Chapter 1501

Chapter 1501

It made Zander laugh.

“You!

“I think you have a death wish.”

Mason’s face was grim, his voice threatening.

However, Sean was unfazed. Instead, he took two steps forward and looked Mason in the eye without fear.

“Your ignorance and fearlessness are just like Jane’s.”

Sean turned and walked away after saying.

Mason frowned for a few seconds before his eyes widened slowly.

“Who’s Jane, darling?”

Sherry nearby looked confused.

“Jimmy’s daughter...

“The heiress of Billion Trees Real Estate...”

Mason muttered as he widened his eyes.

“Billion Trees Real Estate? Didn’t Lennon Real Estate bring that down?”

“What does Sean mean when he brought up Jane? Why does he sound like he’s the one who brought down Billion Trees Real Estate?”

Sherry curled her lips, still disdainful.

“Shut up!”

Mason turned his head around and pushed Sherry aside.

His fierce look shocked the wits out of Sherry.

Mason did not have time to comfort Sherry.

The more he thought about what Sean had just said, the more it felt wrong.

Mason immediately took out his phone, found his father's number, and dialed it.

"Hey, Dad. Where are you?"

"Are you already inside? There's something I want to ask you."

"What is it?"

Mason's father asked, frowning.

"What's the last name of the chairman of Lennon Real Estate... What's their full name?"

Mason gritted his teeth before asking quietly.

"B\*stard! The last name of the chairman of Lennon Real Estate is Lennon, of course.

"As for his name... Ahem... His name is Sean."

Mason's father whispered Sean's name.

"Hsss!"

Mason was instantly stunned when he heard this.

There was also a buzz in his head.

Sean. It really was Sean Lennon!

Then his speculation earlier was true.

The young man earlier was the young chairman of Lennon Real Estate, Sean Lennon!

No wonder Sean said even Mason's father was unworthy to shake his hand.

It turned out that Sean was not bragging. He was indeed capable!

"What are you trying to say?"

Mason's father asked with a frown.

"Dad, it's over. I offended Mr. Lennon..."

Mason's father was shocked as soon as Mason said.

"You b\*stard! What did you say?"

"You f\*cker. Come to me at once!"

Mason's father swore and hung up.

"Okay, okay..."

Mason quickly put down his phone and walked ahead.

"Darling, why did you yell at me?"

Sherry was still upset about Mason's attitude.

Her wronged and pitiful look could not help making people feel sorry for her.

However, Mason was not in the mood to feel sorry for Sherry.

Mason turned around and slapped Sherry.

"I f\*cking yelled at you and beat you up! You b\*tch!"

"You stupid sh\*t. Do you know you put me in trouble?"

The loud slap attracted many people's attention.

Mason ignored Sherry and hurried toward the ceremony.

Sherry was hit dumbfounded. She stood in place for a while before leaving.

The project-building ceremony.

Sean was greeted by countless people as soon as he arrived.

Mason's father also led Mason to apologize to Sean.

Sean did not take Mason seriously at all.

Today's ceremony not only symbolized the rise of Lennon Real Estate in Joules Town.

Sean wanted to give May and Caitlyn a gift through this event.

"Get Catie.

"They should be done by now."

Sean checked the time and said to Zander

"Yes!"

Zander answered and walked outside.

Chapter 1502

Chapter 1502

Watching Zander's figure fade away, Sean raised his wrist and checked his watch.

It was getting late, and May and Caitlyn should be ready too. How could they not have called him or even sent a message?

Sean found it a little strange but did not think much of it. After all, he had guests to greet at the project building ceremony.

Twenty minutes later. Queen Children's Orphanage's entrance.

Zander had just pulled up and got out of the car when he saw the gates wide open and quiet.

Zander instantly had a bad feeling when he saw this.

He rushed in, but May and Caitlyn were nowhere to be found. Most importantly, he could not get through to them.

'Oh, no. This is bad!'

Zander thought to himself, breaking out in a cold sweat.

Not daring to delay, Zander immediately called Sean.

"Commander!"

As soon as the call got through, Zander impatiently said, "Oh, no. Ms. Green and Madam Randall are missing.

"What?"

At the project-building ceremony, Sean's expression changed instantly. His hand suddenly tightened while holding the phone, almost crushing it.

