Chapter 858 Consider You a Pimp

“Mr. Lee, you’re the man.”

Lil Dee clapped his hands with a smile. While his words praised Kaze, his eyes betrayed a glint of disdain.

When Kaze stepped forward, Lil Dee thought the loser was going to confront him.

Instead, Kaze wimped out and told everybody to carry on drinking.

Chuckles filled the pub.

Lil Dee’s team, Taz, and his sidekicks snickered contemptuously.

Taz joined Lil Dee in the applause and taunted, “Tsk, tsk. Rose, wasn’t Kaze acting tough earlier? Why is he a coward now? “He gulped down the whole bottle like it’s water.”

The way Taz saw it, Kaze was brutal to attack him because he was the owner of Mountain Dew Estate. However, Kaze’s wife gave him that role.

Kaze backed down when he came across Lil Dee, an important partner to his wife.

“Shut up, Taz. Mind your own business!”

Rose teared up, feeling angry with Taz and sorry for Kaze. She yanked him. “Stop drinking, Kaze. You can’t handle that much alcohol.”

Bronya, Mei, Welt, and the others persuaded Kaze, but they felt let down.

Their newfound respect for Kaze dipped slightly.

Like Taz, they believed Kaze did not want to cross the business partner of his wife because his wife was the boss.

Kaze was weak.

“Don't drink anymore, Mr. Lee.”

Nancy's eyes welled up as guilt washed over her. If she had not offended Lil Dee, Kaze would not have suffered in her stead. Kaze might suffer alcohol poisoning at this rate.

“Gulp...”

Kaze downed the Remy Martin cognac and hurled the bottle aside before saying to Taz indifferently, “The alcohol tastes like water.”

“Don't try to act tough. There are no hospitals on the mountain. No one can help you if you have alcohol poisoning.” Taz scoffed, assuming Kaze was powering through on ego alone. Kaze's liver must be killing

him now.

Kaze said nothing. He could care less about all the insults.

Kaze was unfazed even when Lil Dee teased him for taking his wife's last name.

“You sure can hold your liquor, Mr. Lee. Come. Let’s drink the night away!”

Lil Dee applauded and praised Kaze.

Nancy w

was relieved, thinking that they were past the issue now. She knew Taz would stir Lil Dee up to mess with Kaze. Lil Dee found a friend in Kaze now that the latter drank the whole bottle of liquor.

The night should carry on uneventfully now.

However, things were not as simple as Nancy imagined. “It’s boring to drink without the company of women.”

Lil Dee said, “Mr. Lee, get me and my

brothers a few mind taking

things further in the bedroom.”

The message was clear.

Everybody, including Bronya and Mei, knew what Lil Dee was asking for. The girls made disgusted faces.

They had no idea that Lil Dee often solicited services.

Lil Dee would expect the company of

an attractive aoe of the Lywhenisedss g business with

potential business partners.

“Am | a pimp to you, Lil Dee?” Kaze smiled and asked in a flat tone.

With a cigarette in his mouth, Taz sat with his legs crossed next and sneered ACO u know your place. Lil Dee is doing you a favor by giving you that task.

“Make sure not to pick the uglies.”
