing intent surfaced within his eyes. Obviously, he had already intended to truly finish Shen Cangsheng at this place. With the latter's talent, as well as his growth-rate, even he was somewhat dreadful.

"In your next life, don't go to such a useless place like the Northern Heavens Spiritual Academy again."

A ridiculing smile appeared on Mo Longzi's face as the boundless Spiritual Energy within his hand carried forth his killing intent and rushed out.

Bang!

However, right at that instant, the sky in the distance, which was covered by the gigantic Spiritual Array, suddenly emitted an astonishingly loud sound, causing countless people to look over in astonishment. Even Mo Longzi was no exception, since a shiver shook through his body.

The gigantic Spiritual Energy was intensely vibrating at this moment. With a final loud bang, it completely exploded and shattered apart.

Glowing dots that blotted the sky scattered and descended.

Countless gazes turned towards the place that had the densest quantity of glowing dots. At that place, the blurry figures of two people were faintly discernable as they came into view.

Within the giant hall, expression of the green-robed male started to change. Thick feelings of shock and astonishment erupted from his eyes as he muttered, "How is this possible?"

As the glowing dots gradually dissipated, the two figures finally appeared. However, as they appeared, the entire city turned deathly silent as everyone's eyes were filled with shock and amazement.

At this moment, the two figures were in close range of each other. However, one of them had a palm gripping around the throat of the other. At this moment, the latter's face was deathly pale, while not even daring to make the slightest movement.

Unable to contain their emotions, Su Xuan covered her mouth, while shocked expressions flooded the face of He Yao and the rest.

That was because, the one standing there was Mu Chen, while the one being grabbed by the throat, was Wu Jia.

They had won their fight over there, with the victor being Mu Chen!

Chapter 373: The Powerful Mo Longzi

The atmosphere across the entire Western Desolated City seemed to have frozen solid.

Bringing along thick feelings of shock, stupefied gazes looked towards the scene across the horizon. In the next moment, the corners of their mouths started to open uncontrollably. This ending was clearly something that was totally outside of their expectations.

Across the horizon, Mu Chen stood in the air, his clothes in tatters, with a few wounds showing on his body. Black lightning arced and danced around his body, while an exceptionally chilly expression was displayed on his face. With a gaze as sharp as knives, he stared towards Wu Jia, who was right in front of him, whose face was now flushed red.

Like a steel vice, his hand locked around the throat of the latter, while Spiritual Energy erupted from his palm. With just the slightest bit of movement, he would be able to instantly shatter Wu Jia's throat.

An ashen colour started to appear on Wu Jia's face. Within his eyes, the remnant of an incredulous expression was present, showing him having yet to return back to reality after Mu Chen barbarically smashed his array and caused him to suffer a complete collapse.

Wu Jia's current strength had already reached Heavenly Completion Stage Initial Phase. However, he never imagined that he would lose in such a short amount of time after his Spiritual Array was broken apart by Mu Chen.

The combat prowess displayed by Mu Chen had clearly far, far surpassed the strength perceived by his outer appearance.

Astonished clamouring noises erupted out, quickly breaking apart the silence within the city. The current commotion was even being more intense than when Shen Cangsheng was defeated, since the scene that unfurled before them had far exceeded everyone's expectations.

Who would have thought that Wu Jia, a Rank 5 Spiritual Array Master, would actually suffer defeat in the hands of Mu Chen, whose strength was merely at Heavenly Transformation Stage Late Phase?

"He's truly interesting," muttered the green-robed male with a faint smile, while shooting a peculiar look at Mu Chen. This youth appeared to also have some hidden methods and tricks up his sleeves. It's no wonder why he dared to take action under such circumstances.

“However, even though Wu Jia’s defeat. They have still not considered to have obtained victory.” He proceeded to mutter. As of now, Shen Cangsheng had already been defeated, with Mo Longzi about to take action elsewhere. Facing against the super-fierce figure that even Shen Cangsheng couldn’t stop, there seemed to be nobody from the side of the Northern Heavens Spiritual Academy that could come out to contend.

In this current situation, the Northern Heavens Spiritual Academy was already on the disadvantageous side. Even with Mu Chen’s victory, it was hard to shake and reverse the situation. After all, Mo Longzi was someone that couldn’t be compared to Wu Jia.

Due to Mu Chen’s victory, Su Xuan, He Yao and the rest of the Northern Heavens Spiritual Academy people were pleasantly surprised for an instant, before quickly reverting to grave expressions, which was accredited from the present dire situation. If Shen Cangsheng still had the strength to fight, with Mu Chen collaborating within him, the two of them would be able to contend with Mo Longzi. However, as of now, Shen Cangsheng had already suffered heavy injuries... As for the sides of Li Xuantong and Luo Li, although they had gotten the upper hand, both of them were in a life-or-death entanglement, causing them to be unable to extricate themselves for the time being.

Within this time, Mo Longzi might be able to crush and defeat Mu Chen.

Across the horizon, Mu Chen sent an apathetic look towards Wu Jia, who he had already subdued. Turning his head around, he looked towards the distance. Upon seeing Shen Cangsheng, who was completely covered in blood, with a depressed aura, his heart instantly sank. Shen Cangsheng truly was not Mo Longzi’s match.

“Haha, you’re truly surprising.” Mo Longzi’s faintly astonished gaze rested on Mu Chen’s body, before proceeding to show a faint smile as he continued his statement. “However, you still late by a bit.”

Swish!

From the distance, Su Xuan, He Yao and the rest had shot over, descending before Shen Cangsheng, protecting him from the front as they vigilantly stared at Mo Longzi.

Mu Chen looked at the battlefields of Luo Li and Li Xuantong. At this moment, the two of them had already sensed the progress of the situation over at Mu Chen’s side, and their attacks suddenly became fierce and violent in an attempt to rapidly end their battle to assist him.

However, Mu Gu and Gui Xiong weren’t ordinary people, after all. At this moment, they had also become more vicious, sending attack after attack of all-out blows sweeping out, risking their lives to bring Luo Li and Li Xuantong down.

A faint flash spackled within Mu Chen’s eyes, before sending a palm patting heavily down on Wu Jia’s chest. Blood immediately spurted out from the latter as the Spiritual Energy surrounding his body instantly became dispirited, clear indications of having suffered a serious blow.

After maiming the combat capabilities of this Wu Jia, Mu Chen flung him towards Su Xuan and the rest. He raised his head, and coldly stared at Mo Longzi as boundless Spiritual Energy fluctuations gushed out of him once again.

“You’re not my match.” Facing the gaze coming from Mu Chen, Mo Longzi just gave a faint smile as he spoke out.

Not a single expression hung on Mu Chen’s face, the same with his words, with only the glare coming from him still remaining chilly and cold.

“Truly, a detestable fellow.” Mo Longzi muttered under his breath, while malevolent killing intent surged and erupted from the depths of his eyes. For this entire matter, the youth in front of him had caused much divergence in his well-prepared plans, causing him to feel extreme ire and detestation towards Mu Chen.

“I really, really want to kill you right here, right now...”

Baleful and ominous aura that blotted the skies, accompanied by his boundless and tyrannical Spiritual Energy, hid the skies and covered the earth as they swept out from Mo Longzi, enveloping over Mu Chen. In the next instant, a tremble shook through his body as he explosively shot out.

““Mu Chen, be careful!”” Su Xuan and the rest hastily cried out. That Mo Longzi’s was truly extremely vicious. He had immediately taken action.

Swish!

Mo Longzi’s speed was extremely fast, appearing before Mu Chen in a flash. Sending out a vicious pat, he noticed a dragon’s shadow that was unexpectedly surfacing around the latter’s body. As rays of brilliance flashed out, the latter explosively retreated, escaping Mo Longzi’s attack range.

“This is...the Dragon Soaring Art?”

Looking at the dragon shadow that appeared around Mu Chen’s body in a flash, shock and astonishment erupted from Mo Longzi’s eyes, before instantly being filled with a dark shadow as he spoke out, “Looks like you’ve gotten quite a good deal of benefits from the Spiritual Treasure room of the White Dragon Sovereign, huh? Even his Dragon Soaring Art was learnt by you.”

The White Dragon Sovereign was once one of the highest ranking members of the Demonic Dragon Palace of the past. Therefore, Mo Longzi also knew about this consummate skill of his. This Dragon Soaring Art was a part of a rather formidable Deity Tier Spiritual Art. Once it was mastered to a great degree, one could seemingly transform into a divine dragon, while being able to pierce through space to evade and escape. Even a Sovereign Realm expert would find it difficult obstruct such a cultivator. During that year, when the White Dragon Sovereign had betrayed the Demonic Dragon Palace, the Demonic Dragon Palace had tried their best to contain him, but to no avail, since he escaped at the end. What he relied on was this Dragon Soaring Art.

Although the Dragon Soaring Art that Mu Chen had cultivated was still at the most elementary “dragon shadow” level, the increase in speed was already extremely quickly, making Mu Chen exceptionally hard to deal with.

As the dragon’s shadow surfaced around Mu Chen’s body, it made him appear as if he was a green wisp of smoke. Vigilance filled his heart as he glared at Mo Longzi. At this very moment, what he needed to do was to buy the most amount of time for Li Xuanton and Luo Li.

If he was able to drag his fight till Li Xuantong and Luo Li finished theirs, it would become much easier for him.

Nevertheless, Mo Longzi had clearly seen through his intent. He sneered as he said, "Although the Dragon Soaring Art is formidable, you're only mastered to such a small level. Do you really think that I can't deal with you?"

Taking a step forward, surging Spiritual Energy gushed out from him, seemingly blocking the sky, causing this entire stretch of the world to instantly turn dim.

"Demonic Dragon's Shadow!"

Greyish-black Spiritual Energy hid the skies and covered the earth as it rushed towards him. Akin to a gigantic light screen, it enveloped an area of approximately thousands of feet long, with Mu Chen being unable to escape as he was covered by it.

Roar! Roar!

As the light screen came enveloping over, a malevolent dragon roar, filled with a strange demonic energy, rang out, causing Mu Chen to feel his body becoming heavy.

Intense chilling intent erupted from Mo Longzi's eyes as he extended his hands. Furiously giving a pat down, a chillingly cold roar resounded across the world, "Demonic Dragon's Claw!"

Bang!

Boundless Spiritual Energy condensed across the horizon, immediately transforming into a gigantic palm a hundred feet wide. Black dragon scales densely filled the surface of the giant hand. Sparkling with a chilling glow, it appeared to be able to shatter and collapse mountains.

The giant hundred foot-wide hand patted furiously down towards Mu Chen, as ear-piercing sounds of the air exploding rang out.

Looking at the shadow that came enveloping over him, Spiritual Energy erupted from Mu Chen, before transforming into a starry sky behind him. Three gigantic figures condensed and formed within it, before carrying along boundless rays of starlight as they swept out.

Four Divine Constellations Scripture, Divine Seal of the White Tiger! Divine Seal of the Black Tortoise!
Divine Seal of the Vermillion Bird!

Beastial roars resounded across the horizon! Three giant beasts howled as they shot out, immediately smashing head-on against the incoming greyish-black giant hand!

Bang!

Astonishing explosions resounded across the sky as incomparably erratic and rampaging Spiritual Energy waves swept out. Even Mu Chen was sent flying back thousands of feet, with the Spiritual Energy and blood within his body faintly churning around as a grave expression filled his face. Only after crossing hands with Mo Longzi was he truly able to understand how tyrannical the latter was. No wonder why even Shen Cangsheng was unable to resist his attacks.

Raising his head, Mu Chen looked towards the Spiritual Energy waves sweeping out in the distance. Over there, Mo Longzi had his feet treading on the Spiritual Energy Waves, with his hands crossed behind his back. An expression of indifference covered his face as if the previous confrontation did not have the slightest bit of effect towards him.

“To block my strike while being at the Heavenly Transformation Stage Late Phase, you truly have some ability.” Shooting a look at Mu Chen, whose chest was now heaving slightly, Mo Longzi spoke out with an apathetic tone.

Hearing those words by Mo Longzi, not a change happened to Mu Chen’s expression. Instead, the palms hidden within his sleeves started to faintly tremble, and the surrounding space started to fluctuate.

“The White Dragon Sovereign was, after all, a person from our Demonic Dragon Palace. Since you’ve learnt the Dragon Soaring Art, you can be considered to have some connection to our Demonic Dragon Palace. If you’re able to kill Shen Cangsheng and the rest, I might be able to allow you to join our Demonic Dragon Palace. Compared to the Northern Heavens Spiritual Academy, your future there might be much, much greater.” Mo Longzi suddenly made an offer to Mu Chen with a smile. If he was able to drag Mu Chen into the Demonic Dragon Palace, the face of the Northern Heavens Spiritual Academy might completely go down the drain. To him, this was an extremely good way to deal a blow to his enemies.

“A power that was ousted like a stray dog by the Northern Heavens Spiritual Academy dares to speak such words?” Mu Chen replied with a mocking smile.

“Since you don’t want to accept my good graces, you can follow all of them and die in this Western Desolated City!”