"I'm already at Queen Children's Orphanage, but I can't find Madam Randall and Ms. Green anywhere. And I can't get through them on the phone!"

Zander's voice was anxious and full of worry.

Although he was not responsible for not finding May and Caitlyn, he did not do well with the job Sean gave him.

It made him feel guilty and remorseful when he was used to following orders and completing them.

Sean frowned deeply.

Zander vaguely had a bad feeling when he set out, and it turned out to be true.

Something must have happened to May and Caitlyn. They were likely to be taken against their will.

After all, it was the new orphanage's groundbreaking ceremony today, and Caitlyn and May had been informed beforehand. There was no way they could disappear at such a critical time. So who did this to May and Caitlyn?

Sean's mind spun, and Sherry's figure instantly appeared before his eyes.

'Could it be her?'

'No, probably not.'

Sherry might be up to no good and petty, but she was incapable of kidnapping May and Caitlyn to threaten him.

The conflict between him and her was far from that point.

Therefore, who could have laid a hand on May and Caitlyn?

"Commander, shall I contact Mr. Curley and ask the Joules Town government to intervene?"

Zander asked on the other end of the line.

Sean hesitated because if the Joules Town government intervened, things would be out of control.

However, if he and Zander wanted to find two specific people in Joules Town without outside help, it would be like finding a needle in a haystack.

"Wait, let me see..."

Sean put his hand to his forehead, forcing himself to think of a solution.

Just then, his phone vibrated violently.

"There's a call coming in, Zander. Hold on a second."

As soon as he said this, Sean switched to his homepage and was greeted by an unfamiliar caller.

Sean had never seen the phone number before.

However, it was rather coincidental that the unfamiliar call came in at such a critical time. Sean did not believe the caller had nothing to do with May and Caitlyn's disappearance!

Chapter 1503

Chapter 1503

Sean answered it without hesitation.

Then an unexpected woman's voice came from the phone.

"It's been a while, Sean!"

Sean's brows furrowed together, his face suddenly grim.

Who else could this woman be but Jimmy's daughter, Jane?

"It was you..."

Sean's voice was deep with a hint of murder in it.

Jane sneered before saying, "You've heard about May and Caitlyn's disappearance by now, haven't you?"

"Did you kidnap them?"

Sean asked straight to the point.

Now that Caitlyn and May's whereabouts were unknown, he was not in the mood to waste his time beating around the bush with Jane.

Besides, his way of solving things was to solve things quickly!

"I did. May and Caitlyn are with me... I'll be kind and let you hear their voices."

Jane said with a sneer.

There was a noise from the phone, and Caitlyn's voice came through the phone after two seconds!

"Brother Sean, is that you? Run. This mad woman is after you. She's got a lot of helpers!"

Before Caitlyn could finish speaking, Madam Randall's voice rang too.

"Seanie, hurry and call the police. Don't worry about us. This mad woman is after you. Don't..."

May's voice broke off in the middle of her sentence.

Sean's face was now thick with anger.

It had been a long time since he had lost his temper, but Jane eventually managed to make him lose his temper!

“I have Caitlyn and May with me. I can kill them any time I want.”

Jane said grimly on the other end of the line. The threat was so intense that it almost spilled out of the phone.

“What do you want?”

Sean asked, holding back his anger.

He had never expected Jane to be so capable.

“What do I want? Hahaha. That’s a funny question. You brought down Billion Trees Group, bankrupted our family, and even put my dad in jail... What do you think I want? I want you

dead. Will you agree to that?”

Jane growled as if she had lost her mind.

Sean did not answer immediately. He waited, knowing that the woman would make an offer.

Because if she had no plans on offer, she would have killed Caitlyn and May when catching them instead of calling and telling him she had the two women.

Sure enough, Jane growled for half a minute and calmed down.

Her voice grew colder as if it could freeze the air. “I’ll give you a chance. I’ll set Caitlyn and May free if you let my father out of prison.

“Are you threatening me?”

Sean sneered.

“You may think of it as a deal. You can refuse the deal, of course. But Caitlyn and May will be of no use to me if you refuse. And I don’t need to explain what I’ll do to them, right? Hahahaha...”

Jane’s somewhat hoarse sneer made people shudder.

