

HYPERDIMENSIONAL UNIVERSE: I HAVE THREE THOUSAND ULTIMATE TALENTS

Chapter 503: Chapter 323: The Heavenly Dao Has a Master_1

Nangong Wentian truly couldn't understand.

Being surrounded by the six demigods and watching them set up the Great Array without resistance was too illogical.

With divine spirits absent, who in the world would dare?

Yet today, such an anomaly had occurred.

"I just wanted to see what tricks you had up your sleeves!" Jiang Ming laughed, "Not bad, really quite impressive. A single Fluctuating Gold Rope creates constraints, and normally, being ambushed like this, even those with overwhelming strength would find it hard to break free. Subsequently, your pre-prepared Great Array would be activated, forming a Lethal Kill situation."

"Six demigods, all descended into the world."

"Jointly invoking the Six Semi-divine Artifacts, evolving a Peerless Great Array, in such a situation, looking across the realms, I fear no one but myself would dare to confront it head-on!"

Jiang Ming expressed his feelings but then curiously asked, "How is it that the six of you have the same demigod artifacts?"

The six stone steles were almost identical, clearly a set of great artifacts, yet they were held by six different people. They were not loaned out but refined by each individual.

This was exceedingly abnormal.

Nangong Wentian gave a helpless smile, "We had all entered a Secret Realm before, which was too dangerous but also full of various fortuitous opportunities. These six God Sealing Steles are items from within, each obtained by one of us. And because they were so precious, we did not wish to give them up, hence each of us wielded one. If not for the appearance of you, the Outer Realm Demon, we would not have come together. After all, being worthy of a Heavenly warning must mean something extremely dreadful." Jiang Ming suddenly realized and then asked, "What is the Heavenly?"

Nangong Wentian looked at him strangely, "Of course, it's the Origin of the World."

“Have you never considered that the so-called ‘world’ is nothing more than someone else’s Inner World?” Jiang Ming’s words exploded like thunder, “The World Origin would have consciousness? Impossible, it would only follow instinct to maintain order and facilitate the cycle of reincarnation. How could it issue warnings? Since it can issue warnings and even pinpoint my location, it must have intelligence. Tell me, this Heavenly, isn’t it the master of this world? Aren’t you just living within someone else’s Inner World?”

“This...” Nangong Wentian was shocked, then shook his head, “Impossible! We have all tread the path of the world, and while it is easy for Inner Worlds to spawn life, nurturing intelligent life, like humans, is impossible.”

“The strongest you’ve seen are only demigods, what about divine spirits?” Jiang Ming pressed further.

In fact, he had pondered this question for quite some time.

Like whether the world he lived in was the evolution of someone else’s Inner World.

Or even if the God Realm was such an existence?

He could not dwell on it too much.

The more he thought about it, the more extreme his ideas would become. It was better to move forward step by step steadily. Even if he were in someone else’s Inner World, there would always come a time when he could break free.

Nangong Wentian fell silent.

The others were also silent.

However, the woman beside him lightly chuckled, “Whether it is or isn’t, what does it matter to us? Demigods only have a thousand years of life. When the time comes, if we don’t break through, we will return to dust. Now, we have the opportunity to break through the bounds of our realm. After killing you, everything will become clear.”

“Indeed!” Nangong Wentian also nodded, then looked at Jiang Ming and said, “Brother Dao, how may we address you? Although we stand against each other, we bear no hatred. Whether we kill you or you kill us, it’s merely a choice. Why not leave behind your name.”

“Jiang Ming!”

“So it’s Brother Jiang. Today’s situation was somewhat dishonourable on our part. Brother Jiang, please proceed!”

“Please!”

Jiang Ming was unbothered, and as he spoke, a bizarre power burst forth within him, it was the Talent Divine Power of Infinite Refining.

The moment this power appeared, the Fluctuating Gold Rope wrapped around his waist began to twist violently, as though it was terrified, and seemed to want to escape but was already unable to leave.

“Brother Jiang has impressive skills!” the woman cried out in amazement and then shouted, “His divine skills are bizarre, he’s actually refining my Fluctuating Gold Rope, strike now. No good, my Fluctuating Gold Rope has been thoroughly refined already.”

There was no need for her words; everyone else could clearly see.

The Fluctuating Gold Rope wrapped around Jiang Ming’s waist burst apart in a flash, turning into a cloud of dust, falling with the wind. Simultaneously, a dense aura of essence emerged, which Jiang Ming absorbed into his body.

“Six United Domain, turn to Destructive Black Thunder, descend!” Nangong Wentian bellowed, and from within him surged billions of strands of God Power, while the World Descend above set off a surging tidal wave, and the six God’s Steles also burst forth with Divine Radiance.

Many forces interwove together, evolving into a Thunder Power under the bolstering of the Great Array.

“This is precisely the Peerless Divine Skill contained within the God Sealing Stele, Brother Jiang, be careful!”

Once again, Nangong Wentian warned as black thunder descended, swift as the speed of light, reaching its pinnacle of rapidity. In a flash, it was already atop Jiang Ming’s head.

“Eternal Guard!”

Jiang Ming didn’t dare to be careless.

Divine Light interwove around his body, forming the strongest defensive Divine Skill. The revolving lights managed to block the black thunder.

Boom...

The thunder roared, delivering three thousand strikes in the blink of an eye, but still couldn’t break Jiang Ming’s defenses.

“How is this possible?” Nangong Wentian let out a cry of astonishment.

“He’s too strong, everyone, invoke the strongest skill!” an Elder said anxiously. Through the crushing of the Fluctuating Gold Rope and this exchange, they had seen the terror of Jiang Ming’s strength. Ordinary methods were utterly useless now.

It was time to go all out.

“God’s Stele United, Annihilate the World!”

The six stone steles flashed and disappeared, rapidly gathering in the sky, merging into one and instantly releasing three hundred billion strands of Divine Radiance.

In an instant, their power also escalated numerous levels.

Reaching the standard of Divine Artifacts.

What was more terrifying was that the World Descend of all six Nangong Wentian individuals also merged into it, drawing upon the Supreme Skill power that surpassed the ultimate limit of the mortal world, causing the God Sealing Stele to tremble violently and burst forth with Destructive storms.

And then it came crashing down.

The supreme force of suppression could easily crush a Demigod.

“Is this your strongest move?” Jiang Ming felt it and was somewhat disappointed.

He lost interest as well.

“Inch Fist, Burst Kill!”

Jiang Ming didn’t even need to invoke the Law of Heaven and Earth, simply perfecting Inch Fist to the utmost. His Physical Power surged as he punched the stone stele, breaking it apart into six pieces.

The exploding currents sent Nangong Wentian and the other five flying.

“Come over here!”

Since they were enemies, there was nothing more to be said.

With a grand grasp of his hand, Jiang Ming employed boundless suction force, rapidly dragging the six over. Meanwhile, the Divine Light around his body also shattered, rendering their struggles futile.

In the end, their physical bodies collapsed, transforming into streams of essence that Jiang Ming absorbed.

Even Nangong Wentian could not escape his fate.

The six God Sealing Steles were also seized.

He forcefully erased the imprints within them with overwhelming might and placed them into his Inner World. Although he looked down on them, they were after all, a set of Demigod Artifacts.

Capable of forming arrays and also of merging together.

But at that moment, Jiang Ming looked up and saw a red hair appearing above. He shivered, suddenly feeling a hair-raising sensation..