Chilling intent flashed within Mo Longzi eyes as he clenched his hands. Surging Spiritual Energy gushed forth and condensed, forming two gigantic dragons around his body. With a roar, they swept straight towards Mu Chen.

A dragon’s shadow surfaced around Mu Chen as he explosively retreated. His black pupils started to turn crystalline once against as his hands came together to form a seal.

Bang!

At the instant when Mu Chen’s hands came together, the entire stretch of the world shook and trembled. In the next instant, countless people noticed rays of brilliance blossoming in the sky as boundless Spiritual Energy hid the skies and covered the earth as they condensed together.

Within a short span of a few breaths, a gigantic Spiritual Array surfaced. Two incomparably gigantic black lotuses slowly revolved within its centre, while frightening Spiritual Energy fluctuations that caused people’s expressions to change radiated out.

“Demonic Butchering Lotus Spiritual Array!”

A low roar resounded within Mu Chen’s heart as his eyes turned frosty. Sending a palm patting out, under the countless shocked gazes below, the gigantic Spiritual Array started to revolve in the air.

At this moment, an expression of shock and astonishment was also present on the face of the green-robed male within the large hall. The degree of Spiritual Array arranged by Mu Chen had already reached the realm of a Rank 5 Spiritual Array. Could it be that this youth was actually a Rank 5 Spiritual Array Master?

A Rank 5 Spiritual Array Master at such an age...

His eyes started to slightly narrow as he thought, *This youth is slightly unusual. However, exactly till what point will he be able hold on against Mo Longzi...?*

Chapter 374: Trump Cards Revealing

Bang!

Brimming with boundless Spiritual Energy, the two gigantic black lotuses started to slowly revolve, radiating a powerful pressure that enveloped across the entire Western Desolated City.

The expressions of countless people faintly changed due to the two gigantic black lotuses, since they had sensed the formidability and might of Mu Chen's Spiritual Array. From the pressure and Spiritual Energy fluctuations radiating from it, even a Heavenly Completion Stage Middle Phase expert would be left with the only option to temporarily retreat from it.

Indeed, this youth by the name of Mu Chen truly had some ability. It's no wonder why he's able to defeat Wu Jia. It looked like his attainments on the aspect of Spiritual Arrays wasn't lower than the latter. In fact, he might even be more tyrannical.

Roar!

While countless people were sighing in admiration towards Mu Chen's abilities, the two gigantic malevolent dragons had already howled over, their roars shaking the entire stretch of the world.

Humm!

The two gigantic black lotuses started to rapidly revolve. Under the cold and chilling gaze from Mu Chen, two gigantic rays of black light spewed out all of the sudden right from the centre of both lotuses. They intertwined together, appearing similar to two black dragons that had entangled with one another as indescribably overbearing and tyrannical energies radiated from them.

Bang!

Under the attentive gazes from everyone, the two rays of black light violently smashed against the bodies of the two demonic dragons. A black light instantly blossomed across the horizon, covering and shrouding over the entire sky.

Roar!

Painful roars erupted from the two demonic dragons as they did everything they could to struggle and escape. Nevertheless, under the rays of the black light, which appeared to be as dense as ink, they started to corrode, before turning incorporeal.

Bang!

As a loud bang rang out, the two demonic dragons were pierced right through by the ink-like rays of black light. Furthermore, the rays of light continued on with their assault. Without appearing to have weakened, they violently shot over towards Mo Longzi as they enveloped over him.

A clamor rang out across the entire city.

A dark and cold expression appeared on Mo Longzi's face as he looked towards the black rays of light shooting over towards him. He was able to sense that the powerful energies contained within them were sufficient to smash and defeat a person at the Heavenly Completion Stage Middle Phase.

However, it was a pity that he, Mo Longzi, was much, much stronger than a Heavenly Completion Stage Middle Phase.

As a dark shadow erupted from Mo Longzi's eyes, he took a step out. Dense greyish-black Spiritual Energy erupted from his arms as layers of black scales surfaced on his skin.

"Scram off!"

A cold roar rang out from Mo Longzi as he sent two fists rumbling out. The air before him instantaneously exploded, while ripples undulated across the surrounding space. Without the slightest intent of evading, Mo Longzi's fists heavily impacted against the two black rays of light that were shooting towards him.

Boom!

Rings of rampaging Spiritual Energy ripples were seen spreading out by everyone as Mo Longzi was sent retreating a dozen steps back. The sleeves around his arms were torn into tatters. However, not a single injury was present on his arm. Furthermore, from the head-on confrontation, the black rays of light that seemed to be an irresistible force were immediately shattered into glowing dots that blotted the sky.

This Mo Longzi's strength was actually on the level that could easily resist a Fifth Grade Spiritual Array!

Shock erupted within the hearts of countless people as everyone thought, *This Mo Longzi is indeed extremely formidable and powerful.* Although Mu Chen had used the strength of a Fifth Grade Spiritual Array Master, the degree of the Spiritual Array arranged by him was unable to cope with Mo Longzi.

Grave expressions filled the faces of Su Xuan, He Yao and the rest. All of them had seen the might of Mu Chen's Demonic Butchering Lotus Spiritual Array. However, they never expected that a Spiritual Array of such might was, in all, only able to force Mo Longzi to retreat, nothing more than that.

"It seems like it's very difficult for Mu Chen to be Mo Longzi's match." Xu Huang whispered.

"As long as he can endure till Luo Li and Li Xuantong finish of their opponents, with the collaboration of the three of them, they'll have some chance of victory." He Yao chimed in while wrinkling his forehead. However, with Mo Longzi's level of intellect, he would clearly not give Mu Chen such a chance.

He would definitely end this fight as quickly as possible.

“This fellow...” Mu Chen’s eyes had narrowed as a result of seeing the spectacle that had played before his eyes. This was truly the first time that his Demonic Butchering Lotus Spiritual Array was unable to have its desired effect. The strength of this Mo Longzi was truly very powerful and formidable.

Whoosh!

Raising his head, Mo Longzi sent a chillingly dark smile towards Mu Chen. In the next instant, in a flash, he appeared right before Mu Chen.

Having raised his vigilance against him, the dragon’s shadow around Mu Chen’s body sparkled as he explosively retreated hundreds of metres back. At the same time, with a change of his hand seal, the two giant black lotuses that had yet to dissipate started to revolve once again, sending two black rays of light violently shooting out.

Bang! Bang!

Mo Longzi’s fists rumbled out again, smashing the two incoming rays of light apart while being forced to retreat a dozen steps back once again. However, this time, he gave a violent stomp with his feet, making his speed increase dramatically, causing remnant shadows to appear across the sky.

In the short span of a blink of an eye, he had appeared right before Mu Chen like a specter. As the chillingly dark sneer turned somewhat malevolent, he spoke out, “ Do you truly thinking that you’ll be able to avoid me with your small accomplishment in the Soaring Dragon Technique?”

Clenching his fingers tightly together, the black scales on his fist sparkled with a sinisterly cold light, appearing akin to a weapon of slaughter and carnage, while chilling and erratic fluctuations radiating out.

“Dragon Breaking Fist!”

A low roar rang out from Mo Longzi’s mouth as he sent his fist rumbling out. The air in front instantly shattered and exploded as the fist went straight for Mu Chen.

At this distance, Mu Chen was already unable to attempt any form of evasion. A fierce expression flashed within his black pupils as black lightning raced and erupted from his body, while a lightning rune surfaced on his chest.

Activating his Lightning God’s Physique, Mu Chen turned his body, sending a fist violently rumbling out, and smashed it straight against the fist coming from Mo Longzi.

Bang!

Ripples visible the naked-eye extended out seemingly at the instant when the two fists smashed against each other. Vibrations shook the surrounding space as the Spiritual Energy surging forth from the two had seemingly transformed into violent storms.

A shudder went through Mu Chen as he went flying back hundreds of metres. A faintly sweet taste appeared in his mouth as a sliver of blood appeared as it flowed down from the corner of his mouth. After all, his strength was only at the level of Heavenly Transformation Stage Late Phase. Although he had the reinforcement from his Lightning God Physique, in such a head-on collision of strength, he obviously wasn’t Mo Longzi’s match.

Standing arrogantly in the air, Mo Longzi didn't move a single inch from the earlier collision, with only a tremble of his shoulder, which was dealt with by the energy within his body. Looking with ridicule and contempt at Mu Chen, he spoke towards the latter, "You're truly a crazily arrogant brat. You actually dared to fight head-on with me. Looks like you've no regards for your life."

Hearing those words and seeing Mo Longzi's reactions towards the earlier exchange, Mu Chen's expression sank like a brick in water. The disparity between Heavenly Transformation Stage Late Phase and Heavenly Completion Stage Late Phase was truthfully far too large. Even with all the various methods he had used, he was struggling with much difficulty.

Wanting to truly become a threat to Mo Longzi using ordinary methods was simply impossible.

Mu Chen's eyes started to sparkle as he pondered on the methods and ways he could use.

Obviously, Mo Longzi wasn't going to foolishly wait for Mu Chen to complete his preparations. With a sneer, he shot out once again, yet again displaying that astonishing speed. Hiding the skies and covering the earth, a furious barrage of attacks swept towards Mu Chen.

In response, Mu Chen could only twist and turn his body to evade the incoming attacks. However, there were many instances where he was forced by Mo Longzi's absolutely tyrannical strength to meet in a head-on confrontation of power. Therefore, under this assault, Mu Chen quickly fell into a disadvantage.

Within the city, countless people sighed in admiration within their hearts, since Mo Longzi truly was the more formidable one. Although that Mu Chen had caused people to feel shock and astonishment by his combat prowess, the disparity between one full stage wasn't that easy to be supplemented.

The faces of Su Xuan, He Yao and the rest were brimming with anxiousness, because once Mu Chen falls, they would no longer have the chance to reverse the entire situation around any more.

Bang! Bang!

Low and deep sounds continued to ring out across the sky. Following every sound, Mu Chen would be sent miserably flying back, while the blood dripping down from the corners of his mouth became increasingly prominent.

However, every single time when Mu Chen was miserably sent flying back, the palms within his sleeves would intensely tremble, before light would flow out of his finger tips. As this happened, the air would faintly ripple, before returning to its original, undisturbed state.

In the air, Mu Chen's situation became increasingly miserable and dire. Being forced to flee in all directions by Mo Longzi, cries of pity and mocking laughter started to ring out within the city. However, after hearing those noises, frustration and unwillingness were surprisingly absent from the black eyes of the youth. On the contrary, a chilling calmness akin to the bottom of an ancient lake was present.

Seeing the blood flowing down from the corner of Mu Chen's mouth, Su Xuan couldn't help covering her mouth with her jade-like hands, while an impulsion to help him erupted within her heart. However, at this very moment, the other cruel people from the Bounty List Rankings were tightly staring at them.

From the looks of it, Mu Chen seemed to be unable to hold on for much longer.

Within the large hall, the green-robed male faintly narrowed his eyes as he stared at the scene of Mo Longzi seemingly dominating over Mu Chen. Faintly wrinkling his forehead, he seemed to have discovered that wasn't quite right.

Bang!

In the sky, Mo Longzi's spectre-like figure appeared before Mu Chen once again. With a face filled with gloom, he sent another fist rumbling towards Mu Chen's throat, causing the latter to cross his arms in front of his body in defense.

Bang!

Mo Longzi's fist violently slammed against Mu Chen arms, causing a mouthful of blood to spurt out from the latter as intense pain racked his arm. If not for him having cultivated his Lightning God's Physique, his arms would definitely be maimed after receiving that attack.

Relying on the force of the blow, Mu Chen explosively retreated, his fingertips still vibrating, while fluctuations radiated within the air.

The blood flowing down from the corner of his mouth was now clear and prominent, with only the chilling expression within those pair of black pupils growing increasingly thicker.

After stabilising his body after backing off a couple hundred feet, Mu Chen slowly cleaned away the blood from the corner of his mouth before proceeding to chillingly glare at Mo Longzi.

"You're truly a tenacious brat. Looks like the body refinement divine art that you've cultivated is quite formidable." said Mo Longzi with a sinister laugh. If he was replaced by an ordinary person, even someone whose strength was at the Heavenly Completion Stage Middle Phase would have already long suffered heavy injuries after being smashed so many times by him. However, although the Mu Chen before his eyes appeared rather miserable, he clearly still possessed the capability to continue fighting.

"Nevertheless, I really want to see, exactly how many more punches you can take from me!"

A malevolent laugh rang out from Mo Longzi as he took a step out, wanting to continue his assault to finish Mu Chen off.

However, just as he was able to take another step forward, a chilling smile bursting within killing intent surfaced from the corner of Mu Chen's mouth in the far distance. At this moment, those pair of black pupils had turned crystalline, seemingly able to see through the myriad of every living thing in the world, appearing exceedingly mysterious.

Rumble!

Astonishing fluctuations rang out across the world, shocking and astonishing countless people to raise their heads, only to see the Spiritual Energy in the sky above them seemingly starting to rampage about. Countless glowing lines started to come together within the air, before spreading out. From the looks of it, they appeared to form an incomparably gigantic furnace.