However, Sean was not afraid. All he felt was anger!

How dare Jane threaten Sean with Caitlyn and May-the two most important people to him? She deserves a terrible death.

'I, Sean Lennon, will kill myself if I don't get rid of this girl!'

Chapter 1504

Chapter 1504

"I'll give you only three days. If I don't see my father after that, you'll never see Caitlyn and May alive again!"

With that said, Jane hung up.

Clutching the phone, Sean felt like a fire was burning in his chest.

The malice exuding from his body was so intense. Several guests wanted to say hello and greet him but were afraid to get close to Sean.

It was quite a while before Sean remembered that Zander was still on the line.

"Zander, come back. I already know where Caitlyn and Aunt May are."

Sean said to Zander on the other end of the line.

Zander immediately asked, "Commander, where are they now?"

"They were kidnapped by Jane, and Jane threatened to kill them if I don't release her father."

As soon as Sean finished speaking, Zander yelled into the phone.

"The f\*cking whore!"

Zander was a soldier, not a scholar, so swearing was not a big deal.

However, Zander's temper was the most stable amongst Sean's staff, but he could not stop swearing. You could tell how angry he was.

"Commander, we should have just killed her back then!"

Zander was furious, his tone murderous.

Sean had the same idea, but he disagreed with Zander. Besides, saying such things would not help.

“Come back first. I have something for you to do.”

“Just give me the orders, Commander.”

Zander agreed because he knew what he was going to do would involve rescuing Caitlyn and May!

Caitlyn and May were important to Sean.

Without May, the orphanage director who raised Sean, Sean would probably have frozen to death and died on the streets as a child.

Caitlyn was Sean’s childhood friend. In Sean’s opinion, Caitlyn was just like his sister, even though she was not related to him by blood.

Nothing could happen to either of them!

Therefore, the most important thing now was to save them and not let them suffer any harm!

Sure enough, Sean immediately ordered, “Come back here first. Help me deliver something to Mr. Zackman. Jane’s a ruthless woman. She won’t take action without a clear target, so we must show her Jimmy first.”

“But I’m afraid Jane won’t let Caitlyn and May go so easily, even if Jimmy turns up.”

Zander reminded him.

“I know that, of course. But we only need to know where Jane is. It’s best if we can confirm Aunt May and Caitlyn’s whereabouts with our eyes so we can rescue them.”

Sean’s order made sense, and Zander could not find fault with it.

Without hesitating, he nodded heavily. “Okay, I’ll head back right away. Commander, wait for

me.”

After hanging up, Sean first copied the recording of the call.

It was the recording of the phone call Jane had just made.

Sean recorded it in the middle of their conversation. Though the recording was incomplete, it was enough to be evidence.

With the phone recording on the flash drive and his phone, Mr. Zackman would understand what he meant.

Zander soon returned.

Sean gave him a few orders and then gave him the flash drive to take to Henry.

Meanwhile, Sean had not been idle.

He asked Zander to contact Henry to get Jimmy, who would ensure that the mad woman, Jane, would not kill May and Caitlyn, and he could meet them.

However, that alone was not enough.

To launch a rescue and make sure everything would succeed, they must have a strong force in

their hands.

Sean’s expression grew grim.

He pulled out his phone and found a contact in his contact list.

Sean dialed the number without hesitation.

An abandoned factory on the northern outskirts of Joules Town.

It was a textile factory that was abandoned more than 10 years ago. However, for some reason, no company or government was running it.

Therefore, the textile factory was abandoned until now. The machinery in the factory had been scrapped and rusted, with parts falling off.

The factory floor was full of wastewater, rusty screws, and nuts.

The yard of the textile factory had weeds up to the knees. The dense weeds made the yard of more than five hundred square meters look like a yellow-green lake, giving people an eerie impression.

It was already late at night, and the abandoned textile factory was supposed to be dark.

However, some rooms deep in the factory were dimly lit.

Caitlyn sat curled up on the floor with her hands tied behind her back, and so was May.

The two women leaned against each other. It was the only way they felt at ease.

However, the mad woman pacing back and forth in front of them let out a shrill laugh now and then, making them shudder.

The mad woman was Jimmy's daughter, Jane.

Jane was originally quite good-looking. She had a standard heart-shaped face, large bright eyes, and a pretty sharp chin, which made her much prettier.

However, her hair was unkempt, and her eyes shone like two sharp blades.

No one would believe the woman was Jane, the heiress of the famous Billion Trees Real Estate in Joules Town and Jimmy's beloved daughter!

There were not only three women in the room.

Several thug-looking burly men dressed in camouflage gear stood near the door smoking, holding thermal weapons.

Besides that, many more burly men were in the next few rooms.

These men were mercenaries hired by Jane.

Jane spent what little savings she had—twenty million dollars to hire them.

Billion Trees Real Estate had gone bankrupt, and her father Jimmy had been put in prison. The twenty million dollars could be said to be the last of her savings.

However, Jane did not care about the twenty million dollars to save her father.

“You’re crazy... so what if you captured us? Even if Brother Sean helps your father escape

prison to save us, your father will be wanted all over the country. You will still be arrested and locked up in prison!”

Chapter 1505

Chapter 1505

Caitlyn wanted to convince Jane.

However, as soon as she finished speaking, Jane strode over and slapped her.

Slap!

A loud slap rang in the small room, making the room even more ominous.

Caitlyn snorted dully as she was slapped, and blood ran from the corners of her mouth. Her large bright eyes filled with tears, but she tried hard not to cry. Instead, she glared stubbornly at the mad woman in front of her.

“What’s the matter? Did I hit a nerve? Think about it. In this day and age, how is it possible to break your father out of prison like in ancient times? I advise you to let Aunt May and me go. At least we won’t press charges for kidnapping us!”

No sooner had Caitlyn finished speaking than she was slapped again.

Besides that, the slap was harder than the previous one. Half of her face was swollen, and she blacked out.

“Stop it, Caitlyn. She’s gone mad. She won’t listen to anything you say!”

May’s heart ached at what she saw, so she hurriedly stopped her.

Jane sneered before looking at the two women with cold eyes and saying coldly, "Forget about convincing me. I won't be persuaded. From the day my father is arrested, I am destined to make the world my enemy! What's the use of you telling me these now?"

"What a lunatic..."

Caitlyn uttered and shook her head.

Instead of hitting Caitlyn, Jane said with a sneer, "I'm a lunatic, but I'm capable of doing things you wouldn't even imagine... Wait and see. My plan will work! When my father gets out of prison, I'll hand you over to Sean-not alive, of course, but dead!"

With that said, Jane began to laugh insanely.

Caitlyn's cheeks were slightly pale. She knew Jane was not bluffing.

If things went according to Jane's plan, Jane would have the mercenaries kill Caitlyn and Aunt May as soon as Sean took Jimmy out of prison and handed him over to her. Perhaps she would also kill Sean and Zander if she had the chance.

It was because the woman was taking revenge on Sean.

Not only did she want Sean to die, but she also wanted him to die a terrible death. There was no better way to make him miserable than to hurt the people he cared about.

Caitlyn would have said more, but Jane suddenly turned around and stared at her with a fierce expression like a wild animal before she could utter a sound. It made Caitlyn paler. Even her lips lost their color.

"From now on, say one more word, and I'll have you r\*ped before killing you!"

Jane pointed to the mercenaries at the door with her right hand and said with a sneer, "My men have been wanting to have a taste of you for a long time. Don't try to provoke me because they do what I say!"

As soon as she said this, the mercenaries at the door turned their heads and cast covetous glances at Caitlyn and May.

One of them even whistled and made an obscene gesture.

Caitlyn gritted her teeth and eventually shut up.

Time flew.

Sean took a deep breath as he stood in front of Queen Children's Welfare Home in the evening.

Everything was ready.

It was time to contact Jane.

He took out his phone and found the number Jane used to call him earlier.

After Sean called, it took only two seconds for the call to go through.

"Jane?"

Sean asked solemnly.

"It's me... Have you done what I told you to do?"

Chapter 1506

Chapter 1506

Jane asked on the other end of the line.

"That's right."

Sean immediately replied.

Jane's voice came through the phone again, and it sounded dumbfounded.

"Let me hear my father's voice."

Jane demanded icily.

Sean was not surprised to hear that because he had already guessed Jane would make a similar request.

Though the woman was crazy, she was smart.