Mo Longzi's eyes instantly contracted faintly as he looked at the spectacle unfurling around him, causing his expression to slowly start sinking.

Raising his head, Mu Chen looked towards Mo Longzi, who had a sunken expression hanging on his face. In the next instant, an extremely chilling voice containing some ridicule within resounded across the sky.

“Did you really think I was allowing you to freely hit me, you trash?”

The Great Ruler

Chapter 375: Divine Furnace Heavenly Array

Boundless Spiritual Energy blossomed across the sky akin to a tidal wave. As the countless glowing threads intertwined, an incomparably giant furnace started to faintly form within the sky.

Enveloping the ground below, the furnace started radiating with astonishing fluctuations.

A slight change happened to the expressions of countless people as they stared at the glowing furnace. If one took a closer look, one would be able to discover that it was a gigantic Spiritual Array. As for those complicated-looking glowing lines, they were what comprised of the array's formation.

This Spiritual Array seemed to be even stronger than the double lotus Spiritual Array from before!

Shock and astonishment erupted once again in the hearts of quite a few experts, while the gazes they sent towards Mu Chen had changed. This fellow was actually acting weak on purpose! Furthermore, he had even fused his Spiritual Seals within the air from god knows when! Only after completing the arrangement of the array's formation did he break his character and reveal such a powerful Spiritual Array.

Previously, he was being forced to such a miserable state. However, no one had expected that the sorry figure he appeared to be was just a method used by him to mask his arrangement of his Spiritual Array.

Furthermore, everyone had to admit that his concealment was extremely good, as even Mo Longzi was unable to discover and sense it.

This youth seemed to be quite young. Yet, not the slightest bit of the usual shallowness in one's mind was present with his thinking. He was able to still remain calm and unflustered even in such a life-or-death situation, while relying on Mo Longzi's carelessness to arrange a Spiritual Array in secret.

“This new batch of Freshmen of the Northern Heavens Spiritual Academy appears to be slightly formidable,” said the green-robed male with some shock and astonishment present within his eyes. Even he was only able to sense Mu Chen's spiritual Array right before he started to activate it. Before that, he was similarly unable to sense how Mu Chen had fused his Spiritual Seals into the air.

Obviously, this Freshman by the name of Mu Chen had rather high attainments on the aspects of Spiritual Arrays. If not, he wouldn't be able to fuse his Spiritual Seals so perfectly with the air to the point of not creating the slightest bit of visible presence, not allowing anyone to sense any of his intent.

“This Spiritual Array is powerful.”

Looking at the incomparably gigantic furnace in the air, the green-robed man faintly narrowed his eyes. He was able to sense that this Spiritual Array possessed extremely powerful might. This power might be sufficient to truly pose a threat towards Mo Longzi.

Now, Mo Longzi might have to pay the price for his earlier carelessness.

Across the horizon, under the attention of countless gazes, Mo Longzi's expression had turned incomparably cold and dark as he looked towards the gigantic furnace that had enveloped him. Sending a dark and sunken look towards Mu Chen at the distance, a faint twitch could be seen within his eyes, causing him to appear exceedingly malevolent.

"This is unexpected. I've truly underestimated you." Mo Longzi spoke out with a slight growl with some teeth clenching and gnashing present within his words. He never expected that he would actually get a fast one pulled onto him by Mu Chen under the attentive gazes of so many people.

Previously, it seemed as if he had completely gained the advantage. However, he had simply not discovered the moment when Mu Chen had arranged his Spiritual Array. It wasn't to say that he was lacking in his sensory capabilities. However, he truly was overly careless. He didn't believe that Mu Chen could pull off anything between the gaps of his teeth. Therefore, the gigantic furnace was akin to a violent slap to his face, causing rage and fury to erupt within his heart.

A faint expression of indifference hung on Mu Chen's handsome face, while blood still remained at the corner of his mouth. The Spiritual Array that he had arranged was naturally the one given to him by Ling Xi when he left Northern Heavens Spiritual Academy. Although it was within the same boundaries of a Rank 5 Spiritual Array, like the Demonic Butchering Lotus Spiritual Array, it possessed might comparable to a Heavenly Completion Stage Late Phase. If it was before, Mu Chen would naturally not have the capability to arrange it. However, after opening his Heart's eye, he finally possessed the capability to do so.

Naturally, arranging this Spiritual Array would require some time. If he were to arrange such a Spiritual Array right in Mo Longzi's face, he would definitely be interfered with and stopped by the latter. Therefore, he chose to use a method that no one had expected. When Mo Longzi's attacks were at their craziest, while his body appeared to be in an extremely miserable state, relying on the concealment by those rampaging Spiritual Energy fluctuations, he had fused the Spiritual Seals, one after another, within the air.

Therefore, it had led to the scene of Mu Chen's reversal.

Shooting a look at Mo Longzi, Mu Chen didn't continue saying any useless words as he proceeded to cross his legs and sit down in the air. A hand seal was formed, causing the gigantic furnace Spiritual Array to rumble as it revolved. As it did so, the space surrounding the furnace started to seemingly churn and flare up.

"Do you really think that I'll allow the situation to turn around?!"

A sinister and cold roar rang out of Mo Longzi as he took a step forward. Boundless greyish-black Spiritual Energy swept out from him. At this moment, anyone could see that this furnace Spiritual Array had caused some dread to surface within him.

"You love to spew quite a bit of nonsense."

Mu Chen replied with a faint smile. Changing his hand seal, the air within the furnace turned scarlet-red, almost as if it was about to ignite and burn.

Bang!

Upon making contact with boundless Spiritual Energy radiating out from Mo Longzi, Spiritual Energy started to fluctuate and radiate from the scarlet-red air. Traces of evaporation started to appear as a terrifying temperature started to radiate and spread out from within the furnace Spiritual Array.

“Divine Furnace Heavenly Array!”

A serene expression seemed to appear on Mu Chen’s face as a low and deep roar brought about some chilliness that slowly rang out from his mouth.

Rumble!

Following Mu Chen’s roar, the furnace Spiritual Array completely detonated. In the next instant, countless people saw scarlet-red flames forming within the furnace Spiritual Array. Akin to flaming clouds, they hid the skies and covered the earth as they swept straight at Mo Longzi.

The scale of the flaming clouds was simply unavoidable, it was impossible to escape!

Mo Longzi’s expression started to turn somewhat ugly at this moment. From the scarlet-red flames that blotted the skies as they headed over, he could feel a feeling of danger from them.

“I don’t believe that your Rank 5 Spiritual Array will be able to cope with me!”

Clenching and gnashing his teeth, Mo Longzi formed a hand seal, causing the boundless Spiritual Energy around his body to howl and surge. As Spiritual Energy condensed, it transformed into a glowing Spiritual Energy screen as it enveloped him within.

A black demonic dragon swam around the surface of the light screen, while powerful Spiritual Energy fluctuations radiated from it. From the looks of it, this appeared to be the strongest fortified defense Mo Longzi could put up.

Boom! Boom!

Scarlet-red flames continued on their path as they spread out. As they extended out, the boundless greyish-black Spiritual Energy that made contact with it rapidly evaporated away. Within the entire boundary of the furnace Spiritual Array, the defensive boundary created by Mo Longzi continued to be endlessly suppressed and burned away.

Bang!

Within a short span of a dozen breaths, the scarlet-red flames finally burnt all the greyish-black Spiritual Energy to nihility. As the sea of flames surged, they surrounded Mo Longzi’s glowing Spiritual Energy screen, the terrifying temperature coming from them caused ripples to its surface.

Looking coldly at Mo Longzi and his defensive attempt, Mu Chen’s hand seal suddenly changed.

Grrrr!

An ear-piercingly clear screech seemed to ring from within the scarlet-red sea of flames. In the next instant, as the flames surged, they transformed into the shape of a gigantic flaming bird.

Sitting within the sea of flames, the fiery bird flapped his fiery wings as it raised its head to give a long roar towards to sky. Hiding the sky and covering the earth, it violently smashed against the demonic dragon swimming on the surface of the glowing Spiritual Energy screen .

Bang! Bang! Bang!

Low and deep exploding sounds continued to ring out across the sky as the giant fiery bird burning with flames rushed forward. At this moment, the furious ripples started to surface on the seemingly indestructible glowing Spiritual Energy screen.

At this moment, the demonic dragon on the surface of the light screen was roaring as it defended against the attacks coming one after another.

Sitting within the light screen, Mo Longzi's face had turned ashen as Spiritual Energy continued to erupt from his body to strengthen his defenses. He knew that this Spiritual Array should be Mu Chen's final method. As long as he could endure it, he could pinch the latter to death at any time!

After being played and led around the nose by Mu Chen, he wished he could shatter all of his bones and split apart the latter into thousands of pieces!

Sensing the venomous gaze coming from Mo Longzi, Mu Chen gave a faint smile before proceeding to ignore him. Continuing to revolve his Spiritual Array, he wanted it to erupt with its most powerful strength, heavily damaging and refining the latter to death!

Bang! Bang!

Under the rampage of the fiery bird, the ripples spreading out from the glowing Spiritual Energy screen grew increasingly frequent. Furthermore, the demonic dragon swimming on it was much more incorporeal than before.

The scarlet-red sea of flames in his surroundings seized the opportunity to surge forward. Under the corrosion of the high temperature, even Mo Longzi, who was protected within, had beads of perspiration falling off of him like rain.

As time continued to slowly pass by, the glowing Spiritual Energy screen became increasingly thinner as the demonic dragon grew exceedingly close towards turning illusionary. This caused the hearts of quite a few people to skip a beat. This Spiritual Array was truly formidable. Even Mo longzi wasn't able to completely defend against it.

"Break for me!"

A chilling glint flashed within Mu Chen's black eyes. With a change of his hand seal, a furious roar akin to the clap of thunder rang out from him.

Bang!

The furnace Spiritual Array furiously revolved, causing rumbling sounds to ring out. In response, the scarlet-red sea of flames started to rampage and grow erratic. Violently sweeping out, it smashed right against the glowing Spiritual Energy screen that was getting thinner as each second went by.

Crack!

Under the all-out pounding, the glowing Spiritual Energy screen finally reached its limit. With a faint sound resounding out, cracks started to extend on the surface of the light screen.

At this moment, inside, the face of Mo Longzi started to violently contort.

On the contrary, expressions of ecstasy and joy erupted on the faces of Su Xuan, He Yao and the rest standing in the distance.

Swish!

Under the attentive gazes of the countless people in the city, the glowing Spiritual Energy screen completely collapsed. Sensing this opportunity, the scarlet-red sea of flames swept in, instantly surrounding Mo Longzi, who now had nowhere else to evade or hide in.

At this moment, everyone could see that Mo Longzi's expression had turned incomparably ugly.

Chi. Chi.

As the scorchingly high temperatures swept out, Mo Longzi's clothes were instantly burnt into ashes, with even his skin turning scarlet-red. Under the intense temperatures from the scarlet-red sea of flames, even the latter's eyes had turned blood shot.

Puff. Spurt.

As the terrifying sea of flames advanced towards Mo Longzi, he violently spurted a mouthful of blood. Those pair of incomparably venomous eyes locked on towards Mu Chen in the far distance, before he was completely engulfed by the surging sea of flames.

Intense shock shook through the hearts of countless people.

Mo Longzi, had lost?

The entire city turned deathly silent at this moment as everyone's gazes were tightly locked at the area pervaded by the sea of flames. At this very instant, the atmosphere in that entire stretch of the world, seemed to have completely frozen solid.

The flames were still rising and flaring up.

After quite a while, due to the exhaustion of Spiritual Energy, the gigantic furnace Spiritual Array started to gradually dissipate. Simultaneously, the sea of flames that had pervaded that stretch of the sky started to slowly withdraw.

After completely withdrawing away from the area, Mo Longzi's figure had disappeared from within. However, cries of astonishment quickly rang out as people saw a strange object appearing in the sky as the flames disappeared.

Mu Chen's eyes furiously contracted upon seeing the scene as he tightly stared at the area.

Present within the sky was a ball of blood that was approximately a few feet in diameter. Appearing akin to a clump of meat dripping with blood, it floated mysteriously in the sky.

[The Great Ruler](#)

Chapter 376: Dragon Transformation Blood Art

The ball of blood floated in the sky as traces of a blood-red baleful Aura radiated from it. Following its minute up and down movements, it appeared akin to a hair-raising clump of meat from the distance.

This mysterious scene had undoubtedly caused the expressions of countless people to change as a chilling sensation rose within their hearts.

“This is...” faintly wrinkling his eyebrows, while looking at the scene in the sky, the green-robed male muttered to himself before continuing after a while later, “Could it be the secret skill of the Demonic Dragon Palace, the Dragon Transformation Blood Art?”

“Dragon Transformation Blood Art?” A figure spoke out in doubt behind the green-robed male.

“That’s a high-level secret skill within the Demonic Dragon Palace. Only some of their disciples with extremely high statuses would be able to learn and cultivate it. This skill is mysterious and cruel, as it’s said to requires one to dig out some of one’s flesh before implanting the flesh and blood of a demonic dragon within one’s body. After nourishing the demonic dragon’s flesh and blood with one’s own blood, one could activate it during desperate times, causing one’s strength to drastically increase.”

At this moment, the expression of the green-robed male grew solemn as his continued with his explanation. “However, the price to pay for this mysterious skill is very high. From what Mo Longzi has displayed, it would be hard for him to recover within half a year.”

“Never thought that a brat whose strength was only at the Heavenly Transformation Late Stage would be able to force Mo Longzi to such a degree. He’s truly surprising,” replied the person at the back with a sigh of admiration.

Feeling the same way too, the green-robed male faintly nodded his head. This Freshman by the name of Mu Chen had truly caused people to be overwhelmed with shock and admiration for his abilities. However...forcing Mo Longzi to such a degree, it truly couldn’t be said if this was exactly a fortunate or an unfortunate thing...

The faces of Su Xuan, He Yao and the rest also turned ugly at this moment. Although they didn’t know exactly what that ball of blood was, it was clearly not any good news for them.

Beside them, Shen Cangsheng had managed to stabilise his breathing, with his deathly-pale face regaining slight normalcy. However, upon seeing the wriggling ball of blood in the sky, his eyes had also furiously contracted.

“Dragon Transformation Blood Art...” Shen Cangsheng forced the words out from his clenched mouth as his blood-soaked hands tightly gripped his long spear. After exhaling a long breath of air, his expression turned grave as he prepared to take action at any moment. Although his situation wasn’t too good, he knew that the upcoming situation was not something that Mu Chen could deal with by himself.

Mu Chen forcing Mo Longzi to such a stage had clearly exceeded his expectations.

Within the peculiar atmosphere that had filled the entire city, Mu Chen was also tightly staring at the ball of blood that was slightly squirming and wriggling, while a chillingly dark expression fluctuated on

his face. He never imagined that he was still unable to defeat Mo Longzi after displaying his hidden trump card. That Heavenly Refining Divine Cauldron array that he had arranged was sufficient to deal heavy damage towards experts of Heavenly Completion Stage Late Phase.

That fellow's too thorny.

Boom!

As Mu Chen's expression changed, the ball of blood floating in the distant sky started to quietly vibrate. Its surface started to squirm and wriggle, almost as if something was seemingly trying to break out of the ball.

A chilling glint flashed within Mu Chen's eyes. Clenching his fingers, he sent a fist rumbling out. Boundless Spiritual Energy surged and swept out, before violently slamming against the surface of the ball of blood.

Swish!

A low and deep voice rang out as blood blossomed in the sky. However, not a single jolt shook through the ball of blood. Instead, the wriggling and squirming grew increasingly rapid. At that moment, a crack started to quietly extend on its surface.

Mu Chen's pupils furiously contracted.

Bang!

The ball of blood violently squirmed and wriggled. With a pop, an arm covered entirely by blood-red scales furiously pierced out from within. The arm wasn't the shape of a human's arm, the fingers were sharp and pointed, akin to the claws of a wild beast. As it pierced out, an indescribable aura of slaughter and massacre radiated, causing the faces of countless people to faintly change.

As the arm extended out, it shattered the ball of blood apart, causing flakes of blood to spread out as a blood-red figure slowly walked out from within.

As everyone's line-of-sight converged together, countless people sucked in a breath of cold air.

Mo Longzi had reappeared, standing in the air. However, at this moment, his body had appeared to have grown much taller. Blood-red scales covered his entire body, while a blood-red dragon tail, approximately a few feet long, continuously wagged to and fro from his back. Akin to two dragon claws, his arms and palms radiated with a chilling glint.

At this time, Mo Longzi appeared just like a terrifying beast of slaughter and carnage. The gaze and aura coming from him were exceedingly dreadful and terrifying.

Roar!

Mo Longzi faced the sky and gave a long roar, sounding extremely sharp and ear-piercing, causing the faces of countless people to turn pale. The surrounding air shook due to the roar as shock waves radiated towards the distance, appearing exceedingly spectacular.

"Jie. Jie."

As his long roar rang out, Mo Longzi's blood-red eyes locked onto distant Mu Chen. An extremely cruel and sinister smile surfaced from the corner of his mouth as a scarlet-red tongue licked his lips, appearing extremely terrifying.

Mu Chen's eyes were filled with caution and vigilance as boundless Spiritual Energy radiated from his body. At this moment, he could feel an extremely dangerous flavor from Mo Longzi. The latter was now much more frightening than before.

"Being able to force to this step... Mu Chen...I have to congratulate you."

Mo Longzi smiled malevolently, while the baleful aura and killing intent within his eyes were seemingly about to turn corporeal. In the next instant, he took a furious step forward. With a wave of his blood-red dragon tail, his body disappeared from everyone's view.

Mu Chen's face instantly changed as a dragon's shadow surfaced around his body. Pushing his speed to his utmost limit, he instantly retreated explosively thousands of feet back.

Swish!

However, just as he had appeared thousands of feet away, the air behind him exploded apart as a blurry blood-red figure appeared behind him. As it did, a malevolent and cruel laughing voice followed the wind as it rang out.

"Isn't your speed very fast, Mu Chen? Why are you unable to bear it now, huh?!"

Bang!

As the malevolent laughter rang out, sharp and incisive whooshing sounds resounded behind Mu Chen's body. The gales created, were swift and sharp to the point of wanting to shatter his body.

Black lightning coursed and arced across his body, turning around while his arms crossed in front, defending his body.

Bang!

The dragon fist covered by blood-red scales, violently slammed against Mu Chen's arms. A low and deep sound rang out, and a sweet taste erupted in Mu Chen's throat as he immediately spurted a mouthful of blood. Miserably shooting back, intense pain racked his arms, almost as if they were broken and shattered apart.

The strength of the current Mo Longzi had already reached a rather frightening stage.

"Tsk! tsks! Relax, I'll make sure to break every single bone within your body!" The smile on Mo Longzi's face grew increasingly malevolent and sinister as he uttered those words. With a flick of his dragon tail, his figure disappeared, reappearing right behind Mu Chen. The blood-red scales on his arm turned increasingly radiant and brightly coloured, almost as if blood was about to drip from them.

Bang!

A fist rumbled out, causing the surrounding air to immediately explode apart.

With a clench of his hand, a black pagoda appeared. Expanding outwards, it protected Mu Chen from the front.

Ding!

Mo Longzi's punch slammed violently on the surface of the black pagoda, causing a clear metallic sound to reverberate out. Sparks blossomed as the black pagoda was sent flying back, with Mu Chen also being sent shooting back for quite a distance.

"Truly an interesting fellow. You're actually still able to resist." A malevolent and sinister laugh rang out from Mo Longzi as he rapidly shot forward akin to a red bolt of lightning.

"However, let me see how long more you can continue to endure!"

Whoosh! Whoosh!

In the sky, Mo Longzi's speed had reached an astonishing level, appearing akin to a red bolt of lightning that was piercing through the air. At this moment, Mu Chen was completely on the disadvantageous side. If not for the black pagoda protecting his body, he would have already suffered heavy injuries from the fierce and cruel attacks of the former.

However, even with the black pagoda, his situation was extremely dire. Blood continued to flow out throughout his body. From the looks of it, it was clear that he was unable to endure for much longer.

Fear and trepidation shook the hearts of Su Xuan and the rest, since it was clear that Mu Chen and Mo Longzi were already not on the same level of strength. Regardless of how many methods and trump cards Mu Chen pulled out, he could no longer turn the situation around.

"I'll go and help him."

Clenching and gnashing his teeth, regardless of his injuries, Shen Cangsheng wanted to take action. With the current progress of the situation, Mu Chen would be stuck in an extremely undesirable position very soon. How could he sit and watch as Mu Chen gets killed by Mo Longzi?!

Su Xuan and the rest instantly felt anxious and worried. With his current state, if Shen Cangsheng were to offer his help, he wouldn't be able to provide much help for Mu Chen.

Ding!

In the sky, Mo Longzi's fist fiercely landed once again on the surface of the black pagoda. Intensely vibrating, the black pagoda grew dim at this instant, before transforming into a black light that rushed into Mu Chen's body.

Clearly, after enduring the numerous rampaging attacks unleashed by Mo Longzi, the pagoda had already reached its limit.

"Tsk. tsk. Do you have any more things left to show?"

A strange laugh rang out from Mo Longzi as his malevolent and sinister gaze appeared extremely frightening. "If not, you can go and die now!"

With a step, he appeared right in front of Mu Chen. The sharp-pointed blood-red claws were thrust straight towards the latter's chest akin to a bolt of red lightning.

Mu Chen's eyes had turned blood shot as he prepared to crazily fight with all he had against this Mo Longzi.

Ring!

However, just at this instant, a sword ring that shook the skies furiously reverberated across the horizon! Turning their heads towards the sound, countless people saw a river of Sword Aura rush forth and violently slammed against Mo Longzi's body.

Bang!

As the Sword Aura swept across Mo Longzi's body, sparks instantly blossomed and shot out, while he was sent flying back.

Whoosh!

Clamoring sounds rang out from countless people as their gazes turned towards the sky in the far distance, where a young girl with a black longsword in her hand stood in the sky. Her eyes were as calm and cold as an icy lake, while chilling intent erupted from them as they locked onto Mo Longzi.

Behind her, a figure covered in blood dropped down from the sky, his aura depressed. Impressively, that was the Rank 3 on the Bounty Board, Mu Gu!

"Luo Li defeated Mu Gu!"

Upon seeing this, astonishment and joyous voices of surprise rang out from Su Xuan and the rest. Luo Li had truly arrived at too good a timing!

Unrestrainable cries of shock and astonishment rang out from within the city as everyone thought, *This batch of Freshmen from the Northern Heavens Spiritual Academy are too formidable! Firstly, there was Mu Chen, who was able to force Mo Longzi to use his final trump card. Now, there was this young girl, whose beauty was stunning and breathtaking, who was able to use such swift and fierce attacks to deal with Mu Gu, whose strength was at the Heavenly Completion Stage Middle Phase.*

Bang!

While everyone was overwhelmed with shock and astonishment, rampaging Spiritual Energy swept out from another area of the horizon. As countless people turned their heads over, a chill shook through their minds and hearts.

Over there, Li Xuanton stood in the air, the longsword in his hand pierced right through Gui Xiong's throat. At the same time, the giant axe in the latter's hand had landed on the former's shoulder, causing blood to flow out.

A situation of taking a life while risking one's own.

However, it was clear that Li Xuanton had managed to gain a sliver of superiority in the end.

Having his throat pierced through, Gui Xiong opened his mouth, causing blood to gush out from within. He was still in shock and disbelief as he stared at the Li Xuanton before him, whose chest was slightly heaving. He appeared as if he wanted to say something, but the gushing blood prevented the words from coming out. After slumping slightly forward, he dropped down from the sky like a brick in water.

Pulling out the axe stuck in his shoulder, Li Xuanton casually stemmed to flow of blood from the wound. Holding his sword in one hand, he shot straight towards the location where Mu Chen was. Looking at the blood and wounds that covered the latter before looking at the malevolent looking Mo Longzi, he spoke out in a soft voice, "Thanks for your hard work."

At this moment, Luo Li had also hurriedly arrived beside him. Supporting him by his side, she looked towards the blood and wounds that covered his entire body. Feeling pain within her heart, she asked, "Are you alright?"

Shaking his head, Mu Chen continued to stare at Mo Longzi, who was similarly staring back at them with an incomparably cold and dark look on his face. At this moment, of the three of them, other than Luo Li, whose condition was much better off, both Mu Chen and Li Xuanton had suffered quite some serious injuries. In such conditions, would they be able to deal with Mo Longzi, whose strength had explosively increased?

Sending a venomous gaze towards the three, the malevolent smile at the corner of Mo Longzi's mouth grew even wider. Gently wagging the blood-coloured dragon tail behind his back, a voice drenched with killing intent slowly rang out across the sky.

"Those two fellows truly are wastes. They can't even do the job of holding people back. However...since everyone has gathered, I'll just have to deal with all of you together."

Chapter 377: Borrowing the Ominous

Within the Western Desolated City, countless gazes locked onto the confrontation happening in the sky. Although Mu Chen, Luo Li and Li Xuanton had the numerical advantage, anyone would be able to see that the side with the true superiority was still being held by Mo Longzi.

At this time, after displaying some sort of secret technique, the latter's strength had clearly grown increasingly tyrannical. From the looks of it, even if Mu Chen and the other two were to collaborate, they still might not be able to endure against Mo Longzi.

Su Xuan, He Yao and the rest had also thought about this point, since a stretch of graveness was still present on their faces. Much joy and happiness from Luo Li and Li Xuanton defeating their opponents had dissipated away as a result.

Wanting to break and reverse the progress of this situation was truly too difficult.

Within the sky, pervaded by the attentive gazes of the myriad of people around, Mu Chen deeply frowned as he looked towards the distant Mo Longzi, The latter's entire body was radiating with a baleful aura, and wanting to deal with him would be extremely thorny.