Of all the women Sean had ever met, Jane was at the top of the list when it came to intelligence alone!

“Okay, wait and see.”

Sean waved his hand, and Zander immediately brought over a middle-aged man with

handcuffs and removed the black cloth from his head.

The middle-aged man was Jimmy, who was arrested and jailed earlier!

Sean used Henry’s connections to get Jimmy out of prison, and it was time for him to make an appearance.

“Here. Talk to your daughter.”

Sean put the phone in front of Jimmy and put him on speaker.

Jimmy had already learned the whole story from Zander. He also knew his daughter Jane was the only one who could save him, so he eagerly shouted, “Jane! Do you hear me, Jane? Hurry and save me. I don’t want to go back to prison. There’s nothing good in prison. They’re all f\* cking perverts... I’m never going back to that damn place. I’d rather die...”

Sean took him off the speaker and took the phone back before Jimmy could finish.

“Are you satisfied now? Tell me. Where am I supposed to take him?”

“The textile factory in the northern outskirts of the city. Bring my father here alone, or I’ll kill Caitlyn. I have another person to bargain with you even if I kill one anyway!”

Jane said coldly, her voice full of cruelty.

She was confident as she had two hostages.

If Sean also had two people, he could also threaten Jane in the same way.

However, even one did not stump him.

“You’d better behave yourself. If you hurt Caitlyn and May, I’ll pull your father’s fingers off one by one! You only wanted your father. You didn’t say you want him intact!”

Sean’s icy tone made Jane on the other end of the line silent for a long time.

“Bring him over first, or our deal won’t go through... Remember, you have to be alone.”

After hanging up, Sean said to Zander, “Go with Ray and the rest.”

“No. I must protect you, Commander!”

Zander said solemnly.

“Does a nine-star commander like me require your protection? Zander, are you disobeying my orders?”

Hearing this, Zander had no choice but to nod in agreement.

The textile factory on the northern outskirts of the city.

Sean led Jimmy, whose head was covered with a black hood as they stood in front of the entrance of the abandoned textile factory.

Just standing here, Sean felt like he was being watched by multiple sets of eyes. He knew Jane must have hired killers or mercenaries.

Perhaps several guns were pointed at his head right now!

Chapter 1507

Chapter 1507

Even so, Sean did not hesitate.

As a nine-star commander, Sean had been on the battlefield for years and had seen all sorts of spectacles.

Sean, who was unarmed, remained behind alone to help the troops retreat once, and he had no weapons.

He would have died.

Sean did not think he would survive. He was determined to die to cover his comrades' retreat!

He only survived when support arrived in time.

He had experienced near-death situations at least ten times, and such a minor incident did not bother him.

"Come on. Let's go in. Your daughter is waiting for you inside!"

A sneer appeared on Sean's face, and the malice in him gradually intensified.

Hearing Sean's words, Jimmy, with a black hood over his head, said excitedly, "Quick! Hurry and get me inside! Sean, Mr. Lennon, I... I'm sorry. I shouldn't have gone against you. As long as you let my daughter and me go, I will never go against you again! We'll walk around you if we ever see you!"

"We'll talk about it later."

Sean did not express his opinions on Jimmy's statement.

Seizing the handcuffs around Jimmy's wrists, Sean pulled him through the abandoned textile factory's entrance.

Weeds covered the textile factory's yard, and the height of the weeds reached half of an adult's height, almost reaching the waist.

Entering the abandoned compound of the textile factory, ordinary people would find it difficult to walk. Jimmy could not even stand steadily, but Sean seemed at ease.

Dragging Jimmy a dozen meters further, Sean felt the sense of being watched grow stronger.

It seemed he was getting closer to Jane and her mercenaries.

Many people were standing in front of the windows of several rooms in the abandoned textile factory.

The men were burly, wore gray-green camouflage uniforms, and held steel crossbows.

The crossbow could be fired directly by pulling the trigger. It had a maximum range of 300 meters and an effective range of over 100 meters!

Besides, the outgoing arrow would probably go straight through the target if they were within 100 meters!

Even a steel plate half a centimeter thick could not stop a crossbow so powerful most of the time!

A dozen crossbows were aimed at Sean as he approached.