“That fellow’s strength has increased yet again.” said Li Xuanton as he deeply frowned, while an ugly expression appeared on his face. Naturally, he was able to feel that the current Mo Longzi had become stronger, compared to before.

“Are you still able to fight?” asked Li Xuanton after looking at Mu Chen’s injuries.

With a smile, Mu Chen nodded his head. Clenching his fists, his black pupils faintly sparkled, almost as if he was thinking about something.

“Why not hand him to me?” Luo Li spoke out in a soft voice.

This gave a shock to both Mu Chen and Li Xuanton, causing Mu Chen to faintly wrinkle his eyebrows, while cold and frosty streams of light seemed to surface within his black eyes. Furiously clenching his hands tightly, he lightly shaking his head and replied, “It’s better for me to do it.”

“Can you?” asked Li Xuanton with slight doubt. He was clear about Luo Li’s background. Therefore, her daring to say that she was able to deal with Mo Longzi didn’t cause him to feel shocked and make a fuss. However, it was different for Mu Chen. After all, there was still some disparity between him and Luo Li. Being able to force Mo Longzi to such a step was already a rather outstanding matter in Li Xuanton’s eyes.

If he was to go a step further, Mu Chen might have to pay an extremely disastrous price.

Luo Li’s clear, big eyes stared towards Mu Chen. Looking at the wounds and injuries that covered the latter’s body, pain erupted in her heart once again, while bits of resentment and frustration started to rise within her heart. Although she knew that Mu Chen really wanted to stand before her and protect her, could it really be that he loved for her to stand at the side while seeing him fighting till he was completely covered in cuts and bruises?

Didn’t he know that this would only make her feel even more pain within her heart?

Luo Li bit her lips with her pearly white teeth. She wasn’t willing to refute Mu Chen in front of people. Therefore, she only tilted her lovable face sideways, without saying any more words. However, her appearance and posture only had the effect of clearly showing her current feelings. She was angry.

Shrugging his shoulders, faint jealousy erupted within Li Xuanton’s heart as he was able to spot her emotions hidden under her actions. Being able to cause Luo Li, who was usually quiet and independent, without having any fondness for material objects, as well as showing any sadness and grief, to reveal such an angry emotion, it was already a matter that would cause jealousy and envy in people.

At least, she would only get angry when it involved people that truly held a place within her heart.

Looking at the beautiful face of Luo Li, which was as exquisite as porcelain, Mu Chen couldn’t help laughing out. This was the first time that he had seen her being angry towards him. Extending his hand to grasp the slender and jade-like hand of the young girl, the latter originally wanted to retreat her hand. However, seeing the wounds and injuries that covered all of Mu Chen’s body, she was unable to rouse this little temper of hers. Giving up, she allowed him to hold her hand. Through her little red mouth gently poured out in a fit of pique.

"I know that you've some hidden trump cards up your sleeves. And, once you use them, you'll definitely be stronger than me..." Mu Chen spoke out softly and slowly. "However, I think that you should know the consequences that would result if you use those trump cards."

Hearing his words, Luo Li faintly gawked, before proceeding to bite her lips as she thought, *Mu Chen's intuition is very sharp. Although there are some matters that I haven't spoken to him about, he was able to sense them.* Indeed, she had some strong and powerful trump cards. However, once they were used, her grandfather, Luo Tianshen, might be able to sense them.

After all, she was the next Empress of the Luo God Clan. The Luo God Clan couldn't possibly let her leave the clan without having the slightest bit of self-protection. Furthermore, once she used some of those trump cards, that would indicate that she had met with danger. These kinds of matters weren't things that Luo Tianshen was willing to see.

Therefore, if those trump cards were used, Luo Tianshen might be resorted to take action and bring Luo Li back to the Luo God Clan. If that happened, the time when Luo Li and Mu Chen would separate would be pushed forward.

Mu Chen really treasured the times that he was spending together with Luo Li. Unwilling to see such a scene, he had, therefore, resorted to use such a method to do his utmost to keep Luo Li out of harm's way. Thus, he was willing to assume those so-called 'dangers' and the so-called 'fighting' all by himself.

"I just...want to spend more time with you. Therefore, please don't blame for my selfish protection of you." Mu Chen continued speaking as he slowly grasped Luo Li's slender and jade-like hands. The voice ringing out from him slowly seeped into Luo Li's heart, causing ripples to surface within, while completely dissipating the slight bit of anger and resentment that were present.

Luo Li gently nodded her head as a faint smile surfaced on her beautiful and jade-like face, appearing exceptionally soul-stirring.

"Relax. I won't show off and try to be brave. If I'm truly unable to deal with him, you can take action then. What do you say?" said Mu Chen with a faint smile.

"Okay," replied Luo Li and she obediently nodded her head.

"You truly have a way to deal with Mo Longzi?" After giving a sigh, Li Xuantong spoke out.

"I'll try my best to attempt that."

Mu Chen nodded his head as he gave his reply. Staring at Mo Longzi in the far distance, chilling intent erupted from his black pupils as he spoke out, "However, I also need you two to help fight for a little bit of time."

"Okay!" Li Xuantong didn't have any bit of hesitation as he immediately agreed.

"Please do."

Taking a deep breath, Mu Chen didn't continue talking as his eyes unexpectedly started to close, bit by bit. This caused countless people to feel shocked. *Could this Mu Chen be attempting to prepare a powerful Spiritual Array once again? However, why don't we feel any fluctuations of a Spiritual Array?*

“Hmph! Still with those deceitful acts!”

Upon seeing this scene, the eyes of the distant Mo Longzi had also contracted. After being faced against Mu Chen’s methods on innumerable occasions, it had to be said that even he felt some fear and dread surfacing within his heart. Naturally, he wouldn’t give his enemies a chance to flip the situation around, since the current him also had the strength to overturn the situation, after all. However, even if he was to win, he already had to pay an extremely high price. Therefore, he would absolutely not let such a chance to reappear for his enemies.

Whoosh!

Clenching his hands, boundless Spiritual Energy swept of from Mo Longzi before sweeping throughout the horizon. In the next instant, a shiver shook throughout his body as he explosively shot forward.

Seeing the reaction of the latter, Li Xuanton immediately rushed up. Spiritual Energy revolved to his maximum capability as it proceeded to envelop over the incoming Mo Longzi.

“Scram off!”

Faced against Li Xuanton’s obstruction, Mo Longzi gave a cold sneer as he sent a fist rumbling out. No fanciful moves were used, with only boundless and overbearing Spiritual Energy to his maximum capability, they were sweeping out along his fist.

Bang!

Two boundless Spiritual Energies smashed head-on against each other, causing a loud bang to resound out. Li Xuanton’s body furiously shook as he was sent flying back seemingly in an instant. Blood surfaced and dripped down from the corners of his mouth. Only after personally crossing hands with Mo Longzi did he understand how tyrannical the latter was.

Bang!

Just as Li Xuanton was sent flying back, a swift and fierce stream of Sword Aura descended once again from the sky, smashing heavily against Mo Longzi’s body.

Hoisting her longsword, Luo Li swiftly shot out, while displaying her swift and fierce attacks.

Using all of their methods, the two tried their utmost to tangle and hold Mo Longzi back. This spectacle caused countless people to hold their breaths, since the two fighting sides had already become rather desperate.

As Li Xuanton and Luo Li were trying their best to delay Mo Longzi, the Divine Soul sitting with Mu Chen’s aurasea opened its eyes. In the next instant, with a move, it flew straight towards the centre position of the aurasea.

Within was a dark purplish Mandala flower. A jet-black demonic pillar stood erect within the centre of the flower, while purple-coloured chains wrapped around its body, sealing it within.

This was the “Great Meru Demonic Pillar” that Mu Chen had previously obtained within the Spiritual Treasury of the White Dragon Sovereign. However, due to this pillar being too ominous, if not for the suppression by the mysterious black paper within Mu Chen’s body, his mind and reason might have

already been corroded by the ominous and demonic energies radiating from it. Therefore, ever since obtaining it, Mu Chen did not dare to recklessly move and use it.

However, the current situation before him, he had to activate and use it. If not, it was simply too difficult for them to deal with Mo Longzi in his current state.

Raising his head, Mu Chen fiercely gazed at the "Great Meru Demonic Pillar" in front of him, before speaking out in a low and deep voice, "If you're not willing to be sealed forever in this place, you better collaborate with me for a bit!"

Humm! Humm!

As Mu Chen's voice rang out, black rays of brilliance unexpectedly erupted from the Great Meru Demonic Pillar. Fiendish and demonic energies started to radiate, appearing as if they wanted to sweep towards Mu Chen.

Chi! Chi!

However, before the demonic aura could scatter out, purple rays of brilliance erupted from the dark purplish Mandala flower. Upon coming into contact with the purple light, the demonic aura was akin to remnant snow coming into contact with lava, rapidly dissolving away.

This Great Meru Demonic Pillar truly was worthy of being called a lethal weapon. It's so hard to subdue and tame it.

"Let's see if you have the ability to corrode me!"

A low and deep roar rang out of Mu Chen as his Divine Soul took a step forward. Heading straight for the Mandala flower, it extended its small hands, and came in direct contact with the surface of the Great Meru Demonic Pillar.

Bang!

At the very instant when the hands of Mu Chen's Divine Soul made contact with the Great Meru Demonic Pillar, an indescribable demonic energy suddenly pervaded out. Staining the hands of Mu Chen's Divine Soul, it started to crazily corrode away. Within a short span of a few breath, Mu Chen's Divine Soul had unexpectedly turned into a blood-red colour. Appearing akin to a child covered in blood, one would feel intimidated upon seeing it.

Mu Chen's eyes started to continuously fluctuate between a blood-red and a jet-black colour. As the incomparably overbearing demonic energy rushed within his body, it furiously started to sweep outwards.

That was an extremely powerful energy!

However, it was able to corrode the mind and reasoning of people, and transform them into murderous wild beasts!

Tightly clenching his teeth, Mu Chen resisted this corrosion. He knew that if he wanted to control this demonic energy, he needed to resist this corrosion!

Murderous intent to slaughter and murder rushed erratically towards Mu Chen's mind and spirit, causing a brutal and tyrannical killing intent to erupt from his heart.

His eyes were nearing a scarlet-red colour.

Humm! Humm!

However, at that moment, the mysterious black paper beneath the Mandala flower started to sparkled with a strange and peculiar luster. In the next instant, the beautiful petals of the Mandala flower started to extend out, before wrapping up Mu Chen's Divine Soul within it.

A clear and refreshing feeling transmitted over, causing the brutal killing intent within Mu Chen's heart to be slowly suppressed.

Mu Chen's eyes suddenly snapped wide open. The outer rim of his eyes appeared in a blood-red colour, while his pupils still remained jet-black with clarity!

As Mu Chen slowly spread open his fists, blood-red energies that blotted the skies hid the skies and covered the earth as they swept out of him akin to a tsunami, before gushing towards Mu Chen's limbs and bones.

Within the skies of the Western Desolated City, Mu Chen's tightly shut eyes abruptly sprung open at this moment.

At this moment, everyone was able to feel that the temperature of the world had seemingly dropped down in an instant.

Chapter 378: Whos More Ferocious?

Bang!

Boundless Spiritual Energy rippled out from Li Xuanton's body as fists of wind howled about. Bringing along surging Spiritual Energy, they violently rumbled towards the incoming Mo Longzi.

However, facing the former's attacks, Mo Longzi seemingly smashed straight through them. The blood-coloured scales on his body sparkled with a sinisterly cold luster. Sending a palm patting out, Spiritual Energy gushed out, smashing and shattering the numerous Spiritual Energy waves apart.

"Stupid fool!"

After smashing and shattering the Spiritual Energy rushing towards him, killing intent blossomed within Mo Longzi's eyes. Li Xuanton's entanglement caused unbearable irritation to him. Proceeding to take a step forward, his figure appeared right behind the latter akin to a spectre, before sending a palm patting towards the vital part of the latter's back.

Sensing the Spiritual Energy fluctuations radiating from his back, Li Xuanton's face immediately changed. However, he was no ordinary person. A chilling glint flashed within his eyes as a longsword appeared within his hand. Without the slightest intent to evade, swift and fierce Sword Aura was carried along with his longsword as it chopped straight towards Mo Longzi's throat.

He had unexpectedly wanted to trade his life for Mo Longzi's!

"Hmph!"

With a cold snort, Mo Longzi extended his other palm, making a grab towards the sword tip that was being thrust straight at him. Sharp Sword Aura slashed across the blood-coloured scales, causing ear-piercing screeches to ring out. Although it left a wound on Mo Longzi's palm, the sword was finally stopped by him.

Whoosh!

Just as Mo Longzi had stopped Li Xuantong's Sword Aura, and was about to take the latter's life, extremely swift and fierce whooshing sounds furiously rang out behind him as a sword ray was thrust straight towards Mo Longzi's back like a falling star.

That ray caused the scales across Mo Longzi's body to tighten, as he could feel some threat from it. This threat was far from something Li Xuantong could create.

A flash appeared in Mo Longzi's eyes as he instantly proceeded to ignore Li Xuantong. After all, the attack heading towards his back possessed more threat than the latter.

However, as he was about to turn his body over, Li Xuantong took the opportunity to advance. Extending his hand, he locked up Mo Longzi's other hand, completely ignoring the extreme danger of his actions.

"You!"

A cold glint flashed within Mo Longzi's eyes. *This Li Xuantong truly is very ruthless and thorny. He actually intends to risk himself to allow her attack to land on me!*

With a sneer, Mo Longzi's body suddenly shook as the blood-coloured scales around his entire body erupted with dazzling brilliance. In the next instant, a powerful energy erupted from him, appearing akin to waves of blood.

Bang!

Li Xuantong was immediately sent flying back, spurting a mouthful of blood in the process. As for the sword ray that had launched at sneak attack on his back, it was also shattered by the blood waves. A shiver shook through Luo Li's body as she hastily retreated dozens of steps. The blood and Aura within her body churned and surged around, while paleness flashed across her beautiful face.

Across the horizon, Mo Longzi arrogantly stood in the sky. Looking towards the miserable-looking Li Xuantong and Luo Li, the expression radiating out from his eyes grew increasingly malevolent. Clenching his hands, the scales across his body turned dim, while the baleful aura radiating from him grew increasingly thick and dense.

"You two don't even possess the qualifications to fight with me to a draw!"

Li Xuantong's face was deathly pale, while the Spiritual Energy around his body was in total chaos. He had already suffered injuries from his previous life-or-death struggle against Gui Xiong. After engaging in another all-out fight, he had piled more injuries on his existing ones.

Compared to him, Luo Li was slightly better off, but not far away. Mu Chen was not willing for her to use some of her trump cards. Therefore, she could only rely on the swiftness and fierceness of her Luo Shen Sword to create a threat for Mo Longzi.

However, anyone could tell that if this continued, the two of them wouldn't be able to endure for much longer.

"Looks like I'll have to kill one of you for you all to get it!" Mo Longzi roared with a malevolent sneer, before locking on towards the wounded Li Xuantong. Taking a step forward, he headed straight towards the latter to take his life.

Bang!

However, just as Mo Longzi was prepared to kill one of his enemies, a demonic Aura that blotted the skies rushed towards the heavens. Seemingly in an instant, it had pervaded across the entire stretch of the world.

This fiendishness was much, much more overbearing than the baleful aura radiating from Mo Longzi's body!

Frightened and terrified expressions appeared on the faces of countless people.

Even the expression of the green-robed male within the large hall faintly changed as he turned his gaze around. In the next instant, what they saw was Mu Chen standing tall in the distant sky.

At this moment, the youth opened his tightly shut eyes, showing off blood-red pupils, which had changed from their original black colour, and were now pervaded by murderous intent. However, within the depths of those eyes, clarity was still present. This showed that he had still retained his mind and reason, and was not being corroded by the frightening demonic energies radiating from him.

"Such overbearing demonic energies... it's actually more formidable than the baleful aura radiating from Mo Longzi. Exactly where did this Mu Chen come from?" The green-robed male muttered as his expression turned grave. The demonic energies radiating from Mu Chen had caused even him to feel shocked and astonishment.

Mo Longzi's expression had also violently contorted at this moment. Looking at Mu Chen, whose entire body was radiating with blood-red demonic energies, a thick feeling of inconceivability erupted from his eyes

That was due to the little bit of familiar flavor within the demonic energies radiating out from Mu Chen. This was the demonic Aura that was cultivated by the people of their Demonic Dragon Palace. However, it was even more fierce and overbearing than what they could cultivate.

"Exactly what kind of person is this bastard?!" Huge waves of shock shook through Mo Longzi's heart. This demonic energy was absolutely not cultivated by that Mu Chen!

"Before you kill him, I'll finished you off first!"

The blood-red demonic energy wrapped around Mu Chen's body, causing his originally handsome face to appear rather terrifying, almost as if he would turn into a god of slaughter and carnage seemingly in the next instant, and unleash a bout of massacre.

“You talk big!” Mo Longzi growled as he gnashed his teeth. Mu Chen’s change had caused him to feel great unease. However, he still hung a sneer on his mouth.

As Mu Chen stared at Mo Longzi with his blood-red eyes, demonic energy travelled back and forth under the skin of his entire body, flooding his limbs and bones. This completely different power caused his entire body to feel uncomfortable. Fortunately, being much, much stronger than he previously was when he had entered the grave of the White Dragon Sovereign, he wasn’t being tortured by the same demonic energy to the point of wishing he was dead.

Mo Longzi had also tightly stared at Mu Chen. Their glares crossed paths in the air, while unconcealable cold and sinister killing intent erupted from their eyes.

“I’ll slaughter you first!”

Mo Longzi’s gaze finally turned into one of exception malevolence. Taking a step forward, the air in front of him exploded as he disappeared in an instant. Upon reappearing, he was already at Mu Chen’s back. A sharp palm with fingers akin to dragon’s claws violently patted down on Mu Chen’s crown without the slightest bit of mercy.

Bang!

Incomparably overbearing demonic energies erupted from Mu Chen’s body. Clenching his five fingers tightly to form a fist, he sent a punch rumbling out. A wave of blood surged out, appearing as if a sea of blood was brought forth by it. Snatching the initiative from Mo Longzi, his fists of wind smashed straight against the latter’s chest.

Frightening energies exploded under Mu Chen’s fist, exploding under Mu Chen’s punch, as visible fluctuations consisting of waves of blood extended from the point of impact.

Boom!

A deep sound rang out. In the next instant, everyone’s eyes shrank as they saw Mo Longzi, who was seemingly unstoppable, unexpectedly being sent flying back hundreds of feet due to Mu Chen’s punch. The blood-coloured scales on his chest were smashed and shattered apart, causing blood to flow out, dripping down along his scales.

Whoosh!

Astonished clamoring noises instantly erupted throughout the entire city. The changes in the spectacle before them had really changed too quickly. Who would have thought that Mu Chen, who was suppressed by Mo Longzi to the point of not having a single ounce of contention left, would actually send Mo Longzi flying back in such an overwhelming fashion!

That was an expert at the Heavenly Completion Stage Late Phase!

Looking at the spectacle before them in a daze, Su Xuan and the rest were unexpectedly unable to regain their minds for a moment. All of them didn’t understand what they saw. Why would Mu Chen’s strength suddenly rise to such a dramatic degree? Was it due to the demonic energies radiating from him?

Floating within the sky, Li Xuantong and Luo Li were gawking in shock. The latter was somewhat in a better condition, as she was filled with various kinds of confidence for Mu Chen that was unrelated to any reason. As for Li Xuantong, a slightly spectacular expression was currently displayed on his face, while the gaze he sent out towards Mu Chen appeared exceedingly complicated. This Freshman, who was previously someone that didn't even matter, had unknowingly grown to a step that had exceeded even him within a short span of a year...

In the distant sky, Mo Longzi's face turned extremely ugly as he stabilised his body. Looking towards the shattered scales on his chest, he instantly turned absentminded for a moment. *I was actually injured by that Mu Chen?*

I was injured to such a degree by a brat at the Heavenly Transformation Stage Late Phase?

Mo Longzi's face started to uncontrollably contort. In the next instant, with a raged-filled roar, the blood-coloured scales covering his body instantaneously erupted with a bloody light once again. Akin to a bolt of lightning, he explosively shot out, launching frightening attacks that instantly attempted to envelope Mu Chen.

He didn't believe that he would actually suffer defeat by the hands of a Northern Heavens Spiritual Academy's Freshman after activating the Dragon Transformation Blood Art!

Bang! Bang!

As the two of them smashed into each other, astonishing demonic energies swept out akin to tidal waves, while incomparably frightening Spiritual Energy shock waves continued to radiate out. The aftermath created by those Spiritual Energy shock waves caused the scalps of quite a few people to turn numb.

A cold and detached expression was hung on Mu Chen's face, while his eyes remained scarlet-red. As the two of them crossed paths, furious punches rumbled out akin to bolt of lightning striking out. Bringing along boundless demonic energies, they smashed head-on against Mo Longzi's fists of wind.

Boom!

A gigantic wave of blood hundreds of feet wide rushed across the horizon, its momentum and power was shockingly dreadful and terrifying.

The bodies of the two of them shook, before flying back over a thousand metres away. However, Mo Longzi's face grew increasingly ugly as his hands continuously trembled. The layers of scales on his hands were already shattered, while blood continued to flow out and drip down.

His baleful aura had fallen completely short of Mu Chen's fiendishness. In a head-on collision, his baleful aura was, instead, corroded by Mu Chen's demonic energy. Furthermore, when it had poured into his body, it caused his blood and Aura to churn and surge around.

Furthermore, he could faintly sense the energy within his body was gradually declining. This was the after effects of the Dragon Transformation Blood Art. If he didn't end the fight quickly, he might truly be killed by Mu Chen.

"I don't believe that I can't kill a Freshman of the Northern Heavens Spiritual Academy!"

Layer upon layer of rampaging emotions folded within Mo Longzi's eyes. In the next instant, a rage-filled roar rang out from his mouth as he clapped his hands together to form a seal. A ray of brilliance shot from his crown and rushed towards the sky. Transforming into a black heavy sword, it hummed and howled as Spiritual Energy swept out of it. As the heavy sword drastically expanded, it instantly grew to a size that was a hundred feet long. In the next instant, an extremely frightening Sword Aura swept from it.

The blood-coloured scales on Mo Longzi's body unexpectedly shot out explosively. Akin to waves of blood, they encased the heavy sword, transforming it into something akin to a blood-coloured demonic dragon, radiating with frightening fluctuations.

"Demonic Dragon Divine Art, Slash of the Broken Dragon!"

Mo Longzi gave a furious roar as he took a step forward as the black heavy sword explosively shot out. A long roar rang out of the blood-red dragon. As the sword flew out, it seemingly shattered the confines of the universe, enveloping directly over Mu Chen.

The might of that one sword could slash the heavens and earth apart!

This Mo Longzi was using his life to launch his attack!

"You're betting your life? Let me accompany you!"

"Let's see who will destroy who!"

Raising his head, Mu Chen stared at the frightening attack that was coming his way with scarlet-red eyes. A low and deep roar rang out from his throat, resounding across the world. At the same time, the dark purplish Mandala flower within his aurasea started to slowly blossom. As the petals started to blossom, the Great Meru Demonic Pillar that was sealed erupted with astonishing demonic energies as they explosively rushed out.

Bang!

The fiendishness rushed from Mu Chen's crown towards the heavens, before transforming into a black demonic pillar that was approximately a thousand feet long that stood arrogantly in the sky!

At this instant, the heavens seemed to have turned dark and dim.

A Demonic Aura surged up as fiendish energies blotted the skies!

Chapter 379: Might of the Demonic Pillar

The demonic energies that blotted the skies swept out across the sky at this moment. Hiding the skies and covering the earth, even the scorching sun in the sky was completely covered by them. In an instant, this entire stretch of the world was submerged in a dusky shadow.

Countless people looked in shock towards the gigantic demonic pillar that had appeared behind Mu Chen. That was a demonic pillar approximately a thousand feet long. It appeared akin to a pillar that stood tall, hoisting up the heavens, while radiating with frightening fluctuations.

Faced against this gigantic demonic pillar, even the face of the green-robed male within the large hall had started to uncontrollably contort, while shock and terror flashed within his eyes.

Exactly where did that demonic pillar come from?! It's actually terrifying to such a degree!

Across the horizon, Mu Chen had completely disregarded the countless shocked and terrified gazes directed at him. Fiendish energies were accumulating crazily within his scarlet eyes. Since Mo Longzi had bet his all, why couldn't he do the same?

If he were to lose, not only would it cause everyone from the Northern Heavens Spiritual Academy present here to fall into a dire predicament, it would also cause the academy to suffer a blow to her face in the Northern Heavens Continent. Obviously, this was a situation that he was not willing to see.

As a scarlet shadow erupted within Mu Chen's eyes, a low roar rang out from his mouth. Doing an empty hug in front of him, the gigantic thousand foot long demonic pillar unexpectedly trembled, before starting to swing forward.

Bang! Bang!

Unexpectedly, the Spiritual Aura within the heavens and earth turned into a gigantic Spiritual Aura vortex due to the swing of the demonic pillar. Tens of thousands of Spiritual Energies between the heavens and earth started to crazily condense together into the vortex.

Although this demonic pillar wasn't the actual body of the Great Meru Demonic Pillar, and was merely a projection. The might and intimidation it possessed had clearly exceeded Mu Chen's expectations by a large, large margin.

This immemorial weapon truly lived up to its name. Although Mu Chen had yet to truly see the might of this divine weapon, he was certainly positive that this Great Meru Demonic Pillar would not be weaker than the so-called 'Divine Weapons'. The only downside was that thing was too fearful. If he were to lose control of it, it would devour him instead, before being corroded by the fiendish energies within it.

If not for the mysterious black paper within Mu Chen's body, he might have been affected by this Great Meru Demonic Pillar to a situation that was worse than death.