“I want you strike!”

all to focus. Don't attack until I give you my order. But once I do, all of you must

Also holding a crossbow, Jane commanded fiercely.

The mercenaries were led by a bald and burly man. The bald man chuckled twice before asking, “Ms. Lidell, there are two men. Which one do we kill?”

“The one at the front, of course. The one in the back with the black hood covering his head is my father, Jimmy Lidell!”

Jane said through gritted teeth.

Jane felt a pain in her heart as she watched the man following Sean get closer.

How could she not be angry that her father was led over like an animal with his head covered?

Chapter 1508

Chapter 1508

She had a strong urge to cut Sean to pieces!

However, anger did not make her lose her mind.

As much as she would like to give the order to shoot Sean to death, it was unclear whether the man with the black hood over his head was her father.

After all, even though she had heard her father's voice on the phone earlier, who knew if the man Sean brought with him after the call was her father? Or maybe he had another man pretending to be her father.

Therefore, she would ask Sean to remove the black hood from her father's head once they were within a certain distance.

Only by confirming her father's identity and ensuring his safety could she kill Sean and the hostages!

However, just as Sean and Jimmy were about to get within 100 meters range of the crossbow, Sean suddenly stopped.

He looked up at the abandoned textile factory around him and shouted, "Jane, I've brought your father, Jimmy. Where are you?"

Sean shouted so loudly that everyone in the textile factory could hear him.

May and Caitlyn, who were tied up in a room in the factory, were thrilled but worried when they heard Sean's voice.

"Brother Sean's here. He came to save us..."

Caitlyn was on the verge of tears, her pretty face flushed with excitement.

However, May sighed and said, "There's no way this crazy woman Jane will let us go. If Sean releases Jimmy as she ordered, Jane will surely order the mercenaries to kill Sean, and we will also be..."

May stopped at this point.

She knew the remaining words were too grim for Caitlyn's fragile heart.

However, Caitlyn was not an idiot. How could she not figure out what she was going to say?

Therefore, Caitlyn's eyes turned red. Her big eyes seemingly brimming with tears.

"So we... Are we really..."

Caitlyn sobbed softly as she spoke.

However, she soon regained her spirits and said, "I'm sure that crazy woman can't kill Brother Sean. He'll get us out of here! Besides, even if we can't escape, I have no regrets if I can die with him."

"You're right."

May thought about it and then smiled.

As they spoke, Sean's voice came over again.

"Jane, it's time to show yourself! I have brought your father here, as we agreed. You should. also hand Caitlyn and May to me!"

Sean said and pulled a military dagger out of his pocket.

The dagger was all black and only used by the military. The black dagger made of composite material was not only solid but also very sharp. Most importantly, the black dagger would not reflect in any light. It could be used stealthily, with no signs for opponents to trace.

Once the dagger was out, Sean put it against Jimmy's neck.

Jimmy was instantly so scared that his legs went limp. He fell trembling to the ground, but Sean immediately grabbed him by the shoulders and pulled him to his feet.

"See that, Jane? I have your father with me! If you don't show yourself and return Caitlyn and May to me, I will kill him! Not only will I kill him, but I'll cut off his head right in front of you!"

His statement was utterly cruel!

Chapter 1509

Chapter 1509

Jane trembled with fear even if she was bold.

"Damn it... How is Sean so careful?"

Jane, who was behind the window, swore angrily. Then she straightened up and shouted to Sean in the yard, "Sean, I will kill your two women if you hurt my father. Think carefully!"

“Then stick with our deal. Enough scheming!”

Sean exclaimed.

Jane hesitated for a moment before shouting again, “Sean, take the hood off his head. How else will I know that it’s my father, Jimmy, who you have brought with you?”

Jimmy and Sean heard Jane’s voice.

Before Sean could say anything, Jimmy shouted in a crying voice, “Jane, I’m your father! I’m your father, Jimmy! Hurry and save me! This guy will kill me if you don’t save me!”

Jane was frustrated by Jimmy’s cries but did not rush to speak because she had not yet confirmed the man’s identity.

Sean did not hesitate. He immediately grabbed Jimmy’s hood and yanked it down.

Once the hood was removed, Jimmy’s face instantly appeared before everyone.

Jane felt sad as she looked at her father’s destitute face and the stubble on his chin that had not been shaved for a long time.