Bang!

The Spiritual Aura vortex continued to crazily revolve as the scarlet shadow in Mu Chen's eyes increased in great density. With an explosive cry, countless people stared in shock at him, who was still hugging air. At this instant, the thousand foot long demonic pillar had shot out, heavily smashing against the heavy sword encased by a blood-red giant dragon.

The sky seemed to explode apart under the wave of the demonic pillar. In the city beneath, all structures within a thousand foot radius had completely collapsed, with even the ground having sunken down. Those few people who were unable to evade in time spurted blood from their mouths as they were sent flying back.

Boom!

Appearing akin to an irresistible force, the black demonic pillar violently swung down, before smashing head-on against the black heavy sword.

Ding!

A metallic sound resounded out akin to a clap of thunder, while the blood-red giant dragon wrapping around the heavy sword started to erupt with mournful cries. Cracks started to extend from its surface, and with a bang, it exploded apart.

As the blood-red dragon exploded, boundless Spiritual Energies erupted from the heavy sword in a defensive attempt. However, when the demonic pillar came pressing down, the heavy sword instantly started to intensely vibrate. The Spiritual light coming from the body of the sword seemingly turned dim in an instant and with a bang, it rapidly descended from the sky before shooting to the earth below.

That all-out strike of Mo Longzi's. Under the demonic pillar, he was closed to being squashed by it.

In the far distance, upon seeing this, a cold and chilling sensation instantly swept across within his body. *My strongest attack was broken with such ease. Exactly what is that damnable black pillar?!*

He was unable to answer this question of his. While he was still stunned in shock, he quickly saw, in terror, that the black demonic pillar had, unexpectedly, not shown any signs of dissipation after smashing and sending his heavy sword flying back. Instead, while bringing along a gigantic Spiritual Energy vortex, it had enveloped over him.

The space in his surroundings had seemingly froze up at this instant.

Terror finally erupted out from Mo Longzi's eyes. With a hasty shake of his sleeve, a palm-sized black scale flew out. Rapidly expanding in size upon appearing, it transformed into a scaled shield, standing guard in front of him. This was the strongest defense he was able to muster.

Whoosh!

The gigantic shadow came enveloping over. Upon making contact with the demonic pillar, the black-scaled shield was smashed by the irresistible fiendish energies that overflowed from it till cracks started appearing. With a muffled sound ringing out, it shattered and exploded right before Mo Longzi's terrified and despairing eyes.

Unable to be blocked, the demonic pillar descended, before finally landing against Mo Longzi's body.

Bang!

A deep muffled sound that caused people's skin to turn numb reverberated seemingly through the gigantic city. At this moment, everyone could see a black figure shooting down from the sky, before violently piercing straight towards the ground.

The ground shook and trembled as ripples visible to the naked-eye radiated from the epicentre of the crash site. A thousand foot long radius of earth was shattered apart and had collapsed...

Dust plumes rose into the sky.

About a thousand metres from the city, the black demonic pillar in the sky finally came to a stop, before slowly turning illusory and dissipating away completely.

The demonic energies that blotted the sky had also dissipated, allowing warm sunlight to illuminate down once again. However, it was still unable to disperse the chilling cold everyone felt within their bodies. Staring blankly at the thin figure floating in the sky, cold sweat had covered their entire backs. If the black demonic pillar had continued its descent, how many people in this city would have been killed by it...?

In the sky, the scarlet shadow within Mu Chen's eyes rapidly subsided. Proceeding to cover his mouth, an intense bout of coughs shook through him as blood spewed out between the gaps of his hand. At this moment, his face had appeared exceedingly pale.

The demonic energies were truly extremely powerful. Although he had borrowed them and turned the entire situation around, it had clearly caused extremely serious injuries to him. If not for him having cultivated his Lightning God's Physique, allowing his fleshly body to become much stronger, he might have already perished due to his heavy injuries.

Wiping off the bloodstains at the corners of his mouth, his eyes continued their cold stare towards the place that was pervaded by dust plumes below. With a wave of his sleeve, a hurricane blew out, blowing away and scattering all the dust clouds present there.

As the dust clouds scattered, an incomparably large and deep pit appeared in the ground. Within the centre of the deep pit was Mo Longzi, his body was covered in blood while he was lying within. The bones throughout his entire body seemed to have been shattered, causing him to be unable to move.

The current Mo Longzi wasn't the domineering and flamboyant guy from before. His miserable appearance gave people a flavor of a stray dog.

Looking at the scene in the distance, the faces of Teng Long and the rest of his group were overwhelmed with shock and horror, while shivers ran throughout their bodies. This ending was clearly out of their expectations. Who would have thought that Mo Longzi, with his torrential baleful aura, would actually be defeated in the end?

Furthermore, he had suffered defeat in the hands of a Northern Heavens Spiritual Academy Freshman!

Mu Chen turned his gaze towards them, causing a wave of coldness to sweep through the bodies of Teng Long and the rest. Although they knew that the current condition of the former was extremely poor, the terror and dread within their hearts resulted in them not even daring to attempt any sort of confrontation against Mu Chen.

Giving no regards to them, Mu Chen waved his hands towards Su Xuan and the rest. The latter few people immediately rushed forward, heading straight towards the Eastern Desolated Terrace. Splitting apart the iron bars, they immediately rescued Lin Zheng and the other two from within.

Faced against their rescue, Teng Long and his group didn't dare to obstruct them anymore. The only thought running through their minds was the hope that the god of slaughter in front of them wouldn't come and find trouble with them. As of now, they clearly didn't have the guts and courage to have another confrontation with Mu Chen.

Seeing that Lin Zheng and the other two had been saved, Mu Chen breathed a sigh of relief, before sending a glare brimming with killing intent towards Mo Longzi. Although the latter was completely

covered in serious injuries, this kind of enemy had to be completely eliminated, and cannot be allowed to stay alive!

A chilling glint sparkled in Mu Chen's eyes as he extended his finger. Tapping the space before him, Spiritual Energy burning with black flames instantly swept out. Akin to a bolt of lightning, it shot straight towards Mo Longzi's head.

He wanted kill Mo Longzi here!

Woosh!

Seeing Mu Chen launch such a vicious attack, people started to cry out in shock. This Northern Heavens Spiritual Academy Freshman truly wasn't merciful. At this moment, he still didn't have the intent to show any mercy.

Looking at the ray of Spiritual Energy shooting towards him, Mo Longzi's face instantly contorted. If he was at his prime condition, an attack of this degree would naturally not faze him at all. However, at this very moment, all the bones in his body had been broken and shattered, resulting in him being unable to dodge the incoming attack. If he was to get struck by it, he would definitely be hard pressed to escape death!

Mo Longzi tried to struggle, but was unable to even move an inch. At this moment, the only thing he could do was see the ray of Spiritual Energy shoot straight towards him as the terror of death erupted within the depths of his eyes.

The ray of Spiritual Energy shot instantly across the horizon. However, just as it was able to kill and destroy Mo Longzi, the space in his surroundings started to warp and distort. Turning to something akin to a spatial screen, it protected Mo Longzi within it.

Sssshhhhhh!

As the ray of Spiritual Energy struck the spatial screen, there was not the slightest bit of movement on it, before it was completely annihilated.

Seeing this Mu Chen's expression immediately changed, before roaring out with a fierce cry, "Who?!"

The faces of Luo Li and Li Xuanton had also sank down, while vigilance appeared within their eyes. A person that was able to distort space at will was absolutely not someone that they could deal with.

"Haha. A pretty good seedling has sprouted out from the Northern Heavens Spiritual Academy this time." An indifferent laughing voice suddenly resounded across this stretch of the world. Although it wasn't resonant, it caused the entire city to turn deathly silent.

The expression of the green-robed male in the large hall had also changed, before shooting into the air. Looking gravely at the distorted space, fluctuations started radiating out from there, before a figure slowly condensed out from it akin to a liquid.

The figure was dressed in a black robe, with an approximate middle-aged appearance. His hair was partially white, while his eyes were akin to a pair of black holes, unable to see their depths. At this moment, his hands were crossed behind his back, while a faint smile hung on his face as he looked towards Mu Chen floating in the sky.

“Black Dragon Sovereign?!”

Upon seeing the figure, Li Xuantonɡ’s face violently contorted as he cried out in overwhelming shock.

Shock ran through Mu Chen’s mind and heart. *Black Dragon Sovereign? Exactly what does this Demonic Dragon Palace want to do? Even a Sovereign level existence has appeared!*

The entire Western Desolated City was completely stirred up at this instant as they looked with shocked eyes at the black-robed figure. Although there wasn’t any Spiritual Energy fluctuations coming from his body, one could faintly feel a pressure radiating from him, causing all the people in the city to not dare to make a single gasp.

That’s a Sovereign, a terrifying existence that could erase this city from the face of the earth with a flip of his hand!

That was a super expert that could be considered at the peak of this entire Northern Heavens Continent!

“Indeed, I sense a faint flavor of an old friend from your body...”

The Black Dragon Sovereign smiled. From his appearance till now, he had yet to take a look at the heavily injured Mo Longzi, and only continued to stare at Mu Chen. Although his expression appeared rather warm and gentle, it caused people to feel a chill coming from their bones.

Mu Chen’s face turned dark and sunken. Faced against an existence at the Sovereign Stage, he was simply unable to put up a shred of resistance.

“Haha. Looks like the Great Meru Demonic Pillar has landed in your hands from the White Dragon Sovereign, huh?” The Black Dragon Sovereign spoke out with a sigh. Extending his palm, he said in a warm and gentle voice, “That’s the item of our Demonic Dragon Palace. If you hand it to me, I can let you all return safely.”

Mu Chen’s expression immediately changed. He hadn’t used the true Great Meru Demonic Pillar. However, he never imagined that it would be discovered by the Black Dragon Sovereign.

“In your dreams!”

Mu Chen gnashed his teeth. Although the other party was a Sovereign Stage expert, it was not an easy matter to make him obediently hand over the Great Meru Demonic Pillar!

“Although taking action against a younger generation would be slightly overboard, I think people will understand that it’s for the sake of retrieving the treasure of our Demonic Dragon Palace,” said the Black Dragon Sovereign with a warm and gentle smile. In the next instant, with a clench of his hand, Mu Chen discovered that the space surrounding him had frozen up. So much so that he couldn’t even move a single inch of his body.

Mu Chen clenched his fists tightly. Is this the strength of a Sovereign? Such disparity! Regardless of the number of methods or trump cards he possessed, he was still unable to truly meet such a confrontation!

As the Black Demon Sovereign gave a tap towards the space before him, Mu Chen instantly felt the Great Meru Demonic Pillar within his body faintly tremble. It even started to show signs of wanting to

leave his body. However, it was at this moment that the Mandala Flower started to radiate its mysterious purple light, fortunately locking it in place.

“Oh?”

A shocked expression flashed across the face of the Black Dragon Sovereign, before shooting a deep look at Mu Chen and saying, “So, you have some treasures within you, huh? That’s why you’re able to endure the fiendish energies from the Great Meru Demonic Pillar...However, that’s the treasure of our Demonic Dragon Palace, and I’ll definitely take it back today.”

As his voice rang out, black patterns seemed to extend out from his palm. Achieving something akin to a resonance to the Great Meru Demonic Pillar within Mu Chen’s body, the trembling of the latter grew increasingly intense.

Mu Chen’s face grew increasingly pale, since he could feel that he was quickly reaching the point of being unable to suppress the Great Meru Demonic Pillar within his body.

“It should come out now!”

The Black Dragon Sovereign gave a faint smile as he said that. At that instant, the Great Meru Demonic Pillar within Mu Chen’s body violently shook. However, just as the Great Meru Demonic Pillar was about to break free from its seal, the space in front of Mu Chen started to violently warp and distort. An imposing figure surfaced from thin air, a broad hand landed on Mu Chen’s shoulder. A boundless and expansive power radiated out from it, completely suppressing the shock and turmoil within Mu Chen’s body.

With a wave of his sleeve, the frozen space around Mu Chen shattered. Turning his eyes that were as deep and abstruse as a starry sky, which were previously covered in indifference, he looked straight at the Black Demon Sovereign as the warm and gentle expression was slowly dissipating away.

“Black Dragon Sovereign, you’re breaking the rules.”

A monotone voice resounded across the sky as a terrifying pressure pervaded out. At this moment, the Spiritual Aura of the heavens and earth seemed to have stopped in their tracks.

The hearts of countless people started shivering and trembling. That kind of frightening strength yet again?

Staring at the majestic and imposing figure in the sky, the gaze coming from the Black Dragon Sovereign started to gradually turn cold and icy.

“Haha. I never imagined that Dean Tai Cang would actually show up personally...you truly caught me by surprise.”

Chapter 380: Three Great Sovereigns

“Dean Tai Cang?!”

“That’s the Dean of the Northern Heavens Spiritual Academy, Tai Cang?”

“I never imagined that even this person would appear...”

When the words of indifference rang out from the Black Dragon Sovereign and resounded across this stretch of the world, a shock went through the hearts of countless experts within the Western Desolated City.

The Northern Heavens Spiritual Academy was like a leviathan within the Northern Heavens Continent. Being its Dean, Tai Cang was a peak-level expert standing at the extreme top of this continent. No one ever imagined that there would actually be two Sovereign Stage existences appearing within the Western Desolated City. This was a rather inconceivable matter.

After all, Sovereign Stage experts possessed the qualifications to be an overlord of a region, and were usually extremely rare to be spotted. Ordinary people would be difficult to catch a glimpse of them, let alone the leaders of the gigantic powers like the Black Dragon Sovereign and Dean Tai Cang...

The turmoil happening within Mu Chen’s body gradually returned to normalcy due to the large and board hand on his shoulder. Exhaling deeply, he raised his head to look at the imposing figure in front of him, while happiness uncontrollably erupted from his mind. Since Dean Tai Cang had revealed himself, it looked like he wouldn’t need to worry about today’s matters anymore.

“Thank’s a lot Dean Tai Cang.” Mu Chen spoke out in gratitude. If not for Dean Tai Cang taking action, the Great Meru Demonic Pillar within his body would be snatched away by the Black Dragon Sovereign. As of now, he had a headache dealing with the cruel and untamed nature of it. However, he knew that when the day came that he was truly able to tame this Great Meru Demonic Pillar, it would definitely provide an extremely powerful strength to him. Therefore, he wasn’t willing to hand it over.

Dean Tai Cang wave his hand in reply. Turning his head over, he cast his deep and wise gaze towards Mu Chen and said with a smile, “I truly never expected that you, little fellow, would concealed it so deeply.”

Mu Chen gave an awkward laugh in reply. *Looks like Dean Tai Cang knew about the matter of the Great Meru Demonic Pillar within my body.*

“Let it be. Since you’re able to obtain it, you have a predestined affinity with it. However, that thing’s too ominous. If you continue leaving it within you, I’m not exactly sure if it will be a greatness or a disaster.”

Dean Tai Cang didn’t say much about this, before shooting a look at Shen Cangsheng, Li Xuantong and the rest in the distance and said, “However, for this matter, I really have to thank you. If not, the face of our Northern Heavens Spiritual Academy would not be too good right now.”

“You’re making it sound too serious, Dean. I’m also a student of the Northern Heavens Spiritual Academy. Helping the academy is also something I should do.” Mu Chen replied with a smile.

With a faint smile, Dean Tai Cang nodded his head, before turning his gaze towards the cold and dark-looking Black Dragon Sovereign below. Stars seemed to appear within his deep and abstruse eyes as he spoke out, “Black Dragon Sovereign, your actions here seem somewhat overboard.”

Staring at Dean Tai Cang, the Spiritual Qi flowing within the world seemed to have frozen solid under the interlocking gazes between the two, while a pressure that was hard to discribe started to permeate throughout the world.

Under this pressure, countless experts felt their bodies becoming seemingly heavy, while the Spiritual Energy within their bodies showed signs of freezing up. Instantly, shock and terror filled their hearts. Sovereign Stage experts were actually that frightening? They were able to create a pressure that was more terrifying than what was generated by Mu Chen's fight before even taking action!

With a wave of his sleeve, the Black Dragon Sovereign gave a faint smile, finally breaking the frightening pressure and heaviness permeating in the air, before replying, "You're making this sound too serious, Dean Tai Cang. For that item, our Demonic Dragon Palace will use all methods and ways to get it back. Therefore, I hope that Dean Tai Cang will be able to let that little friend follow me back to the Demonic Dragon Palace. In that way, our Demonic Dragon Palace will remember this favor from the Northern Heavens Spiritual Academy."

Hearing those words, countless people quietly grinned. The Demonic Dragon Palace seemingly had an irreconcilable hatred with the Northern Heavens Spiritual Academy. How was this favor of any use?

Within the sky, Dean Tai Cang gave a smile, before shaking his head and replying, "It's Mu Chen's predestined affinity to obtain it. I've no right to let him hand it over."

He had also heard of the prestige of the Great Meru Demonic Pillar before. If not for the White Dragon Sovereign betraying the Demonic Dragon Palace and bringing it away from them, the Northern Heavens Spiritual Academy might have had to fight with the Demonic Dragon Palace for a much longer time before they achieved victory. Therefore, he was extremely clear of the formidability of that ancient, ominous weapon. As of now, since it had landed in Mu Chen's hands, the Northern Heavens Spiritual Academy would obviously not let it fall in the hands of the Demonic Dragon Palace.

Vortexes seemed to surface within the black hole-like eyes of the Black Dragon Sovereign, before speaking out with a deeper voice, "Does that mean that the Northern Heavens Spiritual Academy really plans to start a war with our Demonic Dragon Palace?"

The entire city turned deathly silent, while shock surfaced within the heart of the green-robed male floating in the distant sky. If the Northern Heavens Spiritual Academy were to start a battle with the Demonic Dragon Palace, it would definitely become an astonishing war that would shake the entire Northern Heavens Continent.

"Black Dragon Sovereign, are you threatening our Northern Heavens Spiritual Academy?" However, facing the Black Sovereign's words, which seemed to be filled with the flames of war, a sharp and incisive glare erupted from Dean Tai Cang's eyes as he gave a slow reply.

"Dean Tai Cang, do you really think that we're truly afraid of your Northern Heavens Spiritual Academy after defeating us that year?!"

Not backing down any one bit, the Black Dragon Sovereign took a step forward, immediately appearing in the sky. In the next instant, a gigantic thousand foot wide Spiritual Energy vortex condensed behind his back. The Spiritual Energy of the world crazily surged and erupted, before forming a black figure thousands of feet tall that seemingly towered across the world.

Standing tall within the world, a giant dragon seemed to sit within each of the eyes of the black figure. In a breath of time, storms started howling out, while clouded layers filled the sky as an indescribable power of frightening proportions radiated from it, causing the world to mourn and shudder.

Hiss!

Looking at the black figure thousands of feet long, Mu Chen could not help sucking in a breath of cold air, while shock and terror filled his heart. Before the black figure, he was akin to an ant facing a human. Without the slightest bit of doubt, if the black figure was to send a hand patting out, he would be hard pressed to escape with his life intact.

This was the power of a Sovereign Stage expert? No wonder they could be considered as the standard of a regional overlord. Compared to the Heavenly Completion Stage, they were as seemingly different as the mud on the ground to the clouds in the sky!

“Sovereign Celestial Body? Black Dragon Sovereign, are you really going to fight with me today?” Dean Tai Cang’s deep and abstruse eyes gazed towards the thousand plus foot long black figure towering over the world. An indifference was still present within his gaze, without any fluctuations as an indifferent sounding voice resounded out.

Standing before his Sovereign Celestial Body, chilling intent erupted from within the eyes of the Black Dragon Sovereign. However, he didn’t immediately take action, as he was extremely clear of how tyrannical Dean Tai Cang was. Even he wasn’t able to guarantee a victory against the latter.

Furthermore, once he took action, it might lead to a great war between the two sides. As of now, their Demonic Dragon Palace still wasn’t completely prepared to tear off all the faces against the Northern Heavens Spiritual Academy.

However, retreating without obtain a single thing and letting the Great Meru Demonic Pillar fall in the hands of the Northern Heavens Spiritual Academy was something that he was extremely unwilling to do.

Therefore, the Black Dragon Sovereign remained quiet for a moment, with his Sovereign Celestial body yet to dissipate away. Its gigantic shadow shrouded the city, causing countless people to feel a chill running through their bodies. All of them knew their city was completely unable to endure a fight between two people of their level.

“Haha, these two sirs, our Western Extreme Palace is small, and can’t endure the turmoil of you two.”

Just as the Black Dragon Sovereign was hesitating on whether to take action, a laughing voice resounded across the world. In the next instant, everyone noticed spatial distortions forming across the horizon. Turning into a pathway, a figure stepped out from within.

The figure that appeared was a middle-aged man in green robes. The attitude of this male was extraordinary, capable of causing an overbearing aura to appear with every single move he took. With a glance, anyone could tell that he was an absolutely extraordinary being.

As this person appeared, astonishment and shock was present in the clamoring that immediately broke out within the Western Desolated City.

“That’s the Palace Master of the Western Extreme Palace, the Western Extreme Sovereign?!”

Countless people felt shocked as they thought, *Today’s truly lively!* Ordinarily, towering over others in lofty positions, commanding and directing over the Northern Heavens Continent, there was, unexpected, three of those Sovereign Stage experts that have appeared before them.

Upon seeing this person, the green-robed male in the distance felt extremely elated. Rushing over, he greeted in a respectful voice, "Father."

This green-robed male was impressively the Young Palace Master of the Western Extreme Palace, Xi Qinghai. At the same time, he was one of the outstanding people within the younger generation of the Northern Heavens Continent.

Waving his hand towards Xi Qinghai, the Western Extreme Sovereign looked towards the Black Dragon Sovereign and Dean Tai Cang, who were in a confrontation with each other. He had immediately sensed it when the latter two had shown themselves, causing him to immediately rush over. This was, after all, the domain of their Western Extreme Palace. If he was to allow the two of them to duke it out here, it would result in losses for their Western Extreme Palace, something that he was not willing to see.

He was not willing to offend either of the two. Regardless of the Northern Heavens Spiritual Academy or the Demonic Dragon Palace, both were genuine leviathans of the Northern Heavens Continent. Offending either of them would result in an unhappy matter.

"Haha, so it's the Western Extreme Sovereign." Looking at the Western Extreme Sovereign that had appeared, Dean Tai Cang gave a laugh, before saying, "Thanks for the hospitality shown towards us for coming here without any invitation."

With a smile, the Western Extreme Sovereign cupped his hands in reply, appearing rather courteous. Although they were both Sovereigns, he knew that he, being a 3rd Grade Sovereign, was much weaker than Dean Tai Cang.

"These two sirs, please look on the face of our Western Extreme Palace and not fight at this place," said the Western Extreme Sovereign whilst cupping his hands. If it was anyone else that dared to fight here, they might be immediately sent flying with a pat of his hand. However, the two people in front of him, were figures at the peak of the Northern Heavens Continent.

A faint glow flashed within the eyes of the Black Dragon Sovereign. In the end, he didn't say anything with regards to this. With a wave of his sleeve, the thousand plus foot glowing figure behind him started to slowly dissipate, causing the terrifying pressure that radiated from it to follow suit.

He knew that with Dean Tai Cang protecting Mu Chen, he was absolutely unable to retrieve the Great Meru Demonic Pillar. The only way for that to happen would be for him to summon all the other Sovereigns from their Demonic Dragon Palace. However, if that were to happen, it would mean that they had completely gone to war against the Northern Heavens Spiritual Academy. On the aspect of strength, they were truly not afraid of the Northern Heavens Spiritual Academy. However, they had extreme dread for the old smelly bird bastard within the Northern Heavens Spiritual Academy. Before their plans were completely perfect, they could only patiently wait and bide their time.

"Tai Cang, your Northern Heavens Spiritual Academy should be proud of ourselves! Very soon, when our Demonic Dragon Palace has completed our preparations, we'll definitely flatten and decimate your Northern Heavens Spiritual Academy!" Dark and chilling intent flashed within the eyes of the Black Dragon Sovereign, with a smirk ringing out within his heart. In the next moment, with a wave of his sleeve, a ray of light enveloped the heavily injured Mo Longzi below.

“Tai Cang, the fight of the younger generations below can’t be considered your victory. If your students are truly capable, you should send them to participate in the ‘Divine Spiritual Mountain’ this time and let them test it out. That’s the greatest occasion for the younger generation of our Northern Heavens Continent. Your Northern Heavens Spiritual Academy was absent for many many years already. This doesn’t suit the fame and reputation of your Northern Heavens Spiritual Academy, right? Or is that you’re afraid to lose face over there?” said the Black Dragon Sovereign with a faint laugh, while amusement and mockery brimmed within his voice.

Not a single fluctuation was present within Dean Tai Cang’s expression as he replied in an indifferent tone. “There’s no need for you to get worried over this. If our Northern Heavens Spiritual Academy wishes to, we will naturally participate in it.”

“Haha, I’ll have to look forward to the grand arrival of your Northern Heavens Spiritual Academy, then. I hope that you’ll not disappoint us. That’s the greatest occasion for the younger generations of our Northern Heavens Continent. Without the Northern Heavens Spiritual Academy, it would be much less spectacular and wonderful, you know?”

The Black Dragon Sovereign gave a hearty laugh, while delight blossomed within his heart. He knew about the heart pains of the Northern Heavens Spiritual Academy. This was caused when their strongest students on their Heavenly Rankings were killed by the peak geniuses of their Demonic Dragon Palace during the Divine Spiritual Mountain that year, resulting in them no longer participating in such an occasion again. If they dared to participate in this occasion again, it would be the best chance for their Demonic Dragon Palace to demonstrate their prestige.

As his laughter resounded out, he grabbed the heavily-injured Mo Longzi in his hand. In the next instant, spatial ripples started to fluctuate around his body as his figure slowly assimilated into it, before completely disappearing from this stretch of the world.