Her father was well-respected when he was the chairman of Billion Trees Group!

However, he was thrown in jail and was treated inhumanely.

With this in mind, Jane was even more determined to kill Sean!

The mercenaries’ leader looked from Sean in the yard to Jane next to him and asked, “Ms. Lidell, what now?”

“What else? Send him the women. When my father is out of danger, shoot Sean and those two b\*tches!”

Jane said, clenching her teeth as she suppressed the malice in her heart.

“Okay!”

The bald man nodded heavily and clenched the crossbow in his hand.

He said a few words to a nearby subordinate, and the mercenary immediately went to the room where Caitlyn and May were being held. Then he led the two women downstairs into the yard full of weeds.

Seeing Caitlyn and May, Sean was finally relieved.

It was a good thing that they were all right.

Both women look like a mess now because they had not eaten for a long time and had been abused by Jane.

However, at least they were not missing arms or legs or were too severely hurt.

“Brother Sean, be careful. Jane hired many scary people. They also have dangerous weapons!”

Caitlyn shouted at Sean to remind him.

Sean nodded and said to Caitlyn, “I know. Don’t worry.”

Then Sean looked at the mercenary and pushed Jimmy in front of him.

“Let’s exchange hostages.”

The exchange was simple, but both Sean and the mercenary were careful.

It was because that was where things could easily go wrong.

Finally, Caitlyn and May were back with Sean, and Jimmy was in the hands of the mercenary.

“When I tell you to run, run as fast as you can, and don’t look back.”

Sean whispered to Caitlyn and May.

Chapter 1510

Chapter 1510

May and Caitlyn nodded vigorously. Both women looked worried, but they would not disobey

Sean.

“The deal is done. We’re even.”

Sean said and prepared to leave while the mercenary led Jimmy back to the abandoned textile factory building.

Just then, Jane upstairs shouted, “Do it!”

All of the mercenaries instantly appeared behind the windows with their crossbows positioned on the windowsills, pointing at Sean, Caitlyn, and May, and pulled the trigger!

The next moment, swooshing sounds could be heard all over the place, and bolts made of steel were shot at Sean, Caitlyn, and May.

There were ten to fifteen mercenaries. Crossbows could not fire continuously, so there were ten to fifteen crossbow bolts in one strike.

You must not underestimate this number. After all, a single bolt was enough to kill a man, let alone so many bolts fired together.

Caitlyn and May both screamed with fear.

Sean immediately yelled, “Run! I’ll cover you!”

Caitlyn and May turned and ran, staggering toward the entrance of the abandoned textile factory.

However, May, who had starved and was tied up for a long time, fell to the ground. Besides, she was also old.

Caitlyn hurried back to help her, and the delay made it too late for them to escape the bolts.

Sean was shocked. He quickly went up to the two and blocked the bolts with his dagger.

In two or three seconds, bolts cut off by the dagger clattered to the ground in front of Sean.

The first round of crossbow bolts soon ended, and the second round came again.

Bolts made of pure steel carried so much power that ordinary people could not even take one.

Though Sean could fend off the bolts, he struggled.

However, he was not worried because he had already arranged a Plan B.

He was not familiar with the Joules Town government. Although Henry intervened to free Jimmy from prison, he did not send reinforcements.

Besides, Sean would be held responsible if Jimmy escaped.

However, the Joules Town military that Ray contacted sent someone!

Special forces from the Joules Town military were hiding outside the textile factory!

Jane and the mercenary leader in the abandoned textile factory building were terrified.

They thought with so many people with crossbows, they could randomly shoot Sean to death,

and the women would not survive.

However, Sean alone had managed to stop so many crossbow bolts by himself. How could they not be surprised?

“Who is this man? He’s so strong! Is he Superman?”

The mercenary leader looked terrified as his hand holding the crossbow shook.

As the mercenaries’ leader, he and his men had taken on who knew how many missions, killed how many people, and even fought against some small countries.

However, he had never seen a man with Sean’s ability to fight alone!

Such a man was far beyond ordinary people!

Jane already knew Sean was a tough guy to deal with but was now horrified.

This man was unbelievable.

They must kill him today. If he survived, he would be their nightmare for the rest of their life!
